PUBLISHED WEEKLY BY THE STUDENTS OF NORTH CAROLINA STATE COLLEGE

Vol. XXXVIII No. 27

State College Station, Raleigh, N. C.

April 30, 1954

On April 14th, a student was tried by the Student Judicial Board and convicted of having disregard for personal and property rights and of maintaining disorderly conduct in the dormitory. He was suspended from N. C. State College until the spring Semester of 1955.

## Light Vote Sweeps in Fuquay, Lyman, Elliott, Moser, Hinton, and Baldecchi

Approximately 1,100 students voted in the general campus elections held Wednesday on the campus.

Ed Rose with 740 votes won over Robert Stallings with 368 for Student Government secretary. Al Parker with 609 beat out David Bagwell with 520 for treasurer.

The voters voted for getting lower rates on picture fees by making them mandatory by a vote of 806 to 227.

Mel Thompson won the Alumni Athletic Award by a landslide vote of 743 to his nearest opponent Dick Tyler's 83.

John Fuquay was elected president of the "Y" over Billy Howard by a vote of 551 to 515. Max Miller won for secretary over James Ledbetter by a vote of 537 to 518. James Stewart was elected treasurer by a vote of 576 to 550 for John B. Carpenter, his opponent.

John Parker and John Puckett who were unopposed were elected editor and business manager respectively of the **TECHNICIAN**.

John Gregg with 581 votes was elected editor of the 1954-55 **Agro-**

**meck**. His opponent, James Thorne, polled 548 votes.

Sam Harrell was elected manager of WVWP over Monroe Brinson by a vote of 566 to 478. Dwight M. Benson, unopposed, was elected business manager.

The rising Senior class elected Tom Lyman president over Richard Wimbish by a vote of 144 to 121. John Puckett was elected v-pres. over Gene McJunkin by a vote of 157 to 97. Hap Welch with 116 votes lost to Hayne Baucom with 132 for secretary of the class. Fields Cobb and Willard Wynn were elected members of the Judicial Board from the senior class.

Frank Elliott was elected president of the Junior Class by a vote of 192 over Charlie Helms with 140. Floyd Elliott with 165 won over Bill Leggett with 156 votes for v-pres. of the class. Bob Dillard was elected over Bill Brehm for treasurer by a count of 207 to 120. Dwight Benson and Charlie Woodall were elected to the Judicial Board.

The Sophomore class elected Dick Moser v-president over John

Lane by a vote of 200 to 191. Dan Smiley with 217 was elected secretary over Max Robertson with 167. Bob Hubbard with 215 is the new treasurer. His opponent, Stan Hoke received 164 votes. The class elected Richard Barney, Bill Wilson and Hugh Sample to serve on the Judicial Board.

Fraternity men voted 272 to 61 to make Andrew Hinton president over Andrew Smith. Guy Baldecchi was elected v-pres. over Howard Simon by a vote of 209 to 121. Henry Pickett is the new secretary and won by a vote of 269 to 60 over his opponent Eugene H. Matkins.

Bill Teer and Guy Farthing are the Senior representatives to the Athletic Council and Jim Frazier is the Junior representative.

Robert W. Parker and A. C. Hayes are the student and faculty members respectively of the College Union Board of Directors.

Student Government representatives by school and class are as follows: Engineering School, seniors, Tom Memory and Harry Welch, juniors, Jim Frazier, John Wiles and Jim Ingram, sophomores, Charles Martin Richard Teague, Jim Nolan, Dick Moser and Frank Minter. School of Agriculture, seniors, Dickey Harris, juniors, Ed Yancey and Jim Stewart, sophomores, Roger Hill and John Lane. Education school, seniors, John E. Keever, Juniors, William W. Franklin, sophomores, K. C. Lanier, Bill Reavis. Forestry school, senior, C. J. Purdy, junior, Jim Webb, sophomore, Joel Parker. School of Design, fifth year, George W. Jernigan, senior, Benjamin W. Gary, Jr., junior, Robert P. Burns, Jr., sophomore, William L. Price. School of Textiles, seniors, James Arthur and John Gregg, juniors, Bob Dillard and Jim Betts, sophomores, Roger Morrow and Bill Greene. Doug Blanchard was elected president of the Tompkins Textile Council.

## Spring Term Dance Set For Tomorrow Nite

The Annual Spring Term Dance will be held in the Frank Thompson Gymnasium tomorrow night, May 1, from 8:00 until 11:00 p.m. The theme of May Day will be carried out through colorful decorations of streamers, flowers, and balloons using the gay colors of Spring.

The orchestra for the Spring Dance will be the "Tar Heel All-Stars," some members of which are currently playing with the well-known "Duke Ambassadors" dance band.

Invitations have been extended to neighboring girls' schools, and State students are invited either  
(Continued on page 2)

## Ring Dance Features Modern Decorations

State's annual Jr.-Sr. Ring Dance, held last Saturday night, was one of the best attended dances of the year. The Collegians of E.C.C. played a well varied repertoire, both at the afternoon concert and at the dance.

An unusual theme of contemporary decorations livened up the Coliseum. Mobiles of cardboard and aluminum suspended from the ceiling and colored, patterned-panels breaking the space under the balcony into small rooms added a new note. An octahedron structure and small wire, abstract sculptures kept  
(Continued on page 2)

JOHN TESTER

CHARLES AVERRE

John Tester above left received 625 votes to win out over Charles Averre with 338 for College Union president. Averre automatically becomes v-president of the Union.

Tester is a Junior majoring in Pulp and Paper Technology and is from Lenoir, N. C. Averre is a Junior in botany. He was graduated from Christ School near Asheville.

## Directories Available

The YMCA has a limited number of student directories on hand. Students desiring a personal copy should ask for same at the YMCA Information Office. These books will be given out on a first come-first serve basis as long as they last.

The officers of the Junior Class at North Carolina State College are shown here as they met informally on the campus in Raleigh. They are in charge of a number of class projects and functions, including arrangements for the annual Junior-Senior Ring Dance which was held in the William Neal Reynolds Coliseum at the college Saturday night (April 24). The class has a total of 557 members. Shown here, left to right: Richard Reed of Schuylkill Haven, Pa., vice president; Gene L. Warren of Dunn, president; John Parker of Goldsboro, secretary; and David Bagwell of Raleigh, treasurer.

### Outstanding Cadet of Week Chosen in ROTC

Pictured above are Army ROTC Cadets James R. Ernst, John Barchiesi, and Thomas C. Coleman. Cadet Ernst of Bluefield, West Va.

was selected as the Regimental Outstanding Cadet of the Week at North Carolina State College. Cadet Coleman hails from Burlington, N. C. was runner-up from Company F, 2nd Battalion, and Cadet Barchiesi from South Greensburg, Penna. was runner-up

### Blue Key Recognizes Top Campus Leaders

On Tuesday, April 27, Blue Key invited for membership the following men: John Wallace Tester, Lenoir; George Herman Porter, Goldsboro; Fields White Cobb, Dendron, Va.; Lloyd McForrest Cheek, Gibsonville; Robert Michael Knight, Asheville; Glenn Elton Byrd, Burlington; Robert Byrd Jordan, III, Mt. Gilead; George Obenshain, Bristol, Tenn.; Calvin Harold Ussery, Rockingham; Samuel Masters Blount, Washington; James McKnight Hunter, Charlotte; John William Parker, Goldsboro; Johnny Raymond Puckett, Mt. Olive; James Edward Thorne, Farmville; Albert Preston Parker, Charlotte; Francis Lamar Pless,

Canton; Charles Lee Overman, Edenton; Melvin Kenneth Thompson, Richmond, Ind.

