Golden Chain Will Tap Campus Leaders In Annual Affair

Golden Chain, honorary leadership fraternity, will hold its annual tapping on Thursday, May 24. The impressive ceremony will begin at 6:00 p.m. on Holliday Hall Lawn.

While the Red Coat Band plays in the background, the Golden Chain will tap 12 new links from among the traditional circle of juniors sitting on the lawn. Those chosen for the honor are selected because of their outstanding leadership during their three years at State College. The selection is made by secret ballot.

William C. Friday, assistant to President Gordon Gray, will be guest speaker at the leadership banquet immediately following the tapping ceremony Friday is a graduate of State College in the Textile class of 1941, and a Law graduate of Carolina. The banquet will be held in the Grill Room of the Cafeteria. After the banquet, next year's officers will be elected.

Attention Engineers

All students in the School of Engineering must meet with their advisers during May 21-26 to plan their rosters for next year and, if necessary, for summer school. Any student who does not pre-register will be considered as withdrawing from college.

When you meet with your adviser keep in mind the following facts:

1. The Selective Service System requires that a student indicate his intention of attending college by pre-registering for next fall.
2. A veteran must remain in school or his subsistence will be dropped. This does not include summer school, unless a student is back in his work and the summer session would help him get regular in his curriculum.
3. Any student planning to attend another college this summer must have the courses approved. Most colleges require a statement from the Director of Registration stating that the student is in good standing at this college.
4. All seniors must have their summer employment letters in the departmental office by the first week of the fall term. It might be advantageous for the sophomores and juniors to get their summer employment off while work is plentiful.

The keynote of this conference with your adviser is looking ahead. Examine the schedule of courses carefully to see that the courses are offered the term you have them rostered. Do not shift the blame for your woes to the adviser. Plan your program then seek his advice. If I can be of service, please feel free to call on me.

W. E. ADAMS
Director of Instruction
School of Engineering

Tickets, Please!

Bill Rector, Chesterfield Cigarettes' representative for the summer term, has announced that he can obtain free tickets to the Chesterfield radio and TV shows in New York. A two to three week notice is required. Bill may be contacted at the Pika house, 1720 Hillsboro.

Open Letter To Gordon Gray

Dear President Gray:

As students of the State College branch of the Greater University, we appreciate the fact that our college has developed into one of the greatest technical schools in the United States. We recognize that our teaching staff is one of the finest in the nation and the best in the South.

As graduates of this College our chances for professional success are enhanced by the state, national and international recognition and approval which have been won by the academic achievements and the superiority of the technical training of the college.

The \$15,000,000 permanent improvement program which the Legislature has approved during the past two bienniums is indicative of the full trust and confidence placed in the College by the people of the State and the alumni. This public recognition is vital since training programs at State College affect every segment of the cultural, academic, professional and commercial life in our State.

Unfortunately, while our technical training is given at a high level, it is an admitted fact that outside of this phase our educational program operates at a low level. Certainly no student, instructor or recent graduate will question this statement.

We students realize that we cannot take our rightful place in the social, business, and professional world unless our educational program is balanced. We cannot do real credit to State College and the Greater University, and assume our full responsibilities in community life, unless we are exposed to wholesome and satisfying cultural influences along with our technical training.

We believe that all phases of college life must be developed; academic and extra-curricular. At the same time, we strongly believe that the extra-curricular program must be balanced. We wish to support inter-collegiate activities, but not to the detriment of other extra-curricular activities, with many powerful influences apparently lined up for its continuance.

The Legislature has satisfied the present academic needs, and it follows that we as a school must work out some of our own problems without financial aid from the State. It follows then that the students and administration must solve most of the problems arising in our extra-curricular program. This is our obligation as a college.

What, therefore, do we need and what do we hereby strongly recommend?

