NORTH CAROLINA STATE COLLEGE'S WEEKLY NEWSPAPER

Vol. XLI, No. 12

State College Station, Raleigh, N. C.

November 29, 1956

Tonight at Six

Dinner Will Kickoff World Service Drive

The World University Service-State College United Fund Drive will be held during the first week in December on the State College campus. The drive is held annually and is the only authorized solicitation allowed on campus.

Of the money collected, 90% will be allocated to the World University Service to aid college students in under-privileged areas of the world and 10% will be given to the Raleigh United Fund.

This year, the Student Government Legislature has specified that the 90% allocation for World University Service be spent on relief aid for the Hungarian students who led the fight for freedom in their homeland.

A steering committee headed by Ed Rose and Fred Rawicz has been meeting for several weeks making plans for the drive, and tonight at six o'clock a group of over 100 campus leaders will meet at a kickoff dinner in the college cafeteria. The group includes men from every dormitory and fraternity on campus and other organizations.

At the dinner, which is being paid for by L. L. Ivey and the YMCA jointly as their contribution.

(See DRIVE, Page 7)

ACC Declares Moreland Ineligible

Jackie Moreland, State freshman basketball star and center of the recent dispute over State's eligibility with the NCAA, has been declared ineligible for Atlantic Coast Conference competition by Commissioner Jim Weaver's office in Greensboro.

The announcement, made this morning, has already been appealed to the Executive Committee of the Conference, but action will not be taken until December 6, the date of the Committee's next meeting.

Moreland will not compete in any Freshman contests until a decision has been made on the appeal by the Committee.

The action was a direct result of the storm created around the recruiting infractions charge made by the NCAA earlier this month.

For further details, see page 5 in the Sports section.

Junior Class Meeting Set

George Cochran, Junior Class President, has announced plans for a Junior Class meeting to be held in Pullen Hall at 12:00 noon on next Friday, December 7.

Progress on the Junior-Senior Dance will be discussed and also plans for the rings for this year's class, according to Cochran. He urged that all members of the class try to attend due to the importance of the subjects to be discussed.

Former Hungarian Student Speaks at College Union

A talk by Istvan Laszlo, former student at the University of Sepron and a leader of students involved in the Hungarian revolt, was given last night at the College Union.

Laszlo will also appear at other colleges and universities throughout the United States to speak for his fellow students still in Hungary.

The 21-year-old youth came to the United States with the Nagy government's Minister of State who reported to the United Nations in New York about the events in Hungary.

The talk was sponsored by the College Union's forum committee, headed by Murray Penney, and is in conjunction with the ensuing United Fund-World University Service Drive.

Date Tickets

Chancellor Carey H. Bostian announced Tuesday, for the Athletic Committee, that date tickets will be sold for the Pitt game and eight other home basketball games for \$1.00.

The tickets will be sold for the non-reserve seat games with Pitt, Penn State, George Washington, Eastern Kentucky, Florida State, Fort Lee, Clemson, Virginia and South Carolina, and will go on sale in the Coliseum Box Office on the nights of the games.

A ticket book for the wives for the entire home season may be purchased by students for \$12.00. This will include coupons for other home reserved seat games with Duke, Carolina, Wake Forest, Maryland and Villanova. Tickets for dates for these games will be \$2.50 each.

The Box-office will open at approximately 5:00 p.m. Saturday or in plenty of time for tickets to be purchased before the Freshman game at 6:00.

Dan Yager, floor leader for the State College delegation at the State Student Legislature, presses home a point concerning a bill to members of the State College delegation during a break in the meetings, held November 15-17.

Owen Plans Christmas Dance

Fred Joseph, Manager of Owen Dorm, announced plans this week for the annual Owen Christmas Dance which will be held Friday night, December 7, in the College Union ballroom.

The dance, scheduled for the hours from 8:00 until 12:00, will welcome girls from Women's College, Meredith, and Rex and State Hospitals who have been invited.

Joseph also said that a party would be held in the Dorm parlor, prior to the dance, at 6:00. Refreshments will be provided by the dorm.

All residents of Owen, their dates and their guests will be admitted free of charge to all events.

Mann Hall Dedicated Here Last Friday

Mann Hall, million-dollar headquarters of the Civil Engineering Department at State College, was dedicated during formal ceremonies here last Friday.

Governor Hodges, one of the principal speakers at the exercises, accepted the imposing building for the State of North Carolina and dedicated it "for the use of North Carolina State College and the general advancement of education and the training of our young people."

47 Years of Service

In the dedicatory rites for the four-story structure, tribute was paid to Prof. Carroll L. Mann, in whose honor the building was named. Professor Mann, a native of Hyde County and an 1889 graduate of N. C. State, served in the college faculty for 47 years prior to his retirement in 1948.

Dr. Carey H. Bostian, chancellor of State College, presided and introduced the speakers, Re-

(See MANN HALL, Page 10)

At Student Legislature

Cochran Elected Interim President

State College was well represented in the 20th session of the State Student Legislature in the State capitol building on November 15 through 17.

George C. Cochran, President of State's Junior Class, carried away top honors for State when he was elected Interim Council President at the close of the meetings. Jim Nolan, President of Student Government, received the outstanding speaker's award to further climax a fine State showing which saw Cochran, Bob Futrelle, Anwer Joseph and Jim Peden occupy other offices, as well as those mentioned above.

Other outstanding students included Al Richardson of North Carolina College, who was elected Interim Vice-President, Talulah Brown of Duke, past Interim President, and Jim Monteith of Carolina, best debater.

Representatives from twenty-three different colleges throughout North Carolina and one observer from Virginia took part in the Legislature. Representatives from the Big Four, the "North State" schools, A. & T., North Carolina College, G. C., W. C., and nearly every other college were present.

Legislation passed included authorization of statewide liquor sales through ABC stores, repeal of the Pearsall Plan, appropriation of funds for a new classroom building at W. C., and for married students' housing at N. C. State.

Other members of the State delegation included Bob Tanen, Bob Lane, Jim Lazenby, Donald Anderson, John Lane, Charles Lofin and Dan Yager. Yager served as floor leader for the State delegation in the House.

George Cochran, Junior Class President, is shown above as he returns to the Legislative chambers, during the State Student Legislature, following his election as Interim Council President. For other details of the meetings, see story above.

