NORTH CAROLINA STATE COLLEGE'S WEEKLY NEWSPAPER
Vol. XL, No. 6 State College Station, Raleigh, N. C. Oct. 20, 1955

Selective Service Qualification Test Deadline Is Nov. 1

Major General Lewis B. Hershey, Director of Selective Service, announces the Selective Service College Qualification Tests to be given on Thursday, November 17, 1955, and Thursday, April 19, 1956, at approximately 1,000 examination centers.

To be eligible to apply for the Selective Service tests a student must: (1) intend to request deferment as a student; (2) be satisfactorily pursuing a full-time course of instruction; and (3) must not previously have taken the qualification test.

Students whose academic year will end in January, 1956 are urged to take the November test so they will have a test score on file at their local boards before the end of their academic year, at which time their boards will reopen and consider their cases to determine whether they should again be deferred as students.

An application for the test, a mailing envelope, and a Bulletin of Information may be obtained from any Selective Service Local Board. Applications for the November 17 test must be post-marked no later than midnight Tuesday, November 1, Applications postmarked after midnight of that date will not be accepted for that test.

The present criteria for deferment as an undergraduate student are either a score of 70 on the qualification test or specified rank among the male

members of the class (upper half of freshman class, upper two-thirds of sophomore class, or upper three-fourths of junior class). In addition to meeting one of these two requirements, the student must, at the end of each academic year, progress to the next higher class.

Students accepted for admission to or in attendance at a graduate school after July 1, 1951, satisfy the criteria if they ranked among the upper one-half of the male members of their senior class or made a score of 75 or better on the test. Graduate students admitted after January 1, 1955, must have ranked among the upper one-fourth of the male members of their senior class or made a score of 80 or better on the qualification test.

General Hershey has emphasized many times that local boards are not required to defer students meeting the criteria. Meeting the criteria merely makes a student eligible to be considered for a student deferment. If a local board refuses to defer a student meeting the criteria, he of course, has the right to appeal his case, Hershey pointed out.

Colonel Thomas H. Upton, North Carolina State Director of Selective Service, urges that eligible students avail themselves of the opportunity to take the test.

Freshmen and sophomores enrolled in ROTC may wish to consult their ROTC instructor.

Costume Ball College Union October 29

Plans are rolling now for the greatest ball of all at the College Union. Everyone is racking his brain to dream up the wildest possible costume for the Costume Ball on October 29 in the College Union Ballroom. The dance will be sponsored by the C. U. Dance Committee.

Let your imagination run wild on your costumes. It's easy as pie to whip up a costume from practically nothing. Feed sacks, crepe paper, old clothes from the attic, cardboard boxes, anything can be made to look good with a little effort.

No one will be admitted unless they are dressed for the affair (either a costume or formal with a mask). To clarify the proceeding... Formal means tux or dinner jacket for the boys and evening dress for the girls. To be in costume, you must represent someone or something other than what you are. Those appearing in street clothes, claiming they are costumed as typical students, will not be admitted. Remember! either costume or formal.

There are a host of fabulous prizes to be awarded for the best costumes. Hillsboro Street Merchants including Norman's, Wertz, Man-Mur, The Griddle, The Varsity Theater, The Florist, and many others have donated prizes for the gala affair.

Grad. Dames Hear Mrs. Harriet Pressly

The first general meeting for the year 1955-56 of the Graduate Dames of State College was held on October 11 at the College Union. Mrs. Harriet Pressly, Director of Public Affairs for Radio Station WPTF, was the guest speaker for the evening.

Mrs. Frances Hutcheson, president, introduced the officers for the present year. She spoke briefly on the history of the University Dames—a national organization for the wives of graduate students. Mrs. Pressly was then introduced, and spoke informatively on living in Raleigh. She told of the many activities open to the public.

The next general meeting of the Dames will be held the second Tuesday in November. Several interest groups within the club were formed. The following groups have set dates for their first meetings. The Bridge Group will meet with Mrs. Joan Muller on October 18 at 8:00 p.m. in the second floor seminar room of Williams Hall. The Homemakers Group will meet October 25 at 8:00 p.m. with Mrs. Mary Chaplin and Mrs. Louise Blake in the Vetville YMCA. The Book Club will meet November 1 at 8:00 p.m. with Mrs. Jerry Gilbert in UK 39, Vetville.

After a social hour, the meeting was adjourned.

Parking Lot Behind Textile Building

The unpaved parking lot behind the Textile Building that was used by off-campus students for parking last year is now sprinkled with faculty and staff automobiles. "The off-campus student parking lots are being eliminated because they are eyesores," said Professor Babcock, traffic expert who studied the campus traffic problem, but the lot is still there and being used.

Union Presents "Pocket Full of Wry" Starring Arthur Treacher Fri. at 8:00 p.m.

Arthur Treacher, stage, screen, radio, and television personality who achieved fame as "the perfect English butler," will appear in the ballroom of the College Union Building Friday, October 21, at 8 p.m.

