

GUNN ANNOUNCES CANDIDACY

Nolan, Arnold Announce Their Campaign Policies

Arnold Lists Areas Where Immediate Attention Needed

John Arnold, an admitted dark horse in the election for Student Government President, said today that, "there are certain areas in which the students are imposed upon, and if I am given a chance, I will see that the following receive immediate attention - married student housing, student parking areas, fraternity row, student fees, orientation week, college athletics, and dormitory improvements."

Arnold's complete statement follows:

"As the dark horse in the candidacy for Student Government President, it is imperative that I tell you something of my qualifications.

Since I returned to State College in the Spring of '54, I have been active in IDC, Student Government, and numerous other campus clubs and organizations which, I feel, will enable me to represent the student body in the capacity of president.

In next week's *Technician*, I will expound these and other portions of my platform."

Annual Greek Week Sched. March 18-23

State College's annual Greek Week, sponsored by the Interfraternity Council, is scheduled for Sunday, March 18, through Saturday, March 23; according to an announcement made today by Dave Weinstein, chairman of the Greek Week committee.

Each year the fraternities take on a community project during Greek Week and this year the city of Raleigh will be canvassed to collect canned food for the welfare department.

Each fraternity has been given a section of the city and Raleigh's citizens have been asked to donate one can of food per family.

Other activities of the week include the annual banquet scheduled on Friday night in the college cafeteria. All fraternity members will gather for a program of entertainment and to hear a noted speaker.

On Sunday afternoon the week activities will officially begin with a concert at the College Union from 3 until 5.

Nolan Cites Record of Present Administration; Says Future Role of SG On Campus Is Tremendous

Student Government President Jim Nolan released a statement this week to *The Technician* giving the accomplishments of his administration for the past year.

Nolan began his report to the students by saying, "I want to stress the fact that what has been done by this administration has been done for the benefit of the students as a whole and not for the benefit of individual groups or factions on campus." He continued, "Our progress, under our new Constitution, has been steady, and based upon what has been accomplished—the future role of Student Gov-

ernment on campus is tremendous."

He pointed out the change in the college calendar, the change in athletic book policy, the ratio of contact hours to credit hours, college spirit, campus traffic, the cafeteria, campus stores, bookstore profits, and paving in his statement.

Nolan's outlined statement says of each point:

1. Change in the college calendar: a. A re-adjusting of the holiday class schedule this past Christmas season; b. A permanent plan has been adopted to insure students of a full work week before Christmas and to preclude having to travel on New Year's day to return to class.

2. Change in Athletic book policy: a. For a number of years students have complained because they could not use their roommate's book to take their dates to the ball games. This year a new policy was put into effect that enables students to take their dates to any event for which the athletic book is a pass. (See NOLAN, page 12)

Bill Hawkins Runs For IFC President

It was announced this week that Phi Kappa Tau Fraternity drew permission at the annual drawing for IFC officers to run a candidate for IFC President. The brothers of this fraternity have nominated Bill Hawkins as their candidate.

Bill has the following to say in regard to this nomination. "I consider it a high honor to be nominated for this office and will strive accordingly to expedite the duties of this office if elected. My platform is not complete as of this moment, but, when complete, among other things it will include a continuation of the present IFC projects: a well planned social program to include dances, concerts, outings and rushing; and the encouragement and recognition of any project which is in the best interest of fraternities at State College."

Attention Democrats

There will be an organizational meeting of a Young Democrats Club for the State College Community tonight—7 p.m. in the organizations office of the College Union. On hand to help organize will be Mrs. Mary McGee and Sam Johnson of the Wake County YDC, plus several of the state YDC officials. This will be an excellent opportunity for you, so be sure to be present.

Pot Begins To Boil

By L. C. Draughon, Jr.

And once again the political pot is beginning to boil at State College it's only simmering at present, but from all indications things will warm up considerably. Signing-up has been slow, and there are many offices that no one has signed up for, or either only one person has signed up.

The race that is shaping up to be the hardest contested one is for Student Government President. Jim Nolan is seeking re-election—Bob Gunn, who is at present Student Government Vice President has thrown his hat in the ring for the presidency—and John Arnold, SG Senator from Textiles, is looming as the dark horse in the race for the presidency.

Many campus politicians are speculating over just how certain schools will vote for president. Bob Gunn is engineering, but Nolan's campaign manager, Ed Rose is also an engineering student. Undoubtedly,

the engineering school will split between the two candidates. The question is which one will be able to swing the most votes. Last semester there were over 2,500 engineering students which is 500 more than voted in the general election last spring.

John Arnold, who is in Textiles, is expected to pull practically 100% of the Textile School, but the enrollment of the Textile School is only 500.

Which way will the fraternity vote go? Both Gunn and Arnold are fraternity men, but Nolan's campaign manager is a fraternity man also.

Gunn's campaign manager is Ed Yancey, a senior in Agriculture. No doubt Yancey will be working hard to pull as many votes in the School of Agriculture to his candidate Gunn.

With three strong candidates running for SG president the "politicking" should start in earnest soon.

Spring is here (we thought last week), but fellows who are taking English 102 are spending most of their time in the library working on their term paper. Above is Robert Buchanan who is putting in a little time on a term paper for the English department.

Technician Election Policy

With general campus elections time nearing, the editor reminds all candidates that next week's *Technician* will be the last one before the general campus elections April 10.

The *Technician* will print, within the limitations of space, any candidate's platform or statement. Copy must be in the *Technician* office, 1911 Building, by 7 p.m. Monday, March 20. All copy must be typed (double spaced).

The editor reserves the right to edit according to space dictates and no material will be returned. Top campus positions will receive priority over class offices and secondary offices.

At W.C.

CU Night Planned For Sat., March 24

By Ed Rose

This is leap year and the girls at Woman's College are doing their part to make sure the traditions of leap year are not forgotten. They have planned a very interesting program for March 24th. It will include the open house held by their dormitories from 7 until 8:30 p.m. followed by an informal dance in Elliot Hall from 8:30 until 12. Further evidence of their desire to meet State men is exemplified by their invitation to the individual dorms of State College.

The various organizations of the campus which are represented on the Consolidated University Student Council have requested the College Union to coordinate travel facilities to Greensboro for this function. (See W.C., page 12)

Barnhardt To Run For IFC Vice-Pres.

