

THE TECHNICIAN

NORTH CAROLINA STATE COLLEGE'S WEEKLY NEWSPAPER
Vol. XL, No. 9 State College Station, Raleigh, N. C. Nov. 10, 1955

Covering Campus . . .

Freshman Assembly
November 16 at 12:10 P.M.
Attendance is required.

Any off-campus student who did not receive a *Technician* last week, or any off-campus student who has changed address, please leave your name and correct address at the *Technician* office, Room 138, 1911 Building or mail it to Box No. 5698, State College Station, and your name will be added to the mailing list.

Engineers Council
Engineers Council meets tonight at 7 p.m. in 242 Riddick.

Activities Fund
Any organization that is eligible to receive funds from the Student Government Activities Fund should present its budget for last year and its proposed budget for this year to Sid Briley or leave it at the C. U. desk.

Motorcycle Inspection
All "two-wheelers" of the campus motorcycle club will be inspected in the area behind Riddick Building Saturday, Nov. 13, from 1 to 3. All members with two-wheelers are urged to be there.

Bible Discussion
On Thursday, Nov. 10, there will be a YMCA group discussion on "Understanding Your Bible" in Room "B" of the cafeteria. Participants can go through the line from 6 to 6:30. The discussion will start at 6:30 and end at 7:30. The discussion will be led by C. H. Brannon. Everyone is cordially invited.

Arnold Air Society
At a meeting held Nov. 3, the Arnold Air Society announced that Ralph Flannigan will definitely play for the 1956 Military Ball. Pledges masters F. P. Wright and Tony Frantz informed the pledges of their duties and obligations during pledgship at a meeting of the pledges held at the same time.

Musical Groups To Present Concert

The State College Glee Club and Orchestra will combine their talents in the presentation of a concert in Pullen Hall on November 20th. The remaining Glee Club rehearsals in preparation for this program will be held Monday (November 14th) at 12:00 noon, Wednesday at 5:00 p.m., and again Wednesday night at 8:00 p.m. with the orchestra. The Orchestra will rehearse Wednesday at 8:00 p.m. instead of Tuesday. The November 20 concert is set for 4 p.m.

Officers of the Glee Club are: President, Loddie Bryan; Vice President, Russell Cashwell; Secretary-Treasurer, Austin Cooley; Librarian, Wallace G. Parker; Accompanist, James B. Willis. Christian Kutschinski, head of the music department, directs both the orchestra and the glee club. The concert is sponsored by MU Beta Psi, honorary music fraternity.

Freshmen Go To Polls Wednesday

North Carolina State's freshman class is slated to go to the polls this coming Wednesday to elect four class officers and fill eleven senate seats in the Student Government. The many candidates have been stumping speaking and campaigning for several days and a close race is expected when the votes are tallied Wednesday night.

Freshmen are reminded that polls will be located in the lobby of the coliseum from 12:30 to 1:30 and in front of the student supply store and the basement lobby of the College Union from 1:00 until 6:00 Wednesday afternoon. All voters must present their registration cards in order to secure a ballot. The list of candidates is as follows:

President: Lamar McLendon, Arthur Weisser, Edwin Goad, Bill Gardner, Robert Dean, Fred Scott, Jack Gardner, Bobby Puett, Reggie Ponder, Ernie Donahoe, Harry Timmons.

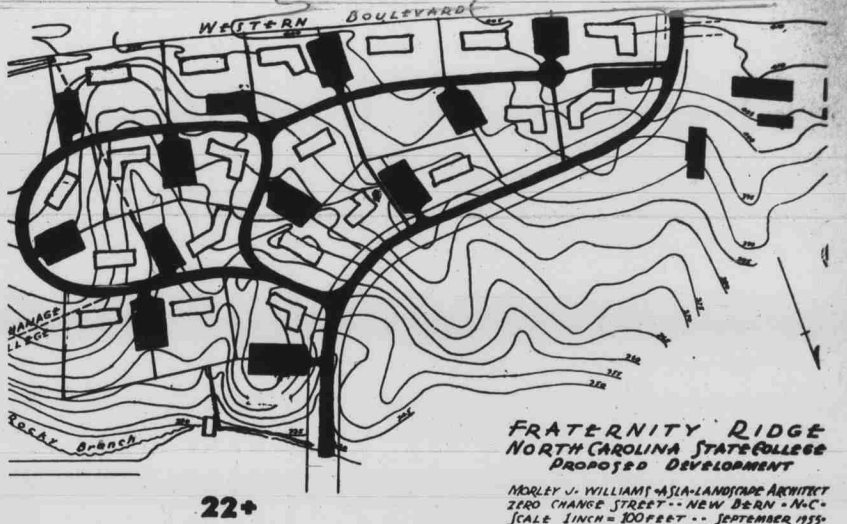

Vice-President: C. Julian Whaley, James William Byrd, Bill Bass, Dan Scanlon.

Secretary: Dick Ribakove, Fred Manley, L. B. Coulter, Bill Jenkins, Bill Robertson.

Treasurer: Pete Antoniewicz, Pete Cruca, Thomas R. Dunn.

Rep. for School of Engineering (5): John "Jack" Clifford, Jim Clippard, "Dixie" Hobgood, Henry "Hank" Hamilton, James Chathab, Harold Dowell Dew, L. B. Coulter, Pete Antoniewicz.

Rep. for School of Forestry
(See FRESHMEN, Page 10)

This is the architect's proposed house and street location in fraternity row. Outlined blocks are proposed house locations and the dark areas are proposed parking lots for the fraternities.

Where Should State Students Go To Eat? Anywhere But the College Cafeteria !!!

By Derle Hagwood
At a recent panel discussion in the College Union every factor of a good eating place was discussed. Time, convenience at locality, cost, quality and quantity of servings, and where to go to get such service were the main topics of the discussion. The unanimous decision was that the College Cafeteria was not the place to go.

Where are the places to eat? That's not a hard question to answer. There are the private establishments, of which Hillsboro Street has a goodly number; the fraternity houses; the campus "Mop-ups", and the College Cafeteria. The eating places fall into two categories—the "snak and grab-a-bite joints", and the regular dinner places, depending on what and how the

student likes to eat. Convenience and Distance
The Panel decided that convenience and distance were determinants at times, and that with time enough and an automobile, or a room-mate with enough time and an automobile, that any place within a five-mile radius is convenient. Also, they agreed that as long as prices
(See CAFETERIA, Page 10)

Fraternity Row Proposal Adopted

Definite progress was made on the proposed State College Fraternity Row at the November 3 meeting of the Publicity Committee of the State College Development Council. The Committee adopted the recommendation of the Inter-Fraternity Council that the full Development Council petition the State College Foundation to borrow the funds necessary for both the initial project such as clearing, paving, sewage facilities and lights, and the actual erection of the buildings. The Development Council will also seek the assistance of the Raleigh Real Estate Board in disposing of presently owned fraternity houses to the best advantage of each individual fraternity.

The next step involved the financing of the project. In the discussion of the recommendation, C. A. Dillon, Chairman of the full Development Council and a guest at the meeting, voiced his hope that the project, which, he said, would be an asset to the College, would soon be underway. Chancellor Bostian expressed the fact that the Administration has long been in favor of a Fraternity Row at State and is continuing negotiations with the Bishop of the Catholic Diocese for the purchase of the land adjoining the proposed Row for possible expansion. The plots are now approximately 200 feet by 200 feet. The recommendation was formally adopted at that time by the Committee. In commenting on the resolution, L. L. Ray, Assistant to the Chancellor and Executive Director of the State College Foundation, was very optimistic and stated that the Foundation would be glad to do everything possible to further the project.

