High Schoolers To Caper

By BOB HORN

Saturday, April 21st has been set aside for High School Day at State College. It will be a big day, both for the students at State, and for the High School Juniors and Seniors who can visit Raleigh's number one campus.

All the technical schools, Agriculture, Design (Architecture and Landscape Architecture), Education, Engineering, Forestry, and Textiles, will have Open House for the visitors. Engineering is planning its big two-day Engineer's Fair for this occasion, Textiles is holding its Open House; Industrial Arts is having its annual Exhibition.

There will be tours on-campus and off-campus, exhibits of student work, and demonstrations of student activities, and athletics. The entire College will be open to welcome the high-school students of North Carolina.

An Opportunity

Obviously the student visitors might not be wholly intrigued with the mechanical contrivances to be exhibited. The products of the courses being offered will also undergo a thorough scrutinization. This is your opportunity to effectively demonstrate the results of your college education.

Even though your pride in State College may not be of the fiercest nature, your cooperation and courtesy in this venture is coveted. You can make a tangible contribution to the advancement of this institution by making the visitors welcome, and offering whatever help or encouragement that may be called for in a particular situation.

The student body and the results of their training are seldom put in a showcase. Naturally some students have an aversion to being put on public display; however, the vast majority would, in all probability, welcome the opportunity to demonstrate their academic and technical wares.

As an individual the impression you lend to your respective group will emanate from it to reflect a collective impression of the entire college. Let's make it a good one.

Run Simultaneously

This year, for the first time, an effort has been made to run the exhibits of the various schools simultaneously. The visiting high schoolers are to be offered an overall picture of the college. To a faculty committee headed by Dr. Roy N. Anderson has been delegated the task of getting the students here. Assisting him are Mr. F. H. Spain, High School Representation Chairman; Jack J. Stewart in charge of housing arrangements; Assistant Dean Ned Wood in charge of local arrangements and Dean Shirley of the Basic Division supervising publicity.

Once here, the visitors are turned

(Continued on Page 5)

Enrollment Drops To 3,615

The total enrollment at North Carolina State College for the current term stands at 3,615 students, the college's Office of Registration has reported.

This term's enrollment is 207

smaller than the winter term figure, but officials pointed out that this drop is about normal.

The student body is composed of 37 women and 3,578 men. The total number of veterans enrolled is 1,170.

A breakdown by classes shows that there are 850 freshmen, 776 sophomores, 682 juniors, 941 seniors, 324 graduate students, seven registered for professional work, and 35 unclassified students.

The enrollment for each of the schools follows:

School of Agriculture, 679; School of Forestry, 170; School of Design, 181; School of Education, 403; School of Engineering, 1,574; and School of Textiles, 544. In addition, there are 64 students not attached to any of these schools.

Friday Gets New Job As GU Veep Monday

William C. Friday will become assistant to the president of the University of North Carolina on April 16.

Announcement of his appointment was made by President Gordon Gay, following a meeting of the Chancellors of the three institutions of the Consolidated University held at State College yesterday afternoon.

In his new job, Friday will be a

part of the Consolidated Office of the University and will work with State College, the Woman's College, and the University in Chapel Hill in the field of alumni affairs. He is a Graduate of the State College Textile School, class of 1941, and the University Law School in 1948.

President Gray emphasized that Friday will work with and through

(Continued on Page 2)

Light Registration Causes "No Contest"

By FRANK GOODE

Bill Herrmann, chairman of the Campus Government Election Committee, released the news yesterday that there will be no primary election held this year. The Campus Government decided to set this precedent because of the lack of contenders for the various political posts.

In only three cases were there more than two men running for the same political post. Three men apiece registered in the races for Secretary of the Y.M.C.A., Treasurer of the Y.M.C.A., and Business Manager of the Technician. For these three posts and for the Alumni Trophy Award a simple plurality of votes will be required to win.

Only two men are running for the position of President of the Y.M.C.A. The winner will receive that post and the loser will automatically be awarded the position of Vice-President.

The giant Political Rally to be held at the Y.M.C.A. is still in the making. The date is set for Tuesday, April 24, at 8:15 p.m. Potential speakers for this event are Governor Scott, Thad Eure, Secretary of State, and John Marshall, the Governor's Secretary.

Regulations

The following are the regulations pertaining to campus elections as established by the Campus Government.

1. No election campaign fund may exceed \$75.00.
2. No candidate may campaign in such a manner as to disturb classes.
3. Notices must not be tacked or nailed to trees. String or scotch tape may be used.
4. Each candidate must remove his posters within 24 hours after the final election.
5. No campaign will take place within fifty feet of the poles. (a line ten feet in front of the stairs of the Y.M.C.A.)
6. Candidates for each of the four major offices of the Campus Government must submit a statement in writing to the Campus Government prior to the primary election that he is a member of the rising Junior or Senior Class and if elected he will not graduate from N. C. State College during his term of office of one calendar year.

The Election Committee of the Campus Government wishes to emphasize the rules governing sound trucks.