Treacher, who will give a series of readings from humorous

literature, has entitled his program, "A Pocketful of Wry." Having appeared in over 60 motion pictures, he became famous through his Hollywood portrayal of P. G. Wodehouse's literary butler, Jeeves.

Claude Rains and Edmund Gwenn are some of the well-known actors who appeared with Treacher in London theatrical productions before he came to America to play in musical reviews with Al Jolson and Jack Benny.

A versatile actor, as he proved by playing opposite Ethel Barrymore and Ethel Merman in Broadway productions, Treacher's international fame still lives in his comic interpretations of household employees—notably butlers.

The entertainment will be sponsored by the College Union Forum Committee, headed by Chairman George Cline of Chapel Hill. A coffee hour is planned following the event when the audience will have a chance to meet the actor. There will be no charge for State College students or for faculty and staff who are College Union members, but there will be an admission charge for all others.

Directory Set For Dec. Distribution

The Student Directory being compiled and printed by the College Union will be ready for distribution early in December, Jerry Erdahl announced this week.

The directory this year will include the name of each student, his address, curriculum, telephone number, classification (i.e. fresh., soph., etc.) and hometown. Veterans, graduate students, and off-campus students will, of course, be included also.

Dan Yager is heading the preparation of this year's directory. The publication will be sponsored by the College Union and by the Student Supply Stores—with the Supply Stores paying approximately two-thirds of the cost. The entire cost of the directory will be a little more than \$900.

The cover this year will be of a glossy, enameled paper, in sharp contrast to last year's front. One drawback, which is unavoidable, is that no changes in addresses made after October 3 will be included.

Erdahl said that 5,000 copies would be printed this year—2,000 more than last year. Distribution of the Student Directories will be worked out and announced at a later date.

Last Call For Variety Show

Can you dance, sing, pantomime, crack jokes, or play an instrument? If so, we need YOU in the Student Variety Show.

Top talent from all over campus will join forces to produce a show to end all shows. The Student Variety Show will be held in the College Union on Friday, October 28, at 8 p.m.

There will be an informal coffee hour following the show for all attending.

Cheerleaders

This year's cheerleaders, from left to right, are Joel Parker, Dott Morton, Archie Copeland, Marilyn Collins, Bill Garrabrant, head cheer leader, Nancy Moody, Bob Strother, Louise Cross, and Judge Clement.

Caravan Planned To Furman Game

President of the Student Government Jim Nolan announced plans Wednesday for a student car caravan to the Furman game in Greenville, S. C. on October 29.

After conferences with Roy Clogston, the State College Athletic Director, and Coordinator of Student Activities Banks Talley, he revealed that arrangements for tickets had been tentatively made and that it was hoped that Saturday classes could be excused for those making the trip.

Clogston stated that if one hundred students would go, tickets could be obtained for them for \$1.50. No definite statement about excuses was made but Nolan said that he was optimistic about the chances.

Nolan continued with the details of the plans saying that Greenville was about 225 miles from Raleigh making it necessary for an early morning departure at about 8:00 a.m., the 29th. He requested that all interested students sign up in Talley's office in Holladay Hall by noon next Friday. He also asked that those signing up leave information as to whether or not they could take a car and said that expenses would be shared by all those going. As the game is scheduled for 2:00, the return trip will be made Saturday night.

Fred Joseph, President of Owen Dorm, has volunteered to act as chairman for the trip and stated that he had an enthusiastic nucleus of students from Owen who are definitely interested in making the trip.

Covering Campus . . .

Monogram Club

Nine athletes have been initiated into the State Monogram Club this week. They are; Russ Casteen, baseball; Steve Gooding, Bill Allin, Bob Jones, Dave Odom, Don Gwyn, track; Sam Hudson, cross country; and Bill Franklin, football. President Jim Frazier also announced that tentative plans for a Jazz Concert the Saturday afternoon of Homecoming are being made by the group. He said that detailed plans will be announced in the next week or two.

Fellowship

The Westminster Fellowship West Raleigh Presbyterian Church extends an invitation to State students to attend a retreat Saturday, October 22, at Maple Hill Lodge in Unstead Park. There will be recreation, fellowship, and a discussion—"The Essential Christian Doctrine and their Relevance to Our Lives." Cars will leave the Church at 2:00 p.m.

Jazz Talk

For all you cats interested in the jazz of this modern age, there will be an informal discussion on Tuesday, October 25, at 8 p.m. in the College Union.

The talk, entitled "Schools of Jazz," will be directed by Ben White and Sidney Knowles. All attending are invited to an informal coffee hour immediately following the talk. Students, College Union members, and guests will be admitted free of charge.

Grass Roots Opera

The Grass Roots Opera Guild of Raleigh will present the first in a series of five attractions this season on Thursday, October 27, in the Meredith College Auditorium.

The opera will be the Cimarosa comedy "The Secret Marriage." Season tickets may be obtained from the State College librarian. Prices are \$6.00 for adults and \$3.00 for College students.

