

# Professors Organize To Express Opinions

On the North Carolina State College campus there are only two functioning faculty organizations. One of these is the American Association of University Professors; the other is the Faculty Committee comprised of the Deans of the various departments, Directors of Instruction, and three members of the teaching faculty.

By JULIAN LANIER

The American Association of University Professors here at State College is now in a process of growth and expansion, having been recently revived approximately a year ago from a state of inactivity. Heading up the State College chapter is Professor Jesse S. Doolittle, President; Professor Lee Roy Martin, Vice-President; Professor Perry Moore, Secretary; and Dr. Stuart Noblin, Treasurer. At present the chapter has around ninety active members with a much greater percentage of the teaching faculty as its final membership goal.

The A.A.U.P. is the professional organization for college and university teachers in the United States, its territories, in Canada, and in American controlled institu-

tions of higher learning abroad. Initiated at Johns Hopkins University in 1913 and organized at New York City in 1915, it has gained a prominent place in the educational set-up of our country today. The stated nature and purposes of this group reads as follows: "To bring about more effective cooperation among the members of the profession in the discharge of their special responsibilities as custodians of the interests of higher education and research in America; to promote a more general and methodical discussion of problems relating to education in institutions of higher learning; to create means for the authoritative expression of the public opinion of the body of college and university teachers; to make

collective action possible, and in general to maintain and advance the ideals and standards of the profession."

## Membership

Primarily an organization of the teaching faculty, one of the membership requirements of the A.A.U.P. is that a member hold a position of teaching or research, with the rank of instructor or higher in an eligible institution, and that his work consist of at least half-time teaching or research. On a college level the A.A.U.P. endeavors to insure active faculty participation in academic affairs of the college. It strives to improve faculty morale, and by improving the academic atmosphere it hopes to improve student morale. Basically its first purpose is service to the individual members of the faculty, and secondly to serve the college or university as a whole.

Within the college chapter level of the A.A.U.P. lies the airing

place of faculty views. It is the one place where faculty members may discuss any ideas they may have about academic standards, the policies under which they work, their views as to how the college is, or should be run, or the betterment of the teaching profession as a whole. Here at State College it is the expressed hope of the campus chapter that faculty interest in the academic policies of the college can be stimulated so that the faculty will take action, through appropriate channels, to strengthen further the academic standards of the school, and to gain active participation of the faculty, so that the highest academic atmosphere may be created and maintained.

## Problems

The problems with which A.A.U.P. is concerned are primarily of a broad academic nature. In many colleges, however, it is the medium through which school policies are initiated, discussed, and

formulated. Through forum discussions among members, administrators, and students, many chapters often solve problems pertinent in their individual school in a manner satisfactory and informative to all three "factions."

Many of the questions they consider are quite interesting and important to the individual student. Such questions as: Is the term system, or the semester system, the best method of academic year division? Is the "C" rule desirable? Should a student be limited in the number of credit hours he may take? Is every student properly advised? and many others. Working through committees and general discussions, the A.A.U.P. today is providing the answers to many problems confronting the teaching profession, and educational system of the United States.

## Council Approves Move To Request All Mop-Up Profits

The following petition concerning the administration and disposition of Mop-up profits was unanimously adopted by the members of the student government council at its regular Tuesday meeting.

## UNESCO Sees Peril In Censorship On Nation's Campuses

"On the college campus a serious effort should be made to protect and extend an atmosphere permissive to free discussion, recognizing that the political phenomenon best known as McCarthyism and all other forms of censorship, loyalty oaths and restrictions on speakers are furthering apathy and fear of speaking freely on all issues."

This statement, reported Assistant Dean of Students Banks Talley, was the most important expression of opinion at the recent UNESCO conference in New York.

The meeting, the third national conference of the National Commission of UNESCO, was called to bring together a group of leaders broadly representative of American life, to consider ways to improve the nation's understanding of world affairs. Dean Talley and Dean Henry Kamphoefner of the School of Design were both delegates to the session.

The conference was held February 27 through 31. Two thousand invitations were extended to persons who attended as representatives of organizations interested in the United Nations. Dean Talley attended meetings of a sub-section called the College Youth Group.

This group adopted recommendations "to overcome the indifference and even outright opposition that exist in certain educational circles" toward the development of international relations.

## Ag Club Names Leaders

Five young North Carolinians are the newly-elected officers of the Ag Club, an organization composed of all students in the School of Agriculture.

Duncan Pace of Selma, vice-president; and David Knox of Cleveland, president. Zane Blevins of West Jefferson, reporter; Paul Wagoner of Gibsonville, program chairman; and Johnny K. Atwell of China Grove, secretary.