Henry Pickett, President of the IFC, presented both his written and verbal views and recommendations. In recalling that the Development Council has adopted the project as of last year, that the Trustees of the College have approved the use of the land, and that the project has been surveyed and laid out, he pointed out that

What? No Big Name Band

You might well ask this question about State College's Junior-Senior Dance. Why is it that the event which holds such prominence on other college campuses is just another dance at State? The Junior-Senior Dance should be the largest and most memorable social function during the entire four years of college. What would it take to restore this dance to its original prominence? A big name band would go a long way toward this end. Once we had a band like Ray Anthony, Woody Herman or one of the others, nobody would settle for anything less. It would be a simple matter to get one of these bands if every Junior would pay his class dues. So far, only 390 have paid, bringing the Junior Class
(See BAND, Page 4)

In addition to the IFC recommendation, Pickett's report included an up-to-date progress report on the project which included the following:
1. The College Development Council, through its Public Relations and Projects Committees, adopted the housing plan as a project of the Council in February of 1955.
2. The President of the University and the Chancellor of the College presented their recommendation of the project and its location to the Executive Committee of the Board of Trustees. This group approved the project and the use of the land, in principle.
3. A letter has been submitted to the Federal Housing Authority, along with a copy of the charter of the State College Foundation, inquiring as to the possibility of an FHA insured loan to the Foundation to finance the Fraternity Row.
4. Tentative leases have been considered for their legality and suitability. It is proposed that
(See FRAT ROW, Page 10)

Pictured above are the sponsors for the annual IFC Pledge Dance to be held Saturday, November 12, 1955, in the William Neil Reynolds Coliseum. Top row, left to right: Miss Patsy Paulson of Raleigh for Henry Pickett, IFC President, Sigma Pi; Miss Dottie Braddock of Morganton for Wayne Burris, IFC Vice-president, Kappa Alpha; Miss Mary Lou Earley of Raleigh for Leonard Binder, IFC Secretary, Sigma Alpha Mu; Miss Cathy McDonald of Raeford for Frank Conner, Dance Committee, Sigma Alpha Epsilon; Mrs. Barry Johnstone of Gastonia, for Rudy Johnstone, Dance Committee, Kappa Sigma; Miss Laurie Kee of Manteo, for Wilson Jones, Dance Committee, Sigma Chi.

EDITORIAL COMMENT:

Leazer

(Number Three)

Can a man serve two masters with equal faith, service and effort to each? The United States Senate thinks not and neither does The Technician.

That apparently is what the manager of the Cafeteria is attempting to do by being in the capacity of chief fund-raiser for the Wolfpack Club in addition to his duties as Cafeteria Manager.

From all reports he has done an excellent job for the Wolfpack Club. His drive for new members resulted in a 50 per cent increase in membership for the club. Also, contributions have risen from \$30,000 a year to \$70,000 since he has been employed by the club. Harry Stewart has done a very good job with the Wolfpack Club. We commend him for his good work.

But the Cafeteria has not fared as well, as figures in another story on this page show. The Cafeteria is not only serving fewer meals but its total cash register receipts have fallen off.

Since Harry Stewart is now devoting only "part" of his time to the Wolfpack Club and since he has done a good job, he could undoubtedly do a terrific job if that were his sole responsibility and he did not have the Cafeteria to think about.

Certainly someone who has had past experience managing a successful, competitive cafeteria should hold a job running a cafeteria that was described by Herbert O'Keef in the News & Observer as "the biggest dining hall in North Carolina's capital city."

Stewart's cafeteria experience before he took the job as manager of the College Cafeteria was practically nil, as O'Keef went on to point out. "His (Stewart's) connection with it (the Cafeteria) had only begun six months before when young Harry Stewart had left the trust department of the Wachovia Bank and Trust Company to go to the college as a cost accountant."

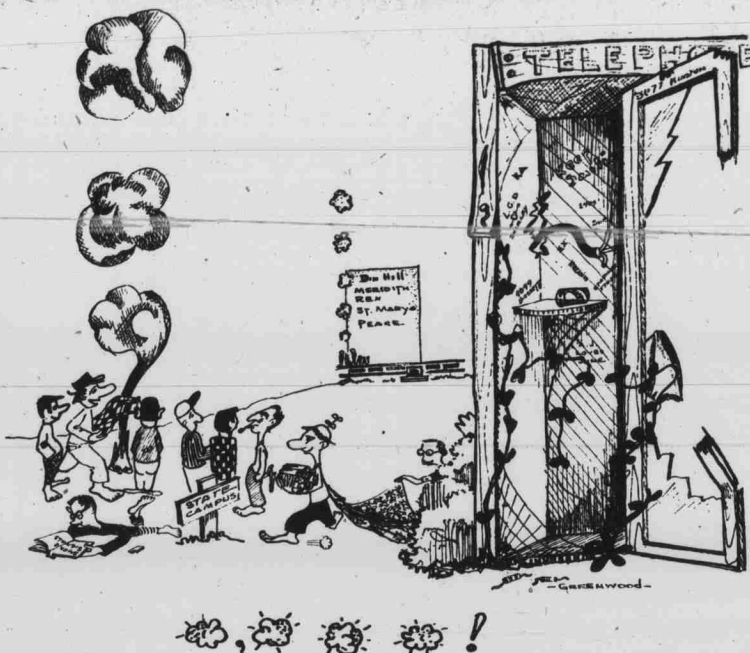

With this experience Harry Stewart was elevated to the job of Manager of the Cafeteria when Louis H. Harris, manager since 1921, died in 1944.

Washing Cars

On the sheet of rules and regulations given out by the traffic committee during registration there is under "IMPORTANT," a section 10 that says, "washing of privately owned automobiles and dormant storage of vehicles is prohibited on the campus." Undoubtedly the term "privately owned" is meant to infer student owned vehicles.

The Technician wonders who made the rule or regulation and why?

The Student Legislature had under consideration last year the possibilities of building car washing facilities for students to use, but the plans were tabled on the recommendation of the Welfare Committee until "plans for the over-all work on the campus have been decided upon." Does anyone have any idea when plans for the over-all work on the campus will be made and decided

upon? Campus development plans change, usually for the better, as often as there is a change of year.

If someone mentions car washing facilities for students, he is confronted with "one would cost \$600." Last year before the "No washing cars" regulation was made students were washing cars on campus without the aid of special equipment. By pooling together to buy a bucket and garden hose, fellows with dirty cars were utilizing the available spigots on campus to the utmost advantage. But this year, "Washing privately owned cars . . . is prohibited on the campus."

It is the opinion of some that if SG uses the funds collected from traffic violations to pave the student parking lots, car washing facilities would not be necessary. This seems to be poor reasoning. True, the dusty, muddy, unpaved lots contribute to the speed with which cars become dirty but paving the lots will not eliminate dirty cars.

State students need the parking lots paved and they should be provided with facilities to wash their cars. There are several places on campus that could now be utilized for washing cars. For instance, Jerry Erdahl says that the Union is thinking about permitting students to wash cars at the service entrance on the weekends, but he was unaware of the rule against washing cars on campus. With the proper cooperation, there are many other such places on campus that could be put into use for car washing.

To: The Visiting Trustees Sub-Com.

Mr. D. L. Ward, Chairman
Mr. William P. Saunders
Senator John D. Larkin
Mrs. B. C. Parker
Gentlemen:

I regret that I could not get these figures to you sooner but I hope that it is not too late for them to be of value.