College Union Sponsors Outing

Gung Ho! is the cry when the students from State go on an overnight camping trip. On Saturday, October 22, all students and their dates are invited to join the C. U. Outing committee and take off for Hanging Rock State Park. The group plans to return around 6 p.m. Sunday. Official meeting time is 12:30 Saturday at the C. U.

Hanging Rock State Park is located in a mountainous area of North Carolina approximately 125 miles from Raleigh. Two other schools, the University of Virginia and Mary Washington College have been invited to meet State College at Hanging Rock.

The Outing Committee suggests that you bring the following: sleeping equipment (sleeping bag or 2 or more blankets), warm clothes for one and one-half days, toilet articles, raincoat, and if crazy bring swimming trunks, some always do the unbelievable.

Approximately \$2.50 per person will cover all expenses (food and transportation).

Gives Band \$1,000 For Villanova Trip

That this college would be well represented at the Villanova game was partially decided by the Student Government last night.

Edward Avent, band representative, made a plea to the S. G. to send the 75 bandmen as "a fine representation of the college," and "to bolster the band's spirit."

Avent, pointing out that a long trip has been missing for some time from their yearly activities, expressed the hope that this trip would incite interest in the band.

With the recent accent on building a good band in mind, the S. G. unanimously appropriated \$1,000 for the trip. However, it stipulated that this was only partial support, the rest having to be raised through small, individual fees from the band members.

EDITORIAL COMMENT:

Let The Grass Grow

The beautification of the campus that started at the M & O warehouse is now spreading to other parts of the campus. Grass has been planted in many areas that previously were eyesores such as between Syme and the 'Y', the proper material to stimulate growth has been spread, and fences have been put up to prevent walking across the grass, and the grass is now green.

Give the grass a chance!! It looks good, but it won't continue looking good if paths are made across it immediately after the fences are removed.

The fences are unsightly, but they are only temporary. With the cooperation of the students, staff, and faculty, the grass will be permanent.

Picket Replies For IFC . . .

Dear Mr. Pureblood,
 In reading our interesting remarks in your column "Hear at State", the first question that arose in my mind was how long have you been "Here at State". You mentioned the fact that the rush week was moved back a week "right in on top" of the Chemistry and Hygiene quizzes which were planned last year conveniently behind the original rush week. Had you been here last year you might have recalled that the Homecoming Game was scheduled for October 1, the weekend that visiting days for fraternities were scheduled to start. Perhaps you will agree—as did the IFC—that to ask the fraternities to build floats for the Homecoming parade and to prepare their houses and plans for rush week—all at the same time—would have been asking too much. After the last IFC meeting of the year—at which time it was decided to delay rush week—President of Student Government Jim Nolan succeeded in his efforts to have Homecoming Day moved to November 19. Since it would have been grossly impractical to change rush week back at so late a date as the opening of school it remained as it was. I regretted those quizzes very much myself, and I sincerely hope that if you were a rushee

the loss of two hours of rushing time did not render you incapable of a decision as to a social fraternity.

The second item of interest in your column pertained to the changing of the hours of "signing up" on Monday, October 10. If I thought you were a fraternity man to whom I am responsible, I would endeavor to explain why I wished to delay the closing of the houses, Mr. Pureblood. I explained it to the IFC yesterday at our meeting to which you were welcome. Suffice it to say that I was acting in what I considered the best interests of the majority of the fraternities. Moreover I had the approval of ten out of the fourteen fraternities which I was able to consult. However, the reason for which I wished to lengthen the hours on Monday night did not materialize, so I informed the presidents of the various houses that I had personally contacted—with the exception of one—that the hours would remain the same. I can only assume that the men in each house look to their presidents for clarification of such issues. I sincerely hope you were not inconvenienced by something that never happened.

I appreciate your interest in fraternity affairs, Mr. Pureblood, and at any time will be glad to answer in print any anonymous complaints you do not wish to voice personally.

Sincerely yours,
Henry W. Pickett, Jr.
President, Inter-Fraternity Council

Yearbook In Sad Shape . . .

To the Editor:

A topic that has been knocked around very much in conversation here at State College is the sad state of our yearbook. From the student's view something is all wrong. Why is it a student has to pay to have his picture put in the book when he is charged a \$5.65 fee for the yearbook? Then the annual comes out with a sport section which is the "lousiest" that has ever been seen in a major college. There are six "All Americans" on this campus but you wouldn't know it from the yearbook. The National AAU Champion swimming team covers only one-third of a page and our baseball team, which came within a few runs of defeating the NCAA cham-

pions, has only four of its members pictured on one-third of a page. There is not one picture of the freshman athletes in the book. After all of this "co-operation" we wonder why there is no school spirit and pride on campus. Last year some of the students didn't even think enough of the annual to stop at the YMCA and pick their's up. There is a nasty rumor circulating that this year there wouldn't be any section for football.