"We the undersigned students of North Carolina State College do hereby petition the Board of Trustees of the Consolidated University of North Carolina that the Administration of State College be authorized to expend the net profits from the Student Supply Stores for the development of cultural, recreational, and social facilities which will be available to all students; and that the allocation of these funds to student activity projects be made on the recommendation of the Student Council with the approval of the administration.

"This request is made in view of the dire need for additional facilities in the above three fields as indicated by student requirements, requests, and campus surveys during the 50-51 school year based on a comparison of similar schools and colleges."

The petition, already shown to Chancellor Harrelson and Gordon Gray is to be presented to the Board of Trustees at their February 29 meeting. The Chancellor appeared most enthusiastic about the petition and Gordon Gray promised C. G. president Pruden that it would be given a fair hearing when the trustees meet.

Faculty representative, Dr. York, stated that the faculty should be given an opportunity to endorse the petition also, since he felt that a great many of them were in sympathy with it.

The petition will start circulating at the next mass meeting to be held within the next two weeks. Chancellor Harrelson advised Pruden that better than 85 per cent of the student body's signatures should appear on the petition so as to give it definite amplification.

Louis Hine, ever the voice of moral indignation, rose to the occasion and stated that he and his fellow students would be stupid to allow the Mop-up situation to continue any longer. Not one college official has ever offered an explanation as to the disposition of all the Mop-up profits.

Fifteen per cent of the net profits have been allocated to social, cultural and recreational projects. None of this percentage figure has ever been received. The remainder of the profits, long a point of controversy, are designated for athletic scholarships. To exactly whom the profits are apportioned is a matter of conjecture.

## Indonesian Diplomat Feted As WSSF Drive Nears Start

The Republic of Indonesia's first ambassador to the United States, Dr. Ali Sastroamidjojo, delivered a formal address in the William Neal Reynolds Coliseum at noon today.

Prior to his address, the Army and Air Force ROTC Units at State College presented a full dress parade and review in honor of the visiting diplomat.

Ambassador Sastroamidjojo, a key figure in Indonesia's nationalist movement, spoke in connection with the World Student Service Fund drive. Donations to the WSSF from State College, the University of Chapel Hill, and Woman's College will be combined and sent to the University of Indonesia in honor of former University President Frank Graham, the UN mediator in the Dutch-Indonesian dispute.

It marks the first time that the branches composing the Consolidated University have pooled their WSSF contributions for a particular project. The WSSF is an American effort to bring relief to distressed students and faculty members at foreign colleges and universities.

On January 23, 1950, Sastroamidjojo was appointed by President Soekarno as the first Ambassador to the United States. Sastroamidjojo has been closely associated with the Indonesian nationalist movement.

(Continued on Page 2)

## Three Voted In CG

For its second appetizer before getting on to the main course of the day, C.G. sampled new members qualifications. Two cavities in the faculty set of members were filled. From the four nominees, the Messrs. Selz Mayo from the department of rural sociology and Ruddell Reed from the School of Textiles were selected to fill the unexpired terms of the vacated posts.

A motion stating that a letter be sent to the various schools' honor councils was then passed. The letter was to notify the schools that they should elect replacements to fill vacant posts within two weeks. This was done in order that the new members could sit in at the council's next meeting.

VAN DYKE—Sporting the jaunty beard that recently caught the eye of the NEW YORKER, here's Ali Sastroamidjojo who spoke in the Coliseum this afternoon.

## NCS Frats Ranked High In National IFC Study

During the 1949-'50 school year the Inter-Fraternity scholastic average for N. C. State College fraternities was 13th in the nation. This record is made even more outstanding in view of the fact that it was made at a technological school competing with 181 major schools throughout the nation.

Only one school in this area, Duke, placing 9th, had a higher average than did NCS. It would seem that there was no exchange of "Poop" with the brothers over on the Hill, for they could do no better than 162nd.

As far as individual rankings on this campus are concerned, it looks as though the Phi Kappa Tau brethren burned more of the midnight oil: second, Alpha Gamma Rho; third, Sigma Nu; then Sigma Alpha Epsilon, Sigma Alpha Mu, Phi Epsilon Pi, Theta Chi Colony, Pi Kappa Phi, Tau Kappa Epsilon, Pi Kappa Alpha, Sigma Chi, Kappa Alpha, Delta Sigma Phi, Sigma Phi Epsilon, Student Body, Lambda Chi Alpha, Kappa Sigma, and Sigma Pi in that order.

## CG Votes Aid to Print New Student Directory

For the forepart of its Tuesday meeting Campus Government took up the two-week old business of subsidizing the Student Directory, 3,000 issues of which are due to leave the printers this week.

