

## Election Tuesday

# Seventy-Nine Freshmen Seek Seventeen Available Offices

Seventeen offices are open for Freshmen and seventy-nine students have entered their name on the ballot for next Tuesday's Freshman elections.

Voting will be carried on at four precincts. Engineering students will vote in Riddick Building. The College Union will be the voting place for Agriculture, Textiles, and Forestry students. Voting will be done in Tompkins Hall by the Education Students, while Design students will cast their votes in Brooks Hall.

A political rally began tonight (Thursday) at 6:45 p.m. in the Coliseum featuring stump speeches by presidential candidates and introduction of all candidates. Voting procedures were explained during the meeting, which was presided over by Neil Birch.

## WVWP Policy

It will be the policy of radio station WVWP to make available five minutes of free time for each candidate up for president of the Freshman class, and two minutes to all other candidates, up for other offices.

WVWP urges each candidate to take advantage of this opportunity. Each candidate who is interested should call WVWP or come by the station personally. Contact Ed Finch, Program Director, or Kent Watson Traffic Director, between 5 & 6 p.m. daily in the 1911 building. Arrangements can be made to tape and broadcast the candidate's speech. WVWP reserves the right to approve all material before it is put on the air. In order to offer each person equal opportunity, WVWP will accept no paid political announcements.

## Stu. Assembly Convenes Thurs.

The 1957 North Carolina State Student Legislature Assembly convened in the Hall of the House at the State Capitol this afternoon at 2:30 o'clock.

Approximately 250 student delegates from 24 colleges attended the three-day legislative session.

Addressing the opening joint session was Ed Rankin, secretary to Governor Hodges, who represented the Governor; and Dr. Alphonso Elder, president of North Carolina College at Durham.

Congressman Harold Cooley of Nashville is scheduled to address a joint House and Senate session Saturday at 10 a.m.

Officers of the interim council who have made arrangements for the event are George Cochran of State College, president; Al Richardson of North Carolina College at Durham, vice president; and Austin Lane of A & T College in Greensboro, secretary.

Pages for the session will be sent from Needham Broughton High School and Ligon High School of Raleigh.

## Cafeteria to Close

Effective November 10, 1957 the Dining Hall will be closed for the Sunday morning breakfast until further notice.

The new ID cards have made the change in voting places necessary since they do not carry the students' class or curriculum. Formerly students voted at a number of precincts scattered over the campus.

High man (or men) will be declared the winners in the election.

A list of offices and candidates as they will appear on the ballot follows. Except where indicated vote only for one person.

### President

Tiny Reynolds

## "Y" Cabinet Meets Every Monday

All members of the YMCA are invited to the weekly "Y" cabinet meetings which are held at noon each Monday in the Cafeteria.

A meal is served during each meeting, and a speaker talks on some contemporary subject. The meetings are adjourned at 1 p.m.

Cost of the meals is ninety cents. Reservations must be made with Mrs. Bishop at the "Y" before 9:00 a.m. each Monday.

On November 11 the Reverend Mr. O. B. Wooldridge will speak on "The YMCA's Responsibility at N. C. State College."

## Possibly By Spring

# Air Conditioning Slated For CU

The College Union Board of Directors met yesterday; among the items on the agenda were house rules, air conditioning, future plans for the College Union Building, and attendance report.

New additions and changes were made to the standing house rules.

### Air Conditioning Plans

The Union will now be definitely air conditioned, and there is a good possibility that it will be completed by this spring. The job will cost between \$30,000 and \$40,000 for the entire building. The ducts and machinery are already in, and the primary cost will be for the refrigerating unit.

It was mentioned in the meeting that the refrigerating unit

November 7, 1957

## Parade Features Visiting Bands

Six hundred bandmen will be featured in the pre-game Saturday along with a number of Majorettes, who always seem to attract attention.

This number is made up by several visiting high school bands and their majorettes. The Bands are from Raleigh, Cary, Fuquay Springs, Goldsboro and Henderson. On the College level will be the visiting William & Mary Band with their majorettes and, of course, the N. C. State Marching Band.

The Homecoming Half-time Show will be preformed by the combined efforts of the State Marching Band, The Pershing Rifles, Drum and Bugle Corps and The Marching Airmen. The show will consist of a gigantic spelling exhibition by the four units.

Following the spelling a large figure will be formed by the units to pay tribute to the new homecoming queen.