The yearbook should be non-profit and representative of the school. If last year's shameful farce is such, then the name "cow college" should be done away with for the annual leaves the impression that the reader is studying a country club social roster.

What young people are doing at General Electric

Young engineer pioneers in design and sales of new tiny transistors

The germanium transistor—some smaller than the eraser end of a pencil and able to operate on a few thousandths of a watt—is probably one of the most promising developments in the electronics field today. It opens the way to new midget radios, TV sets flat enough to hang on a wall and many other exciting possibilities.

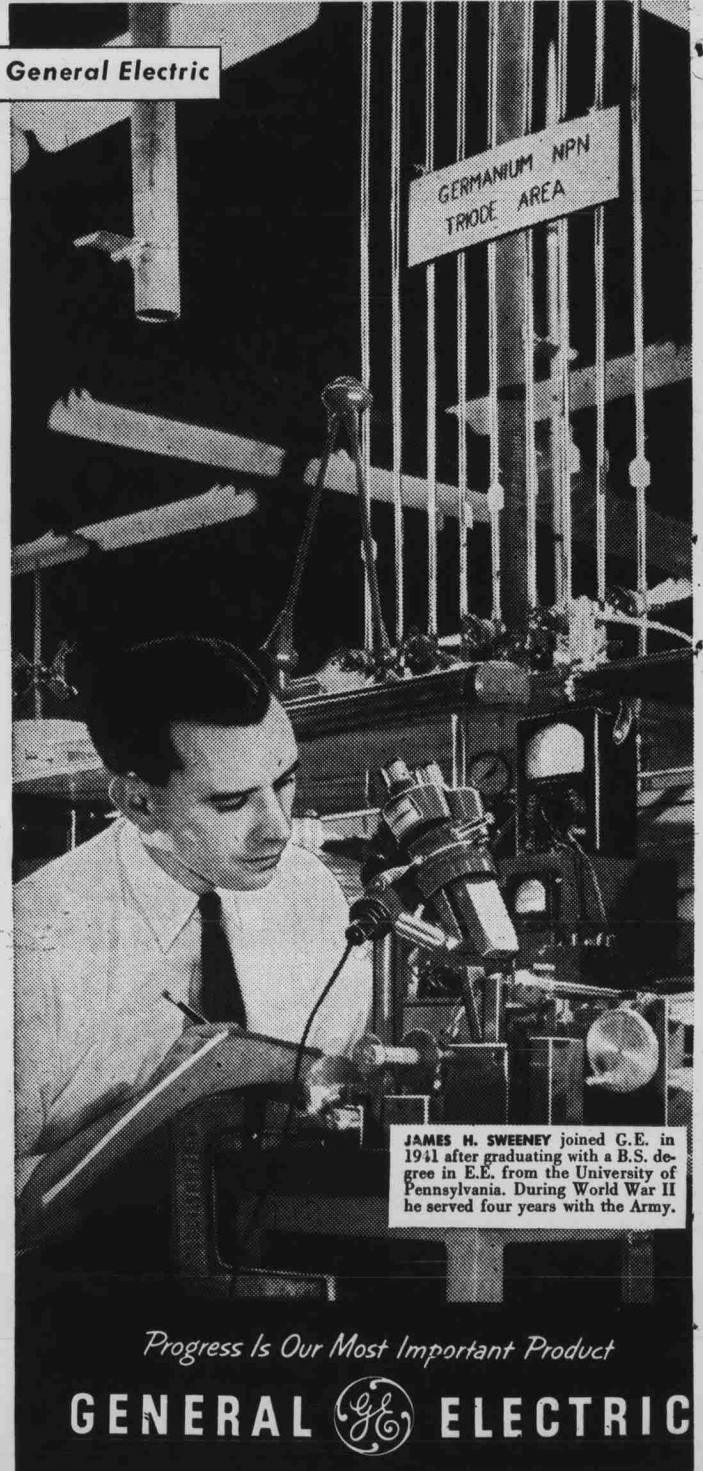

One of the men who helped design and perfect these tiny transistors—and the man who is now head of sales for all General Electric germanium products—is James H. Sweeney, Manager—Marketing, Semiconductor Products Department.

Sweeney's Work Interesting, Vital

As early as 1948, Sweeney was head of a group that studied the design and possible uses of germanium products. He gained national recognition for his work in developing and introducing these products to other industries, and when a new Semiconductor Products Department was formed in 1953, Sweeney was a natural choice for the job of marketing these products.

•25,000 College Graduates at General Electric

When Sweeney came to General Electric in 1941, he worked in many different departments until he finally found the work he wanted to do. Like Sweeney, each of the 25,000 college-graduate employees is given the chance to grow, to find the work he does best, and to realize his full potential. For General Electric has long believed this: When fresh young minds are given the freedom to make progress, everybody benefits—the individual, the company, the country.

JAMES H. SWEENEY joined G.E. in 1941 after graduating with a B.S. degree in E.E. from the University of Pennsylvania. During World War II he served four years with the Army.

