

To Head AG Engineers

Pictured here are the newly-elected officers of the North Carolina State College Chapter of the American Society of Agricultural Engineers, a student group which sponsors a wide range of extra-curricular activities. Top row, left to right: Frank D. Shepard of Greensboro, president; Jacob E. Reep of Lincolnton, vice president; and Donald C. Craft of Raleigh, secretary. Bottom row, left to right: John R. Richardson of Reidsville, reporter; Talmadge R. Burgess of Henderson, editor; and Bryce Haywood of Asheboro, treasurer.

15 Top Cadets Chosen For "Rifles"

Fifteen leading students in the Army ROTC units of North Carolina State College have been chosen as new members of the college chapter of Pershing Rifles, national honorary military society.

Chief purpose of the society is to promote high quality military training and leadership in Army ROTC units at American colleges and universities. The N. C. State chapter is Company L of the Fourth Regiment.

The State College Chapter is well known throughout the State for its precision drills at parades, football games, and other public events.

New members are:

G. Stanley McConnell, Fort Campbell, Ky.; John Thomas James, Elizabeth City; Creighton Lee Calhoun, Raleigh; Homer Franklin Drye, Salisbury; John M. Romweber, Batesville, Ind.; Bobby E. Jones, Mooresboro; James Robert Grogan, Jr., Reidsville; Samuel W. Holland, Franklin, Va.; Monroe C. Brinson, Jr., Rocky Mount; Richard C. White, Pelham; Barry Sigal, Brooklyn, N. Y.; William L. Dudley, Roxboro; Robert A. Thompson, Lenoir; Albert Stuart Hart, High Point; Charles Flinger, High Point.

Bostian Invites Students To Hip Show

Chancellor Bostian, for the second time this school year has invited a group of student leaders to sit in his box at the Coliseum.

Dr. Bostian set a precedent when he invited a group of students to join him in his box during the "Ice Capades" last fall.

The occasion this time is the January 8-15 Coliseum attraction, Hippodrome of 1954.

Juniors Give Ring Order to Balfour

The Junior Class held a meeting December 10 in Peele Hall.

Dean Cloyd gave a short talk explaining some of the factors to be considered in selecting class rings. Frank Clinard, ring committee chairman, then made his report. The class elected to give the contract to the Balfour company.

The class also heard progress reports of the Junior-Senior Ring Dance committee chairmen.

Union Begins Series Of Bridge Lessons

The College Union is sponsoring a series of ten bridge lessons for beginners which will be held every Wednesday night from January 6 through March 10. Persons who are not able to attend the first lessons will be permitted to attend the later classes; however, the earliest enrollment possible insures the most benefit. The Goren Point Count system of bidding will be emphasized, and this currently popular manner of evaluating hands.

The lessons will be held in Peele Hall Lounge beginning at 7:00 p.m. every Wednesday night and will last about one hour.

Glee Club To Hold Three Nite Meetings

The State College Glee Club will meet at 7 p.m. Monday, Tuesday, and Wednesday of next week in Pullen Hall auditorium.

New and old members will be welcome.

Vol. XXXVIII No. 14

State College Station, Raleigh, N. C.

January 8, 1954

Local Rotary Club Invites Students

As a means of maintaining contact between the Raleigh Rotary Club and the student body of State College, the club through its president, Dr. Ralph W. Cummings, has invited two student representatives to attend the club's first regular meeting each month during the remainder of the school year.

This was announced recently by Billy Barnes Oliver of Selma, president of the State College Campus Government, who received the invitation from Dr. Cummings.

Oliver said that Dr. Cummings previously had contacted him and Bill Odin of New Smyrna Beach, Fla., chairman of the Campus Government's promotion committee, about the club's interest in the students.

Expressing appreciation to the Rotary Club, Oliver said attendance of the students at the Rotary meetings would "promote closer relations between the college and the City of Raleigh, would increase student interest in civic activities, would help prepare the students to become better citizens following their college education, and would further the development of the students as future civic leaders."

Installation Comm. Headed By Lampe

A North Carolina State College committee has begun work on plans for the formal installation of Chancellor Carey H. Bostian, it was announced recently.

The installation ceremonies will be held in the William Neal Reynolds Coliseum on Monday, February 22. Members of the committee now drafting plans for the installations are:

Dr. J. H. Lampe, dean of engineering, chairman; J. O. Vann, assistant controller and business manager; Dr. D. W. Colvard, dean of agriculture; Dr. C. C. Scarborough, head of the Department of Agricultural Education; Banks Talley, assistant dean of students; Billy Barnes Oliver of Selma, president of the Campus Government and a senior in engineering; and Dr. Lodwick Hartley, head of the English Department.

