

# THE TECHNICIAN

NORTH CAROLINA STATE COLLEGE'S STUDENT NEWSPAPER  
Vol. XLI, No. 25 State College Station, Raleigh, N. C. March 4, 1957

## Administrative Council to Make Recommendation on Diploma

At its meeting tomorrow afternoon the Administrative Council will make its recommendation to the Chancellor on the diploma situation.

The newly designed diploma was approved by the Faculty Senate last month. At the meeting tomorrow the Administrative Council will vote to either accept the revised diploma or to keep the present diploma. Their recommendation will then be sent to the Chancellor, who will make the final decision on the matter.

A representative from the Elliot Company—who will print the diplomas—will be at State on Tuesday to hear the decision of the Chancellor.

Roger Hill, Senior Class President, told The Technician last night that he thought the Administrative Council would pass on the revised diploma. He also said that if the new diploma is accepted the invitations for graduation would also be changed.

## Covering Campus . . .

### Danforth Chapel

During Lent there will be a brief moment of prayer and meditation at 10:15 a.m. daily Monday through Friday in the Danforth Chapel. Regular Danforth Chapel Services will continue every Wednesday from 2:40 to 1:00.

### Wrist Watch Found

A wrist watch has been found in the dormitory area and turned in to the Housing Officer in room 204 in Holladay Hall. The person losing the wrist watch may get it upon proper identification.

### Ag Club Meeting

A humorous talk will be given by Pop Taylor at the Ag Club meeting on March 5 at 7 p.m. in the C. U. Theater.

### Young Democrats

Dr. Henry Jordan will speak at 8:00 p.m., Wednesday, March 6 in Rooms 256-258 in the C. U. The Young Democrats Club is sponsoring Dr. Jordan's appearance.

### ASCE

"Soil Cement" is the name of a film to be shown at the March meeting of ASCE in Mann Hall Auditorium at 7 p.m.

### Collegiate 4-H Club

On Wednesday, March 6 at 7 p.m. in 310 Ricks, Earl Davis, sophomore at State and 1956

National 4-H Leadership Champion, who is now in Washington giving the "4-H Report to the Nation" to President Eisenhower, will tell of his Washington trip.

### Earth Satellite

All students are invited to a joint meeting of the Eastern N. C. Sub-Section and student branch of AIEE on Tuesday, March 5, at 7:30 p.m. in 242 Riddick to hear a talk by Mr. James M. Bridger, Head of the Vehicle Branch of Project Vanguard of the Naval Research Laboratory, on the Earth Satellite.

### Ballads

A program of North Carolina ballads will be presented by Doug Franklin and Norm Larson on Tuesday, March 5, at 8 p.m. at the C. U.

### "Bus-Stop" Tryouts

The C. U. Theater Committee will hold try-outs for the 3-act play, "Bus Stop", at 8 p.m., Wednesday, March 6, in the C. U. Theater.

### Tuxedo Rentals

All persons wanting to rent tuxedos for the Freshman-Sophomore Dance can do so by coming over to the C. U. on the nights of March 4-5 between 7-9 p.m. Fittings will be made during these hours.

## Coliseum Parking Places Reserved For "Friends"

### Walking In the Mud

Three State students stand nearly shoe-top deep in one of the "gravel" walks near the dorms in the heavy rain last week. Many of the unpaved walks were in similar or worse condition during the siege of heavy rain.

## Paving Priorities Listed By S. G.

By George Thomason

Married student housing, paving priorities, and date tickets were three of the many items considered at the Student Government meeting last Thursday, Feb. 28. President Jim Nolan returned the resolution concerning married student housing, considering it too indefinitely worded. The resolution was referred to a committee for rewriting.

A motion for paving parking lots was passed containing these priorities: first, the unpaved area behind Turlington, Alexander, Owen and Tucker dormitories; second, the parking area in front of these same dormitories; and third, the strip beside Becton dormitory.

### Security Officers

The Investigation Committee was given the job of looking into the criteria for hiring security officers and of determining who is responsible for cleaning the campus Dempsey Dumpsters.

A motion was passed calling for the Finance Committee to prepare a report of all payments made to organizations for Agromeck pictures. This report is to cover all payments made from 1954 to the present. The only defeated motion of the evening was that to raze all fences along Hillsboro Street.

### Student Housing

Details in regard to one of the principal motions of the meeting, that concerning student housing, was returned by President Nolan because of what he considered "loopholes" and because the bill made no mention of students now residing in Veville nor of students on the waiting list for this area.

