

Dairyman Wins Alumni Award

George S. Coble of Lexington, president of the Coble Dairy Products Company and a member of the State Highway and Public Works Commission, was presented the 1952 "Meritorious Service Award" by the North Carolina State College Alumni Association.

The award was presented to Coble by H. W. (Pop) Taylor, executive director of the Alumni Association, during the organization's annual luncheon meeting in the State College dining hall.

A citation accompanying the award praised Coble's record as a dairy producer, civic worker, State official, and president of North Carolina Dairy Foundation, Inc.

The citation reads as follows: "George Staley Coble, class of 1930, has been selected by the Board of Directors of the Alumni Association to receive the 1952 Meritorious Service Award.

"It has been said that Everett Case has brought to basketball in this section of the United States the same prestige that Wallace Wade gave to football. Comparably, the tremendous forward surge of the dairy industry in North Carolina and the other states of the Southeast during the past ten

years is due in large measure to the know-how and leadership of big, hard driving George Staley Coble. During the past ten years, in fact, the increase in dairy production and manufacturing in this State has been far more spectacular than the glittering parade of our many athletic stars.

GEORGE S. COBLE

Night Meet Held For CG Constitution Talks

With sweat on their brows and fire in their eyes, the members of Campus Government convened on Tuesday evening at 7:30 p.m. At 10:00 p.m. they were still going strong.

On the agenda was the proposed constitution for C. G. Article by article, the document was read and discussed with a minimum of grammatical and technical changes being made. The calm, however, was short-lived when the article dealing with the method of choosing representatives to the council was reached. Hands fanned a welcome breeze as member after member strained for recognition from the Chair. Throughout, President Pruden retained his usual assurance and composure even though he had several splendid opportunities to throw convention and parliamentary procedure to the big wind whipped up by the legislators. Interest was never more keen.

The constitutional revisions strongest proponents, Joe Mason, and co-worker John Adams, withstood the fire with admirable patience as the session lapsed into the third hour. They sat watching as a blackboard was wheeled in and the council chamber began to resemble a race track parlay room. Onto the board went figures which showed how practically everyone present would like representatives chosen. The basis for the respective choices were voiced with a forthrightness which would have done credit to a CIO board member in the Steel dispute.

The importance of representation from schools was stressed, likewise from dormitories, fraternities, off-campus residents and graduate students. Everybody wanted to get into the enactment.

As the session drew near a close, Joe Mason smiled. The revisions made during the session were not too far removed from the ones his committee had advocated all along. Said Mason, "I seriously doubt that all this heming and hawing has accomplished anything, except that everyone got a chance to air their views."

Back to the revision committee went the document for further alterations. It would be presented for further consideration at C.G.'s next meeting on Tuesday.

Ag Students Sponsor Livestock Day May 10

Livestock Day will be held Saturday, May 10. The ninth annual spring term event presented by students in the School of Agriculture began Thursday afternoon with a slaughter contest. This was followed by a Dairy Products Judging contest today.

Saturday morning will bring the big events in which many of the boys from all departments will compete. Heading these events will be the beef, swine, and dairy showings; to be followed by weight guessing, stock pulling, and Ladies Cow Milking contest. At the Saturday night banquet there will be a presentation of awards.

Prof. B. E. Goodal, Head, Department of Dairy Science, Clemson College, will be guest speaker at the annual Livestock Day Banquet tomorrow according to Bobby Lee Cockerham, banquet chairman.

The banquet, which is held each year in conjunction with the Livestock Day, will get underway at 7:00 o'clock in the west side of the College Cafeteria. Bryon Hawkins will be master of ceremonies.

The "Milk Maid" of the day's big show will be crowned "Miss Milk Maid of 1952" during the evening. Winners in the livestock divisions will be recognized and awarded prizes.

CG, Vann Arrange First \$20,000 Fund

CG's Recommendations Revised After Session With College Controller

J. G. Vann, college controller, has been given the green light for the expenditure of the first \$20,000 of the money which the Campus Government received from the Student Supply Store settlement. At a meeting held Thursday morning of last week, J. J. Stewart, superintendent of buildings, was told that he could go ahead with plans to renovate the social rooms in Tucker and Alexander dormitories.

Duke Requests Aid On Calendar

As a special project of the College Union, Bob Duke has undertaken the formulation of a calendar for the 1952-53 school year which will include all events of interest to our students taking place both on and off our campus.

The necessity of such a calendar has made itself manifest in the past in the form of conflicts between activities (social, athletic, educational, business, and recreational) and also in the form of insufficient methods of getting schedules of events to the students (Continued on Page 2)

When plans were first made they were to include the Syme recreational room in the plan of improvement, but the idea was dropped because the group decided that Syme was in such poor condition that any money spent on it would be wasted. No work would be done in Syme until the legislature approves funds for the complete renovation of the building.

Mr. Stewart is now in the process of getting bids on the work. He has already made a survey with a decorator from the school of design. Work on the improved social rooms should begin shortly.

At first four thousand dollars was made available to remodel the faculty club room of the YMCA so that it could be used as a chapel. At the Thursday meeting Campus Government representatives were told that it would be unwise to spend the funds on the "Y" chapel in view of the fact that plans have been laid for the remodeling of Primrose Hall for use as a chapel. To date no other use of this four thousand has been definitely approved.

The music department has been informed that it may simply increase its budget for next year by two thousand dollars. To handle the purchase of \$750 worth of non-technical books for the library a committee is to be appointed. This committee would work with Mr. Brown, the librarian, in purchasing popular books.