Tester First Winner Of Forestry Award

The Southeastern Division of the American Pulp and Paper Mill Superintendents Association has established a \$200 annual undergraduate scholarship in the School of Forestry at North Carolina State College.

Announcement of the establishment of the award was made by Vinson K. Shannon of Sylva, chairman of the association's Southeastern Division, who said the scholarship will be presented each year to the outstanding junior in the State College School of Forestry.

Dean Richard J. Preston of the college's School of Forestry, expressing appreciation for the award, announced that John Tester of Lenoir, a junior in pulp and paper technology, has been chosen as the first recipient.

Tester, Dean Preston said, "is very active in the College Union and the Forestry Club and has made a very good scholastic record."

(Continued on page 2)

Student Mag. Covers State Industries

The current issue of *The Southern Engineer*, student publication in the School of Engineering, features a number of engineering highlights of North Carolina industries.

Edited by William N. Hagler of Raleigh, the student magazine includes pictures and stories of the Du Pont Company plant at Kinston, the Blue Ridge Parkway, Carolina Power and Light Company generating plants at Lumberton and Wilmington, the Fontana powerhouse, the R. J. Reynolds Tobacco Company at Winston-Salem, and the Taylor Clay Products Company at Salisbury.

The publication also carries articles on Theta Tau, professional engineering fraternity, the nuclear reactor at State College, and other subjects.

It contains 45 pages of advertisements and stories.

6 Seniors Become 2nd Lieutenants

Six seniors at North Carolina State College have been commissioned as second lieutenants in the U. S. Army following the completion of their college and ROTC work.

The list of the new officers, all of whom will report for active duty within the next few months, was announced yesterday by Col. Richard R. Middlebrooks, professor of military science and tactics and head of the Army ROTC units at State College.

The new officers are George Robert Parker of Rocky Mount, John Leon Stickley, Jr., of Charlotte, Warren William Epstein of Brooklyn, N. Y., Neil Bernard Gold of Brooklyn, N. Y., Richard Whitfield Goode of Mount Olive, and William Hill Batchelor of Rocky Mount.

Colonel Middlebrooks said all of the new lieutenants will receive additional training in their branch schools before proceeding to their next duty assignment.

Parker, son of Mr. and Mrs. Frank H. Parker of Rocky Mount, was commissioned in the Quartermaster Corps and will report for (Continued on page 2)

MILES R. COOPER

Miles R. Cooper of Route 2, Elizabeth City, a 20-year-old junior in animal industry at North Carolina State College, has won the 1953 Swift Essay Contest, Prof. Fred M. Haig announced today. Cooper was an active 4-H Club and FFA member for four years. His essay on the meat packing industry was judged the best of those submitted by the State College agricultural students. The contest was sponsored by Swift and Company, and the winner received a trip to Chicago last week as the guest of Swift and Company. In Chicago, Cooper received intensive training pertaining to the meat industry under the direction of the meat specialists with Swift and Company.

College Union To Give Annual Square Dance

The College Union Outing Committee will hold its Annual Square Dance Friday, January 15 at 8:00 p.m. in the Frank Thompson Gym. Music will be furnished by a Hill-billy Band.

Prizes will be awarded to the Best Square Dancing Couple and the most appropriately dressed boy and girl.

Girls from Rex, State Hospital, Meredith, Peace and Y.W.C.A. will be there.

12 Top Seniors Make Phi Kappa Phi

The North Carolina State College Chapter of Phi Kappa Phi, national scholastic honor society, has elected 12 top-ranking seniors as new members.

The list of new members was announced by Dr. Walter J. Peterson, head of the State College Chemistry Department and president of Phi Kappa Phi.

Membership in Phi Kappa Phi is regarded as the highest academic honor open to students in technological colleges and universities, such as State College.

Following is the list of new members:

Jesse Smith Capel, Troy; Claude Curtis Cardwell, Newport News, Va.; Arnold Frank Goodman, Raleigh; Murray Lane Goodwin, Tyner; Theodore Frederick Haggar, Binghamton, N. Y.; William Lyon Hall, Westport, Conn.; Elbert Nelson Hedgepeth, Rocky Mount; Robert Byrd Jordan, Jr., III, Mt. Gilead; William Leonard Kaplan, Raleigh; Claude Emerson Layman, Raleigh.

(Continued on page 2)

Mel Hall (above) is a famous unicyclist and will be one of the star attractions when "Hippodrome of 1954" appears in the William Neal Reynolds Coliseum at North Carolina State College Jan. 8-15. Hall will present an unusual novelty act.

