IFC Ball Sponsors Chosen

ANN SHAW

LENORE GREEN

MRS. ELVIN R. JONES

MABLE BALLARD

MARY ANNE BARKER

DORIS MARTIN

JACQUELINE ROGERS

Pictured here are the sponsors of the annual North Carolina State College Interfraternity Council dances to be held in Raleigh's Memorial Auditorium Friday and Saturday, February 27 and 28, from 9 o'clock until midnight each evening. Tex Beneke and his orchestra will provide the music. The sponsors, with their escorts listed, are shown here. Top row, left to right: Ann Shaw of Raleigh with George Cornelison, Jr., of Clinton, decoration committee Lenore Green of Raleigh with Steve Cooper of East Rockaway, N. Y., dance chairman; and Mrs. Elvin R. Jones of Greenville with her husband, invitations committee. In the center is Mable Ballard of Greensboro with Ben Davis Harrington of Fuquay Springs, band committee chairman. Bottom row, left to right: Mary Anne Barker of Charlotte with Bill Williams of Charlotte, vice president of the Interfraternity Council; Doris Martin of Raleigh with Paul Smigell of Philadelphia, Pa., publicity chairman and Jacqueline Rogers of Raleigh with Leroy Jackson of Benson, president of the Interfraternity Council.

Departmental Honor Courts Evolve From Decentralization Discussions

By EARL POPLIN

The Campus Government is literally working overtime lately. Because of an abundance of controversial issues on the agenda, President Outland called a special meeting on Tuesday, February 24.

The first business consisted of the swearing in of two new Council members from the school of Forestry—Bob Jordan, junior and Bill Dozier, freshman. Jordan inherits the job as chairman of the Welfare Committee from Bennet White who will not be on the campus next term.

Bill Oliver, Chairman of the Promotions Committee, then brought up an issue which has been under discussion for some time. He proposed that we keep the present honor system; that is, that we have departmental honor courts. Bennet White, who is author of the original plan to decentralize the enforcement of the honor code, then made a motion that the Campus Government recommend to the departmental honor committees that they do everything within their power to enforce the honor code within their

(Continued on Page 2)

Dean In Address

Dean Henry L. Kamphoefner of the School of Design at North Carolina State College addressed the Producers' Council of Charlotte at its meeting last Monday night. Approximately 200 persons attended the session.

If the student whose car was damaged while parked in front of Hilker Brothers at 511 Hillsboro St. will contact Mr. Banks Arendell in the Insurance Building he may have the damage repaired. Mr. Arendell's phone number is 2-0513.

Opposition Stifled By Two-To-One Vote

Carolina Gets Saturday Classes Despite Vigorous Protest: State Scheduled to Convert in Fall Term of 1954

Textile Dean Goes Abroad

Campbell in Europe to Enlist Cooperation of Textile Executives

The National Cotton Council of America has named Dean Malcolm E. Campbell of the School of Textile at North Carolina State College to begin an effort designed to stem the drop in cotton exports from this country and to stimulate interest in the consumption of American cotton abroad.

Dean Campbell flew from New York last Monday aboard a Pan-American Airways plane for Paris to start the cotton industry's mission. He was accompanied by Read P. Dunn, Jr., of Washington, D. C., director of the Foreign Trade Division of the National Cotton Council.

From Paris, Dean Campbell and Read traveled by train, the Orient Express, to Zurich, Switzerland, where they attended and addressed a meeting of the International Federation of Master Cotton Spinners and Manufacturers Associations.

Their principal objective was to enlist the cooperation of European textile executives in boosting the use of American cotton and to cite recent technological advancements in cotton processing, research, and utilization in the United States.

They also made tentative arrangements for a tour of American textile experts in Europe later this year. The National Cotton Council hopes to send a team of from eight to ten cotton authorities on the European tour arranged by Dean Campbell and Read.

On its tour, the team will appear at technical meetings in England and on the continent to outline improvements in American cotton quality, cotton utilization, and other fiber advancements and will, in general, work toward increased demand for American cotton in Europe.

Dean Campbell and Read paved the way for the experts, set up schedules for them, and sought the cooperation of European textile directors in boosting more cotton trade for the United States.

(Continued on Page 2)

The administrative heads of the Consolidated University bowed to pressure brought to bear upon them by the Board of Trustees and accepted the report of the Trustees Visiting Committee on Monday by a 46-28 vote. Included in the report were recommendations that a uniform calendar be adopted throughout the Greater University. This involves the installation of Saturday classes at Carolina and the Semester system at both State College and Carolina.

Officials at Carolina have stated they will be able to convert to the semester system in the fall of 1953; however, State is being allowed a year of grace and is not scheduled to convert until the fall of 1954.

There was comparatively little opposition to the acceptance of the Executive Committee's and Visiting Committee's recommendations at the Board meeting, but the opposition voiced was most vigorous. L. P. MacLendon, a 1910 State College alumnus, tore the proposal to shreds and maintained that the matter was one which rightly should be decided by the administrative heads of the three schools rather than by the Trustees whom he considered the least qualified to set basic academic standards.

Another outspoken opponent of the proposal was John Umstead, brother of the Governor. He was supported by Ham Horton, President of the Carolina Student Government who appeared before the Board armed with petitions and a barrage of anti-Saturday class speeches. The petition, against installation of Saturday classes, was signed by 4,000 students enrolled at Chapel Hill. Horton further stated that both President Gray and Chancellor House of Carolina had argued against the change at a meeting of the Executive Committee held on November 10.

Chancellor Harelson of State College has been quoted as saying that he thought the Quarter system was best for State College; however, he did acquiesce on the point that the semester system would be best for universal adoption at State, The Woman's College, and UNC.