College plans call for the straightening of the road from the new underpass behind the Textile School to Western Boulevard. The dirt which will have to be moved is to (Continued on Page 2)

Playground Proposed For Verville Tots

Plans for a playground for the children of Verville are well under way according to a report given by Oadis Jenkins, newly-elected mayor of Verville.

With the help and advice of Professor Tom Hines of the Department of Industrial and Rural Recreation, a variety of approximately five-hundred dollars worth of new equipment will be purchased and installed in a centrally located play area. This equipment will be added to that formerly used by the Verville Nursery.

Tentative plans for equipment include the installation of a wading pool, jungle gym, merry-go-round, teeter-tottlers, swings, slides and sand boxes. This equipment will be installed by volunteer labor by the Recreation majors and Verville residents.

It is hoped that a cooperative plan for playground supervision can be worked out so that Verville parents may leave their children on the playground in return for a period of supervision.

Cafeteria Due \$13,000 From Wolfpack

The Wolfpack Club currently owes the cafeteria \$13,420.87, college controller J. G. Vann stated Tuesday night in releasing the first official information given The Technician on the financial operations of the organization. This sum is due for athletes meals from February to date.

An editorial in this paper last week stated that the professional organizer of the club recently told a Gaston County group that the debt was \$74,000. The debt to the cafeteria has never been that large Vann stated.

Vann also said, referring to the

editorial, that the Wolfpack debt did not affect the cafeteria modernization program. Thus he said, it was not responsible for the conditions which caused the cafeteria to receive a "B" sanitary rating. The rating was posted Wednesday, April 9, and was appealed and revised to an "A" rating on April 15.

According to Vann improvements to the cafeteria to the amount of \$117,285 have been made in recent years. These have been made directly from State funds, while the cafeteria made approximately \$60,000 in improvements to the dining rooms in addition.

Blue Key Makes Award Initiates Eight Members

Technician Editor Gets Citizenship Award

Paul Focht, Editor-in-Chief of The Technician, was presented the Blue Key Citizenship Award for 1952 in a ceremony during the Junior-Senior Dance last Saturday night.

George Pruden, in presenting the trophy which symbolizes the award, complimented Focht for his "courage to speak up for the right even in the face of criticism from every quarter," and for his "willingness to assume additional extra curricular responsibilities."

Pruden stated that the award was given in recognition of the editor's efforts to bring about changes to make State College "a better college community."

The Blue Key award was established in 1950 to recognize an outstanding campus citizen. The members of Blue Key, national honor fraternity, select the recipient in secret balloting and the results remain secret until the actual awarding is made.

The award was first given to Emmett Bringle in 1950. The 1951 winner (Continued on Page 2)

Seven Students, Prof Honored At Banquet

Seven rising Seniors and one faculty member were initiated into Blue Key, national honor fraternity, at a banquet Monday night.

The students were selected because they have demonstrated both scholastic proficiency and interest in the affairs of the college community. The faculty member, Dr. E. T. York, Jr., was selected because of his outstanding work in aiding student activities. Dr. York is a faculty member of the Campus Government. The initiates, in addition to Dr. York, were:

Richard Pitts, Burlington, N. C., recently elected president of the College Union. Pitts is also retiring treasurer of Campus Government and a member of the A.I.I.E. and Sigma Alpha Epsilon.

Marcus Crofts of Winston-Salem. Crofts is president of the A.S.M.E., treasurer of the Baptist Student Union, and a member of the YMCA cabinet and Theta Tau.

Birch Lee McMurray of Rutherfordton. McMurray is censor of Alpha Zeta, retiring business man (Continued on Page 2)

alma mater

From the beginning of time man has waged an unceasing battle for and against many things. Aside from the battle for survival, the enormous conflict for the preservation of green blades of grass has been without equal. These frazzles of greenery possess extraordinary characteristics.

Well supplied with sunshine and moisture and many anxious hopes, seldom if ever does the grass grace man with its presence. However, it is with almost gleeful delight that it insists on poking its tousled heads through barren cracks in concrete or rock quarries several feet above the surface of the earth.

State College having left behind it the role of a rock quarry, still desires to encourage the growth of this natural fur. To this end, signs as numerous as, er, blades of grass, have been erected cautioning all to please KEEP OFF THE GRASS.

Numerous areas have been topsoiled and seeded, under the careful supervision of campus beautician and College Engineer J. M. Smith, and it is these week young blades that are especially to be favored with your extreme care. Many other blades are in ailing condition, and as such deserve the same care as convalescents. We would urge you not to make a general habit of trodding on young children and ailing parents.

Your help and courtesy in this matter will insure many happy days more of family life, as well as a beautiful State College campus that we may truly be proud of.

\$20,000 FUND—

(Continued from Page 1)

be used to fill in the area west of Tucker Dorm to form a large playing field. Other plans call for a softball diamond south of Tucker beside the tennis courts. The \$3,250 which was laid out for athletic fields will be used to improve the facilities for these new fields as well as now existing ones. It has been suggested that some of the four thousand which is still to be divided could be profitably used on the intramural fields.

When this program is finished there will be more than double the usable space for activities on the athletic fields. Inadequate facilities for intramural athletics and general recreation have created a serious problem—these funds should go a long way toward correcting this matter.

