The annual Engineers' Ball was held Saturday night in the Coliseum. The dance, which was sponsored by the Engineers' Council, used an outer space theme. Music was furnished by The Collegians from East Carolina College. Photo by Rabb

## State Board Approval Given New Married Housing Project

A 300-unit housing project at State to cost approximately \$1,800,000 has been approved by the State Board of Higher Education and the Advisory Budget Commission.

The project will offer housing for married graduate students or married students who are veterans. The Board of Higher Education ruled that the State would not be justified in providing housing for undergraduate married students.

The board also stated that the demand for qualified college teachers makes it necessary for the State to provide housing for married graduate students. It was decided that as long as the present policy of drafting men for military service is in effect that the State should furnish

housing for both graduate and undergraduate married veterans.

### Housing Preference

It was pointed out that housing for married undergraduates could not be provided because the State has not been able to provide adequate housing for all single undergraduate students. On the other hand, it was stated that undergraduate married students could be permitted to occupy the housing facilities provided they were not fully occupied with married graduate and married veteran students.

The project is to be financed through self-liquidating loans obtained through the Federal Housing and Home Finance Agency. The loans will be repaid by income from housing

rentals plus some income from dormitory rentals.

### Request Cut

State College originally requested approval of a 500-unit housing project. This request was cut because of the decision not to provide housing for undergraduate married students.

Approval was also given to a 208-unit housing project at the University of North Carolina to cost approximately \$2 million.

In other action the Budget Commission gave preliminary approval to an additional 800-man dormitory at State College to cost approximately \$2 million.

## No Gift Idea Falls In Senior Voting

At the Senior Class meeting on Friday, a motion was made that the Senior Class of 1958 not give a class gift to the college this year because the Administration did not approve the type of diploma recommended by the Senior Class Diploma Committee. The motion, however, was defeated.

A second motion, made as another expression of disapproval of the Administration's decision to give the smaller, more modern type of diploma, stated that the class gift be "a sum of money set aside to be used by a committee to publicize the opinions of the present Senior Class on the diploma which has been decided upon for the next five years."

**Second Motion Defeated**  
After brief comment by Senior Class President, Jim Peden, Jr., that, in his opinion, such money would be wasted, this motion was also defeated.

Peden stated that he had talked to Chancellor Bostian and that the Chancellor "was extremely sorry that many of the Seniors are not satisfied

with the diploma selected." "The Chancellor," Peden continued, "tried his best to have the students express their opinion on the selection of the new diploma."

### \$1.00 Per Senior

After further discussion, a final motion was made by Senior Class Treasurer, Felton Davis, that "we, as the Class of '58, give a class gift; that each Senior voluntarily contribute \$1.00 for the gift; and that a committee be set up to recommend a gift." The motion was amended to read that the \$1.00 be collected at spring registration by the Class Treasurer.

After several brief comments, the motion, as amended, was passed by the approximately 90 Seniors attending the meeting.

President Peden announced that invitations for graduation would be available this year for \$1.10 each and will be sold through the Students Supply Stores. *The Technician* will announce later the dates when the invitations will be available.

## Bell System Recommended By Student Government

Reports were made at last Thursday's Student Government meeting that at least twenty-four bells are needed in individual buildings for signaling changing of classes.

The bells are deemed necessary because in some classes bells signaling the end of classes cannot be heard.

The Student Government recommended that the twenty-four bells be installed with the cost of \$1248 to be borne by the ad-

ministration.

### Appropriations

Requests were heard from IDC President Ron Sneed and the Drum and Bugle Corps for appropriations of \$2628 and \$1600 to cover expenditures. Appropriations of \$656 and \$100 were made and both organizations were reminded that more money can be appropriated later when it is available.

Student Government President Jim Hunt delivered a State of the Campus address in which he discussed the various problems and duties facing the Student Government.

Hunt also extended a welcome to the new freshmen Senators and urged them to place every effort in their duties as a member of the Student Legislature.

### WUS Drive

Leon Marion, Regional Executive of the World University Service, spoke in behalf of the WUS Drive.

After Marion's talk, Fred Rawicz presented the Steering Committee's recommendation that the Drive be held the week of February 17 and that the money contributed be used at the discretion of WUS.

The Welfare Committee reported the dissatisfaction among the students concerning the present cut system, and stated that they are planning to conduct further study in the matter.

### Homecoming Parade

The fact that many students were unable to attend the Home-

coming Parade this year because of conflicting classes was presented by the Promotions Committee. The Committee recommended that the Coordinator of Student Activities take the necessary steps to bring about the excusing of all classes at the time of the Homecoming Day Parade in the future.

