## Barn Warming Sat

"Y'all come," says Max Loyd, Ag Club President, referring to the big 1955 Barnwarming planned for October 8. Dancing and other entertainment is slated to get under way at 8 p.m. in the Frank Thompson Gym.

Genuine "down home" entertainment is being planned for both students and faculty. The Ridge Runners and Norman's Quintet will provide music for square and round dancing.

Crowning of the Queen of the Barnwarming promises to be the high point of the affair. Personality, beauty, and dancing ability will be considered by the judges in choosing the queen.

"Remember, 'formal dress' is the vogue for this year affair. All attending are expected to appear in either bibed overalls or gingham dresses, as the case may be," warned Bert Kalet, barnwarming chairman.

The Barnwarming affords an excellent opportunity for new students to meet old members and faculty members. Those wishing to attend can pick up free bids in Room 111, Patterson Hall.

## Social Fraternities Begin Rush Week

State's seventeen fraternities will throw out the welcome mat to all non-fraternity men on campus tonight as the annual fall visiting and rushing program gets underway.

Henry Pickett, president of the Interfraternity Council, announced that all fraternity houses will be open to both freshmen and upper-classmen who may be interested in a fraternity.

Thursday, Friday, Saturday, and Sunday, October 6, 7, 8, and 9 are known as "Visiting Days." It is during these days that students visit the respective chapter houses and visit with the fraternity members.

On Monday October 10, freshmen can then return to the fraternities they visited and have their date cards signed for the scheduled rush functions during the coming week.

Actual rushing begins October 11 and runs throughout Saturday, October 15. President Rickett made it clear that no specific invitation was necessary to

visit the houses, although many persons would receive invitations. The hours to be observed each day can be found on the College Union calendar.

## Old Grads Return To State Campus

Two members of State College's first class, the Class of 1893, returned to the campus on the college's 66th birthday yesterday. They are shown here with two officials of the institution following a luncheon in their honor. Left to right: H. W. (Pop) Taylor, director of alumni affairs, who presided over the luncheon; Sam Young of Raleigh, one of the first graduates; W. J. Mathews of Goldsboro, one of the first graduates and the first student to register when the college opened its doors October 3, 1889; and L. L. Ray, assistant to the chancellor and director of foundations at State College.—(Photo by Landis Bennett.)

## Report Released By Campus Stores Advisory Committee

A report on the findings of the Campus Stores Advisory Committee has been released by Dr. Walter H. Pierce, chairman of the committee.

Other faculty members on the committee are A. J. Bartley and G. B. James. Student members appointed by the Student Government President are Frank E. Minter, Robert Morton, and Morris Ratliff.

### Organization

The campus store system represents a composite of student service centers composed of the following units: Watauga Book Shop, Student Supply Store, The Technical Press, Quad Canteen, Syme Coffee Shop, Country House, Tucker Snack Bar, Shuttle Inn, and The Dug Out.

These units are owned and operated by the North Carolina State College Scholarship Fund. The campus stores were purchased in 1944 with a view to providing efficient and economical service to students and staff of the college community in the purchase of books, academic supplies, and sundries; and for earning income to be used for educational grants - in aid to worthy students.

### Administration

The campus stores are operated under the supervision of the college administration, including the office of the Chancellor, the Business Office, and the management of the store system as employed by the college. All employees are paid a regular salary as agreed upon by the administration and approved by the Board of Trustees. They do not receive any share of the profits from store earnings.

The Chancellor and President have been granted authority by

(See STORES, Page 7)

## Tompkins Textile Council Meets, Makes Plans

The Tompkins Textile Council held its first meeting of the school year last Friday to discuss details of the several events the Council will sponsor this year.

The directors of the Textile School extended an invitation to the members of the Council to a luncheon meeting next week at the Raleigh Country Club. This luncheon is in accord with the policy of the Council to further student-faculty relations within the School of Textiles.

A motion was made and passed that pencil sharpeners be put in all classrooms in the Textile Building. This motion possibly came in response to an editorial appearing in *The Technician* last week.

The Tompkins Textile Council has asked that only seniors in Textiles and faculty members use the Cramer Room in the Textile Building during their "coffee-breaks." In effect, the Council is asking that seniors and faculty members use only the Cramer Room—rather than the adjoining room.