Dean Shirley of the Basic Division has compiled statistics governing Universities and Land Grant colleges which show that

Bond Issue For School of Design

General Assembly Considering Special Bond Issue to Meet Needs of College's Internationally Recognized Design School

The waning hopes of the School of Design people were recently revived when word was passed around that the School may get its \$514,000 required to convert D. H. Hill Library into a permanent Design headquarters after all. The North Carolina Legislature is considering a proposal whereby the School's needs would be met with a bond issue. The Legis-

lature is empowered to approve bond issues up to fifteen million dollars without soliciting public approval in a general vote. Previously the State Legislature's Budget Committee had turned thumbs-down on the Design request along with many other requests which came under the heading of permanent improvements.

(Continued on Page 2)

TRUSTEES—

(Continued from Page 1) 67.3 per cent of these institutions are on the semester system. Dean Shirley further stated that adoption of a uniform calendar would facilitate not only inter-University transfers, but inter-collegiate transfers on a nation-wide basis as well. The uniform calendar would also enable students and teachers from each or any of the three facets of the University to schedule courses in sequence at schools other than their own. Teachers, for instance, could conduct the same class at Chapel Hill and Raleigh by commuting if the course were scheduled at Chapel

Hill in the morning and at State in the afternoon.

And too, it has been pointed out that the number of registration periods has been reduced from three to two, and likewise the number of headaches which traditionally accompany registration.

Dean Shirley also said that as they went through the process of preparing to convert to the semester system, the instructors and professors would be presented with an excellent opportunity to reevaluate the worth of their respective courses and to make changes in them which would result in betterment all the way around.

Following the Board of Trustees

two-hour meeting, the Board members were entertained in the cafeteria at a luncheon sponsored by Golden Chain, senior honorary leadership society. After the luncheon many of the estimated 50 students attending (members of Campus Government and other campus leaders) remarked that the Trustees appeared to have been confused about the issues with which they were confronted at their meeting. The Trustees left the impression that they did not understand the close tie between the Saturday class issue at Carolina and its relation to the adoption of a uniform calendar. One influential Trustee who is also a member of the General Assembly is known to have made a bet that the issue would be revived before State College ever got around to convert-

ing to the Semester System. He even doubted that the College would actually ever convert.

The luncheon over, several Trustees were conducted about the campus by students. Included on the tour were visits to dormitories which are considered in bad repair, and other campus buildings.

J. J. Stewart, Student Housing Director, later reported that the woman who he guided through the dormitories was impressed to the extent that she left considering calling together some other Trustees for the purpose of reviewing the conditions which she had encountered.

Chem Teacher: This jar contains a deadly gas. What steps would you take if it escaped?
Freshman: Long ones.

CAMPUS GOVERNMENT—

(Continued from Page 1) school. This would include the holding of preliminary hearings for those who are accused of some rules infraction. Under this plan the Campus Government would still conduct the actual trial of the individual. Cases which would affect the school as a whole, would naturally be tried by the Honor Council of the Campus Government.

A motion was passed which tabled the previous bill until the Constitution Committee could prepare a more definite plan. The president asked Tom Avery, of the Rules Committee, to take the responsibility of working on a plan to change the system of Campus elections to one where all officers, excluding the freshman class officers, would be elected on one day during the spring quarter.

APPROPRIATIONS—

(Continued from Page 1) The financial needs of the School of Design have been outlined in a 12-page brochure which pictorially and statistically states the School's position. Renderings which show how the present Library would be renovated are matched by itemized accounts of the expense involved. They are as follows:

An addition with three floors of drafting rooms, \$269,865.00; Remodeling Hill Library, \$130,000.00; Equipment, \$70,000.00; Landscape, Terrace, Walks, retaining walls, etc., \$25,000.00; Architects Fee, \$20,000.00—Making a total of \$514,865.00.

Eighty-five thousand dollars appropriated by the 1949 General Assembly to be used for remodeling of the Hill Library was diverted to the School of Engineering to complete the new building for Nuclear Science.

CAMPBELL—

(Continued from Page 1) An official of the National Cotton Council said Dean Campbell was chosen for the mission "because he is one of the best informed men in the country on the subject for discussion."

Dean Campbell, the council executive stated, "has been to Europe many times, knows the technical and mill people there, and he is very able in expressing himself in a way that mill executives can understand and appreciate."

Following the completion of his assignment in Zurich, the State College dean will return to Paris (Continued on Page 3)

Nothing no, nothing-beats better taste

and **LUCKIES**
TASTE BETTER!

Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?

You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

Be Happy-**GO LUCKY!**

When cramming for a test it takes
A pack or more for me;
But still my mouth feels clean and fresh—
They're Lucky Strikes you see!

Arthur A. Loff
Amherst College

All round our ivy-covered halls
You'll hear the students say,
"For real deep-down enjoyment,
Get Lucky Strike today!"

Al Cavallari
Michigan State College

COLLEGE STUDENTS PREFER LUCKIES
IN NATION-WIDE SURVEY!
Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette by a wide margin. No. 1 reason—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.

From coast to coast in campus votes,
We've found what students like—
For cleaner, fresher, smoother taste,
They go for Lucky Strike!

Textile Manufacturing Scholarships Awarded By Commercial Firms

Three new scholarships in textile manufacturing have recently been established in the School of Textiles, North Carolina State College, Dean Malcolm E. Campbell announced recently.

The second Euvaldo Lodi Scholarship, awarded to the outstanding graduate of the School of Chemical and Textile Engineering of Rio de Janeiro, Brazil, has been sponsored by Draper Corporation, Saco-

Billiard Tourney Here

The National Telephonic Billiard Tournament will be held Thursday, March 5th all over the country.

State will be represented in the tournament by James Duling, Horace Smith and Glenn Steppe.

Lowell Shops, Whitin Machine Works, and Crompton and Knowles Loom Works.

The scholarship is awarded for a two-year period and is valued at \$1,750. The winner of the scholarship, still unknown at this time, will arrive to begin his studies in March. The award was named for Euvaldo Lodi, president of the Brazilian Confederation of Industries.

