Loan Service

The State College Graduate Dames Club has as a project again this year a Baby Equipment Loan Service for all married students at State College. If you would be interested in borrowing, lending, or donating any baby equipment to this service, please call Mrs. C. W. Alexander, ext. 380—State College, or drop a note to the same at P. O. Box 3332, State College Station, Raleigh, N. C.

Unregistered Vehicles

All students are reminded that there is a \$10.00 fee for unregistered vehicles. Stickers may be obtained in N. B. Watts office, 12 Holladay Hall, at any time.

Cycle Movies

Movies of the Michigan Jackpine Endurance Run and the Laconia, N. H. 100 mile National Championship Road Race will be shown in the College Union theater Monday, February 13, at 7:15 p.m. These events are two of motorcycling's most exciting competitions.

Everyone interested is cordially invited to attend.

YMCA Movie

The State College Christian Fellowship will show an interesting and informative movie on fulfilled prophecies in the Bible. The movie will be shown on Friday, February 10 in the Faculty Club Room in the YMCA at 7:15 p.m. All students and faculty members are invited to come.

Senator Wayne Morse

Senator Wayne Morse will speak at Carolina on Thursday night, February 16, at 8 p.m. in Hill Hall.

The speech is open to the public at no charge. Guests are also invited to attend the reception following the Senator's speech.

The program is sponsored by The Carolina Forum.

240 Companies Plan Interviews With Engi. Seniors

Approximately 240 companies and government agencies will send representatives to interview School of Engineering seniors at North Carolina State College from January through April of this year.

Mrs. Marie P. Wieker, director of placement for the college's School of Engineering, announced that this is better than a 20 per cent increase over the number of companies who sent interviewers last year.

Among the industries represented in this group are tobacco, electrical utilities, electronics manufacturing, construction, textile, aircraft, automotive, shipbuilding, chemical and furniture firms.

This year's senior class in engineering has about 250 members. Of this number, some will enter graduate school or military service. Mrs. Wieker reported, "For the remainder of the class the demand is high. However, the seniors are not taking employment for granted. They are eager to talk with the companies."

S. G. Approves Calendar Paving To Begin Soon Student Supply Profits . . . Three Way Split Voted

At the last meeting of the Student Legislature before the semester break, several matters of interest to the students were discussed. Among the items were the 1956-1957 school calendar, the paving of parking lots, and the profits of the Student Supply Stores.

School Calendar

School will commence next fall on September 10 and the upperclassmen will return on September 15. Christmas vacation will be nineteen days long—from December 15 through January 3—and there will be a four-day break between semesters. Spring vacation will start on April 17 and end on April 25—a full week. Spring semester will terminate on May 30. This calendar was approved unanimously by the Legislature. (Since the meeting the Administration has given official notice that the calendar as modified and approved by the Legislature and the Faculty Senate will be accepted and followed.)

Student Supply Profits

John Arnold, speaking for the

College Calendar Policy Announced

Practically everyone connected with State College has put their stamp of approval on a set policy for formulating the college calendar in the future.

Last month the Faculty Senate, Student Government, Administrative Council, and the Dean of the Faculty, J. W. Shirley approved the two-page policy for both Summer sessions and regular sessions. If the policy is followed there will be no Saturday classes during summer school.

"The normal semester should include as close to 90 academic days as possible," recommends the policy. The 90 days would include days of registration and examinations, but they would not include days of testing, counselling, or orientation.

To insure Saturday classes it is suggested that a balance should be maintained between the fall and spring semesters, and in the number of MWF and TTS class periods.

A suggestion that possibly grew out of the hub-bub over Christmas vacations beginning too close to Christmas last year is that "Holiday periods should recognize student work periods and laboratory schedules."

The recommended holiday periods are:

a. Thanksgiving—to start at noon on Wednesday before Thanksgiving and to last until the first class period the following Monday morning.

b. Christmas—should allow a full week before Christmas for students to work, and should last until after New Year's day. Students should not be expected to drive back to college in New Year's traffic. The length of this vacation will depend upon what day Sunday and New Year's comes; adjustments can be made at the start of

(See CALENDAR, page 9)

Promotions Committee, proposed a resolution on the Student Supply Stores profit split which was passed by the Student Legislature. The resolution called for 57.5% of the profits to go for athletic scholarships, 37.5% to go for non-athletic scholarships, and 5% of the profits to be used by the Student Legisla-

(See S.G., page 7)

Air Force Rifle Team Enters Tournament

North Carolina State College's Air Force ROTC Rifle Team is preparing to enter the annual North Carolina ROTC Invitational Rifle Tournament in Greensboro Saturday, February 25.

Members of the N.-C. State AFROTC team are John M. Kake, Charlotte; Carl M. Penny, Warwick, Va.; Robert S. Warnick, Reidsville; Thomas Dixon, Reidsville; Thomas Hoose, Charlotte; Thomas Bost, Newton.

The students are being coached by Capt. Jim Osborn and M/Sgt. John Neal, who describe the team as "the best group to represent the Air Force from State College in recent years."

In addition to N. C. State, ROTC rifle teams from the University of North Carolina, Duke University, Wake Forest College, and A & T College in Greensboro will also compete in the rifle event.

Friday, Feb. 17

C. U. Sponsors Calypso Carousel

The Calypso Carousel will appear in Pullen Hall, at 8:00 p.m. on Friday, Feb. 17, sponsored by the College Union Theatre Committee.

These Carib Singers are a group of singers, dancers and musicians organized to bring to Americans the great but neglected folk music native to the Caribbean Islands. In the not too distant past, in islands such as Jamaica, Trinidad and Martinique, the interior population had little chance to know what was happening except through the calypso singers. Like the troubadours of the

middle ages, they travelled from one small community to the other, telling in song, the news of the outside world and the little homey happenings from all over the island.

No occurrence was too trivial to escape these primitive story tellers. A tragic note is struck in the story of a murder in the market place where many years ago, a man named Payne was killed by his wife, as explained in "Stone Cold Dead in the Market". Such happenings as these are all made subjects of stories in song.

(See CALYPSO, page 12)

Ticket Book Policy Admits Dates, Wives On Student Tickets

The Office of Student Affairs reminded students this week that, due to the recent change in policy at the Coliseum, it is now possible for students to take their dates and wives to the ball games using the ticket books of their friends, room-mates, or fraternity brothers. As was pointed out in an earlier release, this does away with much of the bother and a great deal of the expense involved in getting a date in the games in the past.

The Coliseum Box Office released dates for picking up tickets for the reserved seat Duke, Carolina, Maryland and Wake Forest games.

Duke, Maryland Games

Tickets for the Duke and Maryland games, to be held February 14 and 18 respectively, may be picked-up from 9:00 to 4:30 beginning the 8th of February through the 13th. Tickets for the Carolina and Wake Forest games will be picked up at the same hours from the 15th until the 20th of February.

The Box Office also announced that they will hold 5500 tickets for students and their dates and wives. They urged that the students who are worried about "sell-out" notices in the paper should check the Coliseum anyway, as there will probably be student tickets remaining.

