

THE TECHNICIAN

NORTH CAROLINA STATE COLLEGE'S WEEKLY NEWSPAPER
Vol. XL, No. 7
State College Station, Raleigh, N. C.
Oct. 27, 1955

Trustees Visiting Sub-Committee . . .

They Listened . . .

W. P. Saunders — D. L. Ward

They Talked . . .

Campus Housing, Frat. Row, Cafeteria, C. U.

Covering Campus . . .

Blue Key

There will be a meeting of Blue Key, Friday, October 28 in the College Cafeteria at 12 noon. The group will meet in Room B.

States Mates

The States Mates, student wives organization, will be held at 8 p.m. Wednesday, November 2, in the Vetville Y.

Lost

Shower room doors from Stadium Dorm shower rooms. They are tan with "SHOWER" lettered on them. If found contact A. J. Treece, president of Stadium Dorm.

"Two-Wheelers"

The campus motorcycle club, "The Capitol City Trailblazers", is going on two excursions this weekend. One will be to the professional motorcycle race in Winston-Salem which will be held Saturday, October 29, and the other trip to the T.T. and Scrambles races in Greensboro which will be held Sunday, October 30. The cycles will leave the College Union Building at 10 a.m. on both days.

All interested parties who have "two-wheelers" are invited to come along on both excursions.

Baptist Party

The State College and Meredith College Baptist Student Unions are holding their annual Freshmen - Transfer Party Saturday, October 28 at 8 p.m. in Phi Hall, Meredith College. Admission by ticket only. Pick up your FREE ticket at the BSU Center, 2702 Hillsboro St. Attendance will be limited to 175 because of the size of the Phi Hall. Tickets will be distributed on the basis of first come-first served. Entertainment will be Country Style; come dressed for the occasion. The party is being planned by Nancy Young of Meredith College and Edgar Smith of State College, Social Chairmen for the BSU.

Interest Runs High In Furman Caravan

Interest in the student caravan to the State-Furman game is running high according to reports from Fred Joseph, Owen Dorm. Pres., and Coordinator of Student Affairs, Banks Talley.

"Although no figures are available yet," Joseph, who is acting as chairman for the trip's preparation, said, "a number of students, including a group from Vetville, are planning on making the 225 mile trip to Greenville, South Carolina." He stated

that posters are being made to bring the trip to the attention of all students.

He mentioned, "Anyone may register for the trip almost to the last minute."

Saturday classes will not be excused for the ones making the trip, reports Talley. A conference between Chancellor Boston and Student Government President Jim Nolan resulted in this decision. Excused classes must be made up, and it is too short

Breakdown Given For Tuition and Fees

Due to the students lack of familiarity with how the money paid for tuition and fees is used, a report has been compiled by W. M. Murray, Business Office, and Dean Banks Talley for publication in the *Technician*. Since several departments schedule more activities in the fall, more than half the fees are paid first semester. As an example, athletic fees are \$15. More athletic contests are held first semester, consequently the fees for first semester are \$8.50 rather than exactly half or \$7.50.

The report follows:

Tuition

Technically, the word "tuition" means "the act or profession of teaching." Charges for tuition, therefore, are taken into the college budgeted receipts, and are applied toward payment of instructional salaries. The annual rate is \$150 for a resident

(See BREAKDOWN, Page 8)

Frosh Elections

All freshmen interested in running for freshman offices in student government are urged to sign the nomination book in Dean Tally's office, 13 Holladay Hall. Any freshman is eligible to become a candidate by registering on the books and having it countersigned by an interested friend.

The books will remain open until 5 p.m. on Tuesday, November 1. Offices open are: President, vice-president, secretary, treasurer and senators from the schools of Education, Design, Agriculture, Engineering, Forestry and Textiles.

SIGN UP NOW!!!

Ice Capades Parking

The "Ice Capades of 1956" will be presented in the Coliseum during the week of October 31-November 5. The Coliseum management has announced that students and their families and guests will be admitted to the opening performance on Monday night, October 31 at reduced prices.

The presence of so many patrons of the Coliseum on the campus during the week of the "Ice Capades" will cause us some inconvenience and traffic problems. Several of your fellow students have been employed to guard the entrances to all dormitory parking lots and only those cars displaying a dormitory parking sticker will be permitted to enter these lots.

The non-dormitory students who park in the Coliseum lots will not be in competition with the patrons for parking spaces during the night performances and the Saturday matinee. On Friday, November 4, the matinee may inconvenience some off-campus students. It is suggested that those off-campus students having Friday afternoon classes park at the Coliseum during the morning, eat lunch on the campus and not move their cars until after their afternoon classes are over. This procedure will insure you a place to park. And you will avoid the traffic congestion.