State College students need a real extra-curricular program; To achieve this we recommend:

- (1) A full intramural program making available adequate fields, equipment, and supervisors. At present this program is almost non-existent in terms of fields, adequate funds and supervisors.
- (2) Provide small lounge and game rooms in the dormitories to supplement the College Union program. At present only one dormitory has such provisions.
- (3) Thorough development of a full cultural program for the student body. Present facilities and funds available for such a program are almost negligible. The College Union program comes within this phase of our activities. The cultural program should include the outstanding plays, musicals, entertainment, speakers, etc.
- (4) Adequate supervision of the whole program.
- (5) By providing a swimming pool for the pleasure and enjoyment of all students. At present we have only a very small pool in the basement of our gymnasium.

The basic problem to be solved is: where will the money for such a program come from?

The first source is from student fees. Unfortunately, this source will provide only a portion of the amount needed. Student fees cannot do the whole job.

A second, and untapped source, the profits from the Student Supply Store, The Watauga Bookshop, and the other concessions operated on the campus. Students make at least 98 per cent of the purchases at these stores. The profits come out of our pockets, and it follows that we should get a major portion, if not all, back to finance essential non-academic activities. It is neither fair nor reasonable for these funds to be used exclusively in support of the inter-collegiate athletic program. We believe an athletic fee of \$10 is our fair share in this matter.

Mr. President, we urgently request that machinery be established to receive those funds and to distribute them in such a manner as to provide the maximum benefits for the maximum number of students. In this connection, we feel it should be a joint responsibility of the administration and students.

We are particularly concerned that the profits from these student financial operations not be used to directly benefit a small portion of the student body, thus preventing a full non-academic program. It is felt that a system paralleling the manner of distribution of Post Exchange profits in the Armed Forces, in which profits are returned to the men, would be applicable to the profits obtained from concessions on the campus.

In behalf of the North Carolina State College student body, we would be most grateful for your earliest favorable consideration.

Sincerely yours,

Jack G. McCracken

Shortage Of Steel Is Seen As Threat

The College Union and the new library should not be delayed by the National Production Authority's recent order halting all major construction not started before May 3, Budget Bureau D. S. Coltrane said yesterday.

Steel remains the main potential bottleneck, he said, and the College Union plans will be returned to the architect within "the next three to four days" for public bid advertising.

The NPA order requires the clearance of all major projects which have not "commenced construction" before May 3. "In my opinion," Coltrane stated, "the Union and the Library were started before then (May 3) and we will not have to go to the NPA for permission to start construction." (The NPA cleared the Union last January with a "commence construction" permit.)

Steel Difficulties

Coltrane thinks that the projects will have difficulty getting steel and he does not know what kind of steel priority rating the Union will get.

A six-weeks' advertising period is customary for a building of the Union's size, he said, and the architect will probably begin advertising immediately after receiving our approval.

Coltrane said that under the NPA's definition of "commence construction" both buildings are clear. To qualify with the order "substan-

tial site clearance (including demolition of buildings or structures) preliminary to the start of work on a new building" must have-taken place.

Chancellor Harrelson reports that six flat-top" apartments have been removed from the Union site and that the entire area has been cleared and graded for the building. The basement of the library has been dug for several months, he said. All this work was done months before the May 3 deadline.

According to the architect's office, the use of steel has been cut in every possible place. Re-inforced concrete is being used wherever possible.

Fall Term Room Notice

The college administration has approved a student recommendation that for the school year 1951-52 incoming freshmen may be assigned to rooms in all dormitories except Gold and Welch.

Therefore, Owen and Tucker Halls will be available to any students who desire to room in that area. Present occupants of rooms in Owen and Tucker Halls will have priority on their same rooms provided they make application during the week of May 14th. Rooms not reserved during this period may be reassigned to other students beginning May 21st.

GREAT DAY COMING

Committees At Work During The Past Year

By PAUL FOGHT

A great, new era in student life and activity on the State College campus is expected to result from the studies made during the past year by three special committees appointed by Chancellor Harrelson.