Other business included discussion of the Lintdodgers Ball, the annual Open House, high-school day, and rushing dates of Textile fraternities.

## Notices

With the Greeks

"WITH THE GREEKS", State's fraternity news column, will appear for the first time in next week's issue. The by-weekly article relates the social happenings of the college's seventeen social fraternities as well as the activities and functions of the Inter-Fraternity Council.

Agromeck

Agromeck class pictures will continue to be taken Monday through Friday from 1 p.m. until 8 p.m. through October 26. Bill Foushee, *Agromeck* editor, emphasized that pictures are not taken on Saturday or Sunday.

The Schedule:

Sophomores—Oct. 5-11

Juniors—Oct. 12-18

Seniors—Oct. 19-26

## Council Announces Early Date For Engineers Ball

Final plans for the date and orchestra for the Engineer's Ball were announced by Bill Quinlivan, publicity chairman, following the Engineer's Council meeting last Thursday night.

Quinlivan revealed that the Collegians of East Carolina College, a frequent performer in the past, will return to provide the music for this year's dance.

The date is to be Saturday, October 22. Though this is earlier than in previous years, Quinlivan said that the date was advanced in the hope that fewer conflicts would occur.

Quinlivan suggested that all Engineers make early plans to attend the Ball. He stated that admission to the Ball will be by bid only and that arrangements as to the time and place to pick up the bids for the dance would be announced next week.

## October 11

# United Fund Goal \$2,000

Tuesday, October 11 is the day! That is the day our State College United Fund Drive begins, so don't forget it. The student goal for this year is \$2,000; and in an effort to go over the top, every individual in the dormitories and fraternity houses will be contacted.

The UFD on the State campus is being conducted concurrently with the Raleigh UFD. This is the only fund raising drive during the year, so every man is urged to give his fullest support, since this will be the only opportunity to contribute to the several worthy causes included in the Drive.

Ten per cent of the money raised on the State campus will go to the UFD, which covers such organizations as the Red Cross, tuberculosis, polio, etc. The remaining 90 per cent will go to the World University Service. WUS is a non-profit organization which aids students and universities in underprivileged countries through the purchase of books, mimeograph machines, laboratory equipment, and other basic education supplies. Last year the money collected on our campus went to Indonesia.

On Monday night of this week the organizational committee decided to allocate its contribution this year to repair and recondition a student hostel in Seoul, Korea.

## Nolan's Address Lists Improvements

A new book store, paved parking areas, work on the traffic situation, and a new dormitory were among the items that Student Government President Jim Nolan spoke on in his "State-Of-The-Campus" address last Thursday night before the Legislature.

After being introduced by Vice-president Bob Gunn, Nolan challenged each member of the Legislature to do his best in every small task and to change what ought to be changed on the

campus. "It's little strokes that fell great oaks," he stated.

### Treasury Department

Nolan said a new Treasury Department would be set up this year, that beautification of the campus would be given much thought, that criticism of the cafeteria would be welcomed by the Student Government, and that low-cost housing for married students will receive much attention this year.

### New Book Store

Concerning the proposed new book store, Nolan said that Mr. Ivey has asked the Student Government to set up a three-man committee to advise him and to work with him on the plan for the new book store which will be built near the Nuclear Reactor.

"Paving and improving the parking facilities in the dormitory areas will begin immediately," Nolan stated. The traffic court has \$5,740 which it has collected from parking violations. A committee will be set up to handle this fund and to look further into the situation.

### Traffic Problem

"The biggest problem on the campus in years is traffic," Nolan said. "The trustees want the cars off the campus. Only when they realize that the motor vehicle is here to stay will we be able to really settle this problem."

A new dormitory in Verville is to be built in the near future. The Student Government should see to it that adequate parking

(See S.G., Page 10)

(See NOLAN, Page 10)

## Stu. Government Has First Meeting

The Legislature of the Student Government heard President Jim Nolan make his "State-Of-The-Campus" address and then continued with other business at the first meeting of this body this year last Thursday night at the College Union.

The other matters on the agenda included a report on dormitory improvement, appointment of a new dormitory committee, the Golden Chain budget, United Appeal Drive, and the meeting-time of the Legislature.

