## A Symbol of Achievement

### Used Textbooks Sought In Drive

The Psychology Department at State is handling a drive to obtain used text books of any kind to be sent to students in India.

Here is an opportunity for you who cannot sell your books to donate them to students who are without sufficient funds and means to obtain important information in various educational fields.

The books collected will be sent to the Asian Foundation in California and from there will be shipped to libraries, civic groups, and colleges throughout India.

The "Books for Asian Students" committee of the Asian Foundation has been sponsoring this drive throughout the United States in an effort to spread both good will and knowledge to our Asian fellow-students.

Students are asked to bring their used books to room 123 Tompkins during the day—if the room is not open, just leave the books outside the door and they will be picked up.

"Students are urged to take advantage of this opportunity to be of service to other students not so fortunate."

### Council Awaits Reply From Attorney General

At the last meeting of the Interfraternity Council here at State, the main item of business discussed by the group was the proposed Fraternity Row, when it would be started, how much it would cost, and other pertinent information.

In a report to *The Technician* on the discussion at the meeting, Larry Carter, recently elected president of the IFC, told that all the important matters concerning the Fraternity Row are presently being held up because of a delay in an announcement from the Attorney General's office.

### Russian Students Will Visit Campus

Six Soviet student editors will visit State on June 4, 6, and 7. The editors will also visit Carolina and Duke on their Southern visit.

The United States National Student Association has been responsible for the planning of the Russian students' visit. The USNSA selected a group of US student officers to visit Russia in this exchange program.

The Soviet students will be in this country until June 14, when they will return home.

The students will speak at a luncheon in the CU at 2:30 p.m., June 4. They will be interviewed on radio and TV in the same afternoon.

On June 6 and 7, the students will visit State's model farms, the nuclear reactor, and the design, forestry, and textile schools.

### Burgess To Head Summer Session

Jim Hunt, President of the Student Government, has announced the appointment of Dick Burgess (past Vice-president of S.G.) as acting President for the summer sessions at State.

Burgess's tenure of office will extend through both sessions of summer school; his duties will be primarily of a liaison capacity between the students at summer school, the summer organizations, and the administration.

Burgess was appointed to the position in view of the fact he has had experience administratively as vice president this year; he has been elected as a senator to Student Government for the school year 1958-59.

### Colonel Risher To Leave State

Col. James F. Risher, Jr., professor of air science and commandant of State's 1,100-man Air Force ROTC Detachment for the past three years, will leave his post here the latter part of June.

Under the Air Force's rotation plan, Colonel Risher has been assigned as executive officer of the Kadena Air Force in Okinawa.

Replacing the departing officer at State will be Col. Robert C. Paul, the present commander of Brookley Air Force Base at Mobile, Ala. He will assume his college duties later this summer.

A native of Bamberg, S. C., Colonel Risher is a 1938 graduate of The Citadel, where he received his Bachelor of Arts Degree in English and commission as a second lieutenant in the U. S. Army Reserve.

Major Ned S. Hays and Major Victor L. Nunenkamp, both attached to the State College Air Force ROTC, are being reassigned at the end of the current academic year.

Major Hays is being transferred to England and Major Nunenkamp to France.

## State To Graduate 750 In Exercises Sunday

### -Notices-

Caps and gowns will be distributed May 29, 30, from 9:00 a.m. to 5:00 p.m. and May 31, from 9:00 a.m. to 12:00 noon from the Freshman book room, Ground floor, upper level, YMCA Building. Those students who do not pick up their caps and gowns at these times may get them Sunday morning, June 1st, at 9:00 a.m. in Room 125-127 in the Coliseum.

The Student Government Traffic Committee meets for the last time to hear violation appeals this semester on Monday, May 26, 12 noon, YMCA Building.

The Alpha Zeta Book Exchange will be open on Thursday and Friday, May 29 and 30, at the Cloak Room of the College from 12:00 until 6:00 p.m. All graduating seniors are urged to get their books out at this time. Anyone wishing to store books for the summer may do so.

### Chapel Service

#### Danforth Chapel Service

for  
Wednesday, May 28  
12:40-1:00 p.m.

Leader: Mr. Reggie Ponder,  
Past Pres., YMCA  
Speaker: Rev. Moultrie  
Guerry, Chaplain, St.  
Mary's College  
Music: Mrs. John Rasberry,  
soloist  
Mr. Tom Thornley,  
organist

(This service concludes the weekly Danforth Chapel services for this year. The YMCA hopes that they have been a mid-week inspiration for those who have attended.)