The three committees: Non-academic Fees, Coliseum, and Intramural Grounds and Facilities were created and appointed by the Chancellor and will soon present their recommendations to him. These recommendations will point out possible solutions to the problems which have prevented the development of an all-round activity program for the student body.

Coliseum

The Coliseum committee is a joint student-faculty group which has investigated the problems arising from the use of the building by the student body. The major problem involved in the use of the Coliseum by student groups has been the high rental asked by the Coliseum management.

The Inter Fraternity Council first revolted when Coliseum manager W. Z. Betts estimated that it would cost approximately \$1,400 to hold the I.F.C. Mid Winter dances in the Coliseum. The dances eventually were held in the Municipal Auditorium.

Profits

The committee will recommend to the Chancellor that a percentage of the profits from the concession stands operated in the Coliseum be used to pay a portion of the rental fees for student sponsored programs.

The group probing non-academic fees has reevaluated the activities now supported by these fees and has studied the future needs of the student body.

This body of students and faculty members has attempted to reallocate the \$25 each student pays yearly in non-academic fees so that it will provide for inter-collegiate and intramural athletics, publications, Campus Government, cultural programs and the beginnings of a College Union program. This report was given to the Chancellor yesterday and will be made public next week.

Intramurals

The only all-student committee is the Intramural Grounds and Facilities panel. The members of this body have carried out a survey of the campus to find fields that might be developed into playing fields for intramural sports and for casual, Saturday afternoon athletes. They have also investigated the use of present fields to determine during what periods of time they might be turned over for the use of the intramural program.

It appears that the committee will recommend that more tennis courts be provided for the use of the intramural program and that a new swimming pool be constructed.

All of these committees have recognized that more money must be obtained to carry out their plans.

The question to be answered is: where is the money coming from? The six students who wrote the letter to President Gray printed elsewhere in this paper suggest that the funds should come from the Coliseum and from the Student Supply Stores.

If the proper funds become available, the students and faculty members who have laid these plans expect to see the rapid development of a program which, they believe, will produce better men and better citizens.

BLUE KEY CALENDAR

Friday, May 18:
Agriculture Club Picnic, Carolina Country Club, 6:00 o'clock
Variety Show, Pullen Hall, 7:30 p.m.

Saturday, May 19:
Alpha eZta Banquet, Club Carlisle, 7:00 p.m.
Owen and Tucker Dorm Dance, Gym, 8:30 p.m.
Theta Tau Picnic, Sunset Lake
Varsity Tennis, State vs Presbyterian, at Raleigh

Sunday, May 20:
YMCA Cabinet Retreat, Crabtree Creek Park
Band Concert, Memorial Tower (Pullen Hall if it rains) 4:00 p.m.
Baseball, State vs Duke, at Raleigh
Varsity Tennis, State vs Davidson, at Raleigh

Tuesday, May 22:
Agriculture Club, 118 Withers Hall, 7:00 p.m.
All Agriculture Students Meeting, Pullen Hall, 12:00 Noon
Phi Kappa Phi Banquet, United Church, 6:15 p.m.

Wednesday, May 23:
Alpha Zeta, AZ Room, 7:00 p.m.
Theta Tau, YMCA, 7:00 p.m.
YMCA Annual Banquet, 7:00 p.m., West Cafeteria

Thursday, May 24:
Golden Chain Tapping, 6:00 p.m., Memorial Tower
5:30 p.m. ALL BANDSMEN not having classes report to Holladay Hall with instruments (no uniform) to play for Golden Chain Ceremonies. This includes ROTC and Red Coat Bandmen. All Red Coat uniforms are to be turned in at the bandroom at 7:30 p.m. Elections of officers for coming year at 7:45 p.m.

Friday, May 25:
FFA Picnic, Crabtree Creek Park, 7:00 p.m. (For ride, report to rear of Thompkins Hall)

Saturday, May 26:
Selective Service College Qualification Test
Track—Southeastern Conference vs Southern Conference, at Raleigh

McGehee Begins Series Of Psycho Seminars

Dr. William McGehee of Spray, industrial psychologist with the Fieldcrest Mills, will begin the first of a series of four three-hour seminars in the Department of Psychology at State College today.

