

Harrelsons Express Thanks for ROTC Gift

Chancellor Harrelson recently released the following letter which expresses his and Mrs. Harrelson's appreciation to the Army ROTC for a recent gift. To The Cadets, The Army ROTC, State College: Gentlemen: Mrs. Harrelson and I are deeply grateful for the pair of sterling silver candelabra which you presented to us at the military parade on Friday, 8 May 1953. We will cherish this fine gift as long as we live. With all good wishes to each of you, I am, Sincerely yours, signed J. W. Harrelson.

Committee Asks For Info. Booklet

Campus Stores Comm. Would work with Ivey to Produce Detailed Report

Prof. H. M. Nahikian, Chairman of the Campus Stores Committee recently submitted to Chancellor Harrelson a report of the activities of the committee during the school year 1952-53. The report is as follows:

1. The Committee held its first meeting, for purposes of organization, in October, 1952. It has met once a month thereafter. The last meeting was held in May, 1953.
 2. The meetings were well publicized through the campus bulletins and *The Technician*. However, no student, member of the faculty or staff appeared before the Committee to register complaint, criticism or suggestion concerning the campus stores.
 3. Since the members of the Committee were not too familiar with the organization of the stores, their management or their place in the life of the campus, a great deal of the

New Officers Of The College Union

The new officers of the College Union, elected in the recent elections, are David Phillips (left), president and Davis Turnage (right), vice-president.

Dave Phillips is a native of Mount Olive and is majoring in Industrial Arts Education.

Dave was a member of the Social Committee of the College Union for 1 year and also chairman of the same committee for one year.

He has been a member of the State Student Legislature for 2

years and was Sergeant-at-Arms one year.

Dave has also been a member of the Industrial Arts Club for 2 years and president of the Club for one year.

Davis Turnage is from Chapel Hill and majoring in Mechanical Engineering.

He has served one year on the State Student Legislature and been a member of the College Union House Committee for one year.

TV Show in Coliseum This Weekend to Star Local and National Talent

The Rhythm Masters, a crack band from Central Prison in Raleigh, will stage a special performance at the first Raleigh Durham TV Fair on Saturday, May 23, at 3 p.m.

The fair, featuring an extensive exhibit of TV makes and models, will be presented in the William Neal Reynolds Coliseum at North Carolina State College May 21-23.

The Central Prison musicians will be one of scores of musical organizations, variety groups, and national TV stars who will present special shows during the fair. The live performances may be seen

on the TV screens in the Coliseum through a closed circuit system.

National celebrities who will make personal appearances include Lanny Ross, Hal LeRoy, the Dining Sisters, Homer and Jethro, and Mrs. Hank Williams, widow of the late hillbilly star.

Local talent now being selected in auditions at WNAO will also present TV shows.

The hours of the TV Fair, which precede the first telecasting by WNAO-TV, will be Thursday, May 21, from 7 to 11 p.m.; Friday, May 22, from 3 to 11 p.m.; and Saturday, May 23, from 2 to 11 p.m.

Students Receive Keys at Banquet

Publications, Radio Workers Are Honored at Annual Dinner Meet Held in Village

The annual banquet meeting of the North Carolina State College Board of Student Publications was held in the Village Restaurant, Cameron Village, last week.

Leading students on the eight campus publications and radio station received keys for meritorious work. The keys were presented by J. G. Vann, assistant controller and business manager of State College.

Arrangements for the banquet were handled by a student committee, composed of Lee Wensil of

Pilot Plan To Be Used At State

The group insurance plan of the Pilot Life Insurance Company has been accepted by the Campus Government for use at State College.

The terms of Pilot's plan are a \$7.00 yearly premium which pays \$1,000 for either death or dismemberment and which operates from 48 hours prior to a student members arrival on campus in the fall until 48 hours after he leaves at the end of spring quarter.

The plan covers any student member wherever he may go during the school year and under whatever conditions his death or injury occurs.

In addition to the money paid in cases of death or dismemberment, hospital costs up to \$1,000 are paid.

A maximum of \$250 is paid for dental expenses in case of damage to a student's teeth.

Pilot's plan was one of those investigated last year. The terms of the policy at that time included a \$6.00 per year premium which paid \$500 for death or dismemberment, a maximum of \$500 on hospital bills and \$50 for dental treatment. The time, place and manner of injury clauses were the same.

Selective Service Data Sought

Registration Office Needs Non ROTC Students Draft Cards for Ranking Report

The following notice concerning selective service comes from Mr. Mayer's office.

All students who are registered with local boards and who do not have ROTC deferment based on their enrollment or contemplated enrollment in ROTC should come to the Registration Office with their Selective Service cards in order to furnish data necessary for us to report their ranking to their local board.

This should be done prior to examination week as we will not have time to take care of this matter

Attention Seniors

A special election will be held Wednesday May 27 to elect the Vice-president of the rising senior class. The recent elections resulted in a tie for the position.

Tom Avery, chairman of the CG elections committee states that only one ballot box will be used for the election and it will be located in the "Y" building mop-up.

during grade posting. If a student neglects to do this while in school, he should write us a letter furnishing from his Selective Service card the following data:

1. Full Name
2. Selective Service Number
3. Date of Birth
4. Mailing Address
5. Number and Address of Local Board where registered.

Hagler Is New CUSC Leader

Two State College members were elected officers of the Consolidated University Student Council at a meeting held recently in Chapel Hill.

Bill Hagler and Dave Barrett, both Engineering students at State, were elected president and secretary respectively of next year's council.

Attending were the old and new members of the Council from the three units of the Greater University.