Two four-year scholarships for graduates of Haleyville, Ga., High School have been established by Holeproof Hosiery Company. A division of the Holeproof Company, Winston Manufacturing Company, is located in Haleyville. The scholarship will pay the major part of all expenses of the students selected for the four-year textile course at North Carolina State College.

A \$400 Keever Scholarship Award has been established by the Keever Starch Company, Columbus, Ohio, to be awarded to an outstanding student at the School of Textiles, State College. This scholarship will be awarded to a student selected by the school in the Textile Manufacturing or Textile Chemistry and Dyeing curricula.

State College Development Council Meeting To Be Held March 6

The North Carolina State College Development Council will meet in the Riddick Engineering Laboratories Building at the college Friday, March 6, at 2 p.m.

Chairman E. Y. Floyd of Raleigh, reporting this last week, said the council will hear a review of the functions and recent achievements of the college's School of Engineering. The program will be presented by Dean J. H. Lampe and his associates in the School of Engineering.

In addition, he said various committee reports will be made during the meeting. Following the formal meeting, council members will attend a dinner in the State College dining hall.

The meeting and dinner will be concluded in time for the council members to attend the semi-final games of the Southern Conference Basketball Tournament in the William Neal Reynolds Coliseum at State College.

Formation of the Development Council was announced last May 8 by Chancellor J. W. Harrelson, who said the organization's main objective will be to work toward the long-range and continuing advancement of State College.

The council is composed of 19

members. L. L. Ray, director of foundations and assistant to the chancellor of State College, is executive secretary of the council.

CAMPBELL—

(Continued from Page 2)

and will fly from the French capital to Manchester, England, where he will spend several days discussing the objectives of his mission with top-level British textile plant directors, with whom he is personally acquainted.

He will fly back to the United States from London March 6.

High United States government officials, textile manufacturers, cotton farmers, and farm leaders have expressed concern about sagging American cotton exports. Last Thursday Secretary of Agriculture Ezra T. Benson asked farmers to cut cotton acreage 18 per cent because export demand "has been falling off."

The National Cotton Council is concentrating its efforts on the expansion of the foreign cotton market, and Dean Campbell's mission is the first major step in that direction.

Short Course In Furniture Finishing To Be Held By Lilly Co., High Point

A short course in furniture finishing will be held the week of March 2 at the Lilly Company plant in High Point.

Announcement of plans for the course was made here last week by Dean Richard J. Preston, Jr., of the School of Forestry at North Carolina State College and Director Edward W. Ruggles of the college's Extension Division.

Dean Preston said this will be the fifth course in furniture finishing to be conducted by North Carolina State College. The course, arranged for the furniture and allied industries, is designed to provide foremen and potential finishing foremen with the latest information on finishing techniques and materials.

Development of the series of industrial short courses was initiated by the Southern Furniture Manufacturers Association and the National Paint, Varnish and Lacquer Association in cooperation with the State College School of Forestry and the Department of Industrial Engineering.

Other courses in this series will be held in lumber grading, kiln drying, tungsten carbide tools and quality control.

Arrangements for the new course will be handled by Roy M. Carter, professor of wood technology, State College, who will also be in charge of the instruction.

Representatives of paint, lacquer, and equipment manufacturers will provide materials, demonstrations, and instruction during the week-long course.

Application blanks and detailed information on the course may be obtained by writing to Prof. Roy M. Carter, School of Forestry, North Carolina State College, Raleigh.

No Use Bucking Young Broncos We're Saddled With The Semester System

If our readers will allow, we will start by quoting from the third verse of Ecclesiastes: **Everything has its appointed hour, there is a time for all things under heaven; a time for birth, a time for death, a time to plant and a time to uproot, a time to kill, a time to heal a time to break down and a time to build a time to cry, a time to laugh, a time to mourn, a time to dance, a time to scatter and a time to gather, a time to embrace, a time to refrain, a time to seek, a time to lose, a time to keep, a time to throw away, a time to tear, a time to sew, a time for silence and a time for speech, a time for love, a time for hate, a time for war, and a time for peace.**

We are at this writing torn between a desire to initiate a cozy little small-scale war and a desire to give someone a piece of our mind. We will exchange this for peace of mind, the kind which a book by the same name does not offer.

Well, to the above quotation you can add, a time for a change. . . . which might lead one to believe that the Trustees are mostly Republicans, for they surely do not have any inhibitions about tossing out the new in favor of the old. Perhaps we should go on from this point and write an "Ode to the Confederate Deadheads Who Took Away Our Preferred Quarter System," but what good would it do. None at all, we suspect. What tends to stick in our crops is

the arguments which were advanced favoring the universal adoption of the Semester system over the Quarter system. We had been laboring under the assumption that professional educators considered the Quarter system superior to the one which State will adopt in 1954. Just because a majority of the schools in the country are on the semester system this fact cannot be misconstrued to indicate that the semester system is best. The public goes for Guy Lombardo's music too, but any good musician will tell you that it is nothing more or less than the day before yesterday's music played yesterday. We're sorry, but we aren't convinced.

This is one of those times when the Editor wishes that he was clever and witty like those Charles Addamish people who write and draw for *The New Yorker*. If Confucius were still kicking around, we wonder what words of wisdom he would offer. Maybe it would go something like this: "If Semester system inevitable, relax and enjoy it."

Well, editorial candor notwithstanding, we are saddled with the prospective change, and the saddle doesn't appear to be slipping. Under the circumstances perhaps the best attitude to assume is that since we are men and not boys (this ought to separate them) that we should swallow the pill however bitter it may seem while rippling over our taste buds, and who knows, once it is down, the thing may pep us up and make us feel like soaring off into space. Now whatever gave us that idea.

State
. Side
**THE EDITOR'S
NOTES
IN PASSING**

The above permanent heading is used even though the Editor is fully aware that it presents an excellent opportunity for someone to remark, "I hope it's on and out."