An explanation was made of the necessity for students signing their student books as they picked them up at registration. Last semester, it was revealed, there were many more books out than there were students enrolled. This represents a tremendous loss to the Athletic Department. The signing was adopted

Social Fraternities Welcome Visitors

North Carolina State's seventeen social fraternities will hold open house at their respective chapter houses for visiting on the nights of Thursday and Friday, Feb. 9 & 10 and on Saturday afternoon February 11.

Henry Pickett, IFC president, revealed that visiting hours to be observed are tonight from 7 until 10 p.m. and Friday night from 7 until 12 p.m. and from 12 noon until 6 p.m. on Saturday afternoon.

The main purpose for these visiting days is to afford any non-fraternity man at State College the opportunity to visit the college's fraternities at a time when they would be opened.

All Houses Are Open

The Inter-fraternity Council hopes that any student who may be interested in joining a fra-

ternity now or in the future take full advantage of these visiting days. Students are reminded that they do not have to receive individual invitations from the respective house in order to visit with them. All the chapters are open to any interested individual.

Visit Several Houses

There is no regulation as to how long a visitor can stay at any one house but they are encouraged to get around to as many of the different houses as possible.

All non-fraternity men, freshmen and upper-classmen included, are cordially invited to visit the fraternity houses. A map showing the location of the houses is on page 9.

as one aid in stopping the previous issue problem of the over issue problem of the previous semesters.

Another big Consolidated University Day has been planned by the Consolidated University Student Council at Carolina this Saturday, February 11. In conjunction with the Graham Memorial, a full program of activities has been planned beginning at 3:00 p.m.

The kick-off will be a reception at the Graham Memorial at 3:00. The young ladies from the Woman's College are scheduled to arrive at that same time by bus from Greensboro.

Following the reception, the Graham Memorial will present its "Toast of the Town", a talent and general entertainment show featuring the outstanding talent at Carolina. This show, according to Luther Hodges, Jr., President of the CUSC, will be "fine entertainment for all the visitors and the Carolina students

too." It will conclude at 6:00 p.m.

A dance has been planned for all guests and students from 7:30 to 11:00 in the social room in the basement of Cobb Dormitory. This has been specified as informal. However, in the past coats and ties have been the order of the day.

Ed Rose, chairman of the State CUSC delegation, urges everyone to go. "There will be plenty of girls from WC and those CU days have really been great in the past," Rose commented.

CUSC President Hodges stated that there will be a meeting of the Consolidated University Council in the Morehead Planetarium at 2:00 p.m., prior to the beginning of the afternoon's activities.

IDC To Sponsor Contest

The IDC will soon have its revised constitution completed, and a committee was established to investigate the possibility of a contest to obtain a suitable design for the cover of the constitution booklet. Further information will be given to the Technician as soon as it is available.

At the last meeting shingles were given to each IDC member.

IDC Plans Four Functions

Owen Open House

Owen dormitory will have an open house for all members of Owen Dormitory. Fred Joseph, president of Owen, stated the purpose of the open house is to introduce the host and hostess of the dormitory to the residents. The time set for the event is Thursday night at 8. It will last until 10. Mr. and Mrs. Bob Riggs the host and hostess of Owen and are formerly from Pochontas, Arkansas.

Church For Dorm Students

The IDC voted in favor of sponsoring a special emphasis Sunday every month. The action was taken as a result of the successful GO - TO - CHURCH Sunday which Owen Dormitory sponsored last month. Fred Joseph stated that 320 students went to church out of the 500 students of Owen dorm on the Sunday which they put special emphasis. The council voted in favor of the fourth Sunday in every month as this special and urges every student to attend the church of his choice.

Syme Dorm To Give Dance

The Syme Dormitory social director, Freeman Dickey, has announced a dance will be given for the residents of Syme Dorm this Saturday. The music will be provided by the Tam Linbille Sextet. The Pullen Recreation center will be used as the dance hall from 8 to 11. The dance will be semi-formal, stag, or drag and will cost one dollar.

EDITORIAL COMMENT:

Visiting Days

It is with great pleasure that we note the second semester visiting days set aside by the Interfraternity Council for the end of this week.

The fraternity system at State is launching a period of great potential expansion in the near future with the proposed building of the new fraternity row. This expansion will make it mandatory that the fraternities increase their membership in order to support the program, both financially and "volume-wise".

State at present is sadly lacking in fraternity participation. There are only about five or six hundred men in fraternities and only 30 per cent of this year's freshman class even expressed an interest in the fraternities. This situation is not normal and, in our opinion is not healthy. Other schools of State's caliber and standing have 80 per cent or 90 per cent of their student body active in the social fraternity system. Their organized student spirit and support are also at a much higher level than State's.

The visiting days tonight, tomorrow night and Saturday afternoon are a step in the desired direction. If the non-fraternity men who are interested will visit the houses this weekend, they will find a warm welcome. It has been pointed out by the IFC that no formal invitations will go out except to men who are already known members of a fraternity. They are eager to point out that this should not deter anyone who is interested in pledging and wishes to drop in during visiting days.

GTL

Registration

Practically everyone seemed to agree after they were in the Coliseum last Thursday that registration was painless.

Several students made the comment that after they reached the inside of the Coliseum it only took them 20 or 30 minutes to complete registration. Several departments, however, did not have sufficient personnel at registration—particularly the Design School—to register students with the speed that most departments did.

The reason for the outside line during the morning was apparently due to the desire of most students to register first—with good reason. The old saying that "the early bird gets the worm" couldn't be truer than during registration. A student who goes over to registration after lunch is more than likely to find a complete roster revision necessary.

The alphabetical system of providing a steady flow of students into the Coliseum is not a very equitable method or a very suitable one. A much more equitable system of saying who goes first would seem to be a system that has been used here before—stamping a number on the permit to register in the order that it is picked up and allowing students to enter the Coliseum on the basis of the number they have on their permit to register.

What Others Are Saying

A Statement Of Policy

Working during those quiet days of final exams, a group of students has moved for a special election to recall The Daily Tar Heel's editors. The Daily Tar Heel has not "represented" student opinion:

In view of this move, it seems necessary and appropriate to state once again this paper's policy. It is not a new policy. Every editor of this paper—and most other papers—has taken the same position.

Before the present editors were elected, the students were presented these views and clearly told what the editorial policy would be.

We quote from this statement, which appeared in the paper last March before the election:

While the news pages and letters-to-the editors column are designed to reflect student opinion, we do not believe that the editorial columns should necessarily mirror the prevailing opinions on campus. Constant agreement is dull. We will attempt to put out a newspaper which will stimulate opinion, challenge unjust prejudices . . .

This has been—and always will be—our policy.

LITTLE MAN ON CAMPUS

By Dick Bibler

12 or more people are interested in taking a particular course which is not included, the Extension Division will attempt to make arrangements to include such a course.

Details on the courses may be obtained by contacting the Extension Division, State College, Raleigh.