At its previous meeting, C.G. had heard motions and amendments to the effect that the Y, which undertook the project in spite of a deficit budget, would be allocated \$200 from the C.G. activities fund. The motion, which had been tabled, was passed after C.G. made a more careful estimate of its own financial needs. Said one member, we could perhaps afford to give the "Y" more money, but we had best play it safe."

A second motion stipulating that additional funds would be taken from non-academic fees, which for our reader's edification, C.G. administrators, was passed.

## alma mater

Campus Government President Buck Pruden received the final draft of the faculty evaluation form last Tuesday, and indications are that the program will be held before the end of the winter term.

Unfortunately, due to a lack of funds, the forms will not be handled as comprehensively as in previous times when they were mathematically graded and an overall standing in all departments was determined. Instead, this year the forms will be given to the individual professors who, it is hoped, will study their contents carefully. However, it is to be stressed that the forms will only be seen by the professor concerned, and not by any other personnel, so that the good to be gained is completely up to the individual.

We urge the students to fill out their forms with great care, and to subordinate their own personal likes and dislikes to a careful analysis of the professor, so that the forms will be of great assistance to those who study them.

We likewise urge the faculty to receive these blanks in the same spirit of helpfulness with which they are submitted. The best judge

**DIPLOMAT FETED—**

(Continued from Page 1)

A leading figure in the Indonesian Republic Government, he served for two years as its Minister of Education and Culture. He also played a prominent role in the extended negotiations with the Dutch, which culminated in December, 1949, with the transfer of sovereignty to the United States of Indonesia.

As a student in Holland, Sastroamidjojo was highly active in the Indonesian Association, an organization dedicated to Indonesian independence. On one occasion he and a group of other students were arrested and imprisoned for six months on a charge of instigating rebellion against the Dutch Government. This incident and later trial in The Hague was said to encourage the nationalist cause throughout Indonesia.

On August 17, 1945, (three days after the Japanese surrender) Indonesian independence was proclaimed and the Republic of Indonesia was set up at Batavia (now renamed Djakarta):

In his first Cabinet, President Soekarno appointed Sastroamidjojo Deputy Minister of Information. Later Sastroamidjojo was made secretary-general of the State Defense Council at Jogjakarta. In the spring of 1947, he was sent on his important diplomatic mission as a member of the Republican delegation to the Inter-Asian Relations Conference at New Delhi, India.

**Brogans Not Black Tie In Order At Ag Dance**

The official dance for the school of agriculture will get underway Saturday night promptly at 8:30 o'clock. The "Barnwarming" is an annual affair held during the winter term. It has become somewhat of a tradition in the School of Agriculture, and everyone looks forward to donning their blue-bibbed overalls and taking their favorite miss down to "Squire Miller's" barn for some square dancing.

The dance is "formal" with a gingham connotation for the girls and blue-bibbed overalls for the boys. Some lucky boy's date the "Queen of the Barnwarming" will rule supreme for the evening.

"Squire Miller's barn" (Frank Thompson Gymnasium) will be decorated with all the incidentals that go to make each person feel at home. Brogan shoes and "corn" will be the order of the day.

Last year's participants may recall having seen a cow-laden tractor trailer wind its way across the dance floor.

### IE Seniors to Survey Campus Problems

Seniors in Industrial Engineering and Furniture Manufacturing will soon begin surveys of many campus services and problems. The surveys will furnish material for seminar papers in I.E. 452.

The sixty-one members of the class have been divided into three man teams. Each team is to work on a problem of their own choice.

Under ideal conditions the problems would be concerned with production or manufacturing but in the Raleigh area this is impossible. The teams have chosen instead such subjects as campus parking and lighting, infirmary organization and policies, janitor service in Riddick, the cut system at State and many others of a similar nature.

Facts will be gathered on each problem, carefully analyzed and a report presented giving recommendations for improvements in efficiency or services offered where they are indicated.

The reports are not meant for publication and are designed solely to give the students experience doing the type of work which may face them after graduation.

### GUSC Constitution

#### Pep Club Plans GU Day

Harvey Wilkinson, President of the Pep Club announced that that organization, at its Tues. night meeting formulated plans for Greater University Day. The function, sponsored jointly by C.G. and the College Union will be held on the campus on Feb. 23.

A deputation, 400 strong, from the Women's College will arrive at the "Y" by bus at 4:30 for the affair. The Carolina cheerleaders will form the vanguard of a Chapel Hill convoy.

The cafeteria will be opened at 5:20 to accommodate the early arrivals. Before eating, however, the visitors will be invited to join in a cheering session to be held on the lawn in front of Leazar Hall.

A dance, beginning at 6:15 will follow in the gymnasium. It will last until the State-Carolina basketball game begins.