Marine Commission For June Grads

Lt. Nate Adams of the Marine Officer Procurement Office in Washington, D. C. announced today that State College graduates and seniors will have an opportunity to earn a commission in the Marine Corps this summer. Candidates begin their training July 14 at the Marine Corps Schools, Quantico, Va.

Married or single college graduates between 20 and 27 years old are eligible for the program. Seniors who will graduate at the end of the current semester also are eligible, but must apply before the June 1 deadline.

AWARDS—

(Continued from Page 1)

ner was Eugene Jeffords. When the College Union is completed the names of all of the winners will be placed on a plaque in the Union entrance.

Until this year the award was presented at Honors and Awards Day, but that event was recently cancelled by the Faculty Council.

INITIATES—

(Continued from Page 1)

ager of *The Agriculturist* and a member of Thirty and Three. In addition he has held both Sears and Danforth scholarships as a lower classman.

Robert Willis Brittain of Brevard. Alpha Zeta and Alpha Gamma Rho membership roles carry the name of the Ag student. Brittain is also president of Westminster Fellowship, YMCA program chairman and secretary of the American Society of Ag. Engineers.

Joseph John Derro, Jr. of Winchester, Mass., was recently defeated in his candidacy for the IFC presidency. Derro is president of Lambda Chi Alpha and a member of Xi Sigma Pi and the Society of American Foresters.

UNION CALENDAR—

(Continued from Page 1)

of North Carolina State College. Some nights there have been three or four events taking place on our campus which only a small percentage of the students knew about; other nights there have been two major activities taking place so that students were more or less forced to make a choice as to which they had rather attend while really wishing to attend both. In both of these instances, the problems could have been solved by proper pre-planning and an adequate method of informing the students.

It is felt that a coordinated, consolidated, correct calendar of daily events posted in every student's room, office, and on every bulletin board will benefit everybody on the campus and lend a much-needed hand to student morale.

Franklyn Clayton Goode, *Technician* staffer from Kenosha, Wis. Goode is commander of Sigma Nu, a member of Phi Psi, Mu Beta Psi and the Monogram Club.

James P. Milam of Durham was recently elected vice-president of the College Union. Milam is also a member of the Honor Council and the American Institute of Architects.

Copies of this letter and data sheets are being sent to all department heads, organizations (clubs, societies, fraternities, dormitories, etc.) with the hope that they will send as much information as possible by return mail at the earliest possible date.

Each event which needs to be approved by the Social Functions Committee should be detailed on one of the special activity sheets enclosed. These requests will be submitted to the Social Functions Committee for its approval and sanction to be placed on the official calendar. By planning this far in advance, the students will know well beforehand of activities, events

may be scheduled more easily, and it is believed that the advance publicity will arouse more enthusiasm and benefit functioning organizations.

Please list regular meeting times of organizations on the form provided.

Please return all forms to 12 Holladay Hall as soon as possible in order that they may be processed, conflicts resolved, approval secured, and the events placed on the official calendar for the next school year.

If any additional information or forms are desired please direct your requests to Bob Duke in the College Union Office.

**Be Happy-
GO LUCKY!**

At archery I am a whiz—
I hit just what I like;
But when I aim for better taste,
I smoke a Lucky Strike!

Judy Schlosser
Barnard College

**In a cigarette, taste
makes the difference—
and Luckies taste better!**

The difference between "just smoking" and really enjoying your smoke is the *taste* of a cigarette. You can *taste* the difference in the smoother, mellower, more enjoyable taste of a Lucky... for two important reasons. First, L.S./M.F.T.—Lucky Strike means fine tobacco... fine, mild tobacco that tastes better. Second, Luckies are *made to taste better*... proved best-made of all five principal brands. So reach for a Lucky. Enjoy the cigarette that *tastes better!* Be Happy—Go Lucky! Buy a carton today!

**L.S./M.F.T.-Lucky Strike
Means Fine Tobacco**

From Darwin's work we might infer
Man once lived up a tree;
And some still do who do not know
That L.S./M.F.T.

Marvin E. Whitley

Attention Seniors

The Class of 1953 will elect its officers for the coming year Thursday, May 22 at 12:00 noon in Pullen Hall. Candidates must register for offices not later than May 20 in the Assistant Dean of Students office.

Students In The \$

Edward H. (Ted) Shirley of Greenville, S. C., a fifth-year student in the School of Design at State College, has been declared the winner of the 39th annual Paris Prize in Architecture, the nation's highest academic award in the field of architecture.

Placing second in the nationwide competition was Charles B. Boney of Wilmington, a 1950 graduate of the State College School of Design. It marked the third year that Boney was among the finalists for the award.

With The Greeks

By FRANK GOODE

The fraternities are slowly regaining their equilibrium after a big Junior-Senior weekend. Starting off the weekend with a bang was Kappa Sigma's party at the Sir Walter on Saturday afternoon (Managing Editor's note: Amen). Representatives from every fraternity were on hand to aid the Sig's in their big event. The crowded Virginia Dare Ballroom rocked to the music of Herb Gupton's Dixieland Band.

Four members of Phi Epsilon Pi will journey to Athens, Georgia, over the weekend, to attend the annual Phi Epsilon Pi Southern Conclave. The State College chapter will send Monroe Brettler, Dave Koch, Dick Strauss, and Paul Smigell as representatives.

Seven men have recently pledged to Phi Kappa Tau. They are as follows: Byard Houck, Graham Crutchfield, Stokes Barksdale, Robert Lumley, Ralph Deitrick, Bobby Joe Stevenson, and David McIntyre.