Senator Ray of the Elections Committee reported on the low vote in this year's freshman elections. The cause, he said, was probably the fact that students could vote at only one place due to the omission of class and curriculum from the new ID cards.

## Students Acquitted On Racing Charge

Donald R. Carey and Jonathan Haynes, both students at State and members of SAE Fraternity, were acquitted last Thursday on charges of racing their sportscars last September 14.

Had the two been proven guilty on the original charge—premeditated racing—they would have forfeited their cars to the State. They were the first two people ever arrested and charged on this count since the "premeditated racing" law was passed in North Carolina.

Arthur C. Hayes and G. H. Dunlap, both members of the Textile School faculty, testified as character witnesses.

## Order Dates Set For Class Rings

Aaron Capel, Vice President of the Junior Class, has announced that a representative from L. G. Balfour Company will be on the campus next month to take orders for class rings.

Orders will be taken in the Student Supply Store from Tuesday, December 3rd, to Monday, December 9th, excluding Saturday and Sunday during the given period of time.

### Handling Charge

A handling charge of two dollars will be added to all orders that are made after December

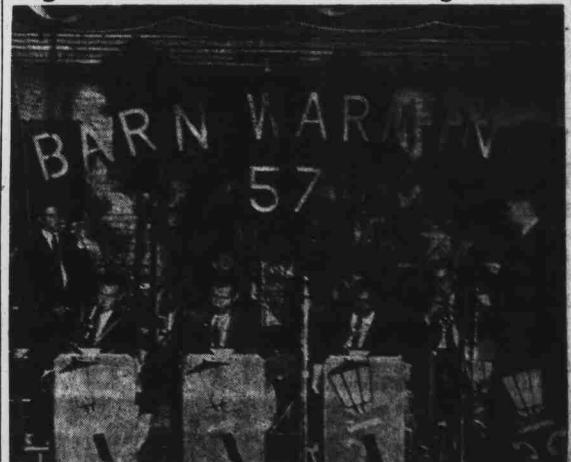

9th. Late orders will be handled through the Student Supply Stores.

Prices according to ring weights are 12 pennyweight, \$25.00; 14 pennyweight, \$27.00; and 17 pennyweight, \$29.00.

Cost of the ring will not include taxes. No charge will be made for placing student names on the rings or for adjustments. An extra charge will be made for adding Greek letters.

Distribution of the rings will be at the Student Supply Stores rather than mailing the rings to the individual students.

### Ag Students Hold Barnwarming Dance

The above scene is from Saturday's Barnwarming Dance which was held in Frank Thompson Gymnasium. Ladies wore gingham dresses to the event with gents wearing bibbed overalls. Photo by Rabb

**EDITORIAL COMMENT**

**Goal Post Comparison**

For those of you who were listening to the exciting State-South Carolina game on the radio Saturday at the same time you were watching the Carolina-Duke game on television, there was something which probably caught your eye at the end of the Carolina-Duke game.

Did you notice the tearing down of the Duke goal posts (both of them) by the Carolina men after Tatum's Tar Heels had just upset the Blue Devils?

Immediately after the final horn blew, a large number of Carolina students and alumni swarmed around the Duke goal posts and, unmolested or man-handled by policemen, successfully razed and carried away both of the goal posts.

There were no bottles thrown, no fights, no one handcuffed, and no clothes torn apart. Just an old football tradition was being reenacted.

Is this not a striking comparison to the action which ensued at the end of the State-Carolina game? Does it not prove that, had State students been allowed to tear down Carolina's goal posts, without interference by the Chapel Hill police, there would have been a lot less trouble?

The proposal made by Carolina and accepted by State a couple days after the game, in September—that the goal-posts of the losing team be presented to the President of the Student Body of the winning team by the Student Body President of the losing team—was a good stop-gap proposal at the time to cool hot tempers.

Tempers have now cooled, however, and we call on the Student Government President to reconsider this proposal.

Are students, from either Carolina or State, going to quietly sit and watch such a ceremony after their team has just beaten a long-standing rival? We don't think so.

Why don't the Student Government Presidents just agree to leave a harmless tradition alone, and, unobstructed by the police, let the students of the winning team go ahead and tear the goal posts down?

**Take Down The Fences**

At the Chancellor's Liaison Meeting last Friday, the Chancellor spoke about the numerous fences on the campus. These fences, which are supposed to preserve the beauty of the campus by stopping people from walking on the grass, have subtracted far more than they have added to the beauty of the campus.

We propose that all of the fences be taken down. Then, if definite paths develop in some places, this will be a clear indication that a new walkway is needed at this place.

