State Graduate Wins European Trip

Edwin F. Harris, Jr., a 1957 graduate of the State College School of Design, is shown with his model of a national cultural center which won the 1958 Paris Prize in architecture. The \$5,000 prize is the top award in the field.

Design Graduate Receives Top Prize

The highest international award in architecture—the 45th Paris Prize in Architecture—has been awarded to a 1957 graduate of the School of Design at State College.

First Day of Feb. Marked 38th Birthday for Tech.

By Alton Lee

On February 1, 1958 *The Technician* quietly celebrated its 38th birthday.

Looking back over the many years of papers, we find that M. F. Trice was editor along with Guy Stuart, who served as the business manager. The first paper was published semi-monthly on 8 x 12 paper; and the first issues were limited to four pages.

Impressive Enrollment

The hot news story that covered the front page of the first copy was concerned with State's impressive enrollment of 1,030. There were other stories of interest, too, such as the fact that Trinity (Duke) had just defeated the Techs—as State's team was called then. And there were other stories such as the Watauga fire, the \$20,000 being spent on Pullen Hall for improvements, plus a few jokes, poems, and essays.

Since that time, *The Technician* has come a long way. Now it is a semi-weekly production. The are hopes of becoming a tri-weekly paper; and perhaps some of the student's children who attend State in the future will have the pleasure of seeing a dream realized—a daily *Technician*.

He is Edwin Freeland Harris, Jr., of Raleigh, who was named to receive the \$5,000 award in competition with architectural students from throughout the United States.

Announcement of the selection of Harris to receive the honor was made here today by Dean Henry L. Kamphofner of the State College School of Design, who was notified by New York authorities.

A top-ranking graduate of the college, Harris is now working for Prof. Horacio Caminos of the School of Design, who is a design consultant on a 7½ million dollar hotel in San Juan, Puerto Rico. Harris is a draftsman on the multi-million dollar project.

Cultural Center

Harris designed a model of a national cultural center to win the Paris Prize. The center includes facilities film festivals, conventions, major exhibits, and headquarters for finest theatrical and musical presentations.

Harris and his wife will begin their trip abroad in the late spring. The award will cover a year of architectural study and travel in Europe.

This marks the third time that a State College student or graduate has won the award.

Harris' award brings to a total of \$92,000 the amount of State, national, and international awards won by students and faculty members of the State College School of Design since the school was established on July 1, 1948.

IFC Vice President Calls Four Freshman Concert A Success

Approximately 4,000 people turned out yesterday afternoon to hear the two-hour concert by the Four Freshmen which was held here at the Coliseum.

The concert was sponsored by the Interfraternity Council. All profits from the affair will be split equally between the World University Service and the School for the Blind.

IFC Vice-president Bob Gardner told *The Technician* last night that he was "wonderfully pleased and very grateful to the people that had helped out the two causes to which the money will go."

Revenue

Gardner said that it is too early at this time to know exactly how much revenue was taken in. However, he said that a rough estimate would be \$3,000.

Costs for the concert are: \$1,000 for the Four Freshmen, approximately \$200 for the Coliseum, and possibly \$25 for incidentals such as advertising, phone calls, etc.

Large Profits

In brief, then, the concert was termed a large success and profits of somewhere between \$1,500 and \$2,000 will be divided between the School for the Blind and the World University Service.

Informal Talks Given

Degrees Awarded At Fall Graduation

In a ceremony marked by academic pomp and pageantry, State College conferred degrees upon 173 students last Monday. Approximately 1,500 persons attended the rites in the William Neal Reynolds Coliseum.

Dr. Carey H. Bostian, chancellor of State College, conferred the degrees at the mid-year commencement service.

Informal graduation talks were given by President William C. Friday of the Consolidated University of North Carolina and James M. Peden, Jr., of Raleigh, president of the State College Senior Class.

Friday Urges Support

In his remarks, President Friday told the graduates that they face increased responsibilities as they enter their professions and urged them to continue to support their alma mater.

Commencement, he said, is a day of achievement, gratitude, and responsibility.

Calling attention to the fact that all of the graduates have backgrounds in science or engineering, Peden told the seniors that they are headed toward "even more miraculous things" than the satellites that the space age already has produced.

