

By Blue Key

Bob Kennel Named Top State Senior

Robert P. Kennel, nuclear engineering senior from New Bern, was named as the Outstanding Senior last Saturday night at the annual Junior-Senior Dance in the Coliseum.

The Outstanding Senior Award is presented each year by Blue Key Honor Fraternity. Making the award to Kennel Saturday night was Jim Peden, a member of Blue Key and President of both Golden Chain and the Senior Class.

Kennel came to State as a freshman under the college's "Talent-for-Service" Scholarship Program, which attracts the top graduates of the state's high schools. While at State, he has won numerous awards, has maintained nearly a straight "A" average, and has participated in many extra-curricular and athletic activities.

He was recently named the winner of a \$2,500 Rotary Fellowship for advanced study abroad during the 1958-59 academic year. He will leave this summer for Melbourne, Australia, where he will study at the University of Melbourne.

Kennel is a member and officer of Golden Chain, senior leadership society, and Blue Key Fraternity, junior leadership fraternity. He is the past president of his fraternity, Delta Sigma Phi;

BOB KENNEL

has played varsity football, basketball, and baseball at State; and is in Phi Kappa Phi, the top scholastic honorary fraternity on campus.

He is Wing Commander of the Air Force ROTC, member of the YMCA Cabinet, and has been on the Athletic Council for two years.

Earlier this year, Kennel turned down a reported \$28,000 offer to play professional baseball in order to continue his studies.

Runners-up for the Outstanding Senior Award were Ed Nuckolls, Engineer's Council President, and David Barnhardt, Editor of *The Technician*.

Carl D. Parker, Chairman of the Blue Key Award Committee, has stated that he "would like to thank the many faculty members who took the time to write letters of nomination for the Award."

Blue Key Announces Nominations Open

Blue Key Honor Fraternity, the junior leadership fraternity, has announced that it is now accepting nominations from students and faculty members for candidates for initiation into Blue Key.

Nominations may be turned into the Office of the Dean of Student Affairs, the YMCA, or the College Union Desk by 6:00 p.m. Wednesday, April 30.

With each nomination should be a list of the offices held by the candidate, honors received, professional fraternities, sports, and any other college activities.

Only juniors and seniors are eligible.

Blue Key Fraternity had its foundation first in the idea that "real American college and university student leaders are God-fearing, law abiding young citizens who believe that worthwhile progress can best be made through the orderly processes of evolution and not revolution."

Second, the fraternity believes that "students are men and must be treated as such. That they are willing to accept responsibility, willing to cooperate with faculty and fellow students, and are capable of putting across ideas and ideals of creating the right attitudes which do much to improve student life and welfare."

Correction—Essex Elected CU Pres.

Last Thursday, *The Technician* erroneously reported that Paul Essex, Jr. had been defeated in the race for President of the College Union.

A picture of Charles Selden appeared in the paper, and in the article on the election it was stated that Selden had won. In the listing of the candidates and number of votes each received, however, appeared the correct information — which stated that Essex had received 1340 votes and Selden 568.

Selden will serve as vice-president of the Union.

President-elect Essex, a rising senior in industrial engineering, has served for the past two years as Editor of *The Southern Engineer* and has been chairman of the Union's publicity committee.

Essex is currently a member of the board of directors of WVWP radio station and is a member of the Engineer's Council. He has worked on a part-time basis for the College News Bureau and for the News and Observer.

Friday To Speak

Consolidated University President William C. Friday will be the speaker at the annual Student Government Banquet this year.

The banquet will be held on Friday, May 16, at 6:30 p.m. in the College Union. Chancellor Bostian will award certificates to members of the Student Government at the banquet.

Waring Boys, Chairman of the Banquet Committee, is now taking reservations from Student Government members for the banquet.

Decision Expected Soon On Fraternity Housing

Representatives from State's administration and the President of the Interfraternity Council, George Howard, recently met in Chapel Hill with William C. Friday and William D. Carmichael, President and Vice-president respectively, of the Consolidated University of North Carolina.

The purpose of the meeting was to discuss State's proposed fraternity row and the problems that have arisen to block its successful realization.

Morrison Seeking Junior Secretary

Bill Morrison, candidate for Junior Class Secretary, issued the following statement concerning his candidacy:

"I would like to express my appreciation for your support in making me top man in the primary election. I hope you will continue to give me your support in the final elections tomorrow, and would again like to say that I will be a sincere and conscientious worker, if elected to Secretary of the Junior Class.