If the fences were removed and future walkways laid out on a more functional basis, we would have taken a big step toward further beautification of the campus.

**LETTERS TO THE EDITOR:  
Student Body Approval**

May I offer my congratulations wherever due for the thoughts brought in the November 18 *Technician* concerning stands that students have taken in and concerning the State Student Legislature. It pleases me greatly to see students begin to take such an active interest in the privileges and responsibilities of their citizenship.

Few people think that the student leaders were lying when they asserted facts that the city newspapers tried to deny. Fewer, still, that remember the reporting concerning last spring's "campus riots" would say that the Raleigh papers are incapable of misquoting or misrepresenting the facts.

**Approval Impractical**

The suggestion that all issues for the legislature be approved by the student body is a very admirable but impractical suggestion. The problem would be well met by the procedure used this year with some added publicity. This procedure was for all interested students to meet several times and to discuss and decide on issues to be brought to the State Student Legislature.

The restrictions on expressing opinions in certain areas of the world is as plain to see as was the slaughter in Hungary. Considering our great privileges, it would be a phenomenon close to criminal neglect for us to neglect to speak our convictions when we can give a responsible and educated opinion.

**Editorialette:**

**Senior Class Gift**

At the Senior Class meeting on Friday there was much adverse comment concerning the type of diploma which is to be given the Seniors for the next five years.

Some of the Seniors even expressed the opinion that no gift should be given the school this year as a protest against the decision made on the diplomas. Later, however, it was decided that a gift would be given by the Class of '58.

We are very glad that the tradition of giving a class gift will not be broken. In three or four years, the diploma situation will have been forgotten, and, now that they have decided to give a class gift, the present Seniors will be able to look with pride at the gift they left their Alma Mater when they were Seniors.

**Of Bills Is Impractical**

Perhaps these words sound too strong. Many people and many students especially would prefer to sit back and be amused by the words of those debating the issues of the day. I propose that it is a duty of the student to become informed and to express an opinion on those things that matter.

**Unfamiliar Events**

There are many words and events with which we are only slightly familiar. What do you think of the Apartheid movement in South Africa? What did you think of the American students illegally accepting the invitation to visit Red China last summer?

On our own level, what do you think of State College's academic standards? Should they be made higher so as to give the school a better reputation and the students better chances for good jobs, and to result in better educated scientists and technicians, or should the academic standards be made lower to make it easier to pass your courses and for the school to educate more people?

The answers to all these questions will have a great effect upon you. Ask yourself what's the best answer to them.

Richard Burgess

**A Senator At Student Gov.**

By Pierre Leveque, Jr.  
Having been recently elected to represent the School of Engineering as a freshman senator to the Student Government, I attended my first legislature meeting on Thursday, November 21, at the College Union.

Before the Senate convened, I noted the presence of several important student officers—the Student Government President, Jimmy Hunt; the IDC President, Ronald Sneed; officers of the executive branch of the Student Government; and a few class officers.

As the session began, the Vice-president of the Student Government, Richard Burgess, called for the reading of the minutes of the last meeting. Following that the newly-elected freshman senators were called before the senate to be sworn in. After taking the oath of office, we were familiarized with the rules, regulations, and working methods of the senate.

Bells and a Light  
Committee reports were then given. The Traffic Committee reported that the request for action on the traffic situation at the corner of Dunn Avenue and Pullen Drive was referred to the City Police, who will propose to the City Council the placement of a stoplight at that intersection. Also, the Traffic Committee expressed plans to publish in *The Technician* at certain intervals of the school

year a seating plan of the football stadium. The Investigations Committee asked that 24 bells, at a cost of \$52 apiece, be placed in necessary places on campus. No report was given on the Cafeteria situation.

Student Government President, Jim Hunt, was the guest speaker for the Senate to welcome the newly-sworn senators. In the form of an informal "state of the campus" address, he presented the responsibilities of a senator and the heritage bestowed upon him as a representative. He criticized *The Technician* for not adequately covering the Student Government interests and also expressed his firm belief in the freedom of the press and of the editor in writing editorials.

**WUS Speaker**

The second guest speaker was Leon Marion, Southern Regional Executive of the World University Service, who explained the purpose of the World University Service, the outstanding work of the organization in the past, and the plans for the WUS

# PACK COPS ACC TITLE WITH WIN OVER USC

## Christy Scores 29 Points

# SPORTS with Jim Moore

### Around the ACC

Team	W	L	T
STATE	5	0	1
Duke	5	1	1
North Carolina	4	2	0
Maryland	4	3	0
Clemson	4	3	0
Virginia	1	4	0
South Carolina	1	5	0
Wake Forest	0	6	0

Probably the most exciting afternoon in the ACC this season took place Saturday, and after the dust of battle had settled, and the casualties had been counted, a new conference champion had been crowned.