The Welfare Committee will work on revision of the bill.

Considerable discussion was taken up with the motion regarding campus paving. Because of a surplus in funds received from payment of traffic tickets, the Investigations Committee recommended the paving of certain parking areas. Paving of sidewalks was discussed in connection with this recommendation; however, Vice-president John Lane pointed out that the Budget Advisory Committee of the Greater University is considering this item.

The paving of the area from Tucker to the street connecting Hillsboro and Western Blvd. was also discussed. Lane advised that the existing barrier behind Tucker was placed there to keep drivers from using the road behind the dorms as a high speed exit after Coliseum events.

### Athletics and Date Tickets

In considering the item of date tickets, which has attracted recent attention, the chairman of the Investigations Committee announced that Mr. Clogston stated that he was ready to meet with "anybody, anytime, anywhere" to discuss athletic policy problems. He reportedly offered to show the budget for the Coliseum to Student Government.

The entire SG group expressed a desire to participate in the meeting; and the meeting was set for 2:00 p.m. on the second Sunday after the ACC conference.

At the next meeting of the Student Government reports are to be given by each committee on the accomplishments within that committee since the Constitution was revised three years ago.

About a week ago, at one of the meetings of the Traffic Committee, a committee member asked by whom and by what authority the Coliseum parking lots were being blocked off on homegame basketball days. The Committee asked faculty member N. E. Watts to investigate, and when he did, he and J. J. Stewart, Dean of Student Activities, ended up in the Chancellor's office.

According to a reliable source, the question was answered Saturday morning at the meeting of the President of Student Government, Chairman of the Traffic Committee, Dr. Bostian,

## Tournament Parking

Jim Nolan, Student Body President, and Frank Pethel issued a statement concerning parking for legislators and distinguished guests during the ACC tournament the latter part of this week following a conference with Chancellor C. H. Bostian and other members of the faculty Saturday.

The statement, issued at the request of the Chancellor, reads as follows.

Thursday and Friday, during the opening of the ACC playoffs, the college is going to be host to a great number of N. C. State Legislators and other distinguished guests who will be attending the tournament.

In order to show our appreciation for the favorable consideration they have given the college concerning the budget, student housing, and other matters of importance to the students, it is requested that the students do not use the Coliseum parking lots all day Thursday and after one o'clock on Friday. Doak Field, which is between Frank Thompson Gymnasium and the Coliseum, will be open for student parking.

The cooperation of the student body will serve to express their interest in matters of great importance to the college.

Dean Stewart, Dean Talley and Roy Clogston, Director of the Coliseum.

The Coliseum is blocking the areas and their main reason is that they are saving the spaces for press, radio, invalids and people who cannot walk long distances—and "friends" of the college.

Clogston told the group Saturday that some \$10,000 had been realized from contributions from friends to whom the parking spaces had been given. He was asked whether the money had been put toward paying off the debt on the lots, incurred by the paving which took place last fall. His answer was "No." When asked what it was being used for, he replied that it had been allocated to scholarships and other things.

Clogston stated that his reason for blocking the lots during the day was to prevent student cars from being left on the east side during the contests and using up the spaces in the reserved section. He maintained that there were "over one-hundred cars" parked in the area nearly all the time. Dean J. J. Stewart showed him figures stating that in checks made last week a maximum of thirty-one vehicles had been observed in the area. The figures revealed that at 4:00 p.m. last Thursday there had been 31 cars on the east side while basketball practice was in session, at 7:00 that night, with an ROTC group in the Coliseum, there had been 12 cars in the lot; that Friday at 5:00, with practice in session, there had been 16 cars and that Friday at 8:00 with an athletic group using the Coliseum there had been 2 cars in the lot. When faced with these figures, Clogston maintained that at the times he had observed the lot there had been "over one-hundred" cars in the lot.

Another reliable source told The Technician last night that he had been in a local Raleigh businessman's office last August

(Continued on Page 4)

Air Force ROTC Cadets Glenn Carter (partially obscured) Jim Burton and Richard Beam discuss with their instructor the motor and operation of one of the planes being used in the AFROTC flight program begun Saturday. The program got underway this weekend with some 24 cadets flying Saturday and Sunday.

One of the scenes in "Charley's Aunt" as caught by The Technician camera. The play was presented last Friday night by Players Incorporated at Pullen Hall.

Editor: Terry Lathrop

 Managing Editor: David Barnhardt

Represented for National Advertising by NATIONAL ADVERTISING SERVICE, INC., College Publishers, Representatives, 430 Madison Ave., New York, N. Y.

