

## Technician to Stop Mailing Off-Campus

Beginning next Monday, *The Technician* will no longer mail papers to students living off-campus. This measure has been made necessary because of the prohibitively high costs incurred in such mail delivery.

(For explanation of reasons behind this move, please see Editorial on Page 2.)

This policy does not effect mailing of papers to other off-campus subscribers who have paid for their subscriptions.

Off-campus students will be able to pick up their papers from one of five "pick-up points." These places are the College Union, the Textile Building, Winston Hall, the Coliseum lobby, and outside *The Technician* office.

Off-campus students can pick up their copies either the night they are publisher or the next morning when they are on campus for classes.

## Juniors Are Ordering Class Rings Now

Orders may be placed for class rings tomorrow and Monday on the second floor of the YMCA.

L. H. Blackwell, of the Balfour Company, will take orders from nine to five. A deposit will be required on all orders.

Any rings ordered after the remaining two days for placing orders will be handled through the Student Supply Store. An additional handling charge of 10% will be charged on all late orders.

## BULLETIN

Dick Christy, the senior halfback who broke virtually all of State's records during his three-year career here, was named this morning to the Associated Press All-America first team, thus becoming the first griddier in the history of the Wolfpack to receive the honor.

Given honorable mention on the mythical team were center Jim Oddo, and halfback Dick Hunter.

## HUNDREDS EXPECTED

# Saturday Designated As High School Day

State College will observe its annual "High School Day" Saturday when hundreds of high school students from throughout the State are expected to visit the campus for the day-long event.

Dr. Carey H. Bostian, chancellor of State College, has invited the juniors and seniors in the State's high schools, their teachers, and parents to attend.

Registration of the visitors will be held in the lobby of the William Neal Reynolds Coliseum Saturday, beginning at 11 a.m.

L. Y. Ballentine, State commissioner of agriculture, will

speaking at an assembly of the visiting students, teachers, and parents in the Coliseum Saturday at 1 p.m.

### Assembly Participants

Others participating in the assembly program will be Chancellor Bostian, who will welcome the visitors; Jimmy Hunt of Lenoir, president of the State College student body, who will speak briefly; Leslie N. Boney, Jr., of Wilmington, president of the college's Alumni Association, who will speak briefly; Reggie Ponder of Raleigh, president of the College YMCA, who will give the invocation; and H. W. (Pop) Taylor, di-

rector of alumni affairs and chairman of "High School Day", will preside.

Nancy Mumford of Raleigh, a State College coed, is chairman of the registration committee. Serving as student chairman of the "High School Day" committee is Christopher Tabor of Baltimore, Md.

### Tours

Following the assembly program, tours of the college campus and departmental facilities will be held Saturday from 2 until 5:30 p.m.

The visitors will be guests of State College at the Penn State-N. C. State basketball game in the Coliseum Saturday at 8 p.m.

## Friday Night

# Symphonic Band To Give Concert

The State College 80-piece Symphonic Band will present a "Pops Concert" in the ballroom of the College Union Building Friday at 8:15 p.m.

This will be the first indoor concert of the year for the

State College Band and will include marches, overtures, show music, soloists and other special numbers.

### Soloist

James Decker, woodwind instructor in the Raleigh Public Schools, will be featured as a clarinet soloist playing Adagio-Tarantella by Cavallini.

Three cornet players—Horace Sher of Durham, James Walker of Burlington, and Gene Hughes of Raleigh—will be featured in a number entitled "Trumpets Wild." This is a cornet trio with band accompaniment written in a modern dance idiom.

### Open To Public

The concert, planned and presented especially for the students at State College, will be open to the public without charge.

Robert A. Barnes, director of music at State College, is conductor of the band, and Nels Leonard, Jr., is assistant conductor.

## Union to Have Christmas Dance

"A Snowy Christmas" will be the theme of the annual College Union Christmas Dance, to be held this year Saturday, December 7, at 9:00 p.m. in the C.U. Ballroom. Snow scenes in white and silver, accented by blue lights will provide a winter world for dancers to step into as they enter the ballroom.

Because of the basketball game the same evening, dress will be informal—coat and tie for boys, party dresses for girls. The dance, which is date only, is free to all C.U. members and their guests, and all students are invited to attend.

## St. Mary's Glee Club to Sing Friday Night in CU Ballroom

St. Mary's glee club is shown as they practice for their performance in the College Union Ballroom Friday night at 8:00.

(Photo by Autry)

# Auction Will Aid Design Publication

The annual art auction of the students in the School of Design at State College will be held tonight in the main ballroom of the College Union Building at 7:30 p.m.

Among the items to be sold are paintings, sculpture, and pottery including the work of students, faculty members, graduates, and local artists.

### Proceeds

Proceeds from the auction will go to the Student Publications, official magazine of students in the college's School of Design. The magazine has the longest record of publication of any such magazine published by architectural students in the country.

Co-chairmen of the event are Wayne Taylor of Maple and

Bob Tucker of Gastonia, both students in the School of Design.

Prof. Roy Gussow again is serving as auctioneer.

The two students serving as co-editors of the Student Publication in the School of Design this year are Eugene Lowry of Kingsport, Tenn. and Henry Menzies of Winston-Salem.

### German Movie

A preliminary feature to the art auction will be the free showing of an early German movie, "The Cabinet of Dr. Caligari," in the theater of the College Union Wednesday, December 4, at 8 p.m.

Arrangements to show the film were made by Charles Sax of New York City, publicity chairman for the art auction.

## Foreign Students To Hold Seminar

An International Student Seminar will be held from Dec. 27 through Jan. 1 at Lake Placid, Florida.

Sponsored by the Committee on Friendly Relations Among Foreign Students and the Southern Area Student Council of the YMCA, the Seminar is open for foreign students.

Theme of the seminar will be the basis of understanding between peoples.

### Charge

A charge of \$20.00 will be made for registration and room and board for five days. Cost of transportation will be handled by the individuals attending the seminar.

Reservations should be made immediately. More information and application forms are available from Dr. Roy N. Anderson, Room 236, 1911 Building.

