

# THE TECHNICIAN

NORTH CAROLINA STATE COLLEGE'S WEEKLY NEWSPAPER  
Vol. XL, No. 15 State College Station, Raleigh, N. C. January 12, 1956

## A Review

### Tax Listing Still Undecided

The decision on whether or not State students must list property and pay poll tax in Raleigh seems to rest with the Raleigh City Council which meets Monday night.

The attorney general is expected to make a ruling this week applying specifically to college students and listing property. Raleigh City Attorney Paul F. Smith interpreted an opinion handed down by the attorney general that State employees living in Raleigh should list for city and county taxes regardless of where they vote to include college students also.

The City Law and Finance Committee met Monday and tossed the tax problem around a little—between themselves and Smith.

Councilman W. G. Enloe, Wade Lewis and Frank Jolly were in agreement: College students here are not "by any stretch of the imagination citizens of Raleigh." These councilmen expressed the feeling that "students should be allowed as always to have their parents list for them in their home towns rather than in Raleigh."

Councilman Lewis asked, "Why does Raleigh have to be the heel of the whole State? of the south in fact?"

The committee remembered the incident that occurred at Dartmouth College when that town tried to tax students. They took over the town and voted to build a covered walkway from their campus to the Smith campus, a girl's school, which was three-hundred miles away and across a state. The students also voted to build a new city hall—one foot square and a mile high.

(See TAX LISTING, Page 10)

## Changes Made In Board Of Education State Grad Named Acting President

### Two Years of Service At Univ. By Dr. Purks

Dr. J. Harris Purks, present acting President of the Greater University of North Carolina, was named Chairman of the State Board of Higher Education last week. In announcing Purks' appointment, Robert C. Lassiter of Charlotte, Chairman of the Committee charged with finding the new Chairman for the Board, stated that Dr. Purks represented "a very happy solution to our dilemma."

The Board of Higher Education was created by the last Legislature to supervise and coordinate all of the State's institutions of higher education. The position of Chairman represents one of the top, if not the top, educational jobs in the state.

Dr. Purks became acting president of the University July 15, 1955 following the granting of Gordon Gray's leave of absence. He came to Carolina in January 1954 to serve as Provost from New York where he was associate Director of the General Education Board.

Purks is a native of Bartow, Georgia. He received his B.S. degree from Emory University in 1923 and his M.S. and Ph.D. degrees in Physics from Columbia University in 1925 and 1928 respectively. He taught math at Georgia Tech for one year and then returned to Emory where he was assistant professor of physics and later, in 1938, Dean of the College of Arts and

### Board Chairman

#### ... Dr. J. H. Purks ...

Sciences. He was acting Dean of the Graduate School from 1943 until 1947 and Director of the University Center in Georgia from 1948 until 1950. He left this post for the Education Board post in New York.

Dr. Purks has been prominent in Nuclear research work, serving as a leader in the organization of the Oak Ridge Institute of Nuclear Studies. He was named to membership on the Southern Regional Education Board in 1954 by Governor Hodges. He is a member of Phi Beta Kappa, Sigma Xi scientific society, the American Physical Society, Chi Phi social fraternity and the New York Southern Society.

## William C. Friday Comes Up Ranks

### Acting President ... Bill Friday ...

State College basked this week in the reflected glory of the fact that for the first time, one of its alumni was acting as head of the Greater University of North Carolina.

The man is William Clyde Friday, former President of the 1941 Senior Class at State College, and a graduate of State's School of Textiles in the year 1941.

Bill Friday began his work with the Greater University in 1941, soon after his graduation, while waiting to be called to active duty with the Navy. He had been Commissioned and had left his job in the Textiles field in anticipation of being called, but to occupy himself during the delay, he took a job as assistant Dean of Students on the State campus. He filled this position until the Spring of 1942 when he finally went on active duty.

He is a native of Rapine, Va., where he was born July 13, 1920, but claims Dallas, N. C., as home, since he lived there all his life. He attended Dallas schools and graduated from Dallas High School in 1937. Wake Forest claimed him originally, but Bill decided during his Freshman year that he would get into the field of Textiles and transferred to State the next Fall.

He had an active career at State. He worked part-time to help his family with the cost of his education and still found time to distinguish himself on campus to the extent that dur-

ing his senior year he was elected a member of Golden Chain. As noted above, he was President of the Senior Class and was elected permanent President before graduation. He was also Sports Editor of the Technician.

After Friday was discharged from the Navy with the rank of Lieutenant in 1946, he returned to school, this time choosing the Law school at Carolina. He attended school continuously for two years and received his LL.B. degree in June, 1948. He passed the State bar exam in August of 1948, but never practiced. He was searching for a job to combine his talents and education in Textiles and Law in that summer of 1948 when University officials approached him with the idea that he become Assistant Dean of Students at Chapel Hill.

Friday accepted the offer and went to work at the new job in the Fall of 1948. In 1951 he was promoted to the position of administrative assistant to then President of the University, Gordon Gray. His title was again changed to general administrative assistant. In 1955, he was again promoted, this time to the position of Secretary of the Greater University.

Bill was married on May 13,

1942 to the former Miss Ida Willa Howell of Lumberton. They have one daughter, Frances, 4. Friday says that his chief hobby is his daughter, though he does enjoy reading and an occasional game of golf. Friday is extremely well thought of by members of the faculties of the three units. Coordinator of Students Activities, Banks Talley, of State said Monday, "Bill is an unusual person and a truly capable one. I believe I could say without fear of contradiction that Bill combines much of the warmth and personal touch of Dr. Frank Graham with the administrative flair of Gordon Gray. We are very fortunate."

## S. G. Votes To Remove Barracks John Lane Gives Cafeteria Report

by David Barnhardt

Last Thursday night the Student Legislature met and voted to have M&O tear down the old barracks and to change the vicinity into a square or park.

The calendar for the school year 1956-1957 was discussed at length. A report by the Investigation Committee on the Cafeteria was heard; it was stated

that the garbage cans for the cleanup campaign have been ordered; an appointment to the Judicial Board was passed on; and dues to the National Student Association were accepted for payment.

The motion concerning the tearing down of the old barracks was passed unanimously. Grass should be planted in the near future, and a square with benches was endorsed by the body.

### School Calendar

Discussion on the calendar for 1956-1957 was tabled. The consensus, however, was to lengthen Christmas vacation to avoid a mix-up similar to the one which occurred this year, and to lengthen either the semester break or spring vacation. This could be done simply by moving the whole calendar up one week. That is, if school started one week earlier in the fall, these days could be inserted into the calendar at any time desired, at Christmas or spring vacation, for instance.

### Cafeteria Report

John Lane presented a report from the Investigation Committee on the Cafeteria which stated that Harry Stewart, Manager of the Cafeteria, had been "very cooperative and agreeable." The report told that

he was doing a good job in many ways, but that he was not free to make many of the decisions which should, by virtue of his managership, be left up to him. He is told, as an example, what grade of catsup to buy, and has no say as to what kind of

(See SG, Page 10)

## Pre-Payment Plan To Be Used Again

The Business office has announced that pre-payment of fees and tuition will again be used for the spring semester.

Dean Stewart and J. G. Vann reminded students that the pre-payment plan has not yet proved itself and is still in effect on a trial basis. "Whether or not the pre-payment plan becomes a permanent arrangement depends on correct and prompt use by the students", Stewart said.

This is the second registration that a pre-payment plan has been tried. Previously payment was made after registering. Usually long lines formed at the cashiers during registration which created a bottleneck in completing registration.

## Leap Year Dance To Be Held On Feb. 3

by Fred Joseph

BEWARE BOYS. Again we are about to become the victims of a conspiracy. Another legal loophole has been found and put to use but if we are smart, cautious and operate coolly, we can again turn the tables and come out the victors for this happens to be one of the few conspiracies that can be a pleasant and rewarding one.

It seems that a few hours after the old year (1955) faded out and the new year was ushered in the females became aware of the fact that it is Leap Year and then they started to do something about it. The first organized efforts have resulted in a "MAN TRAP" called the LEAP YEAR DANCE.