Following is the schedule for the week of all classes beginning at 7 p.m.:

Monday: Principles of accounting II (3 credits), Room 9, Peele Hall; Engineering mathematics (4 credits), Room 214, Peele Hall; elementary French (3 credits), Room 212, Peele Hall; and weather (2 credits), Room 119, Riddick Building.

Tuesday: Painting, Room 210, Brooks Hall; drawing, Room 211, Brooks Hall; industrial arts, Room 8, Tompkins Hall; Russian history (3 credits), Room 106, Peele Hall; elementary Spanish (3 credits), Room 211, Peele Hall; elementary Russian (3 credits), Room 212, Peele Hall; introduction to psychology (3 credits), Room 113, Tompkins Hall; social psychology (3 credits), Room 112-A, Tompkins Hall; delinquency in crime (3 credits), Room 201, Peele Hall; and public speaking (3 credits), Room 107, Winston Hall.

Wednesday: Industrial arts, Room 8, Tompkins Hall; creative writing (3 credits), Room 6, Winston Hall; elementary German (3 credits), Room 212, Peele Hall; and improvement in reading, Room 111-B, Tompkins Hall.

Thursday: Painting, Room 210, Brooks Hall; photography, Room 9, Ricks Hall; work simplification for the home, Room 322, Riddick Building; and contemporary family life (3 credits), Room 210, Peele Hall.

In addition to the classes starting at 7 p.m., a class on filing individual income tax will start Monday at 7:30 p.m. in Room 18-A of Patterson Hall, and a class on blueprint reading will begin Monday at 7:30 p.m. in Room 220 of the Riddick Engineering Laboratories Building. A welding class is scheduled

gineering mathematics, elementary French, German, and Spanish, introduction to psychology, improvement in reading, social psychology, delinquency in crime, contemporary family life, and weather.

Tuition fees and credit hours vary according to the courses. Most classes will meet once a week from 7 to 10 p.m. for the duration of the course.

Classes with less than 12 students may be cancelled by the Extension Division. Likewise, if

ONE NICE THING ABOUT THIS COURSE—YOU ONLY HAVE ONE TEXT TO BUY.

22 Evening Classes Begin This Week

A new series of 22 evening classes will begin at North Carolina State College this week.

In announcing final plans to offer the courses yesterday, Director Edward W. Ruggles of the college's Extension Division said the classes were arranged for the special benefit of persons residing in Raleigh or in commuting distance of the Capital City.

Six avocational courses are included. They are painting, drawing, industrial arts, individual income tax, photography, work simplification for the home, arc welding, and blueprint reading.

College-credit courses to be offered are principles of accounting, creative writing, public speaking, Russian history, en-

Carolina and Wake Forest ducuts can be gotten starting Wednesday the 15th through the 20th . . . you must have student ticket book with you. . .

WRESTLING: State varsity wrestling team journeys to Duke Saturday to meet the Blue Devils in a conference scrap. . . Captain Herb Kaplan is still undefeated in 4 matches. . .

FOOTBALL: Its all but official now Coach Earle Edwards will be offered a new five-year contract at \$12,000 a year, plus several other grants which will be released to the public later this month . . . the athletic council had high praise for the work Edwards and his staff are doing . . . rumors are still flying as to whether Duke and State will meet in football in '57, the year State will have its best team in a decade . . . Roy Clogston, athletic director, says definitely that the two rivals will meet for the next four years, which includes '57 **SHORT STUFF:**

Eddie Franz of Charlotte, who was a freshman quarterback on the 1952 Wolfpack football team, is back from the Army and has re-entered school. He will be a candidate for the 1956 eleven, along with Bob Paroli, a tackle.

SELL OUT!—The "big" game will be played before a sellout crowd. That announcement was made today by Graham Campbell, Coliseum box office manager, who said that all tickets for the State-Carolina basketball game Feb. 21 have been sold except for student tickets.

CLIFF HAFER
North Carolina State Forward

Cliff Hafer Earns Start. Nod For Pack

By Bill Hensley

A loose-jointed forward, who almost quit the North Carolina State basketball team last year because he didn't get to play enough, is making tremendous strides toward future stardom.

The player is Cliff Hafer, a 6-foot-4 junior from Middletown, Ohio who has been one of the Wolfpack's most dependable performers this year.

Hafer, who resembles comedian Jerry Lewis, is no comic on the basketball court. But he can laugh, and then shudder, over the decision he was faced with a year ago.

"I live and breathe basketball," the sharp-shooting Ohioan said recently, "and I wanted to play all the time. Last year the team had Ronnie Shavlik and Phil DiNardo at forward and I couldn't break into the lineup. I thought I wasn't good enough

State Host to South Carolina Sat.; Duke Tuesday

North Carolina State's fourth-ranked Wolfpack opens a five-game home stand Saturday night against South Carolina's improved Gamecocks.

Coach Lee Terrill's freshmen, winner of four straight, will take on the Norfolk Navy Air Station in the preliminary beginning at 6.

Following the Saturday night clash with the Gamecocks, State plays host to Duke, Maryland, North Carolina and Wake Forest in conference battles.

The Wolfpack will carry a 17-2 record against South Carolina. The Gamecocks are 6-10 for the year but meet Wake Forest before invading the Coliseum.

Coach Frank Johnson's South Carolinians boast two players who rank second in the ACC in two departments. Forward Grady Wallace is second in scoring with a 23.8 mark, and center Lee Collins has grabbed 18 rebounds per game to place behind State's Ronnie Shavlik, who is setting the pace with 19.7.

The game is the second of the season between the two schools. State, paced by Shavlik's 28 points, knocked off the South Carolinians 90-66 at Charlotte.

to make the team so I almost quit."

"I told him not to be discouraged," Case said, "and explained that he was just a sophomore with two full years ahead of him. He saw my point and continued to work hard all season, playing a big part in our bench strength."

Hafer is fourth in the State scoring column with a 10.7 average and he's third in rebounding with a 5.7 mark. But statistics don't tell of two games he won with his clutch shooting.

Cliff, who is handy with a fly rod as well as a basketball, personally defeated Wake Forest in the Dixie Classic by dumping in 20 points, eight of which came in the final three minutes. He also scored the points which kept a Maryland rally from overtaking the Pack.

"The Greyhound," a nickname he earned because of his unusual speed, led his high school team to two state championships with the same accurate one-hand shot he uses at State. He made All-State in football as well as basketball in high school.

-Frosh Baseball- Are You On A Team?

All freshmen interested in trying-out for the freshman baseball team are asked to meet at the gymnasium at 7:00 on Thursday evening, February 16. The schedule for the freshman team will consist of 12 games, four each with Duke, Carolina, and Wake Forest. All positions on the squad are wide open and freshmen with either high school or Legion experience are urged to attend this meeting.

Jim Edwards
Freshman Coach

Important notice to all students interested in taking part in intramural athletics. If you are interested in playing handball, table tennis, swimming or basketball, please contact the athletic director of your dormitory or fraternity. There are 49 basketball teams playing every week and the table tennis and handball teams begin competition, Monday February 13. If you are interested in swimming our intramural swimming meets are scheduled for February 15, 22 and March 7.