Pi Kappa Phi's annual Interfraternity Sing is scheduled for Thursday evening, May 15. The big event will be held in Pullen Hall, with non-partial judges officiating. The judges will award the winning fraternity a gold loving cup, donated by Pi Kappa Phi. Eight fraternities have entered the contest to date, and Pi Kappa Phi wishes to urge all of the remaining fraternities to enter soon.

SAE Officers

At a recent meeting, the new officers for Sigma Alpha Epsilon were chosen. The new officials will be as follows: Eminent Archon, Jim Armfield; Deputy Archon, Max Thurman; Treas., Jim Jasmine; Recorder, Robert Krook; Correspondent, Richard Reed; Warden, Ken Ratchford; Herald, Frank Matthews; Preceptor, Don Joyce.

Kappa Sigma will celebrate their annual Parents' Day, on Mothers' Day, Sunday, May 11. Open house will be held from 2 till 5, when the parents of the members will get a chance to meet and talk with each other.

Two men pledged to Sigma Nu last week, they are Noel Blackard and Joe Wilson. Sigma Phi Epsilon also received two new pledges, Bill Cashion and Bill Lee. Kappa Alpha will hold a rushing party in the form of a picnic at Sunny Martin's farm on Thursday afternoon and evening.

Tau Kappa Epsilon's fraternity superlatives for the year were elected at their last meeting. They are as follows: most athletic, Bob Phelps; most active in campus activities, Joe Mason; most representative Teke, Freddie Miller.

Get This Postgraduate Course worth Thousands of Dollars!

New Aviation Cadet Program Offers Special Advantages To College Men Now Preparing for Military Service

Here is valuable postgraduate training that money can't buy! As an Aviation Cadet you can receive instruction and training worth thousands of dollars—at the same time you are serving your country. You can choose—immediately—between being a Pilot or Aircraft Observer in America's swiftly expanding Air Force. The Air Force encourages candidates to stay in school and graduate. Seniors and students with two years or more of college who anticipate early entrance into military service can receive unmatched training in flying and leadership for the years ahead.

WHO MAY APPLY

- AGE—Between 19 and 26½ years.
- EDUCATION—At least two years of college.
- MARITAL STATUS—Single.
- PHYSICAL CONDITION—Good, especially eyes, ears, heart, and teeth.

HOW TO QUALIFY

1. Take transcript of college credits and copy of birth certificate to your nearest Air Force Base or Recruiting Station.

2. Appear for physical examination at your nearest Air Base at Government expense.

3. Accomplish Flying Aptitude Tests and enlist for two years only!

4. The Selective Service Act awards you a four-month deferment while awaiting class assignment.

5. Immediate assignment to Aviation Cadet Training Classes starting July 19, August 19, October 2, and November 19, 1952.

6. Attend Aviation Cadet Training School for one year—either as Pilot or Aircraft Observer. Get \$105 monthly plus food, housing, uniforms, and other benefits.

7. Graduate, win your wings. Commissioned second lieutenant, begin earning \$5,000 a year! Receive \$250 uniform allowance, 30-day leave with pay.

you're a great catch...

Our Best To You

Well, you did it again, congratulations. This campus of alert students and informed faculty managed to scare up less than one thousand votes in the general campus elections last week. *The Technician* admires your collective ability to stick to your ruts in spite of threats, praise, exhortation, etc.

Unless we are mistaken, which we were in our expectations of voting turnout, it was the magnificent baying or braying voice of the faculty which not long ago proclaimed its willingness to take an active part in campus life. To this end, meetings were held, conveniently over luncheons, and—but there is no more.

The Technician is grateful however to the thirteen faculty men who did turn out. Furthermore, it is the hope of *The Technician* that these thirteen will see fit to continue this interested attitude, for they are the only persons of their craft here at State College who realize the full extent of their moral obligations.

The student body gave us no false hopes except, for a while it looked like the candidates might outnumber the voters. It is a far brighter picture percentage wise as compared to the faculty. But, twenty-five per cent is completely inadequate.

The students must never lose sight of the fact that the activities that are carried on here are not playschool affairs. It will be the role of the student in a few short years to be well informed on current affairs, and to cast intelligent ballots when he is called upon to choose his representatives. There can be no better training for this than here and now. It is unfortunate that so many of today's citizens refuse to act in this role, but choose to sit back and let others think for them.

It won't be of much use to complain tomorrow, because by then their votes will be counted.

Boom Year

Since this is publications week, we feel justified in bragging on all the publications on the State College campus. As a whole the publications on the campus have made an admirable record for themselves during this school year, but we should pause to shed a tear for the late *Wataugan* which passed away at the beginning of this school year from financial starvation. The *Wataugan* had a long and honorable record as the local perpetrator of shady jokes, risque stories and, literary talent.

But, grief should not be the watch-word, for the other publications on the campus have had a particularly active and successful year. In fact *The Technician* has shown such activity that the publications board has seen fit to approve a bi-weekly paper for next

In The Right Spirit

During the past week the students on this campus have had the opportunity to criticize or praise some of their professors and during the coming week, they will have a chance at the others. Faculty evaluation questionnaires should be taken seriously by the student body. But those who have not given serious thought to the questions should be urged to make the most of this opportunity to improve the quality of instruction.

This is an unusual opportunity for the student body to make changes while they are still undergraduates. In most cases students don't have the opportunity to change things while they are in college; they are forced to wait till they get out before they can exert any influence on college affairs.

