

THE TECHNICIAN

NORTH CAROLINA STATE COLLEGE'S WEEKLY NEWSPAPER
Vol. XL, No. 11 State College Station, Raleigh, N. C. December 1, 1955

Covering Campus . . .

Senior Class

Senior class meeting—Friday at 12 noon in Williams Hall—main auditorium. Senior gifts, diplomas, and graduation are on the agenda.

Polio Shots

The second polio shots in a series of three will be given December 2, 1955, at 4 p.m. in the West Campus YMCA.

Hillel Meeting

The State College Chapter of Hillel will meet Sunday, December 4 at 11:30 a.m. in the North Parlor of the YMCA.

Lost

Lost - Wrist Watch — Eros, No. 1187144 on November 17 or 18. Please return to Carl Cole, 129 Owen. Reward.

Technician Deadline

All copy for the *Technician* must be in the *Technician* Office by 9 p. m. on Monday night. Any exceptions must be approved by the editor beforehand. This is necessary because of our close printing schedule.

The *Technician* office is located in Room 138 of the 1911 Building.

The Daily Technician

Hear "The Daily Technician" over Radio Station WRAL each day Monday through Friday at 7 p.m. North Carolina State College news and features reported by North Carolina State students in cooperation with the weekly newspaper, *The Technician*. The radio broadcasts supplement the campus news coverage of *The Technician*.

Outing Committee

The Outing Committee is going on a joint camping trip with the Outing Club of the University of Virginia and girls from Mary Washington College Outing Club on Saturday and Sunday, Dec. 3 & 4. Location is Oconeechee Park on Bugg's Island Lake near Clarksville, Va. Sign up at Activities Office, College Union. For further information see posters on bulletin board.

Attention Off-Campus Engineers

Did you receive your October issue of the *Southern Engineer*? Most of your names were placed on the mailing list during registration, but, as always, some people were missed. If you were missed you can get your name on the mailing list for the rest of the semester by leaving your name and address on the list in Room 229, Riddick.

Due to the fact that many addresses change between semesters a new list will be tabulated second semester in the registration line. Be sure you stop at the *Southern Engineer* desk and get your name on the list. Any Engineering student who does not live in a dorm or fraternity house is eligible to receive copies by mail.

Shirley Appointed To New Position

Executive Com. Approve Creation of Dean of Fac. Post

State College's School of General Studies, which provides training in the liberal arts and humanities for all of the college's students, will be administered by an Executive Committee of faculty members until a new dean is chosen.

This was announced last week by Chancellor Bostian, who said Dr. C. Addison Hickman, head of the College's Economics Department, will serve as committee chairman.

Other members of the committee are Dr. Preston W. Edsall, head of the Department of History and Political Science, and Dr. Ledwick Hartley, head of the English Department.

Dr. John W. Shirley, who has been dean of the School of General Studies since 1949, was promoted to dean of the faculty last week, and assumed his new duties Tuesday a week ago.

Chancellor Bostian said that Dr. Donald B. Anderson, dean of the Graduate School, will head a faculty committee who will recommend a successor to Dr. Shirley as dean of the School of General Studies.

Other members of the committee who will serve with Dr. Anderson are L. H. Swain, English Department; P. M. Rice, History Department; P. H. Derr, Physical Education Department; John H. Lambert, Social Studies Department; Dean D. W. Colvard, School of Agriculture; Dean M. E. Campbell, School of Textiles; and Dean J. H. Lampe, School of Engineering.

Dr. Shirley's appointment as dean of the faculty, a new position at State College, was approved at a meeting of the Executive Committee of the Con-

solidated University's Board of Trustees here last Monday. Provision for the creation of the position was made by the 1955 General Assembly.

Chancellor Bostian said Dr. Shirley, in his capacity as dean of the faculty, will have responsibility for all phases of academic affairs, including appointments, promotions, teaching schedules, improvement of instruction, allocation of space, changes in curricula, and academic standards of various kinds.

Dean Shirley, Dr. Bostian stated, "will be constantly studying and reviewing these areas and will make recommendations concerning them to the chancellor."

Included in his responsibilities will be the supervision of the library and the College Extension Division—two departments previously not assigned to any school or any administrative unit.

Appointment of Dean Shirley to the new post, Dr. Bostian explained, "will result in an improved and a more uniform administration of academic policies throughout the college."

Construction Starts On YMCA Chapel

Construction work has been started on the State College YMCA's new air conditioned, non-denominational chapel.

Valued at \$42,000, the structure will form a part of the present YMCA Building and will be financed by a contribution from W. H. Danforth, president of the Danforth Foundation, St. Louis, Mo., by other gifts, and by the building fund of the YMCA.

The building, which will seat 176 persons, will be known as the Danforth Chapel. Oscar B. Woolridge, YMCA executive at State College, said the chapel would fill "a long-felt need at the college."

Architect

F. Carter Williams, Raleigh architect and past president of the North Carolina Chapter of the American Institute of Architects, was commissioned to do the architectural design. A 1935 graduate of State, Williams was "Y" vice-president during his senior year at the college. (See CHAPEL, page 8)

Student Directory Distribution Planned

The College Union and L. L. Ivey of the Student Supply Stores announces that the Student Directory is scheduled to be distributed this week.

The Directory was compiled using an I B M system.

There has been a great deal of work and effort from numerous students, staff, and faculty. The people who worked on the Directory so diligently hope that you may find the Student Directory worth while and of benefit.