"A Stitch"

There's a much over-worked proverb about a stitch in time saving nine, or something to that effect.

We would have thought the lesson had been well-learned by Student Government in the past few years. Especially in regard to tickets for Athletic contests. But apparently it hasn't been.

Over one month ago a stop-gap proposal for the last two games of the football season was offered to the Athletic Council by the Student Government Investigations Committee. At that time a long-range proposal was tentatively drafted, with a presentation to the Athletic Council promised within a few weeks. It was to cover all events . . . including basketball games . . . for years to come.

But, to be athletic, somebody fumbled. And, for once, it looks like it was somebody besides the Athletic Department.

The Finance Committee of the Council got together with the Chancellor early this week and worked out a very commendable solution for basketball season . . . this year. Details are on the front page. But they didn't make a permanent recommendation or policy. Frankly we don't blame them. They never have before and when we started doing something about it, we gave it a big effort for a week and quit.

Were we in Roy Clogston's or the Athletic Council's shoes, we'd be inclined to rest on what we'd done. They have made a step for the students' benefit.

There will still be a lot of complaining Saturday. But we would suggest that you vent your wrath on the Investigations Committee, not the Athletic Department. The original sore is still festering, and when the doctor was close to a cure, he stepped out for coffee. As Horatio Alger would say, "The Lord helps those who help themselves."

"A Need"

State's annual United Fund Drive will get under way next week for the entire week.

This year the Fund is being split 90%-10% between the Raleigh United Fund and the World University Service Organization.

The ten per cent given to the Raleigh fund will be subdivided among various charitable organizations in the city, but the ninety per cent given to WUS is earmarked for relief among Hungarian students.

We are proud to see State react. In exchange papers received in the past two or three weeks, we have seen

Entered as second class matter, February 10, 1950, at the Post Office at Raleigh, North Carolina, under the act of March 3, 1879. Published every Thursday by the students of North Carolina State College except during holidays and exam periods. Subscription rate is \$1.50 per school year.

accounts of scholarships donated, money raised and all manner of gestures made to the Hungarian students. We are, again, proud to see State come forward.

Few people realize the conditions foreign students are subjected to in order to gain an education. Three in a room is peanuts compared to a group of three or four in a garret with no plumbing, no hot water and no electricity. The price paid for textbooks seems ridiculously trivial when compared to no textbooks at all . . . just dictated notes from the professor. Large classes . . . how about several hundred in one small room? . . . and not because its convenient because of the size of the hall. It's a necessity.

You gripe about your education, the homework you have to do and the hours you carry. Have any soldiers barred the doors of your classrooms lately? Have you seen Mongols parading through the streets of Raleigh raping and pillaging?

Thanksgiving is just over. We thought about the college students in Hungary and other parts of the world when we were gorging ourselves on turkey Thursday. There were many things besides that full feeling to be thankful for.

As those in charge of the Drive would say. . . "Don't pass the buck . . . give it."

IDGAD

ROY LATHROP

NCAA Ruling
Naturally, everybody connected with State College, and many who are interested in its welfare, were shocked by the news of our four year suspension by NCAA. The opinions and arguments about this penalty are as varied and numerous as grains of sand on a beach . . . and just about as uninformed. We all naturally rush to the defense of State, and that is as it should be—especially in the light of facts already revealed. But until more details are actually known, let's all do our part in helping State by repeating only facts—not idle rumors. Every student, professor, secretary, janitor, and administrator at State sincerely and deeply hopes that the NCAA will change its mind.

Physics
Last issue, "IDGAD" complained about and asked for a public explanation of a particular new policy in the Physics department. Well, there has been no answer; it honestly seems that any complaint we have is lost like a sneeze in a hurricane—that is not being trite; there's just not much more to say.

For Brains and Others
Not many of us realize how big State's scholarship program really is. Dr. Ralph Fadum, chairman of the college's Scholarship and Student Aid Committee, and Dr. Lyle B. Rogers, student financial aid officer, both deserve a lot of recognition for their hard work to make higher education a reality for many who

could not otherwise afford it. Last year alone, almost \$50,000 were awarded as "Talent for Service" scholarships, offered by State College through its Development Council which is headed by C. A. Dillon of Raleigh. But that's just a small percentage of the total scholarships awarded to hundreds of students each year. Many of us are just not aware of the opportunities available in the scholarship field — scholarships are

Letters To The Editor:

Letters to the Editor must be signed. If it is requested that the name be withheld for a good reason, the letter will be printed and the name withheld. Letters WILL NOT be printed unless they are signed.

This letter is in reply to your Editorial titled "We Need a School Song." If I could title this letter, I would call it "We Damn Sure Have a School Song." Your Editorial mentioned that something was missing at the

Homecoming half-time ceremonies; namely, a few thousand voices. To this I say Amen! Next, you shift your attack from the Students, to place the blame on this lack of participation on the Alma Mater itself. I cannot agree with this. I think we have a fine song . . . but it needs singing! You say "To hard to learn, over-coordinated, disconnected phrases, trite figures, and it doesn't express the spirit of State."; and again I must disagree. Maybe the mud, ooze, cinder paths, and plenty of homework are things you would like to see incorporated in our Alma Mater, but I wouldn't. Maybe, we should take the melody (if there is one) of "You Ain't Nothin' But a Hound Dog" and put words to it and call it our Alma Mater. It is simple and familiar, and therefore, hard to forget. Maybe we should use a song like that at Carolina, one which is used and abused by dozens of other colleges and universities around the country. To all of these I say—NO!

We do agree that something should be done. The next question is, "What?" I suggest that we get people to teach Freshmen our present Alma Mater.

A small group of volunteers from the College Glee Club came back to State a week early to endeavor to teach the Alma Mater to the Freshmen. By the end of the week, we found 1800 freshmen who stood and sang the Alma Mater in a way that stirred the upperclassmen present to the depths of their souls. To put it mildly, "They Loudly Sang Our Alma Mater's Praise!" Read through the words. To me they express the feeling of friendship and fellowship that we should have here at State if we don't have it now.

So, to conclude, I ask, how were you taught the Alma Ma-

awarded not only on scholastic promise, but also on leadership potential, financial need, and displayed interest in some field of study offered here at State. If you think you qualify on these counts, why not check further on the possibility of a scholarship—a lot of us could use the help. The competition may not be so keen as some have been led to believe.

