Featured Soloist For Concert

Hobart Whitman of Asheville, N. C. will be featured as a soloist during the Annual Winter Concert to be presented Friday, Feb. 21, in the C.U. Ballroom by the State College Concert Band. Hobart will play "Concerto for French Horn" by Richard Strauss. Also to be presented is a solo by David Teague and a section solo by the trombones playing "Holiday for Trombones." The concert will begin at eight o'clock.

Ends Saturday

Annual United Fund Drive Begins Today On Campus

State College's annual United Fund Drive got underway on campus today.

The week-long drive will benefit both World University Service and Raleigh's United Fund.

Details of the organization behind the World University Service fund drive on the State campus were released by chairman Fred M. Rawicz. The Veterans' Club, under Harris Johnson, President, handled the publicity for the drive.

The Alpha Phi Omega, service fraternity, headed by Larry Stevens, president, contacted various organizations on campus and arranged the collection schedule listed within this article. The State's Mates arranged an exhibit which was displayed in the College Union; the YMCA was responsible for the clerical work for the drive committees; and the College Union housed the visiting speakers for WUS.

The WUS is the only drive authorized by the student government, stated chairman Rawicz, and ten per cent of all money collected on the State campus will be given to the Raleigh United Fund. The committee is striving for a goal of \$1.00 per student, but Rawicz urged each student to give any amount—"at least the price of admission to a movie."

Participating Organizations

Members from various organizations will cover the following areas as designated:

Agriculture Club, 2nd and 3rd Tucker; AIAE, Gold; Alpha Phi Omega, Watauga; Arnold Air Society, Basement Tucker; and Owen; Baptist Student Union, Basement and 1st Syme.

Blue Key, Turlington; Delta Sigma Phi, 1st Tucker and

Owen; IDC, IFC, Berry, Fraternities; Kappa Tau Beta, 2nd and 3rd Becton.

Phi Epsilon Sigma, 2nd and 3rd Bagwell; Pi Kappa Alpha, 2nd and 3rd Owen; Sigma Alpha Epsilon, Basement and 1st Bagwell; Sigma Nu, Alexander; Sigma Pi, Stadium; Sigma Tau Sigma, Basement and 1st Becton; and Thirty and Three, 2nd and 3rd Syme; YMCA, Welch and Fourth.

Within each fraternity one member will collect for the drive among members of his group. Students living in Veville, off-campus students, and faculty and staff members should make their contributions at the College Union or the YMCA.

Late Contributions

On Thursday, February 20th, the student radio station WVWP

will have a representative in the lounge or recreation room of every dormitory (except Watauga) to take late contributions. These late contributions may be made from 9:00 p.m. until 1:00 a.m. on this day. Any person making a donation in this manner may request a record to be played over WVWP during this 9:00-1:00 period.

Student Government Approves Increase In Technician Fee

By Pierre Leveque, Jr.
At the February 13 meeting of the student legislature, a bill was passed to appropriate \$500 to The Technician to resume mailing papers to students living off campus. Mailing was discontinued last November because of the high cost involved—approximately \$550 per semester. A bill to increase the student fee for The Technician was also passed. The bill asked that the fee be raised from \$1.15 to \$1.75, since the paper is now

being published twice a week instead of once a week.

Bill Limits Appropriations

The Investigations Committee Chairman, Aaron Capel, introduced and had passed a bill which requires that all organizations finance all activities for personal benefit. The purpose of this bill is in essence, the desire that the Student Government appropriations be made for the benefit of all the students.

The bill reads: Whereas, the

North Carolina State College Student Government activities fund is limited and whereas, it is desired that the Student Government appropriations be made for the benefit of all of the students.

Be it resolved that all campus organizations requesting appropriations from the Student Government be required to finance all activities for personal benefit, to include: banquets, Agromex pictures, and private social functions, and to finance trips that do not affect the student body, either directly or indirectly, to be effective the fall semester of 1958.

Cafeteria Situation

Senator Reid Hinson, of the Investigations Committee, reported recent findings resulting from a full inspection of the cafeteria by the NC State Board of Health. The cafeteria, he reported received a grade of "A", however, certain improvements are in order in the near future.