Hear At State

by Sidney Pureblood, Jr.

What did you think of the game last Saturday night? Looked good from here. No rain, either! Surely do wish it had ended five minutes earlier, though. Let's hope to see some more spirited games like that, "Hear at State."

The cheering was pretty good too—when we made a touch-down. Why not show a little spirit all along, not just when we score. If the cheering were a little more organized, it would

sound a lot better. Why not print up some sheets of the various yells and distribute them, rather than having the head cheerleader go over each yell every time before he leads it?

Time allocation

A student needs forty-eight hours a day up here. There certainly is enough to keep one busy, "Hear at State." Proper allocation of time is really important. Don't waste your spare time—you can't recover lost time like you can so many other things. Everybody has some time that he can use for extracurricular activities, though. Use all your talents; develop and enlarge them with use. Don't bury them. If you do, you may not have them when you next look for them.

Pencil Sharpeners

The pencil sharpeners still haven't been installed in the Textile Building. Why? The Tompkins Textile Council recommended that they be put in three weeks ago. It seemed like a logical request. Did anyone hear it? Then why not do something about it? We need them in a lot of the classrooms, too.

Everybody talks about the parking situation; I can see why too. Last year the Student Government talked about having shuttle-buses running the length of the campus between classes. That might encourage a lot of on-campus students not to drive their cars. I've always wondered what students living off-campus do when parking places are all occupied by those who could walk if they would.

Girls' Dormitory

I can't see the sense, however,

in making a parking lot adjacent to the A&P (across from the Textile Building) when there are two, little-used parking lots behind the Textile Building. Anyway, if that piece of land is used we may never have a girl's dormitory. And we'll never have many co-eds if they don't have a place to stay. But I won't argue anymore for more co-eds (if would probably be in vain anyway); an addition of several hundred co-eds wouldn't change my dating habits.

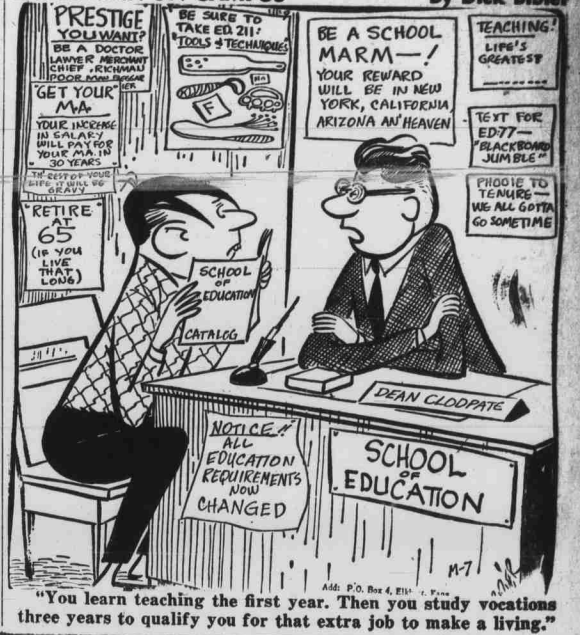

November Week-ends

There are some big week-ends coming up in November—it's a shame that Carolina, State, and Duke are all having their big dances on the same weekend, though. Surely do wish the Air Force and Lt. Hedgepeth were Duke or Carolina fans, and wouldn't have that 8-hour test the Saturday they play; that's too good a game to have to miss.

I hope the Traffic Committee will give those shuttle-buses a trial. It would save a lot of people a lot of walking—and might even get a few more people away from driving.

Soccer Team Meets Navy At Annapolis

Coach Eric DeGroat's State College soccer team get another tough test Friday afternoon at Annapolis, Md., when the Wolf-pack meets Navy.

The State booters lost to North Carolina 3-0 in the opening game of the season but bounced back to defeat Pittsburgh, undefeated last year, 2-1 in a thriller. Norman Morris scored twice for the 'Pack.

Norris will be playing before the home folks Friday. He is a senior from Baltimore, Md.

Six lettermen are included on the State squad. They are Joaquin Escobar, Darryl Andrews, Earl Baxter, Ernest Sherrill, Tom Baety and Clyde Gaddy.

Remaining FOOTBALL SCHEDULE

- Oct. 22—Villanova Philadelphia, Pa.
- Oct. 29—Furman at Greenville, S. C.
- Nov. 5—Boston Univ. at Boston, Mass.
- Nov. 12—Virginia Tech at Bluefield, W. Va.
- Nov. 19—William and Mary at RALEIGH**
- Nov. 25—West Virginia at RALEIGH

* Conference Game

Sigma Kappa: "Is it natural to shrink from kissing?"
 Prof: "If it was my, dear, most of you girls would be nothing but skin and bones."

Frat Intramurals

Football

Six fraternity football games were reeled off last week as the gridiron season rolled into its second week of action.

Sigma Chi seemed to have had the easiest time as they crushed Theta Chi 46-0 in an impressive offensive show. Johnson was the big man behind the victory as he tallied two touchdowns and passed for three more. Deans, Waldon and Thomas all figured into the scoring parade.