Blue Key is a national honorary fraternity which is founded in the belief that student leaders can be of greater service to their college campus when organized as one working unit. The motto may be interpreted, "I express my own life and character in what I am able to accomplish for my fellow man." In fulfilling the motto, Blue Key sponsors various campus activities to enrich college life.

Men who have demonstrated outstanding leadership, character, and scholarship are chosen for Blue Key in their Junior and Senior year.

### Erdahl Represents Union In Chicago

Jerry Erdahl, director of the N. C. State College Union, and Jack Uhler, the union's assistant director, left Raleigh last night for Chicago, Ill., where they will appear on the program of the national conference of the Association of College Unions April 24-28.

Erdahl will report on a survey of 106 colleges and universities on "Reservations, Office Space, and House Rules." Uhler will lead a panel discussion on "Club Services in College Unions."

N. C. State is the only institution which is supplying two of the

from Company L, 3rd Battalion. The selection is based on outstanding military bearing and performance at drill.

### Piano Team To Give Concert Here May 7

Nelson and Neal, America's most popular two-piano team, will be presented in concert here on May 7, 1954 by the College Union Music Committee. The event will take place in Pullen Hall at 8:00.

Mr. and Mrs. Neal will use their own matched grand pianos for this concert, since they travel in a specially-built truck. This same vehicle transported the team and their pianos for their record-breaking tour during the 1952-1953 season, when Nelson and Neal filled over 100 concerts from coast to coast. Canada will be included in their

### JR.-SR. RING DANCE—

(Continued from page 1)

the dancers guessing. The traditional ring ceremony was used after the intermission.

Before the intermission, Billy Oliver, SG president, was presented the Blue Key award for selection as the outstanding senior. Chancellor Bostian presented the award. "Doc" Cheek, the rising SG president was also recognized.

John Parker, decorations committee chairman, has expressed appreciation to the Juniors in the School of Design and to all the others who worked on decorations for the dance for the splendid cooperation afforded him by these individuals. He said, "I'm not going to say that I don't know what I would have done without the cooperation I received. I would have used Spanish Moss and the other decorations used in the past. We sat down and together we worked out a refreshing theme and with hours of hard work spent on the job, we put on a dance which we feel will be remembered for years to come. I was pleased with the reception the decorations met and I feel that it was worth the effort it took." Those working on the committee were: John Pearman, Charlie Sides, Truman Newberry, Jerry Page, Johnny Puckett, Jerry Myott.

### Alumni Building Addition Planned

The directors of the North Carolina State College Foundation, Inc., in annual session at the college yesterday, voted to approve the construction of an addition to the Alumni Memorial Building at the college and authorized a three-man committee to proceed with the building program.

The construction project, estimated to cost approximately \$78,500, previously had been approved by the directors of the State College Alumni Association, Inc. The action of the Foundation and the Association was made contingent upon the approval of the trustees' building committee for the college, which soon will be asked to consider the proposal.

Under the building plan, a two-story addition will be erected on the northeast corner of the present Alumni Building, and other parts of the present building will be remodeled and improved. The addition will include an air-conditioned memorial room to house the records and serve as a permanent memorial to approximately 275 State College alumni killed in action during World War II.

Among the improvements to the present building will be the remodeling and redecoration of the front section of the building, a re-vamping of the heating system, and the addition of a ventilation system on the second story.

The new addition will include a lounge for board meetings and four bed rooms which will be rented to graduate students and staff members.

State College friends and alumni several years ago contributed over \$70,000 for use in the construction of a memorial building to be dedicated to the alumni who died during World War II.

The Memorial Tower, located at the main entrance to the campus and equipped with carillon bells, stands as a memorial to N. C. State alumni who were killed in action during World War I.

In its meeting yesterday, the Foundation directors named a building committee composed of Frank B. Turner of Raleigh, chairman, R. D. Beam of Raleigh, and Raymond A. Bryan of Goldsboro to proceed with the building project. The same committee was authorized by the Alumni Association.

In other action, the Foundation directors re-elected a slate of four officers. The re-elected officials are C. W. Tilson of Durham, president; C. W. Mayo of Tarboro, vice president; L. L. Ray of State College, secretary; and J. G. Vann, also of State College, treasurer.

### CU DANCE—

(Continued from page 1)

to bring their own date or to meet their date at the dance.

Wayne Mashburn, of Benson, North Carolina, chairman of the College Union Dance Committee is in charge of the dance, assisted by Don Denton, of Morganton, chairman of the Union Social Committee.

Refreshments will be served during the dance. Coat and tie are required, and admission will be by registration card or by College Union membership card.

### 15 Top Aggies Make Alpha Zeta-Ag Frat.

Fifteen top-ranking students in the School of Agriculture at N. C. State College have been chosen as new members of the college chapter of Alpha Zeta, national agricultural honor fraternity.

The list of new members was announced by William B. (Bill) Nesbitt of Edneyville, chancellor of Alpha Zeta, who said the fraternity's membership is limited to students who have a scholastic rating in the upper two-fifths of their class and also possess outstanding qualities of leadership and character.

Following are the students chosen for the high honor: Hoyle Reece Allen, Oakboro; Kenneth Reece Barker, Roaring River; Fields White Cobb, Jr.,

### Summer Work In N.C. Available At Y Now

The YMCA has been asked by the United States Department of Agriculture to inform the students of N. C. State College that many college students are needed this summer for work in connection with the measuring of tobacco, cotton and peanut acreage for compliance with the marketing quota regulations.

The volume of work available for college students with the USDA is greater this year than for any year during the past several years. The work this year will be done from aerial photographs. All students who are interested should sign up at the YMCA Information Office. You will be notified individually of the time and place when a representative of the USDA will be on the campus to explain the program to those interested, probably during the week of May 10th.

## Dr. W. Kriegel Chosen As A Fellow In The American Ceramic Society

Dr. W. W. Kriegel, head of the Department of Ceramic Engineering at N. C. State College, has been chosen a fellow in the American Ceramic Society—one of the highest honors open to men in his field of science.

A member of the N. C. State faculty since 1939, Dr. Kriegel will be formally elevated to his new rank in formal ceremonies to be held in Chicago, Ill., tonight in connection with the American Ceramic Society's national convention.

Dr. Kriegel is already a trustee of the society representing its Ceramic Educational Council, policy-making body of the society. His promotion in the society to the rank of fellow is recognition of his service in the organization and his professional accomplishments in the School of Engineering at N. C. State College.

A native of Seattle, Wash., Dr. Kriegel holds degrees in both civil and ceramic engineering from the University of Washington and a master's degree from the Montana School of Mines. He earned his Ph.D. degree from the Hannover (Germany) Technische Hochschule and is a member of a number of scientific and learned societies.

The N. C. State Ceramic Engineering Department, which Dr.

Kriegel heads, is one of 12 accredited departments of its type in the United States and was the first to gain accreditation in the South.

It was established in 1923 by Dr. A. F. Greaves-Walker, the department's first head, who died enroute to the ACS convention last Sunday. Dr. Kriegel succeeded Dr. Greaves-Walker in the post upon the latter faculty member's retirement in 1946.

In addition to the N. C. departments, there are accredited departments of ceramic engineering at Iowa State, University of Texas, University of Washington, University of Illinois, Ohio State, Penn State, Rutgers, Virginia Tech, Georgia Tech, Missouri School of Mines, and the New York State College of Ceramics.

### More Honors Awarded

Dr. W. W. Kriegel, head of the Department of Ceramic Engineering at N. C. State College, was elected grand herald of Keramos, national honorary society in ceramic engineering, at the organization's national conclave in Chicago last week.

