

CG Ballot Includes U. S. President

Spring Campus Elections To Include Poll Of Presidential Preference

An interest in national politics was sparked in CG's Tuesday meeting as the Council considered and then approved a motion by Technician sports columnist Pat Downey concerning an addition to the regular ballot to be used in the April primaries.

The Downey proposal would allow the students and faculty to choose their favorite presidential candidate from a list containing all the known presidential aspirants, no matter what their party. Also on the ballot would be a place to mark the voter's party affiliations, if any; a place to mark whether the voter was student or faculty and a write-in vote space.

Columnist Downey pointed out that the inclusion of this ballot on the regular campus ballot would stimulate interest in the national election, and perhaps provide the College with some favorable publicity, which, he noted, we have little enough of.

The results of the poll would also show:

1. A comparison between faculty and student thinking on the Presidential issue.

2. The ratio of Democrats to Republicans.

3. The number of voters who would be willing to jump the party line.

4. The people's choice.

A similar poll, conducted at more than a score of colleges throughout the country, shows Eisenhower the favorite at 19 of every 20 colleges listed.

Estes Kefauver, of crime investigation fame, is gaining favor as a Presidential candidate among the students, while Earl Warren's popularity has eared.

Eisenhower is weakest in the Midwest, where Taft and Stassen are. His best support is in the South and East. At the University of Connecticut he polled 57 per cent of the vote. At the University of Texas he rolled up 53 per cent. And, of course, everyone knows what happened in Minnesota.

alma mater

Organizations on this campus complain continually and bitterly about the lack of student interest in outside, extra-curricular activities, and for the most part such a condition of apathy does exist. However, to diagnose the case is only half the battle, and for the most part these organizations have not even begun to diagnose their trouble.

Campus Government perhaps came closest to it at their meeting last Tuesday when they entertained a motion to choose a press representative to release stories and releases on the activities of the student group. Publicity is highly important on a campus, especially where the studies of the students are so widely diversified as they are here, and where there is no sure medium of contacting the entire student body at one time.

Unfortunately the existence of a student campus weekly cannot possibly give adequate coverage to all organizations due to definite space limitations, and due also to the fact that some organizations neglect to notify *The Technician* about their activities. Through the intelligent use of publicity, in the hands of an interested party, an organization can widen its scope beyond the fondest hopes.

Notices of the multitude of organizations on this campus never find their way out of the narrow sphere of its own present members, and with such a situation growth (Continued on Page 2)

State College Station, Raleigh, N. C., April 4, 1952

137-139 1911 Building

Harold Williamson, '51, Shot To Death In Texas

A young paratrooper is being held in a Lampasas, Texas, jail in the fatal shooting of Harold B. Williamson, 1951 electrical engineering graduate. Williamson was on duty as a second lieutenant with the 82nd Division participating in the Army's "Longhorn" maneuvers.

Williamson was killed as he ate lunch, by a 19-year-old Baltimore soldier who had "decided the best way to get out of the Army was to kill a man." He had previously told Army psychiatrists that he would kill a man if he had to, to get out of the Army. But they didn't believe him.

Offered a regular commission in the Army upon graduation last June, Williamson was a student leader while in college. During his last year he was secretary-treasurer of Blue Key, president of Theta Tau and a lieutenant colonel in the ROTC. In addition he was a member of the Red Coat Band, A.I.E.E., Eta Kappa Nu, Tau Beta Pi and Scabbard and Blade.

Lt. Williamson entered the Army in July, 1951, at Fort Monmouth, N. J., after graduating from State with honors. He was then sent to Ft. Benning, Ga., and from there he was sent to Fort Bragg where he was attached to the 82nd Airborne Division.

The Theta Tau banquet in January was the last campus event that Williamson attended, according to his friends on the campus.

Lt. Williamson

The young officer was a son of Mr. and Mrs. W. Harvey Williamson, who live near Washington, N. C. In addition to his parents, he is survived by three brothers, William Harvey Williamson of RFD, Washington, Jacob A. Williamson of the U. S. Navy in San Francisco and Edward Williamson who lives with his parents.

Union Enters Elections

The Directorate of the College Union voted Wednesday night to leave the selection of the Union president up to the student body in the spring elections. The April 30 final elections will find Jim Milam and Dick Pitts on the ballot as candidates for the job.

The Union organization is presently operating without a constitution and the method of selecting a successor to Jack McCormick, the Union's first president, was decided only after lengthy debate. The debate centered on the question of whether the Directorate or the student body should make the final choice.

The final decision was for the Directorate to eliminate all but two candidates. These will be placed on the ballot for the general campus election and the candidate receiving the largest vote will become the Union president. The second man will automatically become vice-president.

Pitts, a junior in industrial engineering, is currently vice-president of Campus Government. Milam, a fourth year student in architecture, is Union Music Committee chairman.

President Gray III

Consolidated University President Gordon Gray is confined to his home with a respiratory ailment. He was to have addressed the A.S.M.S. student convention on Monday.

Council To Work On Constitution

"It is my earnest hope that the Campus Government Council will concern itself mainly with the revision and acceptance of the new Constitution during the present term," stated CG President Buck Pruden during the Council's Tuesday noon meeting.

The proposed Constitution is, at the present time, in the hands of a revision committee headed by Joe Mason. Another revised Constitution, that pertaining to the Greater University Student Council is also under consideration by CG members.

Because of the brevity of the Tuesday meeting, however, neither came to the floor for a reading. President Pruden encouraged all CG members to acquaint themselves with the contents of the G. U. Constitution, copies of which are available in the Campus Government office.

