Covering Campus . . .

The President of the American Society of Civil Engineers, Bob Morton, announced Monday that plans are being made for the annual Fall picnic for ASCE members and Freshmen. He requested that members watch for an announcement in the near future concerning the date and time.

If you were a 4-H Club member in high school, you are eligible for membership in the Collegiate 4-H Club, which meets the first and third Wednesdays of each month.

The next meeting is October 3. Contact any member or the State 4-H Club Office in Ricks Hall for the time and place.

The Arnold Air Society will hold its first meeting of the year tonight at 7:30 in the College Union Theater.

The Ag. Club heard reports at its meeting last Tuesday night on the progress of booths and animal exhibits for the annual Ag. Fair, October 15-20. Plans were discussed for the Barnwarming Dance in November and a Homecoming Parade float.

Assistant Coach, Pat Pepler, discussed a pertinent topic—the 1956 football team; but warned that a long session lay ahead. Program Chairman, David Proctor, announced that the Ridge-runners would present the program, next Tuesday night. All Ag. students are urged to attend this meeting.

Little Theatre Opens Student Campaign

The Raleigh Little Theatre will open its campaign for membership among the student body at North Carolina State College today, Director Dick Snavey announces. The campaigning will continue through Thursday, October 4.

During this time, Barbara White will be in the College Union to take memberships. "Anniversary Waltz", a hilarious comedy by Chorodov and Fields, will open the theatre's 21st season here on Friday, October 12. It will be followed by Tennessee Williams' "A Streetcar Named Desire", "The Bad Seed", and two other fine plays. The director has announced that "Teahouse of the August Moon" will be given, possibly this season, as soon as the rights are released.

A \$5.00 membership will assure the student reserved seats to all five plays and will entitle him to receive a newsletter from the theatre announcing the shows and telling him when he can make reservations.

"Students and the theatre are mutually fortunate that the theatre in the 300 block of Pogue Street is located so near the campus," the director said.

To Last Ten Days

Fraternalities Begin Rush Week Tonight

By Spec Hawkins

State College's seventeen social fraternities will officially begin their 1956 rush program as "Visiting Days" begin tonight at 6:00. From all reports this will be the largest rush program in the history of the college as over 700 freshmen have already indicated an interest in fraternities, twice the number of last year.

The 10-day program is divided into three sections: Visiting

Days, Sign-up period, and Rush Week.

Rushes are encouraged to try and visit as many different houses as possible during the next three days. Then pick out several in which you feel you have a real interest and return during Sign-up Period (Sunday and Monday) to be signed up for the various functions during Rush Week.

It is during this time the rushees weigh the different chapters.

All fraternities have mailed formal invitations to the freshmen, but Bill Greene, president of the IFC, reminded them yesterday that a person is welcome at any of the fraternity houses whether he received an invitation or not. This is a very important point to remember!

Many questions that might arise in the rushees mind can be answered by looking at the IFC's rush booklet "The Fraternity Way." The book also

contains a good set of rules that a rushee should follow.

Complete rush rules will be printed on the back of each individual's date card, and rushees are asked to follow them closely.

Hours for visiting days are from 6:00-10:00 on Thursday and Friday and from 12 noon until 10:00 Saturday.

Sign-Up: 2:00-10:00 on Sunday and 12:00-10:00 Monday.

A map showing the location of the different houses can be found on Page 5.

With the ground-breaking of State's new million dollar fraternity row scheduled for the near future, the future of State's fraternity system is the brightest in years.

Rushees are also reminded that participating in rush week activities doesn't obligate the individual in any way. Anyone who is at all interested in fraternities is encouraged to take advantage of the week's program.

Agromeck Pictures

Agromeck Club pictures will be taken in 103 Pullen Hall from 1:00 until 8:00 p.m., Monday through Friday. Freshmen, K through O, Sept. 26-28; P through T, Oct. 1-3; U through Z, Oct. 4-5.

Air Force and Army ROTC Units Announce Staffs for Year

The Air Force ROTC Cadet Wing at North Carolina State College is beginning the 1956-57 school year with more than 1,100 cadets, it was announced by Colonel James F. Risher, Jr., Professor of Air Science and head of the Air Science Department of the College.

GEORGE T. LATHROP, Editor of the Technician and a senior in civil engineering, has been appointed to the position of Wing Commander and in this post will command the entire Air Force ROTC corps.

Student Officers

There are 73 senior cadet officers this year and 81 junior officers. Upon these men rests the responsibility of conducting the leadership training program for the freshmen and sophomore cadets. The academic instruction of all classes is conducted by the Air Force officer instructors of the college AFROTC staff.

Wing Staff

Serving under Wing Commander LATHROP on the Wing Staff are JOHN M. LAKE, Deputy Commander; PRESTON A. COLLINS, Director of Personnel and Adjutant; LEWIS S. HOWE, JR., Inspector General; FLOYD A. McLAURIN, Director of Operations and Training; ROBERT M. BENNETT, Director of Materiel; and WILLIAM R. GREENE, Information Service Officer. The three Air Force Groups are commanded by Cadets JAMES R. AGAR, FRED T. TEAL and ARTHUR W. FIDELLY.

At present, all cadet rank is tentative and permanent ap-

pointments will be announced during November.

Cadet Paul G. Braxton, son of Mr. and Mrs. Paul Braxton of Siler City, N. C., has been selected as the top cadet in the Army ROTC Regiment at North Carolina State College this year, Colonel Richard R. Middlebrooks, Professor of Military Science and Tactics, announced. Cadet Braxton was named Regimental Commander with the rank of Cadet Colonel, the highest rank in the Regiment.