## Excused Cuts for Participants

# Saturday Classes Meet; Parade Begins At Ten

Classes will meet as scheduled Saturday, Jim Hunt, Student Government President, announced Wednesday night.

A proposal to dismiss classes beginning at ten and eleven Saturday morning in order to allow students to see the Homecoming Parade was referred by Chancellor Bostian to the Faculty Senate. Meeting on Tuesday, the Senate decided not to interrupt the college calendar as it has been established for the current year.

## Kai Winding Concert Follows Game Sat.

When Kai Winding brings his septet to the State College campus for a jazz concert following Saturday's Homecoming football game, he will introduce State College to his "Trombone Sound."

Danish born, Winding began playing in this country with Benny Goodman and Stan Kenton. Later, with his own jazz group, he opened "Bop City" and was a frequent performer at "Birdland."

Winding's group features four trombones and a three man rhythm section. The concert, which is sponsored by the College Union Music Committee, will begin at 4:30 in the Union ballroom.

The Faculty Senate recommended that Homecoming Plans be taken into consideration when future college calendars are made up.

Students taking part in the parade will be given excuses for classes missed.

**Saturday's Schedule**  
Saturday's Homecoming Parade begins a day of festivities on the State College campus. Beginning at 10 a.m. the parade will travel through downtown Raleigh before coming to the campus. Participating in the parade will be floats from dormitories, fraternities, and other student organizations; State

College Band, the Drum and Bugle Corps, Pershing Rifles, the Marching Airmen, and several high school bands.

Kick-off time for the N. C. State-William and Mary football game is 1:30 p.m. During the halftime exercises, State's Homecoming Queen will be crowned. The Homecoming Queen will be selected from ten finalists out of an original field of 21.

Following the game a jazz concert will be held in the College Union. The informal Homecoming Dance, with music by the Lamplighters, will begin at eight in the CU ballroom.

# Editors To Attend N. Y. Conference

Four State College journalists left yesterday to join hundreds of other college journalists for a week-end of activity in New York City. They are attending the annual Associated Collegiate Press Conference.

The four men from State are Technician Editor and Business Manager, David Barnhardt and Loyd Kirk, and Editor and Business Manager of the Agromeck, Dick Chalmers and Alex Hall.

The Conference lasts from Thursday through Saturday and will include program sessions for editors, business managers, staff members and advisers of college newspapers, yearbooks, and magazines.

In addition to the general sessions, at which speakers such as Max Schulman will appear (Schulman writes the advertisement column for Marlboro which appears in The Technician), the program consists of panel sessions with both student and professional leaders and a series of short courses.

Approximately 800 college journalists from many parts of the country are expected to attend the Conference this week-end.

## S. Hawkins Dance To Be Held Friday

An annual affair, the Sadie Hawkins Dance on the night before Homecoming, crops up this year beginning at 8 p.m. Friday in the College Union ballroom.

Harold Nall will provide the music; Averett College will provide the girls. The ticket of admission is a costume—Dogpatch style.

The ballroom will be decorated following cartoonist Al Capp's traditional Sadie Hawkins theme for the costume dance, and also in keeping with the theme, the girls will be out to catch the men—it's a girl-break dance.

## EDITORIAL COMMENT

### A Changing School Spirit

Editorials in past *Technicians* have lamented the lack of school spirit. The students, it appears, have taken little interest in campus life and activities except where their studies have been concerned.

However, it seems that a change may now be taking place. Readers of this issue of *The Technician* may have observed the number of stories about Freshmen running for offices. The number of candidates indicates that the Freshmen are taking an active interest in the organizations which serve them and make rules for them to go by.

Usually when a student has a grievance, all he does about it is gripe among his fellow students. *The Technician*, is giving the students a chance to show how they feel about the faculty's response to the request to lessen the work load. And the students are letting us know their opinions for in only two days over 450 sent responses.

The interest of the students in campus problems certainly appears to be increasing. May it spread to all phases of college life!

## Student Tells of Replacement Plans

### Laboratory Planned

To the Editor:

Here is a bit of information concerning the Western Blvd. "campus eyesore" that should make both students Williams and Johnson, and the editor of *The Technician* happy.