(See DANCE, Page 10)

## State College Loses Valuable Professor

State College lost one of its most valuable citizens this week. Thomas R. Hart, Director of Instruction for the School of Textiles and a member of the Textiles faculty since 1919 succumbed to a heart attack at 3:25 p.m., Tuesday.

Hart was a State graduate, a member of the class of 1913. He received a B.E. degree at that time, a T.E. degree in 1920 and an M.S. degree in 1924. He was born in Monroe, N. C. on April 29, 1890.

Hart had a distinguished career. He was a member of Phi Psi Textile fraternity and Sigma Tau Sigma, Textile honorary. He was the author of numerous articles for Textile trade journals and magazines. He was a member of the Raleigh Exchange Club, and had served as Secretary of the Raleigh Safety Council.

Hart is survived by his wife, Mrs. Mary Hart, and one son, Dr. T. R. Hart, Jr., a member of the faculty of Johns Hopkins University.

The funeral was held at Pennington-Smith Funeral Home this morning at 11:00 o'clock.

## Junior Class Gets Rebate On Rings

The Junior Class treasury will be richer by \$600 this year. The extra padding in the Junior Class pocketbook will be a result of a 75c rebate or commission on the sale of every ring.

Junior Class officers had words of praise for Herff-Jones and their sales manager, Don Winnings, since they agreed to the rebate after the ring contract had been signed.

The movement for the Junior Class to receive a commission from the sale of class rings was started from a Technician editorial. The editorial stated that an honorary society at Carolina received \$1. per ring for handling the sale of class rings, and it suggested that the Junior Class here do the same.

Ed Rose, John Lane, and Roger Hill reported that Don Winnings told them over the phone from Indianapolis that he "wanted to do the thing that would please the most students here at State." "On such short notice," he said, "it would be impossible to give a \$1 rebate," but he agreed to a 75c rebate to go into the Junior Class Treasury.

One junior Class member had this to say: "To Roger Hill goes the credit for saving the Junior Class approximately \$600.

### IDC Approves New Housing Unit

At the last IDC meeting the council approved, tentatively, a new type of student living unit. Although the IDC does not have the authority to approve or reject such a type of student housing unit, the administration looks upon the decision of the IDC as indicative of the students views.

The new unit will consist of a group of rooms (four in the sketch shown to the IDC) each containing two beds, desks, furniture, and book shelves. In addition there will be a separate bathroom for each such unit. The four rooms will be connected by a hall which will lead outside. It is also hoped that each unit will have a private phone. (not a pay station either!!!)

When final plans are made (probably in the summer) the new dorm will start to be constructed. Funds (\$2,000,000.00) have already been appropriated for its construction. It was also mentioned by Mr. N. B. Watts, Student Housing Coordinator, that plans are being made for a housing facility for married students.

## EDITORIAL COMMENT:

## Don't Be Hasty

By the time this is published, developments may have occurred so that students will not have to list property and pay poll tax in Raleigh. Wake county declared that it would not require students to do so last week.

If the city still maintains its position that students are required by law to list property and pay tax, rioting and demonstrations are not the way to change the situation for the better—only worst.

The college administration—from the Chancellor on down—are doing everything possible to prevent the city from unjustly taxing State students. They have been in contact with the Attorney General of North Carolina, the Mayor of Raleigh, and the Raleigh City council. We feel that the administration's efforts will pay off and that the status of students will continue as it has in the past—that of visitors to the city and not residents.

Although the job of enforcing the listing would be tremendous, the city can and probably would go to all lengths to enforce their position.

Before any student lists his taxes in the city of Raleigh, he should wait until college officials indicate that nothing can be done and to comply with the law students must list. In other words wait until the end of the month.

If worse comes to worse, there are always the city elections for aldermen open to students, and with a certain amount of organization State College certainly should be able to elect at least one student to the City Council.

The present controversy is one of principle and other colleges in the state are watching and waiting for the outcome.

## Pre-Payment Plan

Bills are being sent out by the Business Office to students for spring tuition and bills owed the Business Office.

This pre-payment plan was worked out by the Business Office and Dean of Student Affairs to facilitate registration. Prior to this year payment of bills at registration had always been a bottle-neck.

So that the Business Office can handle pre-payment of tuition, etc. it is necessary that payment be made by mail and not in person at the Business Office.

Insure the success of the pre-payment plan. Use it and use it correctly.

## Hear At State

by Sidney Pureblood, Jr.

The views and opinions of this column do not necessarily represent those of THE TECHNICIAN.

It was with glad ears that I heard a unanimous vote by the Student Legislature last week to tear down the old, unsightly barracks which have, until now, housed the School of Architecture. It was suggested by the Legislature that grass be planted and a kind of square, or park, be made. An excellent suggestion, which, we hope, will not go unheeded.

The Legislature also heard a report on the progress of the ensuing "clean-up" campaign. The experimental cans have been ordered and will be set up in the near future. Such a campaign is needed very badly.

### Judicial Board

Last week in *The Technician* there appeared an excellent article by the Judicial Board on the Honor System at State. The article urged every member of the Student Body to turn in or report any infraction of the Honor System. Such a system cannot and will not work unless each of us gives it his full support. A sign in the Textile Building gives us something to think about; it reads: Do you Tolerate Dishonor? It Marks You.

One suggestion to the Judicial Board, however. In the next article why not tell exactly how one goes about reporting any cheating that he sees? There are all too many students who do not know how to do this; and, as a result, do nothing.

### Cafeteria

When State has a losing football team the Administration doesn't tell the coach what plays to run or which players to use. Why, then, should it dictate where the Cafeteria must buy its ice cream and milk or what grade of ketchup it must buy? I am not saying that the Cafeteria should not buy ice cream and milk from the College dairy, but I am saying that the Administration should not tie Harry Stewart's hands. The Investigation Committee of the Student Government has revealed that not only does he have no choice of what kind of ice cream or milk the dairy delivers to the Cafeteria, but he is even told that he must buy third

grade ketchup! No wonder the Cafeteria is losing money and customers.

This is not to be taken to mean that there is no room for improvement in the Cafeteria, but I would like to ask what a manager is for if not to manage? If we are going to continue to run the Cafeteria under the present system, we should at least give whoever is managing it the authority to do what he wants. THEN if the job is not done properly steps should be taken to get someone to run it that can make it pay off. Any other manager of a business organization would have the authority to return a bill of goods if he did not get what he ordered. Why not give Harry Stewart, such authority?

### Budgets

Most of us like to know where our money is going when we pay it out. Corporations are required by law to publish financial statements. The organizations at State, likewise, should be required to print itemized budgets. The Inter-Dormitory Budget, which was brought before the Student Legislature some time ago was, to quote a Senator, "obviously padded." Some provision should be made to require each organization to release statements to the students on where their money is being spent. Not to do so leaves those who hold the money a little too much leeway—or should we say temptation.

### Tax Situation

We have heard that if the City of Raleigh persists in trying to tax State students that the students as a group may elect a City Councilman to represent them! Not a bad idea. . . . And this might help Raleigh officials decide to reverse their stand on the matter, as the County officials have already done.

### Open Letter to

Freshmen and Sophomores

Dear Classmates:

Undoubtedly, you have wondered what we have been doing since our class elections. Well, here's the poop. Our combined classes are sponsoring the Freshman - Sophomore Dance which will be held on April 7, 1956 in the Coliseum. The Billy May Orchestra, one of the top orchestras in the country, will supply the music for both the Dance and the Afternoon Concert. At present, our plans have not been completed on the Concert and the place will be announced at a later date.

We feel that a really BIG dance is a necessity in the social set-up of our school and so in order to get the ball rolling, we, your class officers, have attempted to make this dance, the biggest and best of the year. Most of the arrangements have been made; most of the work has been done. Only one little item is still in question. Will YOU, our Classmates, come out and enjoy our dance? After all, where else could you attend a dance and an afternoon concert by a big name band for only \$1.50? Here at State, Fraternity men pay as much as \$7.50 per man to attend a comparable dance. Our dance and concert will probably

## LITTLE MAN ON CAMPUS

By Dick Bibler

"HEY, FELLAS! COME SEE WORTHAL'S NEW PIN-UP."