Stock Judging Team Competes In Contest

State College was among 27 colleges and universities competing in the collegiate livestock judging contest at the 54th annual International Amphitheatre Nov. 28-Dec. 5.

Lemuel Goode coached a State College team composed of seven students: Gerald Bolish, Clyde Connor, Jackie Daughtry, J. K. Maxwell, Devero Martin, Henry Ramseur and Henry Rash.

The students judged various classes of horses, cattle, hogs and sheep and were eligible for individual as well as team honors.

The job of judging was made doubly difficult by the fact that only the finest animals were entered in the world-famous "International." It takes a discerning eye to select the superior animal from among the best in the world.

12 SENIORS—

(Continued from page 1)
Roanoke, Va.; George Edsel Liddle, Jefferson.

Henry Grady Lovin, Jr., Route 1, Robbinsville; Billy Barnes Oliver, Selma; Jonnie Leon Pearson, Wilson; Francis Lamar Pless, Canton; Forest Franklin Schrum, Newton; Harold Eugene Smyre, Hickory; Folf Peter Spoerry, Switzerland; Ernest Stern, New York, N. Y.; Frank Donnell Taylor, Faison; William Patrick Taylor, Goldsboro; Robert Charles Wilkins, York, Pa.; Bynum McKee Wood, Sandy Ridge; and Carl Spencer Yelverton, Raleigh.

Officers of the State College Chapter of Phi Kappa Phi, in addition to Dr. Peterson, are Frank A. Hargrove of Scotia, N. Y., vice president; Dr. R. C. Bullock of the Mathematics Department, treasurer; Dr. Fred S. Barkalow, head of the zoology faculty, secretary; and Frances Thompson of the Alumni Office, Journal correspondent.

TESTER—

(Continued from page 1)
Shannon made the announcement of the scholarship's creation at a luncheon attended by leaders of the South's pulp, paper, wood products, and forestry industries. The luncheon was held in the State College dining hall.

Joining Dean Preston in expressing the college's appreciation for the award was Chancellor Carey H. Bostian.

OFFICERS—

(Continued from page 1)
active duty on Feb. 3 to attend the company officers' course in the Quartermaster School at Fort Lee, Va.

Stickley, son of Mr. and Mrs. J. L. Stickley, also was commissioned in the Quartermaster Corps and will report to Fort Lee for additional training Jan. 6.

Epstein also was commissioned in the Quartermaster Corps and will report to Fort Lee Feb. 3.

Commissioned in the Army's armor division, Goode will report to the First Student Brigade of the Infantry School at Fort Benning, Ga., Feb. 9.

Batchelor, son of Mrs. J. W.

Batchelor of Rocky Mount, was commissioned in the Corps of Engineers and will report April 1 to

attend the company officers' course in the Engineer School at Fort Belvoir, Va.

ENGINEERING NOTICE

The Glenn L. Martin Company representative will visit the campus on January 25, 26, 1954 to discuss opportunities for graduating seniors of the school of engineering.

Contact Mrs. Marie Wicker, 232 Riddick for appointment and further details.

YOUNG AMERICA GOES CHESTERFIELD

FOR THE **FIFTH** STRAIGHT YEAR
CHESTERFIELD

IS THE LARGEST SELLING CIGARETTE
IN AMERICA'S COLLEGES ...

by a 1953 survey audit of actual sales in more than 800 college co-ops and campus stores from coast to coast. Yes, for the fifth straight year Chesterfield is the college favorite.

CHESTERFIELD IS THE ONLY
CIGARETTE EVER TO GIVE YOU PROOF
OF HIGHEST QUALITY—**LOW** NICOTINE

Change to Chesterfield today — get
smoking pleasure all the way!

"At the colleges and wherever we play, I find more and more young men and women going for Chesterfield."

Ray Anthony

CHESTERFIELD BEST FOR YOU

Auto Safety Device Proved Useless

A popular automotive safety device sold to prevent cars from skidding has been found to be useless in tests conducted by Motor Vehicle Research, Inc. This fact was disclosed recently by Andrew J. White, director of the research bureau.

Sold under various trade names the safety device is tubular in shape and is mounted horizontally under the rear bumper. Using a set of springs and a 50-pound sliding weight, it is supposed to offset skidding tendencies of an automobile by counteracting centrifugal force.

Results of the test revealed there was no scientific foundation for claims of anti-skid qualities according to White. He deplored the psychological dangers of false security under such devices. "The average driver," he pointed out, "having spent up to \$40 for one of these devices will try to do things with his car at high speeds that he would not normally attempt."

