N. C. STATE COLLEGE IN THE NEAR EAST

The Local Y.M.C.A. Unit in a World-Wide Organization

Students of N. C. State College, as those of many other colleges, haven't thought until recently that they had anything particular to do, except in indirect business relationships with Smyrna, 6,500 miles away in Asia Minor. The International Y. M. C. A. points out, however, that our community had an interest in Smyrna long before the disaster there grave cause for special relief efforts.

"The Smyrna disaster," says the International Committee, "has illustrated anew how promptly the sympathies of our country are aroused and seek expression when the facts concerning real need are presented. But this spirit of service does not limit itself to action merely when emergency conditions give it a conspicuous role. A chief reason why our country can serve effectively in a situation like this is because our people and those of thousands of other American communities have long been supporting, and carrying on through their own representatives, humanitarian work in Smyrna, and hundreds of other foreign centers.

"Newspaper reports have told us how American organizations in the Near East quickly co-ordinated their efforts to serve the Smyrna refugees. A feature which interests me, because of my relationship to the Young Men's Christian Association of N. C. State College is the fact that American Y. M. C. A. secretaries in Smyrna, Athens, Salonika and Constantinople were able because of their established work and recognized service there to take places of helpful leadership in the relief efforts.

"American Y. M. C. A. work in nearly every country of the globe is going forward because there is a Y. M. C. A. in this, and in more than 2,000 other communities in the United States and Canada. Our 'Y' and these others are separate and independent organizations, self-governing but having common policies and a common purpose. This purpose is to help men and boys to live wholesomely and usefully, after the pattern of that Man of Galilee because of whom we call ourselves a Christian nation.

"The first duty of each Y. M. C. A. is to its community, which finances it through membership fees, other revenue-producing features, and contributions, and whose selected laymen direct it. But the membership and friends of the Associations in North America long ago determined that they had a responsibility to help

CORNER-STONE OF TOWER LAID ONE YEAR AGO TODAY IN MEMORY OF OUR HERO DEAD

Soon after the close of the World War graduates and other former students of the North Carolina State College of Agriculture and Engineering began to raise money to erect a memorial to former students of the college who lost their lives in their country's service.

At first no definite type of memorial was agreed upon, but the Alum-

ni Association at its annual meeting in May, 1920, agreed upon the design of a clock tower and chimes, prepared by Mr. W. H. Deacy, of New York.

Construction began in the spring of 1921. The foundation was prepared in time for the laying of the cornerstone at Commencement 1921. The ceremonies, however, were postponed until November 10, when the cornerstone was laid by the Grand Lodge of Masons. About sixteen feet of the tower has been built.

The Memorial Committee are quietly securing subscriptions preparatory to continuing the construction. It is a big task and when completed, will cost approximately \$100,000.

establish in foreign countries a proved service for men and boys. And so through their general agency, the International Committee, the Y. M. C. A.'s of the United States and Canada direct the support of the work abroad of their selected representatives. Native leadership is developed and trained, and in due time as in China, Japan and most recently in Czechoslovakia—the Association develops a truly national character and becomes self-directing and self-supporting.

"Although the Association movement was founded in England, it spread within a few years—in 1851—to America, and here has had its greatest growth and from here has had its greatest outreach to the world at large. The American Y. M. C. A. in Smyrna, a transformed cafe and dance hall of notorious reputation, was burned by the Turks, but the service there typified the practical idealism and the democracy of a

MEETING OF THE POULTRY SCIENCE CLUB

world-wide brotherhood, of which the State College Y. M. C. A. is proud to be a voluntary part."

On Thursday night with a packed house, the Poultry Club had one of its best meetings of the year. The meeting was called to order by President Jones, who introduced Mr. F. H. Jeter, of the N. C. Extension Service. Mr. Jeter gave a very beneficial talk on poultry as a means of combating the loss caused by the boll weevil. He showed numerous examples of what the boll weevil has done for the farmers in those districts where it has made its appearance. He showed how the boll weevil, by gradually adapting himself to the climate as he comes northward is eventually going to cover all the cotton growing districts of the United

States. As a means of combating the boll weevil, Mr. Jeter said from one hundred to two hundred hens on every cotton farm would help to a large extent in enabling the farmer to live at home.

