Called Success

Carnival, Fair High Light Weekend

This past weekend was one of the largest, in regard to number and importance of events, that State College has ever experienced. Packed into the period, from Friday afternoon to Sunday afternoon, State was host to Parent's Week-end, The Engineer's Fair, State-Duke baseball game, the IFC sing, the annual College Union Carnival, Consolidated University Day, and several dances and other social events.

Engineers' Fair

Carl D. Parker, a Senior in Electrical Engineering, and Chairman of the Engineer's Fair, and Ed Nuckolls, a Senior in Industrial Engineering and President of the Engineers Council, announced that this year's attendance at the fair was over twice as great as last year's. At the opening ceremonies in the Coliseum there were approximately 8,000 persons present to hear Coach Earle Edwards give the opening address. The total attendance for the fair was from 10,000-12,000 persons.

The chairmen of the various departmental entries in the Fair met today in Riddick for the awarding of 1st, 2nd, and 3rd place prizes in the compe-

tion for best entry, and pictures were taken of the winners. The winners are as follows: 1st place—Mechanical Engineering; 2nd place—Civil Engineering; 3rd place—Electrical Engineering. (See WEEK-END HIGHLIGHTS, p. 3)

Carnival Queen

Miss Betty Taylor, Charlotte, was crowned Carnival Queen Saturday night. Miss Taylor attends Woman's College.

Hinson Runs For Treas.

Reid Hinson, a rising junior from Charlotte, N. C., is running for the office of Treasurer of the Student Government.

Concerning his candidacy, Hinson makes the following statement: "The Treasurer has a great deal of influence when bills dealing with Student Government appropriations are brought to the Senate for vote. These bills must be reviewed first by the Treasurer and his Budgetary and Finance Committee."

"If elected Treasurer, I will review each appropriation request carefully. I will not favor

appropriating Student Government funds for organizational use unless the organization spends this money in a way which will directly or indirectly benefit the entire Student Body. It will always be my desire to see Student Government business in the best interests of all the students."

Reid's activities since his coming to State include: Student Government Senator for two years, Student Government Investigations Committee, Member of Order of Thirty and Three, Member of Phi Eta Sigma, and a Member Varsity Rifle Team.

Sigma Nu Wins IFC Sing

Yesterday afternoon the IFC held their annual sing in the College Union ballroom. Three fraternities participated, with Sigma Nu winning the affair.

The other participating fraternities were Phi Kappa Tau and FarmHouse.

Sigma Nu entered a quartet, while Phi Kappa Tau and FarmHouse both entered larger groups.

Jimmy Capps, of WPTF fame, served as master of ceremonies for the hour-long sing.

While the judges were making a decision, the Triple Trio from Meredith College and a quartet composed of State College Glee Club members entertained briefly.

Miss Lory Wubbena, the vocal director of Josephus Daniels Jr. High School; David H. Witherspoon, director of WRAL-TV promotions and public relations; and Richard Southwick, director of bands and orchestras at Needham Broughton High School, served as judges for the affair.

Dean Henry Bowers presented the Sigma Nu quartet with the plaque for first place. Last year's winner of the sing was Sigma Chi.

Nuclear Sr. Named Winner of Award

Donald Henry Roy of Raleigh, a senior in nuclear engineering at State, was named winner of the first annual Hamilton Award at the formal opening of the 26th annual Engineers' Fair Friday afternoon in Reynolds Coliseum.

Dr. J. Harold Lampe, dean of the School of Engineering, presented the award winner with an engraved Hamilton electric watch.

Dean Lampe said that "the Hamilton Award brings recognition to the senior in the School of Engineering who has most successfully combined proficiency in his major field of study with outstanding achievements in the social sciences and the humanities."

The outstanding senior has an overall scholastic average of 3.91 out of a possible 4.00, and during his junior and senior years he has maintained the 4.00 average.

He belongs to Tau Beta Pi, national engineering society; Phi Kappa Phi, national scholastic society; Sigma Pi Sigma, physics honor society; Phi Eta Sigma, freshman scholastic fraternity; and the American Society of Metals.

Roy was named recipient of a National Science Foundation fellowship to study next year at the Massachusetts Institute of Technology.

Baxter Running For SG Treas.

Larry Baxter has entered the race for Student Government Treasurer. He is a rising junior and has had two years experience in the Legislature.