The N. C. State official, who has been on the local college faculty since 1939, will serve in his new capacity during the next two years. He is one of the society's five major officers.

Dr. Kriegel's election to the Keramos post marked the second time within a week that he has received a national honor. Last week he was chosen a fellow in the American Ceramic Society—one of the highest honors open to him in his field of science.

A native of Seattle, Wash., Dr. Kriegel holds degrees in both civil and ceramic engineering from the University of Washington and a master's degree from the Montana School of Mines. He earned his

### To Speak On Russia

Another in the series of public interest programs sponsored by the College Union Forum Committee will be an address tonight, Friday, April 30, by Louis Fischer at 8:00 p.m. in Pullen Hall.

The topic of his address will be "Can We Have Peace With Russia?" Mr. Fischer is the author of "The Soviets in World Affairs," a two volume study of Soviet foreign relations; "The Life and Death of Stalin," "Gandhi and Stalin," "Thirteen Who Fled," "Men and Politics," "Empire," "Dawn of Victory," "A Week With Gandhi," "The Life of Mahatma Gandhi," and numerous articles in "The Reader's Digest," "Look," "Cosmopolitan," and "The New York Post."

There will be a Coffee Hour following the address in Peele Hall Lounge. Admission will be by registration card for students, their dates will be admitted free, and faculty and staff members will be admitted by College Union Membership card. For all others admission will be \$1.50.

Ph.D. degree from the Hannover (Germany) Technische Hochschule and is a member of scientific and learned societies.

## Ceramic Meeting Well Attended

North Carolina men played a prominent part in the 56th annual meeting of the American Ceramic Society that was held in Chicago, April 19-23. Founded in 1899, the Society now has a membership of more than 4,000 extending into most of the nations of the world. National headquarters are in Columbus, Ohio.

I. W. Gower and W. C. Bell of North Carolina State College are co-authors of a technical paper, "Use of Pyrophyllite in Castable Refractories," that was presented before the Refractories Division of the Society.

J. R. Hart of N. C. State College delivered a paper before the Materials and Equipment Division on

LETTER . . .

Student Complains About Technician Ads

Student's Letter Manager's Reply

Mr. Jones—

It has recently occurred to me that Technician, our newspaper, is no longer a pleasure to read. Rather, it has become a tiresome task to wade through the countless advertisements that clutter the paper with their gaudy, worthless, and often senseless promises.

You say the advertisements pay for costs in running such an enterprise as a weekly newspaper, but did you realize that the tentacles of that greedy octopus, "advertisement-itis" have you in its clutches?

Last week, April 16, I was disgusted to the point where immediate action became necessary; I cut out all the ads in the Technician, measured and found that they took up exactly one-half of the newspaper, a total of four full pages. Just now, after reading the paper of April 23, I again cut out the ads, measured them, and found that instead of grabbing up half of the paper's space, they now possess four and one-third pages, more than half!

This is approaching the ridiculous. Just because the paper is free of charge doesn't mean we must be constantly barraged with the tripe that huge tax-evading tobacco companies and the like put out.

I certainly hope, and I believe others do too, that this condition will be cleared up in the near future, and that ads in our paper will become uniform-sized public notices, or at least have a very small maximum-size limit.

Are you man enough to publish this?

Sincerely,  
Herbert C. Kaplan

Mr. Kaplan,

Praise Allah! Could it be that there is someone at State that wants a news sheet and not an advertising sheet. This has long been a matter of deep concern to me also. However, there is more behind the situation than just leaving out the advertising and putting in a news article in its place.

As you know, at State College there is not a Journalism School to operate the paper. This throws the burden on students who do the job in their spare time. There is a small salary for the work done, but believe me it does not even begin to pay for the hours spent in trying to do a good job. Even then, we don't do a creditable job. Despite efforts to make the TECHNICIAN pay its way, and despite the high percentage of advertising that has been carried, it does not pay for itself. If I am not mistaken, there has been only one year out of the past three that a profit was realized.

Here are the facts that support both your conclusions and also the need for the high percentage of advertising we must run:

1. On April 16 we ran 50.7% advertising. April 23 there was 55.9%.
  2. We receive from the student fees each year about \$1.45 per student or (for this year) approximately \$3,600. This excludes Graduate and Special Students.
  3. Our budget for the year is \$9,000 plus. Determined by estimated costs for each expense incurred.
  4. Printing alone will run \$6,000 slightly more or less.
  5. Other expenses being \$3,000
- (Continued on page 7)

College's Placement Program Looked Over

By GEORGE SNOW

More jobs and higher salaries seem to be the situation for the 1954 graduates of North Carolina State College. The personnel director or person in charge of placement in the six schools on campus seem to think that the job opportunities are greater than in previous years.

The number of men available for jobs after graduation has been vastly reduced due to military service requirements for nearly sixty-five per cent of the graduating class. Some companies are not willing to employ graduates who have not served or who are likely to be called into the Armed Forces. This reduces the number of seniors who have been placed or are available for placement.

The School of Engineering will graduate about 230 students in June. Of these, 70 have accepted jobs, 144 are available for military service, and 16 are not certain what they will do. The companies applying for graduates are offering an increase in salary of from \$10-50 depending upon the company. The average salary for all the engineering departments is around \$350 per month. All graduates of the School of Engineering will be placed or will be serving the Armed Forces by October 1.

The School of Textiles plans to graduate 105 students in June. Fifty-seven of these graduates are definitely committed to military service, while 28 have accepted jobs. There are 19 foreign students who will graduate but who are returning to their homes for work. There is no decrease in the demand for textile graduates but due to the scarcity of graduates those available for employment will receive more offers. The average starting salary for graduates in Textiles is well over \$300 per month. All students who graduate in June and are available for work will be or have been placed.

The School of Agriculture has no placement director, but handles its placements through the different departments. Graduates who are available for work are being placed throughout the country.

The School of Education will graduate about 75 men in June. A large percentage of these will be called into the military service. There are now four jobs available for teachers of Vocational Agriculture. The turnover of Agriculture Teachers in North Carolina was 8% over the last six years. A large number of the graduates have to enter other fields because there are not openings for them in teaching capacities. The State and Federal Agencies employ many graduates of the School of Education. The average starting salary for graduates is \$3,372 and travel per year with an increase of \$11 per month each year up to 11

(Continued on page 7)

"Fly Boys" Look Over Base On Ohio Trip

Was there a fog Sunday morning? If you don't know, ask any of the 20 Arnold Air Society boys who flew to Wright-Patterson AFB at Dayton, Ohio. Take-off time was slated for 5:00 a.m. and the fog lifted enough to make it at 10:00 a.m. What was needed was an amphibious plane to float through the soup.

The weather was clear after Greensboro was passed and the going was smooth except for a few isolated regions. Good sight-seeing weather! The mountains from 7,200 feet look a sight different than when they're seen from the bottom up. Some of the larger cities such as Charleston, W. Va. and Cincinnati look somewhat smaller than they're played up to be too.

Few of the boys making the trip realized until last week that it's Wright and Patterson AFB's with two separate landing fields, each loaded with enough "shiny new planes" to drive a guy "plane crazy." Several of the planes were on the flight line for the group's inspection, notably the new jet bomber, the B-47. A clear day there is cloudy with all the vapor trails.

The "Society Boys" slept at the VOQ and ate at the Officer's Club and the Enlisted Men's mess, an example of the peculiar position of a cadet, floating between the status of an enlisted man and an officer. Sunday night's dance was no bad deal with good-looking babes from near-by towns. Good food, quarters, and fine women.