Degrees will be awarded to State's largest graduating class of approximately 750 seniors in graduation exercises on Sunday.

Commencement activities will begin on Saturday with the Chancellor's Reception from 4-6 p.m. The reception will be followed by an informal student dance at 8 p.m. in the College Union.

Graduation exercises will begin on Sunday at 9:30 a.m. in the Coliseum with a concert by the State College Band. The concert will be followed by the academic procession of the graduating students at 10 a.m. The baccalaureate sermon will begin at 10:30 a.m. and will be delivered by Dr. James T. Cleland, Dean of the Chapel at Duke University.

Following the baccalaureate sermon, Dr. Carey H. Bostian, chancellor of State College, will confer degrees. Governor

Hodges and President William C. Friday of the Consolidated University of North Carolina will also participate in the exercises.

Jim Hunt, president of the student body, and Jim Peden, president of the Senior Class, will represent the students in the program.

Diplomas will be awarded by the College's seven schools in separate Sunday afternoon exercises at 2:30.

In joint Army-Air Force ceremonies at 2:00 p.m. on Saturday in the Coliseum 114 cadets will receive their commissions. The cadets will be sworn in by Air Force General Ker-shaw.

The commissioning ceremonies will follow a luncheon at 12 noon at the College Union. The luncheon is being held for the Battalion, Group, Wing, and Regimental Commanders and guests.

## Diploma Change Petition Goes To Administration

The petition for a change in the diploma style has been submitted to the administration along with a letter of explanation from the rising president of the senior class, Arron Chapel.

Dean of Students J. J. Stewart said in an interview with a *Technician* reporter Friday night that he would hold a conference with Mr. Chapel if the members of the original committee (which decided upon the block style) could be present also.

The meeting was held today at 4:00 P.M., and results have not as yet been announced. Present at the meeting were Jim Hunt, President-elect of the Student Government; Eddie Knox, vice president-elect of the S.G.; Sammy, Yow, this year's

president of the junior class; Arron Chapel, president-elect of the senior class; and Roy Lathrop, editor-elect of *The Technician*.

Dean Stewart said Friday he had thought the original decision to accept the block print diploma has been as "democratic" as the administration could arrange, since a majority of the committee were students . . . students who had been duly elected by the student body to represent them.

"However, the major contention at present is Not questioning the democratic method used, but rather is questioning the methods (or lack of methods) used by the student members to obtain the views of the students they were supposed to represent," says a backer of the group wanting a change.

## Dormitory Rental Increase Seen

"State College needs additional dormitories," said Dean Watts, Director of Student Housing, recently in an interview with *The Technician*. "During the fall semester of this year the thirteen dormitories in operation were overcrowded with 3136 occupants in 1131 rooms, rooms which were designed for only two occupants. Over 1866 students were living off-campus in rented facilities, while nearly 500 students were living at home with parents or in fraternity houses," he added.

A recent article in the *Daily Tar Heel* indicated that the UNC students were concerned because dormitory room rental charges were being increased as a result of a new dormitory construction at the University. Room rental charges at State College will be increased too. An increase is necessary to provide additional dormitories. The date for starting the increase depends on the rate of progress in arranging for financing and constructing an additional dormitory. It may be necessary to increase rentals in September, 1958.

Experience has shown that for each one million dollar loan borrowed for new dormitory construction at State College, the necessary increase in the room rental charge per occupant

will be approximately \$15-18 per year. Present plans for a two-million dollar dormitory, if approved, will mean an increase amounting to approximately \$35 per occupant per year.

The college requested appropriations for new dormitory rooms at the last Legislature. The Legislature did not make the requested appropriations. Instead, the college was directed to build the rooms with borrowed money and to set up self-liquidating projects to repay the funds borrowed for housing construction.

The revenue received from occupants on one college dormitory at the present rental rates will not cover the cost of construction, interest, operation, maintenance, and utilities. The difference between the receipts and expenditures can only be covered by an increase in the rental for all dormitory rooms.

Increases in any school cost are regrettable but a college must have the facilities to house its students. The college has only two sources of revenue: (1) State appropriations, and (2) payments from students. If the North Carolina Legislature does not appropriate the necessary funds for the construction and operation of college housing, the only alternative is to raise the charges to the students being housed.

# 1957-'58 . . . A Year of Progress

As another school year draws to a close, we should pause briefly before its events are forgotten and look at the progress that our college has made this year.

Certainly this was an exciting year for our school and will be recorded as such.