The first session will be held in Room 111 of Tompkins Hall at the College this morning from 9 o'clock until 12 noon. The remaining three seminars will be held on May 19, May 26, and June 2.

Dr. D. J. Moffie, head of the college's Department of Psychology, said the sessions are given as a part of the course work in industrial psychology for graduate students in the department.

Good Weather, Music Draw Large Crowd

Ideal weather conditions attracted a large crowd of students, faculty members and townspeople and many out-of-town visitors to the area surrounding the Memorial Tower last Sunday to hear the Band in its concert which served as a part of State College's contribution to Raleigh's observance of National Music Week, the Orchestra having creditably presented a symphony concert on the previous Sunday.

The volume of applause throughout the program indicated that the varied program was heartily enjoyed, and served as a reward for the determined efforts of the bandmen during the past several weeks.

The band will play another concert Sunday—an entirely different program, which appears elsewhere in this issue of The Technician. Mr. Christian Kutschinski, Director of Music, and conductor of the band, wishes to call attention to the fact that Sunday's concert will begin at three o'clock instead of four o'clock as indicated on the posters which have been in evidence about the campus.

The change in the hour was made to avoid a conflict with the concert by the St. Cecelia Chorus in Pullen Memorial Church. Sunday's concert is the final one for the spring quarter, and should the weather not be favorable to an outdoor performance, the concert will be held in Pullen Hall. Everybody is cordially invited.

Need A Job?

The U. S. Civil Service Commission has announced an examination to fill physical science and engineering aid positions in Washington, D. C., and vicinity, at salaries ranging from \$2,650 to \$3,825 a year.

To qualify for these positions, applicants must have had appropriate education or experience, or a combination of education and experience. Applications will be accepted from students who expect to complete their courses of study within 6 months after filing their applications. No written test is required.

Further information and application forms may be secured at most first- and second-class post offices, from Civil Service regional offices, or direct from the U. S. Civil Service Commission, Washington 25, D. C. Applications will be accepted by the Commission's Washington office until further notice.

Wesley Carnival

The Wesley Foundation is sponsoring a CARNIVAL, Saturday Night at 7:00-10:00 P.M. in the Fairmont Fellowship Center. Some of the events planned are all types of games, cake walks, animated movie cartoons, fortune tellings, and other types of events. This is a planned evening of fun and everyone is invited. There is no admission charge and you are urged to come stag or drag.

For an evening of fun, food, and fellowship, don't miss this party. Bring your dates.

New Option Given For AFROTC Students

Major Jerome Eicholz announced today that a new option has been approved for students wishing to enroll in the Air Force ROTC.

The new option is a course in Flight Operations and will be open to all students, regardless of the curriculum they are in.

The course in Flight Operations will be open to all students beginning with the 1951-52 school year. Included in the course of study will be training in Meteorology, Navigation, Aerodynamics, and other ground school subjects.

The Flight Operations option will offer a sound orientation in Air Force administration and will be designed to augment the academic phase of pilot and observer training conducted by the Air Force Training Comamnd.

The courses now being taught by

Shaw Play At Hill

A talented cast of 30, directed by Kai Jurgensen of the Carolina Playmaker staff, will spread team and laughter through the Koch Memorial Forest Theater here next weekend.

The play is G. B. Shaw's witty and panoramic "Cesar and Cleopatra." It will be presented Fri-

day, Saturday and Sunday nights, May 18-20 at 8:30. The colorful drama features Frank Groseclose of Atlanta and Virginia Michalak of Durham in the title roles.

Tickets for the production are on sale now at the University's Swain Hall, and may be obtained at the box office on performance nights.

ROTC Names New Man On Its Office Staff

Assignment of Technical Sergeant Clifton Roger Morgan of Fairmont as the administrative assistant in the Air Force unit of the State College ROTC Regiment was announced recently by Major Jerome C. Eicholz, professor of air science and tactics at the college.