At the last meeting before vacation, the Council heard the first reading of several temporary revisions of the Constitution which is presently in force. At the second reading, required before acceptance is possible, the revisions were unanimously approved.

Treasurer Dick Pitts then read a financial statement which listed, among other things, a \$150 expenditure for Greater University Day and another \$200 which CG had allotted the "Y" to aid in paying for the Student Directory. The Pitts statement was accepted and approved without dissent.

The repeated absence of four Council members then commanded the attention of the student legislators. Records revealed that Bill Miller, Jerry Hester, Don Seward and Dave Yandel were delinquent in attendance during the past term.

Bill Miller and Jerry Hester both appeared before the Council to state their reasons for the extended absences and asked to be reinstated. The requests were granted. Pruden, in closing, called a meeting for next Tuesday, April 8.

Textile Open House To Begin Spring Activity

The spring term with its crowded calendar of special events will have the first of these beginning Saturday morning April 5 when the doors are opened at 10 a.m. for the Textile Schools' Open House. Three other special "Days" will follow with the Engineers Exposition April 25 and 26, the second annual High School Day April 26 and the Ag. School Livestock Day May 10.

The School of Textiles will hold its third annual Open House to be sponsored by the Tompkins Textile Council on Saturday, April 5, 1952. The Open House is run entirely by students who will present displays and conduct tours throughout the day-long affair. Seven departments will present programs and compete for a cup to be awarded for the best demonstration. The Knitting Department won this cup last year and will be defending it against the Yarn Manufacturing; Weaving and Fabric Design; Wool; Synthetics; Chemistry and Dyeing; and a combination of the Testing, Instrumentation, and Microscopy departments.

Invitations are being extended to all people interested in textiles and to high school seniors from all of North Carolina.

Representatives of the various manufacturing organizations that attend will have an opportunity to evaluate the training that their future employees are receiving.

The student chapters of Phi Psi, Delta Kappa Phi, A.A.T.C.C., and Sigma Tau Sigma are assisting in sponsoring this event.

Concert Admissions

The best seats in the Coliseum have been set aside for students and their dates at tonight's performance of the Don Cossack Chorus. Student admission is by College Union membership card (registration card).

For the general public adult admission is \$1.75, children's tickets .75 cents. The performance begins at 8:30.

Marriage Counsellor Begins Lectures Sunday

Mr. Roy E. Dickerson, author, lecturer and counsellor in the field of marriage, is coming to State for the period April 6-10 to give a series of talks on preparation for marriage. Mr. Dickerson has visited the campus four times before and has always been well received.

"A Basis For Decision" will be the topic for Dickerson's initial talk which will be given at a luncheon meeting in the West Side of the College Cafeteria Sunday, April 6 at 1 o'clock. Invitations have gone out to the presidents of fraternities and campus organizations. Students and faculty members desiring to attend are invited to make reservations through the YMCA office.

Monday through Thursday Mr. Dickerson will speak three times each day using the same topic for all three talks. These will be given in the YMCA Auditorium at 10 a.m. and 7:30 p.m., and in Tucker Social Room at 9 p.m. The topic for Monday is "The Psychology of Intimacy"; for Tuesday, "Folklore, Love and Human Behavior"; for

Wednesday, "Am I Fit To Be A Mate"; for Thursday, "When A Couple Are In Love."

In addition to these there will be several special meetings. Sunday night at 8 p.m. Mr. Dickerson will speak in the West Campus "Y" in Verville on "Sex Instruction for Children." Monday night at 5:30 he will speak to the State College Secretaries Club at a dinner meeting in the Cafeteria. Tuesday at 12:00 noon he will speak at an assembly for the Freshman Class and others who wish to come on the subject "Walking Backwards Into Marriage."

Mr. Dickerson is a member of the Kappa Sigma Fraternity. At one time he was director of activities of the Grand council of the Order of DeMolay. At present he is working under the auspices of the Cincinnati Social Hygiene Society. His latest publication is a pamphlet entitled "Sense and Sex," published by the Forward Movement of the Episcopal Church.

Mr. Dickerson's visit to N. C. State College is sponsored by the YMCA.

Revise Draft Quiz Registration Date

Word has been received from the Educational Testing Service that college students may continue applying for the April 24th administration of the Selective Service College Qualification Test, although the deadline of March 10th, originally set, is past.

All students who have neglected to apply for the test, or have recently decided that they wish to take it, should make application immediately. Card application forms and full instructions may be obtained from any local draft board.

Passing this test provides information which the local board can use as a basis for deferring a student while he pursues a college course. Failure to make the passing grade of 70 will not affect any other basis for deferment which the student may have.

Are You Worth Insuring?

"Bus Overturns, 12 Students Injured." This headline could appear any day.

Who pays for injuries to students while on school trips? If a student were injured in intramural athletics who would foot the bills? Most students cannot afford high medical bills, yet there seems to be no insurance to protect either the student from prohibitive medical fees or the college from expensive legal suits.

These things prompted T. C. Brown, faculty member of Campus Government, to bring up the matter of a comprehensive accident insurance plan for students at the last council meeting of the Winter term.

No bus has overturned, but fifty-one students did break bones during the last school year according to figures supplied by the State College Infirmary. During the same period of time the infirmary had 21,735 out-patients. Of these it would be safe to assume that at least twenty per cent of these visits to the infirmary were due to accidents rather than to other causes. This figure would allow an average of more than one accident per student for the school year. The exact cost of these accidents to the individual cannot be calculated, but in many instances X-rays, doctor's bills and hospital fees have mounted to considerable sums. This is particularly true in the instance of fractures such as might be incurred while participating in intra-mural athletics.