Reports from delegation chairmen revealed that the Constitution, had been ratified by the student governments of Women's College and Carolina but not by the State Government. The Student Council at State ratified the Constitution at last Tuesday's meeting as predicted by president Billy Oliver. The Constitution has been a source of bickering for the last two years in CUSC meetings and the ratification is considered a major step in the development of the CUSC.

There was some discussion about what the size of the council should be and a committee will be formed to study this matter.

The council also decided to move immediately to bring about closer liaison between the radio stations of the Greater University. George

Obenshain was appointed Director of Coordination of Radio Stations to implement this program.

A motion was passed to set up a committee to study the honor

Not On Your Lifeguard

Yes, it's Virginia, and she's for real. That's not a mirage, boy. The tide's in; eyeballs' out. Straighten up now and run down to the beach and make like you're drowning. This doll seems to be waiting for somebody. Maybe it's you.

Garden Club Scholarships Given To Two High School Seniors

Elizabeth Anne Shields, a senior in the Murphy High School, and Charles Franklin Reid, a senior in the James A. Gray High School, Winston-Salem, have been awarded scholarships to the School of Design at North Carolina State College for the next school year.

Dean Henry L. Kamphoefner of the college's School of Design, announcing the awards, said the scholarships, valued at \$250 each, are presented annually by the North Carolina State Garden Clubs, Inc.

The scholarships, he said, are

open to students wishing to study landscape architecture at State College.

The scholarship winners will enroll as freshmen in landscape architecture at State College in September.

INSURANCE—

PREREGISTRATION—

(Continued from Page 1)

student registered the spring term should complete the following items if he desires to enroll in the Summer School.

1. See his adviser and arrange his schedule of courses. (Advisers may request earlier conferences.)

2. Make five neat and legible copies of his roster of courses, including personal data requested. (All five copies must be signed by the adviser.)

3. Go to the various departments and secure class assignments (as is done in the gymnasium on registration day). All signatures indicating assignments should be placed on the original copy of the roster.

4. Transfer room numbers to other 4 copies of his roster of courses.

5. Clear with the Business Office in Holladay Hall.

Note: The Business Office will be open from 8:30 a.m. to 1:00 p.m. and from 2:00 to 3:30 p.m.

6. Bring the five copies of the roster to the Registration Office, second floor of Holladay Hall. (Use

steps at the south end.) Permits will be issued at this time.

7. Students who complete all of the above items need only return in time for their first scheduled class in the Summer School, except that any student who fails one or more courses in the spring term must return for regular registration and make the necessary schedule changes by means of roster change slips. (Classes begin on June 12.)

8. The Registration Office cannot complete any registrations during examination week.

9. Students who do not completely pre-register or who need to make changes in their schedules must return for regular registration at the gymnasium between 10:00 a.m. and 4:00 p.m. on Thursday, June 11. They should first come to the Registration Office to secure their permits. Students who completed their registration prior to examinations and who must make changes in courses will add or drop courses by roster change slips (the same as in previous terms).

10. The pre-registration of any student, who is dropped for scholastic reasons, is not valid until he receives permission from the Readmission Committee to continue in school.

W. L. MAYER
Director of Registration

ELSIE SAYS -
If It's BORDEN'S
It's got to be good!

THE BORDEN COMPANY
White Dairy Products Division

In shorthand class we learn brief forms for words used frequently; And here's our sign for fresh, clean smokes: It's L.S./M.F.T.

Jean Dorrell
Lamar Tech

I've tried most brands of cigarettes. Discarded all the rest - I'm sure your taste will tell you, too. That Luckies are the best!

Barbara Kaplan
University of Chicago

Nothing-no, nothing-beats better taste and **LUCKIES** TASTE BETTER! Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?

You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

Be Happy-**GO LUCKY!**

I get a thrill from catching trout And love to fish for pike; But fishing ain't complete without My good old Lucky Strike!

systems of the Greater University and make suggestions as to how they might be improved. Qualified students from each of the schools will speak to the council at the first fall meeting about their respective honor systems.

A motion was also passed awarding keys to Tom Sulley and Marilyn Keen, outgoing council officers.

A motion was passed to commend Chancellor Harrelson for his contributions to State College during the last 18 years.

The council members went to Hogan's Lake after the meeting for a picnic at which the Carolina delegation played host.

CAMPUS STORES—

(Continued from Page 1)

time was spent in obtaining such background facts.

4. Since the duties of this Committee are not clearly defined, it is recommended that the Committee be put on advisory status, subject to call. An alternative suggestion is a re-defining and a clarification of the functions of the Committee by the Administration.

5. The Committee suggests that Mr. Ivey or a member of his staff in co-operation with the Committee prepare a pamphlet setting forth briefly:

- (a) The history of the campus stores;
- (b) The purpose of the stores;
- (c) The policies of the stores;
- (d) The use of the store profits;
- (e) The policies of the Watauga Book Store as they pertain to the sale and purchase of second-hand books;
- (f) Future plans.

6. It is further suggested that the above statement, recommended in (5), be issued to all students at registration each Fall.

Respectfully yours,
H. M. Nahikian, Chm.
Campus Stores Committee

COLLEGE STUDENTS PREFER LUCKIES IN NATION-WIDE SURVEY!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette by a wide margin. No. 1 reason—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.

"In Xanandu did Kubla Khan a stately pleasure dome decree," or so the required high school poem goes. But here in West Raleigh things were a little different. It was Buckminster Fuller, one of the world's most "energetic geometers," who gave the word which resulted in a geodesic dome being erected behind the O. Max Gardner Building.

The prototype wood structure, an experimental growth-house, is being erected by a group of students from the School of Design under the supervision of Mr. Fuller.

The main framework of the dome consists of a triangulated system of rigidly connected yellow pine ribs. The dome forms a half sphere. The skin of the structure will be made of polyethylene plastic which will hang from the vertices.