High Total Accept Bids To 16 Frats.

Two hundred and fifteen freshmen and upperclassmen accepted bids to State's sixteen social fraternities as the fall rush season officially ended with the close of silent week last Saturday. A look at past records

shows this years total to be one of the highest in the history of the college.

The run-down on each fraternity with the name and home town of each pledge can be found on page 8.

Costume Ball and Variety Show Slated By CU for This Weekend

Student Variety Show

After many weeks of planning and preparation, prospects look good for a terrific show with plenty of comedy, drama, and good music Friday night. The Theater Committee of the College Union is sponsoring the Variety Show, to be given in Pullen Hall at 8 p.m., Friday, October 28. All students will be admitted free. Admission for non-College Union members is \$1.00.

Talent from students, student groups, and campus organizations will join forces to give a show "delightfully spiced with humor."

Costume Ball

Got your costume ready? Better hurry because there are only two more days to go before the College Union Ballroom's magical music will set the scene for the Costume Ball.

We have girls coming from all over the place. Over 100 from Averette College, 40 from Salem and a bus load from Stratford." Bob Strother, chairman of the social committee urges "all you guys not to disappoint these girls. They are here for you!! Let's show them what a good time they can have at State College. Open arm reception at this dance will encourage them

(See BALL, Page 8)

Holey, Crushed, or Flaked ???

The College Cafeteria is in the market for a new ice making machine according to Harry Stewart, manager of the cafeteria.

The present ice machine, which is many years old, has completely run down.

In order to have the type ice in the cafeteria that is preferred by the majority of students The *Technician* is conducting a poll on the matter.

Crushed ice, known in the

trade as "nut" ice, is round ice larger in diameter than a dime but smaller in diameter than a quarter. Cycle ice is the type used by the S & W and is made with a hole through the center. Flaked ice, which is very thin flakes of ice, is the kind now used in the cafeteria.

Ballots may be brought to The *Technician* office or they may be mailed to The *Technician*, Box 5698, State College Station.

Editor, The Technician

(See story above for explanation of different types of ice)

Fireworks . . .

It has come to the attention of the Judicial Board that a few students have been setting off fireworks on the campus. These students are not only breaking campus laws but state laws as well. Both sets of laws strictly

forbid the possession of fireworks as well as their use. Any students convicted of an infraction involving fireworks will be dealt with by the local authorities as well as by the Judicial Board.

EDITORIAL COMMENT:

The Students & The Laundry

Since the beginning of time people undoubtedly have had laundry and cleaning problems. Students now are still confronted with the same problem. Even with our man-made fabrics, and the old reliable cotton, a fabric has not been discovered that does not get soiled and, as a result, must be either washed or cleaned.

It is the opinion of many students that the college laundry is not the place to go if good work and service are desired. Opinions vary, however, but the fact remains that the college laundry is "hard up" for business. In fact, the laundry feels that the lack of business was due to student solicitors taking laundry and cleaning to commercial establishments.

Prices are lower but it seems that prices do not offset the fact that the work is not up to par. Pains are not taken with clothes and service is lacking.

A commercial establishment, if it had a slump in business, would attempt to offer better work and more service. Does the college laundry ask a customer (a student), "How do you wish your shirt starched—light, medium, or heavy." If a customer of the college laundry has ever been asked this, it must have been long ago.

Lack of service and lack of quality in

the work seems to be the most logical reason why the college laundry is losing customers and not gaining them.

The first of this year word was out that the laundry would offer pickup service. Well, it is offering pickup service, but in offering it they have eliminated the student who would pick up laundry for a commercial laundry.

It appears that the people over at the college laundry figured that if competition were smothered they would have a better chance—a situation analogous to an ostrich sticking its head in the ground.

The facts show that a student picking up laundry for the college laundry must do 60 per cent more work to earn the same commission as he would if he were working for a commercial outfit. In other words, the commission that the college laundry pays is 60 per cent less than commercial establishments pay.

Who said that it isn't a monopoly?

Now Is Your Chance

On the front page there is a questionnaire asking which type of ice is preferred by students. It is being conducted in cooperation with Harry Stewart, manager of the Cafeteria to determine what type ice machine he should buy for the cafeteria.

In order for the poll to have any significance enough students must voice their opinion. Twenty or thirty is not good enough. Two-hundred is not good enough. Make it a couple thousand. Now is the chance to voice an opinion—take it!

Why do more college men and women smoke

VICEROYS

than any other filter cigarette?