"I believe that the students should be represented in the person that is holding office. and that the opinions of the students should serve as a guide for the actions of the office-holder.

"If this is your idea of what characteristics an officer should possess, then please cast your vote for Morrison for Junior Class Secretary tomorrow."

Final Voting Tomorrow Polls Open From 8 to 6

Campaigning on the State College campus will come to an end tomorrow when final elections will decide the holders of posts for the 1958-59 academic year.

Chosen in the election will be representatives to the student legislature and judicial board, class officers, Interfraternity Council secretary, College Union Representatives, president of the Tompkins Textile Council, representatives to the Athletic Council, and winner of the Alumni Athletic Trophy.

The winners of Senior Class offices will be decided from this group of candidates:

Arron Capel of Troy and Sammy Yow of Greensboro, for president; John A. Sprinkle of

Winston-Salem and Tom Gilmore of Julian, for vice president; and Clay Price of Taylorsville and Bobby Deaton of Morganton for treasurer.

Competing for Junior Class positions are Dave Thomas of Asheville and Jack Pivin of Bristol, R. I., for president; Charles E. Rickell of Frederick, Md., and Ben Sugg of Kinston, for vice president; Bill McLaurine of Burlington and Bill Morrison of Burlington for secretary; and Jim Moore of Rocky Mount and Barry Henderson of Hickory for treasurer.

Two Sophomore Class offices will be determined by the election. Competing for secretary are Terry Brooks of Raleigh and Larry Barnes of Atlanta, while Joel Ray of Asheville and Milton Williams of Kinston are seeking the treasurer's job.

Waring Boys of Tuxedo and Bob Davis of Salisbury are in the run-off for secretary of the Interfraternity Council.

In the race for president of the Tompkins Textile Council are Bruce T. Hainley of Schuylkill Haven, Pa., and Eddie Baringer of Maiden.

The winner of the Alumni Athletic Trophy will be either Dick Hunter or Bob Kennel.

Members of the Judicial Board will be chosen for each class.

Also, to be decided in the election are members of the Athletic Council and representatives to the College Union Board of Directors.

Representatives from each class to the Student Legislature will be decided for the School of Agriculture, Education, Engineering, Textiles, and Forestry.

Nick Ray, Chairman of the Elections Committee, made the following statement concerning elections this Tuesday:

"We are expecting elections to run much more smoothly on Tuesday. Several responsible organizations have been put in charge of the various polls, and the voting will begin promptly at 8:00 a.m. Polls will be open at the Student Supply Store, the Snack Bar near Burlington, at the Textile Building, Winston Hall, Riddick, the College Union, and the Berry-Becton quadrangle. Polls will close at 6:00 p.m."

Junior-Senior Ring Dance

Shown are members of the Junior and Senior Class as they participate in the annual Ring Dance. The Saturday night event featured Larry Sonn's Orchestra, and traditionally, was arranged entirely by the efforts of the Junior Class.

(Photo by Kjosnes)

Sex Lectures This Week

As was announced in the last issue of *The Technician*, Mrs. Ethel M. Nash, lecturer, marriage counselor, and author, will deliver two lectures each night this week on the subject "Sex In This Age."

The annual series of lectures begins tonight; each night, there will be a lecture for mixed groups at 7:00 p.m. in the YMCA and another at 9:00 p.m. for men only in Williams Hall.

The topic schedule for the week is as follows:

Monday: "How Love Develops"

Tuesday: "Is This Love"

Wednesday: "Preparing for the Honeymoon"

Thursday: "Marriage is What You Make It"

Friday: "Two Become Three"

Concert Presented By Woody Herman

A concert was presented yesterday afternoon in the Textile Auditorium by Woody Herman and his "Third Herd."

The concert, costing \$1,000 for the band, took in approximately \$300 in revenue, for a net loss of \$700. Tickets were one dollar per person and the concert was open to all State students.

The failure of the concert to attract more persons was attributed to several factors, but primarily to "low interest and inadequate publicity by fraternity men."

Woody Herman's band played at the Spring Germans' dance at Carolina Saturday night, and was therefore easily available for the concert here at State Sunday.

Faculty Design Show Now At Union

The School of Design show now at the College Union features many of the shapes of the future which will be incorporated in office buildings and homes in the years to come. In addition to architecture, the faculty-sponsored show gives examples of sculpture and painting. Also, there are examples of a growing art form—landscaping.