For the Colonel and His Lady No Tribute Is Too Great

Colonel Proclaimed A "Country Squire"

Chancellor, Retiring But
Not Shy, Kept State Under
His Hat for Sixteen Years

So many eloquent tributes have already been paid Chancellor Harrelson as he prepares to retire that ordinarily we would hesitate to elaborate any further on the subject; however, in this case it is our distinct pleasure and privilege to laud the Colonel's academic career.

First of all one must understand that Colonel Harrelson belongs to a select group of gentlemen. Furthermore, he is and always has been a gentleman in his own right, even without his being decreed such when he became an officer. The group to which the Colonel belongs is composed of men who are all distinguished educators, all respected administrators, all devoted public servants who serve without regard for their own personal or financial gain. They are also politicians of the able variety who would most accurately be termed diplomats.

As Colonel Harrelson has matured, so has State College. Each has kept pace with the other. Under his guidance State College has passed through adolescence into manhood. The Colonel has not merely sired a great many of the advances which have been recorded in connection with the College, he has mothered them too. No one would say that this has not been a trying task either, for State College has more often than not proved to be an ungainly and an unruly youngster. And too, while the size and worth of the College's physical plant has doubled, the high esteem in which the Chancellor has been held has known no such mathematical limitations.

From the financial point of view it is doubtful that the Chancellor has been liberally rewarded for his effort, but we rather suspect that from guiding the College through the metamorphic stages which it has passed the Colonel has derived sufficient compensation. How many times he must have felt, watching the young College sprout upwards that its growing pains would be the death of it. On the other hand, it is understandable that they should have for one cannot fully appreciate the calm unless a storm has preceded it.

Soon the routine and the pace which Colonel Harrelson set for himself during the past 15 years will be permanently interrupted. The hat with down-turned brim will no longer be found on the rack in Holladay Hall and it will be missed for it symbolized the Colonel more than any other tangible thing. As Dean—choosing is his forte, the soft hat is his identification. It would be fitting for the Colonel to leave us one of

Colonel Harrelson shown here on the right enjoying a tete-a-tete with Gordon Gray, President of the Consolidated University.

Proclamation

Reposing Special Trust and Confidence in
Colonel J. W. Harrelson

I, Gov. W. Kerr Scott, note that:

He is one of the branch head boys, born and bred in the Tarheel State, who has quit draggin' his feet and is catchin' up on his haulin'; and

Whereas he has demonstrated that he is a tried and true member of the rougher element and plows out to the end of the row; and

Whereas, he is versed in both the meaning and the mystery of our significant and proudly proclaimed dates; and

Whereas, he is forward-go'in' and has a natural hankerin' for chittlin's, possum and 'taters, lamb fries, potlikker, corn pone, barbecue, and sas'fras tea; I do

Therefore proclaim him a

COUNTRY SQUIRE

entitled to all the rights and privileges of this estate.
April 16, 1952, at Raleigh, the Capital of Tarheelia.

Signed W. Kerr Scott

his headpieces as a memento. We would treasure it as a constant reminder of his presence.

The fact that the Colonel is stepping down from the Chancellor's post is no indication that he will discontinue to serve the College and the citizens of North Carolina—not by any means. From comments which this distinguished gentleman has passed we have deduced that his greatest delight would be to continue supporting the College if by no other means than by becoming a lobbyist in the General Assembly.

Should the Colonel choose to become a lobbyist on behalf of the College, and we hope that he will, words such as these will never be adequate to express the gratitude which will be owed him.

Nothing that has been said about the Colonel can be considered complete unless Mrs. Harrelson is also included in the commentary. This gracious lady, with a charm peculiar to her and only her, has served

State College shoulder to shoulder with her husband as few other women would have under similar circumstances. She is an exceptional person.

The Harrelson's have served us long and they have served us exceedingly well. What can be said in summation except, Colonel and Mrs. Harrelson, we salute you! One other thing though, before closing and that is this, Colonel, we join you in scoffing at the idea that a spirited war horse like you can simply be turned out to green pastures, there to while away the time. No fence would hold you. We know that you deserve and need a rest, but it will not be an extended one. We will stand by you until you have gained your second wind and are ready for the second round for we know that you are not a man to lie down and quit until the very last schoolbell has rung.

Bell Tower

"The Loudspeakers Fool Everybody"

By WILLIAM WYNN
Major Kutchinski's cramped little music room is in the basement of Holladay Hall. Down toward the Dean's office is the Chimes Room, announced in four-inch letters on the door. It's from inside this room that the tower bells are played.

The Major is getting old, but he is still wrapped up in his music. He likes his chimes. He likes to hear them, to play them. He leans his head over a little when he talks, and he speaks from the side of his mouth. But he is interesting.

And, as the Major will assure

you, there are no chimes in that room. Those aren't chimes that you hear from the tower. They are merely tones that sound like bells. "And it's really quite remarkable, too. (Ask the Major.) For those chiming tones start off as no sound at all—just vibrating waves. The electronic equipment over there beside the wall does it all. That's all there is to it. How? Why, there are slim metal tubes, rods, over there in the cabinet. When you hit a note on the keyboard, a suspended hammer is demagnetized and it hits the base of one of those rods. That starts the rod to vibrating,

and the waves which are sent out are picked up by all that electronic equipment. The vibrations can then be heard. They are strongly amplified, sounding like chimes when they come out of the loud-speaker. They are called carillon bells. But you can see they aren't bells at all. There's nothing in this room but what you see: the keyboard, the cabinet, and the amplifiers. And there's nothing in the tower but a loud-speaker. Many people don't know that."