## Basketball Ticket Policy Announced

Students desiring tickets for the three reserved games (Duke, Carolina and Wake Forest) may pick up their ticket and one date ticket (\$1.00) at the Coliseum Box Office upon presentation of I.D. card on the following days:

Duke (Feb. 11) Tickets on sale: Feb. 3 through 7, 8:30-4:30

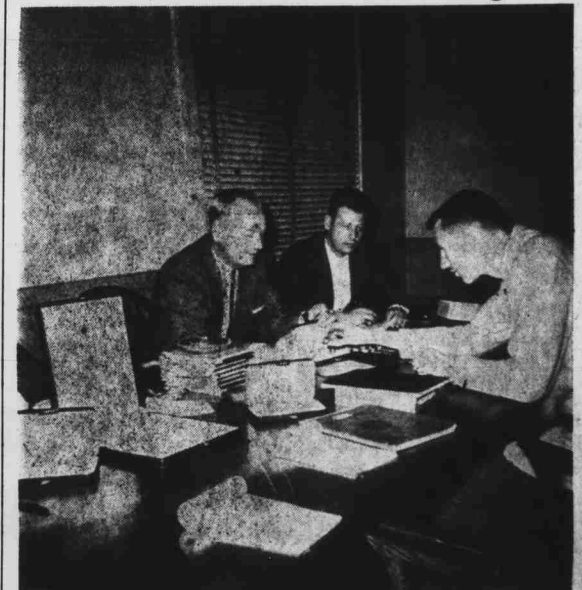

North Carolina (Feb. 18) Tickets on sale: Feb. 10 through 14, 8:30-4:30

Wake Forest (March 1) Tickets on sale: Feb. 24 through 28, 8:30-4:30

### Date Tickets

Date tickets (one each student) for all general admission games may be purchased at game time from far-right ticket booth upon presentation of I.D. card. Season basketball tickets for wives may be purchased from the Coliseum Box Office between the hours of 8:30 and 4:30 any weekday, upon presentation of I.D. card by student, for the sum of \$12.00.

## A Junior Selects His Class Ring

John Sprinkle chooses his class ring with a representative of the Balfour Company, who will be on campus tomorrow and Monday to take orders.

(Photo by Shuford)

# Off-Campus Delivery

As announced on the front page of this issue, *The Technician* will discontinue mailing papers to off-campus students beginning next Monday. Instead, there will be several "pick-up points" from which students living off campus can get their papers.

We are very sorry that we have to take this step. There are, however, financial reasons for the decision.

We lose money on every student to whom we mail a paper. It costs us approximately \$.75 per year to mail a paper to a student living off campus. Yet, all students pay only \$1.15 per year from their activities fee for the paper.

This means that, whereas we are getting \$1.15 from other students (which still pays for only about one-third of the cost of the paper), we are receiving only \$.35 from off-campus students.

Other reasons for the decision include higher printing costs for two issues a week, and an added expense of approximately \$1000 per year for engravings.

There is one bright part of the picture, though. All people living off campus will now have an opportunity to get their papers the same night they are published, or, at the latest, the next morning. In the past, papers mailed out have arrived so late that much of the news is then untimely.

We hope that the new method of having several "pick-up points" will not be too inconvenient and that it will offer off-campus students an opportunity to get their papers while they are still "newsy." —DB

"Lock the door, there's a man in my room!"

## Greeks On Campus:

# Baptist Criticism Unjustified

By Oscar Grant

Among the many issues taken up by the recent session of the State Baptist Convention was one which was of particular interest to fraternity men on this and every college campus in the state. The item this writer is referring to was the attack made by Dr. J. C. Canipe, Baptist Convention President, on college fraternities.

Dr. Canipe, in his address to the convention on November 19, accused fraternities of being "undemocratic, un-Baptist, and un-Christian." Had Dr. Canipe's words been heard only by those people attending the convention, then this statement would have been only the concern of the Baptist Church. Unfortunately, however, this was not the case as all medians of the press reported the story to the people of North Carolina.

While this writer recognizes that it is the right of any citi-

zen to express an opinion, I believe that any person whose opinion is valued as highly as Dr. Canipe's accepts a moral responsibility with his position to avoid subjects with which he is not familiar.

If Dr. Canipe believes in such a moral responsibility, he did not show it in his address before the Convention. He did, however, show that he was not very familiar with college fraternities and the things they stand for. Had Dr. Canipe been even slightly familiar with the college fraternity, he would have realized that fraternities are founded around the principle of brotherhood, which is one of the very basic doctrines of Christianity.

Also, had Dr. Canipe looked at the records of many ministers in the Baptist Church and the other churches around him, he would have found a great number of former "greeks" among them. He might also have discovered that many fraternities base their entire initiation ceremony on religious beliefs.

It is all well and good to laugh off this matter as simply the opinion of a rather narrow-minded man, but the fact still remains that this attack has done much to damage the long-sought good reputation that most fraternities want to have. This is of particular significance to State's fraternity men who have worked hard through clothing drives, entertaining orphans at Christmas, etc., to achieve such a good reputation.

In closing, may I say, for the sake of any Baptist readers that I might have, that the above is in no way a criticism of the Baptist Church, but is simply a retaliation to the unscrupulous attack which had been made on our fraternity way of life. . . .

## Letter to the Editor:

# Reader At W.C. Has Words For Technician

Dear Mr. Editor:

For over a year now I have been an avid reader of *The Technician*, suffering in silence all the dire consequences this has brought upon my head. The time has come when I can no longer retain any maidenly decorum about the situation—something has to be done!

The immediate stimulus for this outburst occurred this morning when I entered the Soda Shop with my newly arrived copy of the Nov. 14 issue of your paper in hand. As is my custom on Wednesday and Friday mornings, I settled back with coffee and Viceroy in hand, prepared to spend a fruitful hour delving into the eight page wonder before me. And then it happened—I was mobbed!

One of my table mates, noticing that her best bud had made front page, grabbed the paper from my hands and ripped out the picture of last weekend's IFC sponsors. Then as I watched in utter horror, the paper was tossed about and deleted of such likely and unlikely items as the editorial column, the cartoon headed Campus Comedy, and comments on recent action in State Student Legislature.