From Mr. Harry Stewart, I obtained the following information:

Number of People Eating For Month	1953	1954	1955
January	81,804	71,496	63,224*
February	77,007	68,462	67,343
March	60,371	61,092	66,485†
April	74,249	65,901	45,129‡
May	70,912	65,354	58,374

TOTAL 364,343 332,304 304,055
* 63,224 Could be due to having exams under the semester system in January, 1955.
† 66,485 Due to not having exams as in previous years in March.
‡ 48,129 Exceptionally low due to having spring vacation in April, 1955, which was not done previously.

For the figures to be of any significance, some explanation must be given. Up through the spring of 1954, State College was on the quarter system and had winter quarter exams in March. In the spring of 1955, exams were the last of January. In the spring of 1955, we had spring vacation in April, whereas previously we had no holidays in April.

With these factors present,

however, the totals for the same period of the year should offer, in my opinion, a true comparison of the numbers eating in the Cafeteria.

Mr. Stewart's records were not fully complete for October, November and December and for that reason, I took the consecutive months that were complete. These figures indicate that the Cafeteria is serving 16.6% fewer people in the spring of 1955 than in the spring of 1953; 8.8% less in the spring of 1954 than in the spring of 1953.

While fewer people are eating in the Cafeteria now, our enrollment has increased from 3,584 in 52-54 to 4,284 in 54-55

Letters To The Editor:

Letters to the Editor must be signed. If it is requested that the name be withheld for a good reason, the letter will be printed and the name withheld. Letters WILL NOT be printed unless they are signed.

Hints On Identity Of Pureblood . . .

To the Editor:

There has no doubt come to the attention of the readers of The Technician a new source of journalistic talent. I am speaking of the newly attached detective of misdeed, champion of justice, defender of the student, relater of wisdom, reporter at large, the poorman's Sinclair Lewis, Mr. Sidney Pureblood, Jr. himself. Haven't you wondered who he is?

or an increase of 700 students. TOTAL CASH REGISTER RECEIPTS 1953 \$428,537.96 Difference of 1954 398,329.19 \$65,434.29 1955 368,103.67

Total cash register receipts are the total sales as rung up on the register during a fiscal year. The college's fiscal year ends in June of each year.

From the figures, three conclusions can be drawn:

1. Reduction in Gross Receipts.
2. Reduction in the persons utilizing facility.
3. It is inherent from the above, that my contentions concerning this facility have a sound basis.

In order for you to look at this situation with as many facts as I can give you, it is only fair to state that possibly the College Union opening in the fall of '54 affects the '55 figures somewhat, since they are also offering food service. But the College Union could not account for the decrease from the year '52-'53 to '53-'54.

In the opinion of Mr. J. G. Vann, the Cafeteria could serve two, if not three times as many students as it does now without an increase in overhead.

"Amen" For Car Washing Facilities . . .
To the Editor:
A hearty "Amen" to Harold Lineberger's timely observation that someone here at State College would do well to provide car washing facilities for the guys who find it expedient to do the job himself. With so many unpaved parking areas on campus, a car gets that camouflaged look about it in a short time. Could a real contribution be made to improving student facilities by promoting this project? Many will say, "Yes".

Hear At State

by Sidney Pureblood, Jr.

The views and opinions of this column do not necessarily represent those of THE TECHNICIAN.

"We've dood it again!" Up in Boston last week-end the Wolfpack pulled through again—and didn't someone say we were the underdogs? If we keep up this kind of playing, I don't think we need to worry about any lack of spirit at Homecoming. By the way, we're still leading Carolina in the number of games won this year.

Speaking of school spirit . . . The cheerleaders have recently been appropriated funds to buy a new public address system; a very good idea, Mr. Garra-brandt. This new system will be moveable, so that when we play away from State we will be able to have more organized cheering. Again I say . . . well done!

An Unused Parking Lot
An editorial by Dick Goldenberg, vice president of the Tompkins Textile Council appeared in the Phi Psi publication this week. It reiterated the recent appeal by textile students that they be allowed to use the parking lot behind Nelson Textile Building. Pointing out that "at no time this past year has it been used to capacity," the article pleads that the parking lot be opened to students. I don't see why it is not being used, especially with as much parking difficulty as we have here at State. If the faculty doesn't use it to capacity, why, then, can't others?

The Ice Capades last week, I believe, proved entertaining to a great number of people. It was a beautiful performance. And I've heard that a number of the girls in the show proved even more entertaining after the show for some State students.

Fraternity Housing Project
The fraternity housing project is now getting underway in a real way. Henry Pickett, President of the IFC, is doing a lot of work, along with Banks Talley and several others, on this project. They are to be congratulated for their prolonged and time-consuming efforts.

Few people realize the work and expense of such an undertaking. If fifteen fraternities built one \$70,000 house each, the cost would be over one million dollars. This is another project

in which the students of State may well take pride.

With much glee I read last week that Pullen Road will be paved in the area south of Bagwell and Becton Dormitories. Very good.

Miss Wolfpack

I hope a precedent (or tradition) will be set by selecting Miss Wolfpack from among the co-eds at State. In this way, she will be on hand throughout the year to represent the college—not just a day or two.

Thank you for your letter, Dick Goldenberg. I do see your point in avoiding the use of jokes. It would be an awfully dull world if everybody was just alike and nobody had any of their own ideas on how to run things; and since it is you who formulates the editorial policy of the Textile Forum, it is your decision that counts. I will look forward to your December issue. (I did, however, enjoy the articles you did print last issue and I am sure that the industry profited by them.)

A plot has been inaugurated to "expose" Pureblood, Jr. The writer of the letter which also appears in this issue of The Technician is correct on 75 per cent of his guesses this week.

Don't forget to bring your blanket and come to the IFC concert at the Coliseum this week-end.

It seems that a former coed was in the habit of sending mash notes to her professor and signing them appropriately. Thus to her English prof, "Literally yours." To her math prof, "Mathematically yours." To her history prof, "Historically yours." And then she took anatomy.

Pershing Rifles Names 23 Pledges

During a formal ceremony on November 1, 1955 at State College, L Company, Fourth Regiment of The National Society of Pershing Rifles presented a blue and white pledge ribbon to each member of its new pledge class. Under the direction of Cadet Second Lieutenant Richard C. White, the pledges have been trained extensively in precision drill with the M1 Rifle. Twenty-three cadets have successfully completed this training.

The following cadets have begun their Pershing Rifle pledge-ship: David B. Auld, Vernon G. Avery, William H. Blankenship, Leard B. Bledsoe, James W. Braswell, John Q. Britt, Jr., John D. Bullock, Donald C. Cherry, William C. Cooper, Edward M. Denbo, Jr., Olin E. Elliott, William B. Kay, Fred B. Leggett, Ned E. Lowder, James S. Meatyard, John Newlin, Joe Pemberton, William F. Robertson, Jr., Titus O. Sills, Rice G. Strange, Jack B. Taylor, Thomas C. Wallace.

These cadets were chosen for pledge-ship in the Pershing Rifles because they have demonstrated outstanding leadership potential and military bearing as basic cadets in the Army ROTC. Those pledges that meet the highest standards will be selected as active members of the Pershing Rifle Company. The National Society of Pershing Rifles is the oldest and largest Military Fraternity in the United States. A chapter of it has been in existence at State College since 1952.

BAND

(Continued from Page 1)

treasury slightly over \$1,900. Here is the approximate cost of last years Junior-Senior Dance in facts and figures. These are expenses other than the band.

Junior Senior Ring	\$174.90
Entertainment	75.00
College Union Labor	88.00
Refreshments	123.34
Decorations (for band)	6.70
Flowers	89.56
Program printing	127.98
Music Company (pianos)	20.00
Pictures	28-15
College Print Shop	50.00
Coliseum	517.00
Sound Truck	20.00
Decorations	150.00
M & O	45.00
Raleigh Linen	20.00

Total \$1485.63
You can see that we have a little over \$400 left to hire a band with. Now here are the figures on some big name bands that we have contacted.