Citing the significance of the scientist in the modern world, Peden said, "I consider it unique that such a product of science (man-made satellites) has so

(See INFORMAL, page 3)

College Union Planning Fine Arts Festival

by Billy Evans

State College's first Fine Arts Festival will begin on Wednesday, February 26, with a full eight days of events planned.

Among the Festival features will be a "good design" show, a one-act play festival for North Carolina colleges, three concerts, a talk by Ogden Nash, a modern dance concert, and a panel discussion on "North Carolina Writing Today."

Tax Poop

The Technician recently contacted the City of Raleigh in regard to city taxes and the State College student.

According to the City Tax Supervisor any student who lives in Raleigh or Wake County the whole year is required to pay local taxes.

Any student who leaves for his home during the summer is not required to pay city taxes. Foreign students do not have to pay city taxes.

Any student who is in doubt as to whether he has to pay local taxes should consult the city tax department. The deadline for city taxes is February 14.

The Fine Arts Festival, which sponsors plans to make an annual event, will be sponsored cooperatively by 16 student committees of the State College Union.

Opening the Festival will be a "Good Design" show on February 26 at 8 p.m. The display will continue through March 31.

Nine North Carolina colleges will be represented in the one-act play festival on Friday, February 28. Afternoon and night presentations are planned with beginning times set for 3 and 8 o'clock.

On Sunday, March 2, at 3:30 p.m., the Raleigh Symphony Orchestra will give a concert in the College Union Ballroom.

A concert by the Westminster Choir is planned for Monday, March 3, at 8 p.m. in Raleigh's Memorial Auditorium.

Scheduled for 4 p.m. Tuesday,

March 4, is a Chamber Music Concert in the College Union Ballroom.

Tuesday night, March 4, at 8 p.m., Ogden Nash, the well-known humorous writer and television personality, will appear in the ballroom.

The Woman's College dance group will present a modern dance concert Wednesday, March 5, in the Ballroom.

Final event of the festival will be a panel discussion on "North Carolina Writing Today" Wednesday night at 8 o'clock in the College Union Building.

Dr. Lodwick Hartley, head of the English Department at State College, will serve as moderator for the panel composed of Lucy Daniels of Raleigh, Francis Gray Patton of Durham, and Burk Davis of Greensboro, all noted North Carolina writers.

Student Gov. Announces Date For Spring Election of Officers

By Pierre Leveque, Jr.

At the January 23 meeting of the Student Legislature, Senator Nick Ray, chairman of the SG Elections Committee, proposed to the Senate body that the date for spring elections for next year's class and student government officers be set for April 22 and the date for the runoff elections be set for April 29.

A member of the Student Government Investigations Committee, Senator Reid Hinson, assigned for some time to conduct investigations into the cafeteria situation, reported to the Senate that the County Board of Sanitation is conducting an investigation and inspection of the cafeteria and will issue a full

report as soon as the inspection is completed.

Constitutional Revision

As has been previously reported, the Rules Committee, under the chairmanship of Senator Jim Prim, is currently involved in a complete revision of the articles of the Student Government Constitution. Senator Clyde R. Hoey II, a member of the committee, has stated that his committee should have their study and revision of the constitution completed and ready for presentation to the Senate for approval by March 1.

The much-disputed problem of acquiring sidewalks in front of the dormitories may be solved in the near future by the In-

Pre-Registration Here ?

Pre-registration is now a fact at State College. At least, it is a fact for a part of our college.

The Textile School has just completed its first attempt to pre-register students. On Registration Day, students of this school simply stopped by the textile desk at the Coliseum and picked up their schedules, which were already complete with their class assignments, room numbers, and IBM cards.

How, when, and by whom was this done? The idea came from Mr. E. Glenn Overton, Assistant Director of Admissions and Registration. The work was done by Betty Harris and "Rusty" Pennell in the office of the Director of Textile Instruction.

Textile students were required to submit their rosters to this office two weeks before the end of the fall semester. All the rolls of classes meeting spring semester were in the same office. On these rolls was placed the name of each student who had indicated on his roster that he was to take a specific course.

At the same time the student's name was placed on a class roll, the room number for that particular class and the IBM section was put on the student's roster and an IBM card for that class was attached.

For classes in other than textile courses, the names of students wanting these courses and the hour at which they were wanted was sent to the various other departments, who saved a space for the student in that particular section.