The Major ran his fingers slowly over the keyboard. The amplifiers

THE EDITOR'S NOTES IN PASSING

Ever been approached by a smile? Ever bumped into a bicycle carrying a devilish gleam in its rider's eye? Ever encountered sensibility, sincerity, good humor and sound judgment? You have? Well, then, you've met Vincent Outland, past president and durable workhorse of Campus Government.

Vince has been one of our favorite people on campus for nigh on three years now. Never heard a bad word about him either, not one dissenting voice. His accomplishments have all spoken for themselves, his record is jam-packed with "do-itiveness." He's a great guy, the kind you would be proud to claim as a friend, a person who will never cease to command our admiration and respect.

Vince, lean forward, we want to administer a couple of well deserved pats on your back.

* * * * *

To our way of jumbled up thinking it would seem that either or both the Athletic Council and the Monogram Club are better qualified to select the recipient of the Alumni Athletic Trophy than is the general student body. For the later group the selection has become a popularity contest. How about it?

* * * * *

This week a special word of thanks to the deans of students, Cloyd and Talley. These gentlemen have both cooperated with us in every respect as we strove to publish a superior newspaper. They have each evidenced a genuine desire to help us at all times, and for this we are grateful beyond words.

We are also indebted to Mrs. Shirley for helping us with the mechanics of the work when we were in a pinch. Here's a really pleasant and personable lady, one whom it's always a pleasure to encounter at the receptionist desk in Dean Talley's office.

* * * * *

The Editor is deeply grateful to the College Union Board of Chairman and officers who presented him with a lifetime membership in the Union on Tuesday.

You said that he had done a great deal for the Union. Well, he wants you to know that the Union has done so much for him and the other students on this campus that the books will never

be really balanced. Keep up the splendid work.

The Editor is also grateful to Bill Oliver, Campus Government Prexy, for the resolution which was passed in the Council last week. It's things like that which make serving with you a pleasure. The Editor is just vain enough to be flattered by the kind gesture. It's all Vince Outland's fault though, you know. He made the Editor an ex-officio C. G. member with voting power. Thanks, Vince for that too. Really appreciate it.

* * * * *

What's this we hear about the SAE's. Some say that they are seriously considering holding the Campus Government meetings in their basement "recreation room" next year. That ought to be interesting. Go to it, lads.

* * * * *

Earl Poplin and his Campus Government Welfare Committee were mainly responsible for the adopting of a new and better accident insurance policy for the students. Likewise Dave Barrett and his C. G. committee slaved over the Faculty Evaluation forms. Both boys and their committee's are entitled to praise from every student on the campus. Let's give it to them.

Ceramic Department Awards Scholarships

High School Seniors from Durham and Hendersonville Receive Grants Valued At \$2,000 each from Brick-Tile Service

Thomas Oliver Anderson, senior in the Durham High School, and John Lee Freeman of Route 1, Hendersonville, senior in the Edneyville High School, are the winners of the 1953 scholarships in ceramic engineering at North Carolina State College.

The scholarships, valued at \$2,000 each, are presented by the Brick and Tile Service, Inc., of Greensboro and are the first to be awarded in a new program of scholarships, open to prospective students in the State College of Engineering.

Selection of the recipients was based on three factors: a written

examination, a short essay on ceramics, and personal interviews.

Under the scholarship plan of the Brick and Tile Service, two scholarships in ceramic engineering at State College will be awarded each year henceforth. In four years, there will be eight scholarship winners in continuous residence at the college.

Anderson, one of the first two winners, is the son of M. W. Anderson, an assistant overseer in the Erwin Mills at Durham. He is a member of the Durham High School Band, the Camera Club, and the Engineers' Club and served his junior year as treasurer of the

Engineers
 There's Room for You in this Picture!

A secure future, exceptional opportunities for advancement, and a high starting salary await you at FAIRCHILD, if you are one of the men we are looking for. We have openings right now for qualified engineers and designers in all phases of aircraft manufacturing; we need top-notch men to help us in our long-range military program: turning out the famous C-119 Flying Boxcar and other projects for the U.S. Air Force. FAIRCHILD provides paid vacations and liberal health and life insurance coverage. We work a 5-day, 40-hour week as a base. Premium is paid when longer work week is scheduled.

ranks third in his class of 35 seniors and was president of the Beta Club during his junior year. Anderson and Freeman were chosen as the scholarship winners after a State-wide screening program of applicants had been completed. The final selection was made by a committee at State College, headed by Dean Lampe and including Foster, George M. Norwood of Raleigh, and Dr. W. W. Kriegel, head of the Ceramic Engineering Department, State College.

AIP ELECTS NEW OFFICERS

Recently the American Institute of Physics had their election of officers for the 1953-54 school year. They are top row left to right

Alternates of the 1953 competition are Wilber Kent Greer of Old Fort, son of P. W. Greer who is the principal of the Old Fort High School, and William Preston Bartlett of Camden, whose father is Charles S. Bartlett, a carpenter.

John E. Stewart, president; R. Hewitt Clark, vice-president; bottom row left to right, William T. Scarborough, secretary; Harry D. Youmans, Jr., treasurer.

John E. Stewart is a junior in nuclear engineering from Winston-Salem. He is a member of Sigma Pi Sigma, honorary physics society, Blue Key, Engineers' Council, and the YMCA Cabinet.

R. Hewitt Clark, senior in nuclear engineering, is from Salisbury. Clark has membership in Sigma Pi Sigma and Tau Beta Pi. The secretary, Bill Scarborough, hails from Harrisville, Miss. and is a senior in nuclear engineering. Scarborough was recently tapped into Blue Key and is a member of Sigma Pi Sigma, Tau Beta Pi, Phi Kappa Phi, and Baptist Student Union.

R. HEWITT CLARK

HARRY D. YOUMANS, JR.