Distribution

The Activities Committee plans to mail the directories out to the Off-Campus Students, deliver one per room in the dormitories, and deliver to Vetville and Campus Offices.

ASME To Meet Dec. 6 In C U

The A S M E has plans for an informal meeting on December 6 in the College Union. The program will be led by Robert S. Sherwood, executive of the Worthington Corporation in Harrison, New Jersey.

Sherwood will talk about "Machine Design Applications in Industry." Coffee and doughnuts will be served after the meeting. It is hoped that group discussion will stem from talks. The meeting is scheduled for 7:00 p.m. in the north ballroom of the College Union.

All A S M E members are urged to attend.

State Students Attend Convention

Four State College students represented the college's Board of Student Publication at the annual Associated Collegiate Press Association Convention at the Statler Hotel two weeks ago in Detroit.

The State student delegates were Bill Foushee, editor of *The Agromeck*; Jack Franks, business manager of *The Agromeck*; L. C. Draughon, editor of *The Technician*; and John Lane, business manager of *The Technician*.

Intramural Playing Fields Proposed

Funds have been allocated and work will proceed in the near future on construction of intramural playing fields for the use of State College students.

The new fields will be built across the creek behind the present tennis courts. The funds for the project are coming from the physical education fee which each student pays. The cost of the new fields, a reliable source says, will be between \$30,000 and \$40,000.

In a recent letter from J. G. Vann to J. McCree Smith, it was stated that the funds are in

hand for the project and that Dean Shirley, Paul Derr, Dean Stewart, and Chancellor Bostian are "in full accord with what is now proposed." Vann suggested that Smith proceed with this work "as and when Dean Stewart and Derr wish to begin and as your other commitments permit."

It may be noted that this project is to be built in a well-chosen location. Not only is the selected spot fairly close to the dormitories, but also it will be quite near the proposed fraternity row.

"Atom Smashing" Coed Is Homecoming Queen

Miss Betty Brown, freshman in Nuclear Engineering, was crowned Miss Wolfpack at the Homecoming game November 19.

Miss Brown, a Raleigh girl, is the first State College Coed chosen as Miss Wolfpack. Her father, Edmond J. Brown, is a professor in the physics department.

The judging for the title was conducted by Fred Fletcher, radio station WRAL, Miss Pat Cowden, North Carolina Maid of Cotton of '54, and Mrs. Lyman Dixon, of the State College Wo-

(See QUEEN, page 8)

States' Mates Christmas Program

The Christmas meeting of the States' Mates, student wives organization, will be Monday night, December 5 at 8 p.m. in the College Union Ballroom. A Christmas party is planned for the program. Each girl is asked to bring a 25 cent gift to be exchanged.

Yearbooks will be presented to all paid members at this meeting.

Anyone living in Vetville who does not have transportation to the College Union is asked to go to the Vetville "Y" and someone

will be there to take you to the meeting. It is desirable, due to a shortage of parking facilities, to pool our cars and take as many girls as possible in one car. If you are planning to drive, ask your neighbor to go with you.

In May, 1956, a Talent Show is planned for the final meeting of this school year. ANY member of States' Mates that is interested in taking part in the Talent Show is asked to contact any of the officers of the club at her earliest convenience.

States Mates' Variety Show . . . Anyone Recognize Them . . .

Graduation Exercises Planned For Jan. 28

Plans were announced this week for Graduation ceremonies to be held for sixty seniors this January.

The mid-year ceremony will be held January 28 in the Textile Auditorium at 10 a.m.

The program will be opened with an invocation followed by remarks to the Graduates by Chancellor Carey H. Bostian. The candidates for degrees will be presented to the Chancellor by the Deans of their respective schools for the awarding of the degrees. The program will be closed by a benediction.

The Registration Office is making arrangements for the distribution and handling of caps and gowns and will also provide the diplomas.

Goodwife Diplomas will also be presented to a number of the Graduates' wives during the program.

PARADE

To Heck With Rain Let's Have A Parade

By Fred Joseph

Fortified with three floats, the only remains of weeks of toil and sweat by the student body, and dauntless crew of State College students, decided that Homecoming just wouldn't be Homecoming without a parade. Despite rain, wind, and cold, this determined crew outlasted mother nature and when the break in the weather came you could hear them yelling, "On to Fayetteville Street," only to find out that as a parade they couldn't go uptown because the parade had been officially called off that morning. Even this obstacle was overcome through the help of the Police Department and the parade, which was "not a parade", got underway. It featured the floats of Owen and Syme Dorm, and the Sigma Nu Fraternity, which were the

(See PARADE, page 8)

EDITORIAL COMMENT:

Cooperation

A fine example of cooperation in a community was demonstrated recently when the children of the residents of Verville received Salk polio shots.

The project, started when Jim Nolan was mayor of Verville, was pushed by Charlie Hanna when he took office as mayor. As a result, the first shot in a series of three has been administered.

The second shot will be given tomorrow in the West campus "Y"—a tangible result of group cooperation.

Fire Prevention

Christmas isn't the only thing that's on the way. It's also time for the annual upward spurt in fires which begins every December and continues through March.

If we announced the ragweed season had begun, hay-fever victims would take to the hills. But the "increased fires" season seems to spur very few people into action.

The reasons why fires increase in the winter are well known. In the home, heating systems, portable heaters and open fires are largely to blame. Most of the fires are preventable. Yet every year the fire loss statistics of the National Board of Fire Underwriters hit the same December-March high.