Jim Nolan, in his address, spoke of a proposed new bookstore, student fees, the cafeteria, new dormitories, housing developments for married students, and the traffic and parking situation—"the biggest problem on our campus in years." A detailed report of the "State-Of-The-Campus" address appears else-

This project would permit the housing of 100 students in a renovated wing of a Korean school to be known as a "gift from students at North Carolina State College." It is hoped that this gift will initiate correspondence from Korean students accommodated in this hostel. Such letters will be printed from time to time in the *Technician*.

"These students in Korea needing aid are just as eager to learn as we are, but their opportunity is limited. With our help they will have a better chance to get the education they want," said Jim Stewart, Chairman of the United Fund Drive on campus.

On the campus, the UFD is being unanimously sponsored by the Student Government with the assistance of all organizations on the campus.

The drive will get under way Tuesday evening at 6 p.m. with a banquet in the grill room of

the grill room of the Student Government building.

Student Government President Jim Nolan presents the first United Fund contribution to Jim Stewart, chairman of the fund drive. Note the official arm band worn by Stewart. Contribute only to students wearing such an arm band. The Drive begins October 11.

GUEST EDITORIAL:

# Leazar Hall?

To all who do not know (as we didn't for awhile) Leazar Hall is familiarly called, along with other appropriate adjectives, the College Cafeteria.

We wonder if Mr. Harry E. Stewart has ever eaten in a really good cafeteria that serves appetizing food, gives good service, and has a decent variety. It's for sure he isn't running one.

We haven't patronized the College cafeteria very often since our freshman year for obvious reasons, but we ate there the other night just to see if it was still as bad as our freshman year.

We regret to report that the cafeteria hadn't improved any—with one exception. The salad and dessert counter is better lighted.

The size of the glasses that tea is served in is rather pathetic. It always makes us think of a true gyp joint, where the owner would fight to gain a penny.

Do you like fresh, cold ice tea with your meals during hot weather or at anytime? If so, and you have eaten in the business establishment run by Mr. Harry E. Stewart, you know that you don't get it there. To begin with there wasn't much ice put into the glass of tea, and it is usually set on the counter for the ice to melt before someone picks it up. By that time the ice has usually changed its

state—from solid to liquid. The result—highly diluted tea.

Hot rolls and butter!! Does it make your mouth water? If so you had better not eat at the College Cafeteria because you don't stand a Chinaman's chance of getting warm rolls, much less hot ones. And butter—not at the cafeteria. It's margarine and only a half patty at that! The paradox of an agricultural college serving margarine in its cafeteria was commented on by *The News and Observer* after the cafeteria had served dairymen, who were here for some type of get-together concerning dairy products, margarine.

Scrambled eggs at the cafeteria have no resemblance what-so-ever to the real thing. The appearance of eggs in Leazar has led to the comment "are they fresh or war surplus?" Anyone who has eaten breakfast at the cafeteria knows also that their connotation of the meaning of toast is very unusual.

Several students were willing to be quoted on the subject. Harvey Hancock, freshman, says "Army chow is great compared to the food at the college cafeteria. The service is poor, the seasoning is poor, the food is poorer—in fact, it's a pretty poor place to eat." That sums it up pretty well, we think.

Why not do something about it, Harry Stewart?

EDITORIAL COMMENT:

## Fraternity Decision Is Important

Today not only marks the publishing of this week's *Technician* it is the beginning of a much discussed and heralded week, anticipated by a large number of students on this campus. Without trying to be too flowery, today is the first day of fraternity rush week.

To many people, the word fraternity still connotes the hell-raising, "coon-coat" fraternity men of the roaring twenties. But the situation could not be more different. The seventeen national fraternities represented by chapters on this campus are fine organizations with fine men at their heads and outstanding men and campus leaders as their members, both undergraduate and alumni. They sponsor many projects during the year ranging from clothing drives for the County Welfare Department to Christmas parties for underprivileged children.

Fraternities are often considered a richman's playchild. At State, fraternity men find that their expenses average only about \$100 more than those for non-fraternity men. The extra cost is more than justified by the benefits received

according to the majority of them.