JOHN E. STEWART

WILLIAM T. SCARBOROUGH

The treasurer, Harry Youmans from Raleigh, is a sophomore in nuclear engineering and is a member of Pi Kappa Phi Fraternity, and the Engineers' Council.

On May 9 at Crabtree State Park the AIP had its annual outing and picnic. Most of the students brought their wives and children or dates and spent the afternoon playing softball, volleyball, swimming, or pitching horseshoes. Late in the afternoon a picnic supper was enjoyed by all and then followed by an evening of dancing and singing.

LET'S FACE IT

It's about an even bet that our dollars won't do more for us unless we do more for the dollar.

YEARS AHEAD OF THEM ALL!

1. THE QUALITY CONTRAST between Chesterfield and other leading cigarettes is a revealing story. Recent chemical analyses give an index of good quality for the country's six leading cigarette brands.

The index of good quality table—a ratio of high sugar to low nicotine—shows Chesterfield quality highest

... 15% higher than its nearest competitor and Chesterfield quality 31% higher than the average of the five other leading brands.

2. First to Give You Premium Quality in Regular and King-size ... much milder with an extraordinarily good taste—and for your pocketbook, Chesterfield is today's best cigarette buy.

3. A Report Never Before Made About a Cigarette. For well over a year a medical specialist has been giving a group of Chesterfield smokers regular examinations every two months. He reports... *no adverse effects to nose, throat and sinuses from smoking Chesterfield.*

CHESTERFIELD IS BEST FOR YOU

With the Greeks

By DICK RUDIKOFF

Come one, Come all, to the Pika's open house party this Saturday. All fraternity men are welcome and can stay as long as they wish.

Pi Kappa Alpha held elections for fraternity officers. President is John Crosby, vice president—Ed Weisiger, secretary—Mac MacAlister, and treasurer—Bob Jones. All the P.K.P. men are taking off for the beach this weekend.

Kappa Alpha is making many plans for the houseparty in June.

Willard Wynn, Jr. and David Hopkins are two new pledges for Alpha Gamma Rho.

Lambda Chi Alpha has a tea planned for their neighbors on Sunday.

Walt Barge was elected outstanding pledge of the year for Sigma Alpha Epsilon Fraternity.

This Sunday will be parents day for Sigma Chi Fraternity. The day will begin with the attending of Pullen Memorial Baptist Church. A picnic at Crabtree Park will follow in the afternoon with a small get-together back at the

house afterwards. The Chi's are looking with much optimism toward the fraternity sing this Friday night.

Sigma Phi Epsilon initiated 4 new men into the fraternity. They are Harold Martin, Collins Pippin, Jim Killiam and W. H. Clark.

Tau Kappa Epsilon also initiated new men into the fraternity. They are Dick Miller, Allen Gamel, Marian Ham, and Peely Booke.

On Friday night 5 men will be initiated into Sigma Nu fratern-

Special Meet Called For the Senior Class

There will be a meeting of the present Senior Class Tuesday, May 26 at 12 noon in Pullen Hall. The purpose of this meeting is the election of Permanent Class Officers. If you plan to run for an office register in Dean Talley's office before 4 p.m. Monday May 25. Please, plan to attend and support the candidates of your choice.

nity. They are Sunny Smith, John Knight, Ron Davis, Don Davis and Tom Webb. A party will follow the initiation.

(My humble apology to Louis Brunetti for the way I murdered his name last week.)

were turned low, and the only sound that came from the cabinet was the magnetic click when each hammer was picked up. We agree with him; it's really quite remarkable.

"There are two octaves or 25 keys on the keyboard. That's enough to play most anything you want to. But fast music shouldn't be played, for the overtones and subtones will get jumbled all together and the tones will sound terrible."

He played several notes fast, and the music was discordant. It sounded off key.

"That's the limitation to carillon bells as well as real chimes. You see, the overtone harmonics are actually several pitches at once. The first harmonic is one octave higher than the fundamental tone, the second harmonic one-fifth higher, and so forth. Certain combinations of these rolling overtones make harsh sounds."

The big electric clock in the Chimes Room plays the bells on the hour. Major Kutchinski is usually the one who plays the chimes when special occasions come up. He enjoys playing them.

"Anyone who can play a piano can play them. But I see no need of playing them except when the occasion is especially fitting."

"The bell tones are really high quality. They are made to reproduce the old English chimes. But they have limitations." The Major smiles when he says this. "They may not be the real thing but most people don't know the difference."

THE DU PONT DIGEST

DU PONT SCIENCE AND ENGINEERING GRADUATES MEET THE PUBLIC IN

Technical Sales

More and more, industry is on the lookout for technically trained men and science majors who have an interest in and aptitude for selling. A number of departments at Du Pont prefer men with such training for sales positions. A technical understanding of the properties of a substance helps a man do a better selling job—and offers the customer better service.

Because of the diverse applications of Du Pont's many products, there is a need for sales representatives with widely varying technical backgrounds. There are problems involving chemistry and many types of engineering in such fields as plastics, ceramics, textiles and many others.

Technical men may work in direct sales, sales service, or sales development groups, depending on depart-

Edgar G. Boyce, Ashland State (right), helps a customer improve his method of applying silicate adhesive in the manufacture of corrugated boxboard.

Ivan R. Smith, B.S. in Ch.E., Kansas State University '40 (right), advises the operator of a galvanizing machine on the efficient use of a Du Pont flux.

mental organization. In some cases technical men handle all phases of selling. In others they deal mainly with customer problems. Some departments also maintain a sales development section that works on technical problems connected with the introduction of a new product or a new application for an established one.