RPL

ter? The Student Government Orientation Committee is now making plans for next year's Orientation Program. I hope that we will have more than just a small group of willing men from the Glee Club to help teach the song to the new frosh. To change the old adage. . . "The proof of the Song is in the Teaching."

Dick Ribakore

Many complaints have been made about the lack of school spirit. Everyone is blaming the students. Personally, I am getting tired of it. It might help if some of these critics looked a little deeper into the situation.

It is an old worn-out complaint, but the lack of a student section at the games is one of the major factors affecting school spirit. It would be great if one section was set aside for the students. If there were still tickets left for this section a game time, they could be sold at the box office at game time. This would allow the majority of the students to sit in on

(See LETTERS, page 2)

From the Files

Five years ago, 1951
Big time intercollegiate athletics with big teams, scholarships, and rising expenses cost State College over four hundred thousand dollars a year. A total of \$70,200 was paid in salaries in the Athletic Department in the 1950-'51 fiscal year.

The water saving plan to help meet Raleigh's critical shortage is failing as State College usage climbs despite bathless and shaveless Thursdays.

Looking for their third win of the season the Wolfpack will journey to the University of Louisville.

Ten years ago, 1946
The Wolfpack will end the current season against Maryland on Dad's Day.

The tenth North Carolina Student legislature is to be held in the State Capitol next week.

Blue Key and Golden Chain fraternities will sponsor the first Blue and Gold Dance in the Frank Thompson Gymnasium.

Radio Station WNCN has been made a full member of the Publications Board and has been granted a loan of \$1100 to improve facilities.

Fifteen years ago, 1941
Chi Sigma, which hopes to become a chapter of the national social fraternity Sigma Chi, has been organized at State.

Plans have been announced for constructing a Coliseum greenhouse, and Agriculture Administration office Building as soon as possible.

Seven Seniors have been initiated by Scabbard and Blade.

Where the compliments are ladled out

These days, it's very often that you find a guy wearing this Arrow Glen button-down. It rates plenty of praise for its trim-tailored collar and harmonizing colors (newest is a subtle blue). There are a dozen shades to choose from in oxford or broadcloth . . . and a new Arrow silk striped tie to top it off.

Glen White shirt, \$3.95; patterns and solid colors, \$5.00; tie, \$2.50.

LETTERS

(Continued from page 2)
compact group instead of being scattered from section nineteen to section twenty-four. For the Florida/State game, we had good seats on the 40 yard line. We got to our seats assuming that they would be with other students. I have never seen so many grey-headed and bald-headed students in all my life. There wasn't another student within hailing distance. The same was true for the homecoming game except that I was in section twenty-four while the guys across the hall had seats in section nineteen. I have come to the conclusion that at State's home games there ain't no such thing as a Student Section. Other schools can do it, why can't we? We will never have a decent cheering section until we do.

I would like to suggest that the cheerleaders pay a little closer attention to the game. It sounded pretty silly over at Duke. There was State in punt formation on their own thirty with the cheerleaders yelling "We want a first down." Also, it looks like the school could afford to send the cheerleaders along with the team when they play away from home. It sure would do the team a lot of good. Why can't we get our "Wolf" there were nearly 100 cans. These, plus the original 35 toy planes, were distributed by the cadets to the needy families in Raleigh during the Thanksgiving holiday.

out for the football games to give the "Deacons" and the "Devils" a little competition? He adds a lot to the basketball games—why not football, too?
This may be going back a little, but it seems that we could support our own teams. We had a great basketball team going to the NCAA tournament last year. What happened? Wake Forest invited them over and gave them a rip-roaring sendoff. I don't recall that we even had a small pep-rally for them.

THE TECHNICIAN

State College is slowly becoming nationally known for its scholastic standing, its athletic achievements, and its contributions to research. We're growing fast in these fields, but declining fast in school spirit. We've got a lot to be proud of, why not show everybody that we're proud of it? Let's give these people who refer to us as

"Cow College" something to remember us by. If nothing else, we can always drown them out with "Rip'em up, Tear'em up, Giv'em Hell State." There's one thing for sure. We'll never do it by singing the alma-mater. The music is too choppy and jumpy and it is like memorizing Shakespeare to try to remember the words.
Harold G. McEntire

Families Benefit

Needy families in Raleigh received toys and food this Thanksgiving from the Arnold Air Society chapter of North Carolina State College.
Cadets of the honorary Air Force ROTC organization required each of this year's pledges to bring one toy airplane and one can of food to last week's initiation.
A fairly simple task in the beginning, this project became more complicated when the

pledges were told that each violation of initiation procedure would mean that another can of food must be added to the supply.
Because of this recruitment, the stock of canned foods grew steadily, and on initiation night

SPORTS

SPEC HAWKINS

-Wrestling-

Coach Al Crawford announced today that several positions on State's varsity and freshman wrestling teams were still opened. He encouraged anyone interested in participating on the squad to see him in the field house

BULLETIN: Bob MacGillivray, last season's leading scorer on the Wolfpack freshman team, has dropped out of school due to scholastic difficulties.

MacGillivray was a leading candidate for a starting forward position on this year's varsity squad. He plans to return to college next semester.

Maryland Drops Pack 25-14

Six yards and a bad pass spelled defeat for North Carolina State's Wolfpack Thanksgiving Day against Maryland 25-14.

The Pack, who had rolled to a 14-0 lead, fell before an onrush of Terrapin touchdowns to end the season with a not too-im-

pressive 3-7 record. Led by the brilliant running of halfback Dick Christy, who rolled up 152 yards in 11 tries including a 70-yard TD run, the Pack had pushed to Maryland's 6-yard line with three minutes remaining. It was fourth and one . . . score, 19-14 . . . the

quarterback elected to pass . . . the pigskin sailed gracefully through the air . . . up jumped a Maryland defender—hailed in the aerial—and hauled 10 yards up the sideline for a score. State's 1956 season ended in those brief moments . . .

Christy Top Rusher-Scorer

Dick Christy, North Carolina State's fancy-stepping halfback, was the Wolfpack's leading ground gainer and top scorer during the past football season.

The junior from Chester, Pa., picked up 589 yards in 119 carries for a 5.0 average. Christy's running mate, Dick Hunter, was second with 369 yards for 86 carries and a 4.3 average per try.