Cadet Paul J. Pickenheim, son of Mr. and Mrs. Arthur W. Pickenheim of Tamaqua, Pennsylvania, was named Regimental Executive Officer and designated Cadet Lieutenant Colonel.

Battalion Commanders

The Battalion Commanders for the year, also designated Cadet Lieutenant Colonels, are: Cadet August A. DeHertogh, son of Mr. and Mrs. Frank J. DeHertogh of Lemont, Illinois; Cadet Willie A. Mayo, Jr., son of Lt. Col. W. A. Mayo of Charlotte, N. C.; and Cadet Joseph E. Settle, son of Mr. and Mrs. Edgar R. Settle of Castalia, N. C.

Company Commanders

Fourteen other cadets, all high ranking in the Army ROTC, were named Company Commanders with the rank of Cadet Major. They are: Cadet Ronald W. Crow, son of Mr. and Mrs. Smith Crow, Lexington, N. C.; Cadet Nathan J. Pond, Jr., son of Mr. and Mrs. N. J. Pond of Montclair, N. J.; Cadet Charles S. Davis, Jr., son of Mrs. C. S. Davis, Charlotte, (See ARMY, Page 7)

UNC Coed Named CU Queen Saturday

Miss Ann Fitzhugh, a WC Senior, was crowned Miss Consolidated University at the Grail Dance which concluded Saturday's CU Day activities at UNC. She won the title in contest with eight other representatives, three from Carolina, three from State, and three from WC.

Miss Fitzhugh will be custodian of the cup awarded the winner of the annual contest for the next year. She will officially reign over the more than 15,000 members of the combined student body. She also received a ten dollar gift certificate from J. B. Robbins of Chapel Hill. The other contestants received five dollar certificates.

WC's other contestants were Misses Pat Mane and Nancy Morrison. Carolina's coed representatives were Miss Lucinda (See COED, Page 10)

Off Campus Students

The Technician sincerely regrets the delay in preparation of its mailing list this year. Due to the large number of off-campus students, unusual trouble has been encountered in its preparation. It will be ready for the October 4 issue. Out-of-town subscribers will receive back issues in the first mailing; however, the Circulation Staff requests that off-campus students who desire the first three issues pick them up in the hall of the 1911 Building outside The Technician office.

Student Government

Discusses United Fund, Auto Rules

By David Barnhardt

Last Thursday night the Legislature of the Student Government convened for the first time this year. The agenda included discussion on the United Fund, the new campus traffic regulations, the appropriation to the 30 and 3, and the appointment of committeemen.

After Vice-president John Lane called the meeting to order, the members and chairmen of the standing committees were appointed.

State Losing Famous Factory Appearance Slowly

By Roy Lathrop

State students are noticing that the college is losing some of that "factory" look and beginning somewhat to resemble a typical college campus. Granted, there's a long way to go yet before we can point with pride to all parts of the campus, but at least the improvement is steady. A college that grows as fast as State has grown for the past ten years has a hard time keeping up a decent looking campus; trucks, ditch-diggers, bulldozers, etc., are keen competition to the M&O men who have to go along behind covering up their tracks. This week and next we will point out some outstanding improvements we've seen.

The Stadium is undergoing a good bit of improvement, and it couldn't have come at a better time since this year's team is expected to draw near-capacity crowds. The walks around the sides of the stadium have been asphalted, and places have been allotted for grass and bushes (properly treated with 'surplus' from the farms) to make it look less barren. Some of the rotten wooden seats are being repaired and it is hoped they'll get a coat of paint for weather-proofing.

The old Zoology building is being torn down—to no one's (See FACTORY, Page 10)

Secretary Bob Lane introduced a resolution that there be only one collection on campus this year; this motion was passed by the body. The name of the drive will be the United Fund, and it will be handled by the YMCA.

Each year the Student Government appropriates to the 30 and 3, the sophomore leadership fraternity, the funds with which this group sponsors the Homecoming Parade. Since there were no records available on the cost of the Homecoming Parade, it was moved and passed that the Student Government, instead of the annual appropriation, handle the bill incurred by the 30 and 3 in sponsoring this parade.

Vetville Parking

Frank Pethel, Chairman of the student traffic committee, gave a comprehensive report on the new parking fee and traffic regulations. Following his report, George Cochran introduced a resolution that "cars parked in the area designated as Vetville will not be ticketed." This motion was passed by the Legislature.

Jim Nolan reported to the body that a meeting with Dean Talley and Dean Stewart is planned for the near future. At this meeting slides will be shown of the achievements and progress made on the college campus since the Student Government has begun taking an active part in campus affairs. It was suggested that these slides be made available to the Orientation Committee and be shown to the freshmen.

TUITION SPLIT

W. M. Murray, Assistant Business Manager, released the Business Office's annual statement concerning the use and disposition of State's tuition and fees early this week. In making the statement, he expressed the hope that it would clear many of the questions the students have asked or may ask about the fees.

"Technically, the word 'tuition' (See FEE, Page 7)

"A Question"

As graduation time drew near last year, we heard a great deal of comment from the near-graduates about the size of State's new diplomas. (About 8½ by 11, the size of standard typing paper) There was also complaint about the style—simple, plain, and modern.

Many expressed a desire to return to the larger, more traditional diploma with old-English lettering as had been used in the past as is used at many schools today.