Sergeant Morgan, a veteran of World War II, was transferred to State College from the 2585th Air Force Reserve Training Center at the Miami International Airport.

He is a 1940 graduate of Fairmont High School and later attended State College where he studied agricultural engineering. He served in the Air Force for five years in Africa, Sicily, Italy, and Southern France during World War II.

He was recalled to active duty on September 8, 1950, and is now residing at 3005 Leonard Street, Raleigh. He is married to the former Miss Eleanor Zollicoffer of Dunn, and they have one daughter, Irene, 3.

Sergeant Morgan is the son of Mr. and Mrs. E. C. Morgan of Route 1, Fairmont

: J. F. C. Doings :

Big doings are in store for the members of the PEP fraternity this weekend, for the PEP will be celebrating their annual Phi Ep Ball this coming weekend. The dance and dinner will be held in the Raleigh room of the Hotel Sir Walter Saturday night. The festivities will start Friday night and are scheduled to end Sunday afternoon.

Just recently Burton Sokol was elected president of the PEP fraternity and Herb Saywitz was elected "veep."

The Lambda Chi fraternity has just finished having a series of informal rush parties. This week the Lambda Chis are having their formal initiation.

The SAE's are planning big doings at Upchurch's this coming Saturday afternoon—a mild picnic affair, I gather. Friday night the boys have an informal dance planned at their house.

Another fraternity which entertained rushees this past week was the KAs. Along with the rushees

the KA's had an enjoyable evening Monday at a picnic. Some of the activities were: softball game, a sing, and the showing of the film of the "Old South Ball."

Some of the fellows from the PKP house had a small informal party at Ocean Drive this past weekend. Now that the weekend fun is over, the fellows are concentrating on some serious work such as painting their house and building a concrete porch in the front of the house. The PKP are also busy making last minute arrangements for the "Fraternity Sing" which is coming up May 25th at Pullen Hall.

The Sigma Nus picked Dick Cauble from Salisbury, N. C. as their outstanding football player of the year in intramural football. Dick is now serving in the U. S. Air Force in Florida. The boys from down Hillsboro way had a big time at the beach this past week—so says Wells Denyes.

Not to be outdone along the long-distance party line, the Tekes will journey down to Wrightsville for a heyday at the massive Lumina Inn. Joe Bennett and Bob Phelps have been doing some serious thinking about hopping down from their forest domain in Western North Carolina where they are really learning what trees are.

A sextette is not a female sex fiend.

BSU Elects Officers For Coming Year

Harold Lominac, of Asheville, a rising senior in Mechanical Engineering, was elected president of the Baptist Student Union for the coming year in the BSU elections held recently. Lominac, a transfer student from Mars Hill College, is completing his second year at State. For the past year he has served as discussion chairman on the BSU Executive Council.

Elected to serve with him on the Executive Council for the year 1951-1952 are the following: Bill Davis, Enlistment Vice-president; Roy Conleton, Social Vice-president; Wesley Brown, Devotional Vice-president; Bobby Cockerham, secretary; Jack LeRoy, R. T. Lassiter, P. R. C. Representatives; Glenn Eason, Discussion Chair-

man; Paul Dunn, Camp Director. Gary Greene, Reporter; Bob Kinser, Editor, *Campus Christian*; Bryce Haywood, Poster Chairman. Ed McGee, Dick Johnson, Marcus Croots, Bill Dula, Ned Rash and Devero Martin, Members-at-Large; Marvin Crow, Charles Kirk, Calvin Ussery, Kenneth Vaughn, Bill Scarborough, John Stewart, Bill Maready and Ernest Mitchell, Unit Representatives of the Raleigh Baptist Churches.

The Installation Service for these officers will be held at 8:00 p.m., Sunday, May 20, at Tabernacle Baptist Church.

Agronomy Club News

Approximately 40 juniors and seniors are looking forward to the annual field trip which takes place immediately after school is out.