For almost every fire that occurs—and there are some 845,000 a year—there is at least one more person who finds out the hard way that fires don't always happen to "the other fellow." This year, unless you apply common-sense safety rules, one of those people may be you.

Hear At State

by Sidney Pureblood, Jr.

The views and opinions of this column do not necessarily represent those of THE TECHNICIAN.

Back to the grind again for three more weeks. This is a good time to loaf, isn't it? Well, it also is a good time to give that extra push to that school work. Three weeks of good hard studying could make a lot of difference in a lot of grades. And then we can go home and have no worries about the exams coming up in about a month and a half.

Thanksgiving has come and gone... the holidays were surely welcome. We all hate to get back to work, but aren't we thankful that we have the opportunity to attend a college, when we really think seriously about it? One thought, which some of you may like, comes to my mind in connection with Thanksgiving. If everything in the world that you possess had been taken from you, yesterday and had been given back today, wouldn't you be thankful? Take that for what it's worth...

Ash Trays

To apply that to State College... I must admit that this column finds fault with a lot, so right now let's stop finding fault long enough to compliment whoever was responsible for putting plenty of ash trays in the new Library. If you've noticed, there are four ash-trays on each table in the reading room upstairs. The downstairs, too, has been well supplied with ash-trays for the student's use. This column commends those responsible.

A Sorry Showing

Before Thanksgiving Holidays there was, as many of you know, a meeting at the State Capitol here in Raleigh of delegates from a number of schools and colleges in North Carolina. I believe much was learned by those participating. I am sorry to report, however, an incident

which certainly did not help the name of State College. Reference is being made to the "sorry showing" made by our Student Government President Jim Nolan. His unpolitic behavior and unrestrained temper in connection with retaining a gavel, a trivial matter, with an audience including North Carolina Senators, was, at the least, quite out of place. I was sorry to hear about this incident, as I am sure you are.

The 'Wataugan'

Last year an effort was made by two State students to revive interest in the "Wataugan", State's humor magazine. One issue was published with, I believe, a great deal of interest resulting. Complications arose, however, and no more issues appeared. If anyone is interested in making another attempt at this, I am quite sure that another issue (or other issues) would be met with a great deal of renewed interest on the campus.

Two or three interested students, working together, could put out a good magazine and I think they would get an even bigger "kick" out of it than anyone else. (If there are any individuals interested, let me (Pureblood, Jr.) know and a meeting-time and place will be announced in this column.)

Exposure

Well, Mr. Gates, should I extend a hearty "congratulations" to you and Mr. Pickett? I was sorry that you failed to carry out your original plan of presenting sixteen hints but glad to hear that your interest remains. Let me close by telling you one more fact which you will find distasteful—you are wrong again on your last hint; I am not instructing a Tennis class. Better luck next time and on your future endeavors.

Letters To The Editor:

Letters to the Editor must be signed. If it is requested that the name be withheld for a good reason, the letter will be printed and the name withheld. Letters WILL NOT be printed unless they are signed.

M & O Not Responsible For Pullen Road . . .

For the information of those persons who are interested in "potholes" in Pullen Road (street along east boundary of campus, running from Hillsboro Street over the overhead bridge to Western Boulevard); this street is a city street and is maintained by the City of Raleigh and not by the M & O Division of the College.
J. McCree Smith

More Hints On Sidney's Identity . . .

To the Editor:
This is the last of the series of hints as to the identity of Sidney Pureblood, Jr., and I think my interest will remain for your little article, Sid. How does it feel without the coat of anonymity?
The final hints are that Sidney Pureblood is: (1) From Charlotte, N. C. (2) A member of Kappa Sigma Fraternity, (3) Taking History in Winston 108 on TTS at 10:00 (4) Instructing a tennis class in Physical Education on Tuesday and Thursday at 2:00 P.M.
Hart H. Gates

Business Note In The New York Times
Miss Joan Scheider left the

National Broadcasting Company last week to become "Miss Waxed Paper" for the Waxed Paper Merchandising Council.

Why do more college men and women smoke

VICEROYS

than any other filter cigarette?

Because only Viceroy gives you 20,000 filter traps in every filter tip, made from a pure natural substance—cellulose—found in delicious fruits and other edibles!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
2. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
3. Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
4. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip . . . and Viceroy's cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette . . . that's why VICEROY is the largest-selling filter cigarette in the world!

20,000 Tiny Filter Traps... plus that Real Tobacco Taste

Wednesday, November 30
THE N. C. STATE COLLEGE STUDENT DIRECTORY will be distributed since this day

Gunn Is New Interim Council Vice President

A student from Duke University and a student from North Carolina State College will head a group planning the 1956 State Student Legislature to be held in the State Capitol here next winter.

Tallulah Brown, a junior at Duke, will serve as president of the legislature's interim council, and Bob Gunn, a senior at N. C. State from Charlotte, will serve as the council's vice president.

They were elected during the past weekend at the 1955 State Student Legislature, which was attended by student delegates from various colleges and universities in North Carolina.

The legislature, held each year, takes the form of a mock session of the General Assembly.

From the Files

1940

A Greater University night is being planned for Dec. 23, at the Meadowbrook, famed night club near Cedar Grove, New Jersey.

Six outstanding officers in the Army ROTC were elected to membership in the Scabbard and Blade. They are Lee Roy Barnes, William Morrison, George D. Lewis, Allen M. Hobbs, Negus W. Knowlton, and Robert Gorrell. Most valuable player award went to Co-Captain Pat Fehley. He sparked the team during the season and ended up second high scorer for the Wolfpack.