Here are examples of the kind of problems attacked by technical men in Du Pont sales groups:

1. Find a more economical way to apply sodium silicate used in making corrugated paperboard. Du Pont men, as in many other instances, were able to make substantial savings for the customer.
2. Introduce fabrics of "Orlon" acrylic fiber for use in dust filtration. This

James A. Newman, B.S. in Ch. E., North Carolina State '40, discusses study of optimum settings and conditions for carding nylon staple with Prof. J. F. Bogdan of North Carolina State's Research Division.

involved evaluation and modification of filter fabrics in cooperation with makers of dust-control equipment, and with plant personnel having serious dust-recovery problems.

3. Reduce the time needed for processing motion-picture film used by race tracks. Technical service men carried the problem to a research group which developed an emulsion that could be processed in about one-third the former time.

Technical men interested in sales work at Du Pont usually acquire needed background in a laboratory or manufacturing plant. Depending on their interest and abilities, they may then move into technical sales service, sales development, or direct sales.

In any of these fields, the man with the right combination of sales ability and technical knowledge will find not only interesting work but exceptional opportunities for growth in the Company.

College graduates with many types of technical training find opportunities at Du Pont. Write for your copy of "The Du Pont Company and the College Graduate." Address: E. I. du Pont de Nemours & Co. (Inc.), 2521 Nemours Building, Wilmington, Delaware.

State's Mr. Batter, Johnny Yvars Wins Bat Crown

Wyles, Hardison, and Jack Yvars Also in Coveted Spotlight

Chalmers Port, Carolina's strong-armed righthanded hurler, and State shortstop Johnny Yvars have been crowned the pitching and batting champions of the Big Four League's baseball season.

Port finished the season with a 4-1 record, figures released here today showed, to cop the pitching title, while Yvars hit a mighty .469 to capture the hitting championship.

Yvars also led in hits, 15, and tied with Carolina's Harry Lee Lloyd for the most doubles, three.

Al Spangler, Duke's fancy-fielding sophomore centerfielder, placed second in the bat parade with a .412 average. Last year the Duke centerfielder, Benny Cavaliere, won the batting title. Spangler also finished second in the number of hits, with 14.

Third in the batting performances came State's Carl Wyles, a junior who doubled in the outfield and behind the bat. He hit .353, leading in homers, with three; in runs-batted-in, with 10; and tied for the leadership in runs scored with teammate Jack Turney and Duke's Billy Lea. Each tallied eight times.

Wake Forest's Luke McKeel, freshman fielder, slugged three triples to lead in that department, while Johnny Gibbons of Duke stole the most bases, four.

Buz Stars

Maryland's well-balanced track team won its third successive Southern Conference outdoor title last week piling up 58 1/2 points.

Joel Shankle, Duke's star sophomore, piled up 23 points to enable the Blue Devils to take second (Continued on Page 9)

the Technician SPORTS

Views and Previews

JERRY ARMSTRONG, Sports Editor

A Quote from Mr. Herbert

In the May 19th edition of the Raleigh News and Observer sports editor Dick Herbert had some information which is very timely for this occasion:

"The Southern Conference can afford it, but the lack of receipts for the baseball tournament here was regrettable. Not much could be expected, though, when only one night program was held that was attractive. Friday night's play was changed to the afternoon to avoid a conflict with the heavyweight championship fight, and the only game on Thursday night sent George Washington against Maryland. That had no appeal locally, especially since neither was given much of a chance to win the championship. Arrangements here for the event worked out well. The promoters were fighting a losing battle trying to make a profit.

"Seceding Seven Dominate Titles

"The Southern Conference usually is behind the Southeastern a little in track and field, but a comparison of the marks made in the annual meets of both conferences Saturday shows the Southern with a clear edge this year. The league still has a long way to go before it can catch up with the Big Ten and Pacific Coast in track. A good track meet provides a good show. Usually in this area it is free. . . One of the most popular finishes in the conference meet was the second place in the two-mile registered by little Bobby Darden of Carolina. He was one of the students who last fall had polio. . . Main reason Clyde Garrison of State failed to win the mile run was a poor second lap. 'We planned to run the second quarter in about 62 or 63 seconds,' reported Coach Tom Fitzgibbon. It took 70'."

Around and Back

Outstanding performance always deserves the highest possible recognition. Two athletes this spring have certainly turned in outstanding performances and here is some of their well deserved recognition. Johnny Yvars, State's terrific shortstop, and Captain Buz Sawyer, one of the South's finest two miler, have both been a credit to the school this spring in their individual sports.

Johnny led the Big Four batting this season with an almost unbelievable average of .469. He has also been the inspiration of the State team with his constant hustling and great versatility on the diamond.

Buz "The Ole Reliable" Sawyer has proved himself to be more than just an above the average runner because he has become one of those honor few who always keeps improving. He is the kind of athlete that the coach never has to tell, "Come on and put out all you've got." Buz, as you would soon find out if you watched him run, is always putting out all that is in him. He has lost only one two mile event this year and that was in the last ten or so feet of the finish line. He won the Southern Conference cross-country meet last fall and last week added his name to the Southern Conference outdoor two mile championship crown for the second straight year.

All I have to say in closing is you did the job in the finest college fashion and you deserve all the credit possible.

Big Four Day A Success

The sixth annual Big Four Sports Day was held on May 12 with N. C. State College being the host school. Some 200 athletes competed in softball, volleyball, tennis, golf, horseshoes, handball, and table tennis. Carolina and State again had a nip-and-tuck battle: the score, Carolina 28, State 24, Wake 16, Duke 8. As is the usual thing, State can look back and see where they might have won and at least tied, if, the handball player, and the table tennis player who failed to show up had not let their buddies down. State won softball for the fourth straight year.

With the regular season play over in all the sections, the respective winners are now involved

in the playoffs. The games of the last week are as follows:

Sigma Alpha Mu clinched its division crown by trouncing Sigma Alpha Epsilon 10 to 5. A parade of three pitchers was seen by the S.A.M. batters, who had no trouble in scoring off each.