A fraternity is more than a convenience to many of the men who belong to them. The warmth of brotherhood, the friendliness of a place where a man can take his date for a pleasant evening without the expense of a nightclub, the homelike atmosphere where he can sit down and read a magazine or the morning paper are all a part of a fraternity. They are more a part, perhaps, than the meals and the place to live.

State College's fraternities have a great prospect for the years to come in the proposed fraternity row. Plans are nearing completion for its construction and within two or three years one should see the new houses on the hill behind the gym.

Today, tomorrow, and Saturday are visiting days for the non-fraternity men on the campus, both freshmen and upperclassmen. During these days many initial impressions will be made. Every man should put his best foot forward. The fraternities will! Sunday and Monday will be sign-up days when each rushee will fill his rush schedule with the fraternities he has previously visited. Then Tuesday through Saturday will be rush week, followed by a week of silence and the bidding the next week-end.

Give the fraternities every opportunity. They are more than interested in you if you are interested in them. And despite the howls of critics, there is a place for every man-on this campus in a fraternity if he so desires. He need only show his interest.

They are like so many other things in the world. They are only what you make them, and what is gained from them can be no more than what is put into them.

—T.L.

**Why do more college men and women smoke VICEROYS than any other filter cigarette?**

*Because only Viceroy gives you 20,000 filter traps in every filter tip, made from a pure natural substance found in delicious fruits and other edibles!*

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
2. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
3. Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
4. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip . . . and Viceroy's cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette . . . that's why VICEROY is the largest-selling filter cigarette in the world!

"The pencil sharpener seems harder to crank since Professor Snarf moved it up front."

**Letters To The Editor:**

Letters to the Editor must be signed. If it is requested that the name be withheld for a good reason, the letter will be printed and the name withheld. Letters WILL NOT be printed unless they are signed.

I would like to call to mind a misunderstanding which has been made either on the part of the Technician — by receiving misinformation—or by the Athletic Department of Raleigh High School.

Quite a few of the students this year have purchased date books for the football season for \$8.00. This book was to admit the purchaser's date to the five State home games, a freshman game, and "four high school games." This was verified in the College's Blue Bulletin (and *The Technician*.)

At Raleigh High's home game last week, however, all purchasers of date booklets had to purchase a \$1.00 ticket for their date—if they wanted to see the game—because the Raleigh High ticket collectors at Gate One would not honor the date booklets.

The holders of such booklets

are both confused and irritated. Could you possibly help to clear up this situation and in the next publication of *The Technician* inform the owners of date booklets of the future policy which will be followed. I, and I know many other date-book holders who attended this football game, will greatly appreciate any help which *The Technician* might be able to offer. I realize that this publication has always helped the students with information in their interests in the past and know that it will continue to do so in the future.

—A. B.

The name is partially withheld because I believe that this letter represents the queries of many date-book owners who were compelled to buy a ticket when their date-books were not honored.

Roy Clogston, athletic director, stated that it is regrettable that such happened and that the information printed in the *TECHNICIAN* was correct. Students and their dates can see high school football games that are played in Riddick Stadium by presenting their students books and date books at Gate 1. (Ed.)

## State's Cross Country Squad Racks Up 31st Straight Dual Victory By Defeating Carolina 24-32 in Season Opener-

N. C. State's cross country team racked up its 31st straight dual meet in a streak extending back to 1949 as they defeated the University of North Carolina 24-32 in the season's opener. Low score wins in cross country.

State's Mike Shea finished first over the 3.9 mile course in 20:42.8, second best time ever recorded. In second place and 300 yards back was North Carolina's Jim Beatty.

Other top 10 finishers were: 3—Mike Jones, NCS; 4—Bob Barden, UNC; 5—Herman Walker, NCS; 6—Bill Nanney, UNC; 7—Bobby Jones, NCS; 8—Don Gwynn, NCS; 9—Bob Whatley, UNC; and 10— Maurice Barbour, NCS.

**Squad Strong**  
Three lettermen from last year's strong squad and six promising sophomores up from the undefeated freshman team make up the State runners, coached by Paul Derr and Jim Little.

Since 1949, the State cross country team has won five state championships, three conference titles and two AAU crowns. A tie with William & Mary in '49 is the only black mark on the 30-game winning streak.