* * * * *

Dean Talley reports that he has taken no end of chiding from his friends in Holladay Hall since the last issue of *THE TECHNICIAN* appeared. The question asked of Banks was, "How much did you pay Campus Government to have them adopt that resolution asking you to stay."

Dean Talley has indicated that he is very impressed with Campus Government's action, and that he appreciates the interest shown by the students who were responsible for it.

* * * * *

As a follow-up to last week's survey conducted at Yale concerning the drinking habits of American college youth, we wish to pass on a remark overheard on Saturday. It goes: "If a boy had not started drinking before he came here, a one year's stay would most certainly drive him to it."

* * * * *

For the record: Sixty thousand dollars collected from Vetville rents has been applied to the \$118,000 debt incurred by the Coliseum during its first two years of operation.

* * * * *

About this Communist literature which is being circulated in the dorms—ignore it, or burn it, either will do since it is by its very nature, objectionable and is being circulated without permission from the proper authority at the College.

There's Magic In The Air At "Y" Radios Disappear; Reappear

Someone on this campus is developing an affinity, or we should say a strong attachment bordering on the permanent side, for the YMCA's radios. During the month of January the Vetville set was removed from its lodging place, only to be returned several weeks later. Naturally the "Y" was not unhappy when the "borrower" returned what he had made off with.

No sooner had the first radio reappeared when the set which graced the "Y" lobby came up missing. Officials at the "Y," having had their faith in human nature reaffirmed such a short time before, were caught off-guard by the second disappearance. They are hopeful though . . . and so is *THE TECHNICIAN*—that whoever committed this dastardly deed will be stricken by pangs of conscience which will motivate him to return the pilfered set just as the other set was.

Technician Subscription Drive Proves Successful In All Ways

The Editor hereby makes an official announcement. As a result of a recent subscription drive *THE TECHNICIAN* is now being dispersed, and read we trust, from Maine to California, not to mention Texas and Florida. It is with pride that we announce the addition of 125 names to our mailing list bringing the total circulation figure to 5,000 copies a week. That's a lot of paper, a lot of ink, and a lot of work, and the entire staff is proud of the achievement.

Not only has the subscription drive been successful in that new names were added to the mailing list, but there is a slight gain from the financial angle. (Just for the record, all profits revert to a general fund which is administered through the Finance Office of the College.)

Although the staff members did not realize any direct financial gain from this venture themselves, they were rewarded with that satisfied feeling that usually engulfs one after a project has been drawn to a successful conclusion.

With the Greeks

By DICK RUDIHOFF

By DICK RUDIHOFF
Most of the fraternities on campus are having gala weekend festivities in conjunction with the Mid-Winter Dances. If all goes well, it will be a weekend long remembered on the State College campus.

Pi Tappa Alpha is laying preparations for its annual Bowery Ball on Friday night, February 27. Everyone will be attired in costumes similar to the dress worn in the days of the bowery. There will be a king and queen elected for the occasion. A party following the formal dance on Saturday night will also be held.

Delta Sigma Phi will hold a formal initiation of three pledges into the fraternity on Saturday afternoon. Following this event they will hold a Founders Day Banquet. A party is planned after the formal dance on Saturday night.

Lambda Chi Alpha is running a cocktail party Saturday afternoon with all the participants going out to dine afterwards. The weekend is also expected to attract a great deal of alumni.

Theta Chi initiated three new men. They are Carol Yarborough, Don Rose, and Tom Patton. Theta Chi is planning a party at their fraternity house following the formal dance on Saturday night.

Phi Tappa Tau just elected new officers of the fraternity. They are: president, Dave Finley; vice president, John Croon; secretary, George Snow treasurer, Harold Lawrence; I. F. C. representative, Ray Bradley; and steward, Graham Crutchfield.

Kappa Alpha has hired a three piece band for Friday night, Saturday afternoon and Saturday night. A cocktail party is in order for Saturday afternoon and a picnic on Sunday afternoon.

Sigma Alpha Epsilon initiated ten new pledges. They are Will Barge, Les Graham, Buck Harris, Frank Connor, Bob Cameron, Bill

Grehen, Gordon Adams, Bill Foushee, Ernie Strangn, and Andy Riggs. A tea-dance at the Carolina Country Club followed by a banquet at the Carolina Hotel has been planned for Saturday. After the formal dance the fraternity is going out to Johnnies. A dinner at the fraternity house is scheduled for Sunday.

Sigma Alpha Mu welcomed ten new members into their fraternity last week. They are Howie Simon, Martin Steign, Fred Kleiman, Dick Rudikoff, Lenny Bender, Stanley Hilton, Jerry Gaier, Gerald Citron, Herb Weiss, and Dick Feldman. A cribbage tournament has also been instructed in the fraternity house. S.A.M. is looking forward to Friday evening which they are spending at the Tar Heel Club. A three piece band headed by Kick Levin has been hired. On Saturday the fraternity is dining at the Village Restaurant and a big party is planned following the formal dance. A large number of alumni are expected to attend the house party and many girls from N. Y. C. have been invited down by the members.

Sigma Chi has three new pledges who are Mason Smith, Bob McClure and Glenn Lee. They are having a party Saturday night and a breakfast somewhere around the time of 3 a.m.

Sigma Nu has just taken in three new pledges. They are Ronald Davis, Donald Davis, and Thomas Long. The fraternity is having parties on both Friday and Saturday nights with a cocktail party and buffet supper on Saturday.

Sigma Pi is having a party on both Friday and Saturday night. A breakfast scheduled for 3 a.m. will be followed by all fraters and dates going to church on Sunday. Two new pledges are Bob Martin and Earl Jackson.

Tau Kappa Epsilon is holding a rush party this weekend. On Saturday night they are eating at

the S & W Cafeteria with a party Saturday night after the dance.