(Photo by Kjosnes)

Tomorrow's Voting

A large number of campus offices will be decided tomorrow in the final elections.

In the past, there has usually been a smaller turn-out for the final elections than for the primary elections. In the primaries last week, however, only 40% of the students voted. Though the small percentage was due in part to the way the polls were handled and the fact that many polls were set up late, that does not account by a long shot for 60% of the students failing to vote.

With numerous offices still to be filled, the elections tomorrow are just as important as the primaries last week. You might say that last week many of the "chiefs" were selected, and that tomorrow is the day that most of the "indians" will be determined... and the "indians"—the workers—are just as important to the campus as are the "chiefs."

Do your part in getting more than a 40% representation in the elections tomorrow. Many races will be decided by very close margins. Be sure your vote is counted.

—DB

Fraternity Decision

State's long sought after and long needed fraternity row could be given the final "go ahead" this week by the new State Attorney General.

Consolidated University President Friday and Vice-president Carmichael are going to meet with him the latter part of this week. It is hoped that the argument presented for the proposed fraternity row will be more convincing than the arguments in the past.

The issue to be decided is whether the fraternities will be tax-exempt after they move to fraternity row, which is to be located on college-owned land. The former Attorney General ruled that fraternities should pay taxes.

Because of this ruling, progress on the new housing stopped. The College and University is now seeking to obtain a ruling making the fraternities tax-exempt. It is hoped that this ruling will be forthcoming this week.

Whether the ruling on this is favorable to the fraternities or not—though it would be a great help to them if it were in their favor—the project should be pushed and construction on the fraternity housing should be begun as soon as possible.

Vice-president Carmichael reportedly said last week that if everything went well with the project, construction could begin by next fall.

Fraternity men and administrators alike are well aware of the poor state of repair of most of the fraternity houses at State. And with the faulty electrical wiring and overloaded circuits common to most of the houses, the danger from fire is extremely great.

The land for the project is available, the money has been negotiated for and is at hand, the tax feature will be decided this week, some preliminary plans have been drawn...

All that is needed now is the big push to get the whole thing rolling—to get the bulldozers clearing the land and the carpenters and brick masons putting the houses together.

The IFC should get behind the project now, more than ever before, and push it through to completion.

—DB

"IF YA ASK ME - IT HAS ALWAYS HAD A 'FUNNY' TASTE."

Letters To The Editor

Davis Seeks Write-In Vote

To The Editor:

Earl Davis, after having gained a place in the final elections for Board of Directors of the College Union was "put-out" by a recount. In the primary, Anderson had 112, Davis 108, and Barksdale 106 votes. True it would have been logical to place Barksdale in the finals, but instead a recount was demanded, and Barksdale gained enough to be placed on the ballot while Davis was dropped from it.

In this recount, Anderson had 98 votes, Davis only 88 (compared with 108 in the primary) and Barksdale lost only five votes. This represents a huge 20 percent loss of votes for Davis, while Barksdale lost only five. Can you explain this discrepancy? Neither can they!

I am concerned about so large an error in the count of these ballots. I am sure that I would have been happy for Barksdale to run in the finals, but I am not happy to be defeated in such a manner.

I choose to run for this office because of my interest in the College Union and the relationship of the students to the C.U. Many students do not believe the Union is serving its best purpose, or do not fully understand its policies and functions. I am seeking this position for this reason.

I appeal to your sense of Justice in the elections tomorrow. Because of my interest in the job, the manner in which I was defeated, and the interest of many, many supporters, I shall seek a write-in vote. I know that this shall be difficult, but I feel it is the right thing to do.

I want to emphasize that if you wish to support me, you must write in my name Earl Davis. Again, I repeat, I will not be on the ballot, but am seeking a write-in win. I urge you to consider me for the position of Senior Representative to the CU Board of Directors.

Earl Davis

Are Classes Necessary?

Financed by the Ford Foundation, an experiment is being carried on at the Woman's College in Greensboro in an attempt to find out how necessary class attendance is.

From eighteen biology classes six have been designated as experimental classes. The students in the experimental classes attend lab once a week, and meet for a one hour period for the purpose of asking questions of the instructor, after which they are quizzed. Instead of meeting for a lecture class, they are held responsible for material on a reading list which may be obtained in the science building reading room or from the library.