## BIG DANCE

(Continued from Page 2)

be the only high caliber dance which will be available to all of our classmates en masse this year. We further feel that this dance can and will become a tradition in our college but only through your support will it become one. A great week-end awaits you, so come out and have some fun. Now for some financial news.

\$1660.30 was collected from the Freshmen and \$1262.65 was collected from the Sophs for a total of \$3022.95. Here is how our combined funds have been allotted, and/or expended:

\$2,250.00	Billy May Orchestra for Dance and Concert
600.00	(Approx.) Coliseum base rental and Expenses
50.00	Freshman Operating Expenses
20.00	Printing of Receipt Books
\$2,920.00	Sub-Total
102.95	Balance
\$3,022.95	TOTAL

The balance of \$102.95 will be allotted for printing of Tickets, decorations, concert hall rental, and many other miscellaneous expenses. We do not feel that this balance will be sufficient to cover all of our expenses or to

enable us to carry out the plans for the Dance and Concert as we originally desired. The principal reason for this is that some of our fellow classmates have failed to pay their class dues.

Payment of class dues is your receipt for a ticket and bid to the Dance and the Concert, as well as any other functions which we might sponsor. If you haven't paid your dues, come to Room 301, Owen Dorm before Spring semester registration. Please do not hesitate to contact us if you have any questions. Also, if you have paid your dues and have received a card notifying you that your name is not on the list for having paid them, please bring your receipt to Room 301, Owen Dorm.

One further question. We are in a dilemma as to whether to have the Dance Formal or Semi-Formal. What do you think? Please fill in the ballot below, clip, out, and either deposit in the box in the College Union, Floor, or give it to your floor manager. He will forward it to us. Formal or Semi-Formal?

Dick Ribakove  
Chairman,  
Publicity Committee

Please check one choice.

Formal ☐Semi-Formal ☐REASON: I am interested in helping with the dance and concert preparations ☐Name Address 

## Vet's Corner

by Fred Joseph

All members of the Vet Club are urged to make plans to attend the Jan. 19th meeting of the club for the Agromeek picture for the club will be taken at that time. The dress for the picture will be coat and tie.

Each semester the club assists the Registrar's Office with registration and get to register early in return for the service rendered. The names of those wishing to help in this program will be taken at this meeting.

## Seniors

## File Application For Fellowships Before Feb. 6

Seniors planning to commence graduate study in 1956-57 or graduate students planning to continue their studies should be apprised of the various fellowship competitions.

The deadlines for a number of these competitions have already passed; for example, the Fulbright Grants for study abroad and the National Science Foundation Fellowships. However, there are Foreign Study Grants outside the Fulbright program, deadlines for which are in February or March. These include grants for study during the academic year 1956-57 and summer study.

General Electric Educational and Charitable Fund provides generous fellowships for study in the Physical Sciences, Engineering, Industrial Management, the Arts and Sciences, Graduate Law and Business. Application must be made before February 6.

Students interested are encouraged to make use of the information available at the Student Financial Aid Office, 9 Holaday Hall.

## Union Announces Contest Results

The fall College Union Photography contest turned into a free for all among the contestants. No entrant having more than two winning entries.

The judges, Mr. Demo Tant and Mr. Sam Rosenberg remarked that the quality of the show was good but the following technical points disqualified some potential winners:

Bad mounting, under printing, bad cropping, muddy tones, too large a subject, and too small a picture.

Garland Pass' Human Interest prize winner and E. B. Lassiter's Landscape prize winner were classified as tied for best in the show. Joseph Hall and William

Israel were the only two double winners in the contest.

The results are as follows:

Portrait Division—First Prize, Joseph Hall; Second Prize, Joseph Orlando; Hon. Mention, Austin Cooley; Hon. Mention, Joseph Hall.

Landscape Division—First Prize, E. B. Lassiter; Second Prize, Parker Peedin; Hon. Mention, Garland Pass; Hon. Mention, Parker Peedin.

Human Interest Division—First Prize, Garland Pass; Second Prize, Maurice Autry; Hon. Mention, Joseph Orlando; Hon. Mention, Garland Pass.

Still Life Division—First Prize, Earl Chann; Second Prize, Joseph Hall; Hon. Mention, Parker Peedin; Hon. Mention, Charles Sappenfeld.

Color—Miscellaneous Division—First Prize, William Israel; Second Prize, Daniel Muller; Hon. Mention, Charles Sappenfeld; Hon. Mention, Keith Bowman.

Color—Landscape Division—First Prize, William Easter; Second Prize, William Israel; Hon. Mention, Samuel Harrell; Hon. Mention, M. L. Kataria.

What young people are doing at General Electric

## Young scientist works on new ways to improve metals

Today scientists and engineers face one of the toughest barriers of all—the "metal barrier." Modern technology has progressed so rapidly that today's metals can't meet the tremendous demands placed upon them. For such fields as aviation, electronics, atomic energy, present metals must be improved and new kinds of materials must be developed.

One of the young men playing a role in this new and important field is 30-year-old Dr. Roland P. Carreker, Jr.

## Carreker's Work Interesting, Vital

As a research associate in the General Electric Research Laboratory's Metals and Ceramics facility, Carreker's chief concern is the improvement of metals through new processing techniques.

In his work, Dr. Carreker has dealt with such important metallurgical problems as metal failure in high-speed turbine rotors, determining the strength of pure metals from -425°F, the temperature of liquid hydrogen, to 2,800°F and economic studies of new metallurgical processes.

## 25,000 College Graduates at General Electric

When Carreker came to General Electric in 1947, he already knew the work he wanted to do. Like each of our 25,000 college-graduate employees, he is given a chance to grow and realize his full potential. For General Electric has long believed this: When fresh young minds are given freedom to make progress, everybody benefits—the individual, the company, and the country.

Educational Relations, General Electric Company, Schenectady 5, N. Y.

## 250 Students Attend Gaston Institute

The Gaston Technical Institute, which is operated in Gastonia by the North Carolina State College Extension Division and School of Engineering, has attracted a record-breaking enrollment of 250 students this term, Director Edward W. Rugles of the Extension Division announced here yesterday.

A group of 20 new students entered the school's one-year technical course in radio-television, electrical, mechanical, and automotive technology at the opening of the winter term Monday.

A new evening course in radio and television also opened Monday, with 11 students enrolled, and six additional students were accepted into the gasoline and Diesel engine mechanics course.

The Institute trains young men to enter technical fields in which skilled labor is required.

## YMCA Visits Prison

On January 11, a group of students visited State Prison. They had a chance to see the administrative offices of the prison, as well as the gas chamber and the maximum security gate. After seeing these points of interest the group met in the assembly room for a brief talk by one of the staff members. The students were permitted to ask questions and they were answered by the staff member.

This tour was a follow-up of a previous forum to inform the students of what was going on at the prison.

## Students &amp; Advisor Attend AIEE Meet

Don Keyte and Bill Walker, officers of the student chapter of the AIEE, accompanied their faculty advisor, Mr. Stephen A. Derry, to the National Executive Committee meeting of The American Institute of Industrial Engineers in Washington, D. C. The context of the two-day conference will be revealed at the next meeting of the student chapter meeting in Room 320, Riddick, January 17th.

## Short Course For Clay Products Is Set For Jan. 16-21

Latest information on brick and tile products will be presented at the second annual Brick and Tile Engineering Short Course at North Carolina State College January 16-21.

Problems of the State's clay products industries will be studied from the standpoint of producers, engineers, architects, users and salesmen. Students will be drawn from industries which produce or use brick and tile products.

Courses offered during the five-day meeting will be taught by faculty members of the Civil Engineering Department and the School of Design at State College as well as by a number of industrial experts.