Because only Viceroy gives you 20,000 filter traps in every filter tip, made from a pure natural substance—cellulose—found in delicious fruits and other edibles!

- 1.** Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
- 2.** The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
- 3.** Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
- 4.** Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip . . . and Viceroy's cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette . . . that's why VICEROY is the largest-selling filter cigarette in the world!

20,000 Tiny Filter Traps... plus that Real Tobacco Taste

Zeugner Says Give Paper Fees To United Fund . . .

While scanning the October 20 copy of the *Technician*, I searched enthusiastically for an article of interest. After careful observation I came across several located, of course, on the front page. Since a majority of newspaper readers begin reading on the front page, that is the logical place to put these articles. Then following the pattern of most readers I proceeded immediately to the back page only to find several ads and a joke(?). Plodding my way through this jumble of advertising material I headed toward the front of the paper. On page seven I again encountered a joke, a three-column article concerning a bit of art, and ads. Having made a careful "estimate of the situation" I thought it wise to advance further to the front of the paper. I met a bit of organized advertisement covering the whole of page six, but, having dealt with the same problem in previous papers, I pushed through and with little delay moved up to page five. On page five it was interesting to find some information concerning intramural athletics; but a much more detailed account of varsity athletics is given in the *News and Observer*. But oh! The ads! The same situation occurred on page four, but with more advertising per unit area than on page five. Advancing to page three I found devastation and destruction everywhere. The article, "What's New With the C. U." is a very good reproduction of a portion of the C. U. calendar located in every Dorm room on campus. Dick Bibler's cartoon is OK. Arriving at my objective, page two, I was

amazed at the lack of editorial initiative.

After this journey through the college newspaper I made a few measurements and calculations which resulted in the following data:

Total surface area of paper, 1,535 sq. in.; Total area of advertisements, 917.4 sq. in.; Total area of news articles, 428.2 sq. in.; Ratio of news articles to Advertisements, 0.48; Ratio of news articles to total surface area, 0.279.

This means that the newspaper devotes only 27.9% of its space to news articles. There is more than twice as much space devoted to advertising, or 59.7% of the total area of the paper.

I understand that the paper relies on advertising for its financing. But, if the financial obligations of this paper are such that it is not possible to print articles of interest to the students, I would suggest that the portion of the student fees allocated to publications be given to the United Fund.

Charles R. Zeugner

Editor's note: To explain the financial structure of *The Technician* in print would be entirely too big a job. *The Technician* welcomes anyone to suggest news stories and also to write news stories for us.

It is unfortunate that the "Caravan planned to the Furman game," "Selective Service Deadline," "Directory Distribution," "CU Costume Ball," "Last Call for Variety Show," "Report on SC," and the fact that Arthur Treacher was appearing at the CU Friday night was of no interest to you.

Many students found Jack Greenwood's cartoon on page two very enjoyable. We are sorry that you did not find it worthy of comment in your letter. On page three was "Hear at State" by Sidney Pureblood, Jr.—a column, we hear, that is read by a great many students.

The Technician regrets that it cannot compete with the *News and Observer* on sports coverage.

As for the "What's New With the CU" you'll have to talk to Jerry Erdahl about that.

As for the per cent ads, John Lane, Business Manager, informs me that last week we had 64.3% ads, the highest this year. The editor welcomes you to come by the office and discuss the problems involved in balancing ads and copy. Commercial papers, it might be added, run better than 60% ads.

The editor hopes that you will come by and discuss the matter more fully.

Outing Committee Goes To Buggs Island

This past week-end, the sturdy members of the College Union Outing Committee joined a

group of girls from Mary Washington for an overnight trip to Buggs Island. The water-soaked, hike-weary group returned to the College Union Sunday with many pleasant memories of songs around the fire, midnight swimming, and tromping through the woods.

The girls from Mary Washington seemed to enjoy the trip very much and are planning to join our group again in the near future for another outing.

SPORTS

SPEC HAWKING

Notes from the Press Box, Villanova Stadium. . .

With quarterback Eddie West and guard Al D'Angelo leading the way, State racked up its first football victory of the season and second in the last eleven games, by crushing the Wildcats of Villanova 34-13 here this afternoon. . . . It was the first time in 21 years that Villanova had lost a game on home grounds (they last played in Villanova Stadium in 1952) and it was also the largest score a State College football team has registered since 1950. . . .