Sigma Phi Epsilon has just gotten three new pledges. They are Tom Culbreth, James Gellean, and W. H. Clark. They had election of officers who are now Don Carl, President; Bernie Duplesses, Vice President; Ben Millsaps, Secretary; Charles Moss, Treasurer; Doug Grimes, I. F. C. representative; Dave Parrott, Steward; and Richard Wembush, Chaplin.

Phi Epsilon Pi just initiated six new members. They are Hank Saffer, Don Rosenbaum, Dick Goldenberg, Melvin Litch, Melvin Deitch, and Don Colderone. On Saturday night a "French Quarter" party is planned.

After the Christmas vacation, a student at Wyoming University remarked, "It isn't so bad to sleep through all your classes, but when you start to wake up automatically every 50 minutes during the night—you've had it."

Announced By Chancellor Harrelson Seven New Staff Appointments

Seven new staff appointments, four resignations, and the granting of five leaves of absence for staff members at North Carolina State College were announced recently by Chancellor J. W. Harrelson.

Chancellor Harrelson said the staff changes have been approved by President Gordon Gray of the Consolidated University of North Carolina and the executive committee of the Board of Trustees.

New appointees to the staff and faculty include:

Charles H. Hill, associate professor of poultry nutrition, School of Agriculture. A native of Indianapolis, Ind., he was educated at Colorado A. & M. College, where he received the B.S. degree, and at Cornell University, where he earned M.S. and Ph.D. degrees.

Robert N. Pinkerton, professor of aeronautical engineering, School of Engineering, replacing P. L. Michel. He is a native of Illinois and received his B.S. degree from Bradley University. He also studied at the University of Virginia and Texas A. & M. College.

P. H. McDonald, Jr., research associate, School of Engineering, replacing E. R. Kirk. He holds a B. S. degree from North Carolina State College, a M.S. degree from Northwestern University, and has worked on his Ph.D. degree at the latter institution.

Thomas Glenn Bowery, research associate professor, School of Agriculture. A native of Bellevue, Pa., he received a B.S. degree from Michigan State College and M.S. and Ph.D. degrees from Rutgers University.

Henry Wilburn Garren, assistant professor of poultry pathology, School of Agriculture. A native of Hendersonville, he has a B.A. degree from the University of North Carolina, a B.S. degree from North Carolina State College, a M.S. degree from the University of Maryland, and has completed his work for a Ph.D. degree at the latter institution.

Joseph N. Sasser, assistant professor of plant pathology, School of Agriculture. A native of Goldsboro, he attended Wake Forest College, was awarded B.S. and M.S. degrees by North Carolina State College, and earned his Ph.D. degree at the University of Maryland.

Leaves of absence were granted to the following:

Prof. Joseph Clyde Johnson of the School of Education for the period of January 1 to June, 1953; Dr. Landis S. Bennett of the School of Agriculture until December, 1953; Joseph A. Porter, Jr., associate professor, School of Textiles, for two years as a Mutual Security Agency official in Europe; L. B. Beres, associate professor, School of Education, for two years of work in Puerto Rico; and Dr. R. J. Monroe, Department of Experimental Statistics, to work on an Air Force assignment.

The following resignations were reported:

Dr. Floyd Brown and Bobby L. Joyner, both of the School of Engineering; and James H. Anderson and Dr. B. F. Cox, both of the School of Agriculture.

Illumination Topic Of Two-Day Meeting

A two-day conference on architectural illumination will be held at North Carolina State College Friday and Saturday, February 27 and 28.

The conference will be conducted by the college's School of Design and Extension Division. Discussions will be centered around the latest developments and techniques of day-lighting and night-lighting.

Cecil M. Elliott, faculty member in the State College School of Design, said last week that the conference was arranged for the benefit of North Carolina architects and for advanced students in the School of Design.

Sessions will be held in the Broughton Mechanical Engineering Building at State College Friday at 2 p.m. and 8 p.m. and on Saturday at 9 a.m. and 2 p.m.

The opening session will be featured by talks by Dean Henry L. Kamphoefner of the State College School of Design and Charles R. Kelley, assistant professor of psychology and associate director of occupational vision research, State College.

Other conference speakers will be Dr. Hubert Haywood, Jr., of Raleigh, who will discuss "Illumination and the Eye"; R. P. Bell of Raleigh, assistant general paint manager, Pittsburgh Plate Glass Company; Berlon C. Cooper, eastern editor of Electrical Construction and Maintenance, a trade magazine, and lighting consultant to the McGraw-Hill Publishing Company.

Also appearing on the program will be C. M. Cutler, General Electric Company illuminating engineer; Louis I. Kahn, Philadelphia architect and Yale University professor; and Richard Kelly, lighting designer and engineer of New York City.

Interested persons may register for the conference in the Broughton Building, State College, Friday, Feb. 27, at 1 p.m.

From the Northwestern Daily: "Found—Baby Elephant in Deering Meadow. Upkeep expensive. Owner please claim. Inquire Lunt Hut III-D. Ask for Rajah."

And from the University Daily Kansan: "Wanted—Baby sitter for two Siamese cats during Christmas vacation. Sitter gets run of house and financial remuneration."

ENGINEERS OF '53 ... THIS DESK IS RESERVED FOR YOU!

YOU DON'T NEED A DEGREE IN AERONAUTICAL ENGINEERING TO QUALIFY

Expanding and Diversified long range programs at Bell Aircraft have opened exceptional opportunities in all fields of engineering with this leading pioneer in the research and development of Guided Missiles, Rocket Motors, Supersonic Aircraft, and Airborne Electronic Equipment. Bell is looking for the right men to work with leading engineers in these fields while enjoying advantages of high salaries, advancement, educational plans and other benefits. This is your opportunity to get in on the ground floor today for the engineering advances of tomorrow. Be sure to make an appointment with our representatives to get the complete facts.