Some of the more important steps that have been taken, which will have a direct effect on the school in the years to come, include:

(1) A long, hard fight for married housing—with 300 apartment-units (of the proposed 500) having been approved.

(2) A new 800-man dormitory nearing completion, which will be ready (we hope) for occupancy next fall.

(3) The full support of Consolidated University President Bill Friday on fraternity row—only final approval by the Attorney General is now lacking to get the program underway.

(4) A new Student Government Constitution—a forward looking constitution which will provide the necessary legal machinery for our rapidly expanding student body.

(5) An entirely new idea in freshman orientation—needed to cope with the ever-enlarging Freshman Classes.

(5) A student newspaper published all year twice weekly, rather than once a week—for the first time since The Technician began nearly forty years ago.

Other events of the year which are outstanding are: The birth of the Apollo Club, which will bring nationally known speakers to State next year; the beginning of pre-registration at State, initiated at the Textile School; an expansion of WVWP broadcasting service to include morning programs; and an ACC victory for the football team.

Still more progress includes the new \$10,000 YMCA North Parlor; a second doctor at the Infirmary; a greatly improved school band; \$1 date tickets at Homecoming; and the unveiling of a \$45-million long-range expansion plan to include a new circular classroom, an 11-story dorm, a new Cafeteria, a new Stadium, and many other permanent improvements.

More localized progress—effecting specific groups—came with: the settlement of the 12-year-old, \$33,000 Wolf-pack Club debt; a Field Day as a part of Greek Week; the new YMCA Constitu-

tion; the purchase of a \$71,000 fraternity house by Delta Sigma Phi; and the approval of the College Union air conditioning, which is to be installed this summer.

Sidewalk and street paving contracts for the \$180,000 campus paving project have been let, on which work is to begin this summer; a stoplight has been installed at the blind intersection of Dunn Avenue and Pullen Road; a major campus beautification program has been started by M & O; and a move is now under way to change the decision on the college diploma which was made last fall by "representative" students—who made a decision which was not at all representative of the will of the majority of the students.

### No Progress On These Items

Several items this year are outstanding in the sense that they are "unfinished business."

The problem of pay-telephones is still with us—and no plan has yet been adopted for any telephones in the new dorm. . . . Will there be any phones installed by next fall?

Another "riot" will probably occur at the State-Carolina game next year, as the proposal of a formal presentation of goal posts to the winning school's Student Government President is not going to satisfy the mob of students who will still want to actually tear down the goal posts themselves.

The two-party system has still not been tried in an attempt to get more interest in elections. Hell Week and its dangers, for many fraternities, is still with us. Hundreds of cross-ties still mar the beauty of the campus, and the forestry buildings on Western Boulevard are still eyesores.

All told, though, the 1957-58 school year has been a quite exciting year, full of progress, and one of which we can all be proud. Each student who has contributed his individual efforts should take pride in the fact that he has helped make this year the very outstanding one it has been.

One final note . . . a personal one. To the members of The Technician staff especially, to those students who have brought information in, and to the college administrators and faculty members who have helped me this year in putting out the student newspaper, I offer my sincere and heartfelt thanks.

—David Barnhardt

## Fraternity Line

# Fraternities Move Forward

By Oscar Grant

It has often been said by historians that the success or failure of any president of this country could only be measured after a period of time had past so that the confusing haze cast over his term had cleared away allowing one to see more clearly the effect he had on this great country.

Certainly the same can be said of the events which have occurred in State's fraternity system this year, for it will

take time before the success or failure of most of them will be clearly seen.

The first, and perhaps the most important, of these events is the apparent success which has been achieved on fraternity row. That some progress has been achieved cannot be denied, but past experience has proven that it does not pay to be too optimistic over any progress the project seems to be making. However, this writer will stick his neck out far enough to say

that State fraternity men will be living in these new houses within four years.

There are, of course, other changes which have come during the course of this past year. Two of these in particular stand out as being changes which must prove their worth in the years to come.

The first of these is the change in rushing rules which will go into effect next year. Will these changes bring more men into the fraternity system? Again, only time will tell, but since the ideas on which these changes are founded are sound ones, this writer will predict that next year will see a large increase in the number of men who pledge fraternity.

The second of these changes is the new Kitchen Managers Association. Time will prove it to be a success but only if fraternity men will take the time to make the project pay off.

There are other changes which have come this year such as the new trial procedure for fraternity violations of I.F.C. rules and the revision of the I.F.C. constitution. All of these changes depend upon time, for it will only be as time passes that they will be proven to be either good or bad.