Christy's 19 points were tops for the Wolfpack, who scored only 94 points in compiling a 3-7 record. The 5-foot-10, 180-pound halfback accounted for three touchdowns and one extra point to edge end John Collar, who had three touchdowns and one extra credit for 18 points.

Christy had his best game of the season against Maryland. He scored two touchdowns, one

a 70-yard jaunt, and gained 152 yards in 11 tries.

Hunted led the team in four departments. He was the top punter, averaging 39.5 yards on 26 kicks; returned 11 punts for a 2.5 average; returned nine kickoffs for a 24.4 average; and intercepted the most passes, four.

Bob Pepe, a sophomore from Pittsburgh, edged Collar for the pass receiving title. The big end snagged 12 aerials for 171 yards and two touchdowns while Collar caught 11 for 157 and three scores.

Four players figured prominently in the passing game.

Quarterback Bill Franklin had the most completions and the most TD tosses. He connected on 18 of 45 for 275 yards and four touchdowns.

Other passers were Tom Katic with 13 of 21 for 144 yards and two tallies; Christy with seven of 14 for 123 yards; and Frank Cackovic with 15 of 43 for 217 yards and one six-point er.

State trailed badly in the ball control department, running 41 plays for 1624 net yards. This is an average of 3.9 yards per rush. Ten opponents had 60 rushing plays for 2515 yards and a 4.2 average.

Case & Co. Opens Against Pitt Saturday Nite

Wolfpack Begins 46th Season; Start ACC Grind Tues. Against W-F

North Carolina State opens its 46th basketball season here Saturday night against Pittsburgh in an inter-sectional clash. Game time in Reynolds Coliseum is 8:15.

A preliminary contest between State freshmen and Camp Lejeune will begin at 6.

The Wolfpack, defending Atlantic Coast Conference champion, will be embarking upon its 11th year under Coach Everett Case. State's 10-year record is 267 wins and 60 losses.

The game will mark the first meeting of the teams since 1952 when State won 62-54. The Wolfpack copped a 77-42 victory in 1949 to lead the series 2-0.

Both teams will be playing their first game of the season. The Wolfpack had a 24-4 record last year, winding up as the nation's second-ranked team. The numbers of coach Bob Timmons are 15-10 for the year.

Co-captains John Riser, a forward, and center Bob Lazor are expected to be Pitt's top scorers this year along with returnees Julius Pegues and Charles Tursh, both forwards.

But the player who is making a strong bid for the headlines is guard Don Hennon, a sharp-shooting sophomore who was the leading scorer in Pennsylvania as a high school senior. He is from Wampum, Pa.

The Wolfpack has not disclosed a starting lineup for the season's opener. Coach Case has indicated that he would use several combinations in an effort to find the most potent unit.

Co-captains Cliff Hafer and John Maglio are practically as-

sured of starting positions but the other spots are wide open. Nick Pond, Tom Hopper and Bob MacGillivray are the leading candidates for the forward spot alongside Hafer.

At guard, Whitey Bell probably will team with Maglio. Lou Pucillo and Bucky Waters also will see action.

Bob Seitz and John Richter are expected to share the duties at center but on occasions will operate as a double post set-up. Both are good rebounders with a scoring punch to match.

State's first ACC game is Tuesday against Wake Forest in Winston-Salem.

Intramurals

A special pre-season intramural basketball tournament is set to begin this week in Frank Thompson Gym according to Art Hock, intramural director.

Twenty-eight fraternity and dormitory teams have entered the single-elimination event. It is scheduled for completion before the Christmas holidays. Early favorites to cop the

holiday event include Sigma Nu, defending fraternity champions, and Becton No. 1, defending Dorm champs, plus strong teams from Pi Kappa Alpha, Tuckez Dorm., Sigma Phi Epsilon, and Owens No. 1.

Basketball Officials

The intramural office still needs several basketball officials to work intramural games. It is a paying job and anyone interested contact Mr. Hock at the gym.

Moreland Declared Ineligible By ACC

Jackie Moreland, deemed by several basketball experts as the most outstanding white cage prospect in the country, has been declared ineligible by Commissioner Jim Weaver of the Atlantic Coast Conference.

The announcement made today grew out of recent charges made against the star prospect and North Carolina State by the NCAA. Moreland has only seen action in one game to date. Last Thursday night the freshmen played the varsity and lost out by one point, 88-87. Moreland landed 30 points... but only played a little over half the game. Many fans who witnessed the contest believe the 6-7 center would have approached the mid-century mark had he stayed in.

The ineligibility takes effect immediately, however the ruling of the commissioner can be appealed to the executive committee of the conference at their meeting on December 7th in Greensboro. This the college has already done. Local athletic officials have said they believe the committee will reverse the ineligibility... if they act on this case in the same manner in which they have handled similar situations.

Moreland will not dress for any games until a final announcement is made by the executive committee.

It could very well be that he will never play another game on the Coliseum hardwoods.

"We Clean Clothes Clean"

Van Heusen asks: DO YOU GO WITH YOURSELF?

*It was an ancient haberdasher
And he stoppeth one of three.
"By thy long grey beard and
glittering eye,
Whuffo thou stoppest me?"*

*"Your hankies don't match
your shirts, my friend,
Your ties clash with your eyes.
And your shorts are simply
awful, sir,
—Wrong color for your thighs."*

Familiar story, eh? This kind of thing happens oftsoons. Don't let it happen to you. Just go down to your Van Heusen dealer and have him show you our harmonized, in-

tegrated wardrobes. In these handsome wardrobes, shirts, ties, handkerchiefs, sport shirts—even shorts and pajamas—are co-ordinated perfectly. There are checks, plaids, solids, stripes to pick from. All fine. And they give you that well-matched look at a surprisingly moderate price.

At better stores everywhere, or write to Phillips-Jones Corp., 417 Fifth Avenue, New York 16, New York. Makers of Van Heusen Shirts • Sport Shirts • Ties • Pajama: Handkerchiefs • Underwear: Swimwear • Sweaters.

What Is World University Service?

What is World University Service? Listen to the rain spatter on the roof of a building erected by World University Service; it shelters students who otherwise would be homeless.

What is World University Service? Watch the faces of students who never owned a textbook as their eager fingers rip open cases of texts shipped by World University Service.

What is World University Service? Listen to the whisper

Service? Listen to the hum of voices at the international conference sponsored by World University Service. You are witnessing the encounter of young minds.