Eleven students had to go to Rex Hospital for operations which could not be performed on the campus. This begins to show the magnitude of the accident problem on State College campus.

Every day of the school year a great many members of the schools of Forestry and Agriculture must ride on school-owned busses. Yet, these students are not protected.

One solution to this problem is a voluntary group insurance plan such as is in effect at Duke University. Such a plan gives the student twenty-four hour a day coverage during the school year. The student is also insured for a period extending two days before and after the school year, this allows the student to travel to and from school in safety.

The beauty of this blanket insurance is the all inclusive coverage. No matter where the student may be during the school year, at home for the weekend or visiting his girl friend in a near by state, he is insured up to \$1,000 for medical

expenses resulting from each accident. This voluntary group insurance plan will cost male students at Duke about \$7.50 for the current school year. This rate is less than half the cost for individual coverage of the same type.

The other possible type of group insurance is the waiver plan such as is in effect at Oak Ridge Military Institute. The benefits under this plan are very similar to the purely voluntary type. But, there are two advantages to this plan—the cost per student is less—more students are covered. Under this plan the student is automatically billed for the insurance unless he or his parents sign a statement saying that they do not wish to purchase the insurance.

Professor Brown first presented the need for insurance to protect students from financial losses resulting from campus or school connected accidents while Campus Government debated the distribution of the first \$20,000 recently allocated for student projects. While none of that money was earmarked for insurance, there remains another \$20,000 to be distributed during this quarter. Should some of this money be set aside to underwrite an insurance plan the cost to the student would be reduced.

ALMA MATER—

(Continued from Page 1)

is impossible. However, by writing up short notices and announcements, and seeing that they are delivered into the hands of those who for example compile the Blue Bulletin or the Blue Key Bulletin, they will receive at least wider if not more effective publicity.

The Technician will always work in the interest of the students of State College. But the students must realize that the group of men that run the Technician cannot possibly follow up on every student meeting, and so must rely upon interested students to submit any pertinent news themselves.

BLUE KEY CALENDAR

Friday, April 4—

8:30 p.m.—Don Cossack Chorus, Coliseum.

Saturday, April 5—

8:30-12:00 p.m.—Lint Dodgers' Ball, Gym.

8:30-12:00 p.m.—Textile Open House, Textile Building

Sunday, April 6—

1:00 p.m.—"A Basis for Decision," by R. A. Dickerson, West Side Cafeteria.

1:30 p.m.—Outing Club Hike, Crabtree Park, Meet at YMCA.

2:30 p.m.—Record Concert, Peele Hall Lounge.

2:30 p.m.—Movie Time, Textile Auditorium.

Monday, April 7—

7-8:15 p.m.—Glee Club, Pullen Hall.

10:00 a.m.—"Marriage" by R. A. Dickerson, YMCA.

7:30 p.m.—"Marriage" by R. A. Dickerson, YMCA.

Dickerson, YMCA.

9:00 p.m.—"Marriage" by R. A. Dickerson, Tucker Social Room.

7:30 p.m.—Canasta Lessons, Field House.

3:00 p.m.—Tennis: State vs UNC, Raleigh.

Tuesday, April 8—

10:00 a.m.—"Marriage" by R. A. Dickerson, YMCA.

7:30 p.m.—"Marriage" by R. A. Dickerson, YMCA.

9:00 p.m.—"Marriage" by R. A. Dickerson, Tucker Social Room.

7-10:00 p.m.—Glee Club, Pullen Hall

12 Noon—Freshman Assembly, Pullen Hall.

Wednesday, April 9—

10:00 a.m.—"Marriage" by R. A. Dickerson, YMCA.

7:30 p.m.—"Marriage" by R. A. Dickerson, YMCA.

9:00 p.m.—"Marriage" by R. A. Dickerson, Tucker Social Room.

7-8:15 p.m.—Glee Club, Pullen Club.

7:00 p.m.—Theta Tau Meeting, YMCA.

3:00 p.m.—Tennis: State vs. Lehigh University, Raleigh.

Thursday, April 10—

The amazing height of Remington Feeny

Remington Feeny's money went to his feet. Being extremely cautious, he hid his money in his shoes so he could always keep it with him. By the time he was 48, he was nine feet tall.

Money can be used to grow on, but not necessarily by Mr. Feeny's method. For instance, more than 1,100,000 people have shown their faith in the future of the Bell Telephone System by investing their money in it. About one-fifth of them are Bell employees who bought stock through a payroll savings plan.

It takes both money and people to keep the Bell System growing and improving to meet our country's telephone needs. That's why college men with the right qualifications can find interesting opportunities with us—in engineering, research, operating and administration.

Your campus placement office will be glad to give you more information.

Appointment of Rudolph Willard, consulting engineer of Ridgewood, N. J., as a visiting lecturer in the Department of Industrial Engineering at State College was announced Monday by Dean J. H. Lampe of the college School of Engineering.

Willard, who will work at State

College until the end of the current term, will devote his efforts to courses in the furniture manufacturing curriculum and will offer a special course in the production and marketing of furniture.

State College is the only institution in the United States that offers training leading to a B.S. degree in furniture manufacturing and management.

McArthur New Prexy

The Eta chapter of Phi Psi, national textile fraternity, Tuesday night swore in its new slate of officers for the year. Retiring President George Payet handed the chapter gavel to James McArthur, the new president.

The rest of the slate consists of Donald G. Hoffman, Vice President; C. Ted Jackson, Treasurer; and William E. Berner, Secretary. The group has prepared a thirty foot banner which will be displayed tomorrow at the annual open house of the School of Textiles.