1. Sound trucks may be operated only between classes and during the noon hour from 12 to 1 o'clock.
2. Sound trucks are definitely not to be operated after 6 p.m.

Sponsors For The State-Wide Lambda Chi Alpha Dance

Pictured here are the sponsors for the State-wide dance to be presented by North Carolina chapters of the Lambda Chi Alpha Fraternity at the Hope Valley Country Club in Durham on Friday night, April 13. Music will be provided by The Duke Cavaliers. The sponsors, with their escorts are top row, left to right: Miss Barbara Wheeler of Alamogordo, New Mexico with William P. Young, social chairman of the Wake Forest chapter, Miss Anne Bullock of Rocky Mount with James D. Gilliam of Rocky Mount, social chairman of the State College chapter. Bottom row, left to right: Miss Ann Woodall of Smithfield with Russ Dickens of Roanoke Rapids, social chairman of the University of North Carolina chapter, Miss Dorothy Schrum of Newton, N. C. with John H. Hammond of Farmer, N. C., president of the State College chapter, Miss Helen Scarborough of Wendell, N. C. with Marvin Pearce, president of the Wake Forest College chapter, Miss Nancy Harris of Toledo, Ohio with Jack Sarazen, social chairman of the Duke University chapter.

Mister Roberts Plays At State Theatre

Raleigh will soon be visited by the smash hit "Mister Roberts," now on a nation-wide tour of the United States and Canada. The local engagement is for two performances only on Saturday the 28th of April, with matinee performance at 2:30 and evening show at 8:15.

Written by Thomas Heggen and Joshua Logan and produced by Leland Hayward, "Mister Roberts" comes here after a record 3-year run on Broadway and marks one of his finest efforts. The setting, a remarkable one, with all its scenes aboard a navy-cargo carrying vessel, is by Joe Mielziner. Much of it is made of iron and steel and requires a turntable on it's numerous changes.

Unlike many "outsoken" plays whose main design seems to be to shock the audiences, "Mister Roberts" is by turns hilariously funny and touchingly tender. It's occasional "rough" lines are legitimate bids for either humor or realism.

Tod Andrews has the title role as the young Navy Lieutenant (jg) Robert Ross, Rusty Lane and Lawrence Blyden are three other leading men of the cast of 35.

The advance tickets sale is going on now and you may send in your mail order, with self addressed stamped envelope to "Mister Roberts" State Theatre for tickets. The regular box office sale of tickets for these two performances will start Tuesday the 17th.

Theta Chi Conclave

Region 4 of Theta Chi Fraternity, comprising the States of Maryland, North Carolina, and Virginia, will hold its annual "Mason-Dixon Jubilee" in Raleigh, April 13 and 14, with headquarters at the Carolina Hotel. Theta Chi Chapters at Wake Forest College, Duke University, University of North Carolina, University of Virginia, University of Richmond, Hampden-Sydney College, University of Maryland, and the Colony at N. C. State College will be represented, with all the North Carolina Chapters serving as hosts.

Regional and Grand Chapter officials will attend the social events and business meetings which will conclude with a banquet and dance in the Carolina Hotel Ballroom on Saturday evening, the 14th. The event will be attended by several hundred from throughout the Region.

Judge Harold K. Bennett of Asheville, the youngest member of the bench in North Carolina, will be the banquet speaker. He will be introduced by Secretary of State, Thad Eure. Both are members of Theta Chi.

CG Will Try To Revive Discount System

By T. E. RICKS

The Purchase Card System won a bloodless battle at Tuesday's session of Campus Government. The project was turned over to the NSA Committee whose chairman, Charlie Culp, was at that moment donating his own blood for the Korean battle.

The motion "to authorize the NSA Committee to proceed with the renewal of contracts and the promotion of the Purchase Card System" was introduced again after being tabled last week. Since Culp was still absent, Hillary Daughtery elaborated on the motion, and much discussion followed. It was decided to go ahead with the action on the matter. A vote was called and the motion passed easily.

The Purchase Card System would enable students to buy merchandise at certain Raleigh stores at a discount. Each student would receive a purchase card bearing his name and the stores at which he could use the card. Only six businesses have agreed to cooperate and their contracts have now

the alumni secretaries, H. W. Taylor at State College, Mrs. Carlton Jester, Jr., at the Woman's College, and Maryon Saunders at Chapel Hill.

"The loyalty of our alumni at State College, the Woman's College, and the University in Chapel Hill is not excelled anywhere in

expired.

Bill Herrmann, chairman of the elections committee, reported on the work done on elections and asked permission that his name be removed from the ballot for vice president and added to the list for president. The Council then decided to re-open filing for all offices until Thursday noon.

the university world," President Gray said. "Our alumni secretaries, Mrs. Jester, and Messrs. Taylor and Saunders, are nationally recognized for their distinguished work in the field of alumni affairs. Mr. Friday will help them extend their activities and their service to the alumni."

"Alumni loyalties," President Gray added, "naturally are tied to the individual campuses; but it is the responsibility of the Consolidated office to see that all of our alumni are kept informed of significant developments in our three institutions. We must give our alumni the opportunity to participate in and contribute to the expanding services of their university."