Everyone seemed to have a great time but the trip was educational too. Flying up everyone had flight maps with the course marked out. Calculations were made of ground speed, estimated time of arrival and

Faculty Board Is Brought Into View

Dear Mr. Obenshain:

I was very interested in your recent editorial, "Where is Our School Spirit?" This has been a question that has puzzled faculty members as well as students.

I was particularly interested in the following statement: "Actually, the only fair thing would be a board where students could voice dissatisfactions, without fear or retaliation, to an impartial, reasonable group who would listen with a sympathetic ear and then give results if the change seems needed." The purpose of this letter is to suggest that there is such a body on this campus and established for just the purposes that you indicated. The body is the Faculty Advisory Committee and is always in the process of working for interest of State College, particularly members of the faculty and student body. We meet twice monthly and more frequently when needed. Members of the Faculty Advisory Committee are elected by the faculty, one from each school and three members at large. We worked with some of the student leaders in developing a proposed plan for

**WHAT COLOR GOES WITH A BLUSH?**

A modest little freshman named Caspar Doyle found himself getting quite neurotic. It seemed that every time a girl looked at Caspar, he blushed. His sallow little cheeks turned a violent crimson. Then he would blush more because he was blushing.

He didn't get very far with the ladies and began brooding. Fortunately, he was a wealthy modest little freshman, and he finally bundled his problem off to a psychiatrist.

"I even hate my shirts. I know when I wear a white shirt it's only going to make my blush look redder," he dolefully intoned from the couch.

The head-shrinker's eyes lit up with dollar signs. He said: "Ahem. This trauma is obviously deep-seated and will take a long time to unravel. But meanwhile, try wearing some Vanahue shirts. Van Heusen makes them in lots of colors that will tone down your blush and you're bound to like the smart new collar styles. For your practical side, they're fine smooth broadcloth, color fast and Sanforized. See my nurse for the bill, please!"

Caspar bought Vanahue in all the colors and smart new collar styles for \$3.95 each. It worked. So many of the girls look at him now, he blushes constantly. Everybody thinks he just looks rugged and virile.

MORE GOOD GOLFERS PLAY SPALDING THAN ANY OTHER BALL

### 45 State AFROTC's Visit Pope AF Base

A group of 45 State College Air Force ROTC cadets visited Pope Air Force Base Saturday and were guests there of the Joint Operations Control section.

The section is the controlling agency of operation "Flash Burn," the combined Air Force-Army maneuver now in progress at Pope AFB and Fort Bragg.

The cadets were briefed on all phases of the ground-air operations to be employed and were conducted through an Air Force C-124 Globemaster. Instructional periods were also presented on various jet-aircraft and guided-missiles.

The visit was a continuation of the policy established by Col. William J. Jowdy, professor of air sciences and tactics at State College, to supplement class room instruction with field trips to various Air Force activities.

### World Famous Arch. Gives Talk Here

Architectural design based on "actual living processes" was proposed by Richard J. Neutra, world famous architect and city planner of Los Angeles, Calif., in an address at N. C. State College last night.

"Survival Through Design" was the topic of Neutra's lecture, sponsored by the School of Design at State College. He was introduced by Dean Henry L. Kamphoefner of the School of Design.

In his talk, Neutra advocated "planning with a more biological bias" and listed "suitable lines of research, the results of which would eventually make designers and their public more safely informed on current terms."

"Only on such information about our own psychology," he said, "can (Continued on page 6)

### Dean Campbell Back From Far East

Dean Malcolm E. (Sandy) Campbell of the School of Textiles at N. C. State College returned to Raleigh last week after heading a five-man mission which spent about a month in India, Pakistan, and Japan working for the expansion of foreign markets for American cotton.

The cotton mission, which Dean Campbell headed, was sponsored by the National Cotton Council of America, Washington, D. C.

A well-known figure in the world's textile industry, Dean Campbell has previously headed similar missions to Europe and Pakistan under the council's auspices.

In addition to Dean Campbell, the mission to India, Pakistan and Japan included Dr. Thomas Kerr, formerly of N. C. State College but now with the U. S. Department of Agriculture, Washington; Dr. Burt Johnson, National Cotton Council of America, Memphis, Tenn.; H. J. Cheatham, Southern Regional Research Laboratory, (Continued on page 6)

### State's Poultry Team Goes To Miss.

N. C. State College's poultry judging team won fifth place in the Southern Intercollegiate Poultry Judging Contest held in Jackson, Miss., recently and won first place in the contest's market products division.

Colleges and universities from eight Southern states took part in the contest.

Placing ahead of the N. C. State team in the contest were the teams from the University of Arkansas, Oklahoma A. & M., University of Texas, and University of Kentucky.

The four N. C. State students who compose the team are Malcolm Monroe Louder, son of Mr. and Mrs. W. A. Louder, Albemarle; Snodie Bond Wilson, son of Mr. and Mrs. W. C. Wilson, Route 1, Winterville; June Edward Routh, son of Mr. and Mrs. J. J. Routh, Greensboro; and Eugene Burns Pickler, son of Mr. and Mrs. Jacob M. Pickler, Route 1, New London.

The contest was sponsored by the Poultry Section of the Association of Southern Agricultural Workers, and Southeastern Poul- (Continued on page 6)

### New Ind. Arts Course Here At State

Establishment of a new industrial arts training program with a technical option in the School of Education at North Carolina State College was announced last week by Dr. J. Bryant Kirkland, dean of the school, and Dr. Ivan Hostetler, head of the college's Industrial Arts Department.

The new curriculum—second of its kind to be offered in the South—will prepare students for industrial work in such diversified fields as production, sales, safety, personnel administration, maintenance, and job training.

Following approval by the State College faculty council, the Department of Industrial Arts will accept students in the new training program for the first time in the summer school, which runs from June 9 to July 14, and in the next regular school term opening in September.

Dean Kirkland and Dr. Hostetler said one of the chief aims of the curriculum will be "to provide more technically-trained men need- (Continued on page 6)

### Sanford Speaks At Young Dem. Meet

The speaker at the April 7 meeting of the Young Democrats Club was Taylor Sanford, campaign manager of Governor Kerr Scott. Mr. Sanford was introduced by the president of the club and spoke on Scott's qualifications for the U. S. Senate.

Mr. Sanford mentioned at the beginning of his talk that Gov. Scott was a graduate of North Carolina State College and a former Secretary of Agriculture in North Carolina.

Gov. Scott, as quoted by Mr. Sanford, said: "The business of North Carolina prospers as the farmer prospers."

The welfare of the farmer should be given every consideration at this time when the Secretary of Agriculture is mixed up on his farm policy. We have a man who is capable of going to Washington and of building up the farm economy of the United States.

Governor Scott initiated a road program while he was governor of North Carolina which speaks for itself. It was designed to take the (Continued on page 6)

# IT'S ALL A MATTER OF TASTE

They're all the rage with college kids. With girls and men alike. So round, so firm, so fully packed—I speak of Lucky Strike!

Barbara Bennett  
Lawrence College

When you come right down to it, you smoke for one simple reason...enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky, Strike means fine tobacco...light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better... always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

When buddies ask me for a smoke, What do they get from me? "Here's finer smoking, pal," I say, "Cause L.S./M.F.T.!"

Ford R. Maddick  
Kansas University

The cigarette that really tops The campus hit parade Is Lucky Strike. Enjoy the taste Because it's better made!

Celin Vaernewyck  
Boston University

HOW'D YOU LIKE TO... meet

1st Lt. Dorse F. Pendleton, Jr.

He's here, on campus now—to show you how to...

earn over \$5000 a year...

become an officer in the air force...

get a head start in jet aviation...

be a part of a great flying team...

as an Aviation Cadet. See him while you can.