We did a little checking on the history of this new diploma and came up with the fact that it was born two and one-half years ago when the Administrative Council authorized a study of State's publications, etc., for redesign. The diploma was done under the auspices of the School of Design by Leslie Laskey, one of the professors. It is less expensive than the old diploma, but the money saved was used last year to present the Chancellor's Tea for the Seniors and for the dance given them.

Those who are unhappy with the present diploma maintain that it is "out of step" with the traditional idea of the college . . . it is too small and is a rather puny token for a man to have to signify the work he has devoted to obtain the education it represents.

The issue is being taken up by many of the Seniors again at this time of the year with the hope that a change can be made with an early start. We are sure that the Administration will not look with favor on the prospect of another change so soon. But we agree with those who say that it must be done now if it is to be done at all.

What do some of the other Seniors think? Their opinions will bear more weight on this subject than any number of Editorials or individual pleas.

GUEST EDITORIAL

A Fraternity For You

Each freshman entering State this fall received a brochure published by the Intfraternity Council telling him, if nothing else, that fraternities exist here. During his orientation fraternities were again put before him. Climaxing this attempt to place fraternities before every freshman there begins today a ten-day visiting and rushing program.

Each freshman is urged to visit the fraternity houses during the next three days and to attend several rush functions next week. Even if he knows very little about fraternities, knows no fraternity men, or has not yet thought seriously about fraternities, every freshman should drop by several houses.

The decision of whether to join a fraternity or not is one which will effect the rest of a freshman's stay at this college. Before making this decision he should learn as much as possible about fraternities by visiting them and talking with their members.

There are many tangible things one will discover when he visits the fraternities. He will see that here is a place to take his date on the week-ends, to live if he wants, somewhere to read a magazine or newspaper, to "shoot the bull" with a group of his friends, to eat, or to find someone who can help work those chemistry or math problems.

But there are also intangible things that will not be

Letters To The Editor:

Letters to the Editor must be signed. If it is requested that the name be withheld for a good reason, the letter will be printed and the name withheld. Letters WILL NOT be printed unless they are signed.

To the Editor:

For the past eight years the YMCA building in Vetville played a distinctive role in the life of this community of married students. We feel that these residents, as well as other students and faculty members who made use of the building, should know why it is being demolished.

State College was given approval to build an additional men's dormitory on the campus and the site selected was the knob in Vetville where several barracks and the YMCA building stood. The "Y" regretted that such a decision necessitated the removal or demolition of its West Campus building. Several meetings were held between a committee of the YMCA Board of Directors and interested residents of Vetville. Moving the building to a new site was considered. Investigation revealed: (1) that the cost of moving the building would be \$4,000, and (2) that wherever it was re-

located, there was no assurance it would be a permanent location. For example, a second new dormitory might be built on the new location, and within two years the "Y" building might have to be moved again. Needless to say, \$4,000 is a sizeable amount of the YMCA income, all of which is secured from membership fees and contributions.

An effort was made to determine what the Vetville residents would desire be done in the light of these circumstances. Of 260 blanks distributed, 41 replied to move the building if possible, and 17 recommended that it be sold or torn down. Toward the moving plan \$98 was pledged by residents of Vetville.

The Committee was faced with:

- (1) a need for \$3902 to pay for moving the building.
- (2) uncertainty as to its permanency even when relocated.
- (3) mild but not enthusiastic response by Vetville residents.

Confronted with these problems, the Vetville Committee of the YMCA Board of Directors

noticed immediately. Pervading the atmosphere of the fraternity house is a spirit of brotherhood, of cooperation, which can only be sensed. There is a feeling of being a part. There is the pride which one feels in the ideals upon which his fraternity was founded. A fraternity man feels the support and encouragement of a group of sympathetic men around him who are honestly interested in him and who will help and advise him when things get rough. Yet, there is more in a fraternity house than you will see; many things must be felt.

Many are concerned about the cost; they have heard that it costs a great deal more and most people can't afford to belong. To this we say: Go to the fraternities and see for yourself. You will find the average room rent no more than that paid for dormitory space; meals cost less than if you ate out at cafeterias and restaurants; and on the week-ends you can go to the fraternity house and join your friends, watch television, or take your date there and dance without it costing even as much as if you had gone to the show! Yes, we only ask you to go by and find out for yourself.

Go by the fraternities, show your interest, keep your eyes open, and ask questions. When you have had a glimpse of fraternity life, then, and only then, make that decision . . . that decision which will mean so much to the next four years of your life.

"Y'S WORDS" is a completely new article featuring the works of the State College YMCA and the various denominational groups serving State. The writers of this column will be YMCA officers and cabinet members. We hope that the reading of "Y's Words" will become a pleasant habit for each of the students here at State College.

The most prominent activity at the "Y" so far this year has been the Freshman Retreat. As an outgrowth of the Retreat the "Y" has begun eleven discussion groups in the dorms. The groups are open to every interested student on campus. Some of the groups are planning socials and trips as well as having speakers of state and national prominence to come and speak to each group. From week to week "Y's Words" will relate to the students other activities going on in the discussion groups.

Another of the programs is the mid-week Chapel Service held in the Danforth Chapel adjoining the YMCA. These services are held each Wednesday at 12:40 p.m. and last until 1:00 p.m. The services are conducted by the denominational chaplains and State College students. Student furnish the choir, organist, scripture reader and prayer leader with the message being brought by one of the chaplains. A quartet from the State College Glee Club provides the special music for the services. Be sure to keep up with religion on the campus by reading "Y's Words" each week.