Ray Anthony	\$3000
Elliot Lawrence	2500
Woody Herman	2500
Ralph Marterie	2000
Ralph Flanagan	2500
Buddy Morrow	1750
Billy May	1750
Ray McKinley	1500
Hal McIntyre	1500

It's up to you. If you want a truly memorable Junior-Senior Dance, lend your support by paying your class dues immediately. This also applies to any seniors desiring to attend the Junior-Senior who did not pay their class dues as juniors. Junior dues are \$5 and senior dues \$3. November 17 has been designated as the deadline for paying dues. Since there is a great demand for bands in early May, we must sign a contract early if we want a good band. Anytime between now and the deadline, you can pay your dues to Roger Hill at the AGR

Seniors Finish First In Forestry Rolleo

The Senior Class took first place in the annual School of Forestry Rolleo held at Hill Forest on October 29.

The Seniors scored a total of 52 points which was 10 points better than the 42 points held by the second-place Freshmen. The Juniors finished the day with a total of 33 points and the luckless Sophomores would up last with 21 points.

Some of the most colorful events were log-bucking, tug-o-war, horseshoes, volleyball, and "baccar-spittin'."

Tom Davis, a freshman, proved to be a "tobacco-spittin'" expert by winning both the distance and accuracy "baccar-spittin'" contests.

After the games were completed, Dean Preston introduced Mr. Thompson, a Homolite Corporation representative, who awarded Willie Curtis and Charlie Webb \$250-scholarships for being the outstanding senior and junior of 1954 and 1955.

Don Horton, representing Xi Sigma Pi, awarded a *Forestry Handbook* to Charles O'Quinn who was the sophomore with the highest scholastic average his freshman year. Joe Lawson was also awarded a *Forestry Handbook* by Charlie Webb, representing the Forestry Club, for being the junior with the highest scholastic average his sophomore year.

Publication Board Pays Tribute To Dr. Frank H. Jeter

The Board of Student Publications in its monthly meeting this week, adopted a resolution paying tribute to the late Dr. Frank H. Jeter, veteran director of the College's Division of Agricultural Information who died September 16.

In the resolution, the board commended Dr. Jeter's work as a faculty member, agricultural editor, director of publications and director of the Division of Agricultural Information during a 41-year period.

It also paid tribute to "his pioneering work in agricultural journalism, his broadcasts, and his television programs" and to "the ability, energy, imagination, influence, integrity, honor and warmth of Dr. Frank H. Jeter."

For many years, Dr. Jeter was chairman of the college's Board of Student Publications

House, Doug Gunnell at EF House or Don Denton at 30' Berry. For your convenience for two days, Wednesday and Thursday, November 16 and 17 tables will be set up at the College Union and at the YMC/ to receive dues. These posts will be manned from 1-6 p.m.

State Has 58 At BSU Convention

The 26th annual state-wide Baptist Union Convention was held in Greensboro, November 4 thru 6. The theme of the convention which began at 7:30 p.m. on Friday was "God's World My Life Now." The First Baptist Church of Greensboro played host to the conventioners. Approximately 1200 Baptist students representing 35 college campuses over the state were guests in the homes of members of the Greensboro Baptist Churches. State College's dele-

gation to the convention totaled 58.

The Conventioners were inspired and challenged by such outstanding speakers as Mr. W. H. Fisher, founder of Literacy Training Center in India; Dr. Claude Broach, of Myers Park Baptist Church of Charlotte, N. C. Dr. J. P. Allen, pastor of First Baptist Church, Charlottesville, Va., Miss Jane Ray Bean of the Student Department in Nashville, Tenn., Rev. Elmer West of the Foreign Missions Board, Richmond, Va. and Dr. Claude B. Bowen, pastor of First Baptist Church, Greensboro, N. C.

Vet's Corner

By Fred Joseph

Hunter Blackwell was elected Vice-President of the Veterans' Association at last Thursday's meeting. Blackwell defeated Marion Hawkins in a close battle for the Veep's job.

Dance Chairman Ed Lackey reported on the Fall Dance held last Saturday. The dance turned out very successfully and everyone in attendance had nothing but praise for the fine work done by the dance committee in putting over this affair. Also our thanks go out to the girls from the local schools and hospitals who helped make it an enjoyable evening for all.

A Float Committee was appointed to work on the homecoming float. Ted Caldwell is chairman, assisted by Bob Bruce, Ralph Williams, Tom Long, Morris Murray, Hunter Blackwell, Jim Warlick, and Marion Hawkins. Ted stated that he would appreciate any help or suggestions and that he could be reached at 2902 Everette Avenue or by phone, 2-1476.

The club voted to accept the offer from Eatman Gulf Station for discount service. Mr. Eatman will provide the members with cards worth \$18 of which

\$15 is gas; when purchases have been made to cover this card the holder will be entitled to \$1.50 cash or service.

Dan Yaeger reported that a pay raise for the Korean Veterans was in the mill. Each veteran will get a pay hike of \$35 if the bill that has come out of committee passes the floor in the next session of Congress. It was proposed that other Veterans Clubs be contacted to join N. C. State Vet's in sending petitions to Congressmen on this subject.

The Club will sponsor Mary Pledge in the Miss Wolfpack contest.

Lamar McLendon, a freshman from Mt. Gilead, announced his candidacy for Freshman Class President.

McLendon is a Freshman in Mechanical Engineering, a Veteran of four years in the U. S. Air Force and a graduate of Mt. Gilead High School, where he was chosen by his classmates as Vice-President, Treasurer and Class Representative during his stay in High School. Lamar stated among his numerous qualifications; Wisdom, Integrity, Sincerity, and Experience. If you take the first letter of each of these qualifications, you will find they spell "WISE" and that is what Lamar says it will be if you vote for him.

LITTLE MAN ON CAMPUS

By Dick Bibler

Sunday Morning Welcoming Com. Looked Good to Victorious 'Pack

Between seventy-five and one hundred rabid State football fans were on hand last Saturday night to greet the victorious Wolfpack upon their return from Boston University. The team, weary after walloping Boston 40 to 13, were surprised upon deplaning by the large group, the first to meet a returning team since the State cagers scored their play-off victory over George Washington at Durham two years ago.

State scored the resounding victory over Boston against odds, having gone into the game only slight favorites, and being forced to fight the New England weather as well as the opposing team. The victory was the third straight for the up and coming State team.

Coach Earle Edwards said Tuesday, "I was awfully glad

they came out. I understand that many of them were out at 12:00 when we were originally due to arrive and that they either waited for us or came back at 1:45. The team and I certainly did appreciate it."

Former President of the Student Government, "Doc" Cheek, was on hand with copies of the local papers filled with glowing accounts about the victory of the Cinderella team of the South. The players were greeted with rousing cheers as they left the plane, particularly the outstanding players of the game, Eddie West, Dick Christy, Dick Hunter, George Marinkov and Al D'Angelo.

Stalwart end Bob Becker commented, "It was the first time in my three years at State that any sort of group has turned out to welcome a football team."

From the Files

1940

State College will ask the General Assembly for building appropriations totalling approximately \$1,440,000, at the next meeting in January.

Mrs. Mildred Inskeep Morgan of Iowa City, Iowa, began a series of lectures on men and women relationships Wednesday night in Pullen Hall.

Jerold Frederic, noted pianist, will give a concert in Pullen Hall Nov. 14 under the auspices of the Raleigh Colleges.