But the final straw came when one particularly excitable young lady clutched the picture of Tony Guerieri to her heart, exclaiming "Gee, he can kick me around any time he'd like!"

In view of this deplorable situation, I would strongly urge that you investigate the circulation potential at W. C. It is my

opinion that your circulation manager could have a field day on this campus (as, for that matter, could any other members of your staff, their roommates, fraternity brothers, friends, etc., who would care to give it a fling).

If this is out of the realm of the possible, and if you intend to continue to print papers as chock-full of news as the issue to which I refer, then I shall have to ask you to send my copy in a plan wrapper in the future, to assure my safe return to the dorm, where I will henceforth read in secrecy.

My congratulations to you and your staff on a fine job!

Phyllis Whitley  
W. C. U. N. C.

## Affairs Of State:

# Governor Vs. Legislature

By Pierre Leveque, Jr.

(EDITOR'S NOTE: This is the first in a series of weekly columns; the opinions expressed herein are those set forth by the writer and are not necessarily those of *The Technician*.)

The controversial issues between the North Carolina Student Legislature and the Governor of the State, evolved from the passage of a bill to repeal all laws prohibiting racial intermarriage and an attempt by a State College delegate to legalize prostitution in the State, are still smouldering here at State College and on Capitol Hill.

The governor is attempting to strengthen his political power among the Democrats of North Carolina by his opposition to the Student Legislature and at the same time retain prestige throughout the country by stifling nation-wide publicity.

The Student Legislature, vehemently protesting the Governor's stand on censoring legislative agendas of future years, has launched several unsuccessful attempts for a conference with the Governor to reach some point of agreement.

### Young Democrats Club

The State College Young Democrats Club, one of the political organizations at State which works closely in conjunction with the Young Democrats of North Carolina, has as its president Bob Futrelle, one of

the reorganizers of the YDC in 1954 and holder of a state-wide office.

When asked what an objective of the Young Democrats Club was, he replied, boldly and with all sincerity, "... We must work to protect ourselves from Nixonic Republicanism."

### Ban on Dancing

The old fuddieduddies who are responsible for the ban on dancing at Wake Forest College, Meredith College, and other Baptist institutions should literally be shot.

Dancing is one of the most wholesome activities in which college students can participate; the institution of dancing in our colleges of today is certainly not a sin, by any means—unless our Baptists are becoming Quakers and are so narrowminded as to drive their young people from the sanctuaries of chaperoned college dances and clean fun and enjoyment into the Hellholes and passion pits of the lowest depths of our society.

The demonstrations that have been put on at Wake Forest in protest of the Baptist ban on dancing were, in my opinion, well-welcomed and should be continued until such action necessary to reverse an unwise decision is taken.

## Idgad:

# Opportunities of Newspaper Work

By Roy Lathrop

We want to make an appeal to the students of State College, an appeal for help. The editor and staff of *The Technician* have thought of many ways to expand our staff, and several of these ideas have been tried . . . none have worked effectively. So now we must make an appeal to your interest, your common sense, and your initiative.

First, interest. Many of you on this campus are looking for extra-curricular activities that will be interesting as well as beneficial. Many of you also know by now that *The Technician* needs help in almost all parts of its staff; so why can't

we get together? We can guarantee that there are few activities on this campus that are more interesting or beneficial than work on this paper. And the opportunities for new ideas are unlimited; any newspaper thrives on the imagination of its staff. Furthermore, you can get really valuable experience in meeting people, dealing with them, and writing their stories.

Next, common sense. It is a popular misconception that anybody working on a newspaper staff must have previous experience or else be a Journalism major; that just isn't so. Many of us who work on the paper

got all or most of our training right here in the office. For years, students have been coming to *The Technician* "green" and within a few weeks have really started doing a good job. Besides, a minority of the staff are actually involved in writing; many more take care of layout, advertising, photography, business, etc. . . . and it is relatively simple to teach new help in these fields.

Last, initiative. Now, about the only initiative it takes primarily is just to come to the office and talk to us about what you'd like to do. Where initiative really counts is sticking with the job; we need people who want to learn, and after they learn we want to be able to depend on their help. We obviously can't force anyone to work on our paper; but if you are interested in doing something for your campus and something for yourself, too, then there is a good possibility you can find a place on the paper.

Another important consideration is the contacts you can make through a college paper. We often meet people or get news that is of great help to us personally, not only when we are in school but also later when we are looking for a job.

We all want a better student newspaper. We want a newspaper that will cover all aspects of college life. We can have that kind of newspaper only if you, the students, are interested enough in yourselves and in your school to help us out.

## An Idea for State,

(ACP)—University of Texas student assemblyman Walt Coole proposed that tape recordings be made of all addresses and artistic performances made on campus. Recordings would be available through the library for student and faculty use.

Editor's Note: There are a number of excellent addresses made at State each year. Recordings of such talks could be quite beneficial and useful to others who were unable to hear the original presentation.

# Army ROTC Begins Flight Training Plan

The school year 1957-58 marks a new milestone in the history of Army ROTC at North Carolina State College.

During this year an Army ROTC Flight Training Program is being established on an extra-curricular basis and will consist of 35 hours of ground instruction and 35 hours of flight instruction; the successful completion of both leading to the granting of a private pilot's license.

The purpose of the course is

to screen applicants for Army aviation training, motivate students toward a career in Army Aviation, create a reserve pool of qualified pilots for use during periods of national emergency, and to provide additional career incentive for Regular Army applicants.

Cadets participating in this program must meet high mental and physical requirements.