Entered as second class matter, February 19, 1926, at the Post Office at Raleigh, North Carolina, under the act of March 3, 1879. Published every Monday and Thursday by the students of North Carolina State College except during holidays and exam periods. Subscription rate is \$1.50 per school year.

## We Don't Like It!

It would be hard to say that the parking spaces at the Coliseum are being sold at the rate of some \$200 per each for the duration of the basketball season, but it certainly would be easy to draw that conclusion from the facts in the story on the front page this week.

Maybe approaching a Raleigh merchant about contributing for parking and giving the permits to use the reserved area in return is not selling, but it sure does smack of an exchange to us.

It is interesting, too, to note that Athletic Director and Coliseum Manager Roy Clogston admits that the money has not been used toward retiring the debt incurred by the paving, but has been used instead for athletic scholarships and other purposes.

It makes us sort of mad when spaces that belong to the College are marked off from use by the students who have every right to use them so that they can be kept inviolate for the use of "friends" of the college who have made contributions, not toward the paving, but toward athletic scholarships.

Even the blocking, in the light of the figures uncovered, seems to be unnecessary for the reason it is said to be so crucial.

We think the blocking ought to stop, for this purpose, and that sales should be limited, in fact, stopped, when no right to sell is possessed by the group selling. What do you think?

## Procrastination

We found out what the Coliseum Advisory Committee and its Chairman, Brooks James are doing. Its just what we indicated we thought they were doing in the last issue . . . nothing . . . or virtually nothing.

As the time for all the spring dances draws nearer, the meeting, which, it was indicated back in January, was to be held in February, has been set for March 15.

Main source of trouble seems to be coordinating with Alumni members who have difficulty getting here for a certain time, and scheduling difficulties.

We would note that the issue was first mentioned in *The Technician* of December 6 . . . almost three months ago to the day. Yet it has been impossible to get the committee together for the last three months to consider the resolution asking for a change in the base rate. Seems like somebody is procrastinating. . . .

George C. Cochran

### Comparing Campuses

I happened to be on both the Duke and Carolina campuses this week-end and noticed something which makes me a little more proud of State; for years we've been hearing praises of these two campuses, but during these years there have been some significant changes. It boils down to this—in the past two or three years, State has been slowly but surely following a program of campus improvement; Carolina has, on the other hand, only succeeded in cluttering their campus more; and Duke has remained the same stiff place it has always been. The Tar Heels and the Blue Devils have constantly hawked us about our "mud walks and weed pastures", using this as a basis for calling us "Cow College".

But these two liberal institutions had better not rest on their laurels—the main reason State has not looked too "hot" lies in the fact that it has been too busy expanding to spend much time on looks. But now the expansion program has slowed a little and we're catching up on "looks" . . . no one can deny that Duke is a beautiful school, but for our money it's too formal to live with comfortably; Carolina is an old institution—so old that it is beginning to sag around the edges. Some of the classroom buildings on Carolina's campus make Tompkins Hall look like a palace by comparison—and whoever planned the layout of the Hill must have been a master of crossword puzzles. Granted, we have a long way to go before we can call our campus beautiful; however, we are proud of the fact that we are progressive rather than regressive or stagnant!

### The Big Bands

A precedent has been set here at State that seems like a real fine thing—that of having good name bands for all the big dances. This spring will be no

exception; planned for the season are *Buddy Morrow* for the Junior-Senior, *Ralph Marterie* for the Freshman-Sophomore, *Richard Malby* for the IFC, and *Billy May* for the Military Ball. These big bands make a great difference in the success of these dances, and are well worth the huge amounts spent to get them. But let's not get so spoiled by these big bands that we consider the band before we consider the dance—naturally, some of the smaller dances can't afford a big name band, but a big band isn't as important at smaller dance. Lots of times the smaller dances are a lot more fun than the big ones, simply because there is more room to dance and one usually knows more of the people at a small dance.

There are going to be a lot of good dances this spring—let support them all, large and small—each one has its place. It looks like a great season.

## LEARN COLLEGE HEBREW AT CAMP THIS SUMMER

Annual accelerated course in modern Hebrew for college students and graduating high school seniors, at beautiful 70 acre coed camp in New York's Hudson Valley; complete sports facilities.

7 week session, July-August \$185; including room, board, tuition (some scholarship help available) write:

ULPAN, Student Zionist Organization  
 342 Madison Avenue, New York 17

## Letters To The Editor:

Letters to the Editor must be signed. If it is requested that the name be withheld for a good reason, the letter will be printed and the name withheld. Letters WILL NOT be printed unless they are signed.