The Wolfpack set a new record by scoring 120 points, and by scoring in every game.

1945

The Ninth North Carolina Student Legislative Assembly will be held Nov. 31. Twenty-five State Students will attend. Maurice B. (Pinky) Dunn was elected editor of the Southern Engineer.

Next year's Agriculture curriculum will be revised. Howard Turner of Rocky

Mount has been named All-Southern for the second straight year. He scored six Wolfpack TD's.

1950

Frosh elected class officers. Jesse Capel, Troy was named Pres.; Jackie Daughtry, Mount Olive, Vice-Pres.; Bob Vail, Plainfield, N. J., Sec.; and Bill Collins, Henderson, Treas.

State soccer team out booted UNC for a 5-1 win.

The 1950-51 basketball forecast just released by Look magazine lists the Wolfpack among the top five teams in the country. They also picked the Pack best in the Southern Conference and Sectional dark horse in the South.

The football team held the Deacons to a 6-6 score.

In the future all the Pack basketball games will be photographed in movies.

Myrick Awarded \$1,500 Scholarship

Jimmie Dean Myrick of Route 1, Star, a junior in the School of Textiles at North Carolina State College, is the 1955 winner of the \$1,500 Owens-Corning Fiberglass Scholarship at the college.

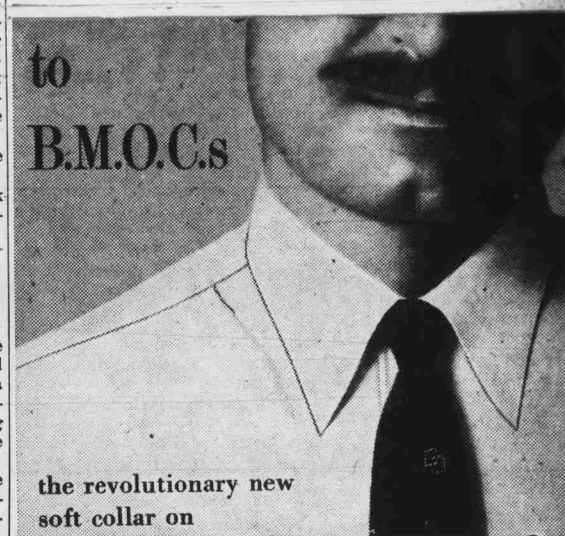

Selection of Myrick to receive the award, one of the top scholarships at the college, was announced by G. H. Dunlap, technical consultant and chairman of the Scholarship Committee in the college's School of Textiles.

A 1953 graduate of Biscoe High School, Myrick enrolled as a freshman at State College in the fall of 1953 and has made an outstanding record both in his college courses and in extra-curricular activities since enrolling. His academic average is one of the highest at the college.

Dunlap said Myrick was chosen to receive the scholarship on the bases of his scholarship achievements, leadership activities, personal qualifications, and potential executive qualities.

SPORTS

SPEC HAWKINS

Frat Intramurals

Football

Only one fraternity football game of major importance was played last week and that was the play-off contest between the SAE's and Sigma Pi.

SAE-7, Sigma Pi-0—Defending champions SAE pushed across one touchdown to win the all important play-off game with the Sigma Pi's. Thus sending them into this weeks championship play. It was the passing of Brailly to Chambers and Hardiston that proved to be the winning margin. Both squads had finished the regular season with 5-1 records.

Championship Play-Offs: Division victors, SAE, Sigma Chi, PKA and AGR squared off yesterday in the first rounds of the fraternity football play-offs. The SAE's were scheduled to meet AGR and Sigma Chi against the PKA's, in the double elimination tournament. Results were not known at press time.

Volleyball

The Volleyball play-offs got under way Tuesday night with Sigma Nu, PKA, SAE, and Sigma Chi fighting for top prize. In the first rounds of action the SAE's downed the PKA's in two straight games as the Sigma Chi's turned the trick in the same fashion over Sigma Nu. Thus SAE vs. Sigma Chi in the semi-finals next Tuesday night and Sigma Nu vs. PKA in the losers bracket on the same night.

Bowling

League competition is scheduled to come to a close next week after which the championship play-offs will begin.

Track

Below is the 1955 fraternity All-Campus track squad:

DeHertogh	Sig Chi

Auchmoody	PEP

"Can you eat nuts, gran'ma?"
"Why, no, Jimmy. You know that I haven't any teeth."
"Okay, then will you take care of these for me till after school?"

Strong Frosh Squad Opens Cage Season

North Carolina State's freshman basketball squad, destined to be one of the most powerful in the history of the college, will open its 18-game schedule Thursday night against the Atlantic Fleet Service Team in Reynolds Coliseum.

The contest is a preliminary to the varsity's opener with Florida State and begins at 6:15.

Coach Lee Terrill, ex-State College star, is at the helm of the Baby Wolfpack for the first time this year and is expected to field one of the most colorful and strongest frosh lineups since the 1952 squad which won 18 and lost one.

Two Philadelphia boys, John Richter, a towering 6-8 center and Lou Pucillo, a pint-sized guard, are the brightest prospects.

Richter has shown that he can hold his own in the rebound department and is also somewhat of a hook-shot artist.

Pucillo, at 5-9, is the smallest person ever to receive a basketball scholarship at State College. He is an excellent back-court player and an outstanding ball handler.