Mr. R. F. Routh made a talk on Chinese eggs, telling how and where they come from, and how they can compete with eggs raised in the United States.

Mr. J. R. Coggin in a talk on a working schedule for beginners showed the value of having poultry as a basis for all our work in Poultry Raising. If we know what we want, then we can have a definite thing to work for.

It was decided to meet at 7:00 o'clock instead of 7:30 from now on.

What She Said

Said hen when seeing the farmer: "There's the boy I've been laying for for a long time."—Exchange.

EDITORIAL

Wolfpack, 15; Wildcats, 0.

The editor is having a hard time convincing his colleagues that the Junior stunt wasn't the best of all.

Have you noticed how chesty Prof. Vaughan has become since Mr. Comer referred to him as Dr. Vaughan?

Just what is the Mardi Gras? One of our Agricultural friends says that it is a new kind of pasture grass.

A man was cut in two the other day by a freight train and now has filed suit for damages. Sort of two-piece man's suit, we presume.

The photographer, who was here all last week, says that his machine is not broken yet, but that he thinks it has received several severe strains.

The ex-Kaiser's new book is creating quite a commotion in the literary world. We hope that the pen is not mightier than the sword this time.

The Technician has been informed that there has been formed at a neighboring institution an eternal triangle, of which Raper is hypotenuse.

Our esthetic sense was given quite a thrill by those artistic little Gold and Black 26's that recently made their appearance in front of St. Mary's.

Sammy Homewood is peeved because of the blank face on his picture in the last Technician, but gosh! we had to make it look as natural as possible!

The Game Cock says that there has been formed at the University of South Carolina a Co-ed Glee Club. We wonder if such a project wouldn't be interesting here.

The latest organization to make its appearance on the campus is what is known as the Cosmopolitan Club. It is composed of the foreign students, who were organized into this body largely through the instigation of Dr. C. C. Taylor, of the Economics Department. The purpose of the club is to promote a better feeling between the nations here represented, as well as to provide for lectures on the customs and manners of the world across the sea. American students are invited to join, and thus make the club one hundred per cent in its scope. This is a very good move, and we feel that there is real good to be derived from such an organization.

While he was here for the Y. M. C. A. inspection, Mr. Roy L. Vail made a very interesting talk to the members of the Friendship Council on "The Influence of One Man's Life." He pictured the great works that have been made possible by the initiative of one man who had the faith in his ideal to stick to his work till it was finished. Side by side with the great religious workers he placed the master minds of science and invention, whose work, he said, was for humanity, just as much as was the work of the religious pioneer.

The Y. M. C. A. received quite a large impetus the other night when Mr. Comer, of the University "Y," and Mr. Vail, State Boy's Work Secretary, came to make their appraisal of the "Y" building and its program. The completion of their work was marked by a pleasant banquet served by the Woman's Club, at the time of which these men made their report. Several changes and improvements were suggested in the building itself, but there were few comments on the program. Evidently that part of the "Y" approaches perfection. The improvements in the building will be carried out as far as means will permit.

One year ago today the corner stone of the Memorial Tower was laid, and although the work on it has not gone on as rapidly as one could wish, it has been the scene of much moving of stones. No work has been done on the tower since last spring, due to the lack of funds. It has reached the height of about twelve or fourteen feet, where it will remain until sufficient funds have been received to justify proceeding with the work. When completed, this will be the most beautiful addition to the campus that has ever been placed here, and we hope to see the work go on immediately.

"On to Norfolk" is the slogan that is pervading the campus as the date of the annual V. P. I. game approaches, and it is a settled fact that tonight will find many of our boys boarding the trains headed northeast. Last year we lost the game by the close margin of four points in the last few minutes of play. That V. P. I. has a strong aggregation is shown conclusively by the Centre clash, in which the Praying Kernels were hard pressed to outscore the Virginians. However, the later game with Davidson, in which the Presbyterians tied the score does not show up the Virginians in quite such a favorable light. The Wolfpack is in the pink of condition and should be able to repeat the victories of 1919 and 1920.