Declared by many pre-season prognosticators as the dark-horse of the ACC, the N. C. State Wolfpack did its best to live up to the title as it walked off with the crown by defeating South Carolina, 29-26, while the Blue Devils were succumbing to a fired-up Tar Heel delegation, 21-13.

Sophomore quarterback, Jack Cummings, who scored one touchdown and passed for another, led Carolina over Duke, and its Wray Carlton, who scored all of the Blue Devils' points. U.N.C. was behind 13-0 midway the second quarter, but once they started rolling, they were unstoppable.

Of little surprise to anyone was the Clemson-Wake Forest fight which saw the luckless Demon Deacons lose in the last two minutes of play, 13-6, to the Tiger forces led by Soph quarterback Harvey White, who passed for a TD and then kicked the winning extra point.

### Athlete-of-Week

DICK CHRISTY... completed his college football career on Saturday in Columbia against the Gamecocks by scoring all of State's points as the Pack won, 29-26... holds nine records for the school and holds one ACC record, that being most points in one game... State's hope for All-American honors.

The Intramural Department is in need of officials for basketball games. All persons who are qualified and are interested are asked to come by the Gym and see either Art Hoch or Bill Pangle to sign up.

	USC	STATE
First Downs	20	12
Rushing Yardage	320	118
Passing Yardage	67	76
Passes	3-4	4-5
Passes Intercepted By	1	0
Punts	1-43	8-33
Fumbles Lost	4	0
Yards Penalized	63	50

As true an All-American as ever walked the campus of N. C. State, the incomparable Dick Christy by scoring 29 points, re-wrote the records, as he and his teammates downed the fighting Gamecocks of South Carolina, 29-26, before a wet crowd of 14,000 in Columbia Saturday, thereby wrapping up the ACC crown for State.

For the Pack, it was all Christy. He closed out his college career by breaking several State and ACC records. His 29 points bettered the record of 18 held by past Red Men greats, Alex Webster, George Allen, and Howard Turner, of most points in a game.

His four touchdowns beat the same men, whose three TDs had set the mark.

**Tops ACC Single Game Mark**  
In the ACC Christy's 29 points topped the previous high of 26, held by Jim Bakhtiar of Virginia and Wray Carlton of Duke.

The biggest moment of the game was after the partisan crowd had assumed it was over. Tom Katich, with the score tied 26-26, passed from the Gamecock 47, but it was intercepted by Alex Hawkins on his own 15, and he was down to the State 17 before center Paul Balonick got him.

At this time, the fans, seeing no time left on the scoreboard clock, swarmed onto the field. But the dawn broke for State followers as the referee signaled pass interference, which made for a re-run of the play.

### Christy Kicks Winning Field Goal

This was the point of highest glory for Christy. A field goal was the only chance for the Pack to win, and it was fitting that big No. 40 be allowed to

attempt it. Dick Hunter held the ball and Christy kicked from the 36. It was perfect and State had the ball game.

Carolina scored first late in the initial period, but early in the second quarter, the Pack struck back. Christy took the kickoff on the State 15 and returned it to the Gamecock 32. Nine plays later, Christy went over from the 2, and the score was tied at 6-6. On the PAT try, Christy dropped the snap and he couldn't retrieve it in time.

### Pack Ties It Up

After ten plays had elapsed, and with the aid of a personal foul penalty for slugging against a USC player, Christy had done it again. This time, big No. 40 tried the conversion and it was good. The score was 19-11.

State kicked off and neither could move it. After an exchange, South Carolina found itself on its own 14, resulting from a 31-yard punt by Ken Trowbridge.

The Gamecocks held onto the ball for two downs, but on the third, it slipped away from QB

Sam Vickers and Pack Guard Joe Rodri recovered on the 24. Christy and Katich took turns with the ball, and Christy finally went over from the one. Again he booted it successfully and the score was 26-19.

Then it was the Gamecocks turn again, and they made good, setting the stage for dramatic finish.

### Hunter Gained 26 Yards

Christy was the workhorse for State, picking up 79 yards in 24 carries. On nine tries, Hunter gained 26 yards.

The game with USC marked the end of the first winning season for the Pack since 1950.

Don't let that "drowsy feeling" cramp your style in class... or when you're "hitting the books". Take a NoDoz Awakener! In a few minutes, you'll be your normal best... wide awake... alert! Your doctor will tell you—NoDoz Awakeners are safe as coffee. Keep a pack handy!