The entire student body of NCS is encouraged to attend the cheering session and the dance.

Following through with plans made during a November meeting, the Greater University Student Council is ready to present its revised constitution to the schools for ratification.

The council's new name is *The Student Council of the Consolidated University of North Carolina*. Its purpose is clearly defined "to represent the opinion, interest and welfare of the student body of the SC-CUNC . . . to coordinate activities" and "to pass laws affecting students of SC-CUNC subject to student legislating bodies of the three branches."

Buck Pruden, Campus Government president and delegate to the Council, feels that the new constitution is intended to put some life into the functions of the Council and to revamp the organization that he calls "little better than a social club." According to the existing constitution the Council's function is "to develop a friendly spirit among the students and to foster inter-institutional meetings."

The new Student Council constitution as stated in the preamble will "fulfill the needs of consolidation on the student level." As in the past the Council will consist of 33 members. Of these members an executive committee will be set up to represent the SC-CUNC in matters relating with the administration of SC-CUNC. Two members from each school, the President of the Campus Government and the delegation chairman, along with the President of the SC-CUNC will comprise the executive committee. The revised constitution is in the final stage and will be ready for ratification by the Campus Governments at the end of this term, according to Pruden.

#### Of Queens and Bishops

A Campus-Wide Chess Tournament is being sponsored by the College Union. Trophies will be given the winners.

A sign-up sheet is posted in each dormitory and at the YMCA. Everyone who is a registered student at the college is qualified to register. The tournament will be held in Berry and Tucker social rooms and at the YMCA.

# new Parker "21" pen

## only \$5.00

It's precision-built by the makers of world-famous New Parker "51". Offers the smart style . . . smart features . . . of pens selling at twice the price.

It's the low-cost pen that will never let you down! No scratching! No skips! No blots!

New "21" has the smooth-gliding Octanium point . . . a patented ink control . . . new fast-action filler. The ink supply is visible . . . and you get real protection against leaking.

Ask your favorite pen dealer now to show you the New Parker "21"—the most popular \$5.00 pen. It's the "what's new in school." Lustraloy cap. Choice of points. Colors: blue, green, red, black. Set—pen with matching pencil—\$8.75. You'll do better this time by buying a New Parker "21"!

NOTE: Prices subject to F. E. Tax.

And—when it's time to hint for a gift—hint for the finest of all: New Parker "51".

New Parker "51" and "21" Pens "write dry" with Superchrome Ink. No blotters needed! (They also use any other fountain pen ink.)

"Steps for filling are few and far between. It's like my new '21' Pen."

"You've got a grip like that new '21' clip!"

"He's got such a smooth line!"

"For a smooth line, I'll take the new '21' any day."

"He's as easy to see through as the 21's Pl-glass reservoir."

# With The Greeks

By FRANK GOODE

Congratulations are extended to the many new men who have recently pledged to fraternities. Phi Kappa Tau held their pledge initiation last Monday evening, initiating the following men; Dave Finely, Tom Ellington, and C. R. Dennis. Pi Kappa Phi also held

their pledge initiation last Monday evening. The men giving their pledges were: Ronnie McLean, Bill Johnson, Ronnie Thomas, Harold Tolbert, Doug Julian, Reg Newbon, and Aleck Anthony. Pledged to Theta Chi were: MacDonal Bland, and Joe Moore. Kappa Alpha's new pledge class consists of the following men: Skip Gentry, Jim Whitner, A. J. Cavanaugh, and Tommy Dunlap. Don Smith became a regular Teke.

Pi Kappa Alpha held their yearly elections last week and the new slate of officers was formed. The officers for the coming year will be: President, Tommy Ward; (Continued on Page 5)

REPRODUCED FROM MAY, 1950 WATAUGAN

## Would You Look Back?

In the spring of 1950 the critics jabbed their barbs into The Technician for failing to pursue a stated and enthusiastic editorial policy. Now the barbs are into The Technician again, but this time from those who feel that they have been injured by this paper's editorial policy.

On September 21 it was stated that "The Technician will adhere to a vigorous editorial policy of this year's staff and editors to support the causes and programs which are most in the interest of the student body."

It is unfortunate that a policy of defending students' interests should lead to conflicts with other groups influential in college affairs. State College can continue to develop

only through the cooperation of students, faculty, administration and alumni. However, when there are differences of opinion it is the interests of the actual campus citizens which must prevail.

It may be that The Technician has misinterpreted the desires and interests of those whom it seeks to support. Were this the case, however, this paper's major detractors should be found in the student body and among the members of the teaching faculty. To date, though, the dissenters have come from the factions whose interests are necessarily secondary in importance.

Consequently, until the students, administration and faculty make their displeasure known The Technician will continue its present editorial policy.