Sergeant Baker: "When I give the command 'Halt!' you bring the foot which is on the ground to the side of the one that is in the air and remain motionless."

Lies slumbering here,
One William Lake;
He heard the bell,
But had no brake.

"Bennet" Practice

Sergeant (to Sophomore): "Where did you acquire such accuracy in bayonet thrusting?"

Sophomore: "Reaching for bull at the mess hall."

Total Energy Smaller

Prof. Heck: "We know that when two bodies make an impact, there is heat generated, and the bodies get hotter."

Freshman: "Umph! The other night when I was dumped, it knocked me cold."

Umberger: "Have you subscribed to The Technician? They were around getting subscriptions yesterday night."

Stone: "I met my girl on the street and didn't even recognize her."

Crowell: "How's that?"

Stone: "You see—she had put on a long dress."

Son: "Papa, give me a nickel."

Papa: "Why, son, you're too big to be begging for nickels."

Son: "I guess you're right, papa. Make it a dime."—The Leatherneck (Washington).

Co: "My hair is a wreck."

Ed: "No wonder. You left the switches open."—Exchange.

"My girl is so ignorant she thinks that a football coach has four wheels."—Exchange.

Fish: "Are you Owen Jones?"

Senior: "Heck, yes, I'm owin' everybody around here."—The Beacon.

A small boy was sitting on his father's knee watching his mother as she painfully went through the very delicate operation of doing her hair in the most becoming wave effect.

"No waves for you, pa," said the infant philosopher, as he fondly polished his parent's bald head. "You're all beach."—The Mississippi Heights Review.

Bobbie: "How did ye hurt yer hand? Been fightin'?"

Eddie: "Yep. Those were awful sharp teeth Sammy Jones used to have."—Life.

"Give me a round-trip ticket."

"Where to?"

"Back here, you fool."—Johns Hopkins News Letter.

We thought the days were growing shorter when this headline greeted us: "Aviators Stay in Air 35 Hours Yesterday." Certainly non-union hours.—Exchange.

Speaking of Stockings

How would you like to be the professor of a girls' school looking over the class "roll" every morning?—Ex.

Landlady: "We have only one bath room, so each one must designate a time to bathe. What time do you prefer?"

Junior (very politely): "Madam, your time will be my time."—Ex.

Professor (giving examination): "Does any question embarrass you?"

Bright Student: "Not at all, sir; not at all. The questions are quite clear. It is the answers that bother me."—Exchange.

Barber: "You say you have been here before? I don't remember your face."

Victim: "Ah, it's all healed up now."

—Goblin.

GREAT QUESTION SETTLED

On Tuesday night, October 31, a great issue was settled in Room 317, 1911 Dormitory. Sixteen men found themselves burdened with the great responsibility of deciding this momentous question. From the day the college opened this matter has been uppermost in the minds of the students, the Carolina game being probably the only topic to claim equal attention. Now that the game was over the old issue re-asserted itself in the minds of the fellows, and they demanded that the suspense be ended. Seeing that the time for action had come, the sixteen men mentioned above solemnly set about to settle once and for all time the question of who shall be the officers of the Craven County Club for this year. After long deliberation and careful consideration the election was completed.

Mr. Philip Augustus Willis was chosen president because it was felt that he had the best "line" of any man in the club. The honor of vice-president fell to Mr. Richard Dill, as he is the best looking man in the club. Mr. Paxton Dixon was selected for secretary because he writes a legible hand, which honor cannot be truthfully conferred on any other member. Mr. Carl Jones was the one man out of the sixteen whose integrity was not questioned, hence his election as treasurer.

The following officers were also elected at this meeting: "Bob" Cook, janitor; "Rip" Summerill, chairman Social Committee; James Rhodes, sergeant at arms; Philip Dixon, bell boy; John Jennette, literary critic; F. K. Lane, garcon de bureau; Earl McGowan, chairman Gas Committee; Joe John Powell, chairman Foreign Relations Committee; Nixon McIlwean, dietitian; L. C. Lawrence, chairman Ways and Means Committee; "Skinny" Warrington, chairman Program Committee.

It was evident that Mr. Earl McGowan would need some help, as he has the most important committee, so Mr. J. E. McGowan and Mr. John McGowan kindly consented to help him.