White went on to say, "One of the claims for one of these devices was that springs at each end of a floating weight created enough counter resistance to offset the centrifugal force of a 4,000 pound car traveling at all speeds after the vehicle had reached 10 miles per hour."

No mention was made in the manufacturer's sales literature just how a 50-pound weight might correct the skewing motion of a two ton automobile according to White.

The devices are offered for sale by at least nine manufacturers as reported by Motor Vehicle Research. They are widely advertised in magazines popular with car owners.

The narrower the mind, the broader the statement.

—Ted Cook.

Development Council Held Meeting Dec. 12

The Development Council of North Carolina State College was held in Peele Hall at the college Saturday Dec. 12.

Plans for the meeting were announced by E. Y. Floyd of Raleigh, council chairman, who said a board program of committee reports will be presented.

Dr. John W. Shirley, dean of the State College School of General Studies, and his associates reported on the work of their school.

Previously, the council has met with the deans and faculties of the Schools of Agriculture, Design, Education, Engineering, Forestry, and Textiles.

The council's Special Gifts Committee, headed by LeRoy Martin of Raleigh, has launched a campaign to raise funds for a new "Talent for Service" scholarship program at State College. This committee reviewed its progress to date at this program.

Following its meeting, the Development Council members attended

a dinner in the college dining hall and the N. C. State-Eastern Kentucky basketball game.

Officers of the council in addition to chairman Floyd, are C. A. Dillon of Raleigh, vice chairman, and Lex L. Ray of State College, director.

Other members are: Graham Anthony of Hartford, Conn., Leslie Boney of Wilmington,

M. E. Campbell of State College, W. J. Carter of Greensboro, David Clark of Charlotte, George S. Coble of Lexington, D. W. Colvard of State College, H. L. Kamphoefner of State College, J. B. Kirkland of State College, Mose Kiser of Greensboro, J. H. Lampe of State College, Guy Lane of Ramseur,

LeRoy Martin of Raleigh, Edwin Pate of Laurinburg, Thomas Pearsall of Rocky Mount, R. J. Preston of State College, J. W. Shirley of State College, C. W. Tilson of Durham.

Nobody ever found anything sitting down.

—Charles F. Kettering.

How the stars got started...

Eddie Sauter and Bill Finegan,

leaders of America's most excitingly-different dance band, met in 1939 as struggling young arrangers. Ed had studied trumpet and drum at college, worked up to arranging for "name" bands; Bill had studied in Paris, won a spot with Tommy Dorsey. After 13 years of pooling new ideas, they formed their own band. It clicked!

Sauter-Finegan Orchestra

AMERICA'S NEWEST, MOST COLORFUL DANCE BAND

Eddie Sauter says:
"I'VE TRIED MANY BRANDS, BUT I GET MOST PLEASURE FROM CAMELS. YOU WILL, TOO!"

Bill Finegan says:
"WITH ME, CAMELS CLICKED INSTANTLY. THE FLAVOR'S HOW I LIKE IT, THE MILDNESS JUST RIGHT."

START SMOKING CAMELS YOURSELF! Smoke only Camels for 30 days and find out why Camels are first in mildness, flavor and popularity! See how much pure pleasure a cigarette can give you!

*For Mildness
and Flavor*

Camels agree with more people THAN ANY OTHER CIGARETTE!

EDITORIAL COMMENT:

THE EDITOR SAYS:

Dimes Drive Is Worthy Cause

The March of Dimes this year is entering a new and expensive phase of operations—the prevention of polio in the families of the nation.

To do this, an additional \$7,500,000 will be needed during 1954 alone for the mass production of a trial vaccine and for the staging of the largest validity test involving human beings in the history of the world.

At the same time the March of Dimes will be investing \$19,000,000 in gamma globulin which, at least through next summer, will re-

main the only stopgap holding action against paralytic polio.

A crucial point has been reached. Scientists may be on the brink of success.

In addition, work on polio research, patient aid and professional education will continue to drain millions of dollars from March of Dimes funds.

These are some of the reasons why we think the student body should support this worthy cause.

Big Water Spectacle Begins Here Jan. 8

A cast of 150, including world-famous European and American performers, will take part in "Hippodrome of 1954" when the big spectacle show is presented in the William Neal Reynolds Coliseum at North Carolina State College Jan. 8-15.

Widely acclaimed by critics throughout the United States, Hippodrome will stage 10 performances in the Coliseum. This will include seven night and three matinee shows. Each show will run for 2 1/2 hours.

The first show will be presented in the Coliseum Friday, Jan. 8, at 8:30 p.m. There will be other matinees Saturday, Jan. 9, at 2:30 p.m. and Friday, Jan. 15, at 8:30 p.m. In addition, there will be night performances Friday, Jan. 8, through Friday, Jan. 15, at 8:30 o'clock each night.