Among Friday's first duties will be the stimulation of annual alumni giving. He is visiting other state and private institutions that have been successful in this type of endowment building.

Four Student Tours Planned For Summer

Four all-inclusive student vacation tours to Europe and a fifth Good Neighbor Pilgrimage to Canada, under the joint sponsorship of the National Federation of Catholic College Students and the National Newman Club Federation, will be conducted this summer, it was announced last night by Rt. Rev. Msgr. Joseph E. Schieder, National Director of the two groups, at their national headquarters, 1312 Massachusetts Ave., N. W., Washington, D. C.

travel details for the comfort, convenience and security of the members.

The official itineraries include visits to Ireland, England, France, Portugal, Spain and Italy. Members will visit Newman House at the University of Dublin, and will enjoy special tours to "Newman Sites", as guests of the Newman Association of England. In Paris they will join with students from many nations at a get-together in the International House of the Lay Auxiliaries of the Missions. In Rome an audience with His Holiness, Pope Pius XII is planned. At all principal points visited they will participate in guided sightseeing with special English speaking guides. Last year more than 3,000 members of the two national groups journeyed to Rome as student-pilgrims.

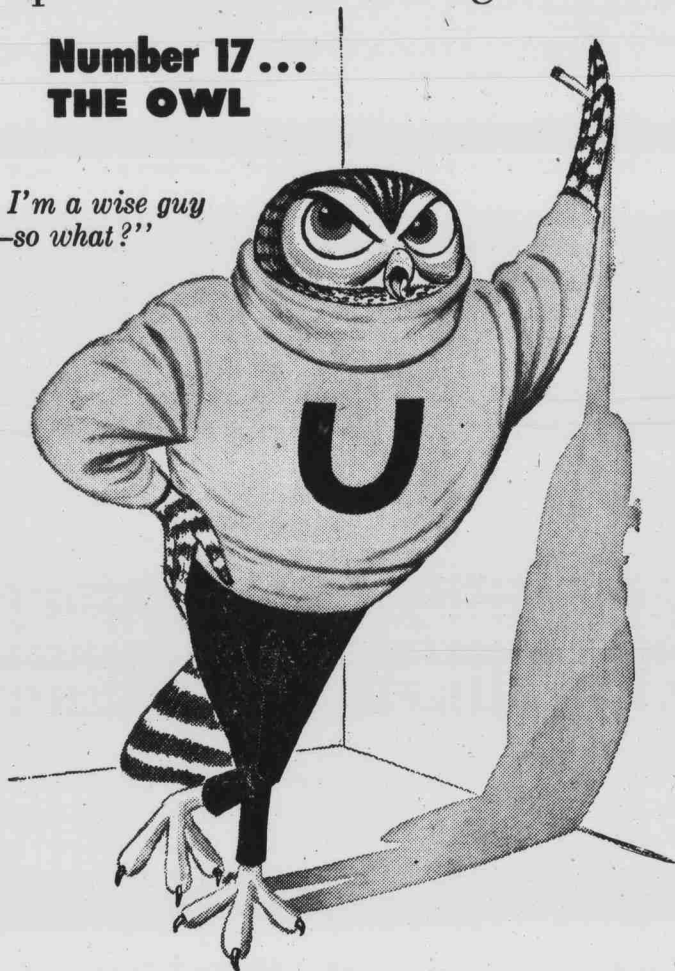

The students—from every section of the United States—will sail from New York in the S.S. Homeland of Home Lines on June 29, in the S.S. Constitution of American Export Lines on July 14, and in the S.S. Homeland on July 27. Members of the tour to Canada will depart from Buffalo, N. Y., on July 23. American Express-Catholic Travel League has been appointed to handle all travel arrangements. Experienced travel escorts will accompany the groups to handle all

Members will visit the famed Shrines of the Miraculous Medal in Paris, Our Lady of Fatima in Portugal and St. James of Compostella in Spain. At Fatima and Compostella the students will participate in special devotions to be conducted by Most Rev. Richard J. Cushing, Archbishop of Boston.

Campus Interviews on Cigarette Tests

Number 17... THE OWL

"So I'm a wise guy —so what?"

"Speotyto cunicularia"—*Speo*, for short, majors

in the classics. But in this case, he's dropped his Latin leanings and slings

American slang with the best of them. He comes right out

"cum loudly" whenever he voices his opinion on these quick-trick,

one-puff cigarette tests. They're a snub to his high I.Q.

He knows from smoking experience there's just *one* intelligent way to judge the mildness of a cigarette.

It's the sensible test . . . the 30-Day Camel Mildness Test, which simply asks you to try Camels as a steady smoke — on a pack-after-pack, day-after-day basis. No snap judgments needed. After you've enjoyed Camels — and only Camels — for 30 days in your "T-Zone" (T for Throat, T for Taste), we believe you'll *know* why . . .

More People Smoke Camels than any other cigarette!

Why Fight?