The questionnaires will be taken up by the Campus Government representative who distributed them to begin with. Then they will be turned over to the instructor in each case for his own use. This will give the faculty members a chance to see how the individual students in their own classes feel about the way courses are taught. The space provided for ways to improve their presentation of course material should receive particular attention from faculty members.

The one thing that should be remembered above all other things is the importance of the spirit in which the questionnaires are answered by the students. If the instructors are to receive the full benefit of the material, the student must answer the questions in attitude of cooperation for the benefit of faculty and student. In the same way the faculty members should spend their time trying to find ways to improve their teaching methods and not in wondering which student gave him the most severe criticism.

year. If the Faculty Council gives its stamp of approval to the idea, what to do with old *Technicians* may become a serious problem as suggested by our newest propaganda sheet, *Snatch*.

Now it may not be proper to offer best wishes and congratulations to an anonymous organ which may die stillborn, but, we do wish to commend anyone with the courage (or better still, solvency) to put out a one man paper. In the past *The Technician* has opposed yellow journalism but, we will not blame *Snatch* because it is printed on yellow paper.

The serious publications of the various schools have shied away from off color paper, in their successful effort to present material of real value to the student.

Let us congratulate all the publications and their staffs for the excellent work of the past year. May they be as well rewarded in their efforts next year.

PENNED OPINIONS

Political Anemia

TO THE EDITOR:

Allow me to take this opportunity to publicly congratulate the new president of the campus YMCA, Bill Fulcher, and to express my sincere appreciation for the support of the friends who stuck by me through the fireworks of this year's primary and final elections.

The most discouraging fact to me is that I have obviously failed in my primary motive in this election—that of stimulating student interest in the most vital part of our campus life, self-government. Every trick in the book was used to appeal to the average, run-of-the-mill student who, incidentally, does his part of the complaining existing conditions. Torchlight parades, bandwagons, dancing girls, strutting majorettes, and publicity stunts galore were employed, along with stands on serious issues and attacks on the attitudes and actions of other candidates. Even with a mild student reaction, this could easily have paved the way to a healthy, vigorous two-party system on our campus.

Unfortunately, the campaign had exactly the opposite effects. Those students who never bother to vote still just didn't have the time or energy to go to the polls, although many of them did come by to congratulate us for "putting on a good show." Half of those who did vote

last year were obviously scared away from the polls. And most of those who did come to the polls registered their disapproval of the "frivolity and insincerity" of the whole affair.

The only possible conclusion is that State College students, overcome by the same lethargy that is rearing its ugly head on many campuses, simply cannot stand the pressure of a vigorous political campaign—Carolina style! Are we going to forever remain in this idle stupor, huddled in the shelter of our rooms between trips to Stoney's and the pool room??

If this challenge will be accepted by the new Student Council and encourage it to do everything in its power to stimulate interest, then all will not have been in vain. The first step in that direction will be the unanimous ratification of the new constitution proposed by Joe Mason and Vince Outland.

This probably sounds like a farewell speech but I'm not preparing to "fade away"—I'm just gathering steam!

Howard A. Wells
Vice President of the YMCA
Campaign Manager for Willis

The outstanding work and cooperation of the Dance Committee and the other people who assisted to make the Junior-Senior Dance a success is greatly appreciated.

James C. Bryan,
President, Junior Class.

THE KEY HOLE

—BY M.H.—

It's hard to tell who scooped whom but as elsewhere stated in this issue, Tucker, Alexander, and Berry Dorms are having their social rooms prettied up. Thus one of the first actual steps is being taken in utilizing excess book store funds. We are all very happy about it; after all, it's part of our money. Furthermore, let us not forget that it was the initiative and fortitude on the part of the student which gave the ball a push. Let us appreciate our power and use it as diligently in the future.

We might as well get used to all this hubbub about College Union this, and College Union that, simply because we've got one now. Its numerous merits are easily ascertained if one is interested enough to find out about the Union activities. And this interest should logically be vested in every student for it is HE who pays for the institution and performance of these activities. Here, again, the average student tends to damn the fees he pays in September, January, and March, cuss the administration, and go to a downtown movie or play a short game of pinochle on the footlocker, all the while some other guy helps himself to dances, picnics, movies, games for which the first fellow pays, too. The more alert students, those having varying interests, go to committee meetings and decide, for instance, on what food and equipment to take along on an overnight camping trip; those who do

(Continued on Page 5)

Affairs * * * * *

of State

By Bob Horn

Did you ever notice how the cadence of the traffic lights near the campus gets speeded up as soon as the students return in September? It's amazing. All during the summer, the red light which allows pedestrian traffic to cross "Bloody Hillsboro," stays on for a reasonable length of time. At least the crosser need not worry that a portion of his posterior will be whisked away with the onrushing traffic. Not so when school begins. Some diabolical fiend manages to increase the element of chance on every blinkety-blank light from the Textile Building to the Gateway.

Now this poorman's Frank Buck is obviously a sport. Who else would taunt the students with the prospect of reaching Hillsboro's north bank in derby-winner time while a herd of wild buffalos masquerading under the guise of hood ornaments is charging head-on. Even the most advanced courses of So-so-ology stressing adjustment to environment cannot condition the students to overcome this situation.