Mike Jones, a senior from High Point, will captain the Wolfpack runners this year. The returning lettermen are Steve Gooding of Kenansville, and Bobby Jones of Alexandria, Va.

The sophomore, all of whom won freshmen numerals, are Mike Shea of Harrisville, N. H., Froggy Barbour of Fayetteville, Sandy Helms of Greensboro, twins Herman and Furman Walker of Mill Spring, and Tom Hayworth of High Point.

Other candidates are Jimmie Eckard of Charlotte, Don Gwynn of Henderson, Gordon Ponder of Raleigh and Jim Miller of Great Neck, N. Y.

The squad has been working out since Sept. 5. Lost from last year's team were Dave Miller, the two-mile ACC champion, and Jim Barbee, the track team captain and mile specialist.

Oct. 8, Wake Forest and South Carolina, here; Oct. 15, Maryland, there; Oct. 21, William and Mary and Davidson, at Davidson; Oct. 29, Virginia, there; Nov. 5, Duke, there; Nov. 15, State championship meet, here; Nov. 21, ACC meet, here; Nov. 26, NCAA meet, East Lansing, Mich.

### Frat Intramurals

The 1955 fraternity intramural football campaign got off to a fast start this week as six games were played during the week. The SAE vs PEP; KA vs Sig Pi; SAM vs FH; PKA vs L. Chi.; PKT vs PKP and Sigma Nu vs AGR. These results will be published next week since this page goes to press early in the week.

The volleyball season is scheduled to start next Monday night in Frank Thompson gym with four games on tap and four more on Thursday evening. The Pika's are defending champions.

**Press Notes: Carolina vs. State**—State College's football squad dropped a thriller to Carolina last Saturday in the rain and mud of Riddick Stadium, 25-18 . . . but the score doesn't tell the real story of the 'Packs efforts. . . . As Coach Edwards put it, "I am very proud of our boys, they certainly played harder than I've ever known them to play in the two years I've been here." . . . The big factors in the Packs great showing was the fine running of halfback DICK CHRISTY and the passing combination of EDDIE WEST to JOHN COLLAR . . . West hit on 7 out of 10 and Christy carried the ball 11 times and gained 74 yards for a 6.7 average.

Everytime it looked like State was going to snatch it, Carolina came up with the needed punch. . . . Two things cost us the game—a blocked kick and one punt return.

Carolina failed to complete a pass while the Pack was racking up 144 yards via the air lanes. . . . \$15,000—The football team wasn't the only thing that lost Saturday. According to Roy Clogston, athletic director, the rain cost the department around \$15,000 or more! ! They expected to sell that much at the gate.

**Official's missed the Big One:** Every team that losses usually ends up in one way or another blaming the officials. . . . So here we go—During the second half State completed a pass deep in Carolina's territory with the score 19-18 . . . however, the play was called back and the Pack penalized 15-yards for a illegal pass receiver down field. . . . But a look at the game films clearly shows that the man called illegal was State's right end who had been knocked into the line and was late getting down field . . . the films were screened several times and he is the only one that the penalty could be called on . . . thus this was the play that might have cost State the ball game.

Carolina soon took over and scored their final TD. The official was certainly at fault in failing to distinguish an end from a line man, but State's captain could have asked who the penalty was called on and maybe prevented the miscall. . . . But that's all over the dam and Carolina still wins in the record book—I just hope that some day State will have a team that can win no matter what happens! ! !

**Week Off**—The Wolfpack takes a week-end off this week but returns to the grid iron wars next week-end with a home engagement with the Deacons of Wake Forest.

### ATHLETE OF WEEK

EDDIE WEST—senior quarterback 6-2, 195 lbs.—Alexandria, Va., Played the best game of his college career against Carolina Saturday . . . hit seven out of 10 passes for 114 yards and key gains on all major drives . . . continuous rain and mud seemed to do little to disrupt his accuracy . . . was one of main factors in 'Pack's pulling to one point of tie, 19-18 . . . could hold key to future success of this year's squad.

North Carolina State basketball coach Everett Case is beginning his tenth year with the Wolfpack. He has won eight conference and five Dixie Classic championships.