The Kappa Sigma Fraternity, which drew permission to run a candidate for Interfraternity Council Vice-President for the coming year, has nominated David Barnhardt as its candidate for this office.

Barnhardt, who is from Charlotte, is an active member in several campus organizations at this time. Aside from being an officer in his fraternity, he is a member of the Student Government; a member of the Rules Committee of the Student Government, is Managing Editor of *The Technician* (writing a weekly column in this paper under a familiar, assumed name); and (See BARNHARDT, page 9)

Pictured here are the sponsors of the annual Lintdodgers' Ball which will be presented by students of the School of Textiles at State College in the main ballroom of the College Union Saturday, March 17, from 8 p.m. until midnight. The sponsors, with their escorts listed, are, top row, left to right: Miss Catherine Brown with David Barnhardt; Miss Gloria Anne Weaver with Bill Fisher; and Miss Barbara Levinson with

Marvin Katz. Middle row, left to right: Miss Lynne Wagner with Charles F. Mauney; Miss Coles Cathcart with Bob Stuart; and Miss Marilyn Collins with John Arnold. Bottom row, left to right: Mrs. Larry Belkin with her husband, Larry Belkin; Miss Peggy Cloninger with Ken Cloninger; Miss Becky King with John Copeland; and Mrs. W. E. Honeycutt with her husband, W. E. Honeycutt.

"Good Will"

The recent display of sportsmanship on the part of Wake Forest College is commendable. In an area where the rivalry is as intense as it is between the schools in the big four, loyalty to a school often tends to overshadow the more important aspects of athletics and sporting events.

Intense rivalry is fine—it creates public interest in games that would otherwise be impossible to obtain. As a rule rivalry, so long as it is friendly and not bitter, makes for a harder fought game, although it doesn't necessarily make for a better performed game.

But in an age which has seen rivalries become bitter, slug-it-out activities, it is good to see true sportsmanship displayed. It's downright heartening when, after a hard played game, the winners and the losers can get together, shake hands and congratulate each other on the fine game that each one played.

Wake Forest has certainly chalked up a win in a very important department—sportsmanship. Wake Forest, its players, coaches, and students have put meaning into Grantland Rice's saying, "Whether you win or lose is not what counts, but rather, how you played the game."

Possibly Wake Forest has started an era of "good will" between Wake Forest and State College. We hope that it will spread to others members of the big four.

L. C. D.

Participation

The Letters to the Editor section of *The Technician* is the sounding board for students. Certainly with as many gripes that are put forward during "bull" sessions in dorms and fraternity houses, some are worthy enough for their proponents to go to the trouble to write a letter to the editors to let others in on their thoughts and opinions.

The editorial column is the editors opinion . . . the news columns should present both sides . . . while the Letters to the Editor is the individual's opinion. The letters column is the only opportunity that others have of expressing their opinions in the paper.

The Letters to the Editor column has been used very infrequently this year by students or anyone else, much to our regret.

Student participation in extra-curricular activities here at State is not what it should be, considering State's enrollment. Maybe the lack of letters to the editors is a reflection of the lack of participation in extra-curricular activities.

One reason, it is claimed, that the *Wataugan* was discontinued was because of lack of participation in the publication.

At the rate participation and interest in publications and other activities are declining at State, we wonder how long it will be before other activities might be discontinued because of lack of participation. L. C. D.

Yes, Spring Is Here

Hear At State

by Sidney Pureblood, Jr.

Final Report on Bell

One last word on the bell on the west end of the campus. . . . The topic came up again at the last Student Government meeting. Dean Stewart, as was hoped, is now carrying the ball. In a memo from him to Dean Talley he suggested having each school install a bell on each floor of its building or buildings. This proposal was discussed in the Student Government meeting and it was decided that, since some departments might not agree to this suggestion, putting the bell on top of some building on the west end of the campus should receive first priority. Then, if other departments decide that certain buildings still need individual bells, they could install them later. We hope this plan will be accepted.

Elections

Sign-up days are about half gone; those men who are planning on running for an office in the campus elections in a month or so should sign the book in Dean Talley's office, soon.

Each student at State is governed by a number of rules and regulations. These, for the most part, are made by those elected to make them. It is of utmost importance to put into office the men you think will do the best job for you. It is just as important for those, who are qualified, to run for an office. There are too many men at State who have the ability to hold an office who never attempt to get elected. When this happens, it hurts the college and those attending it. If you know someone who you really think would make a good candidate, encourage him to run—for his sake as well as for yours. Or, if you feel that you could do a job as well as or better than anyone else, sign the election book, get your name on the ballot, and try your best to get elected to that office. Don't bury your talents. . . .

Fraternity Row

Last week there appeared in *The Technician* an editorial entitled "Procrastination" concern-

ing the progress of the much talked-about fraternity row. True, some of the fraternities thought the plans were going too fast and wanted to know the answers to a number of questions . . . and they had some good questions, it must be admitted.

Each time the Interfraternity Council meets, a report is taken back to each fraternity by its representative. But is this enough to keep people informed? Others, who are not in fraternities, would like to know what is going on, too. It seems that it is time for the IFC to get up a report on the progress to date. This could be presented not only to the fraternities, but also to others not in fraternities. Some fine work has been done on this project, we agree whole-

heartedly, so why not let people know about it?

Lintdodger's Ball

The Textile School is holding its annual Lintdodger's Ball this week-end. The dance will be at 8:00 p.m. on Saturday night at the College Union. The Eastern Carolina Collegians will play for the dance. That afternoon the Tompkins Textile School will sponsor a "tea." Both the "tea" and the dance will be semi-formal. See you there, Textile students. . . .

From the Files

The Technician was not published during the week of March 11 through 17 in 1941, 46, and 51 since under the quarter system exams were being given then.

YMCA Offers 3 Seminars, 8 Summer Projects

In the belief that the student learns through experience, the YMCA has announced the plans for three seminars to be held during the 1956 Spring term and the opportunities for students in eight other summer projects.