The architect has already drawn-up preliminary plans for a new Wood Products Laboratory which will be erected on the site of the building pictured. (This building is not the present forestry lab but is being used as a warehouse by Ag Engineering.) The School of Forestry hopes that construction of the new building will begin around the middle of next year. The School also hopes to replace the other buildings to the west with a new forestry building within the next two years.

If the folks in Forestry (or in the administration) thought that they could just say "hocus-pocus" and—wham-bam—a new wood lab would appear, I'm sure everyone in the west end of Kilgore would be wandering around mithering "hocus-pocus" to himself. But construction and improvement takes time and money, both of which are limited.

Look back about ten years and you will realize that State College has hit a pretty good lick in the improvements department. The work at Western Blvd. has only been delayed in favor of other, apparently more pressing, improvements. "All good things come in time..." (James Whitcomb Riley). But some good things will come sooner than other good things.

Ted Hilbourn

### Greeks On Campus:

## Delay and Cause

by Oscar Grant

This week, this column is dedicated to the report which was given to the visiting committee of the Board of Trustees of the Greater University during their visit to State College on Tuesday of this week by George Howard, I.F.C. President.

To the many of you who have been wondering, as I have, just exactly why more progress has not been made on the proposed fraternity row, this would have proved to be an interesting meeting. The report was centered around this problem in an effort to give this powerful committee an inside view on just what is being done towards completion of this, our most cherished dream.

### Critical Need

In his report, Howard stated that "Our greatest problem continues to be a critical need for new housing." He emphasized the fact that Visiting Committees of the Board of Trustees have wholeheartedly endorsed this project for the past three years and had authorized the use of land for this purpose.

Howard also stated that "After numerous conferences with investment bankers and others, the conclusion was reached that, if a loan from the Escheats Fund totaling approximately one-third of the estimated cost of the project could be arranged, the other two-thirds of the cost of the project might be borrowed from commercial lending agencies."

Howard continued by saying that the present hold-up was being caused by the financial details which must be ironed out before this loan can be made. These details are presently being worked out by Mr. William D. Carmichael, Jr., Vice-President and Finance Officer of the Consolidated University. He is also investigating the tax obligations that would be required of such a project.

Howard concluded his report by emphasizing the great need for such a project and urged the Visiting Committee to encourage Mr. Carmichael in his efforts.

### Urgent Project

In the first column written by this writer, you were promised the straight "poop" on just exactly what was holding up the proposed fraternity housing project. It is exactly this: Mr. Carmichael has not yet worked out these details mentioned above on which the money for this project so vitally hinges. While we must all realize that making such arrangements take a great deal of time and effort on the part of Mr. Carmichael, the urgency of this project cannot be emphasized too strongly. This writer sincerely hopes that these details will be ironed out in the near future and that it will not take a tragic fire in one of State's fraternity houses to prove the dire need for the completion of this project at the earliest possible date.

### Fra. Defended

To the Editor:

While reading the November 4 edition of the *Technician* I could not help being surprised at the phraseology which appeared in a letter to the editor. The persons who wrote the letter asked, "we would like to know, Mr. Barnhardt, which is more of an eyesore—the scene on Western Blvd., or the one often seen on Clark Ave.—'Frat' boys lugging beer into house by the case?" This statement by two boys obviously had little to do with the discussion on hand, but rather was the expression of a personal grudge. I would like to make it clear to our parents and all other who read the *Technician* that a lot of money is usefully spent on fraternities and that they are an important to our college as the equipment in the forestry building. The fraternities here at State turn out men of character and integrity. The persons who wrote the letter obviously did not realize how much they were degrading their school solely by using the term "Frat" and implying all of its undesirable connotations.

Douglas Feiner

### Easier To Carry

Apparently Mr. Williams and Mr. Johnson, whose letter appeared in Monday's *Technician*, do not realize that State College was established for the development of keen technical minds.

Extensive research has proven that carrying beer by the case is far more efficient than making twelve trips with a bottle in each hand. Also it is more practical to carry beer in cases than in hip pockets, flimsy paper bags, and other such makeshift containers not expressively designed for the transporting beer.

Dick Hultz, Jim Rogers

### Thanks From Stu.

To the Editor:

A group of us students are sending our student opinion slips in together for economic reasons. Thanks for this opportunity to express ourselves as the opinion of the Student Body.

## Moffitt Seeks Vice President's Office

A letter received by the Technician has the following to say about Pete Moffitt, a candidate for Vice-President of the Freshman Class.