With The Greeks

By FRANK GOODE

"Spring Term! Beaches here we come!" is the cry which echoes across the fraternity rows. Kappa Alpha succeeded in being the first fraternity, from State, to invade the beaches in any force this term. Fifteen of the members, with dates, enjoyed the Azalea Festival and the warm Wrightsville beaches over the last weekend. Kappa Sigma will lead for Morehead Beach this weekend with twenty brothers and their dates, for a weekend party at a brother's sea-side cottage.

Newly elected officers for Kappa Sigma's future year are as follows: Alan Dickson, Grand Master; David Honeycutt, Grand Proctorator; Dan Hinkle, Grand Master of Ceremonies; Bob Minshull, Grand Treasurer; and Ray Bryan, Grand Scribe. New Members

Two fraternities welcomed new brothers last week. Sigma Nu initiated the following ten men; Alston Ramsay, Bob Loy, Jim Allen, Forest Joyner, Oliver Green, Louis Agnew, Bill Crummer, Tom Buck-

man, Pete, Jacobsen, and Stan Billheimer. Newly pledged to Sigma Nu are Richard Cecil Davis and Bill Harris.

Sigma Phi Epsilon received nine new members last week. The initiates were: Charles Moss, Freddy Moore, Dave Parrot, James Harris, Robin Mickle, Richard Wimbish, Charles Winecoff, Ted Best, and Bob McDonald.

Two pledges were initiated into Theta Chi last week also. They were William M. Michie and Ray Buckner. Congratulations and best wishes for a full fraternal life are extended to all of these men.

Sweetheart Ball

Starting tonight with a party and dance at the Tar Heel Club, Sigma Chi will begin their weekend of the annual Sweetheart Ball. A party will be held in their newly refurbished house tomorrow afternoon, which will be followed by a 6:30 banquet and dance in the Virginia Dare Ballroom of the Sir Walter. The crowning of the Sweetheart of Sigma Chi will take place during the dance.

The sponsors, with their escorts listed, are as follows: Miss Faye Walker of Scotland Neck with Joe Majette of Como, president of Sigma Chi; Miss Dorothy Wall of Goldsboro with Bob McClean of Mount Olive, vice-president; Miss Carolyn Simpson of Burlington with James Sartin of Burlington, secretary; Mrs. William Scott of Raleigh with her husband, William Scott, treasurer; Miss Catherine Bikle of Raleigh with Bill Jones of Greenwood, S. C., dance committee; Miss Jackie Jernigan of Raleigh with Bill Ammons of Raleigh, dance committee; Miss Mickey Phillips of Hickory with Bob Sugg of Badin, dance committee; and Miss Jerry Long of Charlotte with Ray Loflin of Charlotte, dance committee.

Pi Kappa Phi urges all of the fraternities to begin preparations for the annual Pi Kappa Phi interfraternity Sing. Plans are now underway to make the songfest bigger and better than ever.

Regional Conferences

Theta Chi was represented by six brothers at their annual Regional Conference which was held in Washington, D. C., over the past weekend.

Sigma Nu will entertain chapters from South and North Carolina University, Presbyterian, and Duke, for their Regional Conference which will be held here over the weekend. The chapters will engage in a basketball tournament tonight. Tomorrow noon they will hold a banquet in the Grill Room of the cafeteria, followed by a discussion to be held in Riddick Auditorium. A luncheon and party will be held at the house immediately afterward.

Sigma Alpha Mu and Phi Epsilon Pi are planning large house parties following the Lint Dodger's Ball tomorrow night. Rushing will be carried on this week by Phi Kappa Tau. A Wednesday night stag smoker was held and tomorrow afternoon and evening, a picnic will be held at Crabtree Park. Finishing the week of rushing off will be another Wednesday evening smoker.

Two Trips Now

MONDAY EDITION

Two Wrongs

Ancient history is by reputation a very boring subject, and yet we must continually refer to it to make our point. Some eight weeks ago, which in a student classification is ancient history, the Campus Government received the final draft of the faculty evaluation form, and at that time the indications were that the program would be held before the end of the winter term.

The winter term is no longer with us, and the evaluation form is yet to arrive and be presented to the students. Last Tuesday CG President Pruden admitted that the advisable time for such a poll was during the winter term as determined by the psychology department. But Pruden hastened to admit that the evaluation program would be presented in about four weeks when the students should

have had time to know "the names" of their professors.

The evaluation program is not a popularity contest, nor is it a mere whim of a few disgruntled students. It is rather a method by which the faculty will be able to evaluate the effectiveness of their approach to their subjects. As such, it is too valuable a tool to be wasted.

Admittedly the Campus Government was to have sponsored such an evaluation program this year, during the winter term. They have failed to do it, but their failure will be two-fold if they now just present the program in a haphazard and ineffective manner, and at a bad time. Such action would almost assure the sudden death of any future evaluation.

Campus Government, and President Pruden should reconsider their next move.

No Poll Tax

Recently a national magazine labeled the present generation of college students as the "Silent Generation." People who visit dormitories at night or attempt to get a phone connection with one of the dormitories would consider such a label as slightly more than misrepresentation.

However, this generation is truly a silent generation when it comes to any intelligent expressions of opinion on current affairs. A great many students consider the environs of this campus as a world completely divorced from the world of graft and corruption and politics. There is no such refuge today anywhere in the world.

The Technician with the approval of the Campus Government is undertaking all work involved in the circulation of a national presidential ballot to all students and faculty on the regular campus election day April 30.