The first of this program, a "Meet-Your-Government Seminar," will be held in Washington, D. C., on March 17-20. During this time the student will

have the opportunity to observe the processes of federal government, to consider the relevance of the Christian faith to political life and to clarify the ways in which Christians may act as responsible citizens and prepare for leadership in student activities.

Following this seminar, on March 21-23 and again on April

5-7, a United Nations Seminar will be held in New York City. At this time the student will have the opportunity to attend the proceedings of the U.N. and visit with members of the U.N. delegations.

In the summer program the YMCA offers several leadership schools; opportunity for work at Martha's Vineyard, a resort in

CU Plans Street Dance For March 21

All you guys who like to square dance, are invited by the College Union Dance Committee to attend a street dance in the College Union parking lot on Wednesday, March 21st. Mrs. Wynne, who appeared here in the fall, will be on hand to call the figures. Some of Mrs. Wynne's exhibition team is expected to come from Durham with her.

Girls from our neighboring schools have been invited, and also a group from Watts Hospital in Durham.

In case of rain or extremely cold weather, the dance will be held in Frank Thompson Gymnasium.

Popular dance music will be played between square dances. The pavement will be well covered with cornmeal to make it easy on the feet.

Massachusetts, and at the Association Camp in Colorado, and an inexpensive, two and one-half month international seminar, along with many other summer projects.

Further information on any or all of these projects may be obtained by contacting the State College YMCA office.

8:00 p.m. Square Dances. C. U. Parking Lot. (In case of rain listen to WVWP for place.)

High Point BSU To Visit Campus

A Deputation composed of approximately 35 students from High Point College will be the guest of the State College BSU, Sat., March 17. They will arrive at the BSU Center, 2702 Hillsboro St., by bus at approximately 3:00 p.m. From the BSU Center they will be taken to the BSU camp where the group will engage in recreation and supper followed by fellowship and worship. Those interested in attending please sign up at the BSU Center. LIMIT 35, sign up on the first come first served basis. Cost of supper 50c.

I can make a new man out of YOU...

Give me your skinny, peplars, run-down body. Let me put it in an After Six tux. Right away, you'll begin to feel different, look different, LIVE a little!

Before I discovered After Six Formal Wear, I was a spindly weakling. Fellows threw me out the window when parties got dull. Girls snickered at me behind my back. I was a real nothin'.

Then, I bought an After Six tux. Almost immediately, my scrawny chest, my pipe-stem legs and arms began to ripple with new-found strength and energy. My confidence, my joy de vivre had returned. At proms and dances, girls elbowed each other to gain my favor. I owe it all to the flattering fit of my After Six Dinner Jacket. Don't let life pass you by. Enjoy new-found zip and go... in an After Six.

SPORTS

SPEC HAWKING

DOWN—BUT NOT OUT!

Four years ago Everett Case had dreams that in 1956 he and his trojans could add a NCAA basketball championship to a long list of crowns . . . these dreams faded like a beam of light Monday night when a sub sank a one-hander with five seconds remaining in the fourth overtime. . . . The State dressing room after the game was like a morgue on Sunday morning. Coach Case took the loss said: "This was the toughest game I've ever lost in 36 years." . . . Thus the Pack came home to stay and Philadelphia and Evanston were names for someone else to ponder. . . .

But to the Wolfpack fan there were the bright spots of the 55-56 season. . . . the 22-point win over Carolina in the Dixie Classic finals . . . consistent rankings in the nation, never below sixth and finishing second in the final AP and UP polls . . . the big sweep of the ACC tournament and the 3rd straight championship despite a broken wrist and an honor code violation . . . a 24-4 record.

To the four seniors this was only the small stuff, the warming up before the big one . . . a look at the trophy cases will show several ACC and Dixie Classic championships but no NCAA cups.

It certainly wasn't a case of "reading the press clippings" or over-confidence but more a case of trying too hard. . . . They wanted to win this one more than any of the 28 contests before.

But to the Wolfpack fans there were the bright spots of the 55-56 the Wolfpack we still say to the 'ol master and his 'Pack—well done! In our books you're still No. 1—you gave it all you had and that's all we ask. . . . There will be other years, not for Shavlik, Molodet, Dickman, and DiNardo, yes, but the Wolfpack legionnaires will be carrying the banner northward many times as long as the game of basketball is played. . . .

CHUCK TAYLOR

'Vic Better than Shav for Olympics'

Vic Molodet, the pint-sized guard from East Chicago, has been tabbed the "perfect offensive player" by the dean of basketball, a gent named Chuck Taylor.

Taylor has seen 15 of the top 20 teams in the nation perform as well as the majority of the nation's All-Americans.

"Personally," said Taylor, "I believe I'd have to recommend Molodet for the Olympic games above Ron Shavlik. This lad and San Francisco's K. C. Jones would really be something together."

"Molodet can hit with two

hands from the outside. He's a great dribbler. If he has a weakness, it is passing. His passes are good, but not quite like those of Bob Cousy in his college prime."

"Defensively, Molodet is so-so. But few can match him on offense. His dribbling and change-of-direction confuse an opponent and he can hurt you in so many ways."

Why Molodet over Shavlik? Taylor rated Bill Russell and Bill Uhl of Dayton superior, but Shavlik is still a fine performer."

"As for Molodet he's one of the great guards of recent years."—B. Q.

Frat Intramurals

Sigma Nu, defending champions, and PKA fought their way into the semi-finals of the fraternity basketball play-offs set for 7:00 tonight in Frank Thompson Gym.

Both teams have perfect 7-0 records going into tonight's scrap as Sigma Nu downed SAM 49-35 and the PKA's swept past Theta Chi 33-25 to gain the show down battle.

Sigma Nu—49, SAM—35 — Harold Mowery poured in 14 points to lead Sigma Nu to a sweeping 49-35 win over the SAM's. The contest was nip and tuck throughout the first three quarters with the lead changing hands several times.

Midway the third period saw Sigma Nu slowly widen the margin to go on and win by 14 points.

(See FRAT INTRAMURALS, page 5)

CAPT. PHIL DINARDO
North Carolina State Forward

Annual Red-White Football Game Sat. Afternoon Kickoff at 2; Grid Squads End Spring Practice

North Carolina State brings to a close 20 days of spring football practice with its annual Red and White game Saturday, Mar. 17, at 1:30 in Riddick Stadium.