These are the world's future leaders. They talk of peace, of mutual aid, of international understanding.

They are talking about World University Service.

The fight against poverty, hunger, sickness, and despair at colleges throughout the world takes different forms in different countries.

The initial program of World University Service, launched after the First World War, provided relief for universities in central and southern Europe. Since that time, the organization has grown into a world-wide operation of students and profes-

sors battling against ignorance and need on an international scale.

This year, the money collected on the State College campus will be used to aid those Hungarian students who gave up all they had to seek freedom. The money will be used for those who have nothing left in their own country to return to except Russian domination or deportation.

Aid will be given to students who saw first their friends and classmates and later their own relatives and neighbors fall beneath the attack of an aggressive and domineering foe.

This, all this, is World University Service . . . formed "to meet the needs of the university community throughout the world."

Dr. Theodore Romig Will Speak At Intercollegiate Conference

Dr. Theodore Romig, secretary of the division of ecumenical personnel of the Board of Foreign Missions of the Presbyterian Church, U.S.A., will be the main speaker at the Intercollegiate Conference for Colleges in Raleigh being held at the State College Campus through December 2.

Students from the six colleges in Raleigh — Meredith, State, Peace, Shaw, St. Augustine's, and St. Mary's — will meet at the State College YMCA for registration at 5:30 p.m. Friday. The

conference is open to all interested students.

Theme for Conference
The theme for the conference will be "Our United Witness to the College and University." The conference is being held as a preview of the United Student Christian Council Conference to be held at Davidson College during the Christmas holiday.

Dr. Romig will speak to the group on Saturday afternoon at one o'clock and again Sunday morning at 11 in Danforth Chapel.

What's doing...at Pratt & Whitney Aircraft

Working engineers . . .
may continue study to earn Master's degree

Ambitious young engineering graduates today want to be in two places at the same time. They want to be employed as quickly as possible, working daily at a job that offers promise of a rewarding career. They also want to be in the classroom, pursuing advanced studies they know to be so essential to real professional achievement.

Recognizing the many significant benefits to be gained by that two-fold ambition — benefits that accrue both to the individuals, personally, and to the company employing them — Pratt & Whitney Aircraft has developed an extensive graduate fellowship program. Within easy commuting distance of P & W A facilities, working arrangements have been established with graduate schools at Rensselaer Polytechnic Institute, University of

Connecticut, Trinity College, Yale University, Northeastern University and New York University. Similar arrangements with several other universities are pending final approval.

At each school, the qualified Pratt & Whitney Aircraft employee is able to take courses — within specified areas — leading to a Master's degree. A tuition-refund plan makes it possible for successful degree candidates to obtain this advanced education tuition-free.

In this era of advancing technology, the world's foremost designer and builder of aircraft engines has taken a far-reaching step to assure its engineers and scientists of the opportunity for personal growth . . . growth that is so beneficial to employee and company alike.

World's foremost designer and builder of aircraft engines!

STATEMENT

(Continued from Page 1)
 and the coaching staff members involved and filed with the Infractions Committee formal statements by Moreland and the staff members denying all of the allegations of infractions. Our inquiry revealed that Moreland, on May 11, 1956, while visiting State College, signed a "letter-of-intent" to enroll at State College. This letter stipulated specifically a four year grant-in-aid from the College.

On October 22, 1956, at a hearing before the Infractions Committee in Kansas City, Chancellor Bostian and Athletic Director Clogston denied all charges of infractions.

On October 31, 1956, the Executive Director notified Chancellor Bostian, by letter, that the Infractions Committee would meet at State College before the Council, in Detroit, on November 12, 1956 and charge the institution with serious infractions of the NCAA rules and regulations in connection with the recruitment of Jackie Moreland. The College was furnished a detailed summary of the charges.

Immediately President Friday asked the Executive Director of the NCAA for the file of evidence and for a postponement of the hearing scheduled on November 12, 1956, as he would be unable to participate because of a meeting of the Executive Committee of University Board of Trustees scheduled on November 13.

The NCAA Executive sent Chancellor Bostian two telegrams, as follows:

Chairman Everest believes Council should consider report at Detroit meeting since postponement would necessitate five or six months' delay."

Walter Byers

Mr. Friday's request presented to Committee via telephone. It is Committee's view that release of case file would be contrary to established policy and accordingly regrets it cannot accommodate North Carolina State in this matter. Committee does not believe this position unfair since your institution knows Committee's findings and knows identity of witnesses whose evidence as served as basis for Committee's conclusions."

Walter Byers

It should be noted that while the last telegram above points out that State College knows the Infractions Committee's findings and the names of the witnesses, the Executive Director does not claim that the College Administration knows the full detailed evidence which has served as the basis for the Committee's conclusions.

On November 12, 1956 Chancellor Bostian, Athletic Director Clogston and Assistant Athletic Director Casey appeared before Council in Detroit and denied all the charges of the Infractions Committee.

On November 13, 1956, the Council Chairman telegraphed

to President Friday and Chancellor Bostian of its decision to put State College on probation for four years. The telegram reads:

"CONFIDENTIAL. This is to advise you that the NCAA Council, in session today in Detroit, adopted the following resolution:

"RESOLUTION
 "NORTH CAROLINA STATE COLLEGE

"WHEREAS, the NCAA Committee on Infractions has investigated alleged violations of NCAA Legislation by North Carolina State College, Raleigh, and reported its findings to the Council;

"WHEREAS, the Council has found North Carolina State College to have been in violation of Article VI, Section 1, of the By-laws in that representatives of the College offered a prospective student-athlete aid in excess of that permitted by the Atlantic Coast Conference and this Association to influence said student-athlete to enroll at North Carolina State College;

"WHEREAS, the inducements offered took the form of annual cash gifts and a seven-year college medical education for a friend of the prospective student-athlete, as well as a five-year 'unrestricted' scholarship which is not permitted by the governing legislation of the Atlantic Coast Conference;

"WHEREAS, the Council has found North Carolina State College to have violated the provisions of Article VI, Section 1, of the by-laws and Article 111, Sections 1 and 4, of the Constitution, in that a staff member and a friend of the College offered \$80 to the prospective student-athlete to pay his transportation costs to Raleigh, North Carolina, to enroll at the

DRIVE

(Continued from Page 1)

tribution to the campaign, a short movie on World University Service will be shown and an outline given concerning the allocation of funds and their adoption for Hungarian student relief.