Defending champions SAE shut-out the Sigma Pi's 13-0 with Gibbs and Hardison playing outstanding ball for the winners.

Nick Pond passed to Ed Woolard for a TD as the PKA's slipped by the SAM's 6-0 in another hard fought contest. The PEP's and Phi Kappa Tau gained wins over the KA's and PKP's respectfully to complete the weeks action.

Volleyball

Four games were scheduled for Tuesday night as the volley ball season got underway and tonight finds the following action: PEP vs. Sig Nu, PKP vs. AGR, KA vs. Kappa Sig, and SAE vs. F. House.

Bowling

On Monday and Wednesday nights of this week, all sixteen fraternity teams went into action to start the season off. Results haven't been received from the bowling alley yet.

State Harriers Meet Davidson & W-M.

State College's cross country team, which saw its 33-meet winning streak halted by Maryland, will meet Davidson and William and Mary in a triangular meet at Davidson Friday afternoon.

Beaten only by Maryland in the past six years, the Wolf-pack runners hold wins this season over North Carolina, South Carolina, and Wake Forest. The Terps, Atlantic Coast Conference favorite, edged State 25-31.

Mike Shea, who has placed first in every meet this season, heads the State contingent. He ran the four-mile course at Maryland in 19:50.9 to beat the Terps' top man. He is a junior from Harrisville, N. H.

Making the trip to Davidson will be Shea, Captain Mike Jones, Herman Walker, Furman Walker, and Maurice Barbour.

Md. Stops 'Pack In C. C. Meet

N. C. State's cross country team had its win streak broken at 32 by a strong Maryland squad last week, 25-31.

It was the first time in six years that State lost a dual meet. The summary:

NCS vs. MARYLAND

Mike Shea—S	19:50.09
Burr Grim—M	20:38
Good—M	20:40
Party—M	21:03

Pack Meets Winless Villanova There Saturday

North Carolina State's passing game is getting better with every game, and the Wolfpack may depend upon the aerial show Saturday afternoon in Philadelphia against Villanova's Wildcats.

Quarterback Eddie West, a senior from Alexandria, Va., has shown in State's last two outings that he likes to take to the air. The veteran signal caller threw for touchdowns against North Carolina and Wake Forest.

West's favorite targets are sophomores John Collar, a rugged end from Washington, Pa., and fleet halfback Dick Christy, the boy wonder from Chester, Pa. Each has gathered in a West pass in the end zone.

Another target is halfback Dick (Spook) Hunter, the mighty-mite rookie from Leechburg, Pa. Hunter has caught three passes.

West has completed 17 of 83 passes for 282 yards with Collar grabbing eight and Christy seven. Christy's catches have been good for 166 yards, an average of 22 yards for each reception.

If you like statistics, the Wolfpack averages three yards on each running play and 14.2 yards on each pass play. During a game, State's running will account for 117 yards on an average while the passing picks up 92 yards.

Coach Earle Edwards has indicated that he will string along with the same starting lineup which forced Wake Forest to rally for a 13-13 tie. That combination had John Lowe and Collar at ends, John Bagonis and John Szuhan at tackles, Al D'Angelo and Mike Nardone at guards, and Dick Tonn at center.

In the backfield West will start at quarterback with Christy and Hunter at the halfback posts. The fullback will be Tony Guerrieri.

Edwards announced that veteran halfbacks George (Wagon Wheels) Marinkov and John Zubaty have recovered from injuries and will share the load with Christy and Hunter. Marinkov had pulled a leg muscle and Zubaty a broken nose. Soph

Tom Katich also will see action at quarterback.

The Wolfpack will leave for Philadelphia Thursday night by train and will work out at Villanova Friday afternoon. State will set up headquarters at the Sylvania Hotel.

The Pack's record is 0-6-1 and Villanova is 0-4 for the year.

The Dorm Corner

By Terry Lee Hershey

Becton No. 1 Wins Their Second—The Becton No. 1 team rolled over the Bagwell No. 2 team by a score of 54-0. Watters, Warren, Barga, Bennett, and Powell were the leading players for the Becton team.

Syme No. 2 Beat Alexander No. 2—In a hard fought battle the Syme No. 2 team beat Alexander 9 to 7. Brooks scored for Alexander and Monroe for the Syme team. While Wiley was tagged in the end zone for a safety.

Tucker No. 1 Beat Owen No. 2—Owen scored what would have been the winning TD but they juggled the ball in the end zone. Owen led 2 to 0 when they

EDDIE WEST
Quarterback—N. C. State

Berry Beat Verville—In two clashes the Berry Team beat the Vets by 14-7 and 20-13. Morris and Hannah were the outstanding players for Berry. Coley and Ponder led for the Vets.

Volleyball

In the week's volleyball the courts were filled with winners. The winning teams were Becton No. 1, Berry-Wat., Becton No. 2, Welch - Gold - Fourth, Syme-Stadium, Turlington No. 2 Tucker No. 2 and the Vetville Vets.