Coach Earle Edwards said that the squad would be divided evenly for the contest. "I'm anxious to see the results of our practice," the Wolfpack coach stated, "I think we accomplished a lot."

State began drills Feb. 13 with approximately 70 candidates on hand, including 19 lettermen back from last years squad which had a 4-5-1 record.

3 Projects

"We had three important projects in mind during our spring practice," Edwards said. "First, we had to improve our defense. Then we had to find a quarterback to replace Eddie West. Our third task was grooming the sophomore linemen for action next year."

Edwards has been impressed with the squad's showing in practice.

There has been no definite first team but the combination that has been used most frequently is:

Ends—John Collar and John Lowe; Tackles — John Szuchan and Dick DeAngelis; Guards—Francis Tokar and Julius Compton; Center—Jim Oddo; Quarterback—Tom Katich; Left halfback—Dick Hunter and George Marinkov; Right halfback — Dick Christy; Fullback — Tony Guerrieri.

More Depth

The squad shows more depth than last year's team and has lettermen at each position. Several sophomores have indicated that they will give the regulars a fight for the starting positions.

Edwards said that the starting lineups for the Red and White teams would be announced shortly. The game, sponsored by the College Monogram Club, is open to the public. An admission charge of \$1.00 will be made.

My Dog

I got a dog, his name is Rover. He's fluffy and soft and brown all over.

He's cute and cuddly as sugar babies.

It's sure too bad that he's got rabies.

The Dorm Corner

Owen No. 1 Wins in Section Playoff

Long (22) and Kennel (16) led Owen No. 1 to a 58 to 51 victory over the Bagwell No. 1 team. Clary (21), Roach (11) and Hobson (10) were the leaders for the Bagwell team. The Owen team got off to a good start and at the half they led 32 to 27, and they were able to keep their advantage to the very end. Lewis (10) and Godley (8) were also good players for Owen. Tucker No. 1 Beat Bagwell No. 2

The only basketball game was the last section game between Tucker No. 1 and Bagwell No. 2. Zubaty (10) Casteen (9) and Hagwood (9) were the outstanding offensive players for Tucker, while Depe (13) and Spivey (9) led Bagwell. The half time score was 25 to 23 in favor of Tucker who went on to win 46 to 40.

Swimming—All Campus

The all campus selections for the swimming in the dormitory intramurals were:

Diving—Brown from Turlington No. 2.

25-yard Free Style—Edmonson from Becton No. 1.

50-yard Back Stroke—Killian from Bagwell No. 1.

100-yard Free Style — Jolly from Bagwell No. 1.

50-yard Breast Stroke—Matthew from Owen No. 1.

In the swimming meet itself the various events were won as follows:

25 Yd. Free Style in 12.6 sec.

1. Edmonson for Becton No. 1

2. Jolly for Bagwell No. 1

3. Matthew for Owen No. 1

4. Roberson for Verville

50 Yd. Back Stroke 34.0 sec.

1. Killian for Bagwell No. 1

2. Guth for Alexander No. 1

3. Waddington for Alexander No. 1

4. Schuster for Owen No. 1

100 Yd. Free Style 1:12.8

1. Jolly for Bagwell No. 1

2. Poole for Becton No. 2

3. Edmonson for Becton No. 1

50 Yd. Breast Stroke 35.4

1. Matthew for Owen No. 1
 2. Gardner for Tucker No. 2
 3. Taylor for Alexander No. 1
 4. Barnhardt for Bagwell No. 1
- Medley Relay 1:44.7
1. Bagwell No. 1
 2. Alexander No. 1
 3. Becton No. 2

Table Tennis

Owen No. 1 beat Turlington No. 1 with Cole and Rahmen at the singles and Hunter and Long playing Doubles for Owen. Berry-Watauga, beat Tucker No. 2 with Pruna on the singles and Hurst and Meyer winning on the doubles for Berry.

Handball

Alexander No. 1 with Margotta and Waddington on the singles were able to win over Owen No. 1 and Turlington No. 1 even when they had to forfeit the doubles. Turlington beat Tucker in their first clash but lost in the second. The winners for Tucker were Ford, Davis and Field, while Yancey, Moss and Davis won for Turlington.

Wolfpack To Play 12-Match Golf Card

A 12-match golf schedule for North Carolina State College was announced today by Roy B. Clogston, Wolfpack golf coach.

State will play eight of its matches at home, the Raleigh Golf Association course. Out-of-town contests are booked with Maryland, Davidson, Virginia and Wake Forest.

The Wolfpack linksmen will compete in the Atlantic Coast Conference tournament at Winston-Salem May 10-12. Last year's squad had a 6-5 record.

- March 20—Davidson—Home
March 28—Virginia—Home

Canisius Brings Halt To Pack's NCAA Hopes

Madison Square Garden, New York—North Carolina State's nationally ranked Wolfpack saw their NCAA championship hopes come to a rude and abrupt halt as underdog Canisius College captured a thrilling 79-78 win in a marathon that extended into four overtimes.

Thus the Wolfpack's 1955-56 season is finished as they dropped their fourth contest against 24 wins.

State, perhaps playing the poorest game of the year, was forced into a up hill fight from the early minutes of the game as a determined and hustling Canisius five left the court at halftime with a 39-34 lead. After intermission they pushed it up to nine, 43-34, before State went to work and netted the score at 51-51 midway in the period.

The regulation game ended at 65-65. The two squads played control basketball through four-five minute overtimes. Canisius three times got the last shot and missed but the fourth time it dropped to send the Pack back to Raleigh instead of on to Philadelphia.

Bitter Blow

It was a bitter blow for the

Pack and Coach Case, but Canisius played a fine game against tremendous odds to capture the win. They ended up with three of their starters on the bench.

Shavlik Stars

State's All-American Ronnie Shavlik proved to be the Pack's main spark as he tallied 25 points and hauled down 17 rebounds. Vic Molodet had one of his rare off-nights and was forced to set all but five seconds of the overtime on the bench with five personals.

State had the Griffins on the ropes with 13-seconds left and a one point lead. John Maglio was on the line with one-and-one but the ball refused to drop. Canisius grabbed the rebound, swept down the court and dropped the big one.