## To Whom It May Concern

Twenty-five faculty members met last week in a luncheon meeting to discuss the question, "what, if anything, can be done to improve college spirit, to uplift student morale, and increase student pride in State College?"

The Technician wishes to compliment the twenty-five who attended for their sincere interest in the welfare of the college. Hackneyed, but true, is the thought that actions speak louder than words, and this group has demonstrated that they, at least, plan to alter the present unpleasant situation.

However, there are always two sides to every picture, to once more quote an old adage, and The Technician would also see this group look into its own backyard before advancing across the street. We use "its" in the collective sense, and we do not mean to infer that any faults lie within this group, but we do mean that there are inconsistencies in sections of the faculty.

The faculty has continually refused to be cognizant of the fact that the students in their classes are not there under duress nor are they public wards. They are rather individuals who are willing to spend four years, materially unproductive, because they have faith in a system of higher education.

## Two on the Aisle

There are those radicals in the educational world that actually feel that the present system of required attendance in classes could safely be done away with. The Technician realizes that its reputation is at stake, but it too wishes to be classed as such a radical.

It was stated elsewhere on this page that students are neither in class under duress nor are they public wards. Continuing in this spirit then, it should be up to the individual student to determine their own policies pertaining to class attendance.

The administration has expressed their willingness to cooperate in relaxing some of the stringency of the present cut system, and their further study of this problem will be very much appreciated. Naturally, a complete relaxation of such a system would be unwise, for students in their earlier years are not fully aware of the importance of class attendance. But, as a student enters his third and fourth year in college, he is aware of his capabilities and shortcomings, and the demands of his classes.

This is the case where the system can and should be curtailed.

If nothing else, the gate will be a good indication to the professors just how well they draw a "non-captive" audience.

**Slice of Life Sunday**

As their regular Sunday offering this week the College Union Film Committee will present "Of Mice and Men." Starred in this screen version of John Steinbeck's short novel are Burgess Meredith and Lon Chaney, Jr.

All students, faculty and staff are cordially invited. Students are admitted with registration cards. Faculty and staff members must present college union membership cards. All dates, wives, and children are admitted free.

The time is 2:30 Sunday, February 10 and the place is the Textile Auditorium.

**WITH THE GREEKS—**

(Continued from Page 4)

Vice President, Tommy Lassiter; Secretary, Bob Jones; Corresponding Secretary, Jim Skull; and Social Committee Chairman, Buddy Flynn.

**Initiated**

Formally initiated into Sigma Chi last week, were the following men: Dan Watkins, John Collar, George Pressley, Neil Alexander, Gene Raney, Gene Cox, Art Van Horn, Bob Pitman, and Clyde Brian.

Rushing continued this week with three fraternities having parties. On Wednesday evening a smoker for rushees was held at the Phi Kappa Tau house. Tau Kap-

pa Epsilon will hold a rush event this evening in the form of a mixed party. Dates will be on hand, for the rushees, from the Raleigh women's colleges and hospitals. The feature of the evening will be a magician, performing interesting and amusing tricks. Also this evening, a smoker will be held for rushees at the Sigma Nu house.

Lambda Chi Alpha held their Monday night meeting at the Club Carlyle this week. They are planning a Friday night party and get-together for this weekend. Pi Kappa Alpha is also planning a large party for this evening.

On Saturday evening, after the Barn Warming, Alpha Gamma Rho will entertain their dates with an informal party to be held at the house.

**Greek Week**

The interfraternity council announces the third annual Greek Week from Feb. 10-16.

Greek Week is a cooperative project among the 17 fraternities on the campus. As such it offers a great many opportunities to learn more about the other Greek letter groups. An appraisal of the past and projected plans can be discussed in an atmosphere of congeniality. Also provided for is a time to make a critical, but at the same time constructive analysis of all the fraternal activities.

A program orientation follows: Sunday, Feb. 10—Group Church attendance.

*Campus Interviews on Cigarette Tests*

No. 35..

**THE LARGEMOUTH BASS**

Always a sucker for attractive bait, our aquatic brother went off the deep end and got caught on the quick-trick cigarette hook! But he wormed his way out when he suddenly realized that cigarette mildness can't be tossed off reel lightly. Millions of smokers have found, too, there's only one true test of cigarette mildness.

It's the sensible test—the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke on a day-after-day, pack-after-pack basis. No snap judgments! Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...

After all the Mildness Tests...

**Camel leads all other brands by billions**

What's the difference between a "filling" station and **MORRISSETT'S ESSO** station at 2812 Hillsboro Street? It's the difference between just "gas" and "oil" ... and the high quality **ESSO** and **ATLAS** products. It's the difference between just a "grease job" ... and thorough, expert lubrication. Yes, you get something more at **MORRISSETT'S "Happy Motoring"** store. Drive to the Esso sign at 2812 Hillsboro Street.