Wolfpack Gets Scare From Virginia By One Point, 77-76 State Sports 17-2 Record But Still Ranked Only Fourth

North Carolina State's fourth ranked Wolfpack after dropping a 73-69 decision to Carolina has copped five victories in a row at the expense of St. John's, William & Mary, Clemson and Virginia twice.

William & Mary
State had little trouble outclassing W & M 90-71 for their 13th victory of the year. The Pack had a 46-33 half-time lead. Vic Molodet led the scoring with 19 while W & M's guard Dick Savage tallied 27.

St. John's
North Carolina State was forced to overcome a two point halftime deficit before downing St. John's University 82-70 here before 7,000 fans. It was State's 14th win of the season against only two losses.

St. John's took an early lead midway during the first half and coasted to a 32-30 halftime lead. State stormed back after the intermission to regain the

lead, but the visitors from Brooklyn never gave up and stayed within three points of the Pack throughout the second half.

Clemson
All-American Ronnie Shavlik tallied 30 points to lead State's Wolfpack to a 105-88 Atlantic Coast Conference victory over Clemson College in a conference game. It was State's 15th win of the season against two losses.

Virginia
State had little trouble downing the University of Virginia at the Reynolds Coliseum but upon journeying to Virginia the nationally ranked Pack sneaked home with only a one-point 77-76 conference victory.

J. Paul Sheedy* Had A Hangdog Look Till Wildroot Cream-Oil Gave Him Confidence

Poor old mangy Sheedy was hounded by a lack of confidence! Every girl he talked to told him he was barking up the wrong tree. "Fido 'nt get a date pretty soon," he howled, "I'm gonna flea the campus and go home to mutter." Then he got wise to Wildroot Cream-Oil. Now he has confidence in any situation because his nose his hair looks healthy and handsome, the way nature intended... neat but not greasy. Contains the best of Lanolin, the very best part of Nature's finest hair and scalp conditioner. Get yourself a bottle or tube of Wildroot Cream-Oil, America's biggest selling hair tonic. It gives you the confidence you need to be a gay dog.

NEEDED!... An Editor For Next Year's Student Directory

From the Files

1941
It was announced this week that the new laundry will open in the fall.

Herbert Robertson, State student, won the local Golden Gloves title for light heavy-weights. Billy Burgaw, only other State entry, was knocked out in the first round.

On February 7, the faculty approved a new cut bill proposed by the Student Government. The long awaited bill provides ten cuts per term for juniors and seniors.

1946
The administration expects State enrollment to reach 3,000 students for the spring term.

It has been found that over half the present students at State College are veterans of World War II.

State's Red Terrors meet Wake Forest this week in the gym.

State lost to Duke 56-33 earlier this week.

1951
Charlie Deese was awarded a watch by Dean Lampe for hav-

If you are interested in being Editor of the Student Directory published by the College Union please make applications prior to February 15, 1956 in the Activities Office of the College Union. The Board of Directors of the College Union will meet on February 16, 1956 and will discuss the publication of the Student Directory and possibly choose an Editor for the publication of next year's directory. There is a possibility that the job may be a paying position. If you are at all interested please contact the College Union Activities Office.

ing a straight A average for 3 years work.

L. L. Ivey, Supply Store manager, was questioned by the Student Government on prices and policies of the stores.

They wanted a formal wedding, so they painted the shotgun white.

A rolling stone gathers no moss, but it gets damn smooth.

He took the girl out in the night air and mist,

"There's a woman peddler at the door, Jim."
"Show the man in and tell him to bring his samples!"

I had sworn to be a bachelor
She had sworn to be a bride,
I guess you know the answer—
She had nature on her side.

Set your own "growth pattern" at MELPAR...

*and Live in the National Capital Area,
The Nation's Finest Community*

Have you been asking these questions about your future?

If so, we think our answers may be of interest to you.

QUESTION: Where can I find an opportunity to apply my knowledge to challenging problems and gain recognition and tangible rewards right from the start?

ANSWER: Melpar, unlike a number of organizations, puts recent graduates to work at once. You will work as a member of a small, well-integrated project team. In this way your individual achievements are quickly recognized.

QUESTION: Will I enter Melpar as a trainee, or as a full-fledged engineer?

ANSWER: At Melpar we believe graduates are ready to assume responsibility. As a member of a project team you will be given problems you are equipped to solve; at the same time you will acquire knowledge and experience through association with men of advanced learning.

QUESTION: What are the opportunities for advanced study at Melpar?

ANSWER: You may take advantage of our many graduate, fully accredited in-plant courses, or enroll for study at one of the several fine universities in the Washington Area.

QUESTION: What are my chances for advancement at Melpar?

ANSWER: Melpar has doubled in size every 18 months during the past 10 years. We maintain a policy of encouraging our men by internal promotion. Melpar will seek outside engineering ability if it can be found within the organization. Periodic salary reviews are made every 6 months.

QUESTION: If I join Melpar can I be assured that high calibre research facilities are available to me?

ANSWER: Yes. Our laboratories are ultra-modern in design and encompass over 265,000 square feet. The most up-to-date facilities for research and testing are at your disposal.

QUESTION: Why is the Washington D. C. Area considered the Nation's finest place to live?

ANSWER: Because it enjoys the nation's highest per capita income; has a climate that permits outdoor recreation for 215 days of the year; is free of heavy industry; virtually depression-proof; and rich in research, cultural and recreational facilities. Melpar is located in suburban Fairfax County, only 10 miles from the Nation's Capital. Housing is reasonable and plentiful.

QUESTION: In what fields are research and development being carried out at Melpar?

ANSWER: Network Theory • Systems Evaluation Microwave Technique • UHF, VHF or SHF Receivers Analog Computers • Magnetic Tape Handling • Digital Computers • Radar and Countermeasures • Packaging Electronic Equipment • Pulse Circuitry Microwave Filters • Flight Simulators • Servomechanisms • Subminiaturization • Electro-Mechanical Design • Small Mechanisms • Quality Control and Test Engineering.

**Melpar Representative on Campus

YOU CAN GO PLACES IN NATURAL GAS

In the past 10 years, natural gas consumption for home and industry has more than doubled... and it's still growing! If you have a technical background... if you have leadership potential... then perhaps you have a future in one of America's fastest growing industries.

The COLUMBIA GAS SYSTEM's 14 operating companies serve natural gas to consumers in seven mid-Appalachian states. Each Group of companies within the System conducts its own technical training program of from 28 to 40 weeks. Subjects include underground storage of gas, production, transmission, distribution and many other gas operations.

COLUMBIA's liberal employee benefits have helped establish a reputation for long employee service and promotion from within. If you are a chemical, civil, electrical, mechanical or petroleum engineer, our representative would like to talk with you.

He will be on your campus

February 14

THE COLUMBIA GAS SYSTEM

Major General Matthew K. Deichelmann

Deichelmann at C.U.