During this time he has been very active in the work of the Student Government, serving the first year on the S.G. Rules Committee, and this year on the Budgetary and Finance committee. In addition to these regular committees, Larry is now serving on a special committee of Student Government to study the possibilities for cooperative buying for students.

"As most of you know, the Treasurer of Student Government automatically becomes chairman of the S.G. Budgetary and Finance committee. This is a very responsible position which requires much experience to be handled efficiently. During the past year I have worked in close cooperation with our present Treasurer on this committee. I have become familiar with this system and its importance and believe that this and other experience which I have had fully qualify me for this position."

Cocke Runs for IFC Veep

John Cocke, a rising Senior in Engineering Physics, has been campaigning for the vice-presidency of the Interfraternity Council. A council member for two years, he had this to say concerning his intentions and qualifications:

"I have been interested in this office for quite some time and feel that my wide experience qualifies me for the job, for I have been active in committee

Polls Open Tomorrow For Campus Elections

Thomason Makes Final Statement

George Thomason, candidate for President of the Student Government has made the following, final statement to the Technician:

In my first article which appeared in the Technician I listed the offices and positions I have held which have given me experience in leading and working with groups. Although I have not been a habitual campaigner since my return to State in 1956, I believe this experience, plus mature and impartial judgment, furnishes me with the background needed for the office of President.

In my second article I stated the basic principle of my platform: "that campaign platforms follow the pattern of promising solutions to campus problems; therefore, the most sincere platform a candidate can offer is to actually mean to give interest, initiative, and industry to the working out of all campus problems to the fullest interest of the student."

Therefore, as a candidate, I naturally want to work to solve or to improve these much discussed issues; also I will want, just as much, to work with any other problems which will assuredly come into being in the next year. Also I have respect for the obligation and potential (See THOMASON, page 4)

Shackleford Seeks Junior President

Charlie Shackleford, a rising junior in the School of Engineering, is running for President of the Junior Class.

In a statement released to The Technician, Shackleford said, "Now that my financial problems are partly solved, I want to serve our class. I feel that I have a thorough understanding of student needs and will serve in these best interests. Short on experience, I can only offer ability."

"Although not a fraternity member, I plan to back the much-needed fraternity row and push the veterans housing project. With all my efforts, I will fight the diploma contract being pushed by the faculty, which will give you a pocket-card upon graduation for the next five years. Much can be achieved by applying pressure at the right places."

Elections will be held at State tomorrow to fill offices for the 1958-59 college year.

Officers for the Student Government, Interfraternity Council, Athletic Council, College Union, Tompkins Textile Council, the college newspaper, the yearbook, campus radio station WVWP, and the rising senior, junior, and sophomore classes will be selected by the students.

Delegates from the various schools on campus will also be named to the Student Legislature. The students will also vote on members of the Judicial Board and select a senior to receive the alumni athletic trophy.

Seeking re-election as president of the Student Government will be Jimmy B. Hunt of Lucama. Opposing him is George L. Thomason of Raleigh.

Running for vice-president are Haden Edward Knox of Davidson, William Byrd Kay, Jr., of Red Springs, and Ernest P. Driscoll of Philadelphia, Pa.

Candidates for Student Government secretary are William R. Guffey of Greensboro, Donald Ray Fountain of Wilmington, and Bobby Yates Emory of Raleigh.

The post of treasurer is being sought by Larry B. Baxter of Cherryville and Edwards R. Hinson of Charlotte.

The loser of the race between Charles W. Selden, III, of Richmond, Va., and J. Paul Essex, Jr., of Winston-Salem, for president of the College Union will automatically be named vice president.

Unopposed in their field are Roy Lathrop of Asheville for editor of The Technician, college newspaper; Ray Morgan of Asheville, Technician business manager; Ralph Boswell of Fairfax, Va., editor of the Agromeck, college yearbook; Bill Gardner of Wilmington, Agromeck Business Manager; Edwin Finch of Bailey, WVWP radio station manager; John Sprinkle of Winston-Salem, WVWP business manager; and Larry Carter of Winston-Salem, president of the Interfraternity Council.

Where to Vote

All day tomorrow the Elections Committee of the Student Government will maintain election polls at seven points on the campus.