West passed for two touchdowns and scored two himself despite a broken thumb on his throwing hand. . . . D'Angelo sparked the State line play and earned The Greensboro Daily New's Athletic of the Week Award. . . . Coach Edwards commented: "It feels great to be a winner. WE'd waited a long time for a win but when it came it was a convincing one." . . . An odd fact from the game is that guard Mike Nardone is credited with a touchdown on a punt return. Since he scooped up D'Angelo's blocked punt and raced across the goal stripes. . . .

Every member of the 36-man squad saw action. . . . The 'Pack now sets its sights on Furman for No. 2!!!!

BASKETBALL—The proposed basketball games with N. C. State and Russia's olympic team is off now for sure. . . . The Russians will not make the trip to this country since neither the AAU or state department will sponsor the visit. . . . Coach Case scheduled the games several months ago when an old friend had been in Russia and made arrangements for a tour. . . . But complications arose so the trip was cancelled. . . .

Letter to Editor: I noticed that some faithful reader has written the paper and informed me that this sports page is not as good as the News and Observer's. . . . Wasn't it Will Rogers who said: "You can't please all the people all the time but you can only hope to please some of the people some of the time." . . . I think I am beginning to believe that more and more each week. . .

The Dorm Corner

By Terry Lee Hershey

TRACK PRELIMINARIES SOON—

The dormitory track preliminaries are to be run on November 3. Any student interested in participating for their dorm are urged to contact their dorm athletic director before the deadline of October 31. The Order of events will be posted in each dorm and on the intramural board at the Gym.

VOLLEYBALL—

In Volleyball this week Becton No. 1 beat Tucker No. 2 15 to 11 and 15 to 7. Vetville beat Bagwell No. 2 15 to 0 and 15 to 4, and Syme No. 2 beat Turlington No. 1 15 to 6 and 15 to 5.

BOWLING—

The Bowling got off to a good start with Bagwell No. 1 and Syme No. 2 leading in the first section. Pearson of Bagwell No. 1 had a 312 set. In the second section the Alexander No. 2 and Bagwell No. 2 teams started in the high scoring bracket. Vargo

Frat Intramurals

Football

Several powerful fraternity football teams have appeared already and a real battle is forecasted for the championship.

SAM-12, Lambda Chi-2. With Giddins and Binder doing the scoring, the SAM's swept to an important 12-2 win over the Lambda Chi's last week.

AGR-25, PKT-0. Ippock and Gray were the offensive show for the AGR's as they completely outclassed the PKT's with a 25-0 victory. Strickland and Melwean were the standouts in the AGR's efforts in keeping the PKT's scoreless.

SPE-20, T. Chi-7. With but three minutes remaining and trailing 7-6, the SPE's staged a sudden scoring spree that netted two quick touchdowns and a 20-7 win over the Theta Chi's. The SPE's scored on a long pass play and then tallied on a intercepted pass to sew up the game.

PKA-19, Lambda Chi-0. The PKA's remained undefeated as (See FRAT INTRAMURALS Page 5)

State Looks For Second Win Against Winless Furman Saturday There. 'Pack In Good Shape:

North Carolina State got its first football win last week and now must face a team eager for its initial victory.

The Wolfpack, now 1-3-1 for the year, travels to Greenville, S. C., for a contest with Furman University, winless in six starts. The game will be played in Sistine Stadium beginning at 2 o'clock.

Coach Earle Edwards' sophomore-sparked Wolfpack found themselves against Villanova last Saturday in Philadelphia and turned in their best effort to date in crushing the Wildcats 34-13.

Quarterback Eddie West, a senior from Alexandria, Va., was the big gun against Villanova scoring twice and passing for two touchdowns. But Edwards credits the steady improvement of sophomores as a big reason for the Wolfpack's last showing.

"We know that West is a good quarterback," Edwards said, "but help from the rookies is making us a better football team."

The rookies are halfbacks Dick Christy and Dick Hunter, fullback Tony Guerrieri, end John Collar and center Jim Oddo. All have seen considerable action in State's five games.

West Sparks Wolfpack To 34-13 Rout Over Villanova

Remaining FOOTBALL SCHEDULE

Oct. 29—Furman at Greenville, S. C.

Nov. 5—Boston Univ. at Boston, Mass.

Nov. 12—Virginia Tech at Bluefield, W. Va.

Nov. 19—William and Mary at RALEIGH**

Nov. 25—West Virginia at RALEIGH

**Homecoming

VILLANOVA, Pa., Oct. 22—Senior quarterback Eddie West, playing with three sophomores in his backfield, directed State to two first period touchdowns as the Wolfpack scored a convincing 34-13 victory over Villanova here this afternoon.

West, a 195-pounder from Alexandria, Va., turned in one of the best performances of his career, although he was playing with a broken bone in the thumb of his passing hand.