Coach Terrill claims several other prospects for future varsity competition. Robert MacGillivray a 6-4 all-state forward from Dorchester, Mass, and 6-5½ Kenneth Clark, a high school all-american from Flushing, Long Island have showed up well during pre-season drills.

Two more Philadelphia boys, 6-7½ forward John Scott and 5-11½ guard Robert Goodrich both took all-city honors while in high school, are expected to see plenty of action during the season.

Athlete of Week

DICK HUNTER, sophomore, halfback, 5-8, 165 lbs., Leechburg, Pa. . . . Led the Wolfpack in scoring this year with 8 touchdowns, three short of all-time school record . . . also No. 4 man in rushing depart-

DiNardo New '55-56 Varsity Captain

Phil DiNardo, a senior from Philadelphia, Pa., has been named captain of the North Carolina State College basketball team for 1955-56.

A starting forward, DiNardo was picked by his teammates at a squad meeting recently.

The 22-year-old DiNardo, a B-plus student in Mechanical Engineering, has been a regular for the Wolfpack for the past two years and was a key man in State's march to two Atlantic Coast Conference championships.

The 6-foot-4, 205 pounder played in 32 games last season as the Wolfpack compiled a 28-4 record. He scored 302 points for a 9.4 average and had a 9.6 rebound average, which was third best on the team.

A jump shot artist, his favorite shot is from near the foul circle, DiNardo personally won an NCAA playoff game against George Washington two years ago by scoring six points in the last minute of play.

Coach Everett Case praised DiNardo for his contributions to the team. "He has been a real leader," the Wolfpack coach said, "and is an asset to our team. We're proud to have him as our captain."

DiNardo is a graduate of South Philadelphia High School where he was a basketball and baseball star. He is the son of Mr. and Mrs. Angelo DiNardo of 2418 South Camac St.

A Dean's List student for three years at State, DiNardo will be graduated in June and will enter the Air Force as a commissioned officer.

ment . . . teams with Christy to make up fastest backfield combination in ACC . . . led last year's frosh squad in touchdowns . . . starred in East-West All-American game while in high school . . . plays baseball also . . . is counted on greatly in State's football plans for the future.

N. C. State's Varsity Basketball Team Meets Fla. State Here Tonight; Penn State Sat., W-F Next Week

North Carolina State opens its basketball season tonight and Coach Everett Case, beginning his tenth year with the Wolfpack, says frankly that this year's team could be his best since taking over at State in 1946.

But the veteran mentor, who has won 243 and lost only 56 in nine years, quickly warns that the competition will be so tough this year that the "won-lost record may not back me up."

State has won eight out of nine conference championships since Case came to Raleigh, and his teams have won five out of six Dixie Classic titles.

Wake Forest defeated State for a conference crown in 1951, and Duke won the Dixie Classic title in 1953.

But this will be a new season for the veteran basketball coach. Past performances mean nothing in the ACC, a tough league that ranks with the best in producing basketball powers, and State is expecting its toughest competition ever.

Case believes the Wolfpack will be ready for the onslaught, however. Two preliminary tests against Florida State Thursday night and Penn State Saturday night pave the way for Tuesday night's first conference game

with arch-rival Wake Forest. "After we play Wake Forest we'll know what kind of team we'll have," the graying Case remarked. "Florida State and Penn State have good teams but there's nothing like a game with the Deacons to separate the men from the boys."

For the game with the Seminoles, the Wolfpack will start Capt. Phil DiNardo and Cliff Hafer at forwards, All-America Ronnie Shavlik at center, Vic Molodet and John Maglio at guards.

"I'll use Nick Pond at forward, Bob Seitz at center, and possibly Lou Dickman at guard to relieve the starters," Case commented, "and I still haven't discounted the plan to use Seitz at center with Shavlik moving to a forward when we need big men in the game."

Coach Lee Terrill's strong freshman team plays the Atlantic Fleet Service Force team at 6:15 prior to the Florida State game and meets Fort Lee as a preliminary to the Penn State game.

State's Cage Squad Opens 21-Game Season Grid Team Has 4-5-1 Mark; Best In Five Years

A 21-game basketball schedule for North Carolina State's Atlantic Coast Conference and Dixie Classic champions has been announced by athletic director Roy Clogston.

The Wolfpack, who finished last season with a 28-4 record, will open the season against Florida State Dec. 1 in William Neal Reynolds Coliseum.

The 21 games do not include the Dixie Classic or ACC Tournaments, both of which will be played in the Coliseum. Fourteen of the games are at home and seven are away.

Included on the schedule are 14 conference games, two each with every team in the ACC on a home-and-home basis, and intersectional games with Florida State, Penn State, Eastern Kentucky, West Virginia, Brigham Young, William & Mary, and St. Johns of Brooklyn, all at home.

Coach Everett Case will be starting his tenth year with North Carolina State College. The colorful Indiana native joined the Wolfpack in 1946 and has compiled a record of 243 wins and 56 losses. His State teams have won eight conference titles and five Dixie Classic championships.

All-America center Ronnie Shavlik leads the list of returning lettermen. Others who are back are Vic Molodet, Phil Dinardo, Lou Dickman, Cliff Hafer, John Maglio, Nick Pond and Bob Seitz.

The Dixie Classic will be held Dec. 29-31 with Oregon State, Wyoming, Minnesota and Villanova competing along with State, Duke, Wake Forest and North Carolina. The ACC Tournament begins March 1.