To the class of 1961,

I would like to present to you a few facts about Pete Moffitt, a candidate for Vice-President of the Freshman Class.

Pete is from High Point, where he had an outstanding high school record. During those four years he served his fellow students well. He gained much valuable experience while working with the Student Council and displayed many fine traits of leadership while serving as Vice-President and President of the Key Club. Pete also worked on the school yearbook and was in the school talent show.

Displaying a well-rounded character, Pete was on the high school basketball and swimming teams and was co-captain of the tennis team.

In conclusion, I wish to make one simple request. Read my letter carefully, read the oppositions letters just as carefully, weigh all the information, meet the candidates, and then you make your own decision. You can never go wrong this way!

Bob Meadows

## Holder Announces Ag Candidacy

Roy C. Holder, a candidate for Freshman Senator from the School of Agriculture, has the following to say about his candidacy:

"I, Roy C. Holder, an Agricultural Engineering Freshman from Julian, am seeking the office of Freshman Senator in the School of Agriculture. I realize that the Student Government of State College is a very important function of the college, and that it is ranked among the top college student governments in the nation.

"Therefore, I am anxious to become a member of such a worthy function. I think that my previous achievements in leadership will prove that I am capable of doing a good job in representing the views and ideas of fellow Agriculture students at State College.

"If you see fit to elect me, I

## Walker Running For Vice Pres. And Senator

Jefferson H. Walker, Jr., is a candidate for Vice-President of the Freshman Class and also for Senator from the School of Engineering.

A native of Warwick, Virginia, Walker was Vice President of his High School Freshman Class, was a homeroom officer in his sophomore year and assistant to the S. C. A. Dance committee, also served as assistant chairman of the Recreation Night Committee during his junior year, and was vice president of his homeroom and chairman of the Activities Ticket Committee during his senior year.

SCA Representative

Walker also was a representative

will strive to uphold to the best of my ability, the responsibilities and trusts bestowed upon me.

tive to the S. C. A. congress and chairman of the Elections Committee in the fall of 1956.

Graduating in the top 5 per cent of his class, he has served

## WHERE DO YOU WANT TO WORK?

by  
John Reid  
Du Pont  
Representative

I wouldn't be entirely realistic if I said that you can choose your job location from Du Pont's 75 plants and 98 laboratories scattered over 26 states. But Du Pont does have jobs open in many of these locations, so there is a good chance that we may be able to match your preferences and qualifications with available openings.

Right now, most of the Du Pont units are east of the Mississippi, but we have plants in Texas and on the Pacific Coast, too. In the past year plants were completed in Michigan, California, Ohio and Georgia. New plants are also under construction in Kansas, Tennessee, Virginia and North Carolina. Perhaps one of these locations has just what you're looking for in a job.

For a complete list of our plant locations, please write to me at E. I. du Pont de Nemours & Co. (Inc.), 2494-B Nemours Building, Wilmington 98, Del.

Career opportunities at Du Pont are greater today than ever before because of the Company's continued growth. In 1957, Du Pont's sales were at the \$2 billion level. Four new plants were being built. New research programs were being launched, and new products were moving into the production and marketing stages. All of these developments tend to broaden opportunities at Du Pont for the young scientist and engineer.

### ALL KINDS OF ENGINEERS

Students with chemical engineering and chemistry degrees are needed, of course. But the opportunities are equally great for students majoring in many other fields. And the type of work for these men varies greatly. Among other things:

Mechanical engineers work in re-

search and development as well as in plant engineering and production supervision.

Metallurgical engineers conduct studies in metal fatigue and corrosion and engage in fundamental research into the nature and properties of elements.

Civil engineers have many assignments, including design and supervision of the construction of Du Pont plants and laboratories.

Men studying for degrees in electrical, mining, petroleum, industrial and many other specialized fields of engineering will find equally challenging outlets for their talents at Du Pont.

If you're interested in finding full scope for your ability, Du Pont offers you plenty of opportunity.

## Du Pont Training Tailored to Individual

Each of Du Pont's operating departments has its own training program because each has special requirements. But both formal and informal programs are tailored to the interests and needs of the individual.

Generally, you go to work on an assignment at once and start learning right away. This headstart on responsibility is an important factor in your progress. Based on your qualifications, you're given one segment of a project to tackle almost immediately. You learn quickly and informally in consultation with your supervisor and other engineers on the same project. This training is supplemented by frequent meetings, seminars, studies of plant operations and procedures.