Eleven Pages of Pictures

School of Design Featured In Architectural Journal

The current issue of *The Journal of Architectural Education*, official publication of the National Association of Collegiate Schools of Architecture, includes an article and 11 full pages of pictures relating to the School of Design of North Carolina State College.

N. C. State's School of Design, the magazine says, "has exerted an unusually strong influence on architectural education in this country during its short time of being. It is significant that the creative leadership of the School has paralleled the economic growth and industrial expansion of North Carolina during the period since World War II."

Under the leadership of Dean Henry L. Kampfoefner, the School of Design, the magazine continues, "aims to produce graduates who are keenly aware of the common principles which

underlie all of the arts, and to train them to be technically proficient in one of them. . . ."

Among the photographs published are two pictures of Brooks Hall, home of the School of De-

sign; and pictures of student work including designs in wood forming and finishing done by first-year students under Prof. Roy Gussow; a design project on the interior design of a sales and display space done by second-year students under Prof. Cecil D. Elliott; a planning study done by fourth-year students under Prof. George Matsumoto; and design plans for an elementary school done by third-year students under Prof. Horatio Caminos.

SPEC HAWKINS

By Spec Hawkins

Time: Saturday, September 22, 1956.
Place: Kenen Stadium, Chapel Hill, N. C.
Event: Contest in football.
Weather: Bright & Clear for some—overcast & cloudy for others.
Crowd: Over 37,000 (Before Game: 25,000 for Carolina, 12,000 for State; After Game: 20,000 for State, 17,000—no comment).
11:30 a.m.—Left Raleigh by auto for Chapel Hill in order to beat the crowd—20,000 other people had same idea.
1:30 p.m.—Finally got into press box . . . after finding parking space—telling 100 program vendors I didn't want a program, and having lost my ticket, convincing man at gate that I was Grantland Rice, Jr. and was covering game for *Sports Illustrated* (promised him autographed copy). . . .
1:45—Noticed big sign—"Welcome Home Sunny Jim."
1:46—Sunny Jim appears on field with his staff attired in 10-gal. Carolina blue hats. (I'm impressed).
1:50—Flanked by the Carolina band, Tar Heel's captain comes fluttering through paper shield, (announcing "The '56 Tar Heels") like he had just graduated from the Boston School of Ballet—From the Carolina alumni and supporters when up feeling that the new era had arrived—the great white father had returned to his children—we can do no evil—(slight pause for moment of silence.) (I'm impressed again).
1:52—State team comes on field—(I let out a cheer, someone starts to go for doctor—I sit down). Enter into discussion with Carolina fan:
He: You're team sure is small, are you in the right stadium?
Me: The smaller they are the faster they run.
He: Looks like Carolina's going to whip State in everything this year. I read where State really looked bad in practice.
Me: What paper do you read—*The Daily Tar Heel*?
He: Would you care to make a small wager?
Me: (Knowing this was a direct violation of N. C. laws) Put your money where your mouth is (he didn't have that much so we settled for a dollar).
2:00—Kick-off time—Carolina fan still smiling. . . .
2:30—State scores—7-0—my friend clears throat—
2:45—Carolina back stumbles across goal—my friend takes out autographed photo of Smiling Jim and smiles back at him.
3:10—State scores again—13-6—no comment from friend.
3:20—State scores again (o hum, anyone for bridge! ! !—friend mumbles something about waiting until basketball season. . . .
3:21—Seen: 4,000 Carolina fans sneaking out back gate. . . .
3:45—State scores again (my what a dull afternoon) friends says: "I don't have any ones, will two halves do?"
Me: That's alright, just donate it to the Carolina scholarship fund for next year.

State Invades VPI Seeking Second Win

North Carolina State has a bone to pick with the Gobblers, and the showdown takes place Saturday afternoon at Foreman Field in Norfolk, Va.
Last year, the Wolfpack rolled up a 20-0 lead midway in the second quarter against Virginia Tech, but State's defense crumbled in the second half and the Carolinians lost 34-26.
Tech's comeback win was a bitter pill for State. The game is billed as the Good Neighbor Bowl, but the Wolfpack has shown no "Love Thy Neighbor" in practice.
Coach Earle Edwards says State's defensive game has improved considerably since last fall. "We have strengthened our game in all departments," he said, "and the Virginia Tech contest will be a good test."
State's multiple offense is built around four players who played prominent parts in last year's game with the Gobblers—halfbacks Dick Christy, Dick Hunter, and George Marinkov and end John Collar.
Christy gained 124 yards in 12 carries, scored one touchdown on a 13-yard run and passed to Collar for another; Collar caught two touchdown passes, one from Eddie West and the other from Christy; Hunter picked up 87 yards in 10 carries, including a 32-yard touchdown jaunt; and Marinkov ran back an intercepted pass 50 yards to set up the Wolfpack's last

Pack Dumps Tar Heels 26-6 for 1st Win Over UNC in 14 Years; State Ranked 20th in Nation; First Win in ACC Conference