Due to the practicing of the N. C. State Freshman basketball team, the fraternity basketball teams only had a total of 8 games this week. On Tuesday night, February 17, Pi Kappa Alpha won a close game by edging out Kappa Alpha 30 to 29. The game was a hard fought rough house affair with a total of 40 fouls being called. Nineteen fouls were called against P.K.A. and 21 against K.A. with a technical foul called on each team. Kiser and Bassett with 6 points each were high for P.K.A., and York with 10 and Smith and Pierce with 5 were high for K.A.

P.E.P. went on to win its second ball game of the year by defeating P.K.P. 32 to 25. For P.E.P. Greenberg was high man with 12 points while his teammates Arkin and

Saffer dropped in 6 each. Kern and McDaniel had 10 for P.K.P.

Sigma Alpha Mu sped to victory at the expense of Sigma Pi by a score of 42 to 19. The win marked the eighth straight without a loss for S.A.M. After a close first quarter S.A.M. broke into the lead and was never headed. Herb Weiss poured in nine points for the victors while his teammates Dick Rudikoff, Artie Maclair, and Eddie Weisberger tallied 8 each. Pickett for Sigma Pi was high man in the game with 10 points.

Tau Kappa Epsilon triumphed over Phi Kappa Tau 20 to 16. Smith was high man for T.K.E. with 8 points while Hoffman registered 6 for P.K.T.

On Thursday night Alpha Gam-

State and Carolina Explode In Pool Today

By ALLEN HULL

The Southern Conference Swimming meet gets off to a splashing start this Friday and Saturday here on our own campus at Frank Thompson pool. According to all coaches this big three day event will be the greatest and most spectacular championship ever to be witnessed in the South.

The first event gets underway Thursday when the 1,500-meter free style will be run off on a time final basis. State's own Frank Nauss won this event in last year's meet. Nauss will be a heavy contender if he swims this event this year. Also, Carolina's Donnie Evans, who has turned in some remarkable times so far this season in the free style as well as breast stroke event. V.P.I.'s Mac Jones won this event two years ago and may enter this year. State has a sensation in one of its freshmen, Fred Rupenthal. Fred has tremendously improved and will, in all probability, be in the top finishes of this race. Shannon of UNC could be a close finisher also Mellon of Duke could easily move into a finishing spot to make it quite a race.

In the sprints, namely the 50- and 100-yard free, there will be some very keen competition for all places. There will be a rival battle between Heins and Tinkam of UNC and Don Sonia and Billy Churn of State College. There will be threats from Ben Miller of VPI, Walskie of Duke, Middleton of South Carolina and Wilson James of State. All these swimmers could easily upset the Carolina and State men. Don Sonia of State will have to do his best to retain his title, which he won in last year's meet.

Nauss and Mattson of State, Shannon and Evans of Carolina loom heavy favorites in the distance events, the 220- and 440-yard free style. Mac Jones of VPI, Mellon of Duke, will have to work hard to keep off the threat of State's Rupenthal. Ormand of Davidson has been winning the 220- and 440-free in a number of meets.

The diving finds Alan Stenberg of State College defending his diving crown against such challengers as Joe Kelso of UNC, Popenberg of Duke and Clements of South Carolina. Joe Kelso is defending high board champion and is out to win the low board title. Clements (Continued on Page 8)

Swords Win Again

State's Fencing team had a successful day last Sunday, when they defeated the International "Y" of Baltimore 15-12 and UNC 22-5 in the Frank Thompson Gym. The Pack now has a record of four wins against one loss.

State's Foil team turned in an impressive score of 15 wins out of 18 bouts for the day. Hugh Wilder, State Foil fencer, won 6 of 6, which gives him 14 straight wins.

Individual scores and team totals for the Baltimore match:

| Foil | Won | Lost |
|---------|---------------|------|
| Wilder | 5-2, 5-2, 5-2 | 3 0 |
| Hiller | 5-4, 5-0, 5-3 | 3 0 |
| Skinner | 5-2, 5-1, 3-5 | 2 1 |
| Epee | | |
| Forrest | 2-3, 2-3, 3-1 | 1 2 |
| Croom | 3-0, 3-0, 3-0 | 3 0 |
| Helms | 3-1, 2-3, 1-3 | 1 2 |
| Sabre | | |
| Plyler | 2-5, 5-3, 2-5 | 1 2 |
| Smith | 3-5, 1-5, 2-5 | 0 3 |
| Ogburn | 3-5, 4-5, 5-4 | 1 2 |

State totals 15 12

Individual scores and team totals for the Carolina match:

| Foil | Won | Lost |
|---------|---------------|------|
| Wilder | 5-2, 5-2, 5-1 | 3 0 |
| Hiller | 5-2, 5-0, 1-5 | 2 1 |
| Skinner | 5-1, 3-5, 5-4 | 2 1 |
| Epee | | |
| Forrest | 3-0, 3-2, 3-2 | 3 0 |
| Croom | 3-1, 3-0, 1-3 | 2 1 |
| Helms | 1-3, 3-1, 3-1 | 2 1 |
| Sabre | | |
| Player | 5-0, 5-2, 5-2 | 3 0 |
| Smith | 5-2, 5-3 | 2 0 |
| Ogburn | 5-4, 0-5 | 1 1 |
| Hughes | 5-2, 5-3 | 2 0 |

State totals 22 5

Golf Information

The Wolfpack Golf team will hold an important meeting Monday evening at 7:30 in Athletic Director Roy Clogston's office at the Coliseum. All students interested in playing on the golf team should be present at this meeting.

Three lettermen Tommy Crocket, Bill and Pete Smith are the only veterans returning from last year's squad which had a 7-7 won-lost record in 14 matches and placed third in the Southern Conference tournament.

The team will begin practice immediately on the Raleigh Golf Association Course, a change from the Carolina Country Club where State

College teams have played for several years.

The schedule is incomplete at this time. Plans are being made to have 12 matches and to participate in the Southern Intercollegiate tournament at Athens, Georgia, and the Southern Conference tournament in Winston-Salem.

The Daily Athenaeum, West Virginia University, recently came up with an appropriate typographical error.