Sidewalk Paving

The Investigations Committee reported that appropriations have been made for paving sidewalks and roads. In the last student government report it was stated that someone had been asked to look into the situation and find out when appropriations would be made; since then, it has been discovered that appropriations had already been made and work will begin and will be carried on between the 1st of April and the 1st of October, next fall.

Senator Kay, of the Welfare Committee, reported that mid-semester reclassification would be too expensive at the present time and will have to wait until more IBM equipment is on hand.

Diploma Is Exhibited In CU Basement

Now on display in the College Union is an exhibit of the new State College diploma and the folder in which the diploma is presented.

The exhibit is located in a display window near the Games Room on the ground floor of the Union.

Along with the new State diploma and the black leather folder are diplomas from several other colleges. The new State diploma is approximately 8 x 11 inches and has been selected as the diploma which will be presented for the next five years.

Open Meeting Plan. By Pershing Rifles

Pershing Rifles will hold an open meeting Wednesday night at 7:00 p.m. in Room 127 at the Coliseum.

A movie, "The High Ideals," which explains the national society of the Pershing Rifles, will be shown.

Any basic course cadet, whether interested in the drill team or not, is invited to attend.

Refreshments will be served.

WVWP New Tape Recorder Is In Use

State's radio station WVWP is the proud new owner of an Ampex 350 Tape Recorder.

This new tape recorder is being made available to any campus organization which might need it; the only stipulations in effect are that the recorder must be used in the station offices and must be applied for in advance.

Any organization desiring to use the recorder must contact station manager Bill Bradley so that a time can be scheduled.

February 28

Nine Plays Planned For CU Festival

by Billy Evans

Nine North Carolina colleges will be represented in the one-act play festival Friday, February 28, at North Carolina State College.

The one-act play festival is one of the activities scheduled as part of the first Fine Arts Festival to be held by the College Union.

Other events planned for the Fine Arts Festival which begins on Wednesday, February 26, and ends on Wednesday, March 5, include concerts, an appearance by Ogden Nash, a "Good Design" Show, and a panel discussion on "North Carolina Writing Today."

Due to the number of plays two sessions are planned for their presentation. Performances will begin at 3 and 8 p.m. in the College Union Ballroom.

Arena Stage

The plays will be given on the Union's arena type stage which was used successfully with last year's presentation of "Bus Stop" by the College Union Drama Group.

Although other college play festivals are held in North Carolina, the State College festival is believed to be the only one utilizing an arena stage.

The entries will not be in competition against each other. However, certificates will be given for superior performances.

Purpose of the festival is to display drama as art through a wide range of subjects.

Judging the plays will be George Hall, program director for WRAL-TV; Miss Anne Seltman of the WPTF staff; and Mrs. Nan Price, director of dramatics at Needham Broughton High School in Raleigh.

No admission charge will be made for State College students. Other college students will be

admitted for \$.50, while non-students will be charged \$1.

Plays
The colleges and the one-act plays or scenes from plays which they will present are:

Duke University, "Teahouse of the August Moon;" University of North Carolina, a student written original, "The White Butterfly;" Catawba College, a pirandello, "The Man With the Flower in His Mouth."

St. Mary's, the recognition scene from "Anastasia;" Peace College, "The Glass Menagerie;" Woman's College, "Hello From Bertha," by Tennessee Williams; Shaw University, "Minor Miracle;" St. Augustine's College, "Echo;" and State College, "Aria da Capo."

Other events during the Fine Arts Festival are:

Opening of the "Good Design" show Wednesday, February 26, at 8 p.m.; Raleigh Symphony Orchestra concert Sunday, March 2, at 3:30 p.m. in the College Union Ballroom; Westminster Choir concert Monday, March 3, at 8 p.m. in the Memorial Auditorium.

Chamber Music concert Tuesday, March 4 at 4 p.m. in the College Union Ballroom; Ogden Nash Tuesday, March 4, at 8 p.m. in the Ballroom; modern dance concert by the Woman's College dance group Wednesday, March 5, at 4 p.m. in the Ballroom; and a panel discussion on "North Carolina Writing Today" Wednesday, March 5, at 8 p.m. in the College Union.