The places of the polls are as follows:

Berry-Bagwell-Becton

Quadrangle

College Union Terrace

Alexander-Turlington

Mop-Up

Winston Hall

Riddick Hall

YMCA Mop-Up

Textile Building

The Elections Committee has secured permission to count ballots and maintain an area for interested candidates to await the elections returns in the College Union. Coffee will be available and anyone desiring to remain in the College Union after closing time must be in Catering Rooms A & B by the time the building closes.

Bids Available for Jr.-Sr.

Any Junior or Senior who has paid his class dues may pick up a bid at the College Union between April 21-25 from 4:00 to 8:00 p.m. Those who have not paid their class dues may obtain a bid by paying their dues at the CU at this time.

This year's Jr.-Sr. dance will be held on April 26 from 8:00 to 12:00 p.m. in the Coliseum.

Earl Davis, chairman of the Jr.-Sr. dance, encourages every junior and senior to plan now to attend this formal.

Engineers' Fair Exhibit

A young visitor to the Engineers' Fair examines the demonstration of solar heat, which may some day heat his home. This exhibit was one of many featured here last Friday and Saturday showing the wonders the future may hold in store.

Sextet from Peace College
Everyone is cordially invited
to worship at each mid-week
chapel service held each
Wednesday.

Parents Weekend . . . A Job Well Done

The 1958 Parents' Weekend held here this past weekend turned out to be a great success.

Held in conjunction with the Engineers' Fair, Consolidated University Day, and Carnival Night, the weekend provided a wide variety of fun, entertainment, and interesting exhibits for the ten to twelve thousand visitors to our campus.

One must remember, however, that such a weekend does not just happen. Many students put in a great deal of time planning and working long hours to make the weekend successful.

The members of Golden Chain, which annually sponsor Parents' Weekend, deserve much credit for the time they spent mailing literature to the parents telling them about the weekend and for coordinating the various events. Co-chairmen George Cochran and Dave Weinstein were the two men behind the scenes of much of the work done by Golden Chain.

Carl Parker, Chairman of the Engineers' Fair, and Ed Nuckolls, Engineers' Council President, deserve much praise for the work they did in making the Fair the "biggest and best" ever.

And to the College Union and Consolidated University Student Council goes equal praise for sponsoring Carnival Night, at which approximately 3,000 people spent an evening of wholesome entertainment.

Blue Key, Phi Kappa Phi, and Rev. O. B. Woodridge likewise should be recognized for their part in the weekend.

There are many, many others who contributed their time and abilities in order that the event be a success. To these unsung workers, without whose help the weekend would have been impossible, the school is indebted.

No, a big show like the one here last weekend does not just happen. To all those students who donated their time and energy to any part of the weekend we say, "Congratulations on a job well done."

LITTLE MAN ON CAMPUS

BY DICK BIBLER

Fraternity Line

19th Century Rules Too Rigid

By Oscar Grant

This week, this column is devoted to a subject which is only indirectly related to the affairs of our fraternity system, yet it should be of vital interest to many fraternity men, especially those who date girls enrolled in any of the South's many church-supported girls' colleges.

During this past year, this writer has, from time to time, suggested a more liberal set of rules at the local girls' schools.

What is needed is not just a few slight changes, but a complete revision in these rules. For, if we examine them, it becomes obvious that the administrators who set them up and enforce them are living in the 19th Century.

The conflict here is not just an argument that girls should be allowed to stay out until 12 o'clock instead of 1 o'clock; it is a basic argument against the social customs on which these rules are founded.

Colleges today must teach more than what is found in books; it must teach students the fundamental difference between right and wrong. It cannot succeed when it enforces rigid rules which allow no chance for students to decide for themselves what is right and what is wrong.

If 12 o'clock is the proper time for a college girl to come in, then girls should have the chance to decide this for themselves when they reach college age.

If it is not proper for a lady to drink anything alcoholic, then each girl should have the right to learn to make this decision on her own.

Would such a liberal approach work, or would girls run wild as they now sometimes do when they go out of town and get away from the rules of the college?

Northern schools have found that it does. This writer has talked to a number of girls from Northern schools and they report that the large majority of the students stay well within the limits of conduct that is socially accepted. Those that do not are socially ostracized and soon learn to conduct themselves within these limits.

Will these changes come to Southern schools as they have in the North? This writer thinks they will. It will, however, take time. Nevertheless, the proverbial handwriting is on the wall. Every day the student governments of these schools petition for changes.