Ten Accepted  
Ten students of those applying have been selected for

training this year. They are: Teddy G. Allen, son of Mr. and Mrs. Ichabod Allen, Farmville, N. C.; Paul W. Bailey, son of Mr. Paul Bailey of Everetts, N. C.; J. C. Bright, son of Mrs. Retha Bright of Chocowinity, N. C.; Lyman Harris, Jr., son of Mr. and Mrs. Lyman Harris, Sr., Grifton, N. C.; Charles M. Houser, son of Mr. and Mrs. Woodrow C. Houser, Vale, N. C.;

Charles H. Mateer, son of Mr. and Mrs. H. H. Mateer, Charlotte, N. C.; Robert L. Rackley, son of Mrs. C. L. Rackley, Asheville, N. C.; Robert F. Shipman, Jr., son of Mr. and Mrs. R. F. Shipman, Sr., Charlotte, N. C.; Ronald E. Sneed, son of Mr. and Mrs. H. E. Sneed, Oxford, N. C.; and Robert S. Williams, Jr., son of Mr. and Mrs. R. S. Williams, Sr., Erwin, N. C.

# Scholarships Won By Two Students

Two engineering students at State College have been awarded \$600 scholarships by the Superior Cable Corporation of Hickory for the academic year 1957-58, Dr. J. Harold Lampe, dean of the college's School of Engineering, has announced.

The recipients of the awards are Theo Clyde Pilkington of Durham, a senior in electrical engineering, and Thomas Fulton Wyke of Marion, a junior in nuclear engineering.

Dean Lampe stated that the young men were selected as winners of the Superior Cable Scholarships on the bases of their outstanding scholastic attainments, leadership, character, and financial need.

**Theo Pilkington**  
Pilkington, son of Mr. and Mrs. W. J. Pilkington of Durham, has maintained a "B" plus average and is a "Distinguished Military Student." He is currently secretary of Eta Kappa Nu, electrical engineering honor society, and secretary of the student branch of the American Institute of Electrical Engineers and the Institute of Radio Engineers.

In addition, he is a member of Tau Beta Pi, engineering honorary society, and the Scabard and Blade, military honorary society. Pilkington is also cadet regimental commander of the Army ROTC at State College.

**Thomas Wyke**  
Wyke, son of Mr. and Mrs.

W. W. Wyke of Marion, also maintains a "B" plus scholastic average. Last year he served as vice-president of his dormitory and as representative on the Inter-dormitory Council. He belongs to the American Institute of Physics, the Wesley Foundation, and Phi Eta Sigma, freshman honorary society.

Each year the Superior Cable Corporation offers its scholarships to one junior and to one senior out of the State College Departments of Chemical, Mechanical, or Electrical Engineering or from the Department of Physics.

# Freshman-Sophomore Dance Discussed By Officers

The first joint meeting of the Freshman-Sophomore class officers was held Tuesday, November 26, 1957 in the College Union. Eddie Knox, President of the Sophomore class presided.

The purpose of this meeting was to give the officers an opportunity to meet one another and to discuss the Freshman-Sophomore dance which is to be held on May 3, 1958.

Dave Thomas, Dance Committee Chairman led the discussion on progress made toward the Freshman-Sophomore. As of November 26 no band had been selected to play for the dance, and a concert is now in doubt as little interest was displayed last year.

### Televising Dance

Also discussed were the removal of the bleachers to accommodate more dancing space, ventilation, and the possibility of

again televising the dance. Clyde R. Hoey, II was appointed chairman of the TV Investigating Committee. Martha Hardy was named Chairman of the Decorations Committee.

Those students willing to work on dance committees are requested to contact Dave Thomas or one of the class officers.

As of November 26, 1957 the joint treasury of the Freshman-Sophomore class has a total asset of \$4,324.03. At the beginning of this school year there was a total of \$4,373.86 in the treasury. Up-to-date the expenditures are as follows:

Expenditures	
1. 1800 letters for Freshman at registration	\$ 16.00
2. 3000 duplicate receipts	15.30
3. A file for the treasury	9.00

4. One minute book ... 9.53

Total expenditures \$ 49.83  
Total reserve \$4,373.86

The officers present at this meeting were:

Eddie Knox, Charlie Tanner, Lad Daniels, Clyde R. Hoey, II, Martha Hardy, Dave Maharam, and Dave Thomas.

## Magazine Carriers College Drum Photo

The December issue of The Instrumentalist, a nationally-circulated music magazine published in Evanston, Ill., carries a picture of the big drum in State College's Marching Band.

The picture actually is a photographic illusion making the drum appear to be almost as high as the press box in Riddick Stadium, with Richard Knox of Greensboro, head drum major, sitting atop the drum.

## A Campus-to-Career Case History

## "I looked at all the angles"

Howard R. Winter, B.B.A., Texas A. & M., '51, is now a Commercial Manager with Southwestern Bell Telephone Company in Houston, Texas. He's in charge of 30,000 telephone accounts and a staff of 36 people.

Howard's interest in a telephone career dates from his first interview with a telephone company representative. "I looked at all the angles," he says. "We discussed pay and chances for advancement, which looked excellent because of the rapid growth of the Bell System. We talked about many different kinds of work, and about what would be expected of me."

After receiving his degree in business administration, Howard joined

Southwestern Bell's Commercial Department. "It was natural for me," he says. "I have a business background, I like to sell and make contacts."

"My training gave me a really solid foundation in the business. Two years in the Army interrupted it, by the way, but the two years were credited to my telephone company records and count toward all benefits. After I'd returned and finished my training, I was made a business office supervisor. And since February, 1956, I've been a Commercial Manager in Houston. Each assignment I've had has been a real challenge and has presented a tremendous opportunity to contribute to and advance in the business."

Be sure to investigate the career opportunities for you in the 17 Bell Telephone Companies serving all 48 states. On your campus the local company represents the others. For more information about these career opportunities, read the Bell Telephone booklet on file in your Placement Office, or write for "Challenge and Opportunity" to: College Employment Supervisor, American Telephone and Telegraph Co., 195 Broadway, New York 7, New York.

## Pack Faces Deacs Tonight

N. C. State will open its ACC card tonight when it meets the Wake Forest Demon Deacons in Winston-Salem, and, while neither team can be classed as a powerhouse this season, an exciting battle is in the making.

Wake and State both have a 1-0 record at this early stage of the game, with the Deacs defeating Davidson, 68-61, last Monday night while State took the outclassed Atlantic Christian, Bulldogs by a 72-44 score.