"Dancing Waters," the colorful new European aquatic display, will be the top attraction of Hippodrome. It drew 1,500,000 theatre-goers to New York's Radio City Music Hall during its eight weeks there last spring.

It is a combination of water, electric power, lights, music, engineering know-how, and showmanship. Invented and perfected in Europe, the fantastic display was first presented at the West Berlin Industrial Exhibition in the summer of 1952. It caused an immediate sensation and played to 300,000 patrons in 10 days.

"Hippodrome of 1954," which is patterned after the old New York Hippodrome Theatre, will include a wide range of other features. It contains seven big production numbers, including comedy, circus novelties, skating acts, ballet, and diving girls.

MARCH OF DIMES

FIGHT INFANTILE PARALYSIS
JANUARY 2-31

Among the attractions are Lottie Meyer's "Disappearing Diving Girls"; "Ballet at Its Best" starring Patricia Bowman, noted ballerina, and a corps de ballet; the "Skating Vanities" with 36 versatile artists headed by Nancy Lee Parker; and "Under the Big Top," a circus feature.

The featured stars, including European and American artists, are Sicki, celebrated star of Moulin Rouge and Bal Tabarin of Paris; Larry Griswold, comic diving artist; Mel Hall, unicyclist; Harry Stockwell, known for his Broadway role in "Oklahoma"; and Johnson and Owen, who perform acrobatic numbers on a horizontal bar.

Wolfpack Capers By John Parker

Happy New Year! Here's hoping that by now you've recovered from the First. Nothing like a party to start the year rolling. Overheard some guy making some resolutions for the year. Maybe they'll help you get started. Resolved: (1) Not to go to the "Retreat" every night. Go to "Pete's" sometime and give him some business. (2) Study once in awhile. There's not always a movie showing that's worth seeing. (3) To become keen at pool. If you're going to play you might as well make it pay. (4) Not to get worried over a quiz the night before. You can always go in without studying. It's sportier. (5) To watch old budget closer. If you drink it straight and chase it with water, there's less hangover and it's cheaper.

Warning! Strict adherence to the above resolutions is known as lesson No. 1 in "How to Flunk Out in One Easy Lesson."

It was bound to happen sooner or later. Someone painted a "W" on Kilgore Hall in front of the engraved word, "Horticulture." The janitor scrubbed on it for two days. Releasing some exam tension, huh? Wonder what tension the janitor called it.

If you want to study will power, see Harry Yar. During a cramming period for exams, several took a break over to the "Retreat" and Harry went along. No brew for him though. He ordered chocolate milk and asked for a frosted glass to drink it in. Incidentally, he's not exactly what you'd call a total abstainer.

Dr. Hartley to Get Honorary Degree

Furman University of Greenville, S. C., will confer an honorary doctor-of-letters degree upon Dr. Lodwick Hartley, head of the English Department at North Carolina State College, during its commencement program May 30.

This was announced in the current issue of the Furman University Magazine, official publication of the university, which also said honorary doctorates will be awarded to two Baptist ministers—David M. Sanders, pastor of the First Baptist Church at Hartsville, S. C., and Edward L. Byrd, pastor of the First Baptist Church at Florence, S. C.

A native of Batesburg, S. C., Dr. Hartley has been a member of State College's English Department faculty since 1929 and has headed the department since 1940, with 3 1/2 years in the Naval Reserve, in which he attained the rank of lieutenant commander.

Dr. Hartley received his B.A. degree from Furman University in 1927, his M.A. degree from Columbia University in 1928, and his Ph.D. degree from Princeton University in 1937.

A nationally-known creative writer, Dr. Hartley is the author of two biographies and numerous articles and short stories. He won the 1948 O'Henry Award for his short story, "Mr. Henig's Wall."

He is the co-author, along with Dr. Arthur I. Ladu of the State College English Department, of "Patterns in Modern Drama"—a 496-page volume published in 1948 and now used as a textbook by drama students at colleges and universities throughout the United States.

Dr. Hartley is listed in "Who's Who in America," is active in professional organizations, and was recently elected president of the North Carolina, Virginia, and West Virginia Section of the American College English Association.

George Paul Redman

Furniture Major Wins Scholarship

George Paul Redman of Mason, Mich., a senior in the furniture manufacturing and management curriculum in the School of Engineering at North Carolina State College, has been awarded a \$400 cash scholarship by the Furniture Club of America.