George Hawkins and Latta Cook were elected as delegates to attend the American Society of Agronomy conference held at Penn State during August.

Professor Erdahl, Director of Student Union, discussed our "on the way" Student Union building and the advantages of having this building on the campus.

Kann Visits

Dr. Jules Kann, associate director of the Raleigh Mental Hygiene Clinic, has been appointed a part-time visiting assistant professor in psychology at State College during the spring term.

Announcement of his appointment was made recently by Dean J. Bryant Kirkland of the college's School of Education and Dr. D. J. Moffie,

head of the Department of Psychology.

Dr. Kann received his Ph.D. degree from the University of Pittsburgh and has been associate director of the Raleigh Mental Hygiene Clinic since September of last year.

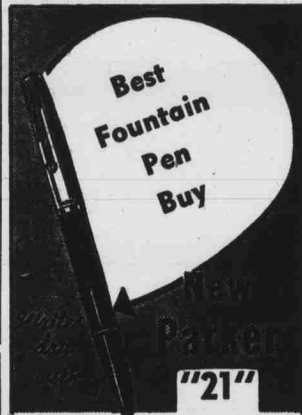

He replaces Dr. Harold Corter who is teaching during the current term at the University of North Carolina in Chapel Hill.

Sigma Chi Wallops SAE In Softball; Lambda Chi's Top Sigma Pi's

By CASEY CASLOWITZ

Although the PiKA's opened the game with a six run first inning rally which was highlighted by outfielder Ward's three-run double, the boys from PKP didn't give up and struck back in the same inning with four tallies putting them back into the fight. Goldner's Grand-Slam home run was the big blow in this rally.

With the score tied at 7-all, and two men out in the last frame, pitcher Story walloped a long single into left field which drove in the winning run for PKP.

Sigma Chi 20 SAE 1

The Sigma Chi's lowered the boom in the very first inning with six men crossing the plate. Once again in the third inning they demonstrated their true strength. With Buig and Scott leading the attack eleven runs were scored. Both players hit Grand Slammers. Five errors and nine walks made the task all the easier for the Sig Chi boys.

SAE's only tally came in the first frame with leadoff batter Linner hitting a circuit blow.

TKE 3 PEP 0

Poss Lumley must have been hurling with the wrong hand—for the

lanky pitcher gave up two whole singles. (That's the hardest he's been hit all season.) Bob Maharam and Ken Gottlieb are the two fellows who spoiled what would have been a perfect day for Poss.

For the TKE's, it was Moore, Mills and Lumley who were credited with the RBIs.

KA 8 PKT 5

Four walks, three errors, and two singles with one fielders' choice mixed in—and the KA boys had five players cross the plate in the first inning. Two more errors in the last frame, nursed by Berthume's two-bagger brought in the final tallies which sent opposing Pi Kappa Tau home in defeat.

For the losers, it was Burns, Hagstrom and Collingham who drove in the five runs in their third inning rally.

Lambda Chi 12 Sigma Pi 9

Singles, doubles, triples, and even home runs were a dime-a-dozen as both teams teed off at the plate.

Bob Davis was best for the LC's with a single, double and homer to his credit.

In the last frame Sigma Pi made a desperate attempt to close a ten

(Continued on Page 6)

Alexander Beats Becton In Final Dorm Softball Game

By BILL GEILER

It is all over but the shouting for the point leaders from Syme No. 1. Losing their second game in a row to a really fine Bagwell team, they took their final bows and closed the curtain on a fine season. Here is the way the ball game went. In the first inning, Bagwell took a commanding lead at two to nothing on a home-run and a single. From that point on it was all Syme until the final frame when a splurge of six Bagwell runs brought victory to them. Leading the Bagwell attack were Edgerton, Muse and Lowell who gathered five hits among them. The final score; Bagwell 8 and Syme No. 1, 7.