# Pack Beats Pittsburgh And Villanova; Lose To W & M At Norfolk, 3rd Year

## State Downs Pitt 62-54, Rough Game

In a game that more closely resembled some new type of football played on a basketball court, State struggled to their fifteenth win of the season by besting the University of Pittsburgh 62-54.

The Pittsburgh team missed by four personal fouls being the roughest team to ever play in the Coliseum. That dubious honor is held by Tulane, and was set at 35 when they played State in the 1950 Dixie Classic. Freshman Center James McClure of Pittsburgh came into the game in the second quarter and went out on five personals near the end of the same period.

### Pats on Show

State dropped behind early in the game, but by the end of the first quarter the Wolfpack had come from behind to lead by two points,

## Pack Gets Revenge Wins Over Cats Speight Hits 27

By BOB PHELPS

On Saturday night the Wolfpack gained revenge for a defeat earlier in the season as they bested Villanova 71-69.

It marked the seventh meeting between State and the Wildcats in the past four seasons and was only the second time that the Wolfpack was able to do the trick.

### Case Phones Instructions

With Coach Everett Case, who was suffering from a sinus infection, telephoning instructions to Assistant Coach Butter Anderson on the State bench from a radio booth, the Wolfpack took a 42-32 half-time lead and were never headed until late in the game.

## Wolfpack Drops First Conference Tilt 70-61

An old jinx continued to plague the Wolfpack, as they dropped their first game in Southern Conference competition this year to William and Mary by the score of 70-61.

It was the same old story that it has been for the past couple of years, with the State team going up to the Norfolk "cracker box" to lose to a team that they had previously beaten in the Coliseum.

The loss to the Indians will probably cause the Wolfpack to finish the season in second place in the Southern Conference standings since West Virginia is currently riding along with a record of 7-1 and is favored to take all of their remaining games for a 15-1 record. If State wins all of their remaining games in Southern Conference competition their record would be only 13-1.

# the Technician SPORTS

JOE BENNETT, Sports Editor

Probably one reason for the Wolfpack's bad showing against the Indians is the fact that this game made their third tough game in four nights.

State was only one point behind at the end of the first half with the score at 35-34, and were able to pull up within three points of the Indians at 55-52 with about seven minutes left in the game. At the four minute mark the score was William and Mary 65-State 53. Then in the space of about a minute the Wolfpack scored seven points and the score was 65-60. In the remaining three minutes State could score only one more point.

The leading scorer for State was Bobby Speight who pushed in a total of 17 points.

State	G	FT	PF	TP
Kukoy, f	2	4	5	8
Tyler, f	2	1	5	5
Speight, f	7	3	5	17
Cook, f	2	1	0	5
Thompson, c	6	2	3	14
Buchanan, c	0	3	0	3
Yurin, G	1	2	5	4
Morris, g	0	1	2	1

**TERRILL STOPPED AT LINE OF SCRIMMAGE**—Wolfpack Captain Lee Terrill comes up with loose ball in action during the second half of the State-Pittsburgh game. This play resulted in one of the 32 personal fouls called on the Panthers and 51 called on both teams in one of the roughest games ever played in the Coliseum. Tulane holds the record of 35 fouls called against it in the State-Tulane game during the 1950 Dixie Classic. Watching the action is State's Bobby Speight and Bill Kukoy and two unidentified Panthers. Photo courtesy of News and Observer.

14-12. From that time on the spectators were treated to the best show since the Harlem Globetrotters were in the Coliseum last December. Coach H. C. (Doc) Carlson put on an act that consisted of alternately sitting morosely on the bench bemoaning his team's fate and jumping up to protest the referee's decisions. The versatile coach also included towel waving and kiss throwing in his itinerary. He even spoke to the crowd at half-time over the Coliseum's loud-speaker system. If he had not been smiling when it was all over, his performance would have been the equal of "Krying Kenny" Loeffler's when he brought his LaSalle team down here last year.

By the end of the half, the Wolfpack had opened up a ten point lead at 33-22. At the end of the third quarter the score was 49-39 in favor of State.

### State's scoring:

	G	F	PF	TP
Kukoy	7	1	2	15
Thompson	5	3	4	13
Brandenburg	0	0	0	0
Cook	0	1	0	0
Tyler	1	2	2	4
Speight	5	4	3	14
Terrill	1	4	2	6
Yurin	2	4	5	8
Goss	0	0	1	0
Jackmowski	0	1	1	1
Totals	21	20	19	62

With about three and a half minutes left in the game a long push shot by Sam Glassmire made the score 67-66 in favor of Villanova, but seconds later Bill Kukoy canned one to put State ahead 68-67. A free throw with about three minutes remaining by Hennessey tied the score at 68-68, but Mel Thompson's push shot thirty seconds later put State ahead to stay.