The injury had not been announced by State officials, but it did not seem to slow the young Wolfpack field general. He passed for two touchdowns and scored a couple more on short plunges. West's ball-handling was flawless as he did not fumble all afternoon.

For the spirited and aggressive Wolfpack, it was the first victory of the season after three defeats and a tie. Villanova's Wildcats still are seeking their first win and now have lost five straight, but no previous team had been able to score five touchdowns on them.

Dick Christy and Dick (Spook) Hunter, both sophomore halfbacks, teamed with West in the starting backfield to completely outclass the Wildcats in the first half.

State drove for a touchdown after taking the opening kickoff, with the payoff coming on a 45-yard pass from West to Hunter. The Wildcats never were able to recover, although they did give the Pack some anxious moments in the third quarter when State's line began to yield yardage for the first time in the game.

Later in the same period, Al D'Angelo, a senior guard, blocked a Villanova punt to give State its second touchdown. Then before the Wildcats could reach touchdown territory for the first time, State scored again on a 25-yard pass from West to sophomore end John Collar.

With time running out in the first half, Villanova scored on a 27-yard pass from quarterback John Lammers to senior end Don McComb.

The Wolfpack still fired up after intermission, scored the first time it got the ball in the third period. West sneaked over from the one-foot line after a 33-yard drive.

Villanova refused to quit and came right back for its second touchdown, fullback Al Ciarrochi going through State's line from the 12. State led, 27-13, but suffered a few moments of misery when it appeared that Villanova might get another touchdown after Ronnie Gall lost the following kickoff on a fumble. This time, however, State braced and took over.

State missed a scoring chance when one of West's passes was intercepted on the goal. But the Wolfpack came right back a few minutes later with West going over from the one-foot line.

A crowd of 8,783, which almost filled small Main Line Stadium, watched the Wildcats lose their first game here in 21 years. However, Villanova has played here only 17 times during that span and appeared here today for the first time since 1952. While earning the title as the most traveled football team in the nation, the Wildcats have won only one game in two years.

Most Points Since 1951

State's 34 points was its biggest offensive display since the Pack opened with a 34-0 victory over Catawba in 1951.

Christy was State's leading ball carrier with 53 yards in nine runs. Little George Marinkov, rounding into shape after suffering a leg injury several weeks ago, got 33 yards on seven runs—M.M.

State Soccer Team Blasts Duke 3-1

Led by All-Southern Norman Norris, State's varsity soccer team handed the Blue Devils of Duke University a 3-1 defeat for their first loss of the season.

Norris, a senior from Baltimore, Md., tallied both his goals in the fourth quarter. Escobar

scored the other Wolfpack goal in the first period.

The Pack holds wins over Pittsburgh and Duke and has dropped games to Carolina and powerful Navy, who handed State a 5-0 setback last week.

State returns to conference competition Friday when they travel to Maryland for a battle with the Terrapins.

	State	Villa.
First downs	14	15
Rushing yardage	181	99
Passing yardage	113	97
Passes attempted	8	22
Passes completed	4	8
Passes Inter. by	1	2
Punts	3	4
Punting average	36	20
Fumbles lost	2	4
Yards penalized	72	45

Cross Country Squad Beats David, W & M

With Mike Shea setting a new course record, State's varsity cross country squad got back on the win trail with a convincing triangular win over Davidson and William & Mary.

Six of the Pack's varsity harriers broke the old course record as they surpassed the 23:45 mark. Shea's record time was 21:19.

State tallied 23 points, William & Mary 42, and Davidson 70. Low score wins.

The Wolfpack meet Virginia Saturday afternoon away from home.

The summary:

1. Shea—S—New Record	21:19
2. DeTomb—W&M	22:29
3. Curry—W&M	22:31
4. H. Walker—S	22:52
5. F. Walker—S	22:59
6. D. Gwynn—S	23:03
7. Barbour, M—S	23:07
8. Jones, M—S	23:16
9. Ashcraft—D	23:30
10. Youngblade—W&M	23:34
11. Brown—D	23:44
12. Miller—S	23:49
13. McNair—W&M	23:49
14. Campana—W&M	23:57
15. Elder—D	24:06
16. Jones, B.—S	24:30

FRAT INTRAMURALS

(Cont. from page 4)

they handed the Lambda Chi's a 19-0 setback to come a step closer to their division crown. Pond, Copeland, and Perkins each scored for the victors.

SAE-34, KA-0. Defending champions SAE's moved along in their division with ease as they mauled the KA's 34-0 last week. Briley and Conger scored twice for the SAE's and Chambers racked up the other TD. Freeze was a strong defensive standout for the KA's.