Alexander No. 2, 12 Becton No. 2, 8

Taking the championship of section one, Alexander made it definite by taking a decisive victory over a hapless Becton team. Once again it was the pitching of Dewitt Blackwelder that spelled the difference between the two teams. Dewitt is a fine pitcher and many rate him as the number three pitcher on the campus. He has fine control and a mighty fast straight ball. Allowing only four hits, he mowed down the Becton boys until the last inning when they almost got to him. At this point his defense came to his aid and held up nicely for him. The crowning blow of the game came off the bat of Joe Turnstall who slapped a double with the bases loaded to sew up the game.

Bagwell No. 1, 3 Becton No. 1, 1

Charlie Harrell ran into one of those days out on the diamond and at the same time ran right into a revitalized Bagwell team that real-

ly had it to play with. The full story of the game was all wrapped up in the fourth inning when Bagwell got all three of their runs. Charlie gave up only three hits but that was enough as his mound opponent gave up but two. Despite this loss Becton No. 1 took their section championship and will be the boys to beat in the tournament.

Tennis

Turning now to the tennis front, the teams are narrowing down to very few and far between with a few matches remaining to be played for the championship. Welch took their second straight match when they won from Turlington No. 2 by the score of two to one. Welch took the first match behind Moore and then lost the second one. However the doubles team saved the day when they won their match in two straight sets.

Track

Here are the results of the intramural track meet of last week. Welch:

- 440—J. Moore, 1st place
- High Jump—Gene Nicks, 1st place
- 100—Carl Bazemore and Jim Twyford, 2nd and 3rd respectively
- Broad Jump—Maynard, 2nd place
- Shotput—Joe Tekel, fourth place
- Relay Team—3rd place

Berry:

- ¼ Mile—Bill Hall, 1st place
- 440—Frank Morgan, 2nd place
- Relay Team—Bill Hall, Frank Morgan, Feldman, and Jack McDade, 2nd place

Syme No. 1:

- Shot Put—Stouart Gooden, 1st place
- ¼ Mile—Harold Ballard, 3rd place
- Broad Jump—Charlie Routh, 4th place

EVER HOLD HANDS LIKE THESE?

They're not soft and warm, these hands. They're hard and cold—and mechanical. They work at the Oak Ridge atomic energy plant, preparing radioactive isotopes for shipment to Bell Telephone Laboratories and to other research centers.

These isotopes—which serve as tracers—are used by Bell scientists to study the materials that go into the telephone system. Our research men, working with Geiger counters, are able to detect wear in relay contacts, impurities in metals, the penetration of preservatives in wood.

This new research tool helps us to learn more in less time, helps us to make telephone equipment even more rugged and dependable. That's especially important right now when the Nation relies on the telephone to help get things done.

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

SHEEDY had a bone to pick because gals treated him like a dog. "Wire they giving me the cold nose?" he howled. "Terrier self away from your books," advised his paw, "and get yourself some Wildroot Cream-Oil. It's non-alcoholic, and contains soothing Lanolin. Grooms hair neatly and naturally. Removes loose, ugly dandruff. Helps you pass the finger-nail test." Now Sheedy's a real dog catcher: he collars a new gal every day! Doggone it, you better get Wildroot Cream-Oil at your nearest drug or toilet goods counter, quick! And ask your barber for professional applications. Remember: "An ounce of prevention is worth a pound of cures!"

Lumley Hurls Twin Win In Big 4 Games

By PAUL HODUL

Poss Lumley, star State College softball pitcher from Greensboro, N. C., led the State College entry in wins over Carolina and Duke. The cream of State College's intramural entries just missed taking Big-Four Day for the second year in a row. Instead of being a winner the Pack had to be content with a tie for first place with our brothers from the Hill.

The Statemen took three firsts as did Carolina. The Pack took firsts in softball, horse-shoes, and handball, while Carolina earned firsts in tennis, volleyball, and ping-pong.

A dramatic conclusion was witnessed by all the participants. State and Carolina were tied in total points with golf still not reported. A few hurried telephone calls by Mr. Miller revealed that State and Carolina both ended up in a tie for third place with 1 1/2 points.