Major General Matthew K. Deichelmann, Commandant of the Air Force ROTC, with Headquarters at Maxwell Air Force Base, Alabama has accepted an invitation extended by the Arnold Air Society of the Cadet Wing of the AFROTC Detachment at N. C. State College to speak before a State-wide meeting of Arnold Air Units on Thursday, February 16, 1956. The meeting is to be held in the College Student Union Building on the State College Campus at 7:30 p.m. and will be precluded by a dinner honoring the General and Spon-

sored by the State College Chapter of The Arnold Air Society. In addition to the Arnold Air Members and the Professor of Air Science from Duke, UNC, East Carolina, and A & T of Greensboro, the guest list will also include, accompanying officers from Headquarters, AF-ROTC, N. C. State College officials and staff members of the State College Department of Air Science. General Deichelmann will arrive at the Raleigh-Durham Airport Thursday morning, February 16th, and will be met by Colonel James F. Risher, Jr., Professor of Air Science at (See DEICHELMANN, page 8)

Good Design Show At CU On Friday

The formal opening of the North Carolina Good Design Show will be held at the N. C. State College Union February 10, at 8:00 p.m. This is first in a series of yearly exhibitions to stimulate interest among North Carolinians regarding quality design in our State.

Numerous manufacturers from the varied industries of the State have entered displays—among which textiles, furniture, aircraft, and ceramic producers are represented. Such interesting exhibitions as the Benson Aircraft Corporation's glider copter and the Chatham Manufacturing Company's exhibit on automotive fabrics will be shown.

The show is the result of extensive planning on the part of the College Union Gallery Committee, headed by John Peterson. Faculty and staff advisors for the group are Leslie Lasky, of the State College School of Design, and Mrs. Margaret Williams, of the College Union Staff. Members of the committee include Earl Kai Chann, of New York City; David S. Phelps, of Gatesville, N. C.; Robert Tucker, of Gastonia; Robert Chagnon of Greensboro; John Everette, of Rocky Mount; and Larry Ellis of Raleigh.

Notice! Job Seekers

The initial impression a student makes at an interview with a prospective employer usually determines his chances of securing employment.

Tonight at 7:30 p.m. the College Union Hospitality Committee is sponsoring a talk entitled "Business Manners" in Room 248-250 of the C. U. Building.

The talk is to be given by Mrs. Marie Wicker of State College and Mr. Emmett Fontaine, personnel manager of Hudson-Belk. The two will present employers' views concerning the correct manners, dress, and information needed for a job interview.

S.G.
(continued from page 1)
ture "for the betterment of Student organizations and college property."

Paving Program
The Campus Welfare Committee submitted a report on the proposed paving of parking areas. The funds for this paving come entirely from traffic and parking tickets given on the campus; these funds now total \$6,500. Work will begin on the dormitory lots no later than March 1. Dean Stewart is attempting to secure additional funds for the paving program at the present time.

The National Student Association will hold their annual convention here at N. C. State on

April 19, 20, and 21. Our Student Government is affiliated with the N.S.A. and is very happy that they have decided to hold their convention in Raleigh.

Tax Situation—Settled
The tax situation has been settled and the students at State will not have to pay the proposed additional taxes. In view of the work done on this matter, a motion was made by J. W. Lazenby and passed by the Legislature that: "The administration and especially Dean Stewart be commended and thanked for their very able handling of the Raleigh City and Wake County tax situation and: That the student body be commended and thanked for refraining from immature actions regarding the tax situation."

State College; Major Mack White, Advisor to the N. C. State College Chapter of the Arnold Air Society and the N. C. State College Arnold Air Commander, Cadet Lt. Col. Joe Hatcher.

At 12:00 o'clock on Thursday, The Cadet Wing, one-thousand men strong, will honor the General with a parade and review, with a "Marching Airmen" performance climaxing the event.

Subsequent to the review, General Deichmann, N. C. State College Officials and other visitors will be the guest of Colonel Risher at lunch at the Carolina Country Club. During the afternoon the General will meet with College and AFROTC officials for a briefing on the activities of the Cadet Corps.

EGYPTIAN STUDENT

"Thank You" Party Honors Professors

A graduate student in Experimental Statistics, A. R. Khalil, gave a "Thank You" dinner party in the College Union Ballroom on Tuesday, January 14, in honor of all his professors at State College and at the University of North Carolina, all members of the Institute of Statistics, and his friends in North Carolina. One hundred and thirty guests were present.

Both Governor Luther Hodges and the Ambassador of Egypt to the United States were invited but neither was able to attend because of previous engagements. Guests of honor were: Dr. J. Harris Purks, Dr. and Mrs. C. H. Bostian, Miss Gertrude M. Cox, Dr. and Mrs. D. W. Colvard, and Dr. and Mrs. D. B. Anderson.

After a turkey dinner, Dr. Khalil gave a short talk about his appreciation for the help he had received from his professors and friends. Dr. Purks delivered to the host a message from Governor Hodges appointing Dr. Khalil as Ambassador of Good Will to the State of North

Carolina. Dr. Bostian spoke on the uniqueness of the event.

In conclusion—Dr. R. J. Monroe presented to Dr. Khalil a box with 87 gifts from all the guests. The gifts represented all the States in the Union.

Dr. Khalil, an Egyptian University lecturer, started his graduate work in Alexandria University, Egypt, in 1946, where he was a member of the University Union. He continued his studies at Cambridge University, England, till the end of 1950. He was a member of the Cambridge Union Society, Hon. Secretary of the Cambridge Pharoahs Club, and a member of Fitzwilliam House. He arrived in this country in January 1951 to study Statistics at State and U. N. C.

Dr. Khalil received his M.S. in June, 1953, and his Ph.D. in January of 1956. He is a member of the Biometrics Society and American Statistical Association. His plans call for returning to Egypt this month, where he will work for the Egyptian government.

Dave McGinnis asks:

Does Du Pont Have Summer Jobs for College Students?

C. David McGinnis will receive his B.S. degree in mechanical engineering from the University of Texas in June 1957. Currently, he's senior manager of men's intramural sports and a member of the Delta Upsilon and Phi Eta Sigma fraternities at Texas.

Ivar A. Lundgaard answers:

Ivar A. Lundgaard obtained two degrees, B.S. in Ch.E. and A.B. in economics, from the University of Rochester, and joined Du Pont's Photo Products plant at Parlin, N. J., in 1942. Later that year he became a shift supervisor and was promoted steadily thereafter. By 1951 he was Production Superintendent at Du Pont's Rochester plant. Today Ivar is Polyester Department Superintendent at Parlin, well able to speak about Du Pont employment policies out of his own experience and observation.

Yes, Dave, the Du Pont Company regularly employs students of science and engineering in its *Summer Technical Training Program*. The chief purpose is to provide good technical training under industrial conditions. And we learn about the students while they learn about us.

Students selected for the program after campus interviews include candidates for the B.S., M.S., and Ph.D. degrees. Assignments are related to their academic interests. Last summer 270 students from 93 institutions participated in the program. In this way, ties are often established which can lead to permanent employment after graduation.