By DR. VALENTIN PIKNER

We are writing this because an American fighting man asked why he was being forced to risk his life for a desolated Asiatic land. The Russian, Chinese and North Korean soldiers do not know and never will know what they are fighting for. We might say that our American G.I. is fighting for the privilege and right to ask that question. Such a question asked by a soldier in a communist army would land him in a concentration camp. In our free world it is the basis for our way of life and democracy.

However, our main reason for fighting in Korea is not to establish a democracy of our type for the Koreans, but to break the communist avalanche in Asia and to call out doubts in the minds of the Asian masses about the inevitable victory of communism on that continent and in the world. It is to smash the Cominform's psychological band wagon and to kindle the spirit of resistance in Asia as well as all through the world that we fight.

Military Not Enough

The psychological aspects of this global struggle are of enormous importance. The battle can never be won only by military conquest, but by military victories placed and coordinated with well timed political steps and enlightened propaganda the tide can be turned.

It is no wonder that the G.I. in Korea is very often confused about the methods of warfare and the

battlefields involved in this modern global struggle. It is a complex and delicate puzzle. But when we fit the pieces together we see a flaming picture of the free world battling for survival against the onslaught of international communism.

Three Blows

Our entrance into the Korean war has struck three great blows which favorably influence that struggle for the survival of the free world.

One. It has shown the aggressive communist international for the first time that the free world is not decadent and degenerate. That it is willing to fight with arms in hand for its way of life. This fact has greatly perturbed the Cominform and the Politbureau. Our new willingness to fight with sword as well as with pen has shocked them.

Two. The human sacrifices made in Korea weld closer together the forces of the free world into a real

brotherhood which will not surrender to aggression. Americans, British, French, Turks, Greeks, South Koreans and all the rest are molded by this Korean battle into a fighting community with the same ideals and the same goals—human freedom against ruthless oppression and the tyranny of a gang of bankrupt fanatics. Evidence of this bankruptcy is shown in the desertions of Tito and the millions of French and Italian communists. The war in Korea has rapidly accelerated this disintegration.

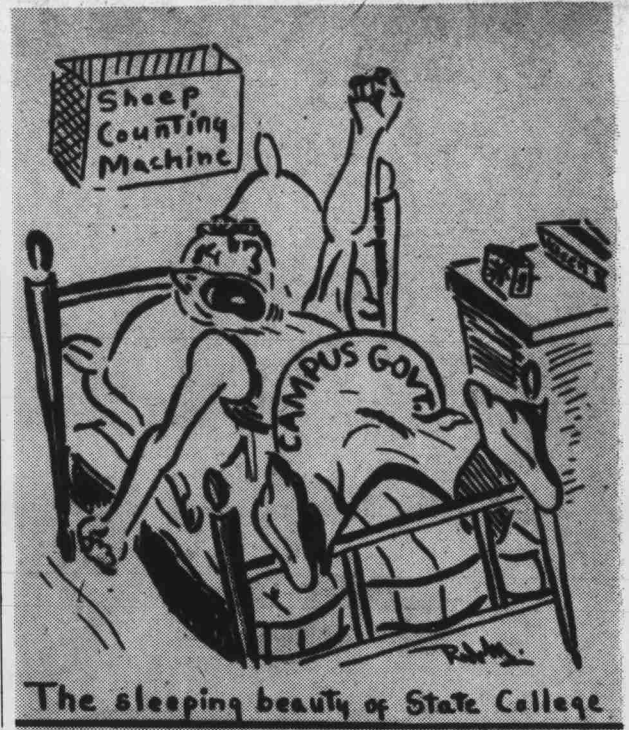

Three. Finally, the fighting in Korea has proven that superior armament and a greater knowledge of modern weapons enables small forces successfully to resist misled and poorly armed masses. This fact destroys the Politbureau's big bluff to scare the free world with great masses and great numbers.

Russians Fail

Many people may have been impressed, but Finland and Korea have proven otherwise. The poor showing of the gigantic Russian army in 1941-42 should not be forgotten or discounted.

Stalin knows very well why his great armies surrendered then, because, "The soldiers regard the war imposed upon them as unjust and as a result of this, they perform their duties on the front in a formal way, without faith in the righteousness of their mission and without enthusiasm." — Stalin's words in a recent interview with respect to the UN forces.

These words might well apply to

his own occupation troops who daily desert and enter the American and British zones in western Germany.

The free world has yielded enough to the unsatiable appetite of the Kremlin. Every shot fired by the UN forces in Korea echoes through every home in the free world, sounding protection against the aggressiveness of our cruel and deceitful common enemy.

Open Forum

Dear Bill:

Yesterday a junior and a senior called on me to find out just what reasons lay behind the decisions resulting in the final plans for the Junior-Senior Ring Dance. I answered all of their questions, showed them all of the facts, figures and names, and I believe they left with the feeling that the best possible results had been obtained in a bad situation.

The Ring Dance will be held in the Coliseum, Saturday night, May 5, 8-12. A concert will be held in the Textile School Auditorium from 2-4 p.m. Dean Hudson and his orchestra will play for both the concert and dance.