State will meet the Deacons for the last home game of the season. The Wolfpack has the best scoring string in 23 years.

1945

The YMCA at State elected new officers for the school year. They were: pres., Edgar A. Orr; vice-pres., Leon A. Mann, Jr.; Sec. Doug House; and treas., Earl "Pop" Bowen.

State defeated the VPI gobblers 6-0. The Associated Press gave State an Honorable Mention in their weekly poll for the best teams in the nation.

Dr. Albert S. Keoster, head of the Dept. of Economics at WCUNC in Greensboro, will deliver an address in Pullen Hall.

1950

The biggest football rally in recent years is being planned for the Wake Forest game, Nov. 18. A five hundred car cavalcade will leave State at noon escorted by the Highway Patrol. The rally will mark the first since the war that a Southern Con-

ference football game has been traveled to with an official escort.

The frats. are planning to quiet down hell week.

The frosh and varsity won over Duke in a cross country meet. Clyde Garrison of High Point broke his own record by running the course in 20 min. and 56 seconds.

Ed Monney, Pack offensive star will be gunning for 36 yds. in the game with Davidson, Nov. 11. He has gained 990 yds. in seven games. The added 36 will set a new State record.

"I like this summer resort, all the women are so full of passion."

"Passion, heck, this is a health resort for asthma victims."

Rogers Announces Deadline Date For Grad. Fellowships

Lyle B. Rogers, Director for Student Aid and Scholarships, announced the availability of 780 National Science Foundation Graduate and Postdoctorate fellowships. In releasing the information, Rogers stated that the 700 graduates and 80 post-doctorate fellowships will be awarded March 15, 1956. Fellowships are available in the fields of mathematics, physics, biology, engineering, certain liberal arts and fields and several related subjects.

Eligibility for the fellowships is limited to appropriate levels as far as previous work done. However, they are open to almost any level above the Senior class or for members of this year's Senior class.

Application for the fellowships must be made through Roger's office in Holladay Hall not later than December 15. Selection will be made by a Board of qualified scientists chosen by the National Research Council of the National Academy of Sciences. Final judging will be by the Fellows of the National Academy of Sciences. Candidates will be judged primarily on the basis of scholarship and recommendations.

Allowances will range from \$1400 to \$1800 and additional

AFROTC Appoints Honor Cadets

Sixteen members of the senior Air Force ROTC class at State College have been appointed "Distinguished AF ROTC Cadets" for the current school year, Col. James F. Risher, Jr., professor of air science, announced yesterday.

The honor cadets are Stephen E. Brannan, George E. Burdick, Mitchell E. Clary, Phillip DiNardo, Stephen C. Gooding, Jasper H. Hardison, Marion H. Hoyt, Bobby P. Huskey, John A. Johnson, Donald L. Keyt, Theodore Kilyk, Jr., Paul R. Pearson, Harry S. Reichard, John R. Rogers, Jr., Walter G. Scott, Jr., and Jackie K. Snow.

The cadets qualified for the honor after a detailed and lengthy elimination process.

By receiving such an appointment, each cadet becomes eligible for an appointment as a "Distinguished AFROTC Graduate" upon completion of the AFROTC course of study. Such an appointment, Colonel Risher said, is recognized throughout the Air Force as a distinguished personal accomplishment by the cadet during his AFROTC training and becomes a permanent entry upon his records as an officer of the U. S. Air Force.

stipends will be granted in the amount of \$350 for each dependent. The Postdoctorate fellowships will carry stipends of \$3400 for each year.

Watch for announcements of Metal Enameling Classes to be held regularly on Wednesdays.

Art Gallery: The School of Design Art Auction Exhibit, will go on until November 23.

Scots Guards To Perform At State

The pomp and pageantry that has marked Great Britain's parade of history will be displayed when the Regimental and Massed Pipers of the Scots Guards, Queen Elizabeth's Buckingham Palace household troops, stage a performance of marching ceremonies, stirring music, and Highland dances in the William Neal Reynolds Coliseum at State College Friday, December 2, at 8:30.

When on home duty, the Scots Guards perform peaceful service at the Royal Palaces. Thousands of tourists come to watch the regiment mount guard, troop the color at Her Majesty's birthday parade, and demonstrate rituals of arms at other historic ceremonies.

The Scots Guards Regimental Band, perhaps the most famous in the world, will be remembered by many Americans who watched the colorful Coronation parade on TV and newsreel screens.

Many of the tall, scarlet-uniformed musicians, with the bearskin bonnets have ancestors who marched for King Charles I in

1642, when the regiment was first organized. Eight years later these same hardy soldiers piped into battle by a corps of regimental pipers, fought to the last in the battle of Dunbar against Cromwell's victorious British Army.

When Charles II was restored to the English throne in 1660, the depredated Guards were re-organized, revitalized and stationed at Hounslow Heath, near London.

Over the years, in England's battles and skirmishes, the Guards won a reputation for being one of Britain's bravest regiments. When the Duke of Wellington engaged the Napoleonic forces the Scots Guards were frequently placed in the van. To date, guardsmen have won 11 Victoria Crosses, England's highest award for gallantry in battle.

The 20th century found the guards serving side by side with the American forces. A battalion did a tour of duty with the Fourth Marines in Hong Kong; and the regiment fought under the 17th U. S. Airborne Division during the advance across the Rhine.

TIME OUT FOR LUCKY DROODLES!

WHAT'S THIS?

For solution, see paragraph below.

EVERY ONE OF THE PEOPLE in the Droodle above (titled: Lucky smokers playing poker) has a good deal. Because they all smoke Luckies, they all enjoy better taste. Luckies taste better, first of all, because Lucky Strike means fine tobacco. Then that tobacco is toasted to taste even better . . . cleaner, fresher, smoother. So light up a Lucky yourself. You'll rate it aces high for smoking enjoyment.

DROODLES, Copyright 1953 by Roger Price

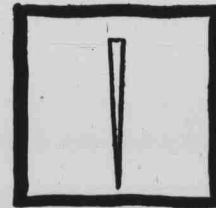

Advertisement for Lucky Strike cigarettes featuring a pack of cigarettes, a cartoon character, and the slogan "COLLEGE SMOKERS PREFER LUCKIES!". Text includes: "IT'S TOASTED" to taste better! Luckies lead all other brands, regular or king size, among 36,075 college students questioned coast to coast. The number-one reason: Luckies taste better.

WVWP Manager Announces Program

According to WVWP station manager Sam Harrell, Lucky Strike cigarettes is again sponsoring the Lucky Strike news and sports series which was heard on the station last year. The program schedule for these two programs remains as it was last year. The Lucky Strike news is heard at 7:45 p.m. and the Lucky Strike Sports at 11:00 p.m.

In addition to the above mentioned programs, WVWP is carrying another Lucky Strike sponsored program, "Lucky Strike Music." This is a program of the latest pops and variety tunes which fit into the make-up of the students everyday life. This program is heard on

Scott Running For Frosh President

Fred Scott, freshman in Nuclear Engineering, announced his candidacy for President of the Freshman Class in the forthcoming elections November 16. He is a native of Jacksonville, North Carolina and lives in Owen Dorm here on the campus.

Monday, Wednesday, and Friday at 8:45 p.m. at 580 Kc.

For late listeners, WVWP presents a five minute summary of the news at 12 midnight. This service, as well as the major news events, is provided through the courtesy of Lucky Strike cigarettes.

His qualifications and past experience include: High School Student Government, Order of DeMolay Officer, Band Officer, Editor of the High School Annual, Varsity Basketball and Baseball, and was voted "MOST DEPENDABLE" in his graduating class.