Nardone Sparks 'Pack Against Wake Forest

Mike Nardone made his return to the first team an auspicious occasion, and North Carolina State football coach Earle Edwards is all smiles.

Nardone is a veteran of four years with the Wolfpack, but was put on the second team earlier this year in order to get more weight into the center of the line. A 193-pounder, the Peeksill, N. Y., senior was replaced by a 203-pounder.

But the heavier player had his troubles and dropped off the

team last week. That gave Nardone his job back and after his performance last week against Wake Forest, it's doubtful that he'll lose it again.

"He couldn't have played any better if he'd been two persons," commented Coach Edwards. "He was all over the field making tackles and he rushed Nick Consoles right off his feet. I thought

he was the best lineman on the field against the Deacons."

Edwards had reason to be proud of Nardone. A rock 'em, sock 'em type player, Mike was the leader of State's line which threw Consoles for losses totaling 70 yards.

Nardone is a 22-year-old rural recreation major who came to State in 1952 after a successful career at Peeksill High and New York Military Academy. He was a halfback in his pre-college days but was changed to guard at State.

HOW TO PLAY

1. Follow the principle of the game of dominoes.
2. Place the blanks (by writing them in) which are in illustration number two in the blanks provided in any manner you choose.
3. As in the game of Dominoes corresponding numbers must touch each other.

Example 6 5 6 3 3 3

4. Doubles (two-fives; two-fours) and so on which are on one block must be placed in the blanks running perpendicular to the line of play.

Example 6 3 3 3 2

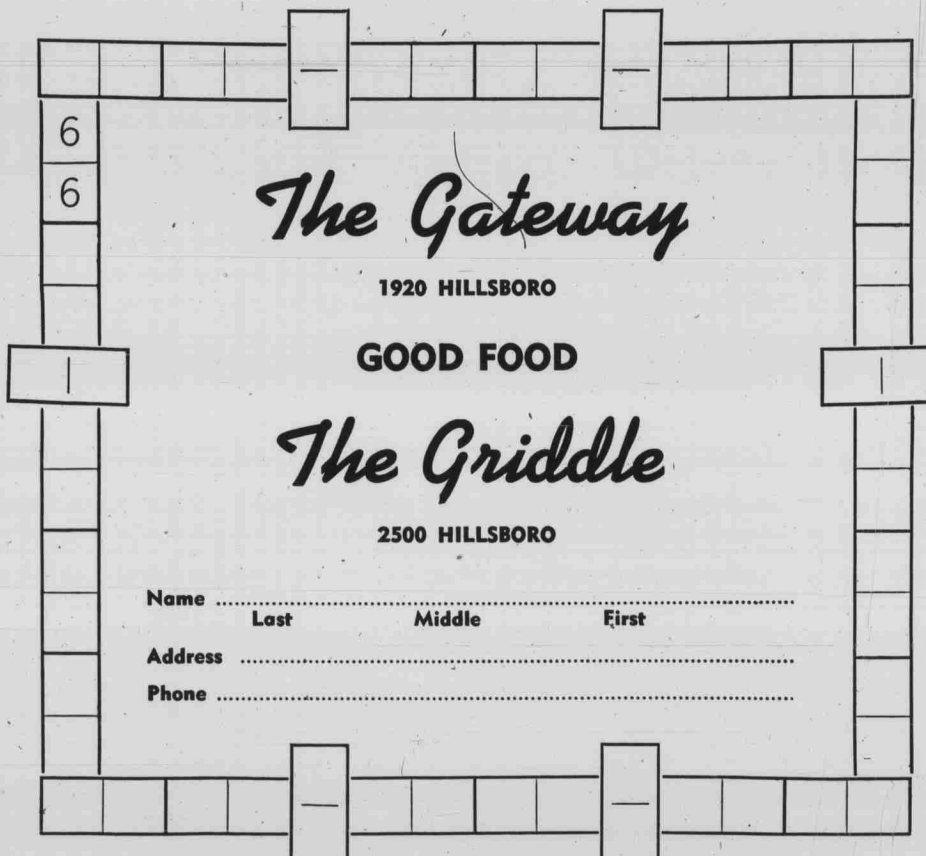

5. All blocks in illustration number two must be used once and once only.
6. It is advisable to start with the double sixes in the blank.

Win or lose we believe you will enjoy yourself—just as you will enjoy *The Gateway & the Griddle's* Food-Service and pleasant environment.

Good Luck!

New Art Exhibit In Union Gallery

A one man show made up of the works of Leslie J. Laskey will be presented at the State College Union Gallery from October 22 through November 4. Laskey, a professor in the School of Design, has chosen this exhibition as representing the best contribution to his crea-

tive development during this period. The show contains wood blocks, drawings, prints, and paintings; a portion of which are based on Greek Mythology. Five prints are from a portfolio of his work, currently being published.