"I HELD HIS HANDS ALL EVENING - I WAS AFRAID TO LET GO OF THEM."

Letters To The Editor

Student Airs Views On Presidential Race

Voting is a right which requires the assumption of some responsibilities on the part of the voter. Foremost among them is a complete understanding of the qualities and the qualifications of the candidates and their respective platforms.

George Thomason's statement that a candidate should actually "mean to give interest, initiative, and industry" to all of the responsibilities which the President assumes is not only true, but it is a must. I have known George for some time and know that he not only possesses these attributes, but that he uses them as well.

In order that I might compare the two candidates, I asked the Thomason party for information as to their candidate's stand on certain points outlined by Hunt in the last

edition of *The Technician*. Academic Advisory Committee Thomason believes in a closer co-ordination between the President of the Student Government and the Faculty Senate, rather than the formation of an intermediary committee for the settlement of academic problems.

College Union Thomason proposes to aid the C.U. not by intervening in their internal affairs, but by urging that Representatives to the Student Government to strive to develop greater participation from their sections in the C.U. activities, especially in the encouragement of students to assist at the committee level.

Fraternity Row Not only does Thomas favor Fraternity Row, but he believes that the college is, in a sense, obligated to give its fullest support to the project (to ease the housing problem).

As a married student himself, Thomason will do his utmost to support any reasonable efforts, within his area of responsibility, to provide housing for married students, veterans or non-veterans.

Overcrowded Dormitories On the dorm situation Thomason summed up his opinion in one word, "Disgusting!" He went on to state that much of the responsibility for the present condition is to be laid at the feet of the administration, and that they should therefore take first responsibility in clearing it up.

The election seems to be a choice, not between two platforms, but between two men. Which man is capable of giving

us a vitally alive Student Government? Which man possesses the maturity which the major problems (i.e. Housing, Student-Faculty co-ordination, etc.) require? Which man would we want guiding, as well as directing, the activities of the Student Government? George Thomason! John I. Teaney

Yow Running For Sen. Pres.

To the Editor:

I would like to announce my candidacy for president of the Senior Class. Unlike other people, my platform is very simple. I am not going to make a lot of wild promises that I am not sure I can keep. Instead I am going to list the qualification that I think deserves more merit than any other. That is experience. All through this year, as president of the Junior Class, I have worked to promote a program that would carry us successfully through next year. I now feel that this program has been completed.

I have already set aside \$500 with which to buy our class gift next year. This will relieve us of any dues whatsoever. Also, committees have already been appointed to look into the class gift. I see no reason to destroy these committees and the work already done. Let's not change horses in the middle of the stream. Let's keep the same leadership that has gotten us successfully through this year.

In conclusion, I can only say that I will give you my best in honesty, hard work, and above all, experience. And if elected, I

will do my best to make the Class of '59 the most successful one ever.

Sammy Yow

Coley Likes Thomason's Platform

To the Editor:

I am a senior in the Electrical Engineering Department, a member of Tau Beta Pi, Phi Kappa Phi, Eta Kappa Nu, and recently was elected to the Knights of Saint Patrick.

I have not been too active in school politics. However, I feel so strongly about one of this year's candidates for the office of President of Student Government that I want to tell the members of the student body—those who know me, and those who don't know me—just how I feel.

The candidate to whom I am referring is George Thomason.

There are many things I could tell you about George—such things as his achievements and popularity in high school, his fine service record, his wholesome married life, and the numerous honors and offices he has held in the past at State.

George is old enough and ma-

ture enough to realize that no set, detailed platform can be followed by any holder of an office such as President of Student Government. The seniors will realize this if they remember the recent diploma question.

What George does promise is to give interest, initiative, and industry to the working out of all campus issues, and in this promise I believe he is sincere.

If you will only stop and think for a moment, you will realize that this is the very best any person can do. After you have realized this, I would like to ask you to cast your vote for George Thomason—candidate for President of the Student Government.

Bob Kennel Speaks Out For Jim Hunt

To the Editor:

Who is Jim Hunt, anyway? Right now he is this year's Student Government President running for a second term of office. Therefore he is a politician!!!