Dr. J. H. Lampe, dean of engineering at the college, in making the announcement, commended Redman on his "scholastic achievement in getting this honor which has come to him and State College."

Administered through the Furniture Foundation, Inc., of the Southern Furniture Manufacturers Association, the grant is intended to encourage and further interest and study in the fields of furniture manufacture and management.

Redman was awarded the grant on the basis of his scholastic record, his participation in extra-curricular activities, financial need, and industrial experience obtained during summer employment.

He ranks scholastically in the upper third of his class and is highly active in extra-curricular activities. He is a former vice president and now is president of the State College Furniture Club and holds membership in Theta Tau, national fraternity, the Forest Products Research Society, and the American Institute of Industrial Engineers. He is also chairman of the industrial engineering departmental honor committee.

Redman's summer employment has included working for the Air-foam Division of the Goodyear

State Milk Men Get National Posts

Two faculty members in the Dairy Manufacturing Section of the Animal Industry Department at North Carolina State College have been appointed to national positions in their field of science, it was learned here recently.

Dr. W. M. (Bill) Roberts, section head, has been named to the U. S. Public Health Service's Milk and Food Sanitation Advisory Board as a representative of the American Dairy Science Association, and Dr. M. L. Speck, the department's dairy bacteriologist, has been appointed to the editorial board of the Journal of Dairy Science, the association's official organ.

Dr. Roberts is chairman of the American Dairy Science Association's three-man committee which acts in an advisory capacity on regulatory matters.

Dr. Speck is one of 10 members on the editorial board, which reads and reviews all articles submitted for publication in the journal.

Rubber Company in Akron, Ohio. He also has served for two years in the U. S. Marines.

A graduate of the Mason, Mich., High School, he is the son of Mr. and Mrs. Paul L. Redman of Route 1, Leslie, Mich. He is married and has one child.

Upon receiving his bachelor's degree in June, Redman plans to do graduate study in the furniture program.

GO STATE GO!

Dixie Classic Big Hit With Raleigh

By Jerry Armstrong

The shining light which has glowed so brightly for Coach Everette Case's Wolfpack for the past four years in the famed Dixie Classic was dimmed somewhat this year as the Duke Blue Devils became the new champions by virtue of three straight victories over Oregon State, Wake Forest, and Navy.

Upset was the keynote of the three day tournament with the biggest ones being the two games lost by each North Carolina State and Oregon State, the number nine and fourth teams in the country coming into the Classic. Pre-tournament rating gave the big Beavers from Oregon State a slight edge to take the tournament from the defending champions of State College. The "Dark Horse" of the tournament was the Navy team of Coach Ben Carnevale. The Middies entered the Classic undefeated, but still were expected to offer little resistance. They were probably the greatest surprise team of the tournament as they defeated the Carolina Tar Heels 86-62, North Carolina State 85-75, and went fighting into the championship game with the Blue Devils, only to get trampled in the rush of the highest scoring total for two teams in Dixie Classic history, 98-83.

Oregon State was the biggest let-down of the three day event by finishing in seventh place out of eight teams by via of their lone win over Carolina 65-53 and the two miserable defeats at the hands of Duke 71-61, and Tulane 74-70. Both of the games lost by Oregon were major upsets because of the ten to fifteen points they were favored to win.

The outstanding player award given each year to one of the players selected by the coaches, sport-writers, and radio-men was given to the Co-Captain of the Duke Blue Devils, Rudy D'Emilio. He was the leading scorer for the tournament with an average of 22 points per game and a total of 66 points. He was the "sparkplug" for the Duke team throughout their three wins and was probably Duke's best player to play in the Dixie Classic since the immortal Groat.

Several outstanding incidents of the Classic were: the dispute of the remaining seven seconds in the last quarter of the State-Seton Hall game won by the Pack 72-70 (Seton Hall took the ball out of bounds with seven seconds to play when the clock sounded the game's end they still had the ball out of bounds); Swede Halbrook, Oregon's seven-foot-three center, who set a new foul shot record of fifteen completions for one game over the old record of fourteen set the day before by Seton Hall's Harry Brooks; Wake Forest's booming defeat over State 86-79 for their third consecutive victory over the Wolfpack (Wake's Guards, Billy Lyles and Al Deporter, each scored 20 points in this game), and the highest score for one player in the tournament was the 29 points scored by Navy's Center Don Lange in the Navy-Carolina game won by Navy 86-62.

All Campus Frat. Teams Chosen by Vote

With the conclusion of the fall term sports, which saw Sigma Alpha Epsilon cop the football championship, Sigma Chi take the volleyball, and Kappa Alpha win the tennis tournament, the athletes who were outstanding in each particular sport were awarded positions on the respective all campus teams.