Sponsored by Brick and Tile Service, Inc., of Greensboro, the short course will be conducted by the college's School of Engineering and the Extension Division.

DR. ROLAND CARREKER joined General Electric in 1947 after receiving a B.S. in 1945 and an M.S. in 1947 at the University of Illinois. He received his Ph.D. in 1955 at R.P.I. under a G-E program. During World War II he served on active duty as a naval officer.

Progress Is Our Most Important Product

## SPORTS

SPEC HAWKINS

Well! State's 23-game winning streak, one of the longest in the nation, finally came to a halt last Saturday in Durham. . . . On the same night Wake Forest was downing Carolina . . . and this week's poll has all the Big Four ranked in the top twenty . . . it all adds up to the toughest conference in the nation in which if any team stays undefeated is a big accomplishment . . . a look at the Big Four's records show that none have lost outside of conference play . . . few teams ranked in the nation can claim this honor . . . no other conference in the nation has four teams in the top twenty . . . the ACC tournament in March should really be a dog-eat-dog affair.

**FOOTBALL:** The big news in the ACC football circles is that Tatum is in at Carolina. . . . So to Big Jim we say welcome to the brotherhood. . . . But we at State don't envy UNC at all, we'll put Earle Edwards up against anyone in the nation . . . and from all reports his contract, which has a year to run, will be extended next week when the athletic council meets.

## 'Shavlik Can Do Anything With A Basketball'—Case

by Bill Hensley

Take it from a man who has been in basketball for 36 years, Ronnie Shavlik is one of the best players in the game.

The name Ronnie Shavlik isn't unfamiliar in college basketball. As the number one man on North Carolina State's all-ways-powerful team, the 6-foot-8 senior from Denver, Colo., has made quite a name for himself during the past four years. Last year, as a junior, he was everybody's All-America.

State's veteran coach, Everett Case, is Shavlik's top fan, and rightly so, since the versatile case star has led State to two Atlantic Coast Conference and two Dixie Classic tournament championships in as many years. He gets a third shot at the ACC crown come March 1.

Case has been coaching basketball a long time, since 1920 to be exact, and since that time he has seen a lot of good players. But he thinks his current pivot-man ranks with the best.

"Shavlik can do anything with a basketball," the veteran

Wolfpack coach declared. "He is extremely agile for a big man; yet he is fast, dribbles well, is a terrific scorer, a top notch rebounder and a great defensive player. What else could one want?"

"Shavlik is a constant threat when he has the ball because of his versatility," Case remarked. "I can use him at forward just as well as at center. He can hit accurately from the corner and he draws the big men from under the basket."

Scoring is one of Shavlik's strong points, naturally, but his rebounding plays a big part in State's success. He is currently averaging 19 rebounds per game, top in the conference. Against arch rival North Carolina in the finals of the recent Dixie Classic, Shavlik controlled both boards by grabbing 24 rebounds in addition to scoring 17 points in an 82-60 rout. He once hauled down 35 rebounds in a game against a strong Villanova squad.

As a scorer, Shavlik is hard to beat. He began the season only 460 points short of the

State College three-year scoring mark of 1,711 total set by All-America Sam Ranzino. Shavlik broke one mark held by Ranzino last year when he scored 707 points in a single season.

Shavlik tallied 544 points for a 15.5 average as a sophomore and his 707 points last year gave him a 22.1 mark for the season. He hits 42 per cent of his field goal attempts and 76 per cent of his free throws.

Shavlik has a variety of shots which make him a dangerous man to guard. He hooks with either hand and is adept at faking his opponent out of position and driving around him for an easy layup. His uncanny tap-in ability has accounted for numerous State points. He sails high over the basket to tap in a shot missed by a teammate.

Case went on: "Shavlik is an All-America in every respect, both on and off the court. He has the respect and admiration of everyone who has met him."

Shavlik twice has been named Most Outstanding Player in the Dixie Classic Tournament.

## Wolfpack Meets Maryland Tonight at College Park, Carolina Next Tuesday; Molodet Returns to Line-up

A rivalry that is comparatively new but extremely intense comes up for the first time this season tonight in College Park, Md.

The occasion is the basketball game between the visiting North Carolina State Wolfpack and the University of Maryland Terrapins.

State and Maryland have played only four games in recent years, and the Wolfpack holds a 3-1 edge in the series, but both squads consider this a "must" game.

Coach Everett Case's Wolfpack hasn't forgotten last year's invasion of Maryland when Pud Millikan's Terps won 68-64 in an upset thriller. It was a hard pill to swallow for the favored State quint.

This year's first meeting between the teams shapes up as another thriller. State is anxious to get back into the win column after losing its first game of the season last Saturday night. Duke knocked off the Pack 68-58 at Durham to end a 23-game winning streak.

Maryland, on the other hand, was fired up by a one-sided win over powerful George Washington, one of the nation's ranking basketball teams. The possession-minded Maryland squad was a decided underdog against GW.

Coach Case wasn't upset over the loss to Duke, which gives his Dixie Classic champions an 11-1 record for the season. "I have always said that Duke is a good team, and losing to them is no disgrace," he remarked.

What Case didn't say was that State's own mistakes and a poor shooting performance helped contribute to the downfall. The Wolfpack got only 14 shots in the first half and made only four. Worse than that, the Pack lost the ball 28 times on bad passes, traveling violations, etc., without getting a shot.

Vic Molodet, State's All-America guard candidate who missed the game with Duke, will be ready for the Terps. A victim of a virus infection, Molodet is the Wolfpack's leading scorer with an 18.7 average.

State will use its regular starting lineup against Maryland. That combination has Capt. Phil DiNardo and Cliff Hafer at forwards, All-America Ronnie Shavlik at center, Molodet and John Maglio at guard.

## State vs. UNC

Wollen Gymnasium in Chapel Hill will be packed to the rafters next Tuesday night when another State-Carolina basketball scrap is scheduled to take place.

For the Tar Heels of UNC it will be revenge night as Coach Frank McGuire and his boys will be out to try and make up for a 82-60 lashing handed them in the Dixie Classic several weeks ago. While for Everett Case it will be another game in the Pack's bid for national ranking as well as another important ACC victory.

All in all it ranks as the game of the month with State's scoring punch of Shavlik and Molodet going up against Carolina's Rosenbluth and Brennan. Any available tickets (if there is such a thing) can be gotten at the ticket window in Chapel Hill at game time.

## Frat Intramurals

## Basketball

The 1956 fraternity intramural basketball season got under way Tuesday night as five games were played to officially open the season. Three more are on tap for tonight.

From all reports the season will be a real battle down to the wire. Several teams have already established themselves as strong contenders for the championship. Sigma Nu, defending champions, PKA, Kappa Sigma, Sigma Chi, and SPE are some of the pre-season favorites.

The frats have been divided up into four divisions. The 1st division finds Sigma Nu, PKT, AGR, and Sigma Pi. No. 2—PKA, SAE, KA, and F. House. No. 3—SAM, SPE, LCA, and PKP. No. 4—Sigma Chi, Kappa Sig, T. Chi, PEP, and TKE.

The division winners will meet in a championship tournament to decide the crown.

Tonight's action finds Sigma

Nu vs. Sigma Pi, PEP vs. Kappa Sigma and Sigma Chi vs. Theta Chi. Tuesday night found SAE vs. F. House, AGR vs. PKT, and PKA vs. KA.

All fraternity games will be played on Tuesday and Thursday nights with six games being played each night.

## The Dorm Corner

## Bowling Championship

Bagwell No. 1 Wins Bowling Championship—In a four way play-off for the bowling championship Bagwell No. 1 was the winner with 2,065 points. The second highest team was Beeton No. 1 with 1,978, then Tucker No. 1 with 1,902 and in fourth place Berry-Watauga with 1,861. Armstrong was the championship leader with 572 points for a five game series.

On the winning team the scores for five games were Scott, 481; Barnhardt, 518; Williams, 551; and Pearson, 514.