Kenan Stadium, Chapel Hill—Coach Earle Edward's Red Men from West Raleigh rudely disrailed Smil'n Jim's homecoming train last Saturday as the Wolfpack dumped the Tar Heels 26-6 to open their 1956 season with a blaze of glory and promises of "better things are yet to come."
The Wolfpack, a 7-point under-dog prior to kick-off, from a look at the statistics won everything on the field including the toss.
The first quarter saw both squads feeling each other out with State driving to Carolina's 20 for the only real threat. However the fireworks started going off mid-way the second period with Hunter, Christy, and Prince racking up yardage down to the local's 11-yard-line where Tom Katich's passed to John Collar was TD bound and with Hunter's extra point, State led 7-0.
Carolina stormed right back and drove 71-yards for the score but the EPT was wide and State led 7-6.
With only 2:41 left in the first half, Billy Franklin took to the air lanes to connect with Bob Pepe for another TD and 13-6 half-time lead.
The Pack, tasting victory already, stormed back and threw their offensive in high gear as Katich again hit Collar in the end zone and with Hunter's true-blue toe the lead went to 20-6.
Still the lads from Raleigh weren't satisfied. This time the

(It would be quite a job for anyone to pick the outstanding player in last week's 26-6 win over the Tar Heels, but this week's "Athlete of the Week" certainly did his share in the Pack's big win.)
Wallace Prince, a 6-0, 190 pound junior from Cairo, Georgia, took over the fullback duties from injured Tony Guerrieri and turned in an outstanding performance for the Pack . . . last week he was listed on the 3rd team, but because of his bang up job Saturday will get the starting nod against VPI and could very easily become the Wolfpack's No. 1 fullback. . . . score of the afternoon. All are back this year and are anxious for another crack at the Gobblers.

The Techmen will be seeing several sophomore linemen who Edwards calls "real prospects." They are end Bob Fogg; tackle Francis Palandrani and Larry Dixon; guards Larry Cox, Joe Rodri and Bill Bearick; and center Ron Savage.

The game, sponsored by the Norfolk newspapers, will start at 2 o'clock. It will be the 33rd meeting of the teams since 1900. Virginia Tech leads in the series with 18 wins to 12 for State, with two ties in the record book.

The Wolfpack will leave Raleigh after practice Friday afternoon and will make headquarters at the Commodore Maury Hotel.

honor went to Franklin, (as if they were taking turns) as the big senior from Virginia tossed the pigskin into the arms of Mike Miller and the big score-clock went up to 26-6. Minutes later the horn sounded and State had earned its biggest victory in 15 years—a football win from Carolina!!!

-Notice-

Coach Derr of the State's Cross Country team is looking for new freshmen to fill the open slots on the freshman Cross Country team. If any freshmen are interested they should get in touch with any of the coaches at Thompson gym any afternoon before 4:00 or on the track after 4:00.

IT'S FOR REAL! by Chester Field

IF I HAD A MILLION!

"Life," he cried, "is so unfair I should have been a millionaire! I'd drive a car, a white Jaguar with leopard trim and built-in bar. Complete with blondes and red heads too. A movie queen or two would do... I'm lazy, crazy, debonnaire I'd make a perfect millionaire!"

"Instead," he sobbed, "at twenty-five I'll have to work to stay alive!"

MORAL: If you are \$999,999.00 short of being a millionaire, but you like your pleasure big, Enjoy the big full flavor, the big satisfaction of a Chesterfield. Packed more smoothly by Acry-Ray, it's the smoothest tasting smoke today!

So, try 'em. Smoke for real... smoke Chesterfield!

"I feel like a Coke.
Do you?"

Of course. Most everyone does—often. Because a few moments over ice-cold Coca-Cola refresh you so. It's sparkling with natural goodness, pure and wholesome—and naturally friendly to your figure. Feel like having a Coke?

First Game of the 1956 Intramural Touch Grid Season Set for Oct. 1

The 1956 Intramural Touch Football campaign will get under way here at State October 1 and 2. The fraternity league will officially open the season on Oct. 1 with the Dormitory league playing their first game on the second of Oct.

Games for the fraternity league will be played on Monday and Thursday of each week, the Dormitory league games are scheduled Tuesday and Wednesday. All games in each league will be played at 4:15 and each team will play only one game a week.

The Intramural Department stated that NCAA touch rules will be followed and each team can only play nine men at a time.

A stage-struck girl was trying out for a part in a musical show. After finishing her audition, she shyly spoke to the casting director:

"Do you think I can do anything with my voice?"

The question appeared to intrigue the director. Finally, he said:

"Why, yes, dear, I think it might come in handy in case of a fire."

Attention Off-Campus Students

Each Dorm team will be allowed three off-campus players. If any off-campus students are interested in playing for a Dorm team he should get in touch with any one of the Dorm team captains.

HAPPY-JOE-LUCKY presents STICKLERS!

STUCK FOR MONEY? DO A

Stickler!

STICKLERS ARE TICKLERS and a mighty soft way to make money! Just write down a simple riddle and a two-word rhyming answer. For example: What's a ball player who gets a raise? (Answer: richer pitcher.) Note: both words must have the same number of syllables—bleak freak, jolly dolly, vinery finery. Send your Sticklers, with your name, address, college, and class, to Happy-Joe-Lucky, Box 67A, Mt. Vernon, N. Y. Don't do drawings! We'll pay \$25 for every Stickler we use in our advertising—and for hundreds that never see print. And remember—you're bound to Stickle better when you're enjoying a Lucky, because Luckies *taste* better. Luckies' mild, good-tasting tobacco is **TOASTED** to taste even better. Fact is, you'll say Luckies are the best-tasting cigarette you ever smoked!

FEE

(Continued from Page 1)

"tion" means "the act or profession of teaching." Charges for tuition, therefore, are taken into the college budgeted receipts, and are applied toward payment of instructional salaries. The annual rate is \$150 for a resident of North Carolina; but since the amount collected from students is insufficient to cover the full cost, and an appropriation from tax funds paid by citizens of North Carolina is necessary to cover the deficit, an additional \$350 per year is charged out-of-state students. This, however, is the only differential between in-state and out-of-state rates.