# Tarheels Edge State 25-18

	UNC	NCS
First downs	14	14
Rushing average	284	151
Passing yardage	0	144
Passes attempted	2	15
Passes completed	0	10
Passes inter. by	1	0
Punts	5	4
Punting average	41.4	40.7
Fumbles lost	1	1
Yards penalized	70	35

Carolina stood off an inspired and thrilling comeback effort by State to defeat the Wolfpack, 25-18, in the rain at Riddick Stadium. The game was one of the most exciting played in the long series between the brother institutions.

The Tar Heels used a blocked kick and an 83-yard punt return by quarterback David Reed to go into a 12-0 lead by the fifth play of the second period. But State refused to wilt and carried the issue down to the final play.

Carolina's halftime margin of 19-6 was narrowed to 19-12 and then 19-18 before George Bar-

clay's victors marched 46 yards in the last five minutes to bring about the final count.

It was a day of failure on the extra points and when the try for one after the Tar Heels' last touchdown failed, State still had a chance for a tie. The Wolfpack seemed headed toward this objective when a drive was stopped on the Tar Heel 17 as half-back Howard Williams of Hertford recovered a fumble by Dick Christy, who otherwise played a brilliant game.

### Nine Straight

Thus Carolina added victory No. 35 in the series in its first return to Riddick Stadium since 1942. The Wolfpack failed to break the string of eight Tar Heel decisions, but it gave it a courageous try that almost paid off.

There were heroes in large numbers for both sides in a wide open battle that had the crowd of 17,000 in a state of excitement for almost every minute. At halftime it seemed the Tar Heels had a definite edge because of greater strength in the line, but then a new State backfield that teamed a sophomore threesome of Dick Hunter, Christy, and Tony Guerrieri with senior quarterback Eddie West made it rough on the Tar Heel defense. A sophomore end, John Collar of Washington, Pa., also was a big man in the new State assault.

RALEIGH—Pat Pepler, assistant football coach at North Carolina State, earned letters in baseball and basketball at Michigan State.

RALEIGH — The football game between North Carolina State and Boston University will be the first between the two schools. The game is set for Nov. 5 in Boston.

## The Dorm Corner

### "More Alive in '55"

Fred Joseph, president of the Owen Dormitory, issued this statement to the Interdormitory Council that "The boys of Owen Dorm are inviting the rest of the campus to join their campaign to bolster school spirit at NCS." He went on further to say, that by attending the ball games "in mass" and backing our cheerleaders to the hilt, State will really be "more alive in '55", which is Owen's motto for this year.

### Girls in the Dorms

Well, not all the dorms had girls in them last Saturday night but Stadium Flats did. But don't get any wrong ideas, it was just a mistake. It seems some of the high school football fans thought the entrance to Stadium Flats was another Gate to Riddick Stadium.

### Ten Cent Phone Calls To Meredith

Many students have been complaining about paying ten cents for a call to Meredith only to find that the phone they wanted was busy. The interdormitory council is hoping to come up with a solution but until that time, they suggest you call the pay phone on the particular floor you want rather than the Meredith phone center. This way you will be able to get a refund if the lines busy.

### Football-Volleyball-Bowling

The football season started on Oct. 4, while volleyball will start on Oct. 10, and Bowling on Oct. 17. This year there will be sixteen teams in the dorm bowling league, this is more than ever before.

## Bill Hensley New Sports Publicity Dir.

Bill Hensley, director of sports publicity at Wake Forest College since June, 1953, has been appointed sports publicist at North Carolina State College, and assumed his duties September 1st.

Hensley succeeds Ed Storey, who resigned the N. C. State position several months ago.

Born in Asheville on January 23, 1926, Hensley attended the Lee H. Edwards High School in Asheville and was graduated from Wake Forest College with a Bachelor of Arts Degree in 1950.

Between 1943 and 1946, he served with the Navy in the Pacific area, participating in the Okinawa and Tinian battles.

Since his graduation from Wake Forest, Hensley was a sports writer for the Asheville Citizen from June, 1950, to June, 1951; was a special agent for the Federal Bureau of Investigation from June, 1951, to November, 1952; was assistant telegraph editor of The Asheville Citizen from November, 1952, until June, 1953; and has

BILL HENSLEY

been director of sports publicity at Wake Forest College since June, 1953.