Ed. Note: Following is the shortest letter we've received in a long time, and, although it is unsigned, we print it because we agree with the opinion it expresses heartily:

To the Editor: Please put a note in *The Technician* asking students to park within the white lines in the Coliseum parking lots.

A Student

To the Editor: We are proud of our college, but quite often we feel that we are merely bystanders, not really having an active part in the running of things. However, being proud, we are not unaware of faults and the part we might play—if allowed—in progress. As a candidate for President of the Student Government, I want to enumerate a few brief points on which I will build my platform. These points are presented to you at this time in hope that they will encourage your interest, comment, and suggestion.

MY PLEDGE OF RESPONSIBILITY TO ALL THE STUDENTS OF STATE IS FOR:

1. The college as a whole—no political spoil system or monarchy. Committees will be appointed from a campus cross-section.
  2. Close contact and reports to ALL students on:
    - a. What the Student Government Legislature is doing.
    - b. What the Faculty Senate is doing.
    - c. What the Administration is doing.
    - d. What the Board of Trustees is doing.
- (YOU SHOULD KNOW WHAT THESE GROUPS ARE DOING THAT WILL AFFECT YOU. YOU HAVE THAT RIGHT AS STUDENTS.)

3. Presenting your opinions to these groups.

4. A weekly presidential report to the campus in the *Technician*.

AS AN INDICATION OF MY PLANS FOR CAMPUS WELFARE, I HAVE LISTED A FEW PERTINENT POINTS FOR YOUR CONSIDERATION. I will endeavor to:

1. Help promote adequate housing; i.e., dormitories, married housing, and a fraternity row.
  2. Promote student interests as to parking, walk-way and parking paving, and a more campus-like over-all appearance.
  3. Promote adequate coeducational facilities.
  4. Help set date ticket prices to football and basketball games at a flat \$1 total price.
  5. Lower vehicle registration fee to a \$2 maximum.
  6. Exercise veto power, if the need arises, to insure that the students as a whole get benefits from their fees.
  7. Initiate a faculty evaluation by students as to general competence and teaching ability.
  8. Set student aid employment minimum rates equal to or above the federal and state minimum wage scale.
  9. Support a program for more departmental pre-registration.
- Your interest and comment on these points will be greatly appreciated.

George C. Cochran

## From the Files

One year ago—March 1, 1956  
 Student Government President Jim Nolan has received a vote of confidence from the Student Legislature on the stand that he has taken on the NYA-Vetville dispute.

Nomination books for the spring student government offices will be opened for registration starting Monday, March 15.

Molodet sparks State to an 80-78 win over Wake Forest as the Wolfpack ends the regular season with a 21-3 record.

Ten years ago—March 7, 1947  
 Drawing up a set of by-laws for the community is the current task of Vetville's mayor and board of aldermen.

Additional phones are to be installed on the campus when the laying of a new cable down Hillsboro Street is completed.

A committee of students selected to study the dormitory problem offered suggestions ranging from installing shelves over lavatories to better janitorial service to building new and better dorms. Offered as one solution to improving Syme was "burn it down."

IT'S FOR REAL!

**SONIC Capri**

Ever since Jack bought his new Sonic CAPRI phonograph at the local college store—he's become the biggest B.M.O.C. ever. You can join him and be the biggest ever, too, for you can buy a Capri phonograph for as little as \$19.95. This month's special buy is the Capri 550. It's a portable 4-speed hi-fi phonograph with WEBCOR automatic changer. Features are twin speakers, a quality amplifier and a smartly styled cabinet in attractive Two-Tone Forest Green. Specially priced at your local dealer.

SONIC INDUSTRIES, INC. 19 Wilbur Street, Lynbrook, N. Y.

### NOTES FROM THE WOLFPACK

North Carolina's 24-game winning streak has provoked several questions concerning North Carolina State's longest winning streak.

The Wolfpack won 23 in a row over two seasons, coping 12 straight at the end of the 1955 season and 11 straight at the beginning of the 1956 season.

State's longest skein in a single season was 19. The 1948 team won 19 straight before bowing to DePaul 5-64 in the National Invitational Tournament in New York. The 29-3 mark established by the '48 team is the best of any Everett Case team.

Football star Dick Hunter, the Wolfpack's speedy halfback, has won the Pepsi Cola scholarship for next year, it was announced this week by Tom Gaddy of the local bottling company.