The Bowling standing at the end of the season for those who broke one hundred for their average were: with 108, Vargo—Berry; with 104, Bowman—Tucker No. 1; with 103, Pearson—Bagwell No. 1 and Vinson—Syme No. 2; with 101, Buntler—Alexander No. 2; and with 100, Moore—Berry, Lazzo—Tucker No. 2 and West—Turlington No. 1.

## Owen Dorm Sponsors A Go-To-Church Sunday

Fred Joseph, president of Owen Dormitory, announced that January the 15 will be GO-TO-CHURCH Sunday for Owen. All students are urged to attend the church of their choice this coming Sunday. He emphasized that this was for students who remained on campus over the week-end and those that went home. There will be a survey made of the Owen dorm residents. (See DORM CORNER, Page 5)

# Duke Stops State 68-58 For First Loss; Pack Drops Notch

State College's 23-game winning streak came to an end over the week-end as Duke University's Blue Devils stopped the Wolfpack 68-58 last Saturday night in Duke indoor stadium.

It was State's first loss after 23 straight victories, 11 of them this season.

State, behind seven points at halftime, never seriously threatened in the second half though, a Wolfpack press had the scoring going downward in the late minutes.

Joe Belmont with his deadly accuracy from the outside, was the principle villain. He just couldn't be stopped, not even after the Wolfpack went into a pressing man-for-man with eight minutes left in the game.

## Slow Offense

A slow, deliberate offense by the Blue Devils and a defense that took advantage of an early spurt of poor passing by State got Duke out front by 22 points on four different occasions and a half-way freeze for eight minutes by the Blue Devils kept State from catching up.

The Wolfpack were forced to play without Vic Molodet, their leading scorer, who sat on the bench because of a virus infection.

It was the first time in two years that Duke has managed to win a basketball game from the West Raleigh lads, and it was State's first loss since dropping a inter-sectional battle to Villanova last January in the coliseum.

## S. Wrestlers Meet Univ. of Maryland

North Carolina State's varsity wrestling team will journey to College Park Saturday afternoon to take on the Terrapins of Maryland, defending ACC champions.

State, who placed third in the Atlantic Coast Conference last season, met Davidson College yesterday afternoon and lost to the University of Virginia's undefeated squad 21-3 early last month.

Coach Al Crawford, beginning

## TOP 20

North Carolina State dropping its first game of the season slipped one notch in the weekly AP poll as San Francisco and Dayton continued undefeated to rank 1-2 in the nation. Duke, victors over State, moved from 11th to sixth while Wake Forest broke into the top 20 for the first time to rank 18th. Carolina dropped from 5th to 9th.

The Wolfpack managed to poll only one first place vote despite the fact they had collected 22 the week before.

The top 10 teams with first place votes and won-lost records in parentheses (points on 10, 9, 8, 7, 6, 5, 4, 3, 2, 1 basis):

1. San Francisco (9-0) (11-0)	1,145
2. Dayton (12) (11-0)	1,026
3. North Carolina State (11-1)	692
4. Vanderbilt (4) (8-2)	545
5. Kentucky (1) (7-2)	515
6. Duke (1) (9-2)	328
7. Ohio State (8-1)	285
8. Illinois (7-1)	275
9. North Carolina (8-2)	238
10. Temple (8-0)	155

## SECOND TEN

11. Holy Cross (1) (9-2)	143
12. Indiana (8-1)	130
13. Louisville (1) (11-1)	99
14. George Washington (9-8)	96
15. Iowa State (8-2)	73
16. Oklahoma City (9-1)	57
17. Memphis State (9-1)	56
18. Wake Forest (8-5)	55
19. Alabama (1) (7-3)	45
20. (tie) Utah (8-3) and Cincinnati (8-2)	45

(Note: Kentucky Wesleyan received two first place votes).

his 10th year at the helm of the Wolfpack, will be counting greatly on the performances of Captain Herb Kaplan and heavy-weight Allen Henery. Henery holds the ACC individual championship in the 177-lb. class. Other members of the Wolfpack varsity squad are Bob Becker, Bob Miller, D. C. Rosser, Doug Clawson, Tony Leone, and Tony Guerrieri.

North Carolina State's remaining schedule is as follows: January: 14, Maryland, away; 18, Carolina, away; 21, Citadel, home. February: 15, Duke, home; 18, Appalachian, away; 28, Wake Forest, home. March: 4-5, Conference championship tournament, Chapel Hill.

## NOTICE

All students interested in participating in track are invited to join the squad which has just started its practice sessions in Reynolds Coliseum. The indoor track schedule includes:

Jan. 21 Washington Evening Star Games  
21 UNC at Chapel Hill  
Feb. 4 VMI Relays  
11 UNC at State Fair Arena  
18 Duke & WF at State Fair Arena  
24 ACC Indoor Championships at State Fair Arena

Please talk with coaches Derr, Little, or Murray at the gymnasium and join the squad.

Signed:

Jim Little

## Army ROTC Benefits Raleigh

The economy of Raleigh is benefited each month to the tune of approximately \$17,800.00 because State College has an Army ROTC Unit. That is the monthly pay roll of the officers and enlisted men detailed by the Army to instruct Army ROTC cadets, and the pay received by 226 advanced course cadets. Those benefiting are house and apartment owners, grocers and other business establishments, as it is estimated that, for other than such items as insurance and sav-

## From the Files

1941

Professor Frank F. Groseclose, former director of the State College co-op work-study plan for the engineering education was forced to give up his position at State and report to Fort Bragg on Dec. 27, for active duty as a Captain in the regular army.

For the winter quarter at State all records were broken with 2300 students enrolling.

ings, the bulk of this amount is spent right here in Raleigh.

Bill Friday, president of the senior class, was selected as senior of the week for his outstanding college work.

State's Red Terriers return home after losses to Davidson and Clemson.

1946

Tau Beta Pi recently elected five top ranking State students to membership in the National honorary scholarship fraternity. Those selected are: Robert W. Kelly, Merrick, N. Y.; Stephen C. Wilbur, Charlotte; John B. Moniz, New Bedford, Mass.; Marvin L. Borum, Greensboro; and John S. Holloway, Raleigh.

Religion and Life Week, held annually on the campus by the College YMCA will begin next week. Meetings and discussions will be held for any and all students.

State plays Duke at home this week. The game follows State victories over Clemson and Davidson.

1951

State students draft status was recently stabilized by the draft board. No student satisfactorily pursuing a full time course may not be drafted until the end of the school year. ROTC will give most students added deferment.

## School Of Education Offers New Courses

North Carolina State College's School of Education will conduct nine courses during the spring semester for the benefit of teachers in Raleigh and vicinity, Dean J. Bryant Kirkland announced yesterday.

"All of these courses," Dean Kirkland explained, "carry graduate credit and may be used for certificate renewal or toward the fulfillment of the requirements of the master's degree."

Teachers may enroll for the instruction on Thursday, February 2, or on the date of the first class meeting.

All classes have been scheduled in the late afternoon or on

vice fraternity, was started recently. Elected as first president was Bob Knoop of Hendersonville.

The Wolfpack, ranked seventh in the nation, is being led by All-America Sam Ranzino. He is sporting a 23 point per game average, and is just 38 points shy of breaking the all time State scoring record. Sam still has 14 games to go.

## Pershing Rifles Accept Thirteen

Thirteen basic Army ROTC cadets of North Carolina State College have been accepted for membership in L Company, Fourth Regiment of the National Society of Pershing Rifles. After demonstrating excellent leadership potential and high esprit de corps and meeting rigorous standards of precision drill, these cadets were accepted as members in the Pershing Rifles in an initiation ceremony conducted by Joe R. Warlick, Pershing Rifles Company Commander.

Students in the group are:

William H. Blankenship, Leard Bernard Bledsoe, Jr., James W. Braswell, John Q. Britt, Jr., John D. Bulluck, William E. Cooper, Olin S. Elliott, Jr., William B. Kay, Fred B. Leggett, John H. Newlin, Jr., Joseph B. Pemberton, Jr., William F. Robertson, Jr. and Titus O. Sills, Jr.