### Only Three Lettermen

Wake Forest is suffering this year as a result of losing four starters from last year's squad by graduation. The only letterman back for the Deacs forward, Olin Broadway, 6-3, Wendell Carr, 6-5, and Dickie Odum, 6-6, but Coach Bones McKinney thinks that Soph Dave Budd, 6-6, at center, and Soph George Ritchie 5-11, at guard, will bolster the team's chance of success.

In the opener against Davidson, Budd got 15, which Ritchie sunk 14, to lead the squad.

In the first game for the Pack, the main feature was the Atlantic Christian cheerleaders at half-time. Apparently awed at the massiveness of the Coliseum, the Bulldogs could do nothing for the first five minutes.

### Pack Led 11-0

When they finally did loosen up, the Pack was leading 11-0. After that, there was never a serious threat both teams substituted freely.

### Basketball Schedule

Dec. 5	*Wake Forest	Winston-Salem
Dec. 7	Penn State	Raleigh
Dec. 10	*Clemson	Clemson, S. C.
Dec. 11	*S. Carolina	Columbia, S. C.
Dec. 14	Eastern Kentucky	Raleigh
Dec. 19	Villanova	Philadelphia, Pa.
Dec. 26-27-28	DIXIE CLASSIC	Raleigh
Jan. 1	*Virginia	Raleigh
Jan. 11	*Duke	Durham
Jan. 15	*N. Carolina	Chapel Hill
Jan. 20	*Maryland	College Park, Md.
Jan. 25	Camp Lejeune	Raleigh
Feb. 1	*Clemson	Raleigh
Feb. 4	*Virginia	Portsmouth, Va.
Feb. 8	*S. Carolina	Raleigh
Feb. 11	*Duke	Raleigh
Feb. 15	*Maryland	Raleigh
Feb. 18	*N. Carolina	Raleigh
Feb. 22	LaSalle	Raleigh
Mar. 1	*Wake Forest	Raleigh
Mar. 6-7-8	ACC TOUR	Raleigh

\* Conference Games

## Varsity Wins, 73-53

In the annual Freshman-Varsity game played in the Coliseum on Thanksgiving Night, the Frosh fought hard, but had to surrender to experience as they lost to the Wolfpack, 73-53.

There was no real doubt as to who would be victorious as the Varsity led from the start and held a 48-28 advantage at the half. High scorer for the Varsity was Whitey Bell with 17 points, while Forward Stan Niewierowski was top man for the Frosh with 11 markers. George Stepanovich sunk 14 points for the victors.

State scored many of its early points on the famous fast break which had the Bulldogs completely baffled. Under the backboards, the Pack, with a decided height advantage controlled the rebounds, 53-29.

Junior forward Bob MacGillivray led the Pack scoring with 17 points, with Guard Lou Pucillo and Center John Richter

following closely with 13 each.

### Frosh Also Win

The State Freshmen also got off on the winning foot with a 100-70 victory over the Norfolk Naval Air Station. Larry Lakins, forward for Wolflets, was high man with 19 points. Another forward, 6-4 Stan Niewierowski, was close in pursuit with 18 tallies.

Forward Bob MacGillivray, 6-4 junior on the Wolfpack cage crew, prepares to dunk another of his famous jump shots in the game here Monday night against the Atlantic Christian Bulldogs. He was high scorer for the Pack in their 72-44 win. Photo by Barbot.

## Cross Country Track Season Ends; Coach Derr Cites Inscoe's Running

As the cross-country track season drew to a close, Coach Paul H. Derr could look back on a "very successful season."

During regular season meets, the greatest opponent proved to be the flu epidemic. Due to the epidemic, State had to cancel meets with UNC, Pfeiffer, William and Mary, and Davidson. Despite this, the Pack placed wins over Duke, USC, and Wake Forest, while losing close ones to Clemson and Virginia, for a 3-2 season record.

When time came for the State Meet, held at State College on Nov. 11, most squads were weakened by the flu, but seven colleges participated. From these seven, the Wolfpack emerged in 2nd place, beaten only by Carolina.

In the 5th Annual ACC Meet held at Wake Forest, State placed 4th, out of eight participating schools.

Coach Derr attributes a successful season to the spirit and hard work of his squad. He praised his outstanding runners, who carried the load most of the season. Bill Inscoe, a senior this year, and Co-captains Herman and Ferman Walker, also seniors, were high on the list as "stand-outs," along with Joe Creazzo and Tommy Hayworth. Of the five, only

Hayworth will be returning next year.

This year's Freshman Squad proved to be one of the better teams ever produced by State College. During the season, only one meet was lost, a thriller to Duke; and in the State Meet, State's Freshmen ran away with all honors, winning 1st place over four other colleges.

Coach Derr plans to conclude the season with an informal get-together, given at his home, for all members of the squad. This is planned for 6:00 p.m. on Dec. 18.

## Athlete-of-Week

**BOB MACGILLIVRAY**, 6' 4" . . . 206 lb. . . 22 . . . Jr. . . Dorchester, Mass. . . outstanding in State's 72-44 victory over ACC, with 17 points. . . high-scorer. . . joined squad at mid-season last year . . . a southpaw, extremely clever with fakes and has accurate jumpshot. . . led Freshman team two years ago with 20 point average. . . majoring in Industrial Recreation.

## Mafmen Open Sea. With Terps Saturday

State College's wrestling team will open the 1957-58 season against Maryland, Saturday afternoon at 2:00 p.m., in Tompkins Gymnasium.

The Wolfpack faces a tough schedule this year, and with only one letterman back, Coach Al Crawford is expecting a rough season. Maryland is the pick to repeat as the ACC Conference Champs, and should prove to be the Wolfpack's biggest test. The Terrapins have eight returning lettermen, five of whom are individual champions.

Coach Crawford is, by no means, selling his squad short. The Freshman squad looks to be "the best in many years," and should prove to be a big help by next season. Although Anthony Maltese, the one returning letterman, will be called on to carry the load, Coach Crawford is expected to shape his squad into one not to be taken lightly by its ACC opponents.

This season's official schedule is as follows: December 7—Maryland at State; December 13—Virginia at State; January 8—State at Carolina; January 11—Davidson at State; January 16—Wake Forest at State; February 14—Duke at State.