E. G. MOORE,
Reporter.

TOMPKINS TEXTILE SOCIETY PROGRAM

Interesting and Instructive Program
Rendered Last Tuesday Night

By far the most interesting and instructive program so far given by students was rendered in the Textile Society last Tuesday night when Messrs. Suttentfield, Johnson and Harden took part. Mr. Suttentfield spoke on "Humidity in the Mill," and gave out some valuable information. Mr. J. W. Johnson read to the society an article written by Mr. David Clark, entitled, "Fifty Years of Manufacturing in North Carolina." Mr. Harden spoke on "Twist in Yarn."

After the program, Professor Nelson called the attention of the society to the statement in Mr. Clark's article in which he said that no mill in the State has the name of Mr. Tompkins. Professor Nelson said that both the mill and the textile society at State College are named in honor of Mr. Tompkins.

Hereafter the society will meet on the first and third Tuesday nights only.

**FRIENDSHIP COUNCIL
ADDRESSED BY BOYS'
WORK SECRETARY**

Introduced as One Who Always Has
Something Worth Saying; Speaks
on "Influence of One Man"

Thursday night, October 2, Mr. Roy L. Vail, State Boys' Work Secretary, addressed the members of the Freshman Friendship Council in the auditorium of the Y. M. C. A. Before the meeting began there was mass singing, led by Mr. D. T. Memory, who was aided by Mr. O. E. F. Dellinger at the piano. After the singing, the speaker was introduced by Mr. L. A. Brothers, last year's president of the Council. In his introduction, Mr. Brothers referred to Mr. Vail as a man who had something to say whenever he spoke, and there was no doubt of the truth of this statement in the minds of the hearers before he was fairly under way with his speech.

ROY L. VAIL
Boys' Work Secretary for North
Carolina

The subject of Mr. Vail's address was, "The Influence of One Man," and in the course of his speech made several concrete references to the things that have been accomplished by the efforts of one man. Notable among these was the founding of the Y. M. C. A., which was started in England by an ordinary laboring boy among men of rough character. Mr. Vail also cited the many inventions that have done so much for the good of humanity, and told of the long, wearisome hours spent on their development. The lesson of his speech is, of course, simple, but like so many other simple things has a world of meaning, when applied to the up-building of one's life.

Padre: "You'll ruin your stomach, my good man, drinking that stuff."
Old Soak: "'Sall right, 'sall right, it won't show with my coat on."
—Orange Owl.

He (at 2 a. m.): "Well, I must be off."
She (yawning): "That's what I thought when I first met you."
—Sand Springs Sandtonian.

**DELEGATES NAMED TO
41st INTERNATIONAL
Y. M. C. A. CONVENTION**

To be Held in Atlantic City

The forty-first International Convention of the Young Men's Christian Associations of North America will be held in Atlantic City, New Jersey, beginning November 14, and continuing through Sunday, November 19, 1922.

The place of the convention will be Young's Million Dollar Pier Auditorium, on the famous boardwalk. The convention will meet at one of the most significant times in its history. For many reasons it promises to be the most important of all the many noteworthy meetings that have preceded it.

This is the first time in several years that the convention has met east of the Alleghenies, and the first to be held on the Atlantic seaboard since 1907. The choice was made largely because of the hotel accommodations to be found at Atlantic City, a matter that has embarrassed very greatly some of the past conventions. Atlantic City has the best hotel facilities of any of the convention cities.

This convention is primarily a movement of, by and for laymen. The many and important questions that are to come up at this convention demand the best thought and the wisest judgment that can be gotten. Never in the history of the movement has it needed the best as at this time.

In the selection of the delegates to represent State College, probably none exist on the campus better fitted to fulfill the purpose of the convention than those selected. Each of them have the best interests of the Association at heart, and are worthy members of it.

Those selected are: W. M. Cummings, student president of "Y"; Messrs. Ed. King, L. L. Vaughn, E. L. Cloyd, Dr. J. A. Ellis, W. C. Mock, C. D. Faucette, T. O. Evans, J. B. Crater, and W. S. Morris, student secretary. Also included in the delegation are W. A. Withers and Dr. Glover, representing the City Y. M. C. A., and John Dellingham, from Shaw University.