And since Du Pont is interested in the progress of the individual, your

performance is evaluated at regular intervals by your supervisor. These discussions bring out your strong and weak points and together you work out a program for improvement. This training and evaluation continues year after year as you advance in the Company.

### SEND FOR INFORMATION BOOKLET

Booklets on jobs at Du Pont are yours for the asking. Subjects include: mechanical, civil, metallurgical, chemical, electrical, instrumentation and industrial engineers at Du Pont; atomic energy, technical sales, research and development. Name the subject that interests you in a letter to Du Pont, 2494-B Nemours Building, Wilmington 98, Del.

# Kriegel, Romeo, Graham Announce Candidacy For Freshman President

## Kriegel's Platform Lists Four Points

Jerry Kriegel, freshman in the School of Engineering, announced today his candidacy for president of the Freshman Class.

Kriegel, in a statement issued to the Technician, emphasized several issues which he feels are of primary importance to the members of the Freshman Class. His statement was as follows:

"As a candidate for Freshman Class President, I realize the heavy responsibilities which this office carries. However, the experience and ideas gained in high school student government qualify me, I believe, for this position.

"My platform consists of the pertinent problems and new items which definitely concern the Freshman Class which are as follows:

(1) To exert pressure on the athletic department on behalf of my class to procure better seats for students at all athletic events.

(2) To keep my class informed on all issues which may come up from time to time through the use of the Technician and Radio Station WVWP.

(3) To make every attempt to make the Freshman-Sophomore Dance the best in the history of the event.

(4) To have a sincere desire to have the interest of the Freshman Class foremost.

"In closing I would like to solicit your support so that I may have an opportunity to carry out these and other ideas for the betterment of the Freshman Class."

## Romeo Endorsed By Classmate

The following letter has been received by the Technician concerning Paul Albert Romeo, a candidate for President of the Freshman Class.

Letter to all Freshmen:

Paul Albert Romeo, candidate for President of the Freshman Class, is a fellow Carolinian from Moncks Corner, South Carolina. He comes to State highly recommended because of his past achievements which are: President of the student body of Berkeley High School, President of the Beta Club, and Class President of his Sophomore and Junior Classes. He lettered in football and baseball.

A new collection of . . .

MEN'S WEAR

Hillsboro at State College

Here at State, Paul, a nuclear engineering student, is an active member of the Baptist Student Union and a member of Tabernacle Baptist Church.

Noting his past record and broad experience as a leader, I believe that he is duly qualified for the office of class president.

He desires to be president because he is anxious to serve his fellow classmates to the best of his ability.

Paul asks that you examine his qualifications and give him due consideration before making your final choice for president.

Robert A. Robertson

## Graham Seeking To Meet Many Fellow Students

Mike Graham, in announcing his candidacy for the office of Freshman Class President, released the following statement:

"Many of you have undoubtedly been beginning to notice posters bearing my name in strategic places on campus. Posters were designed to do just that and no more. Oh yes, they might give an extra word or two about the candidate, but that's all.

## Homecoming

### Pack Tackles W and M Tribe

Boasting one of the finest records in the country, the N. C. State Wolfpack will close out its home schedule this Saturday when it meets the Indians of William and Mary in the State Homecoming game beginning at 3:30 P.M. in Riddick Stadium.

Starting in 1906, the series with William and Mary is one of the oldest in State football history with opponents outside the ACC. The last meeting of the two clubs was in 1955, when the Pack had a hard road to travel before downing the Indians, 28-21. The Red Men

from West Raleigh now hold a 9-6 edge in the series.

William and Mary has a 2-5 record so far this year, but some of their losses were impressive ones. Besides whipping the Citadel, 14-12, and Virginia Tech, 13-7, they have played exceptionally well in losing to Penn State, 21-13, and West Virginia, 19-0. They have also dropped encounters to V. M. I., 14-13, George Washington, 7-0, and Navy, 33-6.

"William and Mary has a lot of good football players," Pack head coach Earle Edwards re-

marked. "I remember them from two years ago when we eked out a 28-21 win. Charlie Sidwell, Jack Yohe, Tom Secules, and (Elliot) Schaubach could play for anybody's team. We'll prepare for them just as hard as any game we've played this year."