Off went the horn and it was all over !!!

FRAT INTRAMURALS

(Continued from page 4)

Agnew tallied 11, Allen 9 and Donahoe 7 for Sigma Nu. Bob Giddens was the main scoring threat for the SAM's with 11 followed by Steiger's 10, and Rudikoff and Levene with 5 each. PKA—33, T. Chi—25 — PKA fought its way passed a determined T. Chi squad by a 33-25 margin with Ed Woolard leading the scoring with 10 points. T. Chi held the upper hand

throughout the first half over the favored Pika's but PKA soon gained control to go on and wrap up the important win.

Perry and Goodman followed in the PKA's scoring with 6 points each. Hauser racked up 10 points for the Chi's while Buckner added 8.

The SAM's and T. Chi were scheduled to meet last night in the loser's bracket with the loser being eliminated.

Handball

Handball action saw one match played with the PEP's eliminating the SAE's 2-1 to advance against undefeated SAM for the championship.

Table Tennis

First round action in the table tennis playoffs saw the PEP's down the PKA's 2-1 and SAM over Sigma Chi by the same margin. Semi-finals had the PEP's sweeping into the finals with a 2-1 win over the SAM's.

Swimming

All-campus and complete swimming results will appear next week.

Reverend Bob Lassiter (first from right) and Jerry Erdahl (second from right) seem to have found something very interesting in an issue of Playboy following the panel discussion last week on "Should news stand sex be censored." Others in the picture are (left to right) Harry England and Pete Guthmann.

'Investing In Stocks' Begins Mon. Night

Army ROTC Rifle Team Runnerup In Invitational Rifle Tournament

"Investing in Stocks" will be the subject of an evening course which will be conducted at North Carolina State College, beginning Monday, March 19, at 7:30 p.m.

Plans to give the eight-week courses were announced recently by Director Edward W. Ruggles of the State College Extension Division, who said the class will meet in Room 18 of Patterson Hall at the College each Monday night during the period from 7:30 until 9 o'clock.

Instructor of the class will be W. L. Turner, public affairs specialist of the college's Agricultural Extension Service, who will be assisted by representatives of local brokerage firms.

The course, Ruggles said, was arranged for the benefit of average investors with medium incomes, including sales clerks, salesmen, secretaries, office man-

agers, and others interested in stock investments. "The purpose of the course," he explained, "is to consider how a person should go about making investments of the size he or she can afford."

Among the topics to be covered are how to read the stock market page, how to go about buying stocks, business cycles and fluctuations, managing personal finances, ways to invest small amounts of money, and

taxes in relation to stocks. The final phase of the course will include visits to local brokerage houses. A \$10 registration will be charged each person enrolling. Students may register by contacting the Extension Division, North Carolina State College, Raleigh, or at the first class meeting.

Chi Chapter of Phi Kappa Tau Holds Elections; Also Celebrating 50th Ann.

The Chi Chapter of Phi Kappa Tau Fraternity at State College will celebrate the fiftieth anniversary of the founding of the national fraternity on Saturday, March 17th. Many of the brothers have grown beards and sideburns for the festivities which will begin on Saturday afternoon when the Chi Chapter will hold open house for its friends and neighbors at the chapter house, 308 Horne Street. The highlight of the week-end will be a formal banquet and the

ning at Scandia Village. At mid-night the brothers and their guests will climax the celebration with an informal party at the Mohawk Club.

Elections

On February 27th the Chi Chapter held annual elections. Elected to serve for the coming year were: Harry Osborne, president; Bucky Fountain, vice-president; Bill Dempsey, secretary; Don Anderson, treasurer; Dave Plockelman, assistant

treasurer. The officers were installed on March 5th and the following appointed officials were named: Bill Hawkins, chaplain; Mac Ruffin, sergeant-at-arms; Mason Friar, house manager; Fletcher Pearson, parliamentarian; Buddy Asbill, editor; Bucky Fountain, pledgemaster; Bob Rhodes, assistant pledgemaster; Harry Neely, social chairman; Bob Ellis, sports chairman; Bob Wilder, rushing chairman; Joe Spiers, assistant rushing chairman; Jim Corbett, publicity chairman.

McGee Added To Staff of IEP

Lawrence Bennett McGee, a chemical engineer, has been appointed to the staff of the Industrial Experimental Program at North Carolina State College, Dean J. H. Lampe of the college's School of Engineering announced today.

The IEP was set up last year in the State College School of Engineering by the General Assembly to offer technical aid to the State's small industries.

McGee will assist in its various projects which include pilot plant operation, publication of technical data and in-plant services for small producers around the State.

A native of Winston-Salem, McGee is a State College graduate with a Bachelor of Chemical Engineering degree. His industrial experience was gained with the Hercules Power Company of Wilmington, Del., where he was employed as an analytical chemist.

Scabbard and Blade Initiates Twenty-three

Twenty-three members of the junior class of State College were initiated into the local chapter of the National Society of Scabbard and Blade on February 23. Cadet Major J. R. Warlick, the Commanding Officer of Company G, Third Regiment of Scabbard and Blade which took in the new members stated they were selected for their leadership potential and their interest in the ROTC program.

Scabbard and Blade is a national honor society whose purpose is the promotion of civilian-military relationship and active civilian interest in military affairs.

The new members are: Lawrence L. Bissett, Wilson, N. C.; Larry C. Bostian, Conover, N. C.; Paul G. Braxton, Siler City, N. C.; Robert R. Carpenter, Peachland, N. C.; Charles S. Davis, Charlotte, N. C.; Alex M. Efid, Wilmington, N. C.; Roddy H. Fields, Greensboro, N. C.; William F. Fleming, Salisbury, N. C.; William K. Green, Old Fort, N. C.; Albert S. Hart, High

Point, N. C.; Bob L. Hubbard, Charlotte, N. C.; Ronald D. Kincaid, Kings Mountain, N. C.; William D. Lawing, Charlotte, N. C.; William R. Lewis, Raleigh, N. C.; Charles M. Martin, Danbury, N. C.; Willie A. Mayo, Jr., Fayetteville, N. C.; Bobby L. Montague, Raleigh, N. C.; William D. Moxley, Jr., Raleigh, N. C.; John L. Perkinson, Norlina, N. C.; Paul J. Pickenheimer, Tamaqua, Penn.; Gordon E. Ponder, Raleigh, N. C.; Roger L. Morrow, Burlington, N. C.; Joe W. Reece, Boonville, N. C.; George M. Robertson, Asheville, N. C.; and Robert A. Thompson, Lenoir, N. C.