On Registration Day, all that remained for the student to do was to stop by the textile desk long enough for the people there to hand him his roster!

The important thing about this pre-registration experiment is that it shows it can be done. That is, it can be done if a department wants to do it.

The new parts of the system are (1) requiring that rosters be turned in two or three weeks before the end of the semester, (2) centralizing class rolls of all sections being offered the next semester, and (3) having someone go through the rosters and enter the room number and IBM section and attach IBM cards.

When one compares first, the hundreds of hours spent by faculty and staff personnel, plus the thousands of hours spent in the Coliseum by some 5,700 students with the number of hours that would be spent by, say, two or three secretaries in each school for two or three weeks before Registration, it is simply foolish to continue the old, time-taking method of registration.

Until pre-registration is accepted and practiced by every school on the campus, not only should the entire student body demand it, but also should it be demanded by the several hundred instructors who have to sit at the Coliseum on Registration Day.

—DB

IFC Concert Commendable

The Interfraternity Council deserves to be commended on the success of their concert yesterday afternoon. All the hard work and long hours that went into preparing for the concert, particularly by IFC Vice-President Bob Gardner and his committee, will never be heard of by the foreign students who will be helped by World University Service or by the blind men, women, and children at the School for the Blind—among whom the nearly \$2,000 in profits will be split. For those of use here at State, however, we say a hearty well-done!

Instructor Ratings Criticized

Editor's Note: The following letter was received too late to run in the last issue before exams.

To the Editor:
Now, while we're in the midst of using them, seems to be a good time to offer some comment on the so-called instructor "ratings."

We'll dodge the issue of the aptness of some of the questions and the omission of some that should have been asked. The greatest shortcoming would seem to be that there has been nothing like enough effort made to educate the student body on the idea that these forms are useless to all concerned unless

they are used as a means of constructive criticism—not "rating."

No one sees these things but the instructor involved, so they do no good unless some intelligent comment is made on his deficiencies. In order for even constructive criticism to be useful the recipient has to acknowledge its validity. That old war-horse, "Consider the source . . ." is very applicable. The instructor should know who is doing the criticizing in order to be able to evaluate its merit.

I would like to see:
1—The Technician do a series of editorials to illuminate the problems inherent in mak-

ing constructive criticism of instructors via these forms. An exploration of the idea that the most lowly A.B. possibly may be a much better instructor than the most widely published Ph.D. might be in order. And a little editorializing along the lines that being a "good Joe" is no

more necessarily synonymous with being a good instructor than is being a "slob" synonymous with being a poor one.

2—All of these "Constructive Criticisms" filled out thoughtfully outside of class and signed, collected in class by a student and sealed, and then given to the departmental secretary for delivery to the instructor after he has filed his final grades.

Surely other people have some ideas on this. Shall we kick it around a little bit?

Wyndy Clarke

Letters

Any student may submit a letter to the editor. To be printed, letters must be signed. Because of space limitations at times, The Technician reserves the right to edit, or shorten, letters.

WUS Chairmen Thank IFC For Aid

Inter Fraternity Council North Carolina State College Raleigh, North Carolina Gentlemen:

This is to express our gratitude and appreciation for your unselfish efforts in promoting The World University Service Fund Drive campaign.

Once again the Inter Fraternity Council has shown its genuine interest in community affairs. The sponsorship of The Four Freshmen with proceeds going to the College Fund Drive is indeed a community spirited operation.

We know that The Four Freshmen will be a success and that the concert will serve as an excellent kickoff for the World University Service Fund Drive which will start on February 17, 1958.

Very truly yours,
Fred M. Rawicz

The Young Republicans will meet Wednesday night in the College Union at 8 p.m.

Senator William E. Cobb, minority leader in the state legislature, will be the principal speaker of the evening.

From Student Gov. President

An Open Letter To The Student Body

Our basketball team with a 14-3 record to date has made every State College student proud this year. Its wins over Carolina and Maryland shortly before exams were especially gratifying. Now we are beginning a six game home stand that in many ways will be a test of State College and its student body.

At times during the games that our team played at Duke, Carolina, and Maryland, the conduct of the fans (primarily the students) left much to be desired. I am particularly thinking of the booing while we were shooting foul shots and the display of temper after one of the games. Now these teams are coming to William Neal Reynolds.