The same Sidwell, a HB, and Secules, a QB, are back this year. Other probable standouts for the Tribe will be co-captains center Bill Rush and end Larry Peccatiello.

Eight starters and ten reserves will be playing their final game in Riddick Stadium as the Wolfpack closes shop on its home schedule.

Swan song singers are halfbacks Dick Christy and Dick Hunter, quarterback Tom Katich, center Jim Oddo, guard Francis Tokar, tackles Dick DeAngelis and Darrell Dess and end Don Miketa.

Reserves bowing out are John Collar, Steve Vitek, Tony Guerrieri, Dick Goudie, Wally Prince, Jay Beacon, Ed Hordubay, Tom Guerrieri, Julius Compton and Bob Paroli.

### Harlem 'Trotters Here Nov. 13

The Harlem Globetrotters will bring their basketball-vaudeville show to Reynolds Coliseum Nov. 13, opening the cage season for the Raleigh area.

The tip-off is at 8 o'clock.

The Globetrotters will take on the Philadelphia Sphas, a squad composed of former collegiate stars.

The famous vaudeville troupe, which drew rave notices in their last appearance here, will include Rolando Johnsson, equilibrist; Lilly Yokoi, the ballerina of the bicycle, the Monahans, and Boy Foy, an outstanding unicyclist.

## ACC Teams Practice As Big Games Near

With the close of the season rapidly approaching, all ACC teams are bearing down in preparation for those last, important games which will decide the conference championship.

The league-leading N. C. State Wolfpack, the only undefeated team in this part of the country, will entertain the non-conference Tribe of William and Mary, while the Duke Blue Devils, who are sharing the top spot with Pack, will take on the Midshipmen of Navy.

The N. C. State Wolfpack remained in the tenth position in the AP poll this week by trouncing the hapless Deacs of Wake Forest, 19-0. Duke fell to sixteenth when they were shut out by Georgia Tech, 13-0.

In College Park this Saturday, the third-ranked Maryland Terps will tackle the red-hot Clemson Tigers, just back from spanking Rice, 20-7.

In the only other ACC tilt, the Gamecocks of South Carolina will attempt to break into the conference win column when they play host to the up-and-down North Carolina Tarheels.

Wake Forest, currently on a six game losing streak, and occupying the conference cellar, will meet non-ACC Virginia Tech. The other ACC team, the University of Virginia, is idle.

The two conference leaders, N. C. State and Duke, are 4-0-1 in the ACC, with their only blemish coming at the hands of each other.

## Notes From The Wolfpack

Last week's issue of Sports Illustrated had a half-page action picture from the Wolfpack-Blue Devil fracas, and Playboy had a full-page picture which is kinda nice, too. But it's not a football shot.

State leads the nation in kick-off returns, according to figures released by the National Collegiate Athletic Bureau. The Wolfpack (with Dick Christy doing most of the toting) has averaged 36.6 yards per return.

Freshman baseball coach Jim Edwards is passing out cigars. He became the father of a baby girl recently. The lineup card will list her as Elizabeth Gail Edwards.

Seven foes have scored only 34 points against the Pack, an average of 4.9 points per game.

State has punted 44 times this year for a nifty team average of 38.2 yards per kick. Tony Guerrieri leads the parade at 44.6 for ten kicks, Ken Trowbridge has 37.8 for 12 punts,

Dick Hunter has 35.4 for 21 kicks, and Steve Vitek has booted once for 37-1.

State is now assured of its first winning season since the 1950 team had a 5-4-1 record. The worst the Pack could do now is 5-3-2.

Dick Christy has taken over the top spot in the rushing department following his 100-yard performance against the Deacons. He has carried 90 times for a net 371 yards. That's a 4-1 average.

Close behind is Dick Hunter, who has a net of 339 yards for 75 rushes and a 4.5 average.

More statistics... the Wolfpack needs 481 yards in its last three games to break a school record of 1,780 yards gained rushing during a ten-game schedule. The 1955 team holds the record.

Earle Edwards was INS "Coach of the Week" after State's thrilling 14-14 tie with Duke Saturday.

## BUTTON-DOWN WINSOCK!!

College students love shirts with button-down collars, but we've never known exactly why. So Van Heusen's research department asked around and got the following answers.

L.B. Senior at Mass. Institute of Entomology. "The buttons keep things from crawling under your collar. Or, if things do crawl under your collar, the buttons prevent them from crawling out again."