Didja hear about the sleepy bride who couldn't stay awake for a second?

Doctor (returning to consultation room with x-ray plates): Mrs. Jones, I have good news for you.

Jonsey: But, my name is Miss Jones.

Doctor: Miss Jones, I have bad news for you.

N. C. State Student Affairs Bulletin

Notice to Veterans: Veterans who have been given credit on Physical Education and/or Military Science on the basis of military service are reminded that these hours and points given them will not be used when they are checked for the 1.5 average next summer. Only the hours and points earned on courses carried in classes will be used in checking this rule.

Registration Office

All Students: Do your part in helping to make a stronger Student Government at State College. Run for an office in the coming campus elections. Nominations for student officers, class officers, senators of the student legislature, judicial board, college union, athletic council. Nomination books are now open in Dean Talley's office, 13 Holladay Hall. The method of nomination consists of signing the book in the Dean's Office and have it countersigned

by an interested friend. Take an active part in campus government.

Attention all Freshmen and Sophomores: Bids and Tickets for the Frosh-Soph Dance, April 7, 1956, will be issued from Mon. through Fri., March 12-16, in the C. U. Ground Floor Coat Check Room, between 6 and 10 p.m. Also, the *Tuxedo Rental Plan* mentioned in the *Technician* last week, will be available to those Frosh and Sophs who desire to rent a tuxedo for the dance at the price mentioned in the *Technician*. (You must know your coat size.)

The Grading System for Graduate Students: Until the present, graduate students receiving grades below "B" were not given credit for courses in which these grades were obtained. Effective with this date, the graduate office will accept "C" grades for credit. Graduate students must maintain a "B" grade average as in the past.

**J. Paul Sheedy* Was Up A Tree Till
Wildroot Cream-Oil Gave Him Confidence**

"Gorilla my dreams, I love you," said Sheedy outside his sweetie's window. But she was playing it cagey. "Get lost Gargantua," she said. "I've seen better heads on coconuts." Then Sheedy got wise to Wildroot Cream-Oil. Now he has confidence in his appearance because Wildroot keeps his hair handsome and healthy looking the way Nature intended . . . neat but *not* greasy. Contains heart of Lanolin, Nature's finest hair and scalp conditioner. So don't monkey around with messy hair. Get Wildroot Cream-Oil, America's largest selling hair tonic. In bottles or unbreakable tubes. It gives you confidence in any situation. Use Wildroot Cream-Oil every day and you Congo wrong.

* of 131 So. Harris Hill Rd., Williamsville, N. Y.

Wildroot Cream-Oil gives you confidence

OH YOU KIDS! LUCKY DROODLES!

WHAT'S THIS? For solution, see paragraph below.

DROODLES—POCKET EDITION. There's a pocket edition of almost everything these days. Why not Droodles? This one's titled: Shirt pocket of Lucky Smoker. This smoker might give you the shirt off his back—but he'd sure hang on to that pack of Luckies. Reason: Luckies taste better. You see, they're made of fine tobacco—light, mild, good-tasting tobacco that's **TOASTED** to taste even better. Matter of fact, you'll say Luckies are the *best-tasting cigarette you ever smoked!* Better pocket a pack today!

DROODLES, Copyright 1953 by Roger Price

"IT'S TOASTED" to taste better!

COLLEGE SMOKERS PREFER LUCKIES!

Luckies lead all other brands, regular or king size, among 36,075 college students questioned coast to coast. The number-one reason: Luckies taste better.

Alpha Zeta Initiates Eleven New Members

Alpha Zeta, an honorary agriculture fraternity, initiated eleven new members at its formal meeting held March 9, 1956.

Initiates completing the week's pledgeships were: Ralph E. Motzinger, Sr., Agronomy; Charles E. Depoe, Sr., Horticulture; Donald B. Pittman, Sr., Ag Economics; Wiley F. Ritter, So., Ag Education; Cecil Brooks, So., Ag Education; Benjamin H. Barnette, So., Agriculture; Reece E. Brown, Jr., Animal Industry; William Wilder, Sr., Animal Industry; Sherril K. Brinkley, So., Agriculture; Roger P. Hill, Jr., Agronomy; and Thomas Hall, Sr., Agronomy.

Alpha Zeta is a national fraternity, drawing its membership from the School of Agriculture, the School of Forestry, and Agriculture Education. Membership in Alpha Zeta is regarded as the highest award undergraduates can achieve while enrolled in these curriculums.

BARNHARDT

(Continued from page 1)

is a member of the Tompkins Textile Council, the ruling student body of the Textile School.

In a statement earlier this week, Barnhardt pledged his support, if elected, "especially to the progress of the proposed fraternity row, to continued publicity of fraternity projects, and to the job of informing IFC members of IFC policies, financial status, and proposed projects."

Barnhardt concluded by saying that: "If elected, I will cooperate with the other IFC officers in trying to promote those projects desired by the several fraternities, and will strive to insure a continued growth in the fraternity system here at State."

Glee Club Blazers

The Glee Club will be decked out in distinctive new blazers for the above-mentioned Music Week concert. Regular and new members whose sizes have not been recorded must notify the director no later than the next rehearsal (Monday at 12:00).

BSU Choir

The BSU Choir practices Monday night 7:00 to 8:00 p.m. at Baptist Student Center, 2702 Hillsboro St. The Choir Director is Mr. Arthur Poole, Choir Director at St. John's Baptist Church. The pianist is Miss Nancy Perkins of Meredith College. Anyone interested in singing please attend.

Engineers wanted today...for the WORLD OF TOMORROW

TODAY

Turbo Compound Engines - With the solid acceptance of 37 of the world's leading airlines as a foundation, Curtiss-Wright is working on still more power, still greater efficiency for this historic development in powerplants.

J65 Jet Engine - Powering eight of the nation's leading military aircraft to new records of speed and endurance, the J65 provides ideal opportunities for design and development engineers.