Jim Nolan, president of the student government, said in a letter urging these men to attend the dinner tonight that this drive "will give us a splendid opportunity to illustrate our belief in the cause of those who fight for the precious freedom which we are prone to accept rather complacently at times. The money which we give will be a very small sacrifice compared to what those whom we wish to help have already sacrificed."

Because of this goal and the importance of the project, the slogan "Invest a dollar in tomorrow—today" was used, and later on "Don't pass the buck... give it" in publicizing the drive.

Personal solicitations will be carried on in the dormitories during the December 3-7 campaign week by volunteers, and booths will be set up in the YMCA and the College Union for off campus students.

College, and subsequently, the \$80 was given to the student-athlete for this purpose:

"WHEREAS, the NCAA Council, May 7, 1954, placed North Carolina State College on probation for one year and ruled it ineligible to participate in the 1955 National Collegiate Basketball Championship, this action being based upon violations of Article VI, Sections 2 and 3, of the by-laws;

"WHEREAS, the NCAA Committee on Infractions and the Commissioner's office of the Atlantic Coast Conference cooperated to the maximum degree possible in carrying on the many interviews and investigations necessary in obtaining the facts of the particular case;

"NOW, THEREFORE, BE IT RESOLVED, that the NCAA Council place North Carolina State College on probation for a period of four years from this date (November 13, 1956), it being understood that the Committee on Infractions shall review the athletic policies and practices of the College prior to the expiration of this probation;

"BE IT FURTHER RESOLVED, that during the period of this probation, North Carolina State College shall not be eligible to enter athletes or teams in National Collegiate Champion-

ship Competition on those invitational and like events which cooperate with the NCAA in the administration of its enforcement program and, further, the College's athletic teams shall not be eligible to participate in the National Football Television Series administered by the Association or in any other television program controlled by this Association;

"BE IT FURTHER RESOLVED, that during the period of this probation the College shall be denied the privilege of being represented on any NCAA committee and the right to vote on any question before the Association.

"BE IT FURTHER RESOLVED, that North Carolina State College be reprimanded and censured for the activities of its Assistant Basketball Coach and its Assistant Athletic Director for their participation in a high-pressure recruiting trip which led to the illicit offers above mentioned, and for the participation in this affair of the Wolfpack Club, the College's local Booster Organization; Further, in connection with this action, it should be noted that it is the Council's opinion that the recruitment of this prospective student-athlete was undertaken with the knowledge and expressed authority of the Head

THE TECHNICIAN
 November 29, 1956

Basketball Coach:
 "BE IT FURTHER RESOLVED, that record be made of the cooperation and assistance accorded the NCAA and its Committee on Infractions by the Commissioner of the Atlantic Coast Conference.

President Friday telephoned to the Executive Director in Detroit and again requested the release to him of the case file.

It was pointed out to the Executive Director that under a memorandum of the President of the Consolidated University issued on July 4, 1953, the Chancellor of State College is responsible for assuring that the Director of Athletics holds periodic meetings of all members of the coaching staffs and obtains from each staff member a certification each quarter that to the best of his knowledge and belief our institution is in complete compliance with all the by-laws of our Conference and of the National Collegiate Athletic Association.

Further, this executive order prescribes that "If at any time it is clearly established that any member of our staff has willfully violated any of the by-laws of our Conference or the National Collegiate Athletic As-

sociation or that he had knowledge of any violation and failed to disclose this information to the proper authorities, he shall be dismissed immediately."

President Friday explained to the Executive Director that under this President's Memorandum no disciplinary action will be taken against a staff member until it is "clearly established" that he has willfully violated NCAA or ACC regulations, or that he had knowledge of any violation and failed to disclose this information to the proper authorities.

This procedure made it imperative that the State College and Consolidated University Administration should see the complete case No. 94 file in an effort to determine definitely if there have been willful violations by staff members or unrevealed knowledge of any violation.

President Friday has stated repeatedly to the Executive Director that neither the officials of State College nor the officials of the Consolidated University have seen sufficient evidence to convince them that any State College staff member has violated any NCAA or ACC regulations. (See STATEMENT, Page 10)

**Colonel Keithley
Makes Annual
Army Inspection**

Colonel Thomas G. Keithley, Chief of North Carolina Military District, on Tuesday November 27, made his annual inspection of the Army ROTC of State College. With members of his staff, he observed classroom and drill instruction and noted the progress being made.

Also during the course of the visit he conferred with Dean James J. Stewart, Jr. and was briefed by Cadet Colonel Paul G. Braxton, Commander of the ROTC Regiment, and his staff on cadet activities.

Company G, Third Regiment, N. C. State's chapter of Scabbard and Blade, initiated seventeen new members November fifteenth in a formal initiation held in the Coliseum. Scabbard and Blade is a National Military Honor Society and membership is regarded as one of the highest honors an ROTC cadet can attain.

Candidates for membership are selected from third year Army and Air Force ROTC students who possess the five qualities of loyalty, obedience, courage, good fellowship and efficiency.

The new members from the Army ROTC are: George R. Howard, Jr., Charlotte, N. C.,

Robert L. McGarr, Lenoir, N. C., Stanley B. Berman, Englewood, N. J., William C. Roberson, Williamston, N. C., Oscar Edward Hatley, Albemarle, N. C., William David Smith, Asheboro, N. C., William Chester Holoman, Raleigh, N. C., Theo Clyde Pilkington, Durham, N. C., Harvey Ray Joyner, Elm City, N. C., Robert W. Swain, Southport, N. C., Marion Ronald Poole, Thomasville, N. C., Larry Lee Misenheimer, Richfield, N. C., John B. Fortin, Jr., Decatur, Georgia; all MS III's except Joe E. Settle, Castalia, N. C., who is a fourth year military student.

Those from the Air Force ROTC are: Donald Morris Thompson, Gastonia, N. C. and Joe B. Cochran, Southport, N. C. who are AS III students and Joel C. Bennet, Jr., Hamlet, N. C. a fourth year Air Science cadet.

Scabbard and Blade is proud of these men.

THE TECHNICIAN
November 29, 1956

Arnold Air So. Hears Col. Risher's Father

"An Old Thread in a New Pattern" was the topic of an address by Colonel James F. Risher, Sr., headmaster of Carlisle Military Academy at Bamberg, S. C., at the Arnold Air Society banquet.