### Speight Gets 27

Bobby Speight's 19 points in the first half and 27 points on the night were instrumental in the Wolfpack win. Captain Lee Terrill was as usual the floor leader and was particularly sharp when the State team was freezing the ball to protect their slim lead in the last minute and a half of the game.

### State scoring:

	G	FP	F	TP
Kukoy	4	3	5	11
Thompson	4	1	4	9
Buchanan	1	0	0	2
Brandenburg	0	1	0	1
Cook	0	1	1	1
Tyler	1	0	3	2
Speight	11	5	3	27
Terrill	4	4	1	12
Yurin	1	0	5	2
Jackmowski	2	2	0	6
Totals	28	17	22	71

State free throws missed: Speight 5, Thompson 5, Kukoy 2, Yurin 2, Buchanan 1, Tyler 1, Jackmowski 1.

**Frat Intramurals**

By FRANK GOODE  
 The basketball games are becoming more heated as the season rolls on and the fraternities fight for their places in the finals.  
**Sigma Nu Wins**  
 In a low scoring game that featured "control ball" on the part of the winning team, Sigma Nu won over Sigma Phi Epsilon by a close score of 18 to 15. Millsap, with 4 out of eight free throws, led the SPE's, while Buckman, with nine points, proved to be the scoring backbone for the Sigma Nu's.  
 Ward and Lassiter banded together for 27 of Pi Kappa Alpha's 36 points, as they won over Alpha Gamma Rho by a score of 36 to 23. AGR's top scorers were Haddock with 7, and Knox with 5.  
**Phelps High**  
 Sigma Pi bowed out to Tau Kappa Epsilon as the TKE's won with a twenty point spread. Phelps, with 13, and Pettinelli, with 8, spearheaded the TKE's attack as they

**Teams Battle For Tournament Seat**

The basketball lull is over in the Southern Conference. The league's 17 teams will settle down to business this week to scrap out for berths in the annual tournament in the Coliseum, March 6, 7, and 8.  
 Only four teams have anything that resembles a lock on invitations to the dribble derby. They include North Carolina State's Wolfpack, leading the loop with eight wins and no defeats; West Virginia's Mountaineers (7-1), Furman's Purple Hurricane (8-4), and George Washington's Colonials (6-3).  
 State, the defending champion, has six remaining circuit clashes. The Wolfpack has already beaten all of the six teams which will furnish the opposition. Only three of them—Duke, North Carolina, and Wake Forest—offered Coach Everett Case's aces any trouble.  
 West Virginia, boasting the league's finest overall record with 14-2, still has eight conference games ahead.  
**Furman Finishes**  
 Furman ends its conference campaign this week. The Hurricane's two remaining tilts could be tough ones, but even if Furman loses both games, sharp-shooting Frank Selvy and his mates would still finish with a 8-6 mark.  
 George Washington will be the busiest team this week. The Colonials, smarting from two successive defeats, have several push-overs left on their schedule.  
 Duke's Blue Devils (6-3) gave their tournament chances a badly-needed shot in the arm Saturday night by knocking off George Washington, 89-74. This victory could mean the difference between the Dukes playing in the tournament or watching it from the side.

(Continued from Page 7)

lines. Dick Groat, the Duke Captain, put on his fanciest shooting exhibition with a 46-point performance. His total broke the Duke individual scoring record of 37 points he set last year.

South Carolina's Gamecocks boosted their conference record to 5-2 with an easy 76-59 triumph over The Citadel. William and Mary, likewise, kept its tourney hopes high by outscoring Virginia Tech, 85-79, for the Indians' fifth win against three losses. Clemson routed Davidson, 67-49.

**State Wins**

North Carolina State was the only one of four conference teams taking on outside opposition able to notch a victory. The Wolfpack gained revenge from Villanova, a team which whipped it by 15 points two weeks ago, by 71-69. State forward Bob Speight sank 27 points. State also downed the University of Pittsburgh, 62-54, in a rough and tumble game in which tempers flared several times.

West Virginia suffered its second defeat in 16 games. Penn State edged the Mountaineers, 61-60, and limited their high-scoring center, Mark Workman, to a mere 13 points. The licking snapped West Virginia's 12-game streak.

Despite Dickie Hemric's 26 points, Wake Forest's Deacons bowed to St. Joseph's at Philadelphia, 78-71.