Electric and Turboelectric Propellers - Propellers . . . the most efficient means of converting engine power to useful thrust . . . are an important aspect of Curtiss-Wright's development program. Still greater refinements in efficiency and control lie just ahead.

Simulators - Curtiss-Wright makes Simulators for the world's leading military and commercial aircraft . . . a continuing program of research, refinement and development that calls for engineering skills in many fields.

CURTISS-WRIGHT . . . LEADERSHIP NOW, AND TOMORROW

If your objective is to put your best into engineering, and get the most from engineering, you belong with an organization like Curtiss-Wright where engineering is the focal point of all activities.

Curtiss-Wright offers stability, born of its world leadership in aviation, and of its diversification today in the other major fields of engineering. Curtiss-Wright's program for the future is one of action . . . action in which you, as an engineer, can make the most of your abilities.

The scope of Curtiss-Wright's research and development program permits you to choose your spot in most cases—aircraft powerplants, fuel development and research, instrumentation, propeller design, or one of a score of electronics projects. If you are a mechanical, electrical, aeronautical engineer—or if you have specialized interests—it will pay you to discuss your objectives with the Curtiss-Wright interviewer when he comes to your campus.

YOUR FUTURE AT CURTISS-WRIGHT

Curtiss-Wright is first and foremost an engineering organization. Its leadership in aviation is solidly founded in engineering superiority. In commercial aviation as in military applications, Curtiss-Wright powerplants, propellers, and flight simulation equipment are the most advanced developments of their kind. And research goes on. At Curtiss-Wright engineers explore still more power and greater efficiency for aircraft engines of every kind . . . further developments in subsonic, transonic and supersonic propellers . . . greater refinements yet in electronic flight simulation.

And through its ever-expanding divisional activity, Curtiss-Wright is pacing today's progress in fields far removed from aviation . . . nucleonics, ultrasonics, plastics, metallurgy. Some 2200 engineers are at work in Curtiss-Wright's 15 divisions . . . and in Quehanna, Pennsylvania—a new 85-square-mile Research and Development Center offering ultra-modern resources and facilities for advanced experimentation, testing and development in every branch of engineering.

This work is building Curtiss-Wright's leadership tomorrow. It is work for engineers who want a real future, offering opportunity every bit as big as their desire to excel.

Sign up today for interview with the
Curtiss-Wright representative on your campus.

Thursday—March 25—Research Division

TOMORROW

Turboprop Engine - The heavy-duty, operational powerplant of tomorrow. Engineers are needed for further design and development work on Curtiss-Wright Turboprop engines.

Turboelectric Propellers - Opportunities await mechanical and electrical engineers in Curtiss-Wright's Turboelectric Propeller program . . . developing subsonic, trans-sonic and supersonic propellers.

Rocket Powerplants - Fresh from development of the first rocket engine that can be throttled, Curtiss-Wright engineers are now at work on still more advanced rocket plants for the future. A fascinating field for you.

Ram Jet Engines - Another category of airpower that calls for developmental engineers and for advanced research. Curtiss-Wright has a list of opportunities for basic and specialized engineering talents.

Flight Simulators - This complex electronic equipment simulates actual flying conditions and routes for specific aircraft. An exciting field for electronics and systems engineers, aerodynamicists, and many others.

Turbojet Engines - An important area of airpower research - turbojet engine development challenges the ability of the best engineering minds . . . in the fields of stress analysis, airframe design, fuels, etc.

CURTISS-WRIGHT
CORPORATION • WOOD RIDGE, N. J.

N. C. Press Asso. Mechanical Conf. To Be Held on March 17-18

The third annual Mechanical Conference of the North Carolina Press Association will be held at North Carolina State College, Saturday and Sunday, March 17-18.

The two-day conference, which will be conducted for the Press Association by the State College Extension Division, will cover mechanical phases of composing, type-setting, stereotype, and metal problems.

Newspaper representatives and representatives of type companies will participate in panel discussions during the conference. The program will open Saturday morning, March 17.

Harry W. Puckett of The Burlington Times-News will be the conference chairman.

Leslie S. Thompson, publisher of The Whiteville News-Reporter and president of the North Carolina Press Association, will

speaking informally at the conference session in the State College Union Building March 17 at 1:30 p.m. The delegates will be welcomed to the campus by Rudolph Pate, director of the State College News Bureau.

The opening day's program will conclude with a banquet session in the Sir Walter Hotel. The principal banquet speaker will be Josh L. Horne, publisher of The Rocky Mount Evening and Sunday Telegram. Dr. Key L. Barkley, acting head of the State College Psychology Department, will be the banquet toastmaster.

Topics relating to press room problems, including flatbed and rotary operations, will comprise the agenda for Sunday, March 18. Newspaper men and representatives of allied industries will lead these discussions.

Glee Club States Coming Features

The State College Glee Club will sing a program at the annual faculty dinner sponsored by the State College Woman's Club Friday (March 16) at the College Union. The Glee Club also has accepted an invitation to sing at the Carolinas District convention of Rotary Clubs at the Sir Walter Hotel Monday evening (March 19).

Next week rehearsals begin in preparation for a special concert by the combined glee clubs of State College and St. Mary's as a feature of Raleigh's observance of National Music Week. The program will be presented at St. Mary's on May 9.

Bearded Brothers Bested By Barber

Getting their first shave in several months at a local barber shop are (left to right with the beards) Grier Parks, Roger Morrow, and Don Haney. All are SAEs and the occasion for the

beards was the celebration of the 100th anniversary of the social fraternity on March 9. SAE is the oldest southern greek letter fraternity. Photo by Austin Cooley

Engineers from Pratt & Whitney Aircraft waiting for classes to begin at R.P.I.'s new graduate study center. Courses, leading to advanced degrees in specialized fields, include Aeronautical Engineering, Applied Mechanics, Higher Mathematics, Thermodynamics, Nuclear Technology.

The vast facilities required for practical application of advanced technical knowledge to the development of future aircraft engines are housed in P & W A's Willgoos Laboratory — the world's most complete, privately owned turbine laboratory.