Teacher (warning her children against catching cold): I had a little brother seven years old, and one day he took his new sled out in the snow when it was too cold. He caught pneumonia and three days later he died.

Silence for ten seconds. A voice from the rear: "Where's his sled?"

WE PREDICT: 1955's most infuriating magazine article will be

"THE NATURAL SUPERIORITY OF IVY LEAGUE MEN"

in November HOLIDAY magazine

... and that its noted author, Henry Morton Robinson (Columbia '23) will be *man most burned in effigy* on non-Ivy campuses this fall! It's guaranteed to enrage the letter men of "Moline Subnormal" and "Turpentine Tech" ... redder the faces of state universities' "professorings" (that's what Robinson calls 'em) ... wound the tender feelings of every drum majorette in America.

You'll smoulder at Robinson's gibes at courses in chain-store management and embalming! Burn at his references to state universities as "educational rabbit warrens." Explode at his views on mass education for the "denizens of Outer Mediocrity." It's one of a trio of provocative articles on Ivy League men, social life, sports. Don't miss it!

November HOLIDAY—now on your newsstand!

Charlie Stickels asks:

Does Du Pont hire graduates who are draft eligible?

CHARLES A. STICKELS is currently working toward his B.S.E. degrees in chemical and metallurgical engineering at the University of Michigan. Mr. Stickels is past Editor-in-Chief of the *Michigan Technic*, vice-president of his student chapter of A.I.Ch.E., and a member of several honorary engineering fraternities. His editorial work has made him especially aware of contemporary employment questions facing engineering graduates.

John Oliver answers:

The answer to that is definitely "Yes!", Charlie. We've employed quite a number of college graduates with definite military commitments, sometimes knowing that they could work only a few weeks before reporting for active duty.

The reason is that Du Pont is primarily interested in men on a "long range" basis. The fact that they're temporarily unavailable—for a good reason like military service—isn't any bar to being considered for employment. After working only one day, an employee is guaranteed full re-employment rights—that's the law. But if a man works for Du Pont at least a full year before joining the service, he gets a bonus of two months' salary. If he's entitled to a vacation but doesn't have time to take it before leaving, Du Pont gives him equivalent pay instead.

Even if present employment is impossible, Charlie, we definitely recommend your talking with Du Pont's representatives—and those of other companies, too. The very least you'll gain will be valuable background and some contacts which may be of real benefit to you when you leave military service.

JOHN OLIVER, also a University of Michigan man, received his B.S. in Mech. Eng. in 1938. Right after graduation, he began working for Du Pont in the Engineering Section of its Belle, W. Va., plant. Following this came an assignment as Departmental Engineer in the Wilmington offices, and today John Oliver is again at Belle—this time as Assistant Plant Manager.

WANT TO KNOW MORE about working with Du Pont? Send for a free copy of "Chemical Engineers at Du Pont," a booklet that tells you about pioneering work being done in chemical engineering—in research, process development, production and sales. Write to E. I. du Pont de Nemours & Co. (Inc.), 2521 Nemours Building, Wilmington, Delaware.

What's doing

at Pratt & Whitney Aircraft

Here's something
unique in education.

Near the Pratt & Whitney
Aircraft plant in East Hart-
ford, Conn., a full-fledged
graduate center was estab-
lished this fall by Renssalaer
Polytechnic Institute. Lo-
cated 115 miles from R.P.I.'s
home campus in upper New
York State, the new graduate
facilities will enable working
engineers from Pratt & Whit-
ney Aircraft and other com-
panies in the Hartford area
to continue their studies.
Without interrupting normal
employment, it will be pos-
sible for students to obtain
advanced degrees in special-
ized fields from the nation's
oldest engineering college.

Designed to raise the level
of knowledge and to broaden
the base from which ad-
vanced research can be ap-
proached, this entire pro-
gram will simultaneously lead
enrolled engineers to greater
achievement in their careers.

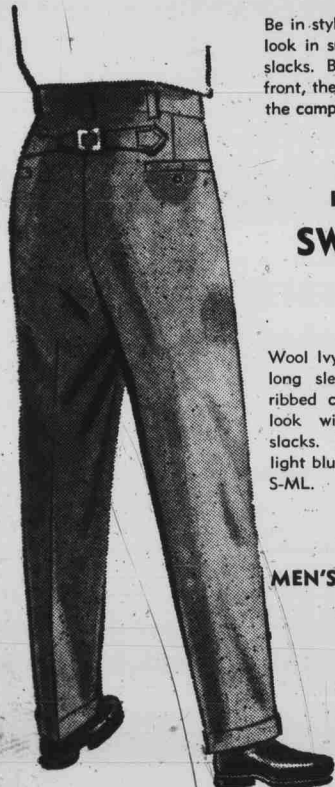

Working engineers of P & W A;
waiting for classes to begin
at R.P.I.'s new graduate center.
Courses include Aeronautical Engineering,
Physics, Mathematics,
Nuclear Technology,
Management Training.