I am as enthusiastic about these coming games as you are, but I ask you to join me in proving to these other schools that our students as well as our teams are good sports. I have faith in you our students to act as gentlemen so that we may invite any other school in the conference to compare the conduct of our students with that of their own students.

Next Saturday at 2:00 p.m. State and Maryland play in our Coliseum on the ACC basketball "Game of the Week." Viewed by sports fans from Baltimore to Miami, this game will give many people their first and perhaps their only impression of State College.

As students let's turn out for

the game in force and display the enthusiasm, properly channeled, that we possess. A big crowd of students supporting their team and an absence of booing the opposing team will build our school's prestige immensely. I also hope to see every cheerleader out for this game and for all the other home games.

I hope the cynics who complained that our school had no spirit have been adequately shut up this year. During two victory marches I believe we have proved beyond the shadow of a doubt that we do have school spirit.

I have heard many of you comment upon the excellent attitude that the Raleigh Police Force showed during these displays. As your president, I wrote Chief Tom Davis voicing your sentiments and thanking him and his men for their attitude. Chief Davis expressed to me that the force is as proud as we the students of our athletic and other accomplishments. He pledged their continued cooperation and good will toward our student body in all worthwhile undertakings.

Chief Davis commented, however, that there were a number of fireworks shot off during the last demonstration. This as we all know is a violation of the laws of the City of Raleigh and the State of North Carolina. Use of fireworks in the case of another demonstration will force the Raleigh Police to take dis-

rptive and preventive measures. In other words, the acts of one or two of our students can kill the fun for all of us.

Will you, the students, aid me in discouraging these acts if another such occasion should arise? I trust that we will retain for ourselves the right to display our enthusiasm as we wish against those few individuals who would take it away from us.

Again I congratulate you for your behavior throughout the year and I challenge you to continue to act as mature, responsible individuals.

Sincerely yours,
Jimmy Hunt
President,
Student Body.

Tough Battle Looms As State Takes On Duke

Pack Looks Good As Spring Work Begins

The Wolfpack began 20 days of spring practice on Feb. 8, with workouts scheduled for three times a week. The climax of the off-season workouts will be an Old Timers game, pitting many of State's former grid stars against the varsity.

Some of the "old timers" invited to play are Alex Webster, John Szuchan, Eddie West and Al d'Angelo. All-America Dick Christy and fleet halfback Dick Hunter will be on hand along with the seniors from last year's championship team.

A look at the probable starting lineup for 1958 shows...

Ends—Bob Pepe and Jim Crain;

Tackles—Francis Palandrani and John Lawrence (with Larry Dixon and Kelly Minyard figuring prominently in the plans);

Guards—Bill Rearick and Joe Rodri (with Frank Morocco and Jim Sherron pushing);

Center—Paul Balonick;

Quarterbacks—close race be-

Soph Gallagher, Key to Pack Wins

Don Gallagher isn't one of North Carolina State's leading scorers, but the high-jumping sophomore has been a key factor in the Wolfpack's basketball success this season.

Gallagher, from Binghamton, N. Y., broke into the starting lineup during the Dixie Classic Tournament and has been improving with each game.

The good-looking rookie has quickly established himself as a clutch player, an excellent rebounder and a dependable ball handler who makes few mistakes.

In State's two biggest wins of the season, it was Gallagher who was johnny-on-the-spot. Against North Carolina, the slim New Yorker made State's last five points in the overtime period to put the game out of the Tar Heels' reach, and his three-point play in the closing seconds of the regulation game gave State a tie.

tween Ernie Driscoll and Frank Cackovic;

Left halfback—Ken Trowbridge (with Bernie Latusick a step behind);

Right halfback—Ron Podwika;

Fullback—Don Hafer.

Who are the promising sophomores likely to see action in 1958? (includes this year's freshmen and '57 bohunks)

Ends—Jimmy Tapp, George Vollmar and Dick Drexler;

Tackles—Bert Wilder, Dick (Tiny) Reynolds; Guards—Bill McClain, Alex Gilleskie, Joe Bushofsky; Centers—Bill Hill, Collice Moore, Sam Raneri;

Quarterbacks—Ron Wojcicki, Mike Delnegro; Left halfbacks—Pete Seese, Bob Wolfer; Right halfbacks—Bill Adams, Claude Gibson; Fullbacks—Randy Harrell, Jim D'Antonio.