NORTH CAROLINA STATE COLLEGE

1955-56 Varsity Basketball Schedule

Dec. 1	Florida State	Here
Dec. 3	Penn State	Here
Dec. 6	*Wake Forest	Winston-Salem

Feb. 18	*Maryland	Here
Feb. 21	*North Carolina	Here
Feb. 25	*Wake Forest	Here
March 1, 2, 3	Atlantic Coast Conference Tourney	Here

* Conference Games
All home games begin at 8:15
Freshman games begin at 6:15

North Carolina State's 4-5-1 football record this season was the best in five years for the Wolfpack and statistically speaking the team had a good season

A colorful and interesting team, State picked up a host of followers this season with an exciting brand of ball. The multiple offense, sparked by a quartet of midget backfield stars working with a senior at quarterback, provided plenty of offensive thrills

Sophomore halfbacks Dick Christy and Dick Hunter, fullback Tony Guerrieri, junior halfbacks George (Wagon Wheels) Marinkov and Mike Miller and quarterback Eddie West were the sparkplugs in the Wolfpack's offensive machine

In the line, sophomore end John Collar, tackles John Szuchan and John Bagonis, guards Al D'Angelo and Mike Nardone, and center Dick Tonn were the big guns. But ends John Lowe and Ronnie Gall, tackle Dick DeAngelis, guards Julius Compton, Ed Hordubay and Joe Monahan, and center Jim Oddo were others who pitched in with fine jobs.

Christy was the leading ground gainer, despite missing the last game with West Virginia. He wound up with 602 yards in 85 carries for a 7.1 average. Marinkov with 364 yards and Hunter with 339 yards trailed.

West was the top passer with 42 completions in 87 attempts. His aeriels gained 660 yards and seven touchdowns. He had only five intercepted.

In other departments, Guerrieri was the leading punter with a 35.7 average for 29 kicks; Hunter was the top punt return specialist with 101 yards for 10 returns; Marinkov had the most pass interceptions, three for 96 yards; and West brought back the most kickoffs, eight for 143 yards.

Hunter was the leading scorer. The scatback crossed the goal eight times with West and Collar tallying five each. Collar was the number one pass receiver, catching 14 for 231 yards. All of his touchdowns were by passes.

In an average game, the Wolfpack scored 20 points, gained 178 yards rushing and 80 passing, punted four times for a 35.5 average, fumbled four times, had 13 first downs, was penalized 38 yards and had an average gain from scrimmage of 4.4 yards.

WHERE ARE ALL THE GOOD WRITERS HIDING?

We've looked in all the Hillsboro Street bistros and queried all the profs., but the only thing we've come up with is an ugly rumor to the effect that the really good scribes in this business have become completely extinct. Frankly, we don't believe it. Our own staff is proof to the contrary.

We're not looking for a "specialist." (An engineer who writes only 'hot' technical copy). We are looking for a solid, top-flight, State student who is willing to jockey back and forth from the CU to 13 Holladay—from food to pigeons, and still manage to make selling sense.

As far as salary is concerned, there is little if any. If you have the will to try, we'll supply the necessary to go with it.

In all seriousness, we're justifiably proud of our creative staff—and somewhere in hiding is that really "good" writer we know would enjoy being part of it. In fact, just to prove how serious we are, we're going to defy that old ad adage about never signing a want-ad!

THE TECHNICIAN

138 1911 Building

Do not write—do not phone. Come to the Technician office on Tuesday night at 7 p.m.

-NOTICES-

The Athletic Department has made available student date books for basketball games. The season books, which are good for all home games, sell for \$12. There will be 14 home games this season, but doesn't include the Dixie Classic. The date books, on sale at the Coliseum Box Office, will allow students to take their dates only to the games at the reduced rate.

There will be a meeting of all fraternity and dormitory intramural directors Tuesday afternoon, December 7th at 4 o'clock in Frank Thompson Gym. The coming basketball season will be discussed only with the rest of the winter intramural program. Director Art Hock urges all directors to be present or send a good representative.

A Campus-to-Career Case History

HE'S BUILDING A FOUNDATION FOR HIS FUTURE

Paul Guild, E.E., Purdue, '49, started as a student engineer with Long Lines—the Bell System unit that interconnects Bell Telephone Companies. In the student training program he became familiar with all operations of the business.

After that he spent two years on technical and engineering projects that took him to Indianapolis, Cleveland and Atlanta.

March of 1953 found Paul in Cincinnati working on the construction of radio relay routes. He worked with the newest microwave equipment that

transmits television pictures and telephone conversations simultaneously.

In 1955, as part of his further development, Paul was transferred to a completely different assignment. He now supervises the important planning job of balancing a working force of 900 Long Distance operators with the ever-changing work load.

"I use my engineering background on this job, too," says Paul. "It's extremely interesting and has lots of responsibility. Besides, you need experience in more than one department to give you background."

Paul Guild is typical of young engineers in the Bell System. Similar career opportunities exist in the Bell Telephone Companies, Bell Telephone Laboratories, Western Electric and Sandia Corporation. Your placement officer has more information on these companies.

Scots Guards To Play At Coliseum

Four of Queen Elizabeth's Scots Guards perform the hair-raising Highland Sword Dance as they will when the world-famous Regimental Band and Massed Pipers stage

a special performance in the William Neal Reynolds Coliseum at North Carolina State College Friday, December 2, at 8:30 p.m.

State Men Develop Indr. Rating Scale

A system developed by two North Carolina State College engineers for use by industry in evaluating its supervisors is currently being made available to all North Carolina small industry.