Throughout the year, the experimental classes and the non-experimental classes will be tested on the same basis, and the results of these tests will determine whether or not, at the freshman level, it is necessary for the student to attend lecture or if they can do the required work independently.

If the experiment is successful, a teacher will be able to handle four sections of biology with only one more hour a week than he now handles. It will also teach students how to study. Other colleges and universities throughout the United States will be informed of the result of the experiment and, if it is effective, it will probably spread to other schools.

Sentiments On Infallible Professors

To the Editor:

The following poem expresses my sentiments towards those professors who consider themselves infallible.

With my professors I must agree,
Not he with me, but me with he.
There is but one way to pass his course;
All others lead but to remorse.
How then am I to learn what's true?
How then am I to pass on to you
The knowledge needed to help mankind
When my thoughts are thoughts of a professor's mind?
Oh that I may express my thought!
Oh that my mind might ne'er be bought.
May I live to see that glorious day
When the college professors will finally say:
"You're right, young man, your theory I see
And me must finally agree with thee." Arthur W. Reed.

A major development will take place on the age-old question of fraternity row sometime between now and next Friday. Sometime between now and then the state's Attorney General will make a ruling on the legality of placing the project on state-owned land. Since this is one of the big hold-ups on the progress of the project, this writer believes that the decision of the Attorney General may well determine the fate of the project once and for all.

The news will come via a phone call from the office of Greater University President Friday to the Office of Student Affairs as was arranged in a meeting held last Wednesday between I.F.C. President George Howard and President Friday.

The Woody Herman concert held yesterday afternoon in the Textile Building provided fraternity men a chance to get in another afternoon of relaxation while listening to one of the nation's top entertaining groups.

Now that most of the election excitement has died down for another year, it again becomes time to take a second look at the results.

The results of Tuesday's election did more than tell each candidate whether he would serve or not. For instance, Jim

Hunt can look at the results and easily see that less than half of the student body cared who was next year's Student Body President. It also told anyone who has political aspirations for next year that to get roughly one-fourth of the eligible voters to vote for him and he would be assured of being elected.

This writer believes our campus politics need a shot in the arm badly, and it could be accomplished with the enactment of two changes which would give a big boost to the interest in campus politics.

The first of these suggestions concerns the basic method of selecting our student representatives. If more students could know the men running for office, then perhaps more would get out and vote. The only way this will ever be accomplished is by setting up our government so that representatives are elected by Dorms, Fraternity Houses, etc. instead of by schools, as is now done.

The second suggestion is the establishment of two campus parties, which would present platforms and a slate of candidates at election time. Such a system would not only insure having at least two candidates running for office, but each of these parties could not help but stir up interest as each struggled to gain control of our government.

Tom Gilmore Asks Support

To the Editor:

I sincerely appreciate the support I received in the primary and hope your confidence in me will extend into the election on Tuesday and into the coming year.

I am extremely interested in the office of Vice-president; and, if elected, the interest of the class will be my prime objective as I pledge my wholehearted interest and work to that cause.

The Senior Class officers hold extremely important positions and do much in determining the enthusiasm and success of a

class project such as the Junior-Senior Dance, Class gift, Commencement, etc.

A class officer, in my opinion, is put into office to serve and represent the wishes and wants of that class. For example, if a majority of students want a certain size of type of diploma or a certain "name" band for the dance then the officers without serious complications, should see to it that the wishes of the class are fulfilled. There definitely should be more class meetings to decide on various issues such as the class gift, invitations, naming of dance band, type of diploma, etc.

Another item that should be looked into is the possibility of renting tuxedos collectively for the Junior-Senior Dance. A good many of the boys do not own tuxedos and find renting them individually quite expensive. I think that a plan for renting tuxedos collectively would constitute a large savings to the class as a whole.

I urge each of you to vote as you see fit on April 29.

Tom Gilmore

WUS

Mr. Fred Rawicz
WUS Chairman
N. C. State College

Dear Mr. Rawicz:

We acknowledge with gratitude your kind contribution to our program of assistance to the most needy sections of the educational community.

Your gift will help students throughout the world as they prepare for the leadership which will shortly be thrust upon them in the rapidly developing areas of the international scene. This contribution will provide material assistance and relief where it is greatly needed and thereby will serve as a building-block to the understanding and confidence so essential to our future.

On behalf of the many students who will benefit by your generosity we offer you our deepest appreciation and thanks.

W. J. Kitchen,
Executive Secretary

All Organizations

All campus organizations are reminded of the request made by The Technician earlier this year that organizational reporters be appointed by the many campus groups.