Two of the most exciting contests in Big-Four Day was the softball games. State was the team to beat because of their victories last year.

In the first game State faced a tough opponent in Carolina. Charlie Harrell started on the mound for the Pack and did a superb job until the latter innings. The game was strictly a pitching contest until the top half of the sixth when State bunched a few bingles together and presented Harrell with a two run lead. In the bottom half of the sixth Carolina bounced right back for two runs on a combination of a single and home run. The top half of the seventh found the Pack checked.

Going into the bottom half of the seventh Harrell found the going a little rough, and was relieved by Poss Lumley with one out and a man on second. Lumley's first pitch was wild and the base runner advanced to third. It was here that one of the most brilliant pitching exhibitions of the day was turned in. Lumley promptly got to work and retired the next two men in order. After this close shave the Pack came back with two more runs in the top of the eighth, to sew the game up. Carolina made a staunch, but futile effort in the bottom half by scoring one run. The final score was 4-3.

Big guns in the State line-up were Stine (catcher), Twyford (L.F.), and Pettinelli (C.F.). The fielding gem of the first game was turned in by Jones the short-stop, when he speared a hot grounder going towards center field and nabbed the runner by a step. Lumley received credit for the win.

In the second game State met Duke, who had just lowered the boom on Wake Forest. The line-up for this game was almost the same except for a few changes. Pettinelli was shifted to the catcher's position, while Mills replaced Buff at third. Dick Sly took Pettinelli's position in the outfield. Mound duties were handled by Poss Lumley who had just pitched two innings of relief to save the first game.

Wolfpack Nine Closes Season In Night Game

By M. WEBBER

Tonight the Wolfpack will journey to Ashboro to play the McCrary Eagles, a strong semi-pro team. This game will be the season's finale for the Pack, and it will also be the final game for three of the Pack's stars. Don Cheek, George Thompson and pitcher Bob Smith will be winding up their collegiate careers.

McGillis Standout

In an effort to salvage an otherwise mediocre season, Coach Vic Sorrell will call on either Ed Horbelt or Lunsford Lewis to handle the pitching chores, with old reliable Dick McGillis behind the plate. McGillis, a transfer student from Bayonne Junior College, has been doing the catching all season, and he has been one of the stand-outs for the Wolfpack.

In the infield, Sorrell will have big Ed Morris at first, Captain Riland Brinson at second, Uzzle at short and footballer Vince Bagonis at the hot corner.

In the outergarden will be George Thompson, the most improved ball player on the Wolfpack, John Fuscoe, the Pack's leading hitter, and either Don Cheek or Ed Horbelt.

And then there was the absent minded fly couldn't remember where he left his specks.

The game was close until the latter part of the game when State discovered the secret of the Duke hurler. With the game tied 1-1, the Pack exploded for three runs which just about sewed up the game. As insurance another run was pushed across in the last half of the sixth. Although Duke had a more potent hitting club than Carolina they could not dent the masterful pitching of Lumley. The final score was 5-1.

Jones, McDade, Harrell and Twyford were the heavy hitters in this game. Lumley also received credit for this game, thereby having the distinction of winning two games in one day.

In other events State managed to take one second, one third and one last.

The volleyball team with basketball players Joe Stoll, and Bobby Speight managed to come in third.

The ping-pong team took second place while the Tennis team came in last.

run gap, but they fell short by three runs. Home runs by Key, Lambert and Le Grande accounted for the seven runs in that inning.

Sigma Nu 3 SPE 1
A three run last inning rally spelled victory for Sig Nu. O'Connor opened up that big inning with a lead-off single, which was followed by another hit by Croxson. It was Schirf's long single that brought in two runs though, and later outfielder Kendall hit a long fly out which scored the last man from second base and ended the game.

Judge: "You are charged with shooting squirrels out of season."
Youth: "Your honor, I shoot them in self-defense."