## NCS Meets Duke, Md. In TV Games

State College's basketball schedule will be highlighted this season by a network telecast of two of the Pack's big games.

On January 11, at 2 p.m., fans will be able to witness, "live," the game between State and Duke, and again on February 15, the contest in which the Wolfpack is host to Maryland. Both games will be carried over Channel 11, Durham.

Well-known sports announcer Jim Simpson will handle the play-by-play description.

Other Saturday games in the ACC included on the TV schedule are: Dec. 7—Clemson at North Carolina; Dec. 14—North Carolina at South Carolina;

# INTRAMURALS

Intramural basketball has already begun here at State, but one would not learn it by visiting the football fields on any given day.

The all-important playoffs are now being conducted, and the teams remaining are fighting tooth and nail for a place in the championship game.

In the Quarterfinals of the Fraternity division, Sigma Chi, perennial favorite, defeated SPE, 8-2, while AGR knocked previously undefeated Sigma Pi out with a 20-12 victory. Also winning their first round games were Sigma Nu, 12-7, over PKT, and SAE, 6-0, over PEP.

### Sigma Nu in Final

In the only semifinal game played thus far for the fraternities, Sigma Nu topped AGR, 13-0, to gain a berth in the final game.

Becton I continued its dominance of the dormitory football league as it forced its way into the final championship game against Tucker I with a first round, 30-0, win over Turl. I, and a semifinal defeat of Verville, 6-0.

### Tucker I Faces Becton I

Tucker I grabbed the spot against Becton 1 as a result of downing Syme, 6-0, in the first round and Bagwell 1, 12-6, in the semi finals. Another first round game saw Bagwell 1 defeat Berry-Watauga, 9-0.

### Intramural Classic Begins

The Intramural Dixie Basketball Classic swung into action yesterday, and by Friday all teams will have played at least once.

Over 35 teams have entered the single elimination tournament this year, and from every indication, it'll be tough.

## ALL-TIME RECORD

# Extension Division Reaches Fifteen Hundred Students

By Peggy Cheers

After dark, the lights burn brightly at State College as the Extension Division extends its program of night classes.

Enrollment in the current series of evening courses has gathered momentum over the past 33 years until it has reached an all-time record high of more than 1,500 students in four different types of nightly offerings.

The final count of this fall's registration, according to Extension Division Director Edward W. Ruggles, shows 521 in Raleigh night classes, 398 in sub-freshman math courses, 623 in the military program, and 35 in a metallurgy class.

Night classes began at the college during the 1924-25 school year with 77 students on that year's roster. Now, three decades plus three years later, the number of people served by the night classes has soared to 1,577.

## Regular Program

The regular Raleigh night class program is conducted on the college campus with faculty members serving as instructors. Each year, the Extension Division plans both a fall and a spring semester of classes. Thirty-five hobby, avocational, and college-credit courses are now in full swing.

Also conducted on the college campus are 16 sections of sub-freshman mathematics, the courses being plane and solid geometry and algebra review.

The vital need for these math classes arose because many freshmen students were sadly lacking in strong mathematical backgrounds which are essential for those entering technological studies.

To help remedy this situation and to assist technical students in achieving their goals, the math classes were inaugurated this fall on a non-credit basis.

## Military Program

The third group of night classes is the military program which takes college-credit courses to servicemen stationed in eastern North Carolina.

Three military bases are being served—Cherry Point Marine Base, Fort Bragg, and Seymour Johnson Air Force Base.

Two or three times each week, college professors journey to these locations to instruct courses so that servicemen can continue their college education while fulfilling their military obligation.

The final section, the metallurgy night class, was arranged at the request of industry and its employees. These students

attend weekly lectures in Winston-Salem and complete their laboratory work on Saturday afternoons at State College.

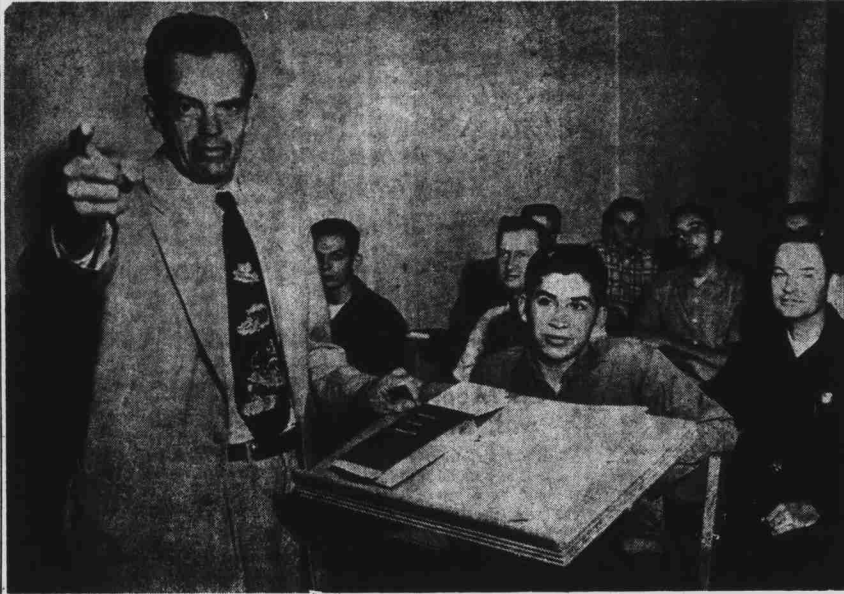

## Engineering Courses

Another group of evening classes which has been offered previously and will be offered again beginning the week of January 6 are the engineering

courses given at Charlotte College in Charlotte.

The winter semester, conducted in cooperation with Charlotte College, will include strength of materials, metallurgy, differential equations, and aircraft structures, all college-credit courses.

In addition to its increased night class offerings, the State College Extension Division offers a wide selection of short courses, conferences, correspondence courses, and other special programs for the benefit of approximately 15,000 North Carolinians each year.

Prof. Edwin H. Paget of the State College English Department is shown above instructing an English class as part of the Extension Division's night class program for servicemen sta-

tioned in North Carolina. Classes are currently being held at the Cherry Point Marine Base, Fort Bragg, and Seymour Johnson Field. (U. S. Army photo.)