A Misunderstanding

"Now," said the Colonel, looking along the line of recruits, "I want a good, smart-looking bugler."

At that out stepped a dilapidated fellow, with a thick stubble of black beard.

"What!" said the Colonel, eyeing him up and down, "are you a bugler?"

"Oh," he answered, "I thought you said a burglar."

—Ashland (Wis.) Daily Press.

**PULLEN SOCIETY HOLDS
DECLAMATION CONTEST**

In Preliminary, Langley and Winchester Chosen to Represent Society

After hearing seven contestants last Thursday night in the annual preliminary declamation contest, Pullen Literary Society chose Messrs. I. L. Langley and — Winchester as its representatives. Mr. Langley's subject is, "Uses of Education for Business," and Mr. Winchester's, "All Pyramids Are Not Egyptian."

The final contest will be held Tuesday night, November 7.

He: "A penny for your thoughts."
She: "Oh, they're just day dreams."

He: "But what are the day dreams about?"

She: "My night work."
—University of Iowa Frivol.

Flap: "I dropped my watch on the sidewalk."

Flip: "Did it stop?"

Flap: "No, dear. It went right through into the subway."
—Carnegie Tech Puppet.

POET'S CORNER

A CALL OF LIFE

I

There are many souls upon the earth
Who live within themselves,
Their only thought—gold to gain—
Matters not from whence it
comes.
Their hearts are filled with hopes of
fame,
And dreams of selfishness.
Madly they rush on to a coveted goal,
Unheeding Humanity's cry.

II

A false aim in life they seek
Who think riches the thing
For which each mortal here below
Should lay down everything.

They only follow a luring mirage
Into the desert sands,
And then learn the truth too late,
For life has passed beyond.

III

I long to live this life as one
Who seeks to help mankind;
To serve each day as best I can—
A real friend of man.

'Tis better to do one kindly deed,
Be it ever so small,
Than reach the highest notch of
fame
On mangled forms of men.

IV

Who makes this a richer earth
By lending a helping hand,
To lift a fallen comrade from
The depths of sucking quick-
sand;
Whose only thought—the good he
can do—
Ever failing to consider him-
self,
Lives his life as God would have,
And justifies his birth.

V

The shrill keen voice of life I hear,
Calling redblooded men
To live their lives as one who trusts
His God and fellowmen.

To ever scorn the wrong, the foul,
And glory in the right.
Plunge forward with a vim today,
And meet this mighty call!
—Sidney Pureblood.

A certain collegiate young man entered a haberdashery and asked to be shown a high-class hat. A chap-eau was brought to him and after carefully inspecting it he asked the price.

"Twenty-two dollars," was the reply.

He again turned his attention to the hat, turning it over and over in his hands.

"What's the matter?" asked the dealer.

"I'm looking for the holes," answered the Collegiate Kiddy.

"The holes! What holes?"

"Why the holes for the jackass that would buy this to put his ears through."

—Carnegie Tech Puppet.

If you want dough you gotta have crust.

—Carnegie Tech Puppet.

LOGIC

I met her at a Halloween
Of an autumn eve, gone by.
That gleaming smile I can't forget,
As ere she said good-by.

Two blueish eyes that gleamed like
stars,
But graver in their play,
Cast over me forgotten dreams,
And turned November to May.

My very fears were sometimes sweet,
And hope mingled with pain,
Wondering if my future's sky
Would dawn with sunshine or
rain.

The love, the hope, the fear, the
grief,
That thou hast brought to me,
My dull environment teems with joy
Since I have gazed on thee.

The same dark eyes, the same blonde
hair,
Still playing in my mind,
Thy voice could still the restless
heart,
Thy features are divine.

With all these visions within my
sight,
I only stop and wonder why,
That you are here to puzzle me,
To make me grieve and think and
sigh.

Alas! thy charm is superficial,
The sun has lost its beam,
The world is full of disappointment
And things are not what they
seem.

CLINE.

BARNYARD PHILOSOPHY

By

Sidney Pureblood

Paddle your own canoe, but do not
try to sink the boat of your neighbor.
Help him sail. Many are the
times that he has helped you.