It is the hope of The Technician that the students as well as the faculty will consider very seriously this presidential ballot and record their party and candidate preference. The results of this ballot will be fully compiled and published in The Technician and circulated to several other newspapers and wire services.

Why Twice?

Last week it was announced that The Technician was asking each student for an additional fifty-five cents a year so that the paper can be issued twice a week next year. Why should there be any interest in printing two papers a week? Is this just more money out of the student's pocket, or does it mean an additional service to the student body?

The editors and staff of this paper have long felt that a weekly is not a newspaper at all. A publication that is issued only once in seven days can carry little that is actually news. Of course, the presentation of news is not the only function of a student publication such as this.

However, if the student body is to be kept properly abreast of campus news another weekly edition must be added. The particular value of the Monday issue is that it can carry advance information of all events to take place during a given week. Such an edition will be a great aid in announcing the intramural sports activities and in reviewing the weekend news from the intercollegiate sports scene.

PENNED OPINIONS

IMPRESSIONS

To the Editor:

In the past few months there has been much consternation here at school about various problems concerning the administration of the school. Such problems as the Coliseum administration, athletic policies, Supply Store profit administration, and many others have been the seat of argument. Much progress has been made by the Campus Government with the aid of the Technician. Amid all the confusion, however, the problem which, it seems to me, is most basic to an equitable administration has been lost. This problem is student disinterest in campus affairs, especially the campus government.

And, to be sure, this disinterest is prevalent. Admittedly, there was a good representation of students at the first mass meeting. When all the uproar had died down, however, and affairs returned to normal, disinterest once again sat in the driver's seat. At the second meeting, Pullen Hall looked rather forlorn. One might be able to say that there were as many there from the administration as from the student body. A few more came to the third meeting. What must the Administration think!

Some people suggest a riot as the proper solution to our problem. But, after all, what is the most basic element of a riot? I say it is concerted student action, which is the very thing I suggest! Because of its ruthless disregard for the rights and thoughts of others and because of its much too fluid nature, however, the riot must be condemned as a means to gain just administration.

I believe firmly that by concerted student action through our Campus Government, we could achieve our objective of a just administration. While talking to a friend one day last term, I asked him why he did not more actively support the Campus Government. He said that it was because the Campus Government had no real voice in campus affairs and that when it gained some strength and authority, he would support it. I want to say to the students of this college what I said to my friend at that moment. The time is now! If the Campus Government is ever to gain any authority, it will only be through the concerted efforts of all the students. I believe that now is the time for each student firmly to resolve that he will give his utmost support and interest to the Campus Government and other organizations working for his benefit. I have faith in an aroused student opinion.

DAVE H. BARRETT.

THE KEY HOLE BY M.H.

Along with the buds pushing their young leaves from their dormant winter cradles and birds building nests, trying to hatch something, this column, too, has again broken through two years of silence. It will agree with some things on the campus, disagree with more, and generally go yak-yaking about everything from rape to Rural Recreation.

Editor Technician Campus Dear Sir:

I read your column in the recent issue of the Technician under the title, "Grips Add Again."

I, of course, was very much interested in the questions concerning the Dining Hall and its operation.

First, as to the milk price being .10c when we pay .05c I would like to point out that the price spread is about in line with the overall price spread for food served in the Dining Hall. I am sure you will agree with me that there is more cost to operating the Dining Hall than just the cost of the food.

As to the operation of the Grill Room, I believe I could point out why we operate the Grill Room at a loss if you would care to come around and let me acquaint you with the facts.

I was very much amused to see that someone has a false impression that the Ho Choy serves food cheaper than the Cafeteria. I would be more than happy to sit down and compare our food prices with any eating establishment in the city. Of course, I believe we should serve food cheaper than any other place in the city.

As to the situation regarding the students here at the Cafeteria, I am happy to inform you that we provide work for 54 students at the Dining Hall. These students are well aware of what we offer for their services and they are under no obligation, whatsoever, to work here if they should be dissatisfied. We feel we have a very fine group of young men from the student body working with us. These young men are well aware of the fact that if they are dissatisfied with conditions at the Dining Hall, that my office door is open to them at any time.

Incidentally, talking about prices, maybe you can enlighten me on why 12 issues of the Technician cost \$1.00 and I can buy 12 issues of the News and Observer for \$.60 from a news boy who in turn has to make a profit. Also, I will have at least 4 times as much news print and a great deal more news.

As heretofore I am always ready and willing to answer whatever questions members of the Technician staff might like to have answered regarding Cafeteria operation.

Very truly your, H. E. Stewart, Director Dining Halls

Editor's note: Let's all enjoy a little chuckle! Thirty issues of this paper cost students \$1.15, faculty \$1.50. A special offer made in January offered the faculty a two quarter subscription for one dollar.

While we are on the subject of flowers, let's toss a bouquet of roses to a cop. Motorists on this campus are indubitably acquainted with Jim Burnette who seems to delight in the fiendish pastime of cluttering up windshields with paper squares for some silly reason. Sometimes he'll tell you that you are driving too fast. Whatever he does, however, from 8 a.m. to 5 p.m., is his job and for our benefit. For our benefit and beyond his job he has done and is doing this:

1. At last year's IDC dance he

INTERESTED IN YOURSELF?

WE HOPE YOU ARE, because it takes an engineer with self-interest to meet challenging problems and we have engineering problems as tough as any you'll find.

WE LOOK FOR MEN interested in themselves because healthy self-esteem makes a man want to show what he can do. People who merely want a job won't give us the fresh ideas that are the life's blood of our industrial instrumentation business.