Commenting on academic witch hunts, the Athenaeum said, "There are undoubtedly communist in the American school and college system. . . . But let's not destroy public confidence in the institution while getting red of them."

Conference Indoor Track Meet At Carolina

Raleigh Wrestling

Raleigh will again have the great Australian Wrestling Team Match at the Memorial Auditorium Tuesday, March 3, at 8:30 p.m. All of the wrestlers featured are the same wrestlers who have been seen on your television. The main event will be the Smith Brothers, Al and John, who hail from Des Moines, Iowa, and are known to be two of the roughest and toughest boys ever to team up in a team tag

match. They know all of the tricks in the book and a few of their own. Their slick-domed, long chin whiskers, and mutton-chop sideburns have long identified them as the "Coughdrop Kids."

Hans Schnabel hails from Milwaukee, Wisconsin, and is known as the "barrel who walks like a man." He has a lot of dirty tricks of his own and will stop at nothing to win a match.

Gene DeBuque comes from Honolulu, Hawaii. This lad is a crafty, (Continued at bottom of page)

Fishman Take Tenth

The Caseymen took their tenth consecutive victory last week, when they splashed over a strong Gamecock team from the University of South Carolina, 46-37. In taking the meet, the Pack broke seven of the pool's records and were strong in every event.

The summaries:

300 yard medley relay: North Carolina State (Dunlap, Deyton, Ruppenthal). Time: 3: 3:01.5

220-yard free style: 1. Mattson (NCS), 2. Hale (USC); 3. Crepeau (USC). Time: 2:14.4.

50-yard free style: 1. Middleton (USC); 2. Churn (NCS); 3. Tweed (NCS). Time: 24.7.

150-yard individual medley: 1. Lynes (NCS); 2. Winder (USC); 3. Hull (NCS). Time: 1:40.3.

Diving: Stenberg (NCS); 2. Clement (USC); 3. Sikes (NCS).

100-yard free style: 1. James (NCS), 2. Middleton (USC); 3. Darby (USC). Time: 54.6.

200-yard backstroke: 1. Dunlap (NCS); 2. Winder (USC); 3. Snowden (USC). Time: 2:16.

200-yard breaststroke: 1. Arata (NCS); 2. Van Horn (USC). Time: 2:29.3.

440-yard free style: 1. Nauss (NCS); 2. Hale (USC); 3. Turner (USC). Time: 4:47.8.

440-yard free style: 1. Nauss (NCS); (disqualified at own request for illegal turn).

Track Drops Meet

The State Indoor Track Team last week opened their dual meet season with Carolina, but were unable to push across a victory as the Tar Heels took the meet 70-34. Captain Clyde Garrison and lanky Buz Sawyer tried desperately to take the victory for the Pack by winning the one, the one-half, and two mile events.

Summary:

1 Mile: Garrison (NCS); Osborne (UNC); T—4:29.4

440-yard: Ray (UNC); Reimer (UNC); Cooke (NCS); T—54.9

60 yard: Newton (UNC); Wright (NCS); Bethune (NSC); T—6.4

70 high hurdle: Brall (UNC); Scott (UNC); T—8.8

880 yard run (half mile): Garrison (NCS); Bennett (UNC); Higgins (UNC); T—2:012

High Jump: (tie) Yoder and Davidson (NCS); (tie) Wilson (NCS) and Cornell (UNC); (tie) Jordan (UNC) and Alexander (NCS); H—5'10"

Pack Hopes Are Toward Top Place Tomorrow at UNC

Pack Guns for Top Place

Coach Fitzgibbons and his boys will have a rough road to travel tomorrow, when they journey to Chapel Hill to compete in the Southern Conference Indoor Championship Meet to be held in Woolen Gymnasium. Carolina, Maryland, and Duke will be favored in the meet, but Fitz's boys have shown a great amount of power in their first two starts this season.

At the VMI Relays earlier in the season, the Pack showed a great running team. Last week they had their first dual meet with North Carolina, and this running ability showed favorably with Captain Clyde Garrison winning both the mile and the half-mile event; Buz Sawyer, after just recovering from the flu, took the two mile event easily with teammate Dave Miller running in his shadow for second; in the 60 yard shuttle State's Buddy Wright was barely nosed out for first place, but took second and teammate Dickie Bethune took third; after a very fast start, freshman Buck Cooke was beaten by "sections of an inch" for second place in the 440-yard event and in the last event the mile relay team started slowly and could never catch up as the Carolina lads sprinted to victory.

Richmond's Spiders, coached by Fred Hardy himself a track great at North Carolina, will come up with a pair of tough cookies in Randy Keintz and Bill Jordan. Keintz tied for third in the high jump last year, while Jordan is a new threat in the two-mile run.

Virginia Tech will come up with a top high jump prospect in Bill Langford. He tied for first last year in a surprise. Coach Lou Onesty has several middle distance men who may hit paydirt.

Bill Thorburn in the two mile and Joe Hunt in the shot put give West Virginia's Mountaineers a tough duo.

Johnny Mapp, Herm Decker, Ben Ingle and Frank Spencer, all point-makers for the first time last year, will power a strong Virginia Military Institute team in the colorful Indoor Games. The Keydets finished fourth last year, just three-fourths of a point behind host North Carolina.

South Carolina is pushing its new track program and is expected to bring a strong aggregation to the meet here also.

FRAT INTRAMURALS—

(Continued from Page 6)

ma Rho started off the evening by whipping Lambda Chi Alpha 34 to 27. Garman, A.G.R.'s main scoring threat, as usual was high man. He clicked for 16 points as his team—

1 Mile Relay: (UNC) Mitchell, Reimer, Warren, Ray (won); (NCS) Cooke, Winslow, Browning, Wright. T—3:414

2 Mile: Sawyer (NCS); Miller (NCS); Marx (UNC); T—9:05

70 Low Hurdle: Scott (UNC); Brall (UNC); T—7.9

Pole Vault: (tie) Jordan and Yarborough (UNC); H—12'

Shot Put: Morris (UNC); Higgins (UNC); Winning throw: 45'9"

Broad Jump: Yarborough (UNC); Brown (UNC); Bethune (NCS); Winning distance: 21'10"

versatile orthodox wrestler and has met some of the best men ever to show in the square circle. This team of Schnabel and DeBuque should be able to take the Smith Brothers to task for the way they have handled other teams.