'Pack Baseballers To Play 21 Games

A 21-game baseball schedule for North Carolina State has been released by Athletic Director Roy Clogston.

The Wolfpack, beginning its 12th year under Coach Vic Sorrell, will play 14 Atlantic Coast Conference games on a home-and-home basis with each team in the league.

In addition, the Wolfpack has a three-game series with Dartmouth and an additional contest with Wake Forest which will not count in the conference race.

The schedule:
March: 24, 25, 26, Dartmouth; 31, Dixie Classic Tournament.

April: 1, 2, Dixie Classic Tourney, Winston-Salem; 7, Virginia; 9, South Carolina, Columbia; 10, Clemson, Clemson; 12, Wake Forest; 17, North Carolina, Chapel Hill; 19, Duke; 21, Virginia, Charlottesville; 22, Maryland, College Park; 26, Duke, Durham; 29, North Carolina.

May: 1, Maryland; 2, South Carolina; 3, Clemson; 6, Wake Forest, Winston-Salem; 8, Wake Forest.

ADDITIONAL SERVING LINE IN THE VILLAGE

Private Dining Rooms Downtown

For Groups of 10 to 300

Since the last issue of The Technician, the N. C. State Wolfpack has torn the basketball world apart with four big wins. Three of those victories were over conference foes and as a result of that, the West Raleigh outfit is now entrenched in the top position in the ACC.

The Pack will start down the long home stretch tomorrow night when they play host to the powerful Duke Blue Devils in Reynolds Coliseum.

Devils Undeclared Since Win Over Pack

Since Duke topped the Pack in early January by a score of 76-75, the Devils have not been defeated. During this string of seven wins, the Blue Devils have such top-notch teams as West Virginia and North Carolina.

Coach Hal Bradley will prob-

ably start his little five, consisting of Jim Newcombe and converted guard Bucky Allen at forwards, Paul Schmidt at the center post, and Bob Vernon and Bobby Joe Harris at the guards.

State's Everett Case, the master of Southern basketball, will probably stay with his usual starters. They will be Bob MacGillivray and Don Gallagher at forwards, John Richter at center, and fancy guards Lou Pucillo and Whitey Bell.

Pack Rips USC, 86-55

Last Saturday night, the Wolfpack moved into undisputed possession of first place as they downed the surprisingly weak Gamecocks of South Carolina, 86-55, behind the ball handling of Pucillo, who pumped in 22 points. The Pack pulled away before the Half ended and many reserves came in to pad the margin.

Wolfpack Downs Cavaliers

In Portsmouth last Tuesday night, State had a rough time before they were able to defeat the Cavaliers of the University of Virginia by a score of 61-58.

Big center John Richter led the Wolfpack as he sunk 19 tallies.

State Stops Clemson

Saturday before last, the Wolfpack had one of their closest games of the season when they stopped the Clemson Tigers, 56-54, on a last second field goal by Lou Pucillo.

N. C. State Student Affairs Bulletin

Square Dance lessons will resume February 12 at the College Union. There will be girls from the local schools and nursing homes. The dates of scheduled Square Dance Lessons are as follows: Feb. 12, 19; March 5, 12, 19, 26; April 16, 23, 30. These lessons are free to all students.

Important Deadlines: Feb. 12—Last day to withdraw with refund of tuition and fees. Feb. 19—Last day to add a course. Feb. 26—Last day to drop a course without failure.

I-D Cards—Spring semester registration plans called for an S 58 punch on all I-D cards. The punches were ordered but failed to arrive prior to registration. Each student was given a green, white, blue or yellow registration card as he completed registration. This card plus the I-D card will be retained by the student for the spring semester. New student I-D cards should be available within 2 weeks for students not enrolled in the fall.

All Students are again reminded of availability of flu shots (free) and polio shots

(\$1) at the College Infirmary, Monday through Friday, 9:00 a.m. to 6:00 p.m.

Married Students who desire free immunization of any type for their children may bring them to Coliseum First Aid Room, any Thursday, 3:00-4:00 p.m. Clinic also provides free polio shots for anyone under 20 yrs. of age and for all pregnant women.