Each year the Pepsi Cola company awards a scholarship to a senior athlete at State who has shown "leadership, ability, sportsmanship and high moral integrity." Hunter succeeds basketball star Ronnie Shavlik who won the award last year.

(See NOTES FROM PACK, Page 4)

Three radio stations, a basket, one ball, 6 players, one ref.—someone is bound to know if the ball went in!

a half peeled peach.

## An Unusual Opportunity FOR THE MAN WHO HAS STUDIED FORESTRY . . .

We provide a consulting service to operating gas utilities throughout the United States and Canada. Our consultants trained in the Botanical Sciences, by observing the effects of gas leakage on vegetation and soil, conserve one of our finest natural resources. Detection of such underground leakage assists in the elimination of hazards to life and property.

Those employed will be trained, equipped and given the opportunity to travel extensively during their first few years with the company. This program allows men to develop a broad understanding of our field operations for future supervision and management positions.

Applicants must be sincerely interested in an opportunity to build a sound future with a growing progressive organization. Those interested only in short hours, high wages, guaranteed security and no responsibility need not apply. Our representative will be at the placement office on March 13 to interview men for both summer and permanent employment. Contact placement office to schedule an interview.

## A Campus-to-Career Case History

## "The future looks unlimited"

"I wanted a career that offered variety, opportunity and a chance to work with people," says Lewis William Post, C.E., Michigan State, 1950. "That's why I went to work for the telephone company.

"My initial training—two full years of it—probed every phase of company operations and acquainted me with all of the jobs in the Plant Department, where I was starting.

"Today, as Plant Engineer, I'm responsible for preventive maintenance of all field equipment, installation of new facilities for wire and cable, and I work with architects and builders on telephone needs in new buildings.

"Selling's part of my job, too. I sell ideas—like the wisdom of planning for telephone service when you're building. Recently I advised an architect and an owner on telephone wiring and outlets in a new \$160,000 medical center. I enjoy getting in on the ground floor of such projects and making contributions both as a civil and a telephone engineer.

"In my area of Chicago there are 80,000 telephones, home and business. More are being added every day. There's expansion everywhere in the telephone business—all across the country. To me, the future looks unlimited."

Lew Post's career is with Illinois Bell Telephone Company. Many interesting career opportunities exist in other Bell Telephone Companies, Bell Telephone Laboratories, Western Electric and Sandia Corporation. Your placement officer can give you more information about them.

Bell  
Telephone  
System

A 5-7, 152-pounder from Leechburg, Pa., Hunter is expected to be one of the ACC's top runners next year.

State College's football team will make two trips to Florida on successive weekends this fall. The schedule, due for release soon, shows a game with Florida State in Tallahassee Saturday night and a game with Miami the following Friday night. The latter game will be played in the Orange Bowl Stadium.

The virus bug hit the State basketball staff in a big way. Lee Terrill was the first to catch the bug, then Everett Casé was confined to bed for three days. Now Vic Bubas is on the sick list.

**State Meets W-F**

Pairing for the 4th annual Atlantic Coast Conference basketball tournament was finally decided yesterday after a draw for last place was held.

Virginia and Clemson finished in a dead heat for last and a draw was necessary to determine who would rank last in the final standings. State and Wake Forest tied for 4th at 7-7 but no drawing was necessary since the 4th and 5th place teams are paired anyway.

The complete pairings and playing times for this week's dribble derby are as follows:

Thursday: Duke (3) vs. S. Carolina (6)  
2:00  
Maryland (2) vs Virginia (7)  
4:00  
UNC (1) vs Clemson (8)  
7:30  
N. C. State vs Wake Forest  
9:00

Friday: Winner: State-W-F  
UNC-Clemson 7:30  
Duke-S.C.  
vs Md.-Va. 9:00

Saturday: Two Friday winners meet for Championship 8:15

**PARKING**

(Continued from Page 1)

when he was approached regarding a donation to the Wolfpack Club, for which, in return he would be given a space or spaces at the Coliseum. He was asked to contribute to "help with the paving" of the lots. Our source stated that the understood price would be \$200 per space or per permit to enter the restricted area. Another source confirmed this price last night, commenting that \$200 or more had been his understanding of the "price."

The News and Observer yesterday morning quoted Chancellor C. H. Bostian as saying that he saw no reason for "concern" since "that sort of thing had been going on ever since the Coliseum was built."

Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (No drawings, please!) We'll shell out \$25 for all we use—and for hundreds that never see print. So send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.