In addition, many other students are hired directly by individual Company units to help out during vacation periods of our regular employees. For this "vacation relief work," assignments are likely to be varied; but these students also gain valuable insights into industrial practice, and many acquire experience related to their fields of study.

Altogether, about 750 college students, from both technical and nontechnical fields and at all levels of training, obtained experience with us during the summer of 1955. So you can readily see, Dave, that the Du Pont Company attaches a lot of importance to summer jobs for college students.

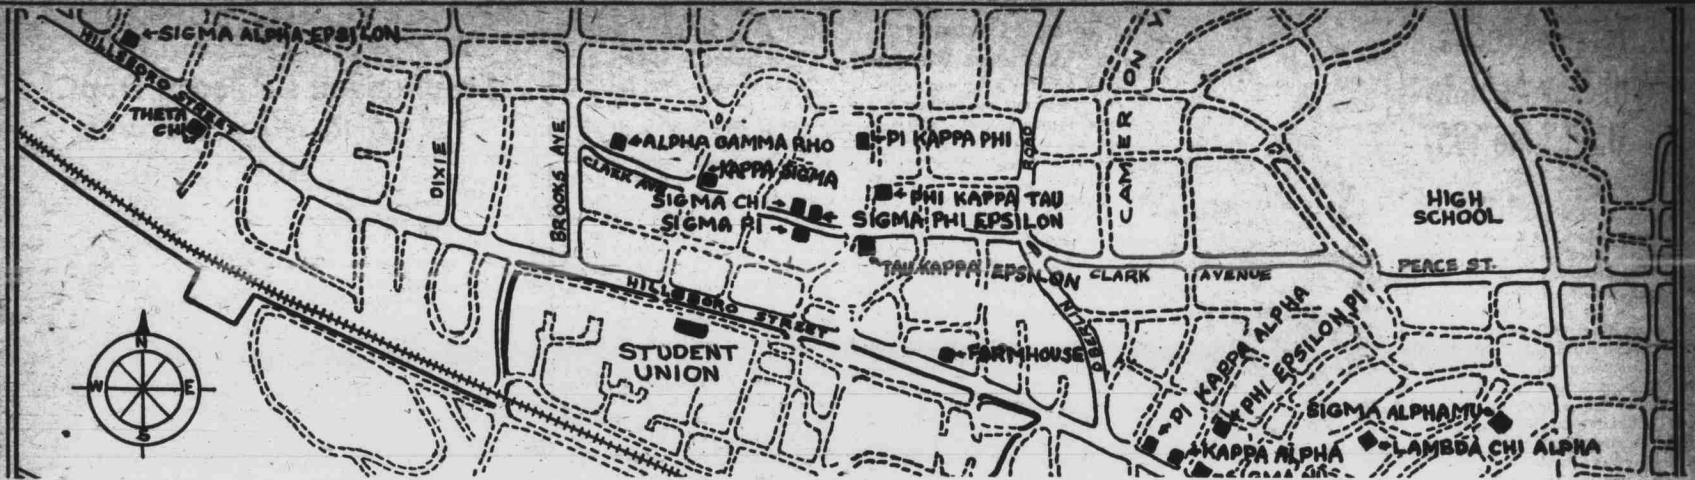

NOW AVAILABLE for free loan to student A.S.M.E. chapters and other college groups, a 16-mm. sound-color movie, "Mechanical Engineering at Du Pont." For further information about obtaining this film, write to E. I. du Pont de Nemours & Co. (Inc.), 2521 Nemours Building, Wilmington 98, Del.

BETTER THINGS FOR BETTER LIVING... THROUGH CHEMISTRY

WATCH "DU PONT CAVALCADE THEATER" ON TV

Location Of Fraternity Houses At State College

N. C. State Student Affairs

Beware of Book Salesmen—Students off-campus and in-ville have complained that book salesmen have quoted unrealistic values for their offerings and have used high pressure tactics in promoting sales. We suggest that students at least check list prices of such items with Library or Book Store before signing purchase contracts. Many students who bought the expensive "package" now, regret it sorely.

Students Interested in Studying All Phases of Television by participating in TV productions during the coming semester should submit their applications to the Main Desk in the College Union. Applicants must be able to meet at WUNC station on Western Boulevard from 3:30 to 5:30 each Tuesday and Thursday afternoon. No experience with TV work is essential, but anyone having experience with it, or having other particular qualification for the work should describe it in his letter of application. Number to be accepted is limited.

Fraternity Averages—Fraternity and All-men's averages will be released in approximately two weeks.

Reading for Speed And Comprehension—All college students and personnel who are interested in improving their reading rate and comprehension are asked to report to 113 Tompkins, Mon., Feb. 13, 12 noon. An attempt will be made to set up an advanced class for those who have had one term of this training. A fee of \$3.00 will be charged to defray the cost of mimeograph materials and other supplies. Class for beginners, also.

Jobs—Student Financial Aid Office, 9 Holladay Hall. Students who wish to be kept on the active list for part-time jobs, should put their new class schedule on our job cards. Unless they do so, we will have to assume that they are not interested in jobs at this time.

- (1) Selling subscriptions to Columbia LP Record Club. \$1.00 commission each subscription. See Mr. Sam Harrell, Station WVWP, 310-1911 Bldg. Can be certified to solicit in dormitories.
- (2) Experienced draftsman. Full time.
- (3) Waiting on tables in boarding house for meals. 7:30 a.m.-8:45 a.m. and 5:30 p.m.-7:30 p.m.

There are about 1,400,000 gasoline dispensing units of varying ages in the nation's 400,000 primary and secondary service stations.

A division of one automobile manufacturer uses 131 acres of reproduction paper each year to duplicate engineering drawings for distribution throughout the company.

CALENDAR

(continued from page 1)

the term to compensate for this.

c. **Mid-term**—the period between semesters should be as short as is consistent with getting grades to students and advisers from the Office of Registration.

d. **Easter**—one full week to be allowed for Easter, commencing at the close of the academic day on the Wednesday before Easter Sunday and ending with the start of the academic day on the Thursday following.

The starting date of the fall semester should be adjusted so that the spring semester should

end as close to the first of June as compatible with the above.

The end of the regular registration period, the last day registration permitted, and the last day to add a course have intervals of one week between them.

No mention was made of the date of the last day to drop a course without a failure or the

date for withdrawing from school without failures. Speculation has it that the reason for this is that the possibility of moving the date for dropping a course without a F up to mid-term and the last day for dropping out of school back to right

after mid-term is being discussed.

Also the first session of summer school should start as early as practicable in June, and should be completed before July 15, so that students can begin work on that date.

A Campus-to-Career Case History

Dick Abraham of Bell Telephone Laboratories, here experimenting with closing the loop on a transistor feedback amplifier.

"I'm working with top names and top talent"

That's one of Richard P. Abraham's comments about his career with Bell Telephone Laboratories in Murray Hill, N. J. "In 1954, after I'd received my M.S. from Stanford," Dick continues, "I was interviewed by a number of companies. Of these I liked the Bell Labs interview best—the interviewer knew what he was talking about, and the Labs seemed a high-caliber place.