The dedication last month of a full-fledged graduate center near the Pratt & Whitney Aircraft plant in East Hartford, Connecticut, set a precedent in relationships between industry and education. At a cost of \$600,000, P & W A's parent company purchased and equipped the building that was presented outright to Rensselaer Polytechnic Institute for its Hartford Graduate Center. Moreover, an additional grant by this industry leader to R.P.I. was used to establish a liberal fellowship fund. Since last fall, when classes first began, this tuition-assistance plan has functioned to assure advanced education for Pratt and Whitney Aircraft's applied scientists and engineers.

The new graduate study center, 115 miles away from its home campus in upper New York State, is staffed by a resident, full-time faculty. Engineers at Pratt & Whitney Aircraft and other companies in the vicinity are able now to continue their education without interrupting their normal employment.

Designed to raise the level of knowledge and to broaden the base from which research can be approached, this unique new concept of education will lead enrolled engineers to greater achievement in their careers through pursuit of advanced degrees in specialized fields from the nation's oldest engineering college.

R. P. I.'s Hartford Graduate Center, a modern, one-story building in a suburban location, is just a few minutes' drive from the P & W A plant. Student facilities include a large lecture room, a library, classrooms, seminar rooms, a cafeteria, and parking areas.

April 8

Mrs. Nash To Begin Lectures

Mrs. Ethel M. Nash, noted author, lecturer, and counselor, will return to the State College

YMCA Visit

On Sunday afternoon, March 11, a group of students were entertained in the home of Mr. J. W. Morgan, a professor of chemistry at State College. The YMCA sponsored this visitation in hope of bringing closer relationships between faculty members and students.

Bible study groups are held each Thursday evening from 6:15 until 7:15 in Room C of the college cafeteria.

campus during the week of April 8 to deliver a series of lectures on "Love, Courtship, and Marriage in Today's World."

Mrs. Nash, an expert in the field of human relations, will speak at the eleven o'clock service at the Vetsville YMCA on April 8 and at eight that night at the West Raleigh Presbyterian Church.

On Monday, April 9, she will begin her lecture series, which is supported by educational films. The series will run through

Thursday, April 12.

Two lectures will be given each evening, the first in the YMCA at 7:00. The lecture will then be repeated in the Tucker Dorm Social Room at 9:00. At both lectures there will be an open discussion period.

Mrs. Nash spoke to hundreds of State College students, during a similar series last year. During her visit to the campus, she will be available for personal interviews by contacting the YMCA for an appointment.

Attention, Camera Bugs

Attention! All camera bugs and photography fanciers. The photography committee is sponsoring a field trip to take advantage of the birds, the bees, and the sap in the trees. Some of the best studies of nature and people have been made around this time of year. With a get together such as this, who could miss?

Mr. Donald Wells, renowned color expert will be here March 24 to show us how it's done and give us a few pointers.

A field trip on a lovely Saturday afternoon is paradise—girls invited also or bring dates. The transportation will be furnished; just bring yourself and your camera and equipment. The wide open spaces are our destination. Let's have a big turn out and show what we can really do with artist, photographer, and outside nature.

Wear The Jockey Shorts

One and Only

Made By *Cooper* And Sold By

Hillsboro St. at State College

CAMPUS BEAU BRUMMEL

enthuses over Jockey brand underwear

Impeccably groomed Chisley J. Chisley ("Chi-chi" to his friends) says, "I like new-fashion fashion and old-fashion comfort. For instance, *this* week I give the nod to tartan cummerbunds and ascots of shocking pink—but every week I go for the at-ease feeling of Jockey briefs! Take it from a clothes-horse... never say Neigh to Jockey comfort!"

Whether you share Chisley's taste for sartorial splendor or not, you'll enjoy the casual, at-ease appearance that comes from wearing Jockey briefs. Better drop into your dealer's soon... buy a supply of Jockey briefs and T-shirts... and feel as good as you look!

Eight Ball In Corner Pocket

W.C. (Continued from page 1)

They have accepted this responsibility gladly, so now all you have to do to take advantage of this service is to either go by the Main Desk at the College Union or call 4-7318 and make your reservation.

The following system has been suggested and is offered for your approval or disapproval.

If you desire travel facilities to be provided for you at a very small fee, check by the main desk. If you have a car and wish to drive it on a "share-expense" plan be sure to indicate how many you can accommodate when you sign up. If enough of you sign up for this function we will arrange a motorcade for the trip. Of course, the motorcade will be led by our President Jim Nolan and a police escort. The deadline date for signing up for this will be 12 noon, Thursday, March 23. If you endorse this plan, please sign up immediately in order to give the Union something to begin their planning with. Nothing here prohibits your going up on an individual basis.

NOLAN (Continued from page 1)

3. The ratio of contact hours to credit hours: a. Realizing that the number of credit hours is far out of proportion in many courses to the number of hours spent in the classrooms, I submitted a report to the board of trustees and to the Dean of Faculty. The result has been that this system is now under revision.

4. College spirit: I feel that the general effectiveness of Student Government as a bargaining agency of the students with the administration has brought about a definite lift in school spirit.

5. Campus Traffic: The effectiveness of the student traffic committee is readily apparent when we look at the situation at Chapel Hill. The Board of Trustees has warned the students at the University that unless some solution to their parking problem is found in the near future the trustees shall restrict the right of the students to have cars at school. Here at State, no such situation exists. We have faced our problem and worked towards an honest solution of a very trying problem. We now have student parking at the li-

brary, and motor-scooter parking on the general campus. There is still a great deal to be done.

6. Cafeteria: The establishment of a student committee to work with the Cafeteria management has brought about some immediate improvements. In the future this committee should function with even more effectiveness.

7. Campus stores: The committee on campus stores has offered positive recommendations to insure the students a service area second to none in the new book store.

8. Book Store profits: The administration has approved and forwarded to the trustees a recommendation that 5% of the

book store profits revert to the Student Government for student use.

9. Paving: A careful survey has been made of paving needs in the dormitory parking areas and work should begin within the week.

Nolan closed with, "In addition to the listed accomplishments, much work has been done in many projects which are not yet complete. Among these are: 1. The new married student's quarters. We should have an announcement before school recesses for the summer. 2. Improved medical care. With the cooperation of the Dean of Student Affairs plans, a better and more complete type medical coverage is being planned.