Faith in God and a sense of brotherhood toward all mankind is the old thread which is sufficient for the new pattern of life today, Colonel Risher explained to members of the honorary Air Force ROTC organization.

Because of his interest in young people, said the speaker, he was particularly happy to address the cadets. The best testimonial of this interest is his record as headmaster and owner of Carlisle Military School.

When Colonel Risher began his career at Carlisle, the school had an enrollment of 45 cadets;

now it has 350 students. They come from 25 states, Cuba, Puerto Rico, and the Canal Zone.

The Boy Scouts of America recognized Colonel Risher in 1955 by awarding him the Order of the Silver Beaver, an honor accorded persons who give much time and support to Scouting. Another young men's group, the Demolay, which is the Masonic youth organization, has claimed his active interest and support.

Colonel Risher is a past Grand Master of Masons in South Carolina, having served in this capacity in 1949-50.

THE BENEFACITOR
College Life's Famous Policy Exclusively for College Men

Not only does College Life's BENEFACITOR Life Insurance Policy give you all the essential advantages described in the panel below, but they are the most liberal available. College Life is the only company that gives you these three big disability advantages:

- ▶ Pays you liberal monthly cash income as long as disabled.
- ▶ At age 65 pays full amount of policy in cash... plus monthly income to you for the rest of your life.
- ▶ Premium deposits made for you.

There are good reasons for College Life's many exclusive advantages and far more liberal benefits. The first is specialization in serving college men only. This means preferred risks, and more efficient operation, lower costs, more and better insurance for your money. The second is 25 years of study of the life insurance needs of college men.

This has produced the provisions college men need most, to a far greater extent than anyone else, and at remarkably low rates. Get full information from your representative today!

COLLEGE LIFE GIVES YOU all 7 OF THESE IMPORTANT BENEFITS

1. Monthly Income if You are Ill or Injured—Protects your greatest asset—your future earning power.
2. Pays Double for Accidental Death—Does not have the usual exceptions.
3. Cash When It's Needed—At retirement, or to your beneficiary. Cash or loan values are available for emergencies or to take advantage of business opportunities.
4. Cash Dividends—Savings and profits, resulting from specialization, passed along as dividends.
5. Low Cost—Because we sell only to college men... a specialized, preferred risk.
6. Reduced Premium Deposits First 3 Years—Make it easier to own adequate protection while you are getting started.
7. Unqualified Safety—All reserves actually on deposit with the State of Indiana.

BEST'S—Leading Insurance Authority Says: "The College Life Insurance Company of America is conservatively and capably managed, has reputable backing and has made substantial progress since organization... The results achieved by the company have been very favorable... We recommend this company."

ASCE To Show "Texas Towers"

Bob Morton, President of the local chapter of the American Society of Civil Engineers, has revealed plans for a showing of the movie "Texas Towers" next Tuesday night in the Textile Auditorium.

The movie, shown here last year to the C.E. group at their annual section meeting, depicts the construction of the Georges Bank radar station off Cape Cod, nicknamed a "Texas Tower" because of its resemblance to the oil drilling rigs off the Texas coast in the Gulf of Mexico. Various stages of construction are pictured as well as the battering of Hurricane Ione two years ago.

The showing will be open to all engineers and the public and will begin at 7 p.m.

STATEMENT

(Continued from Page 7)

President Friday repeated his request that he and his associates be permitted to review the file of evidence. On November 14, 1956, the Executive Director wrote President Friday the following letter:

"Dear Mr. Friday: Please be advised that the NC AA Committee on Infractions, with the approval of the Association's officers, has authorized me to meet with you and Mr. Carmichael at Kansas City to review the North Carolina State case file.

"The case file will be made available for the inspection by you and Mr. Carmichael subject to the following conditions:

- "1. Copies of certain information will be made available for internal use within your institution.
- "2. Other reports and memoranda will be made available only for your reading. (Copies will not be released.)
- "3. You and Mr. Carmichael will fully respect any request I might make that a particular source or sources of information shall be treated as confidential by the two of you.
- "4. You and Mr. Carmichael will not disclose to any other person, except to Chancellor Bostian on a confidential basis, the part that certain designated persons have played during the processing of this case.

Photog. Wanted

The Military Ball Association needs a good photographer to operate the photography concession at the Military Ball on March 23, 1957. A percentage of the income from this concession will go to the Military Ball Association. Anyone interested contact David Kersey in 103 Welch, telephone TE 2-9119.

"5. You and Mr. Carmichael will respect any other limitations that the Committee on Infractions or I may impose.

"These stipulations are necessary because the Committee on Infractions and my office have made commitments to certain persons regarding the use of this information. The Committee has asked that I inform you that any violation or contradiction of these conditions shall be considered cause to re-open the North Carolina State case.

"The NCAA does not wish to appear difficult or unsympathetic. The Committee and officers wish to be of assistance, but it must honor completely certain commitments and obligations.

"Finally, I wish to assure you that Mr. Bergstrom and I will try to be of maximum assistance to you under the foregoing conditions.

"We will assume that if you and Mr. Carmichael choose to visit with us next week in Kansas City, our meeting will be in accordance with the foregoing conditions."

The NCAA has a long established practice of respecting the privacy of any informant or witness and has consistently refused to permit confidential information furnished to its Infractions Committee to be made public.

Obviously, however, it would not be of value to the State College and Consolidated University officers to see the NCAA's file of evidence in this case if we could not confront our athletic staff members with any evidence involving them. To make this point entirely clear, President Friday, on November 19, 1956, telegraphed the NCAA Executive Director as follows:

"In order that our position be a matter of record, and that there be no misunderstanding of our telephone conversations, North Carolina State College reserves the right, after reading

MANN HALL

(Continued from Page 1)

sponding for the family was Prof. Carroll L. Mann, Jr., a faculty member in the Civil Engineering Department.

Family There

Professor Mann, whose name the big building bears, attended the rites along with members of his family. In addition to his son, Carroll, Jr., other children in attendance were Mrs. E. O. Freeze of Randleman and Mrs. Richard Garrett of Fairlaw, N. J., his daughters.