"1st Lt. Dorse F. Pendleton, Jr., and Aviation Cadet Selection Team #304, are coming to North Carolina State College to show you how. They'll be here on May 4th, 5th, and 6th, 1954. Meet them at the campus YMCA during their stay."

# LUCKIES TASTE BETTER CLEANER, FRESHER, SMOOTHER!

Annual Class

Reunions—May 7 & 8

North Carolina State College alumni will hold their annual class reunions and assemblies at the college on Friday and Saturday, May 7 and 8.

Highlights of the program on May 7 will be a military parade to be staged by the college ROTC units in Riddick Stadium, class luncheons, a reception at the home of Chancellor and Mrs. Carey H. Bostian, and a concert on the carillon bells of Memorial Tower.

The evening program on May 7 will include a special dinner for the Classes of 1893 through 1904, the silver anniversary banquet of the Class of 1929, informal dinners for other reunion classes, and the annual Red and White basketball game at the William Neal Reynolds Coliseum.

On Saturday morning, May 8, the alumni will have a wide range of events to claim their attention. Among these will be visits to the professors and administrative officers in the various schools and departments, the annual Livestock Day program presented by students in the School of Agriculture, and tours of the new College Union Building.

Dr. Carey Bostian, who assumed his duties as chancellor of State College last Sept. 1, will deliver the principal address at the annual alumni luncheon in Leazer Hall Saturday, May 8, at 12:30 p.m.

A baseball game between Wake Forest College and State College and a concert on the carillon bells of Memorial Tower will round out the Saturday program.

Pershing Rifle Com.

On Thursday, April 22, the Pershing Rifle Company took part in the Annual Farmers Day Festival at Fairmount.

The festivities began at 11:00 a.m. with the parade which was witnessed by several thousand people. The parade ended at a large tobacco warehouse where they had a barbecue lunch for the participants and guest at the parade.

Thursday afternoon the Company put on a precision drill exhibition, which was something new to the people of Fairmount.

The members of the Company were free to do anything they desired the rest of the afternoon. They were guests at a square dance that night. After the dance the Company returned to school.

Benson New WVWP Business Manager

The Board of Directors of radio station WVWP has announced the appointment of Dwight M. Benson as Business Manager for the 1954-55 academic year. At a called meeting of the Board Tuesday evening, a unanimous vote was cast in favor of the appointment.

Dwight, whose home is in Durham, has been active on the station staff for the past two years. He has held positions on the announcing and production staffs during this time and has displayed exceptional ability in the execution of these duties.

Dwight will succeed James E. Cashwell who will graduate in June. He will assume his new duties immediately following the general campus elections.

"Major Barbara" This Week's CU Movie

The College Union Film Committee will present "Major Barbara" Sunday evening at 8:15 in the Textile Auditorium.

Filmed under the most adverse conditions, this film shows sequences of London, eliminating the bomb-battered sections. George Bernard Shaw does everything but grind the camera in this masterful bit.

The story goes something like this: Major Wendy of the Salvation Army, believing that the pure in heart will inherit the earth comes to the startling discovery that the rich already own it. Here action against a monarchy of wealth is overwhelmed by her munitions-making father.

This film promises to be a very good one. All Freshmen taking Contemporary Civilization are asked by their instructors to see this great film.

AF Cadet Selection Team To Be Here

An aviation cadet selection team from Pope Air Force Base, Fort Bragg, N. C. will visit N. C. State College on May 4th, 5th & 6th to give information about the Air Force Aviation Cadet Training Program. The team is composed of one officer and three airmen that are aviation cadet procurement specialist. The team will be located on the campus at the YMCA from 9 a.m. until 6 p.m. o'clock, each day.

The purpose of the visit is to counsel interested students on the pilot or aerial observer training programs and to assist them in making applications for aviation cadet training if they so desire.

Filing an application for the training program means that the individual is taking preliminary steps to determine his qualifications to continue with the type of training program he may choose. It is not an enlistment in the Air Force and applicant is under no obligations.

The applicant chooses a date to report to an aircrew classification testing unit for mental and physical testing. Transportation is paid by the government.

To qualify for the program, the applicant must be between 19 & 26½ years of age, single and be able to pass the mental and physical examinations.

Qualifying applicants will receive a four month draft deferment while waiting for an assignment to a class of pilot or aerial observer training, at one of the air force bases.

try and Egg Association, and the Jackson, Miss., Chamber of Commerce.

The North Carolina State Mutual Hatchery Association is awarding \$125 in cash prizes to the N. C. State College contestants, based on their individual placings in the contest.

The N. C. State team was coached by Professors T. T. Brown and Grady A. Martin of the Poultry Science Department.

20 AF ROTC Students Travel To Ohio

A group of 20 N. C. State College Air Force ROTC cadets departed from Raleigh-Durham Airport Sunday morning for a two-day field trip through the Air Research and Development Center at Wright-Patterson Air Force Base, Dayton, Ohio.

The group was accompanied by Major John W. Farr and Capt. Harry H. Roddenberry, staff members of State College's Air Force ROTC.

An Air Force C-47, piloted by Major Farr and Captain Roddenberry, was made available by Pope Air Force Base for the airlift of the cadets to the Wright-Patterson Base. Enroute to and from the Research and Development Center, the cadets received instructions in various phases of the aircraft and the theory of flight.

The cadets are members of the State College unit of the Arnold Air Society, one of the largest organizations of its kind in the world. The organization has 161 squadrons sprinkled from coast to coast and has continued to grow since it was established in 1947.

N. C. State cadets selected for the trip were:

- Craighead L. Barnhardt, Jr., New Bern; Robert L. Biggs, Raleigh; Walter E. Bruce, Jr., Overhills; Louis J. Brunetti, Jr., Greenville, N. Y.; John W. Cantrell, Compbello, S. C.; James C. Deal, Newton; Ernest S. Dean, Jr., Raleigh; Jerry S. Grimes, Rocky Mount; Richard W. Johnson, Germantown; Charles N. Kirk, East Bend; Billy R. Matthews, Angier; Edgar C. Mills, Polkton; Frederick M. Moore, Kinston; Eugene J. Neal, Jr., Raleigh; William B. Nesbitt, Edneyville; John W. Parker, Goldsboro; Thomas C. Parker, Jr., Saluda; Frank D. Parrot, Kinston; Van W. Respass, Pantego; and Paul S. Smigell, Philadelphia, Pa.

NEUTRA—

(Continued from page 5)

responsible design be based and developed. There is a need for a warmer, more humanly pulsing effort in order to design for life, and thus to preserve it."

He advocated "design for life, and health, especially the health of our troubled nerves. Design shall suit actual living processes. They unfold in time as well as in space, and design may greatly harm or help them on their way."

Neutra, winner of many national and international design awards and the designer of hundreds of buildings ranging from low-cost open air schools for tropical islands to desert mansions for movie magnates, will remain at State College to conduct seminars on design for students in the college's School of Design.

His visit here was arranged by Dean Kamphoefner.

Platoon Competition

The regimental platoon competition of the Army ROTC at N. C. State College will be held on the drill field west of Frank Thompson Gymnasium at the college Friday at 12 noon. The three competing platoons are winners of their respective battalions. The exercises will be open to the public without charge.

CAMPBELL—

(Continued from page 5)

New Orleans, La.; and Col. William D. Martin, U. S. Department of Agriculture, Washington.

With Dean Campbell as chairman and discussion leader, the mission held conferences on American cotton quality and modern techniques used in evaluating cotton quality with textile industry authorities in the three Far Eastern countries.