The greatest joy in life comes from
helping others.

Health and strength lie all around
us. All we have to do is to pick
them up. Exercise daily.

Conquer pride, self-consciousness,
and vanity. In doing so you eliminate
your worst enemies.

It never pays to ridicule another.
Modesty—the virtue of virtues.

It's not so much what you do as
how you do it.

Since we have heads, why not use
them. THINK!

If your work is drudgery to you,
it is almost a cinch that you will
never become a success along that
line.

Americans should feed their brains
and their stomachs less.

The greatest joy of all comes from
the achievement of some noble work.

More people die from the effects
of dissipation than because of over-
work.

Money cannot buy health. Keep
fit!

Some people are so busy dreaming
that they forget to act. Dreams are
of no value unless put into practice.

Don't start off like a whirlwind
and then gradually let down. Start
out with pep, but most of all, end
with pep.

She: "I wonder what Sir Walter
Raleigh said to the Queen when he
put his coat down for her?"

He: "Probably, 'Step on it, Kid' "
—Carnegie Tech Puppet.

He: "Going to have dinner any-
where tonight?"

She (eagerly): "Why, no, not
that I know of."

He: "Gee, you'll be awfully hun-
gry by morning!"
—Yale Record.

Do the "square" thing at all times.
—Exchange.

**"Y" CABINET AND
PROMOTION FORCE
ENJOY LUNCHEON**

Last Friday evening the "Y" Cabinet and Promotion Force, together with several visitors and friends, enjoyed a delightful luncheon. The plates were prepared and served by members of the Woman's Club. The purpose of the meeting was to take an inventory of the work done this year, and to determine how best to improve upon our present methods. The chairman of each committee made a report of the work done by their respective committees.

Our friends, Mr. Vail and Harry Comer, from "Carolina," were over to help us with this work, and offered some very good suggestions, which will be presented to the students at a later date. We are receiving splendid co-operation from these men in our "Y" work, and we feel sure that this Christian spirit is appreciated.

Our dependable friend, Dr. Taylor, made a very valuable talk upon how to make our work more effective. During the course of this talk he stated that our "Y" is already doing the greatest work of any college he has been associated with. This should give us courage to do an even greater work in the future.

Messrs. King, Cloyd, and Vaughn, also made short inspiring talks.

The "pep" of the meeting was greatly increased by Dr. Derrieux and Willie West, who lead the singing and yells.

**E. E. SOCIETY ELECTS
MANAGER FOR SHOW**

**Refreshments and Radio Concert
Feature Meeting**

The E. E. Society held a regular meeting on Thursday night. At this meeting the value of become a member of the American Institute of Electrical Engineers was discussed, and a majority of the members voted to send in their applications for student membership.

Mr. E. A. Jones was elected business manager for the coming 1923 Electrical Show, and it was unanimously decided to make the show this year the greatest that has ever been held at State College. We feel sure that

with such an able man as Mr. Jones in charge, and with the whole Society backing him, the success of the show is assured.

After the short business session the meeting was featured by a radio concert, given through the courtesy of the Radio Department. Among the numbers which were received was the election returns from several states.

During an intermission refreshments, in the form of eats, drinks ("soft"), and smokes, were served by the refreshment committee.

North Carolina State Student Field Council Organizes at Greensboro

Constitution and By-Laws Are Adopted and Officers Elected for Coming Year; N. C. State Man to be President

Representatives from the sixteen different Student Y. M. C. A.'s in the State met in Greensboro last Tuesday and organized the State Student Field Council of the Young Men's Christian Association, the purpose of which is to forward the work of the student department of the Y. M. C. A. (1) in the fields in which it is already organized, and (2) in the fields in which it is unorganized. Also, to bring into closer bonds of fellowship and co-operation the local organizations with each other and with the State Association.

This meeting in Greensboro was called by Mr. A. L. Currie, the Y. M. C. A. secretary at Davidson College, who was so instructed at the Blue Ridge Conference last June. The following officers were elected for the year:

W. S. MORRIS
(N. C. State)

Elected President of the N. C. State Student Field Council, W. S. Morris, N. C. State; Vice-President, Mr. Raper, Carolina; Secretary-Treasurer, J. B. Sheppard, M. P. C. I.