General Fees: In addition to instructional salaries, there are many other expenses incident to teaching, such as matriculation, registration, library, clerical assistances, classroom and laboratory supplies and equipment, custodial and maintenance services to classroom buildings, maintenance of physical education fields, etc. Some schools follow the practice of assessing these fees individually, with students paying variable fees in accordance with their class schedules. As a matter of fact, such a plan was once followed here, but many years ago all such fees were discontinued and a flat fee amounting to the approximate average per student total payment of special fees was adopted. Known as "General Fees," and described in the catalog as "Academic Fees," they amount to \$66 per student

per year, are taken into the college budgeted receipts and are used in partial support of departmental operating expenses. The only special academic fees now collected are a \$10 per year off-campus laboratory fee for students in Forestry and a \$7 commencement fee for each candidate for graduation. Students are required, however, to pay at replacement cost for lost or broken laboratory equipment.

Medical Fees: This amounts to \$12 per student per year, and is taken into the college budgeted receipts to partially defray the cost of operation of the infirmary. It is included in the catalog as a "Non-Academic Fee."

Athletic Fee: This amounts to \$15 per student per year, and is turned over in full to the Department of Athletics in support of the inter-collegiate athletic program. It is included in the catalog as a "Non-Academic Fee."

Activities: These fee amounting to \$35 per year are for various student activities and are turned over in full to the organizations for whose use students in past years have voted to assess fees. Listed in the catalog as "Non-Academic Fees," they are credited to the following organizations or activities:

Agromeck	\$ 5.65
College Union	15.00
Intramural Athletics	1.50
Physical Education	9.00
Student Activities (General—allotted by Student Gov't.)	1.00
Student Government	.65
Technician	1.15
Tower	.25
WVWP	.65

Reserve 15
Other Non-Academic Fees: Special fees are collected for use by the student bodies of the various schools in connection with publications and other student activities. These are as follows:
 Agriculture and Agricultural Education Students \$5.00
 Design, Engineering, Forestry and Textile Students 4.00

There is probably not a single student at the college who, upon reading the foregoing list, cannot find at least one required fee from which he received no benefit. Considered in the aggregate, however, all fees are quite reasonable.

LITTLE THEATRE

(Cont. from Page 1)

The students are invited to participate in the theatre's activities, whether it be acting or helping in the technical aspects such as building scenery, helping with the lighting, properties or other production chores.

Faculty members have also given their time and talents to Little Theatre productions. Those having roles in past productions are Harvey Bumgardner, Baker Wynne, Lindsay Whichard, George Bireline, and Charles Kahn, and a new play by Drs. Lodwick Hartley and Jack Suberman of the English Department was given by the theatre's Workshop last spring.

New to the faculty is Jack Porter, the Little Theatre's technical director, who will also teach in the English Department at the college. He comes to Raleigh from Furman University at Greenville, S. C., where he was technical director of the Theatre Guild and assistant professor of speech.

Plans Announced For Off

Campus Drivers Pool

Big news for all campus guys. Union is sponsoring a plan to form car pools among the off campus students. The plan has two main objectives: (1) To ease the campus traffic problem by increasing the number of passengers in off campus cars, thereby decreasing the number of off campus cars on campus at one time. (2) To provide a means of saving the off campus students money by decreasing

their car expense. The plan is completely voluntary. You participate only if you want to. Here's how it works. From now until Oct. 6, cards will be available at the C.U. main desk for you who are interested to register. You will be asked to put down your name, your college address, your phone number, if you have one, whether or not you have a car, and the time you go to class each day and the time you leave campus each day. At the end of registration for the car pools, the cards will be

zoned according to the student concentrations in different areas of the school. Then you will be able to find out what students live in your area, what their address is, etc. You can then contact some of these students in order to form a car pool. In certain instances, cards will be sent to someone who is interested so that he can try to form a car pool. We hope to have the information ready by Oct. 10. If you wish more information, leave a message at the C.U. main desk for the House Committee.

Dr. Peterson Appointed Acting Dean of State's Graduate School

Dr. Walter J. Peterson, a Dr. Peterson will fill the Graduate member of the North Carolina State School post in the absence of Dr. Donald B. Anderson, who has been granted a year's leave as associate dean of the Graduate School to serve as program director of the National Science Foundation's Division of Scientific Personnel and Education, Washington, D. C.

In announcing the appointment, Dr. Carey H. Bostian, chancellor of State College, said State College's Graduate

School, of which Dr. Peterson will be acting head, has an enrollment this semester of 587 students and a faculty of 313 members. It awards the Ph.D. degree in 18 major fields of study and offers the master's degree in 28 fields, making it one of the South's chief graduate training centers in the realm of technology.

A widely known educator and scientist, Dr. Peterson joined the State College faculty in 1942 as professor and head of the Nutrition Section, Animal Industry Department, and was promoted in 1949 as head of the Chemistry Department. In 1954, he was named a "William Neal Reynolds Professor"—highest academic honor in the college's School of Agriculture.

Here's How to Play TANGLE SCHOOLS

OLD GOLD'S GREAT NEW GAME

A total of 24 puzzles will appear before the Christmas holiday. Get started now in Old Gold's exciting new game for college students only.

Here are the Official Tangle Schools Rules! SAVE THEM!