College officials said the system which was originally described in the September, 1955, issue of Mill and Factory Magazine offers promise of being "a valuable tool for use by industry in the selection of supervisory personnel for advancement."

The plan is based on a point system which considers three factors of managerial activity. These are "knowledge," "responsibility," and "decisions." The three factors are broken down into sub-groups, and a point count is provided to grade the employees and determine their worth to the company.

Professors R. D. Furlong and Ruddle Reed, Jr., of the Industrial Engineering Department developed the system. Reprints describing the plan are being mailed to over 3,000 small plants in the State by the Industrial Experimental Program which was created by the 1955 General Assembly to distribute up-to-the-minute technical information to North Carolina small industry.

Copies of the reprint describing the system may be obtained free of charge by writing the Industrial Experimental Program, School of Engineering, State College, Raleigh.

Collins Speaks To AG Economics Club

On November 17 the Ag. Economics Club held its regular meeting. After Club business was finished, Program Chairman Charles Brooks introduced Bryan Collins from the Ag. Extension Service. Collins has been associated with Extension work in Western North Carolina for the past 17 years. He is now working with TVA farmers in helping them plan their farm operations to achieve a higher level of living. His present district now comprises the 15 westernmost counties of the State.

Collins gave an interesting description of the work that is being done in improving agriculture in that part of the State. By using two slide projectors to illustrate his lecture, he painted a vivid picture of increased profits through farm reorganization and the use of improved farming practices. On many of these farms, net cash farm income has more than doubled during a period of three to five years. Mr. Collins' talk was enjoyed by all and the work of the Extension Department was made much clearer.

The Ag. Economics Club also participated in the Ag. student exhibit at the State Fair and won second place. Other recent activities include a Smoker held in the College Union. The program included a speech by Dr. H. B. James, Head of the Agri-

Concrete Confer. Here December 9-10

Information about concrete construction will be offered at the fourth annual Quality Concrete Conference which will be held December 9 and 10 at State College.

During the two day meeting, industrial representatives from throughout the State will hear speakers explain construction problems in various uses of concrete. Several films will illustrate this data.

Sessions will begin on December 9 at 10 a.m. with an address of welcome by Dr. Carey H. Bostian, chancellor of the college, and will end at noon on December 10. The group will meet in the south ballroom of the College Union Building.

The conference will be conducted by the college's School of Engineering through the facilities of the Department of Civil Engineering and the College Extension Division. Its sponsors are the N. C. Concrete Masonry Association, the N. C. Ready Mixed Concrete Association, the State Highway and Public Works Commission, and the Portland Concrete Association.

cultural Economics Department. After the program, the faculty and students enjoyed coffee and doughnuts.

Christmas Party Sunday, Dec. 4

The walls of the College Union will ring with laughter and song all day Sunday, December 4, when the annual Christmas Decorating Party gets under way.

The decorating will begin at 1:00 p.m. and continue through the afternoon. At 7:30 p.m., when most of the work is done, cider and doughnuts will be served around the open fireplace in the lobby.

The party has been planned for you by the College Union House and Hospitality Committees. Both committees have gathered all sorts of sparkling decorations and greenery to work with.

The College Union urges all students to drop by to lend a hand and have fun.

Christmas Dance December 17

A gaily lighted Christmas tree and sparkling holiday decorations will set the scene for the Christmas Dance at the College Union on Saturday, December 17, 1955, from 9 til 12.

Dave Brown and his orchestra will furnish "Music to Set Your Feet A-Dancing."

The College Union Dance Committee is planning fun galore for all students and their dates. Girls from neighboring schools will be invited for all you stags.

The Dance will be informal (coat and tie).

A logic professor wanted to really give his classes a difficult question. "The United States is bounded on the north by Canada, is bounded on the south by the Gulf of Mexico, on the east by the Atlantic Ocean and on the west by the Pacific Ocean. How old am I?"

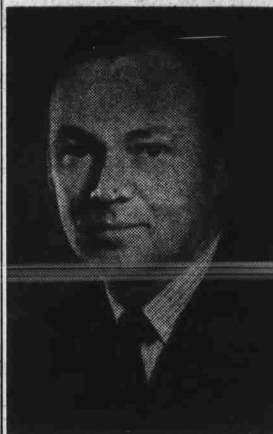

Student: "You're forty-four."

Professor: "Right, but how did you reason it out so quickly?"

Student: "I have a cousin who's twenty-two and he's only half crazy."

"What are you putting in your vest pocket there, Murphy?"

"That's a stick of dynamite. Every time Riley sees me he slaps me in the chest and breaks all my cigars. The next time he does he's going to blow his damn fool head off."

Quaker To Speak At Friday Luncheon

Stephen G. Cary, member of Quaker mission to the Soviet Union will be the featured speaker at a student-faculty luncheon in the Grill Room of the College Cafeteria at 12:05 Noon on Friday, December 2.

Cary's address, "Inside Russia Today," with ample time for questions from the floor should prove quite informative to American students in the activities behind the Iron Curtain.

The lunch, at 85¢ per plate, will be served and reservations must be made in advance by calling the YMCA at 2-7184 before 9:30 a.m. on Friday.

Eisenhower Backs Safe Driving Day

Students and faculty members of colleges and universities throughout the United States were asked today to help make a success of "S-D Day"—Safe Driving Day—Thursday, December 1.