Parents' Weekend

Golden Chain, Senior Honor Society, met Friday and announced preparations have been begun on Parents Weekend. The event is scheduled for April 18-20.

Other Verdicts Given

Two Found Guilty Of Exam Cheating

Three Judicial Board trials were held last Thursday.

In the first trial two students were convicted of ungentlemanly conduct. One of the students had previously received a reprimand from the Judicial Board. He was placed on probation for three semesters. The second student was placed on probation for two semesters.

In the second trial a student who was found guilty of ungentlemanly conduct received a reprimand from the Judicial Board.

In the third trial, two students were convicted of cheating on a final examination.

One of the students had previously been convicted of cheating and had been suspended from State College. As a result of the second conviction of cheating, he was permanently dismissed from State College.

The other student was suspended from State College.

On February 14, after studying the third trial, the Board of Review found that the Judicial Board had not committed an error in procedure, nor had vital new evidence come to light since the trial, and, thus upheld the decision of the Judicial Board.

Earlier Trials

Results have been announced in several cases tried by the Judicial Board near the end of the fall semester.

Three students tried for throwing fire crackers on campus were given a reprimand.

One student was tried for conduct unbecoming to a gentleman and given a second reprimand.

Two were tried for conduct unbecoming to a gentleman and reprimanded.

The WUS Fund Drive

Today is the first day of the six day World University Service Fund Drive on our campus. In every sense this is State College's united fund project.

For many years at State College, students were constantly pestered by every kind of drive imaginable. Student Government finally took a hand and voted to combine all projects desiring student solicitations and deemed worthwhile by the Student Government Legislature into ONE BIG DRIVE. This meant that during one week of the year the united fund drive of State College would be held and that at no other time during the year would students be asked to contribute to charitable causes.

Believing that helping other students is quite appropriately the primary objective of a college drive, Student Government voted early last fall to allot 90% of the drive's proceeds to World University Service and the other 10% to the Raleigh United Fund, with its component charitable organizations.

As American students, we have much for which to be thankful. Quite often faced with petty difficulties we tend to belittle our blessings and complain because we haven't received more. Few of us compare our positions with those of less fortunate college students in countries of war destruction, disease, pestilence, and outright poverty. Actually we have so much; and to give just a little will be repaid more than a hundred fold in the lives of students and the courses of nations which are educated with resulting freedom and integrity. Via these steps evolves world peace.

We have set a \$6,000 goal for State College. At the rate of \$1.00 per student we can reach our goal. Throughout this week outstanding student leaders will be requesting your donations. Some of us can give more than \$1.00, some less. I ask you to join me this week, however, in sacrificing some pleasure (perhaps a movie) in order to help provide an education for some student. All of us cannot mediate between nations or build Sputniks and ICBM's, but with your contribution you CAN DRIVE YOUR NAIL in the bridge of help and understanding to world peace.

This is THE WEEK at State College; no other drive will be held this year. Will you do YOUR PART in helping our college reach its goal? I'm counting on you!

Jimmy Hunt
President Student Government

Editorial Comment

The Technician Fee

Last Thursday night the Student Government Legislature passed two bills which are vitally important to The Technician.

The first bill appropriated \$500 to the paper for the purpose of mailing The Technician, for the remainder of this semester, to students living off campus.

The second and most important bill asked that the fee paid The Technician by each student along with his tuition be raised from \$1.15 to \$1.75. If approved by the Administration, this raise in the Technician fee would be of untold benefit to the school paper, and in turn, to the school.

Included in the fee increase is \$.35 to cover higher operating costs of the paper since it has become twice-weekly, and to make possible an increased number of pages per week with the same amount of advertising.

Another \$.20 of the increase will provide the money necessary to mail the paper to every student living off-campus—for whom The Technician is a most important contact with the campus. The remaining \$.05 is to pay for permanent improvements and increased photo-coverage for the paper.

The Student Legislature, which represents the entire student body, voted overwhelmingly in favor of both bills. Now the bill goes to the Administration for its approval.

Because we feel that the campus newspaper is one of the greatest bonds drawing the student body together, and because this task grows both increasingly difficult and increasingly important with a larger student body, we call on the Administration to approve this measure which will raise the Technician fee next year.