IF YOU ARE AN ENGINEER—Electrical, Mechanical, Industrial or a Physicist, ask your college placement office for more information about BROWN INSTRUMENTS DIVISION, MINNEAPOLIS-HONEYWELL REGULATOR COMPANY then be sure to see our representative who will visit your campus very soon.

Old Chevy?

Fame and fortune may await you if your transportation is a rattling, decrepit Chevrolet and not a sleek '52 model. The Campbell-Ewald Company, General Motors advertising agency, is now attempting to locate "the oldest student-owned Chevrolet in use on a college campus."

Anyone owning a vehicle that might qualify should report to Rudolph Pate, College News Bureau, Ricks Hall.

ASAE Gets New Slate

New officers for the student branch of the American Society of Agricultural Engineers for the spring term are: Thomas Garner, president; Donald Haddock, vice-president; William Brittain, secretary; Sherwood Chesnea, treasurer; King Overby, reporter.

Inquiring Reporter

Combing The Campus

By ELLIOT KABBASH

Question: What did you think of the Freshman Orientation week last fall? What, if any, improvements can be made?

Doug Blanchard—Fr., Textiles I think Orientation Week is a very helpful thing to the freshman. It familiarizes him with the campus and helps him make new friends. I hope that it continues.

Howard Greenberg—Fr., Textiles. I feel that Freshman Orientation as it now stands is useless. Were the sophomores, juniors, and seniors at school the freshman would have a much better opportunity to become acquainted with their new life.

Bill Teague—Fr., Ag. Education I think last year's orientation was planned very well, although we did not have a very good way of learning many of our fellow classmates. From the standpoint of tests it was certainly interesting to me to find out what my stronger and weaker points were.

Dave H. Barrett—Fr., Civil Eng. As a whole, I think orientation was carried out very effectively last fall. However, I do believe that the Campus Government and various aspects of college citizenship were given too little emphasis. It seems to me that such points as intelligent voting in all campus elections and taking an active interest in campus activities should be stressed.

Earl Jackson—Fr., Textiles I think the orientation was fine except for the crowded schedule. It served its purpose of acquainting us with the school but it could have been better. I spent most of my time in lines. If I had had a free day to do as I pleased I would have learned more about the college.

The student branch of the ASAE holds its meetings in Room 300 of the Agricultural Engineering Building every Thursday night at 7.

Blood Donations

The Red Cross has urged student cooperation in the drive to collect 700 pints of whole blood during the next visit of the Bloodmobile April 7 and 8. The Bloodmobile will be stationed at Memorial Auditorium in downtown Raleigh Monday, April 8, noon to 6 p.m., and Tuesday, April 7, 10 a.m. to 4 p.m.

Students can obtain pledges at the campus YMCA.

THE KEY HOLE—

(Continued from Page 4)

lent himself to be auctioned off to wash cars. (He actually washed nine of 'em in 2 1/2 hours.)

2. At the last College Union Carnival, students signed HIS ticket by dunking him into a tub of water when they hit the jackpot with a ball.

3. Lastly, at this Friday night's Don Cossack Chorus performance he has arranged to have ten members of the Raleigh Police Department work free of charge in their usual capacity around the Coliseum.

So you see, there are flatfeet and there are policemen.

Coming from a long line of Scotchmen I have found this to be of economic merit: When buying wrapped cakes of soap remove the paper and permit the pieces to dry out for a few weeks. This will reduce the "wash-away" rate of the soap almost twofold. If you put the soap among your shirts or unmentionables to dry out there, you might even make some new friends.

Wolfpack Drops Decision To Elon's Christians 5-2

State Limited To Five Hits

Ben Kendall's bases loaded triple in the fifth plus some tight pitching by Freshman Sherrill Hall and Carlton Roberts brought Elon a 5-2 victory over State last Friday.

The win evened the series between the two teams at 1-1. Lunsford Lewis was the losing hurler.

Elon scored once in the first frame when Pitcher Jim Stevenson got off to a shaky start. He struck out the leadoff man but walked the next four, forcing in Bob Rogers. Lewis relieved.

State went ahead, 2-1, in the top of the second. George Thompson doubled in a run and stole third. Ed Horbelt's outfield fly scored Thompson.

In the fifth, Billy Rakes and Rogers led off with singles for Elon. Carroll Reid sacrificed and Jack Musten walked. Bobby Stewart then walked to force in Rakes, and Kendall lashed a triple to left-field to clear the bases.

Thinclads Lose To Camp Lejeune

By CHARLIE MOORE
State's track team took a drubbing from the Marines last week and came out on the short end of a 95 to 36 score. The star-studded Marine team had too much talent and too much depth for the inexperienced and out-of-shape pack. Several Marine performers are graduates of some of the top colleges in track competition.

Four Firsts
State took four first places. Splawn went 22 feet 1 inch to take the broad jump. Griswald threw the discus 128 feet 10 inches, for first. Shockley took the 880 yard run in a time of 2:05.6. In the other first place, Buz Sawyer ran off with honors in the two-mile run and finished in a record-breaking time for the Lejeune course in 9:58.1. This knocked 34 seconds off the old record.

In points, little Joe Shockley tied weight man Shep Griswald by getting 8 points. Shockley's finish in the 880 yard run was one of the better performances of the day. He passed three Marines on the last turn and made the big boys look out of place as he spurred to a fine finish.