### LOVE IN THE LAUNDRY

Last month we got the following letter:

Dear Van Heusen, you rats: Thanks mucho for breaking up the hottest romance since Scarlet and Rhett. Me and Laundry Mark x428Fy might be honeymooning in Palm Beach today if it wasn't for your so-called smart ideas. Go shoot yourselves in your ulcers. Respectfully yours, Dorothea Jones.

We tracked down the story behind it and found that Miss Jones worked a steam-iron at the Acme Laundry in Eastpox, N. J. Last year, while ironing a shirt belonging to Laundry Mark x428Fy, she had noticed a small piece of paper protruding from the slot on the collar. Curious, she pulled it out and read: "Whoever you are, I love the way you press my shirts. I think I may love you too. Interested?" She blushed, but daringly wrote her answer—"Interested, sorta," and slipped it in the collar-slot. Ten days later came another shirt from x428Fy and, sure enough, another note: "If you can cook like you

can write I may be smitten beyond recall. Fascinated?" This time she almost swooned, and wrote back, "Wow, am I!" Anyhow, note followed hot note and Miss Jones began thinking of turning in her steam iron for a marriage manual. Until one day tragedy struck. x428Fy's shirts arrived as usual, but when Miss Jones turned to the slot she found it *sewn-up*. Frantic, she tried to rip it open. No luck. She could feel something thin inside, but she couldn't get to it. And that's how it's been ever since!

You see, x428Fy had switched to slotless Van Heusen Collarite shirts—with *sewn-in stays*! You should, too! These micro-thin stays can't get lost, keep your collar flat, and launder with your shirt! Specify Collarite next time.

And don't feel bad about Miss Jones. She took her unhappiness out in hard work and was promoted to assistant manager. We expect a thank-you note from her any day.

## Portraits Unveiled

The Animal Industry Club will honor four former staff members at their meeting tonight. Portraits of Professors W. L. Clevenger, E. H. Hostetler, J. H. Arey, and Robert S. Curtis will be unveiled.

The ceremony will consist of brief comments by Dr. W. M. Roberts, Professor Jack Kelly, Dean D. W. Colvard, and Dr. J. W. Pou.

The meeting will begin at 7:00 P.M. in Room 110, Polk Hall.

# Over Two Thousand Students Are Receiving Financial Aid

State College students will receive a total of \$784,159.99 in financial aid, including self-help employment, during the current academic year.

In reporting this, Dr. Lyle B. Rogers, secretary of the college's Scholarship and Financial Aid Committee, said approximately one-fourth of the college's student body of 5,756 students has secured jobs to help defray their college expenses.

This represents a total of 1,489 students who are working

their way through school and will earn an approximate total of \$446,700 during the 1957-58 school year.

In addition, 619 students have been awarded scholarships and grants-in-aid amounting to \$190,045.99. Athletic awards to 142 students total \$130,459.

### Loans

Loans totaling \$17,157 have been made to 66 students.

Dr. Rogers said 2,316 State College students are sharing in

the institution's financial aid program, which includes the unique "Talent-for-Service" Scholarships.

The latter awards are sponsored by State College's Development Council, headed by C. A. Dillon of Raleigh, and are designed to assist the top-ranking graduates of the State's high school to continue their education at the college.

### Talent for Service

There are now 74 students, in all four classes at State College, who are the beneficiaries of four-year scholarships under the "Talent-for-Service" Program.

The Development Council inaugurated the "Talent-for-Service" Scholarships in 1953 when it discovered that only about one-third of the valedictorians and salutatorians of the State's high schools continue their education in college, chiefly because of financial reasons.

At the same time, the council said, there are about 10 jobs open to each graduate of State College.

The heavy demand for the college graduates and the reservoir of untrained youth in the State were the principal factors leading to the council's establishment of the "Talent-for-Service" awards.

## \$500 Award

# Textile Senior Wins Scholarship

Harris L. Johnson of Asheboro, a senior in the School of Textiles at State College, is the first winner of a \$500 scholarship established this year by the Chemstrand Corporation at the college.

Selection of Johnson to receive the award was announced by G. H. Dunlap, director of the Placement Bureau and chairman of the Scholarship Committee in the college's School of Textiles.

A veteran of service in the U. S. Air Force, Johnson is majoring in knitting technology at State College and has made an outstanding record in both his academic and extra-curricular work.

### President

He is president of the Veterans' Association and secretary of the college chapter of Kappa

## Ham Demonstration Planned for Monday

The Wake County Amateur Radio Association will present a "Ham" Radio Demonstration Monday, Dec. 9, at 7:30 p.m. at the College Union. The demonstration is being sponsored by the Union Hobby Committee.

### Demonstrations

Members of the association will demonstrate professionally built and homemade equipment and tell of the activities of the amateur radio operators around the world. They will also give a demonstration of broadcasting and receiving from the College Union to another point in Raleigh.

John Askew and Buck Woodson are in charge of the demonstration for the Wake Association. Charlie Selden is chairman of the sponsoring Hobby Committee.

Tau Beta, national honorary knitting fraternity.

In addition, he is a member of Sigma Tau Sigma, honorary textile society, and the Tompkins Textile Council, student governing body in the State College School of Textiles.

Johnson, son of Mr. and Mrs. M. L. Johnson of Asheboro, entered State College as a freshman in 1950 but remained in school only one quarter before enlisting in the Air Force. He returned to the college in 1955 and has been a full-time student since that time. He expects to graduate in June, 1958, with a B.S. degree in textiles.

# Students May Help Select Union Films

By Alton Lee

Many students have been wondering how the Film Committee of the College Union selects their films each year. In order to find out this information and other interesting facts about the committee, the TECHNICIAN interviewed Preston Sasser who is chairman.

Preston succeeded Chreston Holloman, who is now the union's capable secretary. Preston is assisted by his committee which consists of Rex Campbell, Ken Watson, A. C. Purvis, David Maccallum, Tom Jones, Robert Croom, Ney Austin, and Reed Gryder. They meet weekly and make plans for the benefit of the students. Movies are

shown five times each on Saturday and Sunday featuring at 1, 3, 5, 7, and 9 o'clock. Any student at State is invited to come and bring his friends, family, or his date.