However, Jim Hunt is more than a mere college politician, and I hope this is more than a mere political letter. There are many fine and well-liked men on this campus; I wish there were some way to recognize every one of them publicly for just being a "good guy." This letter proposes a double purpose concerning Jim Hunt. One purpose is to help re-elect him to the job he has already filled admirably this year. The other is to recognize a man publicly for being, in my opinion, outstanding in every sense of the word and for contributing so much time and effort for the betterment of this school.

There are many men on this campus who are intelligent, who are good speech makers, who can stand up for what they know is right, and who have the mechanical qualifications for a position such as that of President of the Student Government! Undoubtedly, Jim has these mechanical qualifications for the office; but the factors which make him an outstanding candidate are his personal qualifications.

I respect Jim Hunt as a wonderful Christian, as a fine leader, as a conscientious worker, and certainly as the best man we could elect President of our Student Government.

I'll surely cast my vote for Jim in the presidential race, but I'll cast an even bigger vote for him in the human race just for being as fine a person as I've ever met.

INTRAMURALS

The annual Big Four Sports Day is being scheduled for Wednesday May 7 at Wake Forest College. This event is a yearly attraction between the schools in the Big Four, Carolina, Wake Forest, Duke, and State.

Competition will be in the following sports: softball, volleyball, golf, table tennis, badminton, tennis, handball, and horse shoes. All State college students and supporters are asked to keep this date in mind, as the Wolfpack team is the defending champions, and as in years past, are expected to make a good showing in bringing home another championship.

In the Intramural picture, we find the softball action getting

into full swing. All athletic directors have a copy of the rules and a full schedule, and are asked to see that their respective teams are prepared and ready for each game. As the results are brought up to date in softball competition, a full report will be printed in the Technician.

The intramural office has announced the Fraternity golf schedule for this year. Finals will be played on May 7 at the Raleigh Golf Association course. Other students who wish to participate in the golf competition are requested to sign up for the open Golf Tournament. Entries will be accepted until noon Tuesday, April 22, and pairings will be given at Frank Thompson Gymnasium. This tournament will begin Monday, April 28.

Tennis Squad Downs South Carolina, 7-2

State's tennis team got back on the winning trail Saturday as they downed South Carolina, 7-2. It was the second win for the Wolfpack netters against four defeats.

Mickey Solomon (S) d. Bob Luft, 6-1, 6-2; Henry Blackwell (SC) d. Earl Dye, 3-6, 6-4, 6-4; Erwin Holmes (S) d. Thomas Adams, 4-6, 6-2, 6-0; Earl Gregory (SC) d. Cecil Calson, 6-1, 6-3; Joe DeBruhl (S) d. Bob Dobson, 6-4, 6-4; Raymond Kassler (S) d. Del Haynes, 6-5, 6-4.

Solomon and Holmes d. Luft and Blackwell, 6-2, 6-2; Dye and Calson d. Adams and Dobson, 1-6, 6-4, 7-5; Kassler and DeBruhl d. Haynes and Gregory, 8-6, 3-6, 8-6.

D. Casteen Halts Blue Devils On Nine Hits; Glenn Sparrow Brings Home Winning Tallies

The Wolfpack had a hard time getting started but after that, it was no stopping them as they made Duke their fourth ACC victim by downing the Blue Devils, 4-2, behind the pitching of sophomore hurler Danny Casteen.

Casteen gave up nine hits to the Duke boys but only in the sixth inning, when they scored their only two runs, were they able to make them count. The victory by Casteen was his third of the year, and he is yet to go down in defeat.

The Pack had a hard time finding the pitching of Duke southpaw Dick Burton and after six innings of play, the only Red Man who had reached first got there by way of an error in the bottom of the sixth frame.

But in the seventh, the Wolfpack batsmen found the way to Burton's pitching. Little Dick Hunter, a consistent hitter for

the West Raleigh brigade, led off with a single. A grounder by Russ Casteen forced Hunter at second, but five consecutive singles wrapped up the game for the Pack.

D. Casteen singled to left and when the leftfielder for Duke bobbled the ball, both Casteens advanced a base, putting men on second and third. Catcher

Bob Kennel drilled a hit into right which scored the two Casteens and knotted the score.