Reading Improvement Classes—Classes meet once a week. Many students have been able to double their reading rates and improve comprehension through special non-credit reading classes. The hours for beginning classes are as follows: Sec. 1—Mondays 1 p.m. Sec. 2—Mondays 3 p.m.; Sec. 3—Tuesdays 11 a.m.; Sec. 4—Wednesdays 1 p.m.; Sec. 5—Thursdays 10 a.m.; Sec. 6—Thursday 11 a.m. All classes meet in 111-B Tompkins.

Free Band Instrument Lessons for freshmen and sophomores beginning about 2nd week in Feb. No previous experience necessary. Further information available at Music Office, Pullen Hall, or by calling extension 251.

The newly organized State Varsity Rifle Team attended the Cherry Point monthly indoor rifle match during the holidays and won three of the six medals presented.

Paul Hufmann won the main contest, a four position match, with a 373 out of a possible 400. His scores were 100 prone, 91 sitting, 93 kneeling, and 89 standing.

Reid Hinson placed second

with 368, his score was also high for Marksman. Don Rummier's 367 in this match was third high and 2nd Marksman. The second match was a 20 shot prone match. Don Rummier was second and 1 point behind the winner with a 198 out of a possible 200.

All those who might be interested in a varsity rifle team please contact Don Rummier at TE 3-6901.

A group of 13 Army ROTC cadets, who graduated from North Carolina State College last semester, were commissioned second lieutenants in the U. S. Army Reserve at a ceremony in the William Neal Reynolds Coliseum, February 3.

The new officers heard an address by Col. Lauren W. Merrian, professor of military science and tactics at State College, who also administered the oath of office.

Those commissioned were William Gordon Allin, Lawrence Lynn Bissett, Robert Clyde Cline, James Thomas Collier, Jr., William Edwin Dick, Jr., Charles Baker Harding, Jr., Willie Alonzo Mayo, Jr., Frank Elbridge Minter, Jr., Bobby Lewis Montague, Arthur Keith Pooser, Jr., Victor Patrick Thompson, Jessie Bradsher Wilkins, Jr., and Thomas Pookhardt Wood.

A MESSAGE TO THE SENIOR WITH TOMORROW ON HIS MIND

Melpar's sure, swift growth during the past eleven years — we have doubled in size every 24 months — is due, in large part, to the outstanding performance of our engineering staff.

As a leading R & D organization, we are constantly called upon to perform tasks which have never been done before. Thanks to the creative talent which forms the backbone of our organization, we have grown rapidly both in stature and size. Members of our staff have enjoyed similarly rewarding growth.

Performance Determines Advancement. Individual recognition is a fundamental policy at Melpar. Each engineer is advanced on the basis of his performance. The average age of our engineering staff (one of the industry's youngest) and the rapidity of growth of above-average staff members, are clear indications of what Melpar's individual recognition policy can mean to you.

Project Teams. As a Melpar staff member you will enjoy the opportunity to participate in *entire* projects, from conception to completion of prototype. Our project team basis of organization gives you the satisfaction of seeing your own efforts materialize, and helps you acquire experience essential to eventual managerial responsibility.

Fine Living Conditions. Melpar laboratories are located in choice suburban areas near Washington, D. C. and Boston, Massachusetts. These areas were selected because of their proximity to outstanding educational, cultural and research facilities. Fine housing in all price ranges is readily available.

Facilities. Melpar offers complete facilities for creative research and design. Our headquarters laboratory near Washington, D. C. encompasses 265,000 air-conditioned sq. ft., is ultra modern in design and equipped with an eye to both future and present needs.

Home Game Tickets To Be Available

For reserved seat basketball games, students will be required to present their I. D. cards at the ticket booth in front of the Coliseum for the Duke (February 11), Carolina (February 18), and the Wake Forest (March 1) games.

Issuing dates for tickets are: Carolina game, Feb. 10 thru Feb. 14; Wake Forest game, Feb. 24 thru Feb. 28. Tickets

may be picked up on these days between the hours of 8:30 a.m. and 4:30 p.m.

A reserved seat date ticket can be purchased at the same time for \$1.00 (limit—one). One additional student ticket may be picked up upon presentation of the 2nd I. D. card.

On all general admission games, students will be admitted on their I. D. cards alone.