Films are chosen in a most unique manner. Each spring the committee asks anyone on campus to suggest films they would like to see. Later a list is compiled and students pick their favorites.

#### Many New Films

Preston thinks that all of this year's selections are good, and one of his favorites is "The Cruel Sea" which will be shown on April 12th. The "Glenn Miller Story" is due on the weekend of January 4th and 5th. "The Silver Chalice" will be featured on March 22, and on May 22 "Chief Crazy Horse" will be screened. Consult the

D. C., last week.

They were Henry H. Menzies, Jr., of Winston-Salem and Eugene I. Lowry of Kingsport, Tenn., fifth year students in architecture in the college's School of Design and co-editors of the Student Publications of the School of Design.

They were chosen as delegates to the meeting by the faculty of the school.

Purpose of the forum was to familiarize the students with the operations and functions of the American Institute of Architects which will represent their interests at the national, regional and local levels throughout their professional lives. In addition, the students were given an opportunity to meet with leaders of the Institute and the profession and to exchange ideas on matters of mutual interest.

## 2 Design Students Attend Forum

Two students in the School of Design at State College attended the third annual student forum of the American Institute of Architects at the headquarters of the national professional society in Washington,

## Vetville Planning Christmas Party

The Vetville Children's Christmas party will be held Saturday afternoon, December 7, from 2 to 4 p.m. in rooms 248 and 250 of the College Union.

Santa Claus will be there to pass out treats to the children and ice cream and cookies will be served.

## Heard About The PLAYBOYS at SIGMA CHI?

Their Playboy Formal Party will be the social triumph of the season! And the smartest dressers will be wearing the After Six "Playboy" Tuxedo. Ivy-styled with single breasted shawl collar, narrow satin lapels, flap pockets, center vent and unpleated trousers.

# Faculty To Attend Pinehurst Retreat

by Phillip Bunting

The first Faculty Retreat in the history of State College will be held at Pine Crest Inn in Pinehurst, North Carolina this coming weekend. This was announced recently by Oscar B. Wooldridge, Coordinator of Religious Affairs at State.

Beginning at 4:00 p.m. Sat-

urday, December 7, and lasting through the following Sunday afternoon, twenty-two faculty members and their wives will examine their profession in the light of what their faith is—realizing that all of them have faith in something.

The object of the conference

is to give them a better understanding of life and its meaning. Principal speaker for the weekend conference will be Dr. Ralph Waldo Beach, Professor of Religion at Duke.

There will not be any definite structure or plan to go by. Instead they will discuss any issues that come up without any preconceived goals and conclusions.

Besides attending to the basic purpose of the seminar, those who wish may play golf, go dancing, or enjoy any of the many activities available between the three sessions.

college calendar and bulletin board for schedules.

A little known activity of this committee is the Panorama program which they sponsor on Friday nights. These are technical films of interest to the students.

#### Students May Participate

The committee gets their films from the National Film Service here in Raleigh, and they also receive a large number from an establishment in Atlanta, Georgia. Students are invited to attend these movies and to voice their opinions about the choice of films.

## DECK THE HALLS

The days grow short, the nights grow long, the north wind doth blow, and a light frost appears on the knees of coeds. Christmas is icumen in, and once more our keen young minds turn to the vexing problem of Christmas gifts.

Let us examine first the most vexing of all gift problems: What do you buy for the person who has everything? Well sir, when you encounter this dilemma, the best thing to do is seize it by the horns. Ask yourself this question: Does he truly have everything? Does he, for example, have a birthmark? A Mach number? A lacrosse net? An I-beam? An S-hook? A U-bolt? A T-square? A Primus stove?

(There is, incidentally, quite an interesting little story about how Primus came to invent the stove. Before Primus's invention, cooking was rather a hazardous occupation. People just built fires any old place—the floor, the closet, the escritoire—and often as not the whole house would go up in flames along with the dinner. Primus, a goose plucker of Frankfurt-am-Main, kept thinking there must be a more efficient way to cook. Finally, in a flash of inspiration, it came to him: Why not build a device to contain the fire and keep it from spreading?

...his mistake was in building it out of paper...

(Well sir, he built precisely such a device and named it after his beloved wife Stove. Primus's first Stove, it must be confessed, was less than a triumph; his mistake was in building it out of paper. The next Stove, built of wood, fared hardly better. Not until he made one out of metal could the Stove really be called a success.

(But even then the Stove was not entirely satisfactory. The trouble was that the Stove filled up with ashes and became useless after a few weeks. It remained for Primus's son Frederick to conquer that problem. He invented a mechanism to remove ashes from the bottom of the Stove and was thenceforth known to posterity as Frederick the Grate.)

But I digress. We were discussing Christmas gifts. This year, as every year, a popular gift is the smoking jacket. And what do the smoking jackets smoke? Why, Marlboro, of course—every man jacket of them. And why wouldn't they smoke Marlboros? Why wouldn't anybody with a taste bud in his head? You get such a lot to like in a Marlboro—filter... flavor... flip-top box.

Here is no filter to hollow the cheeks and bug the eyeballs; here is a filter that draws nice and easy. Here is no flavor to pale and pall; here is a flavor ever fresh, ever zestful. Here is no flimsy pack to crumble and shred its precious cargo; here is a sturdy box that keeps each cigarette plump and pristine.

Speaking of smoking, the year's most unusual gift item is a brand-new cigarette lighter that never needs refilling. You are scoffing. You are saying you have heard such claims before. But it's true, I promise you. This new lighter never, never needs refilling! The fuel supply lasts forever. Of course, there are certain disadvantages. For one thing, the lighter is rather bulky—170 feet long and three stories high.

But look on the bright side: As the fuel runs out, you can rent rooms in it.

© 1957, Max Shulman

Good to give, good to receive, at Christmas or any other time is a carton of filter-tip Marlboros, whose makers take pleasure in bringing you this column throughout the school year.