## Employment Opportunities

The Ethyl Corporation has interesting and challenging openings for B.S., M.S. and Ph.D. men in the following fields:

- Chemistry
- Mechanical Eng.
- Civil Eng.
- Chemical Eng.
- Electrical Eng.
- Industrial Eng.

Company representatives will be on the campus on January 16 and 17, 1956 to interview persons interested in these positions.

Contact the University Placement Bureau for further information.

## Alpha Zeta Presents Sophomore Award

Primary elections were held at the weekly meeting of the Ag. Club in the C. U. Theatre Tuesday night. After a brief business session William Dozier, Chancellor of Alpha Zeta, presented one-hundred dollar scholarships to two sophomores in agriculture for outstanding work during their freshman year.

Winners of the scholarships were Wiley Ritter, an Ag. Education major, and B. H. Bannette, Jr., an Agronomy major. These students, selected from the schools of Forestry, Ag. Education, and Agriculture, were chosen on character, personality, interest in campus activities, need, and scholastic average.

## ROTC Names Drill Contestant Winners

The winners of a recent North Carolina State College Army ROTC platoon drill competition have been announced by Colonel Richard R. Middlebrooks, PMST. They are: from the First Battalion of the Army, ROTC Regiment, the Second Platoon of "B" Company led by Cadet First Lieutenant M. B. Grimes, from the Second Battalion, the Second Platoon of "P" Company, led by Cadet First Lieutenant R. C. Pitts, and from the Third Battalion, the Second Platoon of "I" Company, led by Cadet First Lieutenant J. H. Miller.

These platoons competed against all other platoons of their battalion and were awarded first place because of their proficiency in drill movements, their manual of arms, and the appearance of their personnel.

## Student Affairs Bulletin

**All Students: Prepayment of Spring Registration**—The Business Office is in the process of mailing to each student a statement of Spring Term Registration-tuition and fees. This billing has been worked out as a special service to you to avoid standing in long lines at registration time. Follow instructions on statement and send in your payment by mail before you leave the campus. If your bill is not paid, you will not be permitted to register on Feb. 2 at the Coliseum with the rest of the students. You may find yourself inconvenienced and unable to register for the classes you want. Send your check in as soon as you receive your bill.

**Cafeteria Announcement**—The Grill Room in the State College Dining Hall will be open from 9 a.m. until 11 a.m. Pastries, doughnuts and coffee will be served. This service will continue each week, Monday through Saturday.

**Band Concert**—Sunday, January 15, 4 p.m., Pullen Hall, sponsored by Mu Beta Psi. The public is urged to attend.

**Off-Campus Students** interested in playing basketball for a dormitory team, please call the intramural office (4-5211, ext. 218). If you have a team you would like to enter the "Open Basketball League", please come by the intramural office and enter.

**Late Registration Fee**—By action of the Administrative Council, the late registration fee has been set at a flat rate of \$5.00, not refundable. This applies to all late registrations beginning with the spring semester, 1956.

"But Harry, this isn't our baby."

"Shut up, it's a better buggy."

Spring is largely overrated if you are already mated.

## Editing A Newspaper Is Not Easy

Some appear to think that running a newspaper is easy, but from experience we can say that it is no picnic, because readers are hard to please.

If we print jokes, people say we are silly.

If we don't they say we are too serious.

If we clip things from other papers, we are too lazy to write them ourselves.

If we don't we are stuck on our own stuff.

If we stick to the job all day, we ought to be out hunting news.

If we do get out and try to hustle, we ought to be on the job in the office.

If we don't print contributions, we do not appreciate true genius; and if we print them, the paper is filled with junk.

If we make a change in the other fellow's copy, we are too critical.

If we don't we are asleep.

Now, like as not, some guys will say we swiped this from some other paper. And we did.

—Sampson Independent

## AZ Initiates New Members

Twelve top-ranking students at North Carolina State College have been initiated as members of the college chapter of Alpha Zeta, national honorary agricultural fraternity, chapter officers announced yesterday.

Election to membership in the society is regarded as one of the highest honors open to students in the college's School of Agriculture.

Billy Dozier of Raleigh, senior in forestry at the college, is chancellor of Alpha Zeta.

Newly-initiated members are:

Charles James Law, Jr.; Alva Howard Harris; Wilson Lovett; Robert Charles Brooks; Charles A. Jackson; John A. Christian; Joseph Freeman Dickey; Justus M. Ammons; Paul J. Pickenheim; William Carvas Parton; Johnny Eli Winston and Marion Howard Holt.

## George Lincoln asks:

What do  
metallurgists  
do in a  
chemical  
company?

**GEORGE M. LINCOLN, JR.** expects to receive his B.S. in metallurgical engineering from Lehigh University in 1957. George is active in sports, vice president of his junior class, and a participant in many other campus activities. He's starting his employment investigations early, for he feels that the selection of an employer is one of the most important decisions in a man's career.

**CHARLES I. SMITH, JR.** received his B.S. Ch.E. from V.P.I. in 1943, served in the Navy as an engineer officer, and joined Du Pont's Engineering Department in 1946. Since then he has advanced steadily through a number of interesting assignments at various Du Pont plants. Today Charlie Smith is technical superintendent of Du Pont's Newport, Delaware, Plant, Pigments Department.

**Metallurgists and Metallurgical Engineers** can find some of Charlie Smith's challenging new problems described in "Engineers at Du Pont." For a free copy of this booklet write to E. I. du Pont de Nemours & Co. (Inc.), 2521 Nemours Building, Wilmington 98, Delaware.

BETTER THINGS FOR BETTER LIVING . . . THROUGH CHEMISTRY  
WATCH "DU PONT CAVALCADE THEATER" ON TV

## Charlie Smith answers:

They have an almost endless variety of interesting problems to face, George. As a student of metallurgy you know that about two-thirds of all known chemical elements are metals. Many of them are revealing valuable new applications, when highly purified on a commercial scale. Du Pont is greatly interested in several metallic and semi-metallic elements.

My own experience at Du Pont ranges from work on titanium pigments, to metallic titanium production, and to the ultra-pure silicon used in transistors. You can appreciate some of our metallurgical problems when I point out that impurities in transistor silicon have to be below one part in 100 million. That's equivalent to one pound of impurities distributed through a train of ore cars twenty miles long!

Some of our metallurgists carry out fundamental research on new metals, and, in the development stage, they frequently operate pilot plants for producing them. Other metallurgists study problems relating to engineering materials used in construction, carry out research on intergranular corrosion, or investigate fatigue relationships encountered in dynamic, high-pressure operations.

You'll find many challenging opportunities in every phase of metallurgy at Du Pont, George.

## General Electric Offers Fellowships

We are again pleased to call to your attention the announcement of graduate Fellowships offered by the General Electric Educational and Charitable Fund.

Thirty-four (34) of these Fellowships are being offered for the 1956-57 academic year to outstanding students who are initiating or continuing work toward the Master's or Doctoral degree. Of these, 18 are being offered in the Physical Sciences, Engineering, and Industrial Management under the Coffin-Swope-Rice Funds. Under the Owen D. Young Fund 6 Fellow-

ships are being offered in the Arts and Sciences, Graduate Law, and Business. Ten (10) General Electric Fellowships are being offered in the Physical Sciences and Engineering.

These Fellowships will provide, for the 1956-57 academic year, a minimum of \$1,750 for each unmarried Fellow, \$2,100 for each married Fellow with no dependent children, and \$2,500 for each married Fellow with one or more dependent children. From the \$1,200 grant to the institution, which accompanies each Fellowship, tuition and regular fees are payable. Any residue constitutes an unrestricted grant to the college or university at which the Fellow elects to carry on his academic work.

We would appreciate your posting the enclosed announcement, including application form, on the appropriate bulletin board. A list of former Fellowship winners is also enclosed for

your information. Additional copies of both may be obtained from this office.