Letters To The Editor

Father Turned From Coliseum

To the Editor:

I wish to bring to the attention of those persons who control the matter of date tickets for the ball games, a situation which I believe is unfair to the students of State College who happen to fall into the unfortunate category of which I found myself a part last Tuesday evening. Some time ago I purchased

a date ticket for the State-Duke game. Since my date was unable to attend with me, I decided to take my father to the game as my guest. When we endeavored to enter the Coliseum, I was informed that only females are admitted on date tickets. The only way my father could get into the game was for him to buy an entirely different ticket. To say the least I was very embarrassed. I suppose if I had brought my mother they would have told me that only females under forty are admitted on date tickets.

Students Should Pay Phone Fee

To the Editor:

In the January 23 issue of The Technician I offered for student analysis what any sane and sensible person would consider a constructive proposal—namely, the question of abolishing pay telephones in our dormitories. Two days later vandals cut the handsets from several telephones. It seems that my letter was blamed for these childish acts. Indirectly, I was even accused of almost depriving many of my fellow students of their phone service by inciting the destructiveness.

I have the opinion that most of the State students agree that we should pay for our phone calls in the same way as we pay for electric power and water, that is, as a part of our room fee. But most of the ones agreeing with me seem to be either vandals or like old ladies who sit in rocking chairs all day. They do nothing constructive.

John Guerard Scott.

After returning to the dormitory, and talking with others who attended the game, I discovered that some boys had been allowed to take in male guests on a date ticket. The question I want to raise is, what must one do in order to be sure that his guest will be admitted to the game? Also why were some students allowed to take in male guests on a date ticket and others were not? If there is going to be such an unfair rule about date tickets, then why does it apply to some and not everyone? To do away with all this confusion why not have one ticket to use for either date or guest?

David L. Hoyle.

Editor's Note: The Technician has checked on the policy governing date tickets and who is considered a date. Student Government President Jim Hunt told The Technician last night that a date is defined as "a person of the opposite sex of approximately the same age as the student."

State vs. Illinois Housing

by Motte V. Griffith, Jr.

Housing for married students at N. C. State, a thorn in the side of University officials, for to these many years, is as well a problem at the University of Illinois . . . but officials there are preparing to take constructive action concerning their situation.

Since the ending of World War II, the married student has come into his own at State College, but until recent weeks University officials have taken no definite action to provide permanent housing for the group.

With the influx of married students at State, a non-permanent type of structure was erected on the campus to take care of the returning service men and their wives—Vetville.

In recent years, Vetville has crumbled to make way for other buildings and no structures have been erected to take care of the remaining married students.

In January of 1956, University of Illinois officials sought for and got a "rather comprehensive housing program" approved.

According to V. L. Kretschmer, director of housing for the institution located at Urbana, Ill., the program calls for 1,000 married student units to be completed by the fall of 1962.

Officials of the Consolidated University had in their possession a \$3 million federal loan which would have enabled the building of 500 units to accommodate married students on the West Raleigh campus.

Last month the N. C. Board of Higher Education turned thumbs down on the 500-unit proposal and directed that only 300 units be constructed at a cost of \$1.8 million.

Presently at Illinois there are 201 permanent apartments for married students in the form of

two seven-story buildings completed in 1950.

Approximately 70 per cent of these units contain no-bedroom apartments while the remaining 30 per cent are one-bedroom units.

They are unfurnished with the exception of a stove, a refrigerator, kitchen table and chairs and a sofa-bed.

The design of the proposed married student housing at the University of Illinois calls for two-story multiple dwelling units of varying size with eight, 12 and 16 apartments in a building.

The apartments will be evenly divided between one and two bedroom units. The two-bedroom units will consist of approximately 100 more square feet than the smaller units.