In Bombay, the Americans took part in the celebration of the 100th anniversary of the Indian cotton industry. From Bombay, the visitors went to Karachi, Pakistan, where they observed the work of the Pakistan Institute of Cotton Research Technology.

Also in Karachi, the Americans inspected other cotton industry facilities and discussed problems of mutual interest on cotton quality with Pakistan's textile leaders.

Later the visitors went to Tokyo and Osaka, center of Japan's textile industry, where they held a series of meetings devoted to cotton utilization and quality. They also toured Japan's expanding textile facilities.

IND. ARTS—

(Continued from page 5)

ed in North Carolina because of the rapid industrial expansion in the State."

Addition of new facilities in the Department of Industrial Arts and a strengthened faculty, Dean Kirkland and Dr. Hostetler stated, "make North Carolina State College one of the leading industrial arts centers in the Southeast."

Only Texas A. & M. College offers a comparable industrial technology curriculum in the Southern states.

Dean Kirkland and Dr. Hostetler said the technical curriculum is designed chiefly for students who are interested in technical education but not in teaching and engineering, industrial psychology, and related subjects and will also take technical courses in industrial arts in lieu of the professional teaching courses offered for students in the industrial arts education curriculum.

Apply Now For "Goodwife Diploma"

Each year the Student Government sponsors the awarding of "Goodwife Diplomas" to the wives of graduating seniors and graduates. All cost is paid by your Student Government. The Diplomas will be rolled with the graduating student's to facilitate distribution at commencement.

Cards were sent out last week, but some eligible senior or graduate may not have received one due to a change in address. If any student desires a "Goodwife Diploma" send your name, curriculum, wife's name, and permanent mailing address to: E. C. Brantley, Box 3767.

SCOTT—

(Continued from page 5)

farmer out of the mud, to take the country church out of the mud, to take the school bus out of the mud, and to provide better farm to market roads.

Governor Scott kept a watchful eye on the money of North Carolina and the budget was balanced while he was governor of State.

Mr. Taylor was asked to explain Scott's stand on segregation. Governor Scott believes that segregation is important in the life of the North Carolinian, said Mr. Taylor.

The question was asked: "Was Governor Scott feathering his nest when he built roads on his farm in Alamance County?" Mr. Taylor refused to answer the question as stated but offered to answer any specific question pertaining to a certain road.

## What Makes You Think There's A Mind Reader Behind You?

If the fellow driving the car behind yours is a mind reader, you're safe without making signals.

Unfortunately for you, less than one per cent of the population is made up of the professional mind readers.

So you'd better assume that other drivers haven't the slightest idea what you're about to do—stop, slow down, turn left or turn right. A shocking number of all accidents are caused by slowing, stopping or turning without proper signals. That's why you can often prevent an accident by making the proper signals—letting other drivers know, unmistakably, what you plan to do.

In North Carolina, the signal for slowing down or stopping is the

left hand out and straight down, moving from side to side call attention to it, if necessary.

A left turn is signalled by the left arm held out straight, a finger pointing to the left. A right turn is signalled by holding the arm straight up, elbow bent at right angles. Or by the mechanical turn signals, if you have them.

In either case, your life is in your hands—or your hand signals.

Good reason to be sure your mechanical turn signals and stop lights are working properly. If not—and if you're relying on them without hand signals you really need a mind reader behind you.

Signalling, remember, is more than just a courtesy—it's a life-saving necessity.

## Four State English Profs Write For NC Historical Review

Four members of the English Department at North Carolina State College are contributors of articles and book reviews published in the current issue of "The North Carolina Historical Review."

Dr. Donald Rulfs continues an article on "The Ante-Bellum Professional Theater in Fayetteville."

Dr. Rulfs is an authority on eighteenth-century English drama as well as on the theater in this state, and his articles have been widely published in scholarly magazines and in newspapers.

Prof. Richard Walser, well known as an anthologist and as a lecturer on North Carolina literature, contributes an article on "North Carolina Awards in Literature." This is an extension of a paper read at the last meeting of the North Carolina Literature and Historical Society tracing the history of the Patterson, Mayflower, Sir Walter Raleigh, and other awards for literary production and historical research.

In the book review section, Dr. Henderson G. Kincheol reviews "Southern Renaissance," edited by Louis D. Rubin, Jr., and Robert D. Jacobs; and Dr. James Atkins Shackford reviews Curtis Carroll Davis's "Chronicle of the Cavaliers."

These publications emphasize the continuing contribution of the State College English Department to the study of regional cultural development.

## SCHOOL SPIRIT—

regulating class attendance. This proposal is more liberal, particularly for juniors and seniors.

Our meetings are held in 234 Riddick Hall each second and fourth Tuesday at 12:30. We would be glad to have you attend some of these meetings if you would care to see how this group works.

Sincerely yours,  
C. C. Scarborough, Chairman  
Faculty Advisory Committee

Editor's note: the editorial in question was written by Feature Editor John Parker.

## LETTERS—

(Continued from page 4)

plus. So you see advertising must pay 2/3 of the expenses.

6. Cost of printing has been raised 10% each year the last 2 years. Other expenses have increased also.

7. We have determined however, after raising advertising rates, that to just break even on cost and income there must be an average % of about 46%. This has been determined by figuring costs and receipts issue after issue.

8. There have been weeks when we had as low as 40% advertising which must be counter balanced to maintain the average.

9. Pressure is brought to bear on our advisers to make the paper pay and it is necessary that it do this to remain in existence.

I note that you emphasize the *OUR* in your letter. I wonder how many students realize just that fact. Do you realize what must be attached to that statement? If you do, then it is time to show the powers that be that it is your paper and you are willing to support it to the degree of fighting for a better and more fruitful paper.

Mr. Kaplan, a challenge lies in your action of writing this letter. If you and your friends really desire to do something to remedy the situation that now exist then drop me a note and I shall arrange a meeting with my advisers, myself, and an interested group. Thank you for your interest in a serious matter to the good school citizen.

Sincerely,  
Jerry Jones  
Business Manager.

## PLACEMENTS—

(Continued from page 4)

years. In a few cases a local supplement will be given.

The School of Forestry will have very few graduates who will be available for employment. The graduates who are not eligible for military service will receive from 10-15 offers. The average starting salary for Forest Management is \$3,500 per year, and for Wood Technology is \$4,000 or \$4,500 per year.

The School of Design has no formal set up for placement of graduates and there seems to be no apparent need for one.

## FLY BOYS—

(Continued from page 4)

a check on the adherence to course was kept. More was learned about navigation in less than three hours than could be taught in a classroom in several lessons. Several outstanding points stressed were Base Operations and Air Defense. Both of these were recently studied in Air Science lab.

Such trips as these give a man a closer insight to actual conditions on bases and presents practical information. More can be learned from such a trip than the average person is inclined to think. The College in granting permission for such trips has shown its approval and as it should be, the opportunity afforded to obtain this practical knowledge was used to an advantage.

## Through The Keyhole

LEONARD A. BINDER Sports Editor

### Football

Now that spring practice has ended for the grid forces of N. C. State College, a more comprehensive picture of the progress of the squad since last year can now be made.

The annual Red and White game which was played in the blazing sun over this past week end produced a one-sided victory for the Red team by the score of 34-0. The Red squad was vastly superior to the White aggregation in virtually every phase of the game.

However, one should not feel too elated over the game for a number of reasons. First of all, the good players of the State team all were bunched together on the Red squad. Furthermore, even though the Reds showed plenty of power both on the ground and in the air, they still did not come up with anything that can be called sensational. Earle Edwards, the coach of the Pack, sat on the sidelines and watched the actions of both of these squads. He probably did not throw the wraps off of his team in this early pre-season game. Edwards has been around, and he knows better than anyone else the penalty of bringing along any group of athletes too fast. His Michigan State style of offense has been taken on by the State team this year. It will take a lot of time for the Wolfpack to coordinate this attack into anything that resembles a cohesive plan of action.