D.D.E. Freshman at Horatio Alger Tech. "You get more buttons so I figure the shirt is more valuable. Is it?"

B.P. Junior at the Pate School of Tonsorial Arts. "They're cooler! Wisps of air blow through the little hole in the button and keep my clavicle at a refreshing temperature."

P.S. Senior of Makemoney's Correspondence School. "I'm a neurotic. With Button-down

shirts I can wear one side buttoned and the other side unbuttoned, thereby giving the effect of wearing two types of shirt at one time. Oh help me, help me!"

Z.J. Graduate student at the T.S. Swinburne School of Beautiful Experiences. "Buttons remind me of pearls. Pearls remind me of oysters. Oysters remind me of indigestion. Indigestion reminds me of my doctor. My doctor reminds me of his nurse. She's gorgeous. Gorgeous! So the more buttons the better."

Yes, there's agreement that button-down collars are the thing. And there's further agreement that Van Heusen is the king of Button-down stylists. Just take a look at Van Heusen Oxfordians next time you're in the market for shirts. You'll see immediately why they're famous. \$5.00.

## Cooke Running For Veep's Office

Robert Cooke, a student in Agricultural Engineering, has announced his candidacy for Vice-President of the Freshman Class.

The following is a statement from Cooke:

"Upon entering State College, I discovered that student representation in campus activities played an important part in the individual students welfare. As a result, I am a candidate for Vice-President.

"I believe that my experience in various high school leadership capacities qualifies me to serve you. I was President of the Student Body and FFA, member of the Beta Club, and Boys State representative.

## Movie Marquee

By Alton Lee  
Ambassador

THE JOKER IS WILD remains on at the AMBASSADOR for the rest of the week. Beginning Sunday is THE HUNCHBACK OF NOTRE DAME with Gina Lollobrigida and Anthony Quinn.

### Colony

THE INVISIBLE BOY is still on at the COLONY, and the manager told me it might be held over. Incidentally the COLONY has found a suede jacket which they believe belongs to a State student. If you've lost a coat, check by there.

### State

Rory Calhoun opens today in THE BIG CAPER at the STATE. No reviews were available on this picture; but if you're a Rory Calhoun fan, you'll probably enjoy it.

### Varsity

Luscious Marilyn Monroe starring in THE PRINCE AND THE SHOWGIRL, begins today. Her co-star is Laurence Oliver. While this is not Marilyn's best effort in the movie field, you might enjoy it. Reports say it's witty and amusing.

### Village

People continue to report that Elvis's picture at the VILLAGE is a flop, but if you're like me you always have to go and find out for yourself. The black and white cinemascope show also features Judy Tyler, and Dean Jones.

### Wake

GAMBLER OF NATCHEZ with Dale Robertson and Debra Paget is showing at the WAKE along with KING'S THIEF featuring Ann Blyth, David Niven, George Sanders, and Edmund Purdom.

If you are interested in knowing what is playing at Raleigh's four drive-ins, we invite your card stating such desires. We will do our best to cooperate.

## GET INTO THE NATURAL LOOK

Everything fashionable on campus this Fall and Winter is trim and natural, and that's true of our fine clothing. All jackets and suits are in the natural Ivy look, 3-button model with narrow lapels and straight body lines. You'll find it very pleasant as well as rewarding to make your selection here.

## Treasurer's Office Sought By Lowry

Ed Lowry has announced this week his candidacy for treasurer of the Freshman Class.

Ed, a student in Civil Engineering, is from Greensboro and is a graduate of Greensboro Senior High. While in high school, he was treasurer of the Los Condes, a high school service club and also treasurer of his church youth group. Lowry handled the expenses of some thirty graduating seniors at Greensboro at treasurer of his homeroom.

### PLAY GOLF

### At Cheviot Hill

Wake Forest Rd.

Weekday Green Fee .....\$1.00

Weekends & Holidays ....\$1.50

### CLUBS TO RENT

About his policies, Ed has said, "I will see that expenses are cut to a minimum and that the freshmen receive the best and the most for their money. I will issue a statement concerning the state of the treasury periodically. Since I have had the practical experience necessary to fill the office of treasurer, and have the interest of my fellow students, I feel that I am well qualified for this position."

### College Starts Here

The best dressed men on many a campus find "exactly what they want" in our unusually complete selection of IVY clothes. Suburb flannels and hand-woven shetlands.