If someone has been experimenting (and I strongly suspect so), to determine the shortest period of time required to cross U.S. 1, let him be advised that he has accomplished the task. One might go so far as to say that the goal has been overshot. Howsoever, I wish that the tricolored firks which are given to just winking red, would don a pair of green blinders or else run the risk of having someone tamper

with their inner workings so that they would remain forever amber. When all is said and done, for the courageous souls who can traverse Hillsboro without having their tails wagged from behind them, there should be a form of recognition. Why not *The Technician*—"Bumper Wings" award for 1,000 safe missions across the local thoroughfare. These "Bumpers" to be worn much the same as the regular Air Force pilots wear their wings.

College Prexy, Ex-Prof, Speaks

A Southern educator and historian paid a stirring tribute to North Carolina State College for its past achievements and predicted that the college's "best days definitely lie ahead" in an address May 3.

The speaker was Dr. David A. Lockmiller, president of the University of Chattanooga and former head of State College's Department of History and Political Science, whose speech was the main feature of the annual luncheon meeting of the State College Alumni Association.

THE KEY HOLE—

(Continued from Page 4)

most of the bitching, however, walk back to the dorm after supper, set off firecrackers, and/or emit imbecilic screams. Where do you think you fit in?

All you gatherers of dishes, mowers of grass, and workers of all sorts, did you know that 71% of all the college grads have worked either part or full time during their schooling? What's this old saying "The fruits of thy labor..."

If anyone has been wondering about the jackhammer noise in the new C.E. Building addition at night, here is the story: They are removing the top cement layer of the roof in order to install a new, level floor. During the daytime you hear only trowls against bricks or hammers against ten penny nails. But from 6 p.m. to 6 a.m., Design, C.E., and Agronomy students must vibrate with every reverberation of the drills for the next 5 weeks. So if you see someone with a seeming St. Vitus's dance, forget it; he's probably a student working late at Daniels Hall.

The Tennessee educator was introduced by Chancellor J. W. Harrelson of State College, who gave a breakfast in honor of Dr. and Mrs. Lockmiller. Presiding over the luncheon session was G. Sam Rowe of Newton, president of the Alumni Association.

In his luncheon address, Dr. Lockmiller reviewed the history of State College, outlined its future role in the technological development of the State and region, and lauded Chancellor Harrelson who, the speaker said, "has served several years longer than any of his predecessors, and the college has experienced its greatest growth under his leadership."

Dr. Lockmiller told the alumni that they are faced with a challenge to keep education free and said:

"It is up to us to produce the Polks, Peeles, Daniels, Dabneys, and Pullens of the future to preserve and advance our heritage so that this and other colleges and universities may continue to advance the welfare of all mankind."

Statistics show that in 1951 16,800 women were raped. Had some realized it inevitable. . . !

"When a man's busy, why, leisure Strikes him as a wonderful pleasure"

Robert Browning, *The Glove*

No matter what your work, a leisurely moment's pause to enjoy a delicious Coca-Cola is always a pleasure...always refreshing, too.

Temerario is New End And Defensive Coach

The appointment of C. A. (Tim) Temerario, former end coach and chief scout of the Cleveland Browns, as football end coach and defensive coach at State College, was announced last week by Dr. H. A. Fisher, chairman of the college athletic council.

Temerario, a native of Lorain, Ohio, has an extensive background in both collegiate and professional circles. He has been assisting Head Coach Horace Hendrickson for the past month with off-season football practice at State.

A graduate of Geneva College with a B.S. degree in education, Temerario holds a master's degree in education from Indiana University and has completed a major portion of his work toward a doctorate in physical education.

Following his collegiate gridiron experience at Geneva College and his graduation in 1931, Temerario played one season of professional football before entering the coaching ranks at East Liverpool, Ohio High School. In 1934 Temerario accepted an appointment as freshman line coach at the University of Indiana and remained when he joined Coach Bo McMillin remained at Indiana through 1947 coach at Indiana University. He until 1938 when he moved to Denison University as football line coach and head baseball coach.

At Denison, Temerario served as assistant professor of physical education and worked in both football and baseball. In 1941 Temerario left Denison to become a physical education instructor at Indiana University and football end coach under Coach Bo McMillin.

Temerario entered the Navy in 1942 and served in the V-5 program under Captain Tom Hamilton. His first assignment was at Iowa Pre-Flight where he worked with Bernie Bierman, former Minnesota coach, as head of athletic department and assistant football coach.

During his Navy service Temerario saw overseas duty in both the Philippines and during the invasion of Normandy. He was twice commended during the invasion of France.

Temerario was released from the Navy in September of 1945 and immediately took over as head line in the move to the professional Detroit Lions. Temerario remained

with the Lions until 1949 when he switched to the Cleveland Browns.

In his two seasons with the Browns, Temerario gained a wide reputation for his ability as defensive coach. This year his services were sought by several professional teams. He turned down one particularly attractive offer from the Dallas Texans, formerly the New York Yankees, in order to take the position at State.

Commenting on Temerario's appointment, Head Coach Hendrickson said, "We are very fortunate in securing the service of Temerario as our end and defensive coach. I have admired his work for many years while he was with Bo McMillin at Indiana and later with the Lions and Browns. Tim has turned down a very good offer from the professional league to stay here with us and I know he'll mean a tremendous lot to our ball club."

Temerario's appointment completes State's football staff, which includes Line Coach Mike Karmazin, Backfield Coach Billy Hickman, and Assistant Beattie Featherers.