In football it was Trogden, Feroe, and Welch from S.A.E. Agnew, Blackard, and Greene from Sigma Nu, T. Lassiter and Broome from P.K.A., and Capel from Sigma Chi. Honeycutt from Sigma Nu, Cocke from Sigma Chi, and Yoder from S.P.E. received honorable mention. In volleyball four men from Sigma Chi made it, they being Stevenson, Thompson, Cocke, and Van

Horn. T. Lassiter and Wollard from P.K.A. also made the team.

In tennis three men from the championship club from Kappa Alpha were selected. The three were Smith, Hines, and Truslow. Agnew from Sigma Nu rounded out the starting team.

Thus far in fraternity competition for the athletic trophy Sigma Alpha Epsilon is in the lead with 343 points followed by Pi Kappa Alpha with 335, and Sigma Nu with 334.

PACK RIPS TECH—

(Continued from page 6)

State took a lead as the game got under way on two long shots by Gotkin and held the lead until the final horn. The Gobblers were completely outclassed by the State team and after their visit to Raleigh are still looking for their second win of the season.

Sport Refs Needed

The Physical Education department needs student Intramural officials to work during winter term.

Any student interested in officiating at intramural basketball games should see Mr. J. F. Miller in Frank Thompson Gym immediately. Students applying should have some playing and officiating experience. Clinics will be conducted by the P.E. staff.

Students will be paid for this work.

31,000 ACTUAL STUDENT INTERVIEWS SHOW COLLEGE SMOKERS PREFER LUCKIES TO ALL OTHER BRANDS!

Latest extensive nationwide survey, supervised by college professors, proves Luckies lead again!

In 1952, a survey of colleges throughout the country showed that smokers in those colleges preferred Luckies to any other cigarette. In 1953, another far more extensive and comprehensive survey—supervised by college professors and based on more than 31,000 actual student interviews—once again proved Luckies' overwhelming popularity. Yes, Luckies lead again over all other brands, regular or king size ...and by a wide margin! The number-one reason: Luckies' better taste!

LUCKIES TASTE BETTER

SO Be Happy—GO LUCKY!

Through The Keyhole

LEONARD A. BINDER Sports Editor

Hoop-De-Do

With most of the holiday tournament play now complete, the majority of the college quintets around the nation are now preparing for the tough conference games which loom ahead. These various tourneys which were held in every section of the country, raised the hoop prestige of many collegiate teams. However, as always, many schools which were previously highly thought of, took it on the chin and thusly fell from the national basketball spotlight.

In Raleigh's own Dixie Classic, the highly ranked Oregon State team, which only a few days before had upset previously unbeaten Indiana, lost two games. Duke, the eventual tourney champ, ousted the coast five in the first round by giving them a convincing ten point thrashing. Seventh ranked N. C. State won their opening test against last years N.I.T. champion Seton Hall team. However, the very next afternoon State met more than its match in a hot Navy team which bested the Wolfpack by staging a last period rally. Lange and Clune of Navy were great in this contest. However, champion Duke played a superb game in the finals; and they walked off the court with the victory, 98-83 over the Navy.

In the Sugar Bowl basketball final, All-American Togo Palazzi outplayed All-American Bob Petit as the Crusaders won the crown with a convincing victory over L.S.U. the undefeated Holy Cross five had previously eliminated potent DePaul in the opening round while Louisiana State had handed Fordham its initial loss to gain the final round. In the consolation game, Fordham bested DePaul in overtime as the Rams netted six points in the final forty seconds to send the game into the extra period.

The Holiday Festival tournament at Madison Square Garden in New York saw such teams as Niagara, St Louis, Brigham Young, and powerful Duquesne and LaSalle all competing for the championship. Niagara beat LaSalle to gain the final round as Tom Gola was held to only one basket from the floor in the first half. Duquesne bested undefeated Brigham Young in the other semi-final game as "The Dukes" three Negro stars Ricketts, Tucker, and Green outplayed the smaller Cougars. In the final contest it was a case of just too much of the aforementioned trio as they scored all but one Duquesne basket to lead their team to a victory and more important to the championship.

To no one's surprise, the University of Kentucky won the first annual Kentucky Invitational tourney as their two great hoopsters Ramsey and Hagen dominated the play for the powerful Wildcats of Lexington. Duke, Kentucky's first round opponent, put up a sterling battle for three periods before bowing to a combination of superior manpower and a string of 130 consecutive victories that the Wildcats have notched on their home court. LaSalle was easy prey for the men of Lexington in the final round as Gola was neatly guarded by the Kentucky defense. Duke lost a close battle to U.C.L.A. in the consolation game.