1. **PRIZES** (a) P. Lorillard Company, the makers of OLD GOLD CIGARETTES, will award a total of 86 prizes, valued at more than \$15,000—to college students in the United States in accordance with the following Official Rules. (See complete list of prizes.) (b) This game will consist of twenty-four (24) monogrammed puzzle drawings to be published in this and other college newspapers; three puzzles each week for eight weeks, and a series of tie-breaking puzzles, if needed, as outlined in rule 2. (c) Contestants must arrange the scrambled letters from each of the 24 monogrammed drawings so that they correctly spell the name of a certain American college or university. In the scrambled drawings there are no superfluous letters, no distortion of letters, and no letters are left out to confuse or mislead entrants. A clue will be furnished with each drawing to help identify the correct answer to the puzzle.

2. (a) The person complying with all the rules of the game and solving the highest number of puzzles correctly will be declared the winner of the first prize, a 40-day tour of the world for two persons—the winner and another person of his choosing or, at the option of the winner, the first prize shall consist of \$5,000 to be paid to the winner. The person complying with all the rules of the game and solving the second highest number of puzzles correctly will be declared the winner of the second prize. In like manner, the winners of the remaining 84 prizes will be determined. (b) In case more than one person solves correctly the same number of puzzles, the prize tied for, and as many subsequent prizes as there are persons tied, will be reserved and those so tying will be required to solve a set of tie-breaking puzzles, to determine the order in which the reserved prizes will be awarded. Each of the tie-breaking puzzles will be comprised of scrambled letters forming the names of either one, two or three American colleges or universities. Clues with each puzzle drawing will indicate whether the puzzle contains one, two or three schools to be identified. If, after solutions have been submitted to this second set of puzzles, a tie or ties still remain, those tied will be required to solve another tie-breaking puzzle. Accompanying this tie-breaker will be an official list of American colleges and universities. From these, contestants will make up a list of schools and colleges in accordance with instructions to be given at that time. The contestant earning the highest score in so doing will be awarded the highest of the prizes tied for. The next highest prize will be awarded the contestant earning the second highest score and so on down through the reserved prizes that have been tied for. These tie-breaking puzzles, if necessary, will be mailed to each contestant.

P. Lorillard Company reserves the right (only in the event of further tie or ties) to require contestants to solve as many tie-breaking puzzles under supervision, and without assistance, as are necessary to determine a single winner for each prize.

3. **NOTE** (a) When entrants have completed solutions to the complete set of 24 initial puzzles, which are to be published three per week in this paper, the solutions are to be printed or typewritten by the entrant in the answer space provided on the puzzle (or a reasonable facsimile). The complete set of 24 puzzles must be answered, neatly trimmed and enclosed in an envelope, flat and not rolled and addressed to—Tangle Schools, P. O. Box 26A, Mount Vernon 10, N. Y., and mailed bearing a postmark not later than December 19, 1956. Decorated, pasted or embellished puzzles are not permitted. Each set of 24 puzzles must be accompanied by a wrapper from any type OLD GOLD CIGARETTE package—(REGULAR, KING-SIZE OR FILTER KINGS) or a reasonable facsimile thereof. (b) More detailed instructions on the mailing of completed sets of puzzles will be published later. No solutions are to be sent in separately. Save the puzzles and your solutions so that they may be submitted as a complete set at the end of the game. Entrants are not limited as to the number of complete sets of solutions. However, each set must be submitted individually, and only one prize will be awarded to any one entrant. (c) After the deadline for mailing solutions, the correct answers to all 24 puzzles will be published in a single issue of this paper. Each contestant must keep an accurate record of all solutions and check his answers with the published correct answers.

4. **WHO MAY ENTER:** (a) This game is open to all bona fide college students in the United States; that is, persons who, at the time of entering, are duly registered in an accredited college or university within the continental boundaries of the United States, except that the game is not open to students whose immediate families are employed by P. Lorillard Company or its advertising agencies. Contest is subject to all State and Federal regulations. (b) Contestants may, if they prefer, make copies of the puzzles by hand. Copies of the puzzles and of OLD GOLD package wrappers reproduced by a multiple process such as carbon paper or mimeograph are not acceptable. Entrants who want back puzzles and copy of Official Rules may obtain them by addressing their request to Tangle Schools Back Puzzles, P. O. Box 5, Grand Central Annex, New York 17, N. Y., enclosing 5¢ in payment for each puzzle desired and/or rules, together with a STAMPED

SELF-ADDRESSED envelope. (c) Prior to receiving a prize each winner may be required to sign an affidavit certifying that he or she is eligible to compete in accordance with rule 4-a; that he or she has not bought, sold or exchanged the puzzle solutions and is not acting for, either by proxy or in collaboration with, any person who is not qualified to participate under the rules.

5. **METHOD OF JUDGING:** Decision of the judges is final and contestants so agree upon entering the game. Solutions to the puzzles will be judged on correctness, including the spelling of the names. All entries become the property of P. Lorillard Company. None will be returned. P. Lorillard Company cannot be responsible for any solutions unduly delayed or lost in the mail; this also applies to mail from the P. Lorillard Company to any contestant. On entering the game, each contestant accepts the foregoing rules as binding. P. Lorillard Company reserves the right to disqualify any entrants not conforming. Evidence indicating collusion by or inelegibility of contestants will automatically disqualify such contestants. P. CU To Be Scene of Shipwreck Dance

On Saturday, September 29, the College Union Dance Committee will present the Shipwreck Dance in the ballroom. No one will be admitted unless they are wearing the answer to this question, "What were you wearing when the ship sank?" The Committee is giving prizes for the most original costumes. Remember when planning your costume that minimum dress in the Union is Bermuda shorts.