Suits from \$50.00  
Sport Jackets \$37.50  
Slacks from \$15.95

**Lanier Womble**

Open Friday 'till 9:00 P.M.  
311 Fayetteville St.

## Ever meet a fanatic?

He's got just one thing uppermost in his mind. He's looking for a job he's thinking only of pay or only of security. Reasonable men, however, weigh these and many other factors when they're evaluating career possibilities. Such factors as opportunity, challenging work, training, professional associates—things fanatics never bother to consider.

The Bell Telephone Companies have a booklet for reasonable men. It's called "Challenge and Opportunity." It's not the sort of thing that'll make a fanatic's eyes light up, but it ought to interest a thoughtful young man—whatever his college background—who is weighing career possibilities. Get it from your Placement Officer or send the coupon.

College Employment Supervisor

## Roper Seeking Treasurer's Post

Doug Roper is a candidate for Treasurer of the Freshman Class.

Roper has the following to say about his candidacy:

"I have had experience with monetary matters, both in high school and church organizations; and feel that I am well qualified for the job. I would appreciate your support very much."

## Loan Fund Donated

A \$500 student loan fund has been contributed by John C. Roberts, president of Textiles, Inc., Gastonia, to the School of Textiles at State College.

Buffet (Self Service)—Cardinal Room with Waitress Service

## THE PARTY WEEK END: ITS CAUSE AND CURE

With the season of party weekends almost upon us, my mail of late has been flooded with queries from young inmates of women's colleges wishing to know how one conducts one's self when one has invited a young gentleman for a weekend. This morning, for example, there were more than 30,000 letters, each containing a lock of hair. I gave the hair to a bombsight maker and the lanolin to a dry sheep of my acquaintance, and I turned instantly to the question: How should a young lady deport herself when she has asked a young gentleman to be her guest at a party weekend?

Well, my dear girls, the first thing to remember is that your young gentleman is far from home and frightened. Put him at his ease. You might, for instance, surprise him by having his mother sitting in a rocker on the station platform when he gets off the train.

Next, what kind of corsage should you send your young gentleman? Well, my beloved maidens, orchids are always acceptable.

If you find, my esteemed fillies, that your local florist has run out of stock, do not be dismayed. Make a corsage out of paper. But pick good, stiff, durable paper—twenty dollar bills, for example.

Remember at all times, my fond wenches, to show your young gentleman courtesy and consideration. Open doors for him, walk on the traffic side of the path, assist him to the punch bowl, zip his parka, light his Marlboros. (What, you ask, if he doesn't smoke Marlboros? Ridiculous, my precious nymphs! Of course, he smokes Marlboros! Don't you? Don't I? Doesn't everybody who knows a hawk from a handsaw?? What other cigarette gives you such a lot to like? Such filter? Such flavor? Such flip-top box? No other, my sweet minxes, no other. Marlboro stands alone, and any man worthy of you, my estimable damsels, is bound to be a Marlboro man.)

If you will follow the simple instructions stated above, my good lasses, you will find that you have turned your young gentleman into a fast and fervent admirer. There is nothing quite like a party weekend to promote romance.

*Serafina sat anxiously by the mailbox...*

I am in mind of a party weekend some years ago at Miss Pomfritt's Seminary for Genteel Chicks in West Linotype, Ohio. Serafina Sigafos, a sophomore at this institution, majoring in napkin folding, sent an invitation to a young man named Fafnir Valve, a junior at the Joyce Kilmer School of Forestry, majoring in sap and boles.

Anyhow, Serafina sent an invitation to Fafnir, and he came, and she showered him with kindness and cuff links, and then he went away, and Serafina sat anxiously by the mailbox, wondering whether she would ever hear from him again. Sure enough, two weeks later she got a letter: "Dear Serafina, Can you let me have fifty bucks? Yours, Fafnir."

Whimpering with ecstasy, she ran to the bank and withdrew the money and mailed it to him. From then on, she got the same request every week, and as a result, she became very well acquainted with Ralph T. Involute, teller of the West Linotype Bank and Trust Co., and their friendship ripened into love, and today they are happily married and live in Stamen, Oregon, where Ralph is in the extruded molasses game and Serafina is a hydrant.

Every weekend is a party weekend when you smoke Marlboros, whose makers bring you this column throughout the school year.