Weekend Highlights

(Continued from page 1)

Parents' Weekend
Co-chairmen for Parent's Weekend were Dave Weinstein, a senior in Agriculture, and George Cochran, a senior in Textiles. This year, the Weekend was even more successful than last year's event with an estimated 400-450 parents attending. Parents attended the coffee hour, the tea, the State-Duke ballgame, the special services in Danforth Chapel, and the many other events that were taking place on campus during this busy weekend.

Jim Peden, President of the Senior Class, observed that "all that was needed is a little more encouragement from the students to get their parents down for this annual affair. . . and that perhaps next year more attention should be devoted to advertising the Parent's Weekend."

33 booths were featured at the carnival, 20 of them sponsored by State College organizations. Woman's College entered 12 booths, while UNC entered the remaining booth.

Phi Epsilon Pi was awarded a trophy for the most profitable booth. Their upright roulette wheel made approximately \$90.

The "Dime-a-Date" booth, sponsored by North Spencer dorm of WC, won the prize for the most original booth.

The "Balloon Saloon", sponsored by the Elliot Hall Council of WC, received the best decorated booth award.

Miss Betty Taylor of Charlotte was named Carnival Night Queen. Miss Taylor was sponsored by the Sophomore Class of WC.

Carnival Night
Over 3000 people attended Carnival Night at the College Union last weekend.

ESSO RESEARCH works wonders with oil

Oil helps create a new world of fashion

A fine wool sweater owes much of its lovely look to a special oil developed by Esso Research. By lubricating the threads during knitting, it helps them mesh together smoothly and evenly. After knitting, the oil is easily removed. Without oils like this, the springy texture and intricate designs of today's fashionable wools wouldn't be possible. Again **ESSO RESEARCH** works wonders with oil.

N. C. State
Student Affairs Bulletin

GRANTS-IN-AID AND LOANS—Students who anticipate the need for financial assistance to meet the expenses of the 1958-59 school year may file applications now for grants-in-aid and/or long-term loans. Grants usually do not exceed \$200 per student per year; loans, \$500. Grants are in the nature of scholarships and are not repaid; loans draw 5 per cent interest and borrower need not begin repayment until one year after leaving school. To be approved for a grant or a loan, a student must be making satisfactory academic progress. Application forms may be obtained at 207 Holladay Hall. Although there is no actual deadline for applications, it is preferred that they be filed before the end of the current semester. Freshmen who have one-year Talent For Service Scholarships appropriately may apply now for grants-in-aid if continued help is needed.

JOBS—The Financial Aid Office has two excellent jobs available for qualified students. WRAL Radio-TV needs engineers to work in maintenance and equipment testing and the D. H. Hill Library needs a student to work in the Documents Department. A first class license is required for WRAL, but a second class license will do if the student is willing to train for the first class license. The Library requires a student who is dependable, neat, intelligent, careful, and is coming to summer school. Both jobs are permanent and pay up to \$1.50 per hour. Interested students should contact the Financial Aid Office, 207 Holladay Hall, immediately.

DORMITORY ROOM APPLICATIONS FOR FALL SEMESTER—The priority period for present occupants

to reserve their rooms begins Tuesday, April 22, and ends Friday, May 2. **AG STUDENTS**—Special program, C. U. Theater, 8 p.m., April 22. Two speakers: Dr. C. H. Hanson, "Discussion of Federal Employment"; Mr. M. H. Sartor, Supervisor of Atlantic Coast Area Plant Quarantine Div., U.S.D.A., "Type of Employment with Plant Quarantine Division of U. S. Dept. of Agriculture." Also, movie entitled, "The Hidden Menace." (Program follows Ag Club meeting.) **MARRIAGE AND COURTSHIP SERIES**—April 22-May 2, 7 p.m. YMCA for mixed group; 9 p.m. Williams Hall for men only. Monday, April 22—"How Love Develops." Movie—"Are you Ready for Marriage, April 23—"Is this Love?" Movie—"This Charming Couple, April 30 Movie—"A Normal Birth." This lecture series will be given by Mrs. Ethel M. Nash, author, lecturer, counselor, and sponsored by the State College YMCA. Personal interviews to discuss any problem privately with Mrs. Nash may be scheduled at the YMCA desk for each afternoon from 2 to 5 p.m. **CLUB MEETINGS** **TUESDAY, APRIL 22:** FORESTRY CLUB—7 p.m., 159 Kilgore Club—C. U. Theater, 7 p.m. Program: Stunt Night. Anyone may participate in Stunt Night. (See article above for Ag students.) **WEDNESDAY, APRIL 23:** COLLEGIATE 4-H CLUB—6:15 p.m., Room A, College Cafeteria. Guest speaker: Mr. George Smith, Forestry Extension Specialist. **THURSDAY, APRIL 24:** LEOPOLD WILDLIFE CLUB—149 Garner, 7 p.m.