State College students can get a special ticket at the College YMCA for 75c, to be picked up before six o'clock March 3. Regular general admission \$1.25; ringside reserved seats \$1.75.

There will be two other good matches on the card also.

mate, James, supplemented his 16 points with 8. Carrow with 7 and Fenne and Malmquist with 6 were Lambda Chi's leaders in scoring.

Kappa Sigma bowed to Sigma Alpha Epsilon 37 to 21. Jordan with 8, and Welch and Brileg with 8 led the scoring for S.A.E. For Kappa Sig, Murphy tallied 11.

Sigma Phi Epsilon avenged an early season loss to Delta Sigma Phi by trouncing them 58 to 19. This one-sided contest produced the second highest team score this season. For S.P.E., Yoder ripped the nets for a grand total of 21 points. Brady with 16 and Rodgers with 12 were also high men for S.P.E. Harrison accounted for 9 and Saville 7 for Delta Sig. A total of 27 field goals were tallied for S.P.E.

Sigma Nu commonly known as Burnette and Co. around basketball circles, went on to win its eighth straight game by virtue of 39 to 16 victory over Theta Chi. Burnette registered 18 and Cotten (Continued on Page 8)

Open Letter to the Student Body of N. C. STATE

I'd like the opportunity to show you how you can be better dressed even on the most stringent clothing budget.

Since we started operating in Chapel Hill in 1948 we have had a large number of alumni return for their clothing needs since they feel they can't duplicate our clothes for quality, style and price.

Instead of offering you nationally advertised merchandise you find from Maine to California, our clothes are styled especially for the campus gentleman. But you pay nothing more for these distinctive features—in fact you pay less.

For instance, if you are familiar with our cordovan shoes, you wonder how we can sell them for \$14.95. Well since these shoes are specially made for us, they are 100% sold before manufacture saving the manufacturer the cost of stocking same; SINCE I buy the shoes at the factory there is no salesman's commission, adding another saving; also there are no advertising costs at all. Consequently our \$14.95 shoes have the same quality and workmanship as any \$25.00 nationally advertised shoe on the market.

Our store is unique in that practically every item we carry cannot be found elsewhere. You usually have to pay much more for clothes with distinctive styling but we guarantee to clothe you for much less. Our smart apparel will give you the necessary confidence that better dressed individuals enjoy.

Please give us a try and you won't regret it. There is absolutely no red tape in opening up a charge account. Simply come in, see Jim Howard and tell him to open you up a charge account. We require no references—your word is your bond.

Sincerely yours,
MILTON JULIAN, Proprietor

FRAT INTRAMURALS—
 (Continued from Page 7)
 9 for Sigma Nu while Buckner tallied 9 for the losers.

Table Tennis
 In the final round of the fraternity table tennis tournament Sigma Chi went onto win the cham-

pionship. It was a long uphill fight for Sigma Chi as they had to take 3 straight matches to do it. The first match they played P.E.P. and the next two against Sigma Alpha Mu. In the final match S.A.M. took one singles game as Steve Cooper triumphed over Frank Morgan. In the doubles Gene Coche and Charlie Kelly of Sig Chi combined to beat Marty Steiger and Howie Simon. Dick Hill defeated Dick Rudikoff in the other singles game.

Swimming
 Swimming highlighted Friday night's events as 11 teams competed for top honors. The final standings are as follows: P.K.A. in first place followed by Sigma Chi, Sigma Nu, S.A.E., S.A.M., P.K.P., T.K.E., Sigma Pi, S.P.E., P.E.P., and Delta Sig. There were several records broken and most of the times were good. In the 100 yard

free style Gray of P.K.A. broke the record of 1.3 minutes by swimming the distance in 1.02 minutes. In the 25 yard free style Moore of P.K.P. tied the record of 12 seconds. In the 50 yard breast stroke Gates of Sigma Pi broke the record by one-tenth of a second, swimming the distance in 33.4 seconds. In the 50 yard back stroke, Saville of Delta Sig broke his own record which was 34.5 by swimming the distance in 33.4 seconds. In the medley S.A.M. missed a record by two-tenths of a second. Cooper Sontag, and Gaier combined to swim the 150 yard stretch in 1 minute, 43.6 seconds. In diving, Smith from S.A.E. took the honors.

Sou. Conf. Swimming—
 (Continued from Page 7)
 of South Carolina will threaten Kelson in the 3 Meter Board Title. The backstroke looms a tough

contest for there is a large number of entries in this event. Baarcke of UNC will be defending his 200- and 100-yard titles. Tommy Dunlap has looked exceptionally well this season and will be out to win the titles if he can. Jewell and Heeman of Carolina are in contention to win along with Johnston of VMI and Morse, who is Duke's big entry. The first five of these men will all finish pretty close together.

The breast stroke brings up the battery of strong State men. Paul Arata, Craig Lynes, John Deyton, Allen Hull and possibly Frank Naus will be entered. Barry Wall, UNC's swimmer, is defending champion in the 200-yard title, while Bob Mattson of State may defend his 100-yard title. Evans of UNC has turned in some outstanding times and will be among the top finishers. Mac Jones of VPI has done very well in his breast stroke. This will be a heavily contested event up to the very last stroke.

The relays are hard to determine, as the men may swim individual events. State, Carolina and VPI have fast teams. Duke, Davidson and South Carolina, as well as VMI, will have a tough race for the next finishers.

This Championship meet has material to be a spectacular one and all State students should be there to support our Wolfpack Tankmen.