Although Teroy knocked out 2 home runs and a double for Sigma Pi, they went down to defeat 15 to 10 at the hands of Sigma Phi Epsilon. Culberth contributed a double, single, and a walk, and Rodgers a walk and two singles to the S.P.E. cause.

Osborne of Alpha Gamma Rho gave up only one hit and struck out seven in an 11 to 2 victory over Pi Kappa Alpha. Alton belted three singles for the victors.

In an extra game to determine the winner of section 2, Pi Kappa Phi whipped Sigma Nu 11 to 4. After a wobbly first inning pitcher Harris of P.K.P. held Sigma Nu at bay the rest of the afternoon. Golden collected three singles and a homerun for the winners while his (Continued on Page 9)

SOU. CONF. TRACK—

(Continued from Page 8)
place with 41 1/2 points, nosing out third place North Carolina, which picked up 40%.

Shankle won the broad jump and the 120 yard high hurdles and tied for first in the high jump and pole vault, while finishing second in the 220 yard low hurdles. Veteran observers could not recall when an athlete ever scored as many points in an outdoor Conference meet.

In the point scoring back of the first three were VPI 27 1/4, VMI 14, South Carolina 10%, North Carolina State, 9 1/4, West Virginia 8, Richmond 5 1/2, Clemson 4 1/2, Davidson 2, Furman 2, and Washington and Lee 1 1/2.

Repeat Finish

The first five schools finished in the same order a year ago.

Although only one record was broken, there were several outstanding performances. Duke's Durham Lawshe tossed the shot 50 feet, 8 3/4 inches. The old record was 50-7 set five years ago by Duke's Jim O'Leary.

Dashing Dave Matthews, slim speedster from Maryland, turned in a fine pair of sprints, taking the

100 in :09.9 and the 220 in :21.4.

Shankle didn't have to perform in the broad jump on the second day of the event as his 23 foot 1 1/4 inch effort of the day before stood up for a first place medal.

But he still was the busiest athlete in Duke Stadium as the 17-member conference staged what apparently will be its last meet before the recently announced split goes into effect.

One Defeat

While alternating between the high jump and the pole vault, Shankle had to take time out to run the 220-yard low hurdles. Here he met his only defeat. Johnny Mapp, brilliant VMI speedster, turned him back rather handily in the good time of :23.3.

In the pole vault, which Shankle took up only this year, he and Maryland's Mel Schwartz tied at 13 feet after failing in an attempt to beat the 25-year-old record of 13.3.

Coach Jim Kehoe's Maryland charges avenged a winter meet setback at the hands of Duke by charging into the lead in the first five events and continuing to pick up valuable points thereafter.

Shankle, in the high hurdles, and West Virginia's Larry Hunt, in the discus, were the only repeat winners.

Dave Shafer of VPI beat North Carolina State's Clyde Garrison handily in a 4:23 mile, but, trying to come back later in the two mile, could do no better than fifth. This event went to Buz Sawyer, North Carolina State, who had a 50-yard edge over runnerup Bobby Barden, North Carolina.

Harry Brown, who placed in both sprints for North Carolina a year ago, was forced to turn to the javelin due to a leg injury and his 190 foot, 9 1/2 inch heave gave him the event.

TERPS RETAIN TITLE

Shot put—1. Durham Lawshe (Duke) 50 ft. 8 3/4 in.; new conference record, old record 50-7 by Jim O'Leary, Duke (1948); 2. Joseph Holland (VPI) 48-2 1/4; 3. Roger Morris (UNC) 48 1/4; 4. Jack Kistler (Duke) 46-9 1/4; 5. Larry Hunt (W. Va.) 46-8.

Javelin—1. Harry Brown (UNC) 190 ft. 9 1/2 in.; 2. Pete Laburg (Md.) 184-7 1/2; 3. Clarence Gaddy (Md.) 182-5 1/2; 4. Joe Gilbreth (Furman) 178-3/4; 5. Steve Marcinko (UNC) 177-9.

FRAT INTRAMURALS—

(Continued from Page 8)
teammates Hasbrouck and Bell also starred.

The fraternity track meet this year was one of the most largely participated in for the past several years. A total of twelve fraternities had men entered in the events. The results were very pleasing as many records were broken.

In the discus throw Abernethy of Sigma Chi broke the standing record by throwing it 114.2 feet. Mears (Sig Chi), Scott (K.A.), and Cornelson (K.A.), followed respectively.

In the 100-yard dash, Hall of K.A. tied his own record of 10.5 seconds. Pierson (Kap Sig), Turney (Kap Sig), and Honeycutt (Sig Nu) took the next three places in that order.

In the 440-yard run Honeycutt of Sigma Nu broke the record by running the distance in 56.4 seconds. Thackston (Kap Sig), Megee (S.P.E.), and Schultz (Sigma Chi) followed.

In the 3/4-mile run Poplin of the Farmhouse took first with a time of 3:51 minutes. Davis (Sigma Nu), Boothe (Kap Sig), and Culbreth (S.P.E.) followed.

In the 880-yard relay Kappa Sigma took first place with a time of 1:41.9 minutes; Kappa Alpha, Sigma Nu, and Sigma Chi followed.

In the high jump Speight of Sigma Nu tied the record when he leaped 5 ft. 8 in. Goss (Sigma Nu), Taylor (Farmhouse), and Brinkley from the Farmhouse followed in that order.

In the broad jump Speight of Sigma Nu jumped 19 ft. 3 1/4 in. F. Wihecoff (Sigma Chi), Ward (P.K.A.), and G. Winekoff from Sigma Chi followed.