Sigma Chi-27, Kappa Sig-0. With Johnson doing the passing and Cocke, Smort, and McKenzie on the receiving end, the Sigma Chi's defeated Kappa Sigma 27-0. Tripp and Thackson were the standouts for the Kappa Sig's.

Sigma Pi-8, PEP-7. The Sigma Pi's scored a safety in the last 15 seconds to come from behind and nip the PEP's 8-7 in a thriller. The PEP's scored first early in the game on a pass from Rough to Dietch and added the extra point by Saffer to lead 7-0. The second quarter saw McCall for the Sigma Pi's shake

STATE VS. FURMAN

(Cont. from page 4)

The return of veteran halfback George (Wagon Wheels) Marinkov to his 1954 form is another factor which has contributed to the Wolfpack's recent success.

The win over the Wildcats did much to raise the spirit in the State camp. The team has worked hard all year but couldn't break into the win column even though it came close. After a 7-0 loss to Florida State and a 33-7 beating by Duke, the Wolfpack fought Carolina in a thriller but lost 25-18, and then tied Wake Forest 13-13 in a game that appeared to be a State victory until the final minutes.

lose for a 30-yard touchdown run. The PEP's still led 7-6. It was then the Sigma Pi's tallied a safety and the win.

Volleyball

Volleyball saw Sigma Nu down the PEP's 2-1; SAE's over the Farm House 2-0; KA's defeated Kappa Sig's 2-0 and AGR's a forfeit victory over the PKP's.

Track

November the 2nd at 7 o'clock has been scheduled for the fraternity track preliminaries. The finals are slated for Nov. 9th. Thirteen events have been listed for the meet.

Basketball Tryouts

Tryouts for the freshman basketball team will begin Tuesday night, November 1 according to an announcement made today by freshman Coach Lee Terrill.

Terrill said the practice session would be held from 10-11:30 P.M. in Frank Thompson Gym. He urged all interested freshmen to stop by the basketball office in the coliseum and fill out forms before the 1st. Tryouts will begin on the night of the 1st and run for a week or two at times announced by Coach Terrill.

Ice Capades' Top Stars To Play At N. C. State

Donna Atwood and Bobby Specht (shown above), who have made hits with ice show fans in previous appearances in Raleigh, will be cast in the starring roles when "Ice Capades of 1956" stages a six-day stand in the William Neal Reynolds Coliseum at State College, October 31-November 5. Miss Atwood is the wife of Ice Capades Producer John Harris. Reduced prices are available for students for the Monday night performance.

In recent years a few vocal groups have had the scene all to themselves as far as popular music and jazz are concerned. The Ames Brothers, Four Aces, Cru-Cuts and Four Lads, plus many others, have dominated the popular field, with The Clovers leading the "Rhythm and Blues" and the Four Freshmen dominating the jazz field.

Just a few months ago a new group broke into the field from the West Coast—the Hi-Lo's.

Many people will probably say—"Shoot, nobody can cut the Freshmen or Ames Brothers or some of them" depending on who their particular favorite is. But if anybody can stand up to all of these groups, it is this fresh foursome.

Featured on a new label, Starlite, they appear backed by a fine aggregation led by Frank Comstock, one of Les Brown's chief arrangers. He provides a fine background for their unusual harmony. And their harmony just about puts the kiss of death on Barbershop except

for the S.P.E.B.S.Q.S.A. and the staunch old supporters.

Gene Puerling, the bass of the group, does the actual arranging. His ideas are new to the vocal business, at least as far as previous recordings are concerned. The Four Freshmen were the first to try a new brand of harmony, and even theirs was based to a large extent on the ideas of Stan Kenton. But Puerling and Comstock have come across.

Puerling is ably assisted by three other young men of unquestioned ability. They are, Hi to Lo, Clark Burroughs, Bob Morse, Bob Strasen and Puerling.

Pick these albums up. "Listen to the Hi-Lo's" and "The Hi-Lo's, I Presume" are two of the finest vocal sides we've heard. Particularly noteworthy are their renditions of "June in January," "Little White Lies," "You Belong to Me," "Jeepers Creepers" and "Fools Rush In." In fact all sixteen songs are good and we'll bet that there will be more where these came from.

From the Files

1950

The Agricultural Chemistry Club elected the officers for the 1950-51 school year. Elected were Kenneth Owens, pres.; O. H. Satterfield, Jr., vice pres.; Charles Davis, treas.; E. R. Jones, sec.; and Cliff Ammons, reporter.