The Junior Class first collected dues at winter term registration. Another drive was held on February 6 with collecting stations distributed over the campus. Both of these drives were preceded by announcements in *The Technician* and by postcards mailed to each junior who had not paid his dues. On February 6 we also had a sound truck cruising the campus. Several weeks later a person to person drive was conducted. The net result of these three drives was about \$1,500 in dues collected. With about \$450 already in the treasury the class had a balance of about \$1950.

At this time it was decided that Johnny Long should be booked for the dance. The committee member in charge of this contacted Mr. LeFort. While holding Johnny Long they worked on Ray Anthony and succeeded in bringing his price down from \$2,000 to \$1,700. This was still more than the class could afford to pay.

On Monday April 2 we learned that both Anthony and Long had been booked the previous week for the date we wanted and no other dates were available. I accept the responsibility for losing Johnny Long since I had felt all along that the class was not enough interested in the dance to come through with enough money for a better band, and we should have forgot-

ten about Anthony and signed Long. The loss of Anthony was unavoidable since at the time he was booked elsewhere the class still did not have enough money to hire him.

To those who may be discouraged by this choice I would like to say this: In both their freshman year and their sophomore year the Class of 1952 has brought to the campus for their dances bands that were relatively unknown, even for college bands. Both times there have been nothing but favorable comments about the music afterward, and these dances have been among the most successful dances ever held at State College. This is our third time at bat—we may get another hit or we may strike out, but let's wait until we see the play before we call it.

I believe there are two good lessons that other campus organizations might learn from this situation:

1. It is up to the members of any organization to pay their dues in plenty of time to enable their leaders to obtain the results the members want.

2. If organization leaders hold up on their activities in order to give their members more time in which to cooperate, they are the ones who will be left holding the bag and no one will thank them for it including those members responsible.

H. G. Smith, III

Junior Class V.-Pres.

TO THE EDITOR:

I would like to take this opportunity to express my appreciation to the many students and organizations who have encouraged me to run for President of Campus Government. However, this support has resulted in a situation that needs some clarification.

I am unable to run for office because I have already been committed to a big job; namely the presidency of the College Union. I feel that having spent \$180 of the student's money from the Student Activities Fund to attend College Union Conventions, that the student's are due a return on their investment. This can best be repaid by applying the experience thus gained in organizing the College Union.

It is hoped that the Union will have a going program next year whether we have a building or not. This is a tremendous job of organization that will require undivided attention, and in all fairness to everyone concerned, I have elected not to run for any other office.

Jack McCormick.

Paid In Full

The Junior-Senior Dance committee has had a lot of trouble getting lined up on a band for the annual Ring Dance.

There's no earthly reason for this wire-crossing, delay, and mix-up. There is a reason, but there is no excuse for the reason.

Hank Smith and his group honestly tried to line up an outstanding name band for the dance. They made tentative contracts with Ray Anthony and Johnny Long.

Neither of these contracts could be completed because the students didn't pay their dues.

It costs a lot of money to have a name band on campus, and the dance committee didn't have that money.

As a result, a band of lesser renown has been signed for the dance.

After a few minor gripes, the students who attend the dance will discover that the music of Dean Hudson is very danceable; but there never should have been a cause for the delay which prohibited the signing of Anthony or Long.

Which all leads up to this: If some of the students are going to pay their class dues, all students should pay. In the case of the Junior-Senior Dance, you don't get a bid unless you ante up, so you can't win by holding out.

In other classes, all students benefit from the contribution of the few that willingly pay their dues.

Since so many students are unwilling to part voluntarily with the dollar or two that is called for, why can't that sum be added to each student's account and taken out when he pays his other charges at the beginning of the term?

It is just not fair for a few to foot the bill when every member of the class gets credit and benefit from the money.

Add each student's class dues to his regular fees and the various school committees will know where they stand financially before they start a job. Then there will not be one "scapegoat" who gets all the blame for a bad program or "inferior" band.

Sleeping Beauty

Once each year the Council of Campus Government, our magnificent slumbering institution of student self government, rouses itself enough to select next year's Beautyrest Quartet. Election day! Whoopee! Yea! Vote for Joe!

In the words of one student leader anyone who runs for the presidency of the Campus Government "is a damn fool." Why? Because he will be faced with the nearly impossible job of stimulating an organization which has accomplished nothing in the past two years, which can find nothing to do, whose membership is disinterested and which represents a student body that is barely aware of its existence.

The student body's lack of interest may be basic to its nature or may arise from the failures of the Council. The disinterest of the Council members themselves may arise from the election to membership of key-craving "wheels." The actual failure of the Council, however, arises from its weakness and from its inability to administer what power it now has.

Before granting the Council proper authority the college administration has demanded that it demonstrate an ability to handle its present authority. The sole important power of the Council now is to be responsible for the conduct of the student body. It has not demonstrated any willingness to fulfill that duty. If you want proof, just ask the students who were charged with scalping basketball tickets if they didn't clear a profit on the whole deal.