S-D Day is sponsored by the President's Committee for Traffic Safety in cooperation with nearly 200 national organizations. It is endorsed by President Eisenhower, all 48 Governors, and Mayors of communities throughout the Nation.

Its purpose is twofold:

- 1. Not a single traffic accident during the 24 hours of December 1—in daylight or darkness.
2. Year-around public support for year-around traffic safety programs of proven effectiveness.

Rear Admiral H. B. Miller (U.S.N., retired), Director of the Committee, said:

"Safety on the streets and highways of every community depends upon two factors: first, a comprehensive official program, efficiently administered by the appropriate authorities—the year around; and, second, organized public support of this program—the year around.

"Last year, there were 10,000,000 traffic accidents in the United States. They killed 36,000 injured 1 1/2 million others—one person—one every 15 minutes; every 25 seconds; and cost an estimated 4.4 billion dollars in medical bills, property loss and other expense, including loss in earnings.

"The basic goal of S-D Day is to demonstrate that these accidents can be greatly reduced when all motorists and pedestrians fulfill their personal responsibility for safety."

Professors Explain Water Facilities

The water facilities which North Carolina offers to all types of industry are listed and explained in a bulletin just published at State College by the Industrial Experimental Program.

Sources of water, necessary treatment, and the agencies which can give information about streams and rivers are among the topics discussed in the publication.

The bulletin is entitled "Water for Industry" and was written by Charles Smallwood, Jr., and Nelson L. Nemerow of the Department of Civil Engineering.

The Industrial Experimental Progress was established at State College by the 1955 General Assembly to aid the development of small industry in North Carolina. The new publication which is Bulletin No. 2 in its "Facts for Industry" series is being distributed free of charge by the program. It may be received by writing to the Industrial Experimental Program, School of Engineering, State College, Raleigh.

Vets Corner

MEETING TONIGHT

Tonight's meeting will be highlighted by the presentation of the petitions that will be sent to the North Carolina Congressmen in Washington. The petitions urge the N. C. Congressmen to vote for U. S. Senate Bill 533 which will give veterans attending school on the Korean G.I. Bill an additional \$35.00 per month. All Vets who haven't already signed are urged to be present and sign. Plans will also be made for the Vet Club Xmas party at tonight's meeting. At the last meeting a traffic committee was appointed with Ode Dowd as chairman to help with the traffic situation and offer recommendations that will help ease the congestion and confusion that exists.

Don't forget tonight's meeting.

PARADE

(Continued from page 1)

only dry floats left on campus, Miss Wolfpack, Betty Brown, and a gaily decked caravan of about 25 cars. All who participated in the parade, that wasn't a parade, were well pleased with the results. This reporter thinks that it is just one of the signs that has emerged from the dormant spirit of the past. At State College this year, "Operation Spirit" will continue to blaze as long as it is kindled by such determination and zest.

CHAPEL

(Continued from page 1)

Designed along modern lines, the chapel will replace the present "Y" auditorium and will include a painting of Christ at

Little Theater

Presents Play

"Three Men on a Horse", one of the zaniest plays in the American Theatre, will be given at the Raleigh Little Theatre on December 2 through December 8.

In keeping with the spirit of the holiday season, this show is chock full of laughter and fun, and according to Director Dick Snaveley, it was chosen for just that reason. Curtain time is 8 p.m.

Among those in the cast are Hal Randolph, instructor, and Hubert S. Ghosn and Stuart Bedell, students, at State College.

Gethsemane, which will be recessed in the wall behind the chancel and will be illuminated with special lighting effects.

Honors Philanthropists

Completed in January, 1913, the State College "Y" Building will bear the imprint of two of America's most noted philanthropists when the chapel is erected. The philanthropists are the late John D. Rockefeller, who made a \$20,000 donation for the YMCA Building in 1910, and Danforth, whose gift will help build the chapel.

Woodridge said the chapel will be designed in such a way that it may be used by all religious faiths and will be available for private meditations at all times and for public use on special occasions sponsored by fraternities, students denominational bodies, and groups visiting the State College campus.

Talley, Picket, And Rough To Attend Conference

State College will again be represented this year in the National Interfraternity Conference to be held on December 2 and 3 at the Jefferson Hilton Hotel in St. Louis.

Henry Pickett, president of State's Interfraternity Council;

Ronald Rough, a member of Phi Epsilon Pi fraternity; and Banks Talley, Coordinator of Student Activities will fly to St. Louis on December 1 for the conference.

Purpose of Meeting

The purpose of the National

Interfraternity Conference is to unite the leaders of all national fraternities and officers of college interfraternity councils so that they might share and compare their views and take back to their respective fraternities and colleges new ideas.

Henry Pickett will act as

Chairman of the forum discussion on Interfraternity Operations.

A booklet on State's social fraternities was compiled earlier this year and will be entered into competition with those prepared by Interfraternity Councils in other colleges.

WERTZ'S

Guard Al D'Angelo of North Carolina State College is one of 11 children. The Greensburg, Pa., senior has six brothers and four sisters.

Coach Everett Case of North Carolina State College has a nine year basketball record of 271 wins against 60 losses since coming to State in 1946.

Sophomore sensations Dick Christy and Dick Hunter have scored all but one of North Carolina State's six touchdowns this season. Hunter has tallied three and Christy two. Sophomore end John Collar has one to his credit.

All-America center Ronnie Shavlik scored 707 points in 1954-55 to become North Carolina State's highest individual scorer in a single season. He bettered ace forward Sammy Ranzino's mark by one point set in 1951.