The faculty members elected were: Dr. Poteat, Wake Forest; Dr. C. C. Taylor, N. C. State; Dr. F. F. Bradshaw, Carolina; Rev. J. B. Moose, M. P. C. I.; Dr. A. Currie, Davidson.

Dr. C. C. Taylor, from N. C. State College, was elected as faculty member, and A. L. Currie, of Davidson, as student secretary on the Executive Committee.

Following is the Constitution and By-Laws adopted:

Constitution of the North Carolina State Student Field Council

Article I

The name of this organization shall be the North Carolina State Student Field Council.

Article II

Purpose.—It shall be the purpose of the State Student Field Council—

1. To forward the work of the Student Department of the Young Men's Christian Association:

(a) In the fields in which it is already organized.

(b) In the fields in which it is unorganized.

2. To bring into closer bonds of fellowship and co-operation the local organizations with each other and with the State Association.

Article III

Section 1. Membership.—The membership of the North Carolina State Student Field Council shall consist of:

1. Two student representatives chosen by each Association.

2. All local employed secretaries.
3. Five faculty men chosen by the Council from nominations by the Executive Committee, with reference to representing the different types of schools in the State (State, denominational, technical, and preparatory).

Sec. 2. All these members shall be elected for one year or until their successors shall be elected.

Article IV

Officers.—The officers of the Council shall consist of president, vice-president, and secretary-treasurer.

Article V

Section 1. Executive Committee.—The Executive Committee shall be composed of:

(a) The three officers of the Council.

(b) One local secretary.

(c) One faculty member of the Council.

Sec. 2. The student officers and local secretaries shall be elected by the Council at its meeting at the annual Student Officers' Training Conference.

Sec. 3. The State Student Secretary shall be an ex officio member of the State Student Council.

Article VI

Amendment.—The Constitution may be amended by a three-fourths vote of any meeting of the Council, provided each member shall have received notice of the meeting at least one week before the meeting.

By-Laws

Art. I. Duties of the Officers:

1. President: It shall be his duty:

(a) To preside at all meetings of State Field Council.

(b) To call special meetings of State Field Council.

(c) To arrange program.

(d) To act as chairman of the Executive Committee of the State Field Council.

(e) To call such meetings as he sees fit for the best functioning of this organization.

2. Vice-President: It shall be his duty:

(a) To fill the duties of the president in the vacancies of that office or in the absence of that officer, and to perform such task as the president shall see fit to put upon him.

3. Secretary-Treasurer: It shall be his duty:

(a) To keep an accurate record of the meetings of the Field Council and the Executive Committee.

(b) To handle correspondence necessary for the promotion of the work of the State Field Council.

(c) To handle the finances incident to the meetings of the State Field Council, and such other financial matters as may arise in the carrying out of this work.

Article II. Powers of the Executive Committee of the Council:

(a) It shall be the duty of the Executive Committee to assist the president in planning for the meetings of the State Field Council.

(b) It shall further be the duty of the Executive Committee to assume the duties and responsibilities

of the Field Council while the latter is not in session.

(c) Their committee shall meet at the call of the chairman.

Article III. Meetings of the Field Council:

(a) Time, date and place. The State Field Council shall hold at least two meetings annually, one at the time of the annual meeting of the Student Officers' Training Conference and one in November at the date and place selected by the Executive Committee.

Article IV. Powers of the State Students' Field Council:

(a) The State Student Field Council shall have the power to adopt a program subject to the approval of the State Committee.

(b) The State Field Council shall elect at its June meeting its two representatives to the Regional Field Council.

Article V. Amendment:

Section 1. A quorum shall consist of one-half of membership of Council.

Sec. 2. The above By-laws may be amended by a two-thirds vote of a quorum of the Council, two weeks' notice of the meeting having been given each member.

The harder the task the greater the honor when it is accomplished—Exchange.

There was a serious conflagration in a deaf and dumb institution near here not many moons ago. One of the inmates broke his thumb yelling fire.—Knox College Siwasher.