Hensley is married to the former Carol Moore of Raleigh.

He is a member of the American College Public Relations Association, the Football Writers Association of America, Alpha Sigma Phi, Social Fraternity, Omicron Delta Kappa, honorary leadership fraternity; and is listed in "Who's Who" in American Colleges and Universities.

## Frosh Grid Team Host to JV Squad

North Carolina State's freshman football squad, fresh from an impressive victory over Duke's Baby Blue Devils, will take on the Wolfpack's junior varsity team this Saturday night in Riddick Stadium.

The junior varsity is made up of the boys who are out for varsity football but have failed to see action this fall. The frosh, coached by Bill Smaltz will rely on its prep all-state line to cop its second win in a row. They dropped their opener to a highly rated Clemson squad 14-0.

*The United Fund*

Only one fund raising campaign is going to be conducted at State College this year—the United Fund Drive—beginning on October 11. Each and every student is urged to give what he feels he can to this extremely worth while fund.

A portion of the money goes to the Red Cross and to tuberculosis and polio research organizations. The remainder

helps underprivileged students in foreign countries. Every contribution is accepted graciously and used beneficially.

This is your only opportunity this year at State to help others who are not so fortunate as you. Give generously—and be thankful you are not the one to whom the gifts will go.

**STORES**

(Cont. from page 1)

the Board of Trustees for allocating profits to the different kinds of scholarships. The Chancellor has adopted a policy of following the recommendations of the Student Government of State College in making his recommendations for allocations regarding divisions of scholarship funds between athletic and non-athletic grants-in-aid. In 1955 this amounted to \$33,000 for athletic scholarships and \$22,000 for non-athletic scholarships, which has been supplemented heavily in recent years by additional scholarship funds from other sources.

**Advisory Committee**

In addition, the Board of Trustees has authorized a Campus Stores Advisory Committee consisting of three faculty members and three students. The student members are appointed by the President of the Student Body. The committee is required to meet at least once each month with the Campus Stores Manager to review and discuss operational policies, including "student and faculty complaints, criticisms and suggestions." This committee can serve as an effective medium of communication between all members of the college community and the administrative staff on questions related to the operation of the Campus Stores.

**Investigations**

The campus stores are an integral part of the function and activities of State College. Although sometimes referred to as the "Mop-Up", it is being operated efficiently and every penny earned is being turned into some good cause for State College and its students.

In cases where dissatisfaction arises on the part of the students, the matter should be investigated, not just "talked about." This is the purpose of, and one way in which the Campus Stores Advisory Committee can be of service.

"Students on the State College campus are fortunate in having the services provided by the campus stores. They should be proud of the contributions being made to scholarship and athletics on the campus. Past, present, and future students should recognize that they are, indirectly, the real owners of the stores and take pride in the fact that it is an integral part of the activities of a great institution," said the report.

North Carolina State basketball star Ronnie Shavlik averaged 22.1 points per game in 1954-55. The All-America center scored 55 points against William and Mary for an Atlantic Coast Conference record.

**A Campus-to-Career Case History**

**"I represent 30,000 people"**

That's the population of the Mason City, Iowa, area where Jack MacAllister (Iowa U., '50) is Manager for Northwestern Bell Telephone Company. How would you like this kind of job?

"As Telephone Manager I represent Mason City to my company, and vice-versa. Among my customers are bankers, farmers, housewives, merchants... each with different questions and problems about telephone service. Through public information and good business

office service, my people and I do our best to furnish the answers.

"My assignment calls for varied activities—sales, public relations, office supervision. One minute I'm describing a new construction program to a group of businessmen... the next explaining a new service to a rural customer.

"It's a job with lots of variety and responsibility, and I enjoy every day of it. My supervisor is 75 miles away," says Jack, "and that puts me pretty much on my own—which is the way I like it."\*

Jack MacAllister graduated with a B.S. in Commerce and started with Northwestern Bell about five years ago. As Telephone Manager at the age of 28, he is typical of the many young men who are building careers in telephone work. Similar opportunities exist today with other Bell telephone companies... also with Bell Telephone Laboratories, Western Electric and Sandia Corporation. Your Placement Officer has all the details.