WHAT TO WEAR ON THE SATELLITE

SCENE: It is almost zero hour at Los Bismuth. On stage are Capt. Carruthers, the man in charge of the launching of the satellite, and Manfred Faustus Sport, the man who will ride the satellite.
Carr: Well, Sport, this is it.
Sport: Real gas, Cap. I'm almost flying already. How do I look?
Carr: You could wear cat-gut and lemon-peels, and who would be the wiser?
Sport: Wake up, Cap. What about that crowd at Mt. Palomar with that big, spooky telescope? Got to look spiffy for them.
Carr: That shirt's a beaut. But, where's the rest of your luggage?
Sport: Who needs more? This shirt is a Van Heusen Vantage

shirt. It's one of those all cotton, drip-dry numbers that never needs ironing.
Carr: What a discovery! But how will you wash it up there?
Sport: In the rain, man, in the rain.
Carr: And how will you dry it?
Sport: In the sun, man, in the sun.
Carr: Well, it's zero minus one. Sport, you'll be gone forever. (SOUND OF WHOOSH-ING). He's gone.
EPILOGUE: The scene is the observatory at Mt. Palomar.
Scientist: Man, he's real gone. Just look at that Van Heusen Vantage shirt.
Yes, in outer space, or right here on terra firma, no drip-dry discovery ranks with Van Heusen Vantage shirts. The tariff? Only \$5.

Wolfpack Defeats Maryland In Three Overtimes, 69-64

Again this year, the State College Wolfpack has suffered a severe blow to any aspirations it may have had concerning the Atlantic Coast Conference title; this time, in the figure of a dismissal from college of Captain Whitey Bell, high scorer and outstanding guard, and Hal Estis, also a guard and bright sophomore prospect for a starting berth in the future.

This predicament is not an unusual one for Coach Everett Case. From January of 1956 until the present, one thing after another has hit the Wolfpack, always coming at just the time when the future looked bright.

That first event was the dismissal of Junior Cliff Hafer for scholastic irregularities. At the time, this seemed bad, but was not taken as disastrous, because of the over-abundance of Wolfpack stars.

That year State knocked down everything in its path, only to lose in the first round of the NCAA regional finals to a comparatively unknown Canisius team. A few weeks later, All-American Ron Shavlik broke his wrist during the Wake Forest game, which, because of the tremendous demoralizing effect, had a great deal to do with the NCAA failure.

Last season (1956-1957) had barely begun when the NCAA slapped a four-year probation on State for irregularities in the recruiting of high school ace Jackie Moreland. This had no direct effect on varsity play, but did set the stage for a dismal year. This "dismal" state of being was furthered in early February by the dismissal from school of seniors John Maglio and Cliff Hafer because of scholastic difficulties, leaving a starting lineup of three, and sometimes four, sophomores.

Now this latest link in the unfortunate chain of events has been added... the loss of Bell and Estis. The reason for their dismissal need not be publicized here; the faculty committee's statement that the suspension of the men was because of "academic irregularities" should suffice to all concerned and should be unquestioned by all well-meaning persons.

The main issue at hand now is whether or not the Pack can retaliate after suffering this blow; our guess is that it can. The Wolfpack demonstrated in the Maryland game Saturday afternoon that it could stay with the best and eventually come out on top.

Whether or not State can take the ACC title can not be determined now. But if they continue to play as they did Saturday, win or lose, they will continue to have the full support of the ones who count... the Wolfpack backers.

Around the ACC

All freshmen who are interested in trying out for the freshman baseball team should attend an orientation meeting to be held in the Band Room of the Gym at 7:00 P.M. on either Wed., Feb. 19, or Thurs., Feb. 20. Attendance at both is not required.

Jim Edwards, Coach

State's fired-up Wolfpack fought from behind for most of the regulation game, and then wrapped up a 69-64 victory over the Maryland Terps in the third overtime here Saturday before 6500 fans and a regional television audience.

For the Pack, who played without the services of guards Whitey Bell and Hal Estis, it was a battle all the way. At the end of the half, the Terps held a 28-16 lead over State, and all indications were that the game would end in the same vein.

After the half, it was evident that State was on the way back. They initiated a faster, more aggressive type play, and Maryland was unable to stop it.

But with eleven minutes left,

State had succeeded only in matching the Terps' points. At this time, things happened fast and with five minutes left, a basket by John Richter tied it at 43-43.

Richter then hit again and Don Englehardt sank a pair of free throws to put State in the lead, 47-43, with two minutes left; but the Terps fought back and tied it up with one minute remaining.