"The Labs have a professional atmosphere, and I'm really impressed by my working associates. As for my work, I've been on rotating assignments—working with transistor networks and their measurement techniques, studying magnetic

drum circuitry, and doing classified work on Nike. This experience is tremendous.

"In addition to the job, I attend Lab-conducted classes on a graduate level several times a week. Besides that, the Labs are helping me get a Ph.D. at Columbia by giving me time off to get to late afternoon classes. That's the kind of co-operation you really appreciate from your company.

"What are important to me are the opportunities offered by the job and the work itself. My wife and I own a house near Murray Hill, and we've found a lot of friends through the Labs. All in all, I think I'm in the right kind of place."

Dick Abraham is typical of the many young men who are finding their careers in the Bell System. Similar career opportunities exist in the Bell Telephone Companies, Western Electric and Sandia Corporation. Your placement officer has more information about these companies.

Why Chancellor Adenauer reads The Reader's Digest

"In my country more than 500,000 people read the Digest in German each month. And they read not only about the people of the United States, but about the people of all nations. The Reader's Digest has forged a new instrument for understanding among men."

—KONRAD ADENAUER, Chancellor of West Germany

In February Reader's Digest don't miss:

LEARN TO LIVE WITH YOUR WORRIES. Some anxieties spur you to greater effort. But many simply distort your judgment, wear you down. Ardis Whitman tells the kind of worry you should learn to overcome, how to put sensible anxieties to good use.

THE ONE AND ONLY BENCHLEY. When told his drink was slow poison, Benchley quipped, "So who's in a hurry?" . . . Chuckles from the life of one of America's best-loved humorists.

BOOK CONDENSATION: I WAS SLAVE 1E-241 IN THE SOVIET UNION. Seized without cause, John Noble (a U.S. citizen) was sent to a Russian concentration camp to work in a coal mine. In episodes from his forthcoming book, "Slave 1E-241," Noble tells of Red brutality . . . and how the "slaves" rebelled in 1953—a revolt he's sure can occur again.

PRIVATE LIFE OF ADOLF HITLER. Was the Fuehrer insane? Did he really marry his mistress Eva Braun the very night before they planned to kill themselves? Is his body secretly buried? Hitler's personal valet reveals hitherto unknown facts.

Get February Reader's Digest at your newsstand today—only 25¢

45 articles of lasting interest, including the best from leading magazines and current books, condensed to save your time.

Col. Middlebrooks Will Stay At State Until June 1957

Assignment of Col. Richard E. Middlebrooks as professor of military science and tactics and commandant of the Army ROTC at North Carolina State College has been extended until the summer of 1957.

Dr. Carey H. Bostian, chancellor of State College, and Dean of Student Affairs J. J. Stewart, Jr., announced last week that they had received formal notification of the extension of Colonel Middlebrooks' assignment at the college from the U. S. Department of the Army.

The normal tour of duty of Colonel Middlebrooks, who became head of N. C. State's Army ROTC in January, 1953, would have ended this month.

Both Chancellor Bostian and Dean Stewart lauded Colonel Middlebrooks' record of achievements at the college and said they are pleased that he will continue to hold the top Army post at the institution.

In praising the colonel's work, Dean Stewart said, "He has added dignity and prestige to the cadet corps by insisting that the cadets live up to the purpose of the organization. I am glad that he is staying, and I am sure that the students are, too."

Upon assuming his duties here three years ago, Colonel Middlebrooks' first major task was guiding the Army ROTC curriculum through the change from branch instruction to the general military science course. He placed increased emphasis on higher academic standards for the cadets and assigned the maximum amount of responsibility for the management of the Cadet Corps on the cadets themselves.

Col. Middlebrooks

Prior to joining the N. C. State faculty, Colonel Middlebrooks was chief of staff of the Army's Third Infantry Division in Korea.

A native of Oregon, Colonel Middlebrooks is a 1928 graduate of the United States Military Academy and also attended the Infantry School, the Armed Forces Staff College, the Command and General College, and the Industrial College of the Armed Forces.

Playboy Organizes College Bureaus

PLAYBOY, the sophisticated entertainment magazine for the young-man-about-campus, has set up a College Bureau that will include representatives from each leading college and university in the country.

The PLAYBOY college representatives will be reporters for the magazine on campus life and trends. They will act as a direct liaison between PLAYBOY's national advertisers and local outlets, and will pre-test merchandise, conduct surveys, and promote the magazine's campus circulation.

Several regional directors have been appointed. They will supervise the work of an estimated 1,000 students representing more than 400 colleges and universities.

The operation of PLAYBOY's College Bureau is already in effect at West Point, Brown University, Yale, Princeton, Harvard, Colgate University, the University of Delaware, Lafayette College, Annapolis, the University of Maryland, Virginia Tech, Emory University, the University of Georgia, Texas A. and M., and the University of Texas.

Any student interested in representing his campus on the

The Agronomy Club Elects Officers

The Agronomy Club held the second of its biannual election of officers January 19th, in the Williams Hall Auditorium.

Though the Agronomy department will be divided into Soils and Field-Crops this semester, the club will continue as the Agronomy Club. Students majoring in Soils or Field Crops are urged to attend the meetings and take an active part in the club. Meetings are held in The Williams Hall Auditorium at Seven p.m. every other Thursday night.

The new officers are: Thomas Hall, President; John Rogers, Vice President; Joe Kenyon, Secretary; Earl McIlwean, Treasurer; Roger Hill, Corresponding Secretary; John Olund, Reporter; Marrion Holt and E. B. Deese, Jr., continue, respectively, as Business Manager and Editor of The Crops and Soils magazine.

PLAYBOY College Bureau should write to PLAYBOY's College Bureau, 11 E. Superior, Chicago 11, Ill. Though PLAYBOY is primarily aimed at young men, co-eds will be used in the program to work with male representatives on the larger campuses.

State To Conduct Six Weeks Sessions

North Carolina State College this year will conduct two summer sessions, each of which will be six weeks long, the college's registration office reported recently.

The first session will open Monday, June 4, and will end

Saturday, July 14. Starting on Monday, July 16, the second session will be concluded Friday, August 24.

State College is composed of six degree-granting schools—agriculture, design, education, engineering, forestry, and textiles.

LOOKY! LUCKY DROODLES! HAVE A BALL!

WHAT'S THIS?

For solution see paragraph below.

THERE'S NO QUESTION that Luckies taste better—they're made of fine tobacco that's TOASTED to taste better. There's no question in the Doodle above, either (in case you were thinking it looked like a question mark). It's titled: Captain Hook reaching for a better-tasting Lucky. If you'd like to get your hooks on the best-tasting cigarette you ever smoked, light up a Lucky yourself. It's jolly, Roger!

LITTLE MAN ON CAMPUS

By Dick Bibler

"THE GUY WHO WRITES UP THESE CATALOGS FORGETS WE DON'T HAVE A COLLEGE EDUCATION YET."