These organizational reporters should call The Technician when they are appointed and give their names and phone numbers. Also, they are asked to phone in any information on their organization's activities when special events occur.

Technician SPORTS with Jim Moore

Top N. C. Athlete Signs Grant-In-Aid At State

One of North Carolina's most versatile and talented high school athletes has signed a grant-in-aid at State.

Roman Gabriel of Wilmington will enroll here in September on an athletic scholarship, according to an announcement by head football coach Earle Edwards. Gabriel will major in either Civil or Industrial Engineering. "We are quite pleased over Gabriel's decision to attend State," Edwards said. "He is a fine boy and one of the finest athletes in North Carolina. We are delighted to have him."

The 6-foot-3, 210-pound Gabriel is one of the greatest all-around stars in Wilmington's athletic history. He played football, basketball and baseball at New Hanover High School for three years and earned numerous honors in all sports.

starting quarterback on Wilmington's strong grid squads for three years. He was picked on the All-State, All-Southern and All-Eastern Conference teams and was named Player of the Year in the conference.

A basketball forward-center, he averaged 17 points a game during the past season and was named Basketball Player of the Year in the Eastern Conference as well as All-State.

The 17-year-old Gabriel made a clean-sweep of All-Conference honors by being picked on the league's All-Star baseball team. He is a first baseman.

Gabriel, who says he has no "favorite" sport but likes whatever is in season, had numerous scholarship offers but picked State because of his interest in Engineering.

He is the son of Mr. and Mrs. R. I. Gabriel of Wilmington.

Intramural Athletes Defend Big 4 Title

The Big Four Intramural Sports Day will be held May 7 at Wake Forest. This is an annual event between the schools in the Big Four: State, Carolina, Duke, and Wake Forest, and is the highlight of the Intramural season.

The best that each school has to offer will compete in the Intramural sports. State College emerged the 1957 Champion and it is hoped that the State forces will retain the coveted award for its 1958 showing.

Every student is urged to participate in the try-outs for a place on the Intramural team representing State. Try-outs in the individual sports are as follows: Badminton—7:00 to 9:00 p.m. Wednesday and Thursday, April 30 and May 1 at Frank Thompson Gym; Handball—6:00 to 8:00 p.m. Wednesday and Thursday, April 30 and May 1, at Frank Thompson Gym.

Horseshoes—5:00 to 7:00 p.m. Wednesday and Thursday, April 30 and May 1, at Horseshoe Courts near the tennis courts; Golf—see Art Hoch, Intramural Director, at Frank Thompson Gym or Intramural Office; Softball—5:00 p.m. Friday, May 2, on Intramural Fields 7 and 8.

Table Tennis—7:00 to 9:00 p.m. Wednesday and Thursday, April 30 and May 1, at Frank Thompson Gym; Tennis—5:00 to 7:00 p.m. Thursday and Friday, May 1 and May 2, at the Tennis Courts; Volleyball—5:30 to 7:00 p.m. Thursday and Friday, May 1 and May 2, at the Vetville Volleyball Court.

State Tracksters Place Second In Big Four Triangular Meet

In the Triangular Track Meet held Saturday at Chapel Hill between State, Carolina, and Wake Forest, Carolina emerged victorious over its Big Four opponents. The State College Wolfpack won three events to capture 44 points in the Meet, while Carolina took 99 points and Wake finished with 13.

Bruce Teasley won the 220, Don Gallagher the high jump, and Eric Thorpe the javelin.

The summary:
100-yard dash: 1. Varnum (C); 2. Teasley (S); 3. Ginta (S); 4. Hall (S); Time 10.1. 220: 1. Teasley (S); 2. Stradley (S); 3. Hall (D); 4. Harris (C); Time 22.5. 440: 1. Scurlock (C); 2. Frazier (WF); 3. Fox (C); 4. Murray (S); Time 49.6. 880: 1. Scurlock (C); 2. Kahn (C); 3. Frazier (WF); 4. Creazzo (S); Time 1:58.4.
1 Mile—1. Warley (C); 2. Creazzo (S); 3. Lillipert (C); 4. Barbour (S); Time 4:18.7. Two-mile—1. Bishop (C); 2. Walker (S); 3. Medley (WF); 4. Inscope (S); Time 9:19.5. High hurdles—1. DeBorde (C); 2. Glascock (S); 3. Sauer (C); 4. Heath (WF); Time 15.0. Low hurdles—1. DeBorde (C); 2. Sauer (C); 3. Glascock (G); 4. Seese (S); Time 24.6.
High jump—1. Gallagher (S); 2.