Now, however, in spite of the apparent incompetence of the Council, it must be granted greater power. It must have more power or it will die out of pure uselessness. The IDC and the College Union are growing and energetic institutions which are capturing the students' interest and which can do more for the student than the weary Council.

In the fairy tale the sleeping beauty was kissed and awakened. It now appears that the next thing for our Sleeping Beauty will be the kiss of death.

THE TECHNICIAN

Entered as second class matter, February 10, 1920, at the post office at Raleigh, North Carolina, under the act of March 3, 1879

PRF

High Schoolers

(Continued from Page 1)

over to the student committee chairmen who were appointed by Chancellor Harrelson. From then on, the State College men shoulder the responsibility of arranging and conducting tours, setting up exhibits and demonstrating their technical know-how.

Special Attractions

Special attractions of extra-curricular activities will be featured. The Red-Coat Band will give a concert in the afternoon and the Athletic Department, under Roy Clogston is planning a sports survey. This will be the last opportunity to see All-American Sammy Ranzino and his colleagues, Vic Bubas, and Paul Horvath perform on the William Neal Reynolds Coliseum basketball floor, and the first opportunity to see the prospective 1952 Southern Conference champs in action.

Students arriving Friday, April 20 will be housed free by the college in the top floors of Alexander, Turlington and Tucker dorms. At least 250 visitors can be accommodated in this manner. Professor J. D. Paulson will bring the campus map up to date to aid students in finding their way about. A guide directory will be superimposed on

the map showing the exact location of all the exhibits and giving the starting times of the tours. Also, a special counseling service will be set up to answer the visitor's questions about curriculums and the like. Representatives from each school will be on hand in Rooms 105-107 Peele Hall during the day. Spread the good word. See the high school students in your area—Tell them to pack a box lunch, bring a blanket, towel and tooth brush, and get to State College for High School Day, Saturday, April 21... they won't regret it.

A schedule of school activities follows:

Agriculture:
Conducted tours of both on-campus and off-campus activities of the School of Agriculture. On-campus tour includes agricultural exhibits, farm machinery, food processing, dairy and agricultural research. Off-campus tour includes visits to experimental plots and various livestock farms. Chairman: Homer Sink.

Design:
A comprehensive exhibition of the work of students in all five years of the Design School. Included are exhibits of designs, drawings, models, of architecture and landscape architecture plans. Chairman: Shelton Canter.

Education:
Open House in Industrial Arts Department and Psychological Clinic. Included are exhibits and demonstration in various fields, such as woodworking, ceramics, metalwork, radio and electricity, graphic arts. Chairman: E. T. Hollowell.

Engineering:
Engineer's Fair — exhibits and demonstrations of the work done in all the major engineering branches: Geology; Electrical Engineering; Ceramics; Mechanical Engineering (with Air Option); Industrial Engineering; Civil Engineering; Physics; Chemical Engineering; Engineering Research; and (for the first time this year) Diesel Engineering. Chairman: Jim Ricks in charge of the two-day affair covering April 20 and 21.

Forestry:
Tours of the Richlands Creek Farm Forest and to the Wood Products Laboratory. At the Richlands Creek Farm Forest the planting, spacing, and grazing plots will be visited. At the Wood Products Laboratory, there will be demonstrations of veneer manufacture, gluing, sawmilling, kiln drying, and

preservative treatment. Chairman: John Beamon.

Textiles:
Textiles Open House. A one-hour and a two-hour tour of the Textiles School are planned, with exhibits and demonstrations of planning and working fabrics from raw materials (cotton, wool, and synthetics) to the finished products. Chairman: Henry A. Brown.

Textiles Open House. A one-hour and a two-hour tour of the Textiles School are planned, with exhibits and demonstrations of planning and working fabrics from raw materials (cotton, wool, and synthetics) to the finished products. Chairman: Henry A. Brown.

Fite Elected Regent Of Theta Tau Chapter

At a recent meeting of Theta Tau Professional Engineering Fraternity, Tom Fite was elected Regent.

Fite is a rising Senior in Construction Engineering. Others elected to office are: Jack McCormick, Vice Regent; Carlisle Campbell, Scribe; Henry Quay, Treasurer; Sidney Narvey, Inner Guard; Paul Smathers, Outer Guard; Francis VanLandingham, Marshall; George Freeman, Corresponding Secretary; and Jack Leroy, Alumni Secretary.

The newly elected officers were installed last week.

Faculty Adviser is Professor T. C. Brown.

preservative treatment. Chairman: John Beamon.

Textiles Open House. A one-hour and a two-hour tour of the Textiles School are planned, with exhibits and demonstrations of planning and working fabrics from raw materials (cotton, wool, and synthetics) to the finished products. Chairman: Henry A. Brown.

Entries Wanted For Ping Pong Tourney

The entries for the Open Ping Pong Tournament are slow in coming in. Where are the students who won in the Frat and Dorm Intramural Leagues? Also the students who played and won in last year's Big 4 Sports Day? The Tourney will be held Mon. Apr. 23. All entries will close Apr. 20, and the matchings and time of play will be posted in the basement of the gym.