### Baseball

Even though the season is hardly over, it looks as if the A.C.C. baseball race is all but decided. The Clemson Tigers look to be the class of the league and only a miracle finish by one of the contending

teams together with a corresponding slump by the Tigers can stop Clemson from copping the title. State College has been playing in and out baseball. The Pack has really not lived up to their pre-season expectations as they have sometimes looked like chumps. However, anything can still happen in the A.C.C. and nobody has conceded the Tigers anything as of yet.

### Tennis

The State tennis team has been looking a lot better as of late. The squad is fresh from a victory over Eastern Carolina. The team dropped a match to the great Tar Heel tennis club. State was outclassed in this match from the outset but the Wolfpack still did better than most people thought they would do.

## Tar Heels Rout State On Cinders 107-18

### Track

The University of North Carolina track team took 12 first places in 14 events here to defeat N. C. State, 107-18 in an Atlantic Coast Conference dual meet.

The meet was originally scheduled at State in Raleigh but was transferred at State's request.

Charlie Scott of Carolina was the meet's high scorer with two first

places for 10 points. He was the only double winner of the day. Roger Morris led the field events with a creditable 50-foot throw in the shot put.

### The summary:

- Shot put — 1. Morris, North Carolina. 2. Maslow, North Carolina. 3. Perdue, North Carolina. 50 ft.
- High jump — 1. Yoder, N. C. State. 2. tie between Haire, North Carolina and Dickman, N. C. State. 6 ft.
- One mile run — 1. Houghton, North Carolina. 2. Barden, North Carolina. 3. Barbee, N. C. State. 4:35.5.
- Pole vault — 1. tie between Yarborough, North Carolina and Duke, North Carolina. 12 ft.
- Javelin — 1. Marciniko, North Carolina. 2. Newman, North Carolina. 3. Bryan, North Carolina. 168 ft.
- 440-yard run — 1. Phillips, North Carolina. 2. Wright, North Carolina. 3. Dickman, N. C. State. 1:12.
- 100-yard dash — 1. Newton, North Carolina. 2. Zimmerman, North Carolina. 3. Mitchell, North Carolina. :10.0.
- Broad jump — 1. Yarborough, North Carolina. 2. Wilson, North Carolina. 3. Zimmerman, North Carolina. 22 ft. 3/4 in.
- 120-yard high hurdles — 1. Scott, North Carolina. 2. Murray, North Carolina. 3. Green, N. C. State. :18.9.
- 800-yard run — 1. Newman, North Carolina. 2. Booth, North Carolina. 3. Hester, North Carolina. 2:00.9.
- 220-yard dash — 1. Mitchell, North Carolina. 2. Wilson, North Carolina. 3. Zimmerman, North Carolina. :23.2.
- Discus — 1. Perdue, North Carolina. 2. Beaver, North Carolina. 3. Abernathy, N. C. State. 122 ft. 9 in.
- Two-mile run — 1. Miller, N. C. State. 2. Nancey, North Carolina. 3. Jones, N. C. State. 10:09.3.
- 220-yard low hurdles — 1. Scott, North Carolina. 2. Murray, North Carolina. 3. Greer, N. C. State. :26.1.

sprinkling of sophs, easily lived up to their role of pre-game favorite. They scored the first time they got the ball and from then on mixed a running and passing game in excellent proportions to outclass the Whites. Langston and Gelsdorf each scored two touchdowns, and a pass play from Franklin to Teer accounted for the other touchdown.

The Whites unveiled a fine quarterback prospect in Archie Faires, whose passing was about as good as Franklin's, and they had a pair of good runners in John Zubaty and George Marinkov, a soph half-back from Lebanon, Pa., but they lacked scoring punch. The White team made only two serious threats. Zubaty was injured near the end of the first half, and saw no more action.

### Early Lead

The Reds jumped into a 7-0 lead by turning a White fumble into a touchdown drive. The march started on the White 35, with Langston and Ted Kilyk moving the ball to the White 4 in four plays. Then Franklin fired a pass to Teer for the touchdown, and Henry Brown added the extra point.

A 34-yard drive that started near the end of the first period paid off with another touchdown soon after the second quarter started when Gelsdorf scampered 12 yards around left end for the tally. Brown missed the extra point try.

An 80-yard march with second half kickoff accounted for the third Red touchdown. With Langston doing most of the ground gaining, and Franklin pitching to Brown and Harry Lodge for good yardage, the Reds moved the ball to the White 5-yard line in 10 plays. From that point, Langston crashed over, and Brown kicked the point.

## Red Bests White In Football Test 34-0

State's annual Red and White spring football game, the final event of off-season drills, finished in a smashing, 34-0 triumph for the Red squad in Riddick Stadium in 85-degree weather.

Sparked by the pin-point passing of sophomore quarterback Billy Franklin, and the running of full-back Don Langston, and halfbacks Ed Gelsdorf and Bill Teer, the Reds struck for single touchdowns in the first three quarters, and added two touchdowns in the final period.

The Reds, loaded with most of the Wolfpack's '53 regulars and a

In Three Plays. Early in the fourth quarter, the Reds went 64 yards in three plays for a touchdown. Franklin fired a 30-yard pass to Ronnie Gall on the White 34. Langston ripped through left tackle for 32 yards and then went the final two on the next play. Teer ran the extra point.

In the final minutes of the game, the Reds struck for their final touchdown when Gelsdorf swept right end from 12 yards out.

The Whites threatened twice near the end of the second quarter, driving 48 yards to the Reds' 10-yard line only to lose the ball on downs, and then coming right back to gain possession on Red fumble at the Red 3-yard line.

An incomplete pass by Faires and a five-yard penalty set them back to the 8. On the next play Faires' pass was grabbed by Franklin to end the White threat. In the last half, the Whites offered little competition for the Reds.

Two of last year's regulars who watched from the sidelines were quarterback Eddie West and guard Al D'Angelo, both recovering from injuries.

race" being waged by all teams for the top spot in the standing.

**Badminton**

The Causby boys from Syme No. 2 got off to a fast start in their league with two straight wins over Berry and Becton No. 2. Sparked by the incredible playing of Khow, the Symers haven't had much trouble in setting down their opponents. Syme in their first game with Berry won the two singles but were edged in the doubles games. Khow from Syme took his games from Stanfield by a remarkable display of skill as he didn't give up one point to Stanfield. Causby took the other singles match for Syme against Mayhew. Santoli and Holt took the doubles game for Berry against Holt and Dickey of Syme. The other game took last week was a forfeit match from Becton No. 2.

Becton No. 1 also took their first two matches of the season with little effort from Turlington No. 2 and Owen No. 2. In the first match with Turlington they completely

overpowered the Turis with a forfeit. The whole Becton team got into the act in the second game with every man registering wins over their opponents. Becton's Lundy and Overton took the singles matches from Beck and Wollen of Syme respectively. The doubles matches were won by Becton's Armstrong and Thrower against "the team that wasn't there" for Owen No. 2.

Tucker No. 2 lost their game to Becton No. 2 last week because they "didn't appear on the scene of the crime—I meant game."

Owen No. 2 also gathered in a victory, along with their defeat last week, over the team from Bagwell No. 1. The "Dragnets" for some reason forgot to show.