The results of the meet are as follows:
Broad jump: 1. Splawn (NCS); 2. Montgomery (CL); 3. Anderson (CL), 22' 1".
High jump: 1. Davidson (CL); 2. Splawn (NCS); 3. Hartshorne (CL) tied, 6' 1".
Pole vault: 1. Womer (CL); 2. Ferro (NCS); 3. Kilgore (CL) and Petro (CL) tied, 12' 4 3/4".
Shotput: 1. Davis (CL); 2. Griswald (NCS); 3. Foster (CL), 43' 2".
Javelin: 1. Leitner (CL); 2. Branden-

Recreational Hours

During the spring quarter, the swimming pool will be open for recreational swimming, Mondays through Fridays, from 4:00 to 5:30 p.m.; Saturdays, 2:00 to 4:00 p.m., Sundays, 2:00 to 5:00 p.m. Lockers can be obtained by contacting Mr. Haynes at the equipment cage in the basement of the Frank Thompson Gymnasium.

The gym floor area is also available for recreational purposes during the same hours as that of the swimming pool. Volleyball, handball, badminton (you must furnish your own birds), basketball, and general exercises.

Our outdoor play areas are available at most times indicated above, particularly on Saturdays and Sundays. Equipment needed: bats, balls, horseshoes, etc. may be checked out through the man in charge of the equipment cage.

Views and Previews

JOE BENNETT, Sports Editor

By JOE BENNETT, Sports Editor

Why is baseball the forgotten sport at State College? Why is the "great American sport" neglected, almost ignored by the sports publicity director?

Elaborate brochures are prepared for the football and basketball teams and even for the swimming team. Glossy prints and mats are available of practically every football player, basketball player, and swimmer on these Wolfpack teams, but there is almost nothing available on the baseball team or players. Why?

Hardly a day goes by that there are not articles in the News and Observer or the Times about baseball at Carolina, Duke, or Wake Forest. Hardly a day goes by that baseball releases do not come into the Technician office from Carolina, Duke, or Wake Forest.

But the exact opposite is true about State College baseball. Hardly ever is there anything about baseball in the Raleigh sports pages. Never has a sports release come into the Technician office about any sport. For some strange reason, the sports publicity director refuses to put the Technician on his mailing list although we are on the mailing lists of most of the schools State College meets in athletics. Why?

This year with an all veteran team that should be the strongest in years at State College, it seems a pity that they should be neglected. Especially in a baseball state like North Carolina, which ranks second in the country in the number of baseball leagues.

Why is there such a scarcity of baseball publicity? Does a lack of funds prohibit the expenditures for this publicity? This I seriously doubt. Is the sports publicity director so overworked that he has no time for baseball publicity? This I very seriously doubt. Why, then, is State College baseball being almost forgotten, Mr. Storey, why?

Big 4 Sports Day

The Big 4 Sports Day is set for Chapel Hill on May 13. We have won this the past 2 years. Can we win it again this year? Only unless each one of you who read this will keep your eyes and ears open to locate the best talent we have on our campus in: golf, tennis, handball, horseshoes, table tennis, volleyball, and softball. TELL THEM ABOUT THE BIG 4 SPORTS DAY AND HAVE THEM REPORT TO ME IMMEDIATELY. Every student is eligible to try out and represent us, if he is not on our Varsity Golf and Tennis squads.

We must know who our best material is in each sport right away, so we can set practices together. We already know who have been our better ones in the Intramural Program but THE COOPERATION OF SCOUTS IS NEEDED AS WELL AS PLAYERS. If we put-out with every one helping to locate our best, then these athletes practice together, we should win.

J. F. MILLER
Director, Intramurals.

Mountaineers Strong In Loop Northern Division

West Virginia mountaineers may have something to say about the Northern Division scramble in the Southern Conference baseball race this season.

Coach Steve Harrick has veterans sprinkled throughout the team. Only the third baseman and one pitcher are missing from the 1951 club which carved a 17-6 record—best for the Mountaineers in 30 years.

West Virginia's pitching staff is headed by three returnees from a year ago. They are Pat Creegan (6-2), Dick Morgan (52) and Dick Peposky (3-2). This trio scored all but three of last year's victories.

Duke Has Fast Start . . . BF Harrick has an All-Conference second baseman in Bob Wallace, who fashioned a .440 batting mark in 1951, and an All-League catcher in Duke Wellington, a .299 hitter. Other veterans include First Baseman John Strycula (.375), Left-fielder Chet Cooper (.296), Short-stop Wilbur Stanley (.280), Outfielder Lou Donato (.181), and Third Baseman Al Purrello, a former outfielder (.288).

The Mountaineers, third in the conference last year, will get their initial taste of Northern Division competition Friday and Saturday in

a pair of scraps with Virginia Tech.

Maryland's experienced Terps, who won the Northern title last season, also swing into loop play. Victors in two games with Rutgers, the Terps are hosts Saturday to William and Mary.

In the Southern sector, Clemson's defending champion Tigers put the first black mark on Duke's record Saturday by outscrambling the Blue Devils 10-9. The Dukes had stacked up four Southern Division victories including a 14-8 triumph over Clemson Friday, before they bumped into trouble.

North Carolina's Tar Heels and Davidson's Wildcats were deadlocked for the No. 1 spot in the Southern standings with 1-0 records after both clubs knocked off The Citadel the past week.

In games Saturday, Davidson downed The Citadel, 4-2; Clemson edged Duke, 10-9; Washington and Lee trounced Richmond Professional Institute, 14-4; Michigan State blanked North Carolina, 3-0; Wake Forest defeated the Norfolk, Va., Naval Air Station, 5-1, and North Carolina whitewashed Yale, 5-0. West Virginia's game with Davis & Elkins was rained out.

TRACK TEAM—

(Continued from Page 6)

Holmes (CL); 3. Woodward (CL). :22.1. Two-mile run: 1. Sawyer (NCS); 2. Williams (CL); 3. Murphy (CL). 9:58.1. (New track record. Old record, 10:32, set in 1950 by Tomlinson, Duke.)