The Fraternity Tennis prelims will be played Mon. Apr. 16 starting at 3:00. The games will be played on the six new courts. Every Fraternity have your team out and ready to play as scheduled.

The Dormitory Track Prelims will be held on the track at 4:00 on Tues. Apr. 17. The Fraternity Prelims will be held at 4:00 on Wed. Apr. 18. Remember all athletic directors will meet at the gym the night before your track meet at 7:00. Bring your entries with you, so heats can be arranged.

The Fraternity Horseshoe semifinals will be played on Wed. Apr. 18 starting at 4:00 and the Dormitory semifinals on Thurs. Apr. 19 at 4:00. The games are played on courts adjacent to the gym.

Intramural Softball Season Opened

By BILL GEILER

Bagwell No. 1, 2 Tucker No. 1, 0
In a closely fought game that saw only one hit bounce into the outfield, Bagwell No. 1 took their curtain raiser from the Tuckerites. Bagwell scored both of their runs in a wild first inning that saw the Tucker pitcher yield four walks and the boys behind him commit a very costly error, Bagwell scored twice. This prove to be the winning margin for the boys from up campus. The victim of this wild first inning was Lifton who, but for a little ragged start, pitched very creditable ball. The only safe bingle of the game was made by Ed Hill, the captain of the Tucker team, in the first inning.

Syme No. 1, 12 Becton No. 2, 11
Here was one of those knock-down drag out affairs with Syme still carrying the charm. Syme started fast with four runs in the first inning but this was not going to be enough for the game. Coming on strong in the later frames, Becton tied the score and then drove out in front with a six run spurge in the fourth frame. Never to be

denied, Syme came up with a run in the final frame that tied it up and then added another to put the game on ice. With this victory, Syme No. 1 kept pace with high flying Becton for top honors amongst the dorm teams. Ernie Seaman for Becton and Harry Anderson and Ralph Jones were the exceptional players in this contest. Alex. No. 2, 9 Bagwell No. 2, 4

Word has gotten out that Alexander has found the answer to all the managers prayers. They have found a potentially good pitcher Dewitt Blackwelders. If there are any doubts about this boy's ability ask any of the members of the Bagwell team. His alive fast ball kept the Bagwell boys guessing throughout most of the game and except for a short spell of wildness he had the game completely in check. On the offensive side it was the power hitting of Tim Reymensnyder that was the tops of the day. Tim came to bat four times and rapped out two homeruns and a triple. That's great in any man's league. Defensively Alexander was again tops. Coming up with three double plays, they showed much finesse.

Vetville, 9 Welch, 3
In a wild and wooly section four battle, Vetville's boys proved to have a little more punch than their campus rivals and came out on the rig't end of a nine to three score. It was anyone's game until the fourth inning when a four run flurry by the Vets dealt the final blow to the hopes of the Welch boys. However, it was a Welch boy who came up with all the honors in hitting. J. Hoffman of Welch batted in all the runs for his team and played good defensive ball.

Alexander No. 1, 8 Berry, 5
In a make-up of a rained out game, Alexander came through in fine style to beat a good Berry

team. Due mainly to a jittery first inning, Berry gave up five runs with the aid of three errors. This proved to be a little too much for the Berry boys to make up and the final outcome was never in doubt for Alexander. John Kemp pitched a good game for Berry and, except for some slightly ragged defensive play in the opening minutes of play might have had his first mound victory. Control pitcher, Gordon Nobes was the boy who throttled the Berry attack and coasted to his victory.

Frosh Frolic

The Freshman Class dance is set for tomorrow night in the Frank Thompson Gym with music provided by Dick Levin. Dick Maddox, dance committee chairman, announced that class dues of \$1.00 will admit the frosh to the semi-formal affair. Tickets will also be sold at the door for \$1.25.

Pack In Pic

An 18 minute sports short, "Basketball Headliners of 1951," starts Sunday at the Village Theater. The film shows some of the outstanding basketball teams of the country in action.

The State College Wolfpack is featured in the sports short.

Tentative Plans Made For A Super IDC Party

Plans are underway for a super colossal dormitory party sponsored by the I.D.C. The date for the event has been set for the 12th of May. Some 500 girls from W.C. have been asked to come to Raleigh for the affair. Plans so far include a picnic in the afternoon followed by a dance that night in Frank Thompson Gym.

This party should prove to be one of the best sources of entertainment provided to the dormitory students in a long time. The cost of the party to the students will be held to a minimum.

The Department of Rural and Industrial Recreation will be on hand to help with the entertainment throughout the entire event. Bids to the party should be available from the social chairmen in the dorms soon.

Bagwell Party

Bagwell dormitory will start the spring term dormitory social calendar off by having a picnic on the 20th of April. Pullen Park is the probable location of the picnic. The social chairman in Bagwell

Le Jazz Hot

Ainslie Pryor, director of the Raleigh Little Theatre, will conduct a jazz record concert and a historical survey of jazz at 8 tonight in room 108 Peele Hall. This will be a regular meeting of the Friday evening music group, everyone is invited and there is no charge.