15 TABLETS, 35c

## INTRAMURALS

Playoffs began this afternoon in the football section of the Intramural Program, and there are few fans surprised at the teams that made the finals.

Sigma Chi, the defending champion of the fraternity section in football, played SPE today in the first round. For the dormitory section, last year's winner, Becton 1, tangled with the forces of Turlington 1, also in the first round.

There were five other games this afternoon, but they marked the end of finals play until after the holidays.

Wednesday, November 27, is the last day for entering a team in the second annual Intramural Dixie Classic. Last year over 30 teams were entered in the single elimination tournament, with Becton 1 taking the trophy.

After the tournament was over, Tucker combined talents with Becton and together they won the City League title.

Individual trophies go to all members of the winning and runner-up teams.

The football and volleyball scores for the week of November 18-22 are as follows:

FRATERNITIES	
Football	
Sec. 1—Sigma Chi	14
Sig Nu	0
Sec. 2—Sig Pi	35
SAM	2
PEP	19
PKP	6
Sec. 3—PKT	2
KA	0

# School of Design Sponsors Churches of Europe Lecture

G. E. KIDDER SMITH

"The New Churches of Europe" will be the subject of a lecture to be given by G. E. Kidder Smith of New York, noted architect, teacher, lecturer, and writer, in the auditorium of the Riddick Engineering Laboratories Building at State College tonight (Monday) at 8 p.m.

Sponsored by the State College School of Design, the lecture will be open to the public free of charge. The program,

arranged by Dean Henry L. Kamphoefner of the School of Design, is expected to attract a number of ministers and church officials as well as other interested persons.

### Architectural Work

A member of the American Institute of Architects, Smith did the site planning and camouflage for the U. S. Army Base in Trinidad in 1940-41; designed the chapel at the U. S. Army Base in Antigua, British West Indies, in 1941; and has done other architectural assignments in the United States and abroad.

He was decorated with the Order of the Southern Cross by the Brazilian Government, in 1943 and has served for several

years as a member of the Commission on Architecture of the National Council of Churches.

In announcing plans for the lecture, Dean Kamphoefner said Smith is one of several distinguished architects, lecturers, and writers who will present public lectures under the auspices of the State College School of Design during the current academic year and urged all interested persons to attend Smith's talk.

### Nomination Forms

Wednesday will be the final day for submitting nominations for membership in Blue Key, junior leadership fraternity.

The nomination forms are available at the Office of Student Affairs, the YMCA, and the College Union.

## Second CU Day Planned for WC

The Consolidated University Student Council, meeting yesterday in Chapel Hill, voted in favor of having a second Consolidated University Day this year. It will be held at Woman's College in Greensboro on April 19.

The event will be planned around a Carnival theme and will include an informal dance that night.

Plans for the day have just begun and will be discussed further on December 8, when the Consolidated University Student Council will meet at State.

Chairman of the State delegation is Gene Bostian. Other members include George Howard, Jim Hunt, Cecil Brooks, David Barnhardt, Mac Lupold.

### POPS CONCERT PLANNED

The State College Symphonic Band will present a pops concert, with light and popular music especially for students, on Friday night, December 6, at 8:00 p.m. in the College Union.

### SENATOR

(Continued from page 2)

Fund Drive, which is scheduled for February 17 through 22.

The Senate was conducted in a manner of parliamentary procedure with such elegance which, I would not doubt, would cause shame on the faces of the representatives of the North Carolina Legislature.

## "Problems keep life interesting for a telephone engineer"

"I've taken part in all kinds of engineering projects during the five years I've been with the telephone company," says Bill Rhode, M.E., Tulane, '52. "Each project brings special problems to solve.

"Take a couple of recent jobs I did as examples. One was to plan and oversee the relocation of telephone facilities near a new drawbridge. The job included designs for attaching telephone cable to the finished bridge and for providing service to the bridge-tender's office and the locks.

"The other job was completely dif-

ferent. It involved bringing telephone service to an entire community of new homes—New Orleans' Park Island Subdivision. First I made field studies to determine requirements, then designed telephone facilities to take care of the community for 20 years.

"Another thing about these jobs—they're a result of the growth of the telephone business. Not only do problems like these keep life interesting for a telephone engineer, but they mean that careers are full of opportunities to show what you can do and get ahead."

Wilmer J. Rhode is with Southern Bell Telephone and Telegraph Company. He is one of many young men who are finding interesting and rewarding careers with the Bell Telephone Companies. Ask your placement officer for information about the careers these companies offer.