220-yard low hurdles: 1. Anderson (CL); 2. Harshorne (CL); 3. Moore (NCS). 25.2. One-mile relay: 1. Camp Lejeune (Bainier, Schaeffer, Rivera, White). 3:31. (New track record. Old record, 3:31.9, set in 1951 by Camp Lejeune.)

Carolina Relays

Coach Fitzgibbon will enter nearly a full squad in the Carolina Relays which will be run Saturday April 5. Though not expecting to run away with the meet, the Wolfpack has potentialities. Buz Sawyer and Joe Shockley are the men who will more than likely pick up points for the Pack.

For the first time under Coach Fitzgibbon's tenure, State will enter a shuttle hurdle relay team. This is the 120 yard high hurdles with each man running one course and touching off the next runner when he crosses the line. The four men entered are Moore, Kennedy, Boyles and Blackard.

In the two-mile relay will be a newcomer, Purdie. He will team with Shockley and Smith, Winslow or Maready.

State has entered no one in the 100 yard dash or the javelin throw, but otherwise a full team has been entered.

SPRING PRACTICE—

(Continued from Page 6)

1949 where he has been a star ever since. He is a native of Gatesville, Texas. During the off-season he has helped with spring practices at Georgia and the University of Kansas.

Coach Hendrickson plans to concentrate on teaching the fundamentals of the split-T attack during the spring workout. The team will drill at night under the lights of Riddick Stadium and will wind up the 20-day session on May 4 with the annual Red-White intra-squad game.

Frat Intramurals

By FRANK GOODE

Spring term brings four more sports to the intramural year, with softball, track, tennis, and horse-shoes making their debut.

The softball games started this past week with Sigma Chi, Pi Kappa Alpha, and Tau Kappa Epsilon registering victories over Theta Chi, Lambda Chi Alpha, and Sigma Alpha Epsilon respectively.

The preliminary track meet will be held on Friday, April 25, with the final track event on Thursday, May 22, which will give the fraternity cinder-men sufficient time to whip into shape.

The total points to date for the fraternities leading the intramural race are as follows:

Sigma Chi	992
Pi Kappa Alpha	747
Tau Kappa Epsilon	705
Sigma Phi Epsilon	512
Sigma Nu	484

The fraternity men leading in individual participation points, to date, are as follows: Phelps, TKE, 62; Hobbs, TKE, 61; Keeley, Sig Chi, 60; G. Winecoff, Sig Chi, 60; and Lumley, TKE, 58.

State Netters Blank East Carolina, 9-0

GREENVILLE, Mar. 31—State's tennis team today blanked East Carolina, 9-0. It was the first loss of the season for the Pirates, who won their previous match.

The summary:

Singles	
Morris defeated Hallow, 6-3, 6-3.	
Aksel defeated Cameron, 6-3, 5-7, 6-4.	
Croxson defeated D. Jones, 6-0, 2-6, 6-3.	
Jones defeated Richardson, 6-1, 6-2.	
Duffett defeated Stroud, 7-5, 6-3.	
Greenberg defeated Mobley, 6-4, 7-5.	
Doubles	
Morris and Aksel defeated Jones and Cameron, 6-3, 6-3.	
Cline and Greenberg defeated Hallow and Kincaid, 6-1, 6-4.	
Jones and Duffett defeated Richardson and Mobley, 6-0, 6-2.

YOU in Manhattan Shirts

Nothing gets admiring glances on the campus faster than a handsome guy in a handsome shirt. To look your handsomest, try on a Manhattan Burt or a Manhattan Range.

The Manhattan Burt!

The Manhattan Rangel!

The Burt is a button-down oxford with a soft roll to the collar. Or, if you prefer broadcloth, then the Range is right for you with its smart widespread collar. Better still—buy both and be ready for anything—classroom or coke date!

Dorm Intramurals

By JIM TWYFORD

Alexander Wins Basketball Championship

In the final days of last term, the basketball team from Alexander added another upset to the basketball world by defeating the favored Turlington team in two straight games. In the playoffs, Alexander was unstoppable. Turlington and Becton came into the playoffs as the favorites, but Alexander proved to be the team to beat, and they won the championship in a breeze. Turlington came in second, with Becton and Syme coming in third and fourth.

Becton No. 1 Leads in Total Points

Going into the last term, Becton No. 1 has a firm grip on first place points in the dormitory league. Berry is in second place with Verville in third. Following is a list of the top five teams:

Becton No. 1	715 points
Berry and Wat.	607 points
Verville	538 points
Turlington No. 2	525 points
Alexander	448 points

Spring Sports

Softball leads the parade for most boys at State this spring with the playing beginning this week. The only team with almost a sure

cinch to gain the playoffs is Becton No. 1, with Charlie Harrell pitching. Tennis and horseshoes are considered minor sports, but they add up in points the same as other sports do, so let's have a large turnout for all games this term.

DON'T FORGET BIG FOUR SPORTS' DAY MAY 13.

All Plugs Accepted

Last year a number of students visited their community high schools to invite high school juniors and seniors to attend the State College High School Day. This year

the activities will be held on Saturday, April 26.

The Registration Office will be glad to have students cooperate again this year. The office advises any students who will visit the high school in his home area to stop by the office for further information and to record his planned visit. In this manner, the Registration Office hopes to avoid any duplications of visits.

JOIN THE elite. . . . All typing done (last will, first novel). For prompt service call Mrs. Sperber, Textile School, ext. 327; after six, 4-1682.