Animal Industry

New officers of the Animal Industry Club were elected at the organization's last meeting. They are: President, Frank A. Harris; Vice President, Cyrus Greene, Secretary, Donald Fincher; Treasurer, David Knox; Reporter, John Dinan.

All animal industry students are urged to attend the programs scheduled for this term. The regular meetings are held the first and third Thursdays of the month in Room 110 Polk Hall at 7 p.m.

should have all plans completed by the first of next week. Posters will be displayed in the dormitory when the social chairman has the final plans completed.

Concert Planned

The orchestra will be heard in a Symphony concert on May 6 as an opening feature of the local observance of National Music Week. The following Sunday the band will present the first of its spring concerts.

Orchestra members are reminded that next Tuesday's rehearsal will begin at seven o'clock.

The concert band will rehearse Thursday from 7 to 9 p.m.

Baseball Replaces Sex At N. C. State

By BOB CURRAN

"In the Spring a young man's fancy lightly turns to thoughts of love," except for certain hardy individuals who turn to baseball for all of their extra-curricular relaxation. Tomorrow afternoon such a group of these rapid baseballers will attempt to prove that baseball can replace love, as long as it's played during the daylight hours, when Coach Vic Sorrell's Wolfpack Nine meets the Tarheels of Carolina.

Pack Victors in Last Outing

These same two teams met last Saturday over at Chapel Hill, and the Pack was victorious 4-3, after centerfielder Fuscoe tied the score in the ninth inning with a four bagger.

Coach Sorrell will call on either Lewis, Smith or Beane to face the Tarheels, with the possibility of outfielder-pitcher Horbelt being called in for mound duty. On the receiving end of these men will be "old reliable" Dick McGillis, a transfer from Bayonne Junior College.

Basketballer Eddie Morris will hold down the initial sack. Brinson and Uzzle will make up the key-stone combination, and either Martin or Bryant will be stationed at third.

The Wolfpack Outergarden will be patrolled by George Thompson, Don Cheek, and John Fuscoe.

Senter Paces Tarheels

The Tarheels still smarting from last week's lacing will be paced by Johnny Senter at third base and Billy Reeves in the outfield. Senter, a former Raleigh High School star, is a veteran baseballer for Carolina Coach Bunn Hearn, and one of the Tarheels leading hitters.

The Tarheels beat the Demon Deacons 9-0 last Tuesday, and will be looking for their initial victory over the Pack. The game is set for 2:30 at the new State College Baseball Field.

Big 4 Sports Day Meet

Mark Wed. Apr. 25—7:00 p.m. on your calendar. A full meeting will be held at the gym of every student who expects to try-out for teams to represent N. C. State College in softball, volleyball, tennis, golf, horse-shoes, handball, table tennis, in the Big 4 Sports Day which meets at Duke University on Tues. May 15. The softball team will be in charge of Mr. Doak; the volleyball and golf team with Mr. Perry; the tennis and horse-shoes with Mr. Smith; the table-tennis and handball with Mr. Miller. This will be a short meeting but a most important one. We must get started, and get dates for try-outs and practices in each sport event. Spread the word and be present.

More than 80 percent of all accidents last year on our streets and highways involved vehicles going straight.

Undermanned Wolfpack Cindermen To Meet William And Mary; Fitzgibbons Counting On Clyde Garrison And Chuck Moore

By PAUL HODUL

Still stinging from a defeat handed them by the Camp Lejeune Marines, the Wolfpack trackmen will be out to get their first win of the season tomorrow afternoon against the William and Mary Indians.

Coach Fitzgibbons, who has been plagued since the start of the season by lack of material, will use almost the same entries for this meet as were used against the Camp Lejeune Marines two weeks ago. In that meet one of the standouts was Clyde Garrison who came through with a double win in the mile and two mile events.

Chuck Moore Shines

Other Wolfpack entries for the meet will shape up this way; Chuck Moore in the 120 high hurdles and 220 low hurdles. Another addition to this entry will be Sexton, a senior, who has come out for practice recently.

The 880 will Yeature Banner Smith. The shot-put and javelin events will receive a boost in the services of Tony Romanowsky last year's football captain. Tony should be able to aid veteran Dick Parker, at javelin, and Jim Hillman, at shot-put, acquire more points for the pack.

The discus entry will find Sterling Griswold handling the chores. In the speed division the squad will borrow the services of javelin man Dick Parker for the 100 yd. dash. The kangaroo event, high jump, will find Jerry Splawn, jumping for the Wolfpack.

Guion, Triple Entry

Guion, a sophomore, will try to pull the triple threat stunt when he enters into three events (100 yd, 220 yd. and Broad Jump).

The William & Mary Indians, coached by Lou Hoitsma, freshman football coach, have had one meet to date against Randolph Macon, whom they firmly walloped.

One of the standouts on the Indian squad is Bo McMillan, basketball star, who is entered in the broad jumping event.

Meet time is scheduled at 1:30 p.m. at the Track Stadium.