Davis Seeking IFC Secretary

Bob Davis, a rising junior, has announced his candidacy for IFC secretary. Davis is a member of the Pi Kappa Alpha social fraternity and the Phi Eta Sigma honorary society. He has worked for two years on the Student Government Orientation Committee and is presently a member of the IFC Dance Committee. He has also served as secretary of Pi Kappa Alpha.

Davis has this to say in connection with the office: "I feel that it is most important to get the minutes of IFC meetings back to the individual houses promptly. If elected I shall strive to have the minutes back by the following Monday night."

Phi Kappa Phi

Phi Kappa Phi, honorary scholastic fraternity, will hold its formal initiation tonight at 6:30 in the College Union.

Dr. C. Horace Hamilton, the winner of the O. Max Gardner Award this year, will deliver the address.

50 Juniors are to be initiated.

Lester Seeks Post As Soph. President

In announcing his candidacy for President of the Sophomore Class, George Lester has made the following statement: "I have decided to run for President of the Sophomore Class because of an intense desire to serve my fellow classmates and better our class. I would gladly sacrifice my personal time to perform any and all duties that are required of this office. My basic aim is to make the 'class of '61' one of the most prominent classes N. C. State College has ever produced. I intend to do this through close liaison with the Student Government and the other class administrators. I propose to bring our class closer together through a well-developed social program. This consists of the possibilities of having a special seating section at all events, both social and athletic, for our class to sit together."

"Peyton Place"

On Tuesday night the Library Committee will sponsor an open discussion on Grace Metalious' book "Peyton Place" at 8 p.m.

Fountain Runs for Secretary

Ray Fountain is a candidate for secretary of the Student Government. He is a rising junior in the School of Engineering and is from Wilmington, N. C. "The office of Secretary of the Student Government entails many and varied responsibilities," Fountain said. "The responsibilities include (1) The accurate keeping and filing of the minutes of each S.G. meeting, (2) the filing of all S.G. records such as letters, budgets, resolutions, and motions, (3) meeting with the President, Vice-President, Treasurer, and Judicial Board Chairman to decide upon many

important campus issues and, (4) assisting the President in any way possible. "Having had two years experience as an Engineering Senator in S.G. and gaining in that time a working knowledge of the Student Government system, campus problems, and the judicial system I believe that I have enough background to carry out these responsibilities efficiently. "I have also recently been elected Secretary-Treasurer of 30 & 3, sophomore leadership fraternity, and served as secretary of my Freshman class last year.

Thomson's Statement

(Continued from page 1) which this office holds: I believe this is necessary to carry out the work which such promises imply. In conclusion, I can only repeat to the students that I believe I do have sufficient experience, backed with sincere concern for seeing that the students are treated fairly and allowed to grow just as our school has grown. I ask the students to share this confidence with me by letting me work for them; for I look at the office of President not so much as that of someone "leading" the students as representing them—taking their part in situations where unfairness may exist, and trying to find means for improving their very important life at college. I will be grateful to every student who has the confidence in my sincerity and qualifications to vote for me; and I would consider it the highest honor I have ever been accorded if I am elected your President."

IN THE TWENTIES, up-to-date college gals wore raccoon coats, danced the Charleston and smoked Luckies. What's the rage on campus today? Raccoon coats. The Charleston. And Luckies! The conclusions are obvious. 1. Luckies were tops for taste in the Twenties and still are. 2. Smart smokers knew it and still do. So any gal who takes Luckies to a Roaring 20's party is a *Dapper Flapper!* And by George, the boy friend who sports 'em, too, is a *Couth Youth!* Prediction: In the 1980's, raccoon coats, the Charleston and light, good-tasting tobacco will still be in style!

STUDENTS! MAKE \$25
Do you like to shirk work? Here's some easy money—start Stickling! We'll pay \$25 for every Stickler we print—and for hundreds more that never get used. Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send your Sticklers with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mt. Vernon, N. Y.