The Alpha Phi Omega, national service fraternity, completed a relief map of North Carolina to give to the N. C. School for the Blind. Now the blind can "see" the state. The map shows all surface features of the state—it took six months to complete.

The armed services became popular on campus as 24 of the fall enrollees left school for the army.

The Department of Agriculture and Biological Chemistry at State was fully accredited by the American Chemical Society.

1945

The Veterans Association at State will host its first annual Harvest Ball. Woody Hayes will provide the music.

Dean Malcolm E. Campbell, School of Textiles, left his post for a three month study of wartime Textile development in Germany.

Deacs beat State 19 to 18. Officers of Engineering Council for 45-46 year were elected. Elected were James S. Helper, pres.; Fred C. Snyder, vice pres.; Joseph H. Monroe, sec.; Charles L. Matthews, treas.

Enrollment for fall term totals 1,243.

1940

E. P. (Spud) Davidson elected pres. of the Student Government, Bill Friday elected vice pres. and Dud Robbins was elected sec.

Army Students Get New Uniforms

The Army R.O.T.C. Advanced Course Students at State College have been sporting smart-looking uniforms on the drill field this week. These uniforms were made available under a new program which was described last week by Col. Richard R. Middlebrooks, Professor of Military Science and Tactics at the College.

Under this new program the advanced course students receive two regulation army dress uniforms, one for winter and the other for summer wear. The cost to the students is ten dollars. The college buys the uni-

forms and is reimbursed the full amount up to one hundred dollars per uniform by the Government. However, the students must put up a ninety dollar deposit on the uniform and use it for two years; forty dollars being returned to the students after each year's use.

Hillsboro at State College

Hear At State

by Sidney Pureblood, Jr.

Your letter last week, Mr. Joseph was very representative of the views of a great number of people concerning the college annual. About that "nasty rumor circulating that this year there won't be any section for football..." I've heard it, too. Let's hope that it is a rumor only. Sports are a large part of college life and if they are covered inadequately, the annual has failed in its main endeavor—to represent college-life for one year.

I wish we could do both. About the caravan planned to the game this week-end... That is a good idea. Thank you, Fred Joseph for volunteering to act as chairman for this trip. I hope no one will be careless or (and I use this word at the risk of disapproval) fresh while driving down and have an accident. There should be a large number of people interested in making the trip and it should help the school spirit.

Take Your Time

An awfully good editorial appeared in the Bells, St. Mary's paper, some time ago. It could apply to State College, too. It said that too many students complete an assignment simply to tell their teachers, if asked, that they have completed the assigned work. This method of studying—if it may be called that—is of little or of no avail to the student. Is it not better to learn one assignment thoroughly and be able to use and apply the information than to skim two or three assignments simply so you can have time to skim one or two more? Isn't one task well done worth a hundred poorly done?

IFC Dance

As a reminder... The IFC Dance this fall is on Saturday, November 12. Claude Thornhill will play for both the concert—3:30-5:30—and the dance that night—which will be at the Coliseum.

Quote of the week by Professor W. F. Babcock (C. E. Dept.): "I don't give a d--- what any student says."

The Facts, Please

Thanks for your letter last week, Henry Pickett. I'm glad I telephoned you after I read it, because I had had my doubts about the part where you said you explained the mix-up of Rush Week to the IFC Meeting. I was glad that you admitted that that statement was utterly false. Since the letter was written several days before the IFC Meeting, I questioned the journalistic ethics of your reporting, as a fact, in the past tense, a future event—especially since the event never, in fact, happened. Let's tell the story right when we're writing in a paper with over 5,000 readers.

Big Week-End

The Costume Ball this week-end at the College Union surely does sound like fun. Surely do wish (the subject, "L", is understood, Mrs. Harmon) that it didn't conflict with the State-Furman football game, which is also this Saturday. A lot of students will probably miss the Costume Ball because of the football game, and vice-versa.

A PRACTICAL COURSE!

The Honor System

By The Judicial Board

The Honor System—a practical course in honesty and self-discipline. Scheduled... Monday through Sunday—twenty-four hours each day. Credits? ... well, strong character, honesty and self-discipline. Teacher? ... This is a "do it yourself" course.

The "spoon-fed" period is over and it is time we buckled down and made the most of this practical course of "self-development" through self-control. The students of State College are men and women of the world—we passed the stage of "institutionalized hand-lead children" when we entered college. It is of utmost importance that we assume our adult responsibility in this practical course or else find our "post graduate work" undermined due to laxity in our practical college course—the Honor System.