Neither team could score again and the tilt went into overtime.

In the overtime periods, State was always in the lead, but Maryland managed to always tie it up again in the last few seconds of the first two overtimes.

Finally, in the third overtime, it was all State. The teams exchanged buckets, and then George Stepanovich hit on a short jump to put the Pack in front to stay.

Intramurals

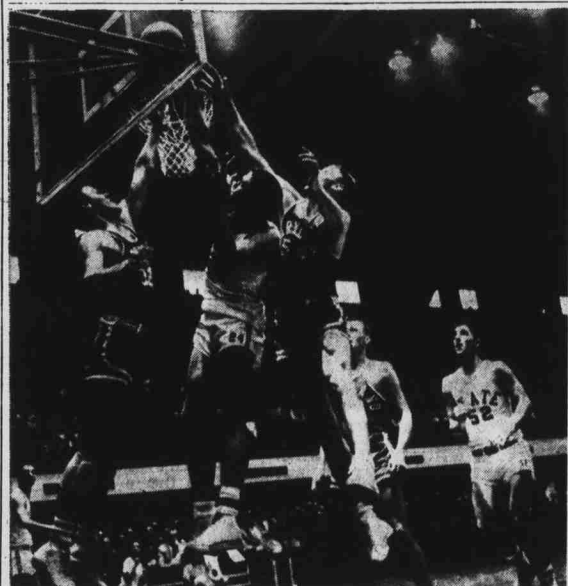

Basketball has taken new form and interest in mid-season play with 40 teams composed of fraternity, dormitory, and independent teams who have a ranked participation list of 416 players.

Handball and table tennis has also moved into full swing.

STUDENT EMPLOYMENT OFFICE will again have available this semester a number of listings of part-time jobs plus listings of summer work. Interested students should contact the office (2nd floor of Holladay Hall) between 10:00 and 1:00 on Mondays and Wednesdays, 10:00-1:00 and 2:00-4:00 on Tuesdays and Thursdays, or 11:00-12:00 and 1:00-3:00 on Fridays. The office is also open during regular business hours.

AMERICAN-SCANDINAVIAN FOUNDATION GRADUATE FELLOWSHIPS—For study in one of the Scandinavian countries. More information at 201 Holladay Hall.

DANFORTH CHAPEL SERVICE—Wed., Feb. 19, 12:40-1:00 p.m. Rev. Neill McGlamery is to be guest chaplain. All students are cordially invited to attend.

FORMER STUDENTS RETURNING, NEW TRANSFER STUDENTS, AND NEW FRESHMEN—If you did not have your ID card photographs made at the Coliseum on registration day, please report to Room 13, Holladay Hall, at one of the following times:
Monday, February 17, 12:30-2:30 p.m.;
Wednesday, February 19, 12:30-2:30 p.m.; and Friday, February 21, 1:00-4:00 p.m.

CLUB MEETINGS
MONDAY, FEBRUARY 17:
STATE MATES—8:00 p.m., College Union. All State College student wives and husbands are invited to Husbands' Night.

TUESDAY, FEBRUARY 18:
AG CLUB—7:00 p.m., C. U. Theater. Dr. G. C. Klingman will speak on his

recent trip to Peru. Meeting will be over in time to attend State-Carolina game.

WEDNESDAY, FEBRUARY 19:
FORESTRY CLUB—7:00 p.m., 159 Kilgore. New officers will be elected and a film, "The Woodlands Story", will be shown. All members are urged to attend.

COMPANY L-4, PERSHING RIFLES—7 p.m., 127 Coliseum. Open meeting. Any basic course cadet, whether interested in the drill team or not, is invited to attend. Movie, "The Highest Ideals", which explains the Natl. Society of Pershing Rifles will be shown.

COLLEGIATE 4-H CLUB—6:15 p.m., Room A, Cafeteria. Mr. W. L. Turner of the Agricultural Economics extension staff will speak on income tax.

THURSDAY, FEBRUARY 20:
HORTICULTURE CLUB—7:00 p.m., 123 Kilgore. Dr. Klingman will talk on his recent trip to Peru.