His platform consists of three points which he would like to enact should he be elected. He will:

1. Endeavor to consolidate the freshman class in building better school spirit to contribute to better athletic, social, and extra-curricular events.
2. Work for a better Freshman-Sophomore Dance and closer cooperation between

neighboring girls' schools on Freshman social functions.

3. Work for more effective Freshman support of such campus projects as: A. More and better sidewalks on the campus; B. More dormitory housing to eliminate three students in two men rooms; C. More student parking facilities; D. Increased beautification of the campus; E. Efforts to increase the effectiveness of student services, such as the cafeteria, book store, laundry, and student supply stores.

Scott would like the support of all the freshmen who are interested in making their class the best to ever enroll at State College.

W.U.S. Drive Collects \$830.79

The grand total for this year's World University Service Drive is \$830.79. The goal set for the drive was \$2,000.00.

The project selected by the student committee for this year was the rebuilding of a student hostel in Seoul, Korea. This hostel will accommodate 100 students and will serve four colleges in the city of Seoul. Our contribution toward this project will be 90% of our total receipts, or \$747.72. A permanent inscription on the building in

Seoul will read: "A Gift From The Students at North Carolina State College, U.S.A."

The remaining 10% of our receipts, or \$83.07, will go into the Raleigh United Fund Drive for use by city welfare agencies.

During the past decade, State's contributions have fluctuated from a high of \$2400.00 in 1947, to a low of \$577.00 in 1954. The average for this ten year period was \$1,517.00.

To those interested
in advanced academic study
while associated with
important research and development
in industry, Hughes offers
two separate,
practical programs:

HUGHES

COOPERATIVE FELLOWSHIP PROGRAM

FOR MASTER OF SCIENCE DEGREES

This program is designed to enable outstanding graduates in Electrical Engineering, Mechanical Engineering or Physics to obtain the Master of Science degree while acquiring experience in an industrial research and development environment. The program is comprised of full-time summer employment at Hughes under the guidance of experienced scientists and engineers, and part-time work at Hughes during the regular school year arranged to permit the student to maintain a half-time university schedule of graduate study.

Tuition, books and fees will be provided by

Hughes. The income provided will enable the participant to enjoy a reasonable standard of living while pursuing his advanced studies. Travel allowances will be made to those living outside the area.

Applicants must be able to meet the entrance requirements for graduate study at the University of California at Los Angeles, the University of Southern California, or the University of Arizona. Because of the classified nature of the work at Hughes, applicants must be U. S. citizens for whom appropriate security clearance can be obtained. As many as 150 awards will be made.

Application forms and instructions may be obtained by writing to Committee for Graduate Study.

THE HOWARD HUGHES FELLOWSHIPS

IN SCIENCE AND ENGINEERING

Eligible for these awards are U.S. citizens who have completed one year of graduate work in Engineering or Physics and who can qualify for graduate standing at the California Institute of Technology for study toward the degree of Doctor of Philosophy or post-doctoral work. Each fellowship covers a twelve-month period which includes a ten-week advanced development project carried out during the summer at Hughes Research & Development Laboratories, followed by a full-time program of study and research at California Institute of Technology.

Each appointment provides a cash award of not less than \$2,000, a salary of not less than \$2,500, plus \$1,500 for tuition and research expenses. In case of financial responsibilities that might preclude participation in the program, suitable adjustment may be made. Moving and transportation expenses are provided for those living outside of Southern California.

For application forms and complete information, address correspondence to the Howard Hughes Fellowship Committee.

Cross Country Team Beats Virginia 20-42 State Meet Monday-

State's powerful cross country squad, despite the loss of star Mike Shea, rolled over the University of Virginia last week 20-42.

State's strong freshman and varsity teams will be host to the annual state meet Monday afternoon and have been given the favorites role to cop the championship.

The summary:

1. Gwynn, Don (S)	20:44.6
2. Farrer (V)	20:47
3. Jones, M. (S)	21:00
4. Harbour, M. (S)	21:05
5. Walker, H. (S)	21:11
6. Bloor (V)	21:16
7. Jones, B. (S)	21:49
8. Miller, J. (S)	22:03
9. Walker, F. (S)	22:11
10. Gaudry (V)	23:00
11. Riddle (V)	23:14
12. Helms, S. (S)	23:42

Chi O: "I caught my boy friend necking."
KD: "I got mine that way too."

Wrestling

Freshman & Varsity
Join the Wolfpack's Champion wrestling team. Eight Varsity meets and two tournaments. Freshman eligible for AAU tourney and freshman meets. Fill out eligibility form at Field House now! Regular practice daily in Room 14 at Coliseum starting at 4 p.m. Coach Al Crawford.

Frat Intramurals

Oct. 31-Nov. 4
Football

Six fraternity football games were played last week as the division play rounded the final turn and entered into the home stretch with only one division title clinched for sure.

Kappa Sig - 22, SPE - 6
A strong Kappa Sig squad kept its championship hopes alive with a 22-6 win over the SPE's. Thackston, Smith, and Kiser all scored TD's behind the throwing of Bill Tripp. The Kappa Sig's added a safety to close out the scoring. The SPE's lone tally came on a run by Casten.

(See INTRAMURALS, Page 9)

State Soccer Squad Tie NC, Beat W&L

North Carolina State's soccer squad held Carolina to a 3-3 tie and walloped Washington & Lee 4-1 in two contests last week.

Earl Baxter, Bill Eudy and Raulph all scored against Carolina with Bill Hardister getting an assist on Eudy's goal. Jack Routh tallied two goals against W&L with Eudy and Norman Norris adding the other two. The 'Pack now has a 3-3-1 record and meet Virginia there Saturday and close out the season at home next Tuesday against Duke.

She: "I'm perfect."
He: "I'm practice."

Athlete of Week

MIKE MILLER, junior, 5-8, 151 lbs., Allentown, Pa.— Transfer from Mars Hill Junior College . . . second team right halfback . . . came to State after a brilliant career at Mars Hill . . . won Junior College All-America nomination . . . despite size one of hardest tacklers on 'Pack squad . . . is a valuable addition to State's "pony" backfield . . . had one of best days against Furman as he tallied State's second TD on a pass play . . . outstanding track man also . . . majoring in C.E.

She's lovely . . . she's engaged . . . her father uses Remington Super X.

Varsity Congratulates Mike Miller

Junior on State's Varsity Football Team
Varsity Men's Wear invites him to come by and receive \$5 in merchandise of his choice, compliments of the store. We invite all N. C. State students to make Varsity Men's Wear their headquarters for the finest in men's clothing and furnishings.

What's doing at Pratt & Whitney Aircraft

World Travel in the Jet Age

Carrying forward a great tradition of American leadership in aviation, a team of four world-famous organizations has ushered in a new era in commercial transportation. Between December 1958 and January 1961, Pan American World Airways, who pioneered trans-oceanic air travel with Pratt & Whitney Aircraft piston engines, will put into passenger service twenty Boeing 707 and twenty-five Douglas DC-8 jet transports. This fleet of airliners will be powered by twin-spool axial-flow jet engines, designed and developed by Pratt & Whitney Aircraft.

Behind this significant achievement lie countless engineering man-hours. The development of a jet-turbine powerplant with more than 10,000 pounds of thrust, entailed far more than performance on paper. By the time the engine was proved experimentally in 1950, Pratt & Whitney Aircraft engineers had coped with some of the most complex problems of present-day engineering. Just how successfully they solved them is well evidenced by the widespread use of the J-57 turbojet in today's military aircraft for both intercontinental and supersonic flight.

GREYHOUND

Boeing 707 Stratoliner
has already established a trans-continental round-trip record. Powered by eight P&WA J-57 engines, it flew from Seattle to Washington, D.C. and back, in 8 hours and 6 minutes — an average speed of 581 mph.