Health (WF); 3. Graham and Glascock, both of Carolina, tie, Height 6 1/4. Broad jump—1. Stanley (C); 2. Sims (C); 3. Brawley (C); 4. Tutterow (S); Distance 21.6 1/2. Pole vault—1. Sims (C); Height 10.6 (one entry).

Shotput—1. Kemper (C); 2. Phaup (C); 3. Palandrani (S); 4. Brown (WF); Distance 43-3 3/4. Javelin—1. Thorpe (S); 2. Stanley (C); 3. Cooke (C); 4. Brown (WF); Distance 192. Discus—1. O'Neill (C); 2. Rose (C); 3. Smith (C); 4. Overton (S); Distance 125-2. Mile relay—1. Won by Carolina (Fox, Henderson, Wharley and Scurlock); 2. State; 3. Wake Forest; Time 3:26.8.

Pack Netters Lose To Blue Devils, 8-1

The Blue Devils of Duke University handed the State College Wolfpack a sound trouncing Saturday on the tennis courts of Duke. The Blue Devils won the conference tennis match by a score of 8-1.

Mickey Solomon saved the Wolfpack from a white washing by downing his opponent, Duke's Don Romhilt; in the Number 1 singles match by 6-1, 6-2.

Pack Dropped By Duke; UNC Game Tomorrow

It was a do or die day for State at Durham Saturday, but too much Lon Bonczek and Bert Lattimore spelled defeat for the Wolfpack as they went down, 5-4, before the forces of Duke University.

The West Raleigh brigade needed this one to stay in the running for the coveted ACC baseball crown. With the loss sustained there, though, the Wolfpack, with a seasonal record of 5-4, will have a hard time overtaking the present leaders, Carolina, with a 5-1 mark, and Clemson, sporting an 8-2 record.

For the first four innings of the game, it looked as if there would have to be extra innings in order for one team to score. Both starters, Dick Burton of Duke and Danny Casteen of State, allowed only scattered hits for those frames.

In the top of the fifth, it was different story, though, as the Boys from West Raleigh started hitting. Big leftfielder Don

Hafer led off the inning with a walk, and Glenn Sparrow followed with a short double to right, which held Hafer at third.

Shortstop Scotty Hurst then pumped a single into rightfield, enabling both runners to cross the plate. First baseman Jim Lancaster sacrificed Hurst to second, and after State second sacker Derris Bradshaw had produced the second out, center-fielder Dick Hunter brought him across with a single, making the score, 3-0.

After Duke could do no good in their half of the fifth, the State batsmen got a chance to show what they could do once more. Catcher Bob Kennel and Hafer led off with infield singles and then Sparrow socked his second two-bagger of the day which scored Kennel from Second. The Wolfpack rally was cut short when Hafer, trying to score on a long fly by Hurst, was thrown out at the plate.

The Blue Devils fought back in the sixth and, with Bonczek leading the way with his two homers, Duke knotted the score at 4-4.

It looked as if there might be extra frames again, but the Blue Devils were not to be denied. Duke's second pitcher Lattimore drew a walk to start things off. Leftfielder Bill Donhoff sacrificed Lattimore to second; and Dick Smallwood, the Duke rightfielder, hit a high bounce to third.

Sparrow fielded the ball and in an attempt to get Smallwood at first, threw wildly. Lattimore took advantage of this opportunity and scored the winning run.

It was Lattimore who handcuffed the Pack from the seventh frame on. Of the nine State batters he faced, he struck out eight of them. The only other Redman to come before the big righthander was Russ Casteen who fied out deep to rightfield.

A Campus-to-Career Case History

Stan Smith (left) discusses characteristics and color coding of polyethylene insulated cable with A. A. Little, Nebraska Area Transmission Engineer.

"Growth makes opportunities in the telephone company"

In October, 1957, only four years after graduation, Stanley W. Smith was appointed District Plant Engineer in Northwestern Bell Telephone Company. Here Stan tells what his responsibilities are and how his promotion came about.

"I'm responsible for outside plant engineering in a district which includes about one-third of all Bell telephones in Nebraska outside of Omaha," Stan says. "That's about 35,000 phones, and the number is growing every day."