The objectives of this practical course are simple and direct. The encouragement and promotion of a strong sense of mutual responsibility, respect, trust, and fairness among all members of the student body, faculty and administration are the aims. Most important, however, is the promotion of scholarship—by insuring that each student does his work and only his work on examinations and other honor assignments.

We are only a few weeks into the semester—for some, only a few weeks into a college career.

room Lab Tests. C. U. Building.

BREAKDOWN

(Cont. from page 1)

of North Carolina; but since the amount collected from students is insufficient to cover the full cost, and an appropriation from tax funds paid by citizens of North Carolina is necessary to cover the deficit, an additional \$350 per year is charged out-of-state students. This, however, is the only differential between in-state and out-of-state rates.

General Fees

In addition to instructional salaries, there are many other expenses incident to teaching, such as matriculation, registration, library, clerical assistances, classroom and laboratory supplies and equipment, custodial and maintenance services to classroom buildings, maintenance of physical education fields, etc. Some schools follow the practice of assessing these fees individually, with students paying variable fees in accordance with their class schedules. As a matter of fact, such a plan was once followed here, but many years ago all such fees were discontinued and a flat fee amounting to the approximate average per student total payment of special fees was adopted. Known as "General Fees", and described in the catalog as "Academic Fees", they amount to \$66 per student per year, are taken into the college budgeted receipts and are used in partial support of departmental operating expenses. The only special academic fees now collected are a \$10 per year off-campus laboratory fee for students in Forestry and a \$7 commencement fee for each candidate for graduation. Students are required, however, to pay a replacement cost for lost or broken laboratory equipment.

Medical Fees

This amounts to \$12 per student per year, and is taken into the college budgeted receipts to partially defray the cost of operation of the infirmary. It is included in the catalog as a "Non-Academic Fees".

Athletic Fee

This amounts to \$15 per student per year, and is turned over in full to the Department of Athletics in support of the

CARAVAN

(Cont. from page 1)

a notice to make the necessary arrangements, Talley explained.

In connection with the interest being shown in the Furman Caravan, Talley said, "I am pleased with the support of the team being shown by the student body. It is the best we have had in years. I feel that the trip Saturday will encourage the team."

Students interested in going to the game should sign up in Talley's office, 13 Holladay Hall, by noon Friday. Information should be left as to whether or not a car will be driven by the student. Expenses will be shared by those going. Scheduled time for departure is 8 a.m. Saturday. Since the game begins at 2, the trip home will be made Saturday night.

Arrangements for tickets have been tentatively made. If at least one hundred students go, the cost will be \$1.50 each.

Arnold Air Society Plans Pledge Meet

The Arnold Air Society announced plans for a meeting this Thursday night, revealing at the same time the initiation of Major Mack White as an honorary member last week. Harry Coor, publicity chairman for the organization said, "We wanted to recognize Major White in some way for his fine work with the Society over the past few years. His efforts have been largely responsible for the quality of the AAS at State today."

The Society this week sent bids to approximately seventy-five men. They are planning a meeting with the new pledges this Thursday, October 27, in the C. E. auditorium, Room 436, at 7:30 p.m.

COSTUME BALL

(Cont. from page 1)

to return," says the dance committee.

Music, furnished by Jim Crisp and orchestra will set the atmosphere for fun galore. To be admitted at the Costume Ball, you must wear either a costume or tux with mask.

Jim Newman, chairman of the Dance Committee says "come one, come all, come stag, or bring a date . . . It's going to be great!"

inter-collegiate athletic program. It is included in the catalog as a "Non-Academic Fee".

Activities

These fees amounting to \$35 per year are for various student activities and are turned over in full to the organizations for whose use students in past years have voted to assess fees. Listed in the catalog as "Non-Academic Fees", they are credited to the following organizations or activities:

Table with 2 columns: Activity and Amount. Includes Agromeck (\$5.65), College Union (15.00), Intramural Athletics (1.50), Physical Education (9.00), Student Activities (General-allotted by Student Govt.) (1.00), Student Government (.65), Technician (1.15), Tower (.25), WVWP (.65), Reserve (.15).

Other Non-Academic Fees

Special fees are collected for use by the student bodies of the various schools in connection with publications and other student activities. These are as follows:

Table with 2 columns: Activity and Amount. Includes Agriculture and Agricultural Education Students (\$5.00), Design, Engineering, Forestry and Textile Students (4.00).

"There is probably not a single student at the college who, upon reading the foregoing list, cannot find at least one required fee from which he received no benefit. Considered in the aggregate, however, all fees are quite reasonable." In fact they fall so far short of meeting actual operating expenses that the State of North Carolina makes to the College an annual sustaining appropriation of almost \$3 million.