**Horseshoes**

The Turis of No. 2 dropped a split decision to the "Lower Becton Boys" in their first match, by the best two out of three matches going to the winners. "Ace" Trulove paced the Becton team with his singles victory over Elliott and the other singles match was won by Brown of Turlington over Dudley Whitley in a thriller. J. W. Frankos and Cress of Becton proved to be the masters of the doubles as they picked up the winning margin matches over Absher and Reaves. This win put Becton against Syme No. 2 this week and the game went right down to the last pitch with Becton nosing out for the victory via of the two singles matches wins. "Ace" Trulove again came through with a win over Vinson and Joe "the stob" Bray posted the other singles win over Ferguson of Syme. Syme's doubles team of Stainback and Rusmisell almost proved disastrous with their victory over Raper and Greenberger of Becton.

Bagwell No. 1 "Dragnets" made an even split in their first two matches by taking a win over Syme No. 1 and dropping a game to Verville. Henry "the runger" Ramseur has been the sparkplug of the "Dragnets." He won his first match in the game with Syme No. 1 by posting a victory over Walker and his team went on to win the meet from Syme with Ramey winning the other singles match from Phillips, but the doubles team from Bagwell of Barnhardt and Johnson lost their matches to Leonard and Murray. Bagwell's second game didn't run as smooth as the first one as they dropped a decision to Verville. Ramseur took on Verville's ace, Wright, and was going along fine until the match was over and they tallied up the score and he had lost (why is that?). Skipper of Bagwell posted the only win for the "Dragnets" with his victory over Hawkins. The doubles team from Verville, Wood and White, won their matches from Pearson and Bunting.

## Netters Tame ECC South Carolina In Varsity Match Beats State

State College's tennis team won five singles and two doubles matches in defeating East Carolina College, 7-2.

**Summaries:**  
 Cashion (NCS) defeated Kester, 6-3, 6-0.  
 Gough (NCS) defeated Cameron, 6-4, 3-6, 6-4.  
 Cross (NCS) defeated Williams, 4-6, 8-6, 6-0.  
 Coppersmith (NCS) defeated Browning, 6-2, 6-0.  
 Reichard (NCS) defeated Focuse, 6-0, 6-2.  
 Russell (ECC) defeated Brinkley, 6-2, 2-6, 6-1.  
 Cashion and Reichard (NCS) defeated Kester and Focuse, 6-2, 6-1.  
 Cameron and Williams (ECC) defeated McCoy and Coppersmith, 6-3, 6-1.

Righthander Gene Molnar pitched his fourth win of the season without a loss as he scattered nine hits to lead South Carolina's Gamecocks to an easy 13-5 verdict over State's Wolfpack. Molnar was backed by a 19-hit attack by his teammates, who gave him an eight-run in the first four innings.

The Gamecocks bounced back from their one-hit performance of Friday by blasting Tommy Hargrove and Jack Yvars for the 19 safeties, including eight extra base blows.

Hargrove, a lefty, opened for the Wolfpack and was charged with the defeat as he was touched for nine hits and six tallies. In the fourth the Gamecocks opened with a single by third baseman Carl Brazell. Frank Ellerbe then slashed a triple to center, scoring Brazell and sending Hargrove to the showers. Shortstop Tom Hofferth was the first man to face reliever Jack Yvars and he promptly greeted the State righthander with a home run over the rightfield fence. A fourth marker romped home in the inning when second baseman Jack Turney threw in the dirt at the plate trying to cut off Heywood Turnstall, who had moved around on a single and another miscue by State's Johnny Yvars.

**State Leads Bases.**

State tried to get a rally going in the eighth, but managed only one run after loading the bases. (Continued on page 10)

### Barbee and Turney Lead A.C.C. Batting

While most Atlantic Coast Conference batters were leveling off their averages, Virginia outfielder Allen Barbee climbed to the .500 heights in sparking the Cavaliers to four stright wins last week.

In maintaining the ACC lead for the third week in a row, Barbee put 100 percentage points between him and North Carolina State second baseman Jack Turney (.400).

Maryland's Tom Badin, a leftfielder and Duke centerfielder Al Spangler's 22 runs scored give them big edges over Clemson's Doug Kingsmore, second in each category with 15 and 16 respectively.

Kingsmore still holds the home run lead with five, but teammate Wyman Morris, Maryland's Baden and UNC's Connie Gravitte are threatening with four each. Clemson's Roy Coker, smooth fielding second baseman, retained his lead in hits with 25 and in three-baggers with four.

## OPPORTUNITY

For Unique Experience in Human Relations

A limited number of positions as Psychiatric Aides are available to college graduates at one of America's foremost psychiatric clinic-hospitals. If you are interested in psychiatry, psychology, personnel work, teaching, or social work, this is a valuable opportunity for practical on-the-job experience in the basic areas of human relations. You will also enjoy the benefits of living in a stimulating atmosphere with congenial people. You will have complete room, board, recreational and social facilities plus a cash salary. For further information, write to: Barbara St. John, Director of Personnel, The Institute of Living, 160 Retreat Ave., Hartford, Conn.

## When You Join The "Men Who Measure" . . .

When you leave school as an engineer and join the ranks of the "men who measure," you'll want the most accurate and durable measuring tapes. Lufkin Chrome Clad Tapes ARE the most accurate and durable because their markings are bonded to the line and protected by multiple platings of metal that also protect the fine steel in the line. This all-metal line is longest wearing — it won't crack, chip, peel — is easiest to keep clean — is most rust and corrosion resistant. Chrome Clad Tapes are the choice of engineers the world over.

Whether you're running a survey, building a bridge or a building, railroading, road building, mining or drilling — there's a Lufkin measuring tape exactly right for the job.

Specify Lufkin when you get out on the job — send today for our free catalog.

(Continued from page 9)  
Tucker No. 1 took a forfeit game this week from Syme No. 2. Players for Tucker were Vargo, Campbell, Gilleland, and Taylor.  
Softball  
The Berry "Sportsmen" kept up their torrid pace in Section 2 with a 13-5 victory over the boys from

**NCS SPORTS—**

(Continued from page 9)  
First baseman Bill Peed got credit for the RBI on an outfield sacrifice fly. Molnar issued walks to Sonny Santoli and Joe Barringer, but then got out of the jam by striking out Norman Norris and forcing pitcher Jack Yvars to fly out to center.

Tucker No. 1. Coach John Yvars from Tucker commented that his farm team system was his biggest trouble this year, but he hoped to have several good rookies up from the "basement" in a short time (he has reportedly signed them for a coke). Berry's bats were hot and they kept the "bull ditch" busy turning out pitchers. The "Sportsmen" collected five homers, two doubles and eight singles in their 15-hit attack. Armstrong and Hartis each had a homer and single and Jones had two homers for the Berry

team with Taylor handling the lumber for Tucker with a homer. First base coach for Berry was Willis Giles.  
Owen took a "Diszy Dean Special" from Turlington No. 1 this week in an over-time battle which ended 5-4. Ellis Lyda and Paul Reeves was the battery for Owen and this gives them a 2 won—1 lost record for the season.  
Welch exploded this week on the heads of Syme No. 1 with a startling 10-0 smash. McCormick led the Welch team with two doubles

and a single and Troutman hurled a no-hit, no-run contest to pace the win along the way even more. Troutman only allowed one man to get on base and he was put out on a fielding play. Welch collected 4 runs in the first inning and 6 in the second.  
The Bagwell No. 1 "Dragnets" had a field day against Alexander No. 1 by defeating them by the score of 20-0. Bagwell scored 15 runs in the first inning and 5 runs in the next one, while Alexander didn't touch the scoreboard in three

innings. Glenn Scott pitched two-hit ball for Bagwell while every man on the team collected one or more hits. Outstanding for Bagwell were Roy Thomas, Ronnie Keen, and Fred Williams.