220-yard low hurdles—1. Johnny Mapp (VMI); 2. Joel Shankle (Duke); 3. Charles Scott (UNC); 4. Bill Cornell (UNC); Clarence Gaddy (Md.) :23.3.

100-yard dash—1. Maryland (Ken Thornton, Phil Stroup, Jim Pentzer, Burke Wilson); 2. South Carolina; 3. Duke; 4. Davidson; 5. VPI 3:22.8.

High Jump — 1. Tie between A. T. Mitchell (Clemson) and Joel Shankle (Duke) 6 ft. 2 1/2 in.; 3—Tie between Ronnie Mayer (Duke) and Ben Lankford (VPI) 6-0; 5. Tie among James Summers (South Carolina), Glenn Yoder (N. C. State), Charles Hall (VPI), Randolph Klientz (Richmond), Louie Dickman (N. C. State), Sam Jordan (UNC), Bob Bell (UNC), and Martin Gaston (VPI) 5-10.

Pole Vault—1. Tie between Joel Shankle (Duke) and Mel Schwartz (Md.) 13 ft.; 3. Tie among Sam Jordan (UNC), Tom Roberts (VPI), Ted Robinson (South Carolina), and Walter Diggs (Washington and Lee) 12-7.

An Associated Collegiate Press poll of students on campuses across the nation revealed the following opinions on campus newspapers.

Most college students are satisfied with their campus newspaper—but not enthusiastic. This was learned in an ACP National Poll of Student Opinion.

The answers:
Excellent 12 per cent
Good 46 per cent
Fair 31 per cent
Poor 8 per cent
No opinion 3 per cent
"Has only student news," is one of the usual comments. Another common remark is, "Reminds me of our high school paper."

Students were also asked, "How would you rate the job your college newspaper is doing in covering campus life? Here are the results:

Excellent 32 per cent
Good 45 per cent
Fair 17 per cent
Poor 5 per cent
No opinion 1 per cent

Bob Lumley chosen new Eta Kappa Nu President: Snowman Top E.E. Soph

The Beta Eta chapter of Eta Kappa Nu, national electrical engineering honor society, recently elected Robert M. Lumley, rising senior from Winston-Salem, president of the local group at North Carolina State College.

Lumley and other incoming officers were introduced at the third annual Eta Kappa Nu faculty dinner at the S & W Cafeteria, May 19.

Other items on the agenda of the banquet meeting included the discussion of courses and student-staff relations.

Lawrence R. Snowman of Greensboro was presented the Outstanding Electrical Engineer-

ing Sophomore award at that time.

Additional officers introduced at the banquet were: Fred H. Laughter of Hendersonville, vice president; Archie R. Miller of Newport, recording secretary; Johnnie L. Pearson of Raleigh, corresponding secretary; Frank A. Hargrove of Scotia, N. Y., bridge correspondent; and Thomas F. Haggai of Hendersonville, treasurer.

Faculty advisor to the group is Professor F. G. Manning.

SOMEONE SAID

there is something sweeter than receiving praise; it's the feeling of having deserved it.

Tommy Crockett Ties For Eighth

Jimmy Ferree, 21-year-old senior from Carolina put together rounds of 69-71 for a 36-hole score of 140 to win the annual Southern Conference golf championship at Old Town Club at Durham last week.

Ferree, who missed a long putt on the 18th green and then played it safe for a par five, captured the championship by one-stroke from Phil Weichman, 18-year-old freshman from Wake Forest College, who added a 72 to his 69 of Friday for a 141 score.

Ferree, the son of host club pro Purvis Ferree, had a 10-foot putt for an eagle three on the 18th hole. But, after marking his ball for another player to shoot, he stepped back, putted and the ball struck the cup and bounced about 10 inches past.

Playing it safely, Ferree, tapped up close and sank his third putt for a par five to hold the one-stroke edge over Weichman, who had finished two threesomes ahead of the Carolina star.

Bob Black of Carolina, with a 72 Friday, added a par 71 today for 143 and third place.

Fourth place went to Duke University's Henry Clark, Jr., who put

together two steady rounds of 72 for 144.

Riding on the brilliant shotmaking of Ferree and Black, the North Carolina team successfully defended its championship with a score that old-timers of conference golf say was a new team record.

Ferree and Black were joined by Billy Thornton with 149, and Billy Ford, with 147, for a team score of 579—one stroke better than the Wake Forest team record of 580 in 1950.

Duke, which held the team after the first day of play, took second place in the final standings with 582.

Wake Forest, with 596, was third, edging The Citadel team by one stroke.

The final scores in the team play follow:

North Carolina—579. Jimmy Ferree, 140; Bob Black, 143; Billy Ford, 147; Billy Thornton, 149.

Duke—582. Henry Clark, 144; John Eisinger, 146; Dennis Bolster, 146; Harold Hansen, 146.

Wake Forest—596. Phil Weichman, 141; Allen Birmingham, 150; Charlie Etrack, 152; Turner and Henry Kerfot, tied with 153.

The Citadel—597. Billy Picard, 146; Larry McCrary, 148; Bob Lowry, 151; Kip Layton, 152.

Maryland — 621. William Buppert, 150; Jim Depiro, 156; William McFerren, 156; Carl Kroneberger, 159.

State—662. Tom Crockett, 149; Pete Smith, 156; Frank Jones, 156; Bill Edwards, 161.

Virginia Tech—640. Bob Kennerly, 155; Billy Deemer, 156; Gene James, 169; L. N. Cook, 170.

Davidson — 642. Graeme Keith, 150; McIkey Canon, 158; Joe Jen-

kins, 158; Larry Parrott, 176.

West Virginia — 649. Reggie Spencer, 156; Herman Hall, 161; Steve Rietkovich, 162; Dan Hicks, 164.