**BELL TELEPHONE SYSTEM**

\*P. S. Since this case history was prepared, Jack has been promoted. Now a manager at Des Moines, Iowa, he has increased responsibilities.

### Averette College Thanks You!

There are still many pleasant memories concerning Averette College's visit to our campus on Sunday September 18.

The College Union received a letter this week expressing Averette's thanks and enjoyment.

"The faculty, staff, and the students would like to express their appreciation for the outstanding hospitality we received from the staff and members of the North Carolina State College Union on Sunday September 18. I do wish I could convey all the nice compliments the girls paid your fine group because I am sure you would realize what a fine job you are doing."

the college cafeteria. Representatives of IDC, IFC, and all religious organizations will attend this banquet and hear Jack Gleason of Atlanta, Ga. Gleason, the keynote speaker and a representative of WUS will state the purpose of the Drive and give the attending representatives an idea of why they are collecting the funds.

Personal solicitations will begin after the banquet Tuesday night and continue through Thursday. Representatives of the different organizations will act as solicitors and will visit every dormitory room and fraternity house personally.

Jack Gleason will speak to the YMCA cabinet at their weekly meeting on October 12th, at 6:30 p.m. He will speak to the Freshmen in the Tucker Social Room at 7:00 p.m. on Thursday evening, October 13th. His talks will be supplemented by films which show how badly our help is needed and how helpful our contributions are in the countries to which our gifts will be sent.

Your contribution can mean the difference between some needy students getting the kind of education he wants and needs and the kind he is able to get without our aid. Your contribution can make the difference, so give generously!

**NOLAN**

(Cont. from page 1)

provisions be included in the layout of this dormitory.

A Treasury Department to be set up this year will examine the distribution of student funds. In the past, students have not known to their satisfaction where the Student Activities Fee that they pay is being spent.

Noian said this idea should have the Chancellor's approval.

**Removal of Cross-ties**

On the subject of the beautification of the campus Nolan said that "we can improve the looks of the campus by removing fence-posts, cross-ties, and other unsightly objects." He also said that a clean-up campaign would be sponsored by the Student Government.

The Student Legislature will welcome constructive criticism on the operation of the cafeteria this year. He emphasized that the criticism should be specific and in writing.

**Fraternities**

"We all want the fraternities at State back on the campus," the president said. A great deal of work is already under way to achieve this. Housing for married students is also being studied carefully in order to facilitate this problem.

Nolan reiterated the most pressing problems facing the Student Government this year: new and better dormitories with

**S.G.**

(Cont. from page 1)

where in this issue of the Technician.

The report on dormitory improvement, submitted by N. B. Watts, stated that the reason for delayed improvement of dormitories this year was the extended summer school session, leaving little time to make repairs before the beginning of the fall semester. A number of improvements, however, have been made.

Among these are the installation of new telephones in dormitories, the replacement of walkways in front of Tucker and

parking facilities, low cost housing for married students at reasonably low rates, the fraternities moved back on the campus, paving of roads and parking areas, and the removal of campus eyesores.

Concluding his address Nolan charged the members of the Legislature to remember the pledge they had made last year to represent their schools to the best of their ability. He told them to "get the facts, discuss them intelligently and solve the problems facing them."

Owen Dormitories, renovation of Turlington, repainting of several rooms, repair of floors in Bagwell, Owen, and Becton dorms by October 1. The report was concluded by a statement on the completion of lights around the campus—a long debated and long-awaited improvement.

A five-man committee was set up to work with college officials on the planning of proposed new dormitories. This committee consists of: Bob Gunn, Joe Hall, George Smart, Joe Little, and John Arnold.

The Golden Chain requested an additional \$150 to supplement the balance brought forward from last year of \$167.39. This amount was granted after requiring that the organization submit annual financial records to the Student Legislature. As Bill Fisher said on this subject, "the Golden Chain is a campus organization, therefore the students should know where their money is going."

To relieve State College students from the plague of numerous charity drives, the United Appeal Drive will be sponsored again this year by the Student Government.

A request was made that a report be compiled by the representatives of N. C. State who attended the meeting of the Na-

tional Student Government Association this summer. This is to be submitted at the next meeting of the Legislature.