Give me a drink of wine or gin,  
Or even a glass of beer;  
It's not as soft as a woman's lips  
But a damn sight more sincere.

## Band To Give Concert Sunday

The State College Band will present its first winter concert in Pullen Hall Sunday afternoon at four o'clock. Since the football season, the band has been concentrating on a variety of the best in band concert music, including some of the very latest

in contemporary musical idioms as well as some of the "tried and true" band classics and transcriptions from symphonic and other sources.

Christian Kutschinski and Herbert Fred will share the conductor's podium in this concert,

which is sponsored by Mu Beta Psi, honorary music fraternity, of which Joseph Hall is president. Eddie Avent is president of the band. All students and faculty and staff members and their families and friends are cordially invited to attend.

## Revolution In Home Design Credited To Our School of Design

In its Sunday issue, The New York Times Magazine published a two-page illustrated feature on what it called "a revolution in home design" in Raleigh and credited the change in residential construction to the School of Design at North Carolina State College.

The illustrations used included five photographs and a diagram of the floor plan of the new home of Prof. Eduardo Catalano, acting head of the Department of Architecture in State College's School of Design.

Commenting on the design changes in the Capital City, Mrs. Betty Pepis, home editor of The New York Times Magazine, wrote, in part:

"When Henry Kamphoefner became dean of the school in 1948, he brought with him a group of young men who not only revitalized the curriculum, but contributed to the landscape a number of strikingly modern buildings, both public and private. The citizens have apparently approved the new look, for today hundreds of contemporary houses are scattered about Raleigh and environs..."

Mrs. Pepis recently visited the State College School of Design and several residences in Raleigh to get material for her article.

## Extension Schedules Fourteen Courses

Fourteen different courses, which will attract hundreds of delegates to Raleigh, have been scheduled during the month of January by the North Carolina State College Extension Division, Director Edward W. Rugles reported yesterday.

Among the events set for the college campus in Raleigh are the Nurserymen's Short Course, January 8-10; the Retail Building Supply Marketing Institute, January 9-20; the Pesticide School, January 10-11; the Brick and Tile Short Course, January 16-17; the Pest Control Operators' School, January 17-18; the Plant Nematology Workshop, January 30-February 3; and the 81st class of the Truck Driver Training School, opening January 30.

Also underway this month is the 80th class of the Truck Driver School, the winter term of the Gaston Technical Institute in Gastonia, and a televised series of lectures on solid geometry over WUNC-TV.

Extension Division events scheduled outside Raleigh include a series of night courses in Fort Bragg; Seedman's Short Courses in Wilson, January 11-12, in Asheville, January 18-19, and in Statesville, January 25-26; the Apple Growers' Short Course in Asheville, January 16-17.

## NOTICE

We are now serving a "Tonight Special", Monday thru Thursday, 5 to 8:30—served with hot biscuits and rolls—our pies and cakes are baked on the premises and they "are out of this world." We serve the largest strawberry shortcake in Raleigh. Extra Coffee—Yes!

Come one and all—we will convince you!

## LOCKHEED

AIRCRAFT  
CORPORATION

- California Division
- Georgia Division
- Missile Systems Division

representatives **THURSDAY, JANUARY 19**  
will be on campus **FRIDAY, JANUARY 20**  
to discuss your future in Lockheed's expanding research  
and development. For interview see your Placement Officer

*All three divisions of Lockheed are engaged in a long-range expansion program in their fields of endeavor.*

### California Division activities in Burbank

cover virtually every phase of aircraft, both commercial and military. 46 major projects are in motion, including 13 models of aircraft in production—extremely high-speed fighters, jet trainers, commercial and military transports, radar search planes, patrol bombers. The development program is the largest and most diversified in the division's history.

New positions have been created for graduates in: Aeronautical, Civil, Electrical and Mechanical Engineering and Mathematics and Physics.

### At Lockheed in Marietta, Georgia

new C-130A turbo-prop transports and B-47 jet bombers are being manufactured in the country's largest aircraft plant under one roof. The division is already one of the South's largest industries.

In addition, advanced research and development are underway on nuclear energy and its relationship to aircraft. A number of other highly significant classified projects augment the extensive production program.

New positions have been created for graduates in: Aeronautical, Civil, Electrical and Mechanical Engineering and Mathematics and Physics.

### Missile Systems Division in Van Nuys, California

specializes in the technology of guided missiles. Its research and development cover virtually every field of scientific endeavor, and offer engineers and scientists problems of increasing complexity.

Positions are open for B.S., M.S. and Ph.D. candidates in: Aeronautical, Electrical and Mechanical Engineering and Mathematics and Physics. In addition, a scholarship program leading to M.S. Degrees has been established for those able to qualify for graduate standing.

Separate interviews will be given for each division.  
Your Placement Officer will arrange an appointment for you.

### Square Dance In Union Jan. 20

"Honor your corner lady, honor your tau" will be some of

the popular phrases used at the Anniversary Square Dance scheduled in the College Union Ballroom by the Outing Committee. The Event is scheduled

to get under way at 8:00 p.m. on January 20th.

John Buckner, chairman of the Outing Committee, is hoping that everyone will turn out and

bring their dates to square up for a square or two on this night. Plans are being made by the committee to decorate in fine Western Style and to really have

an old time hoe down, with square dance callers and possibly a string band.

Promenade to the Union on January the 20th.

### Whats New With The C.U.

Thursday, January 12  
7:15 p.m. Ceramics Class, C.U. Hobby Shop.

Friday, January 13  
8:00 p.m. Platter Party. C.U. Snack Bar.

Saturday, January 14  
1:00-11:00 p.m. Movie "The Brave Bulls" with Anthony Quinn and Mel Ferrer. C.U. Theatre.  
8:00 p.m. Cabaret Dance. C.U. Snack Bar.

Sunday, January 15  
2:00 p.m. Record Concert and Commentary. C. U. Music Lounge.  
1:00, 3:00, 7:00 and 9:00 p.m. Movie "The Brave Bulls" with Anthony Quinn and Mel Ferrer. C.U. Theatre.

Tuesday, January 17  
7:30 p.m. Book Talk and Coffee Hour. C.U. Building.

Wednesday, January 18  
7:15 p.m. Handicraft Class. C.U. Hobby Shop.  
7:30 p.m. Model Airplane Club Meeting. C.U. Building.  
7:30 p.m. Square Dance Lessons. C.U. Ballroom.  
7:30 p.m. Duplicate Bridge. C.U. Building.

Photography Competition Exhibits. Started January 3 and will go on until January 20. The prize winning photographs are marked.

"Wild Life Habitat Groups." Exhibited in the C.U. ground floor showcases.

"Wild Life Photography". Exhibited in the College Union second floor south corridor.

Both exhibits on wild life will go on through Saturday, January 14.

Metal Enameling Exhibit will be in the College Union Building's second floor showcase through January 19 (Thursday).

A small number of Student Directories are still available at the College Union Main Desk. All students who need a Directory are advised to get one as soon as possible because all Directories left will be distributed to the next semester's freshmen at Registration line.

General Sturgis, Head of the Corps of Engineers of the U. S. Army will give a talk at 12:00 noon on Thursday, January 19, in the Coliseum.

### Olen Marks Joins Textile Staff

Olen F. Marks, formerly a staff member of the Industrial Rayon Corporation's Technical Service in New York City, has joined the Department of Textile Research in State College's School of Textiles.

In reporting this yesterday, William A. Newell, research coordinator of the college's School of Textiles, said Marks will direct the fabric development and weaving research activities of the department.

A native of Aragon, Ga., Marks also will formally organize and activate a new division of the Department of Textile Research to engage in research and development work on fabric design and development, warp preparation, and weaving.

The new staff member began his career at the Merrimack Manufacturing Company of Huntsville, Ala., and Lowell, Mass. In 1934, he joined the American Enka Corporation in technical service in Enka, N. C., and later in New York City as assistant manager of the Service and Export Departments.