Becton Dorm Has Social

Tuesday evening was a special occasion for Becton. The evening began with a small gathering of Bectonites and girls from Meredith, and soon the new lounge was filled with dancing and merriment. Becton's host

and hostess served refreshments, and joined in the fun. During the evening, games were played, and pictures were made for Becton's page in the 1956 *Agromeck*. This was the second social that Becton men have enjoyed in their new lounge, and others are planned for the spring semester.

The Sunday School teacher was showing her pupils a picture of a group of early Christian martyrs in a den of lions. One little boy seemed very sad as he looked—almost on the verge of tears. "Gee," he spoke up, "look at the poor lion in the back. He won't get any."

FRIENDLY Cleaners
2910 Hillsboro
"We Clean Clothes Clean"

NOTICE

We are now serving a "Tonight Special", Monday thru Thursday, 5 to 8:30—served with hot biscuits and rolls—our pies and cakes are baked on the premises and they "are out of this world." We serve the largest strawberry shortcake in Raleigh. Extra Coffee—Yes!

ON PEACE STREET AT THE UNDERPASS

A Challenging Career in Food Distribution

Attractive Salary-Rapid Advancement

The GRAND UNION CO. offers the college graduate outstanding opportunities for personal development in an industry that has remarkable growth potential.

For 83 years the GRAND UNION CO. has been pioneering new and better ways of merchandising and distributing food to the consumer. Today GRAND UNION operates hundreds of large modern supermarkets from Virginia to Canada and is opening new stores at a rate that will double our present sales volume in the next five years.

A GRAND UNION Personnel Representative will be on your campus soon to interview interested Seniors. Those who qualify will be invited to visit our headquarters in East Paterson, New Jersey. The men that are employed will participate in a formal 18 months Management Training Program that is rigorous but rewarding.

All personnel benefits including a retirement plan, medical - hospital - surgical insurance, group life insurance, profit sharing plan, stock option plan.

Contact your college placement office for interview appointment.

NORTH CAROLINA STATE COLLEGE

FOR COLLEGE MEN ONLY... INCLUDING R.O.T.C.

* The Life Insurance Policy That Pays You if You're Ill or Injured

THE BENEFACTOR
College Life's Famous Policy Exclusively for College Men

Not only does College Life's BENEFACTOR Life Insurance Policy give you all the essential advantages described in the panel below, but they are the most liberal available. College Life is the only company that gives you these three big disability advantages:

- ▶ Pays you liberal monthly cash income as long as disabled.
- ▶ At age 65 pays full amount of policy in cash... plus monthly income to you for the rest of your life.
- ▶ Premium deposits made for you.

There are good reasons for College Life's many exclusive advantages and far more liberal benefits. The first is specialization in serving college men only. This means preferred risks, and more efficient operation, lower costs, more and better insurance for your money. The second is 25 years of study of the life insurance needs of college men.

This has produced the provisions college men need most, to a far greater extent than anyone else, and at remarkably low rates. Get full information from your representative today!

ONLY COLLEGE LIFE GIVES YOU *all 7* OF THESE IMPORTANT BENEFITS

1. Monthly Income if You are Ill or Injured—Protects your greatest asset—your future earning power.
2. Pays Double for Accidental Death—Broadest protection obtainable.
3. Cash When It's Needed—At retirement, or to your beneficiary. Cash or loan values are available for emergencies or to take advantage of business opportunities.
4. Cash Dividends—Savings and profits, resulting from specialization, passed along as dividends.
5. Low Cost—Because we sell only to college men... a specialized, preferred risk.
6. Reduced Premium Deposits First 3-Years—Make it easier to own adequate protection while you are getting started.
7. Unqualified Safety—All reserves actually on deposit with the State of Indiana.

BEST'S—Leading Insurance Authority Says: "The College Life Insurance Company of America is conservatively and capably managed, has reputable backing and has made substantial progress since organization... The results achieved by the company have been very favorable... We recommend this company."

THE ONLY LIFE INSURANCE COMPANY SERVING COLLEGE MEN EXCLUSIVELY

Vet's Corner

The main item of business of tonight's meeting will be the adoption of a social calendar for this semester. Everyone is urged to be on hand to help make final plans for these events. The Traffic Committee will also make a report and present a resolution for adoption at this time.

Congratulations to the Vets who helped make registration the smoothest yet. Thanks for a job well done.

Tonight's meeting has been designated as "Bring a Buddy Night," so let's all bring a potential new member to tonight's meeting.

Student Insurance

Checks for Student Insurance should be made out to Students Accident Insurance and sent to Box 5704, State College Station, Raleigh, North Carolina.

The price for this semester is \$3.25 for males and \$2.25 for females.

CALYPSO

(continued from page 1)

Showing his African heritage together with a strong Latin influence, the Negro retains his gayety, his humor and above all, his wonderful feeling for rhythm, which pervades these songs and dances through a wide range of emotions.

This group of singers, dancers and musicians first made its New York debut, then went on to appearances at Philadelphia, Washington, and Newark, to mention a few. They are presenting for the first time anywhere, some new songs and dances. This is a fast moving program with plenty of humor and drama, but fundamental to their recital is an appreciation of artistic qualities of this lovely but neglected music. It is direct from the islands and its accent is authentic.

College Union members and their guests will be admitted with no admission charge. There will be a charge of \$1.50 for all others.

One Of The Biggest Problems

Traffic

By Derle Haywood

North Carolina State College is a community, and like any other community it has its problems; not the least of which is the traffic problem. Every year at State the enrollment increases, and with the added enrollment comes an additional number of automobiles. Needless to say, with an increase in automobiles every year, the amount of available, on campus, parking space decreases. This naturally creates a problem and the solution of this problem falls to the Traffic Committee.

The Traffic Committee is comprised of student members and faculty members so that the interests of the entire school are taken into consideration. Each department of the school has a faculty member on the committee.

Serving on the Traffic Committee is a somewhat thankless job. Rarely does a note of appreciation ever reach the ears of the committee. How-

ever, at its last meeting Mr. T. C. Brown, chairman of the committee, did read a letter from Mr. E. M. Chamberlain, Head of the Chemical Engineering department, stating his thanks for the easing of the parking problem around Riddick Hall.

The problems of the committee are many and varied. Parking and traffic flow are just a small part of the over-all pic-

ture. Such problems as legality, violations, parliamentary procedure, appeals, fees, and enforcement are constantly popping up. To the "barber shop farmers" and "curbstone coaches" the solution of such problems may seem simple enough; when presented to the conflicting opinions of the committee, however, it is an entirely different story.

Whenever a new building

goes up on Campus it presents a new headache for the Traffic Committee. At its last meeting the committee was confronted with the parking problem for the new school of design building. It seems that whenever a new building goes up the parking problem is never thought of until after the contractors leave. N. B. Watts of the Traffic Committee sums it up in a few words, "The Building and Grounds Committee creates new facilities and we control existing facilities." Needless to say that with each new creation there comes a new problem.