Douglas DC-8 Clipper is the latest in a long line of famous transports. Cruising at 575 mph., 30,000 feet above the earth, it will set new standards in speed and comfort, along with the Boeing Stratoliner. Travelling 9 1/2 miles per minute, these planes will span the Atlantic in less than 7 hours.

Pratt & Whitney Aircraft J-57 Turbojet is one of two versions of the jet engines for the Boeing 707 and the Douglas DC-8. The most powerful production aircraft engine in the world, it already powers America's nine most important types of military airplanes.

Wolfpack Sinks Boston U. 40-13 In Mud For Third Win

Rugged VPI Next on 'Pack's List State Takes 3-3-1 Record to Va.

North Carolina State's rejuvenated football team won its third straight game last Saturday and is working hard in an effort to make it four in a row.

But Saturday's opponent probably will be one of the toughest teams the Wolfpack has met all season. State takes on rugged Virginia Tech in Bluefield, W. Va., Saturday afternoon at 2 o'clock.

The Wolfpack stands at 3-3-1 for the season. After dropping the first three games of the season to Florida State, Duke and North Carolina, the Pack came to life and tied Wake Forest 13-13, then beat Villanova 34-13, Furman 33-7 and Boston University 40-13.

State has scored 107 points in its last three games. The 40 points against BU was the largest total in eight years, since the Pack clobbered Davidson 40-0 in 1948.

The scoring spree has been the work of quarterback Eddie West, halfbacks Dick Hunter, Dick Christy and George Marinkov. Hunter's two touchdowns against BU ran his total to seven in as many games. West has four, Christy three and Marinkov two.

But Earle Edwards is not taking Virginia Tech lightly by any means. "We'll have our hands full Saturday," he told the team Monday, "and I believe VPI will be as good as we've seen this year."

Edwards was proud of the win over Boston University, rated a slight favorite in pre-game predictions. "Our boys wanted to (See Col. 6)

INTRAMURALS

(Continued from Page 8)

Sigma Pi—2, KA—0—The Sigma Pi's racked up an important safety to edge passed the KA's 2-0 and remain in the Division 1 race with the SAE's. Auld is credited with the all important safety while Young and Cally stood out for the KA's.

AGR—6, Sigma Nu—0—Sigma Nu saw their division championship hopes seriously dampened as the AGR's handed them a 6-0 defeat. A 35-yard TD pass from Hipps to Ippock proved to be the winning margin for the AGR's.

PKP—7, PKT—6—The PKP's behind the scoring of Snieed, nipped the PKT's 7-6 in a thriller. Kametches tallied for the loser's but Collier's extra point for the PKP's was the difference in the game.

SAM—12, Lambda Chi—0—A punt return by Bob Giddens and another TD run by Shalley was enough for the SAM's to shut-out the Lambda Chi's 12-0 last week.

Sigma Chi continued undefeated with a forfeit win over T. Chi. Complete division standings will be run next week.

Volleyball

PKA dropped the first game and then came back to beat the Lambda Chi's 15-11 and 15-7. The SAE's downed Kappa Sigma 15-3 and 15-9 while Sigma Nu beat the AGR's 16-14 and 15-12. Farm House defeated the KA's 15-5 and 15-10 after dropping one game, 15-3. The SPE's set back Sigma Pi 15-9, 2-15 and

BOSTON, Nov. 5—Under the worst playing conditions imaginable, North Carolina State today made its finest offensive showing in eight years while burying Boston University in the mud of old Braves field, 40-13.

The wolfpack operated its multiple offense almost to perfection to make a rout of what had been expected to be a close struggle. In the first 10 minutes it had a 14-0 lead, scoring the first two times it got possession of the ball.

That set the spark and Coach Earle Edwards' rapidly improving team kept the flame burning on this miserably cold day. It had a 20-0 lead at halftime and in less than three minutes of the second half had sent that to 34-0.

It had been raining here since Thursday night and with no cover on the field, it seemed inevitable the brave crowd of 6,000 would see a low scoring struggle decided by a break. But it didn't turn out that way at all as the nimble State backs, directed by big Eddie West, ran through the muck like it wasn't there and threw the ball like professionals on a sunny day.

It rained all afternoon and on some sections of the field Coach Willis Casey's fine State team could have been used effectively. If there has been a worse day for a football game, this observer hasn't seen it.

West, Dick Hunter, and George Marinkov each got two touchdowns in the rout, but they weren't any better than Dick Christy. That sophomore right halfback made 82 yards on seven carries in the first quarter and saw limited service thereafter in getting 103 yards for the day.

These backs, along with fullback Tony Guirrieri's fine kicking grabbed the spotlight but couldn't have done their jobs so well without help of an aggressive line that opened big holes on offense and resisted doggedly on defense.

Not until State had a 34-0 lead in the third period could the Terriers get their offense going.

15-4, while Sigma Chi and the SAM's won forfeit victories over T. Chi. and PKT.

Bowling

PKT over Kappa Sigma, 3-1; Sigma Chi over Sigma Nu, 4-0; SAE over PEP, 3-1; T. Chi over PKA, 3-1; KA over FH, 3-1; SPE over AGR, 4-0; and SAM over L. Chi for forfeit.

Against the State reserves, they scored twice in the third period. Boston had expected to launch a strong finish to their season with this game, but instead took one of its worst likings.

Despite the treacherous footing the State backs rushed for 217 yards and passed for 96 more on six completions in seven tries. West hit on his first three, which were big strikes in the victory.

Undefeated in Last Four

For the first time since 1950, the Wolfpack has put three victories in a row and is undefeated in its last four assignments. Coach Edwards made liberal use of his reserves and will have his regulars in good condition for next week's scrap.—D. H.

A Familiar Scene These Days

GYMNASTICS

The State College Gymnastics Club, beginning its second year as a campus activity cordially invites all students with an interest in gymnastics to participate in the club's functions. The club meets for workouts every Monday, Wednesday, and Friday from 4 to 6 p.m. in Thompson gym.

"The prime purpose of the club," says Bill Leonhardt, coach of the group, "is to increase gymnastic appreciation and participation on our campus."

Instruction is offered at all levels of ability and on a variety of gymnastic apparatus. Whether you are an experienced gymnast or a "raw recruit", there's a place for you in the State Gymnastics Club. Come on out!!

(Continued from Col. 1) play," he remarked, "and they didn't let the bad weather bother them. We played our usual type game despite the mud and slippery ball and it paid off."

All North Carolina State has to do to enjoy its best football season since 1950 is win one more game.

The Wolfpack has a 3-3-1 record with three games to play, and a victory against Virginia Tech, William and Mary or West Virginia would give State its best won-lost record since the 1950 team finished 5-4-1.

Regardless of the outcome of the next three games, State has had a good year and might well have had a 6-1 record at this point had it not been for a bad break here and there.

The game with VPI will be the 31st between the schools with the Gobblers holding a 16-12 lead with two ties.

APPLICATIONS

are now being accepted for ...
1956
graduate students summer employment program for ...

- Experimental Physicists
- Nuclear Physicists
- Theoretical Physicists
- Mathematicians
- Metallurgical Engineers
- Analytical Chemists
- Inorganic Chemists
- Physical Chemists
- Mechanical Engineers
- Electrical Engineers (Electronics)

Summer employment opportunities at the Laboratory are open to approximately 100 graduate students majoring in various physical sciences, and undergraduates receiving their degrees next June who intend to continue their advance studies.