**FRAT INTRAMURALS—**

(Continued from Page 7)

racked up a 42 to 22 victory. Hitting for Sigma Pi was Craig, with 6, and Tayloe, with 5.

Trogdon and Webster led Sigma Alpha Epsilon to a 21 to 11 victory over Delta Sigma Phi. Saville and Trulove provided the scoring punch for the Delta Sig's.

The Lambda Chi's squeezed by the Kappa Sig's with a narrow one point margin. Carrow, cutting the nets for 6, and Holmwood, for 4, were Lambda Chi Alpha's mainstays as they won over Kappa Sigma by 18 to 17. Long was high scorer for the game with 7 points, teaming with Casler he led the Kappa Sigma team.

Lynch and Helms, with 8 and 5 points respectively, piloted Phi Kappa Tau to a win over Pi Kappa Phi. Story, Johnson, and Goldner shared point honors for Pi Kappa Phi. The final score was 20 to 14.

**Table Tennis**

Sigma Chi and Phi Epsilon Pi will battle it out in table tennis for the right to compete with Pi Kappa Alpha in the table tennis finals.

**Swimming Team**

By CHARLIE MOORE

Coach Willis Casey's swimming team took its sixth straight win in a row by overwhelming Davidson's Wildcats, 46-38, in Frank Thompson pool on Monday afternoon.

A new Southern Conference record was set in the 220 yard freestyle by freshman Bob Mattson of State. He did the swim in 2:11.8. The old record of 2:14.1 was set by U.N.C.'s Jimmy Thomas in 1951.

In a preliminary meet, the Wolfpack Junior Varsity nosed out Norfolk Naval Training Base, 43-41.

On Thursday, February 7, the Wolfpack journeys to Chapel Hill, N. C. to meet the strong University of North Carolina. Both teams are undefeated, and State presents its strongest bid in years to upset the Blue Dolphins.

The summary for the Davidson meet:

300 medley relay: 1. State (Dunlap, Dayton, Yost). Time: 3:18.8.

220 freestyle: 1. Mattson (S), 2. Cole (D), 3. Taylor (D). Time: 2:11.8. New Southern Conference record. Old record, 2:14.1, set by Jimmy Thomas of Carolina in 1951.

50 freestyle: 1. Sonia (S), 2. Stewart (D), 3. Shaw (S). Time: :23.7.

150 ind. medley: 1. Martin (S), 2. Ormond (D), Stainback (S). Time: 1:49.8.

Diving: 1. Stenberg (S), 2. Duke (S), 3. Hull (D). Winning points: 104.1.

100 freestyle: 1. Kost (S), 2. Paten (D), 3. Stewart (D). Time: :58.2.

200 backstroke: 1. Dunlap (S), Bryan (D), Stiefel (D). Time: 2:18.8.

200 breaststroke: 1. Arata (S), Crone (D), 3. Montgomery (D). Time: 2:25.9.

440 freestyle: 1. Cole (D), 2. Ormond (D), 3. Sweet (S). Time: 5:54.

400 freestyle relay: 1. Davidson (Stewart, Golding, Taylor, and Paten). Time: 4:10.4.

**Dorm Intramurals**

By JIM TWYFORD

Turlington Continues to Win  
Turlington No. 2 continued on its win streak by downing Welch, 39-12. It never was a fight as Turlington led off with a fast break and outran the Welch lads. Scofield led the Turlington Terrors with 18 points, but was ably backed up by Stephenson and Smith. The fine defensive play that held down the Welch score was a team victory. Turlington now leads Section 4 with a 3-0 record.

Bagwell Overpowers Turlington  
The boys from Bagwell No. 2 got revenge on the country boys from Turlington N. 1 by a 28-17 margin. Bagwell used a varying defense, first a zone and then a pressing game, to outplay Turlington. Moore and Stevenson close behind.

Tucker and Sink Beat Bagwell  
Tucker No. 2, led by Sink with 22 points, took a close victory over Bagwell No. 1 by a 30-27 score. Tucker, with a lot of height, got off to a quick lead, but had to fight off a rally by Bagwell to gain a close margin in the last few seconds. Kilian and Lowe were high scorers for Bagwell with 10 and 8 points respectively, but they were not enough to keep up with Sink.

**Becton Edges Owen**

Roper of Becton dropped in a lay-up with less than a minute to play to give Becton No. 2 a 31-29 victory over Owen No. 2. Owen led throughout the game until the last three minutes when Becton tied it up and went on to win by two points. For Becton, Dula had 10 points, Raper 9, and Dobbins 7.

Berry Runs Over West Haven  
Berry used the running game to tire out the old men from West Haven and gain a 36-25 victory. Young was the high scorer for Berry. Buff was the outstanding player for West Haven.