ANIMAL INDUSTRY CLUB—7:00 p.m., 110 Polk. Decision on annual spring tour.

AG-ED CLUB—7:00 p.m., C. U. Theater. Program: "Dad" Dunham, Voc-Ag teacher at Cary.

A.I.P. Meeting
Wednesday, Feb. 19, in Rid-dick 242 at 7:30 p.m.
Elections will be held and job opportunities will be discussed.

Counterfeit Parking Permits Prohibited

It has been the policy of the Judicial Board to recognize the Student Government Traffic Committee as the proper group to deal with the college traffic rules, while the Raleigh Police Department is charged with the enforcement of city and state laws on campus.

This policy suggests that the Judicial Board does not consider traffic violations as violations of the Campus Code or Honor Code. Generally this is true.

However, the Judicial Board does recognize that parking permit decals displayed on a motor vehicle other than the vehicle for which the permit was issued and the display of a counterfeit decal constitutes a violation of the Honor Code.

The Judicial Board makes this announcement so that you will be aware of how the Honor System is concerned with traffic violations.

Fresh. Broadcasts

Four Freshman basketball games are slated to be broadcast by WVWP within the next two weeks.

All of the games will be home games broadcast direct from the Coliseum.

Air time will be ten minutes before the game time indicated.

Feb. 18, UNC Freshmen, 6:15

A MESSAGE TO THE SENIOR WITH TOMORROW ON HIS MIND

Melpar's sure, swift growth during the past eleven years — we have doubled in size every 24 months — is due, in large part, to the outstanding performance of our engineering staff.

As a leading R & D organization, we are constantly called upon to perform tasks which have never been done before. Thanks to the creative talent which forms the backbone of our organization, we have grown rapidly both in stature and size. Members of our staff have enjoyed similarly rewarding growth.

Performance Determines Advancement. Individual recognition is a fundamental policy at Melpar. Each engineer is advanced on the basis of his performance. The average age of our engineering staff (one of the industry's youngest) and the rapidity of growth of above-average staff members, are clear indications of what Melpar's individual recognition policy can mean to you.

Project Teams. As a Melpar staff member you will enjoy the opportunity to participate in *entire* projects, from conception to completion of prototype. Our project team basis of organization gives you the satisfaction of seeing your own efforts materialize, and helps you acquire experience essential to eventual managerial responsibility.

Fine Living Conditions. Melpar laboratories are located in choice suburban areas near Washington, D. C. and Boston, Massachusetts. These areas were selected because of their proximity to outstanding educational, cultural and research facilities. Fine housing in all price ranges is readily available.

Facilities. Melpar offers complete facilities for creative research and design. Our headquarters laboratory near Washington, D. C. encompasses 265,000 air-conditioned sq. ft., is ultra modern in design and equipped with an eye to both future and present needs.

BECAUSE OF OUR WIDE DIVERSIFICATION, OPENINGS EXIST IN VIRTUALLY ALL PHASES OF ELECTRONIC RESEARCH AND DEVELOPMENT.

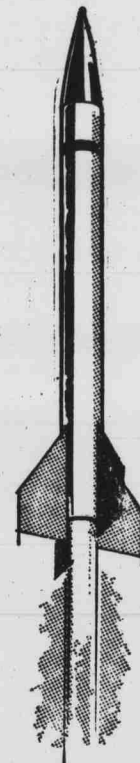

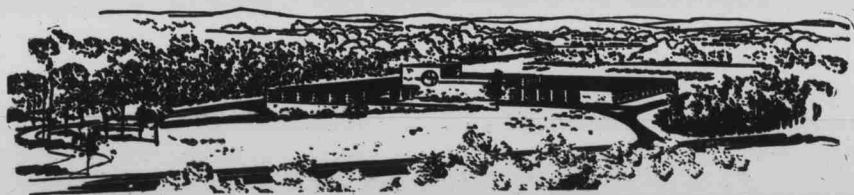

- Financial assistance is extended for advanced study at any of the fine universities in the Washington, D. C. and Boston areas.
- Qualified candidates will be invited to visit Melpar at company expense.

For Detailed Information about Openings and Living Conditions, Write to: Technical Personnel Representative