Prior to the dedication, a luncheon in honor of Professor Mann and his family was held in the College Union, with Dean J. H. Lampe presiding.

and reviewing your file of evidence concerning the alleged violations of NCAA regulations:

- "1. To question directly any witness whose testimony appears to have influenced the decision of the Council,
- "2. To confront any of your witnesses directly with the person or persons implicated by the testimony of your witness or witnesses, and
- "3. To take whatever steps appear warranted, including a discussion of our own findings from (1) and (2) with our Trustees.

"It should be understood that these conditions are accepted by you prior to any visit by administrative personnel of North Carolina State College or the Consolidated University to your office.

William Friday

On November 21, 1956, the Executive Director responded to Friday as follows:

November 21, 1956

AIR MAIL
Confidential
Mr. William Friday, President Consolidated University of North Carolina
Chapel Hill, North Carolina
Dear Mr. Friday:

This is in reference to our previous correspondence and conversations regarding the North Carolina State case (No. 94) and, in particular, your request that designated representatives of the University system be permitted to examine the NCAA Committee on Infractions' file related to Case No. 94. It has been the Committee's understanding that you and your associates made this request to determine whether there was cause to dismiss certain athletic staff members now employed

by North Carolina State College. As indicated in my conversation with you from Detroit, November 14, and repeated in subsequent communications, the NC AA and its Committee on Infractions are sympathetic and wish to be of maximum assistance. I have, to the best of my ability, advised the Committee as to the purpose of your request as originally outlined to me by O. K. Cornwell and discussed by us in several subsequent conversations. Finally, the Committee today reviewed your telegram of November 19 and the Committee regrets to say that as of now it does not understand the intent and purpose of the proposed meeting. Representatives of North Carolina State College already have been advised as to:

- (1) The findings of the Committee on Infractions.
- (2) The names of all key witnesses who have been interviewed by the Committee or its representatives.
- (3) The specific acts performed by North Carolina State representatives (as substantiated by these witnesses) which were in violation of NCAA requirements.
- (4) The findings and conclusions of the NCAA Council.
- (5) The penalty enacted by the Council.

In your telegram of November 19, you state that North Carolina State College reserves the right . . .

- "1. To question directly any witness whose testimony appears to have influenced the decision of the Council,
- "2. To confront any of your witnesses directly with the person or persons implicated by the testimony of your witness or witnesses, and,
- "3. To take whatever steps appear warranted (sic), including a discussion of our own findings from (1-) (sic) and (2) with our trustees."

North Carolina State College never has been denied nor is not now denied any of the three procedures outlined in your telegram. At any time during the processing of this case, North Carolina State College could have undertaken any one or all three of the actions you describe.

Representatives of North Carolina State College have known for some time the identity of various persons whom the NC AA has interviewed in regard to this matter. For purposes of summary, they are: (We have omitted names.)

It was the Committee's original impression that since your own investigation had not been fruitful, you desired to meet with the Committee and discuss the case with it. Your recent telegram indicates that you are desirous of interviewing various persons and conducting a supplementary investigation. It is the Committee's views that certainly this action is well within your authority and you should proceed as you see fit. The Committee, however, sees no particular reason why there should be a meeting since you already have all of the pertinent information necessary to conduct such an investigation.

Nonetheless, the Committee wishes to assure you that it will be happy to meet with you and your representatives to discuss the case and be of every assistance that it can.

Sincerely,

Walter Byers

It should be noted that President Friday had not at any time requested any meeting with the Committee on Infractions. He merely wished to go to Kansas City with Chancellor Bostian and Mr. Carmichael to review the file of evidence and if he found evidence of any violation by members of the State College Staff to be permitted to confront them with the evidence and its source.

On November 6, 1956 President Friday telephoned to the NCAA Executive Director and asked if there might be any relaxation of the conditions under which State College and the Consolidated University officials might be permitted to review the case file. The Executive Director said that the Infractions Committee could not deviate from its policy of refusing to permit any publicity of confidential information furnished to it. President Friday, Chancellor Bostian and Mr. Carmichael agreed that little would be accomplished toward solving the administrative problem by having the State College and Con-

solidated University officials review the file of evidence on the restricted basis. Consequently the trip to Kansas City to review the case file was called off.

On November 26, 1956, Chancellor Bostian, President Friday and Mr. Carmichael met with the State College Athletic Council (composed of faculty, students and alumni). The case was reviewed in detail. The Athletic Council unanimously adopted a resolution urging Chancellor Bostian and President Friday to request that the Atlantic Coast Conference make an independent and complete investigation of the case.

On November 27, 1956, Chancellor Bostian and Dr. H. A. Fisher (Chairman of the State College Athletic Council) President Friday and Mr. Carmichael of the Consolidated University met with Dr. Charles Jordan, President of the Atlantic Coast Conference and filed with him an official request from Stae College that the Conference proceed immediately with an independent and complete investigation of the case it being understood that the findings and all evidence compiled in the investigation would be presented to the Chancellor of State College and made matters of public record.

J. Paul Sheedy* Was A Scardy Cat Till Wildroot Cream-Oil Gave Him Confidence

Poor J. Paul veldt too scared to ask for a date — he just lacked confidence because of his messy hair. Den one day his roommate said: "Sheedy, Wildroot Cream-Oil. It'll keep your hair handsome and healthy look and I ain't lion." So J. Paul put the bite on him for some money and pussfooted down to the store for a bottle. Now he's the pride of the campus, manly-beclaws his hair looks so good . . . neat but not greasy. Wildroot has no alcohol to dry your hair, instead it contains Lanolin, Nature's finest hair and scalp conditioner. So be cagey, try a bottle or handy tube of Wildroot Cream-Oil yourself. It's guaranteed to make you a roaring success on campus.

* of 131 So. Harris Hill Rd., Williamsville, N. Y.

Wildroot Cream-Oil gives you confidence

IT'S FOR REAL! by Chester Field

PHILOSOPHY FOR TODAY

"You ask me why I smile," he said,
"When H-Bombs hang above my head,
My car's a wreck . . . my gal has fled
My money's gone . . . I'm in the red . . .
Why do I smile? . . . You ask me why?
CHESTERFIELDS! THEY SATISFY!"

MORAL: Everything looks bright with your Chesterfield aight! Cheer up every smoking moment with more real flavor, more real enjoyment. Smile, friend . . . with the smoothest-tasting smoke today, packed more smoothly by ACCU-RAY!

Like your pleasure big? . . .
Smoke for real . . . smoke Chesterfield!