Hoopsters Finish Drills With Game

Coach Everett Case's Southern Conference basketball champs closed out 20 days of off-season practice at State Saturday afternoon as the Red team downed the White squad by 86-74 in an intra-squad game played in Frank Thompson Gym as a part of Alumni Week celebration on the State campus.

Center Mel Thompson, a 6-3 sophomore from Richmond, Ind., was the big gun in the Red team attack, scoring a total of 26 points to get high honors for both clubs. Thompson had 11 points in the first half and potted 15 more in the second half.

The Red team had a 46-35 advantage at halftime after being battled on nearly even terms during the first quarter. Paul Brandenburg connected for 17 points, 10 in the second period to account for a major portion of the Red lead.

Forward Bobby Speight led the White offensive during the first half with 11 points, but tallied only two points during the second half. Forward Bill Kukoy, who scored only three points in the first half, provided the game's most exciting moments during the fourth period as he stripped the nets for five straight baskets in a closing drive by the White outfit which fell short.

Summary:

Red Team: Forwards, Brandenburg (17), Tyler (11), Centers, Goss (7), Thompson (26), Guards, Kincaid (8), Gotkin (12), Applebaum (5).

White Team: Forwards, Speight (13), Kukoy (15), Adams (12), Center, Knapp (8), Guards, Scheffell (11), Yurin (7), Lawrence (10).

Reds Down Whites 28-7 Pack Unveils Split-T

Halfback Alex Webster, a pile-driving senior from Kearny, N. J., scored three touchdowns, two on long runs, to lead the Red team to a 28-7 win over the Whites in State's spring football game played last Friday night under the lights of Riddick Stadium.

Webster thrilled the crowd of nearly 2,000 persons on the very first play of the game as he returned Captain Ray Barkowski's kickoff 78-yards for a touchdown. The Kearny Komet flashed another long run in the opening period with an 85-yard return of a pass interception and added his third tally midway in the fourth period when he blasted over from the six-yard line to cap a 70-yard drive.

The Reds other score of the night was chalked up in the first period by Fullback Alan Langston, a sophomore from Lexington, Ky., who smashed over from six yards out.

The White outfit scored its only marker of the night in the fourth period on a 20-yard pass from Quarterback Carl Wyles of Buffalo, N. Y., to Halfback William Teer of Hillsboro. The payoff aerial climaxed a 65-yard march sparked by Wyles' passing and the running of Halfback Joe Barringer.

Guard John Bagonis of Luzerne, Pa., had a perfect night on point conversions, hitting four in four tries for the Red team. Barkowski converted the only extra point for the Whites.

Coach Horace Hendrickson, who watched the game from the press box, indicated that he was well (Continued on Page 8)

State Takes Wins Over Gamecocks And Deacons

Lewis Twirls 3-Hitter As Wolfpack Wins, 8-1

State's Wolfpack blasted four Wake Forest pitchers for 14 hits and routed the Deacons 8-1, at Wake Forest last week behind the three-hit pitching of Lunsford Lewis.

It was State's third win this season over the Deacons, as Coach Vic Sorrel's Pack tightened its grip on second place in the Big Four League.

Lewis struck out nine Deacons and walked only three. He had a one-hitter going in the ninth with two away. Then Buddy Smith and pinch-hitter Ralph Brown got singles. Smith scored the Deacs' only run when Lewis made a wild pitch.

Shortstop Johnny Yvars and First Baseman Eddie Morris were the batting stars for the Wolfpack, each collecting three hits. Yvars' collection included a bases-empty home run.

State did its scoring in bunches, getting two runs in the first inning, and three each in the third and fourth frames. Freshman Rudy Williams, a righthander from Whiteville, was the Deacons' starting and losing pitcher. He was chased during the Pack's three-run third inning.

Bobby Brown, Major Bloxom, and Frank Adams were other Wake Forest pitchers who saw action.

Turney Leads Pack To Win Over S. C.

Freshman Jack Turney, a hard hitting second baseman, set the pace for Coach Vic Sorrell's Wolfpack Saturday as they downed South Carolina's Gamecocks, 7-4 on Turney's eight inning single, his fifth in five appearances at the plate during the game.

Righthander Lunsford Lewis, who relieved starter Ed Horbelt in the top of the eighth after the Gamecocks tied up the game, 6-6, was credited with the victory. Lewis pitched to five men in the one and two-thirds innings he worked and struck out four.

The victory over South Carolina combined with the Gamecocks' three previous defeats, gave the Wolfpack sole possession of second place in the Southern Division of the Southern Conference.

Horbelt had a two-run lead going into the eighth inning, but lost his stuff as the Gamecocks bunched three hits and took advantage of an error by the Pack leftfielder to score twice. First Baseman A. Spotts singled and took second on George Thompson's error in left field. Haynie Floyd then singled to score Spotts and Catcher Emmet Deitz doubled home Floyd. The pair of runs tied the game at 6-6.

In the bottom of the eighth Catcher Dick McGillis moved around to second base on shortstop Tom Hofferth's error. After Third Baseman Roland Brinson grounded out, Turney made his bid for a perfect afternoon complete by lining a sharp single into right field to score McGillis with the winning run. It was Turney's fifth straight hit including one double, three line drive singles, and one infield hit.

Benny Molnar, who relieved South Carolina starter John Gramling in the seventh inning was the victim of Turney's game-winning single and was charged with loss.