He has been with the Industrial Rayon Corporation in its technical service division since 1947. In addition, he is treasurer of the American Association of Textile Technology and is a member of the American Association of Textile Chemists and Colorists.

# WIN

\$50,000 IN PRIZES

**HURRY! HURRY! HURRY!**  
CONTEST CLOSES JAN. 31ST

# 10 Ford Thunderbirds

PLUS 40 COLUMBIA Hi-Fi Phonographs

FOR THE 50 COLLEGE STUDENTS WHO  
WRITE THE BEST NAMES FOR  
VICEROY'S PURE, WHITE, NATURAL FILTER!

10 Winners! 10 Thunderbirds! Win a fully equipped new '56 Thunderbird! In your choice of colors! Automatic transmission, two tops, power steering, radio, white side walls. Act now and win!

40 Winners! 40 Columbia Hi-Fi Sets! Own America's most exciting Hi-Fidelity Phonograph—the Columbia "360"K—in beautiful Mahogany!

Plus 10 RCA Victor Color TV Sets to the college organizations designated by the 10 Thunderbird winners!

JUST NAME THIS  
AMAZING FILTER!  
THAT'S ALL YOU  
DO TO WIN!

20,000 FILTER TRAPS  
TWICE AS MANY AS THE  
NEXT TWO LARGEST-SELLING  
FILTER BRANDS—FOR THAT  
REAL TOBACCO TASTE!

#### HINTS TO HELP YOU WIN!

You'll think of dozens of names when you read these facts: The Viceroy Filter is the most modern in the world today! Perfected through 20 years of research!

It contains no cotton, no paper, no charcoal, no asbestos, no foreign substance of any kind! Instead, it is made from pure cellulose—a soft, snow-white, natural material found in many good foods you eat.

Only the Viceroy Filter has 20,000 filter traps—twice as many filter traps as the next two largest-selling filter brands! No wonder Viceroy gives you that Real Tobacco Taste!

Name this amazing filter and win! It's easy!

**NO OTHER FILTER LIKE VICEROY!**  
No cotton! No paper! No asbestos!  
No charcoal! No foreign substance  
of any kind! Made from Pure Cellulose—  
Soft...Snow-white...Natural!

It's easy to name this amazing Viceroy Filter when you know what it's made of... why it's superior... why Viceroy gives you that real tobacco taste you miss in every other filter brand!

Remember, the Viceroy Filter is made from 100% pure cellulose—a soft, natural material found in many good foods you eat! There are no impurities in the Viceroy Filter. So naturally it lets the real tobacco taste come through!

Name the Viceroy Filter! Enter this \$50,000 contest, today!

#### JUST FOLLOW THESE EASY RULES!

1 On any plain paper, write the name you think most suitable for the pure, white Viceroy Filter described on this page. It's easy! You can think of dozens of names like "Super-Pure," "Filtron," "Naturale," "Flavor Flow," "Cellultrate," "Twice-The-Traps." You can use one, two or three words. Any name may win!

2 Mail your entry to Viceroy Thunderbird Contest, P. O. Box 6A, Mount Vernon 10, New York. Write plainly or print your name, the name of your college and your mailing address at college! Submit as many entries as you wish—but with each entry include the picture of the Viceroy Filter Tip torn or cut from the backs of two (2) Viceroy packages.

3 Contest open to all students attending colleges and universities in the U.S.A.

4 Contest closes midnight, January 31, 1956. Entries judged by The Reuben H. Donnelley Corporation on the basis of aptness of thought, originality and interest.

5 Prizes listed elsewhere in this ad. Winners of the ten Thunderbirds will also be permitted to designate the school organizations to which Brown & Williamson Tobacco Corporation will award RCA Victor Color TV Sets! Write the name of the organization you want to receive this award on your entry.

## Speeders On Campus To Be Apprehended

It was stated this week by N. B. Watts, that "numerous complaints have been received from students and others concerning the speeding of vehicles on Pullen Road, Dunn Avenue, and Dan Allen Drive."

Speeding is an offense which violates the city and state laws. The student and faculty traffic committees have pointed out in the publication of the College Traffic Rules last September that speed limits will be enforced on the campus by the Raleigh City Police and/or the College Traffic Officer. Violators will be

cited to city court.

In view of the hazard which results from speeding, and in order to protect the pedestrian, student, staff, student wives and children, the city police will be asked to step up their enforcement of the speed limits on the campus.

Many of the violators are not in any way connected with State College, but are those who use our streets to avoid traffic and traffic lights on city streets. In the future, offenders will be apprehended and cited to city court.

### DANCE

(Continued from page 1)

The Leap Year dance will be sponsored by the CoEd Hospitality Committee Friday, February 3, at the College Union Ballroom. Dave Brown will furnish the soothing music by which we will be bewitched. The coeds, will be reinforced by the girls from Meredith, Greensboro College, Womans College, Salem, St. Mary's, Peace, Stratford, Avenet, Randolph-Macon, Rex, State Hospital, and Watts.

It has promise of becoming one of the most pleasant traps of the year, if we co-operate coolly and calmly. The last report that this reporter had was that all female participants had to take a new course Man Catching 501. The requirements for successful completion are suffi-

### Arnold Air Society

The Arnold Air Society announced plans for its annual Pledge Dance and Banquet this week.

The banquet is to be held in the ballroom of the College Union, Saturday night, January 16. Chancellor Carey H. Bostian of State will be the guest speaker.

Following the banquet, a formal dance will be held in the ballroom in honor of the new pledges. Music for the dance will be provided by the Collegians of East Carolina College.

cient and objective use of the lasso, shotgun, handcuffs and ball and chain.

### S. G.

(Continued from page 1)

ice cream is delivered to the Cafeteria by the college dairy.

A resolution was passed to set up a five-man committee to work with Harry Stewart on the Cafeteria situation. This committee will be composed of one Student Government Senator, and four other interested students. The first chairman is Senator George Smart.

**Judicial Board Appointment**  
Kenneth Verble was appointed to the Judicial Board. He is a senior in Civil Engineering.

### TAX LISTING STILL UNDECIDED

(Continued from page 1)

The City Council voted to exempt college students from buying city auto tags at \$1 each when the Police Department asked for a definition of "residence" to enforce an ordinance requiring Raleigh residents to purchase a city auto tag. The city attorney thought students should be required to buy them, but the Council did not agree.

In exempting the students from buying the tags, the Council overrode a recommendation that they should which came from its public works and planning committee — Councilmen John F. Danielson (chairman), Martin K. Green and Charles W. Bradshaw.

The Law and Finance committee voted to have the city attorney prepare a resolution that would allow the City Council to pass over students for tax purposes should the attorney general's office rule that they must list their property for taxes.

Earlier last week Tax Supervisor Glover declared that students must list automobiles regardless of whose name the automobile was in but Attorney Smith corrected the statement. Smith said that the car must be in the students' name.

Last Friday Wake county rejected the tax plan and declared that "they were not allied with the city" in the drive.

## Officers of Dorm. Can Be Frat Men

The Interdormitory Council in an effort to have a true representation of the students of the dormitories has just completed a revision of the presently existing IDC Constitution. One of the major changes is that all residents of a particular dorm, (1) if they have a 'C' average, (2) and if they plan to live in the

same dorm during the tenure of office, (3) regardless of whether or not they are a fraternity member or pledge; they are eligible to be a member of the IDC, and officers of the dorm they reside in.

Fred Joseph, president of Owen Dormitory, was one of the strong supporters for no des-

crimination between fraternity and non-fraternity men in the dorm and on the council. He said he believed a stronger school spirit would be obtained by co-operation between the fraternity and non-fraternity men in the dorm. Craig Barnhardt, president of the IDC, felt that by having the elections open to all, the IDC would be abiding to a decision of the Student Gov't.

Two husbands were talking and the conversation, for goodness sakes, got around to the subject of wives.

"I don't know anything worse," said one, "than letting the little woman find a letter I forgot to mail."

"I know something a lot worse than that," said the other feller. "You do? What is it?"

"Letting her find a letter that you forgot to burn."