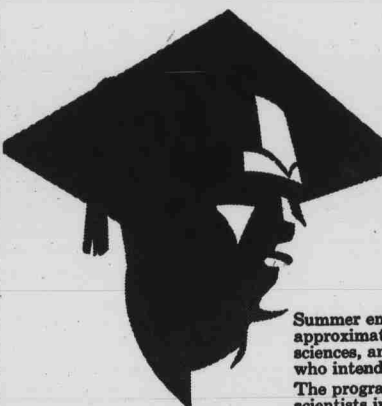

The program provides for well-paid summer work with renowned scientists in one of the nation's most important and finest equipped research laboratories.

Summer employees will become familiar with several phases of vital scientific research and development activity related as closely as possible to the individual's field of interest. This experience will enable students to appraise the advantages of a possible career at the Laboratory.

In addition to interesting work, employees will enjoy delightful daytime temperatures and blanket-cool nights in a timbered, mountainous area, only 35 miles from historic old Santa Fe.

Interested students should make immediate inquiry. Completed applications must be received by the Laboratory not later than February 1, 1956, in order to allow time for necessary security clearance. Applicants must be U.S. citizens.

"Brief Music" Plays Friday In Pullen

The "Sock and Buskin," drama club from Randolph-Macon Woman's College, of Lynchburg, Virginia, will present a three-act comedy this Friday, October 11 at 8:00 p.m. in Pullen Hall. The event will be sponsored by the College Union Theater Committee, under the direction of Dave Bagwell, student chairman, and Dr. Arthur I. Ladu, advisor to the committee. College Union members and guests will be admitted without charge.

The play to be presented is "Brief Music," written by Emmet Lavery, a contemporary American journalist and playwright who gained sudden recognition in 1935 with his play "The First Legion," which traveled nearly around the world and was produced in several languages. Lavery is best-known, perhaps, for his play "The Magnificent Yankee," which was written in 1946 and has received much popular and critical acclaim. "Brief Music" is Lavery's three-act comedy of present-day college life, and has been hailed as "an authentic appraisal"; "a refreshing comedy of character, distinguished for the honesty of its telling and the resourcefulness of its staging." It is a comedy which avoids the stereotypes of character depictions so often seen in plays of college life; and it is, for this reason, particularly suitable for presentation by a talented college cast.

The Randolph-Macon Woman's College play group enjoys an excellent reputation, earned through the high quality of the past performances by the club of such outstanding plays as Christopher Fry's *A Phoenix Too Frequent*, Aeschylus' *The Oresteia*, Moliere's *The Miser*, and Synge's *Playboy of the Western World*. The group itself has been in existence for over ten years at Randolph-Macon where it is considered quite an honor to be a member of "Sock and Buskin." In fact, membership can be obtained only after working 40 as an apprentice in the club, either as a member of the cast or as a crew member working with make-up, lighting, staging, and costumes. The combination of excellent play selection and a talented cast promises an enjoyable evening of theater entertainment.

FRAT ROW

(Continued from Page 1)

a lease of 99 years (renewable) be given to the fraternities. It has been pointed out that the land, and possibly the houses, will be tax-free.

5. At the Wednesday, November 2, meeting of the IFC, twelve fraternities expressed a desire to join the project as soon as possible. These fraternities are Pi Kappa Phi, Pi Kappa Alpha, Sigma Chi, Sigma Alpha Epsilon, Sigma Phi Epsilon, Tau Kappa Epsilon, Sigma Nu, Sigma Pi, Kappa Alpha, Lambda Chi Alpha, Sigma Alpha Mu and Alpha Gamma Rho. It was the hope of the Interfraternity Council that planning could be completed in the next few months and construction begun in the spring or early summer of 1956.

CAFETERIA

(Continued from Page 1)

aren't too expensive they had rather pay a little more and get quality food and larger servings, than pay less and get less in quality and quantity.

For this reason, more and more students are drifting away from the College Cafeteria. The Cafeteria prices might possibly be under those of other places, but the quality of food and service is certainly under that of other places and doesn't compensate for the saving. According to Billy Gore of A.G.R., the fraternity houses with their boarding house style, nominal costs, and free "seconds," seem to offer the best deal; but as the term student here implies anyone affiliated with State College, everybody can't qualify to eat at the fraternity houses.

Eating Places on Campus

Several suggestions were made for getting good eating places on campus. All of them but one were impractical, however. The one that was practical was to bring competition for the College Cafeteria to the campus. The College Union offers some such competition now, but the Business Office looks unfavorably on any such competition for Leazar Hall.

If the Business Office demands a monopoly for the Cafeteria, why, then, not shape up the place and get it "squared away?" What's good about the Cafeteria? Don't laugh, it does have some good points about it. It is in a good location and it has a good bakery. The bakery smells good, anyway. Because everybody on Campus knows them already, there is obviously no point in discussing the bad points.

Improve Cafeteria

There was some discussion, however, on how to improve the Cafeteria. Naturally, this started with the management. According to L. C. Draughon, Editor-in-Chief of *The Technician* and member of the Panel, "The management at the Cafeteria seems analogous to a football coach with a losing team. If a coach can't produce a winning team, get rid of him and start from scratch. The panel agreed that if Stewart can get enormous contributions for the Wolf Pack during his spare time from his duties at the College Cafeteria, isn't it plausible to believe that he could get still greater contributions if he devoted all his energies to the Wolf Pack alone?"

No Funds for Improvement

All the blame isn't Stewart's, however. It's true that as manager he is directly responsible for everything that goes on in the Cafeteria. He is supposed to be "Johnny-on-the-Spot" and catch all mistakes, etc., before they happen. He is only human, though, and can't hold himself responsible for everybody working in the Cafeteria. The equipment with which his employees have to work is old and outdated. On the other hand, he has to buy under State Contract and this causes, possibly, a poorer grade of supply than other methods of purchase. Lastly, there is no appropriation of funds for improvement of the Cafeteria; that must come from the Advisory Budget Committee. Who has time to go through all the haggling and red tape of

FRESHMEN

preparing a request for funds to improve the Cafeteria? Apparently no one does; certainly, it doesn't seem so.

What Can We Do?

What can we, as students, do to remedy this situation? If we still want a College Cafeteria, we can get up a petition to let other eating places come on campus and present it to the Visiting Board of Trustees, or, we can voluntarily, of our own free will, completely stop patronizing the College Cafeteria and, possibly, in time, force it to close. Which shall it be?

Mother (entering room):

"Well, I never!"

Daughter: "But, mother, you must have."

WITH THE GREEKS

AND

Spec Hawkins

This coming week-end will be highlighted by the annual interfraternity pledge dance with Claude Thornhill and his orchestra providing the music in the coliseum. A concert is scheduled for Saturday afternoon at 3:30 with the formal dance that evening. The majority of the college's fraternities will have a full week-end ahead of them with cocktail, costume, Bowery, and Hobo parties heading the social list.

The PKA's have a Bowery Party on tap for Friday night with a cocktail party and supper scheduled for Saturday before the dance. Kappa Sigma will hold a Hobo party Friday night and their annual pledge banquet Saturday following the concert. Sigma Chi's activities will be highlighted by a cocktail party before and after the concert. Saturday while the mem-

bers of Sigma Pi will enjoy a party Friday at the house with a cocktail affair Saturday afternoon.

SPE has a costume ball on tap for Friday for brothers,

pledges and dates and an informal get together and party after Saturday's dance. The SAE house will be the scene of a Wild West Party Friday night while Saturday evening the fraternity plans a party at the Club Reo. The PKP's are scheduled for an affair before and after the dance at the house.

Beacon Lake will find an outing Friday night for members of the Lambda Chi's and a supper at the house Saturday afternoon.