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

SOMEBODY scent Sheedy this note: "You're a smell guy, Paul, but your hair's against you! That's why you've been getting skunked in the race for popularity. I wouldn't even touch you with a 10-foot pole cat! Better get Wildroot Cream-Oil. Everybody nose it's Your Hair's Best Friend." Non-alcoholic. Contains soothing Lanolin. Removes loose, ugly dandruff. Relieves annoying dryness. Grooms hair neatly and naturally all day long. Helps you pass the Finger-Nail Test. Paul got Wildroot Cream-Oil and now he's whiff a new gal every night! So put on your pin-stripe suit, head for any drug or toilet goods counter, and buy a bottle or tube of Wildroot Cream-Oil, America's biggest-smelling hair tonic. Ask for it on your hair at the barber shop, too. Then all the girls'll fall for you!

Cindermen Down Gamecocks; State Takes Eight Firsts

By CHARLIE MOORE

State's underdog trackmen overran the University of South Carolina and came through with a 74% to 56% win. By taking eight first places and tying for another, the Wolfpack was able to cop their second meet of the season. The Gamecocks' Bob Drawdy was high scorer of the meet taking three first places for 15 points. State's Sawyer, Splawn and Moore collected 10 points each to lead the Pack.

State's miler "Buz" Sawyer set a new dual meet record for the track when he finished the mile run in 4:24.8.

In the 440 yard dash, State's John Bondurant was nipped out of first place in the last couple of yards by South Carolina's Spence. It was a close elbow race between South

Carolina's big Indian "Chief" Hulon and State's Bondurant until the last turn when Bondurant went out front. But Spence, running third, finished with a strong kick and nosed out in front for first place.

Jim Purdie, State's two-miler, finished ahead of teammate Joe Shockley, and took his first win of the season. Shockley, suffering from over-exhaustion, still had enough spunk to finish second.

Dick Feroe barely missed 12 feet 6 inches in the pole vault and had to settle for a first place tie with South Carolina's Darouse. Also State's Jackson looked much improved in the pole vault, taking third place.

Captain Charlie Moore took firsts in both the low and high hurdles.

The summaries:

100-Yard dash—1. Drawdy (SC); 2. Parker (NCS); 3. McLendon (SC). :10.1.
220-Yard dash—1. Drawdy (SC); 2. Cunningham (SC); 3. Parker (NCS). :22.8.
440-Yard dash—1. Spence (SC); 2. Bondurant (NCS); 3. Hulon (SC). :52.9.
880-Yard dash—Sawyer (NCS); 2. Reeves (SC); 3. McBride (SC). 2:02.
One-mile run—1. Sawyer (NCS); 2. Shockley (NCS); 3. McBride (SC). 4:24.8.
220-Yard low hurdles—1. Moore (NCS); 2. Griffin (SC); 3. Rector (SC). :26.7.
120-Yard high hurdles—1. Moore (NCS); 2. Rector (SC); 3. Boyles (NCS). :16.1.
Two-mile run—1. Purdie (NCS); 2. Shockley (NCS); 3. Blair (SC). 9:59.9.
Javelin—1. Drawdy (SC); 2. Griswald (NCS); 3. Parker (NCS). 175 feet, one inch.
Shot put—1. Griswald (NCS); 2. Camp (SC); 3. Gates (NCS). 41 feet, 3/4 inches.
Discus—1. Shipman (SC); 2. Griswald (NCS); 3. Britt (NCS). 124 feet, 8 1/2 inches.

pleased with the progress made by the team during spring drills.

"I thought both our quarterbacks, Eddie Franz and Carl Wyles, did good jobs. They passed well and handled the ball creditably. Our blocking and tackling looked sharp and I was particularly pleased with the spirit and hustle shown by both teams. If we can take up in September where we've left off this spring, I'm confident that our 1952 team will make a good showing," Hendrickson commented.

Defensive standouts in the game for the Red team were Guard Ken Urgovitch, End Dave Butler and Center Fred Battaglia. For the White team the top defenders included Guard Ray Barkowski, Tackles C. M. Price, Jim Hillman and Ted Dalatri and End Harry Lodge.

slug their way out of an 18 to 10 defeat placed on them by Lambda Chi Alpha. Scoring a quick eight runs in the first inning, the Lambda Chi's held their lead throughout the game.

Phi Epsilon Pi fell before Pi Kappa Alpha 12 to 7, as the PiKA's grabbed an early lead and held it to win the game. Alford connected for a long home run, the only one of the game. Sigma Alpha Epsilon overcame the Teke's early lead to win a close 12 to 11 game that saw Hobbs going to the mound for Tau Kappa Epsilon and Avery for the SAE's.

Buckman's two home runs for Sigma Nu failed to aid the cause, as Sigma Nu lost to Kappa Alpha 14 to 7. Miller and Hall powered two home runs for the KA's. Sigma Alpha Mu defeated Pi Kappa Phi 6 to 2 in a close fought game that saw Muse hitting a long home run for the PKP's.

**machines are amazing
 but men are more so**

"Young ladies, if you will direct your attention to the complex telephone equipment on the left, I think you'll agree with most folks who tour our telephone offices that it is exceedingly impressive."

We think so too. But the minds of the men who developed it are even more impressive. Some people use "the human element" to denote weakness. In the Bell System, we believe our greatest asset is our people.

They make headlines in fires, hurricanes and floods. But much more important, they give the world's best telephone service all year round.

As the Bell System continues its growth, new and even more amazing machines are being created. And along with this growth is the need for college men with the right qualifications for work and opportunity in a variety of fields—in engineering, research, operating and administration.