"The most important part of my job is to plan for growth and have facilities ready when needed. This means planning for pole lines, aerial and underground cable, and conduit lines to the central office. I also make cost estimates for all

planned construction so that money can be budgeted for it.

"This is the kind of job I really like—one which combines engineering and management. And it was the continuing growth of the business," Stan points out, "that opened up this new assignment for me. My predecessor was appointed to a newly created position and I was selected to replace him."

"What the future holds for me depends on a lot of things. But I can see from my present job that growth will keep opening opportunities for myself and other engineers like me. I'm more convinced than ever that the telephone company is the place to get ahead in an interesting and challenging career."

Stan Smith graduated from the University of Nebraska in 1953 with a B.S. in E.E. degree. He is one of many young men who are finding rewarding careers in the Bell Telephone Companies. Find out about opportunities for you. Talk with the Bell interviewer when he visits your campus, and read the Bell Telephone booklet on file in your Placement Office.

ASCE To Hold Panel Discussion

The N. C. State Student Chapter of the American Society for Civil Engineers is holding a panel discussion on "Ethics of the Professional Man," Tuesday, April 29 at 7:00 p.m. in the College Union ballroom. The panel members are: Dr. Hugh F. McManus, M.D.; John

Morrisey, Legal Counselor for N. C. League of Municipalities; Rev. R. C. Lasater, Ass't Pastor of the First Baptist Church of Raleigh; and Dr. R. E. Fadum, Head of the Department of Civil Engineering at N. C. State College.

All students and guests are invited to attend and participate in this discussion. Refreshments will be served.

Clean-Up Contest Sponsored By M&O

"Hey you jitterbug, Don't be a litterbug," The above is the first part of a jingle which M & O employees were given an opportunity to finish in a recent jingle contest sponsored by the department.

M & O Head, J. McCree Smith, sponsored the contest in an effort to promote cleanliness in the working areas of the campus. To the winner of the contest, Mr. Smith personally paid \$5.00, and to the runner-up, \$2.00.

The winning jingle was: Hey you jitterbug, Don't be a litterbug, Get in the know for M & O, Clean up that mess before you go.

A total of 35 employees entered the contest, which ended last week.

Williams Running for CU Board

Speed Williams is seeking a seat on the College Union Board of Directors in the final election tomorrow. Williams is a rising junior in Electrical Engineering.

In a short statement to *The Technician* yesterday, Speed said: "Thanks to all of you rising Juniors who voted for me in the primaries. Harvey Sigmon, who was eliminated in the primaries, has also given me his support in the coming finals."

"I want very much to represent the students of the Junior Class on the College Union Board of Directors."

"As the students' representative to the CU Board," Williams

CAREERS OVERSEAS

American companies abroad pay high salaries plus living allowances and free transportation. Choose a career with travel and adventure in Europe, South America, Africa, Asia. New booklet lists American companies and Government agencies employing college graduates in administrative, technical and professional positions. Also hotel, radio, newspaper, travel, personal business leads from on-the-spot research, plus geographical listing of construction projects employing engineers, teachers, personnel and public relations representatives, etc. Send \$1.00 to HILL INTERNATIONAL PUBLICATIONS, DEPT. 72, P. O. BOX 229, LONG ISLAND CITY 1, NEW YORK

Slack Track
ROBERT MAC CALLUM, U. OF VIRGINIA

WHAT DO TV WRESTLERS USE?
Pseudo Judo
CAROLYN NYGREN, PEMBROKE

WHAT IS A TERM EXAM IN PLASTICS?
Vinyl Final
DOUGLAS OUSTERNOUT, MICHIGAN

THE MENTAL MARVEL mentioned above is so studious he made Phi Beta in his junior year—of high school! When he walks into classrooms, professors stand. The last time he got less than 100%, the proctor was cheating. When it comes to smoking, he gets straight A's for taste. He smokes (All together, class!) Lucky Strike! Naturally, our student is fully versed on the subject of Lucky's fine, light, good-tasting tobacco. He's well aware that it's toasted to taste even better. So when someone asks him for a cigarette, he's happy to spread the good taste. And that makes him a Kind Grind! Assignment: try Luckies yourself!

Don't just stand there...
STICKLE! MAKE \$25

Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (No drawings, please!) We'll shell out \$25 for all we use—and for hundreds that never see print. So send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, New York.

LIGHT UP A light SMOKE—LIGHT UP A LUCKY!