Music for the dance will be furnished by Buddy Kline and his band.

The Social Committee has invited Averett College and all girl's schools in Raleigh to attend.

**Army ROTC Drum & Bugle Corps
Boast Largest Group In History**

N. C. State's Army ROTC Drum and Bugle Corps is back again with a promise of a bigger and better outfit.

This year the membership of the colorful marching and playing organization will consist of two juniors, eighteen sophomores, and thirty freshmen, a total of fifty, which is the biggest yet.

The two juniors, Cadet Sergeant Major Ernest L. Ross from Cleveland, Tennessee, and Cadet First Sergeant Eric E. Smart from Forrest City, N. C., will have complete control of the Drum and Bugle Corps by holding the jobs of Drum Major and First Sergeant respectively.

The eighteen sophomores who make up the nucleus of the outfit are returnees from last year. With the exception of one, they will be the contributing factor as to the playing and marching ability of the freshmen. This one man is not to be slighted though. He is cadet William E. Valentine from Whiteville, N. C. and he has the task of playing our newest instrument, the Glockenspiel.

The freshman this year come better equipped to do their job, for all of them have had musical experience. Some have played

Holderness, Miss Jane Welch and Miss Jane Little.

State's contestants, chosen by the State College delegation to the CUSC, were Miss Pat Ponder, Miss Beverly Little and Mrs. Ursula Swisgood.

Judges for the contest were Charlie Bernard, Miss Harold Lee, and Tony Jenzano.

Ed Rose, President of the CUSC, said he thought Saturday's CU Day was one of the best yet. "We enjoyed fine hospitality at Carolina and participation was at a new high. The ball game might have had something to do with the pleasure I got out of the day, too."

only 2 or 3 years; while others have played up to 10 years.

Advisors, Major Vernon B. Drum and SFC Robert H. Heuser, have already accepted invitations for three appearances during October. These will be on the 8th, here in Raleigh, the 10th, at Angier and the 13th, at the Florida State-N. C. State football game.

sorrow (Incidentally, the Air Science classes have been moved to another old building, Pullen Hall . . . which is expected to collapse within the year—good luck, Flyboys!) The new Student Supply Store will be built on that site as soon as funds are available.

The Senior Overlook, in front of the 1911 Building, is the gift of last year's graduating class. Constructed of the same brick as that used in the landscaping in front of Leazer Hall, this Overlook is part of a plan to spread this good-looking brick landscaping and walks to all parts of the campus.

The clearing away of the Design Barracks is a big improvement. Plans are afoot to make the area behind the Nuclear Building into an attractive park with walks, trees, bushes, etc.

The Alumni Building is being completely renovated at the expense of the Alumni Association as a memorial to the State students killed in World War II. When finished, it will be one of the finest looking buildings on campus.

These and other improvements in the planning will eventually bring the appearance of this campus to a high level of which we can all be proud. In my opinion, a big part of that intangible something called 'spirit' is directly tied in with the looks of a campus . . . that and this year's football team!

**Dance Committee
Releases Schedule**

The C.U. Dance Committee wishes to invite all students and College Union members to attend their weekly functions this year. Every week this committee offers square dance lessons, social dance lessons, informal stag record dances, and informal couple record dances.

The Square Dance Lessons, beginning September 26th, will be held each Wednesday night at 7:30 p.m. in the Ballroom. The Meredith College Physical Education department is joining the Union this year and sending from 50 to 100 girls each week to the Square Dances. John Brendle, from State Hospital will instruct and call the dances. The Dance Committee feels that this is an excellent opportunity for all who like to square dance or would like to learn.

Social Dance Lessons will be taught in the ballroom each Thursday night at 7:30 p.m. These classes are designed to give the beginning dancer a working knowledge of the fox trot, waltz, jitterbug, and other popular dances. This semester, the lessons will be taught by staff of the Lehman School of Dance, led by John Lehman. Mr. Lehman's background consists of extensive training, 5 years as feature dancer and choreographer for the Lost Colony, and feature dancer and choreographer for the Ernie Pyle Theater in Japan while in service.

The Lessons are free to all students and members.

The Platter Parties begin at 8 o'clock on Friday nights in the Snack Bar. These are stag

dances, and girl's from neighboring schools and towns attend with their chaperones.

The Cabaret Dances, held each Saturday night in the Snack Bar, are for couples only. Stags are admitted in the Snack Bar on Saturday nights, but not on the dance floor.

**Addition to Music
Dept. Announced**

Robert A. Barnes, director of instrumental music in the Raleigh public schools for the past six years, has been named assistant director of music at North Carolina State College and will be in charge of the college's band.

Appointment of Barnes to the college post was announced by Dean of Student Affairs J. J. Stewart, Jr., and Major Christian D. Kutschinski, director of music at the college.

From Ohio
A native of Cleveland, Ohio, Barnes studied at the Cincinnati

Conservatory of Music and holds a B.S. degree in music education from Miami University and the M.S. degree in music from Columbia University. He also did graduate study at the Juilliard School of Music in New York City.

Prior to coming to Raleigh in 1950, Barnes taught music in the schools of Ohio.

Raleigh Schools

While connected with the Raleigh public schools, he founded and directed the Raleigh High School Marching Hundred Band and organized and conducted the Broughton High School Symphonic Band. Both of these wide recognition in the last few organizations have gained State-years.