At last count, Kentucky and Duquesne both are rated at the top of the basketball polls. The rest of the top ten is composed of Indiana, Holy Cross, Dayton, Western Kentucky, Minnesota, Oklahoma A. and M., and a host of other top fives who are trying to break into this charmed circle. The order of these teams varies from week to week as do the teams. Time can only tell who will be the eventual national champion. As far as recent tourney happenings go, it looks like Duquesne and Kentucky in that order with Holy Cross a sleeper choice for third.

Dr. Lovvorn Guest

Dr. Lovvorn, Dean of Instruction in Agriculture, was the guest speaker at the first meeting of Ag Club for the winter term.

He pointed out that the School of Agriculture at State College

ranked near the top in the country. He said that the School of Agriculture not only has one of the best qualified staffs in the country but also one of the largest if not the largest building programs. Dr. Lovvorn stressed the steady progress and importance of Agriculture in North Carolina.

PACK RIPS TECH

THE Dorm Corner

By Jerry Armstrong

The league championship games in football, volleyball, and tennis have been concluded now with Becton No. 1, Berry, and Owen No. 1 winning the crowns respectively. The All-Campus teams have also been selected for football, volleyball, and tennis.

Gridiron

A fight to the finish was the scene of the rugged football battle for the championship crown which was staged between Becton No. 1 and Bagwell No. 1. Becton won the final game by the score of 19-0.

Volleyball

Berry and Becton-No. 2 fought to the final contest with the Huskies of All-Campus, Jack McDade, winning the games decisively to take the championship crown. All five members of the All-Campus volley-

ball team were from these two final teams, two from Becton No. 2 and three from the championship Berry club.

Tennis

In tennis the boys from Owen No. 1 took the championship honors without a defeat being led by All-Campus, Ken Vaughn, from Owen. The final matches were taken easily by the Owen team. Ken Vaughn and Art Gilliam took the singles matches from Thompson and Taylor by the scores of 6-2 and 6-0 and 6-0, 8-6, and 6-1 respectively. The doubles matches were won by Owen's Palmer and Stancel over Miller and Jones by the scores of 6-4 and 6-1.

The All-Campus teams have been selected by the officials and they are as follows:

Football

Name	Dorm
Reeves	Becton No. 2
Whitley	Becton No. 2
Hill	Bagwell No 1
Barnhardt	Bagwell No 1
Gardner	Becton No. 1

(Continued on page 5)

North Carolina State's Wolfpack won a basketball game Tuesday night in the William Neal Reynolds Coliseum. The opponents were the Gobblers of Virginia Polytechnic Institute and the final score was 91 to 62. Coach Case cleared the bench several times in an effort to put together a smooth working scoring unit. The second team played excellent ball with the exception of a few high school plays while the regulars sat and watched. The starting five rested in preparation for Saturdays tussle with the Blue Devils of Duke in Durham.

Ron Shavlik was top scorer for the Pack with 16 points including a controversial basket that Davey Gotkin shot and Shavlik deflected into the hoop. After two reversals by the official scorer and a conference with the men involved the bucket was awarded to the big man. "Whitey" Bell came off the bench with a bang and dropped two quick shots and totaled up 15 for the evening's work. Bell was second high scorer and played a terrific defensive game.

THEY STARTED OUT EVEN AT GRADUATION:

Why is one doing better now?

You may not see it in their outward appearances - but there's a big difference between these young men. One has held three jobs in the five years since graduation. He's still looking for a job that offers him a lifetime career. The other has been with a Bell Telephone Company during that time. He's on his way up!

Seventy-five per cent of college men hired by the Bell Companies since World War II are still with these telephone companies after five years! Here's why:

Telephone Work Is Interesting - You may train to supervise forces engaged in constructing, installing or maintaining telephone facilities; or to manage groups of people handling customer contact, accounting or statistical work. You may work on engineering problems or be engaged in planning or other important staff activities, such as personnel relations, public relations, or revenue studies.

You Grow with a Growing Business - The Bell System is one of the fastest growing businesses in the world. Since the end of World War II, it has spent about nine billion dollars for new construction. The past five years have seen the introduction of network TV transmission, dialing of Long Distance calls and the development of the remarkable transistor. And the next five years will bring many more changes. In addition, each year the number of college people hired is related to estimates of the number of future management positions to be available.

No matter what your military status, it's worth inquiring about Bell System employment opportunities. Your Placement Officer has the details. See him soon. And be sure to talk to our employment representatives when they visit the campus. The time to plan your future is now!

BELL TELEPHONE SYSTEM