Has progress really been made by our fraternity system this year? All in all, the answer must be yes, for even if the effect of the events of this past year cannot be accurately measured yet, the fact that fraternity leaders gambled on these changes being successful, represents progress, and the fraternity system will continue to grow as long as new ideas are tried where they are needed.

In closing out this column, this writer would like to thank the readers, who made comments both good and bad, for their help, and hopes in some small way that this column has added something to the great fraternity system at N. C. State. . . .

"ARE WE AROUND TO GRADING FINALS AGAIN PROFESSOR SNARF?"

## Letters to the Editor

### Col. Risher Writes

To the Editor:

I hope that you will permit me to use this medium to say a word of parting to faculty and Students of North Carolina State College as I complete my third year as a member of the faculty.

In accordance with Air Force policy, I am now scheduled for reassignment. Tentative instructions are that I will report to Kadena Air Force Base, Okinawa, in August for duty with the Air Force Wing. My successor, Col. Robert C. Paul, will arrive here in July.

My duty at State College has been one of the most interesting and challenging assignments of my career in the Air

Force. I have acquired a personal sense of pride in the accomplishments and influence of the college as it now exists; and I have a profound belief that the institution will continue to grow in physical proportions, in spirit, and in its varied contributions to the technological progress and general well being of North Carolina and the nation.

Mrs. Risher joins me in saying Thanks for a wonderful personal experience while with you, good-bye, and all good wishes for the future.

Sincerely,

James F. Risher, Jr.  
Colonel, USAF  
Professor of Air Science

## Stop By . . .

A great many of you will be coming back to State for summer school . . . and since some of us will be here too, we would like to invite you to stop by The Technician office some day and help us plan for next year.

We have many plans for improving both the physical condition of our offices and the organization of our staff. Many of you will have some extra time on your hands perhaps . . . if you are interested in working with us next year, this summer would be a fine opportunity to get to know the ropes before school starts in the fall.

Though we have no school, if journalism at State, we do have the promise of Lindsay Whichard in the English department to give us some sage advice on the right way to run a newspaper.

If you are interested in working with us this summer, stop by the office . . . or give me a ring at TE 3-4522.

—Roy Lathrop

### From the Staff

We take this opportunity to congratulate the seniors upon the completion of their college career . . . and we hope your careers on the "outside" bring you brilliant success.

And to those who remain with us to carry State through another year . . . we have enjoyed working with you and want to cooperate in every way possible in making next year one of the most successful periods State College has ever witnessed!

# Sigma Chi, Becton I Cop Murals Titles

For the ninth straight year, the intramural Fraternity Crown goes to Sigma Chi, while Becton No. 1 captured the Flag in the dormitory league, coming up from a second place berth last year.

Sigma Chi scoring a sensational 1227 1/2 points took first places in football, swimming, and tennis, and they succeeded in taking 2 seconds and 6 third positions.

Sigma Phi Epsilon, the second place winners, summated a total of 1155 points, winning first places in volleyball and tennis. They also held the same berth last year with 1055 points.

Winning out in Softball and Badminton, Sigma Nu scored 998 points to come up from last years fifth place to this years third.

In bagging the Crown, Becton No. 1 scored 977 points, and they placed eleven men on the All-Campus record. Turlington No. 1 gained the second place with 880 points, and Becton No. 2 took third place with 840 points.

### TRACK RESULTS

Kappa Sigma stole the show Friday, running away with the track laurels with 29 points. The nearest contenders, Delta Sigma Phi and Sigma Phi Epsilon with 19 points each, were 10 points behind. Kappa Alpha came in third with 15 points.

### AWARDS NIGHT

The 1958 intramural awards will be presented Tuesday, May 27, 7:00 p.m. at the Frank

Thompson gymnasium. Along with the fraternity and dormitory grand champs, awards for Dormitory Sportsmanship (Alexander No. 1), Outstanding Football Player (Walden of Sigma Chi and Weeks of Becton No. 1), Outstanding Bowler (Kennel of Del Sig and Clark of Syme), Outstanding Basketball Player (Bradshaw of Tuck No. 1), Outstanding Softball Player (?), John F. Miller Award (?), Best Athletic Directors (?), Best Athlete (?), and Most Participation (Saffer of PEP and Rodgers of Turl No. 1).

The All-Campus awards are as follows:

**TOUCH FOOTBALL**  
Deans (Sig Chi), Walden (Sigma Chi), Donahoe (Sig Nu), Bean (Sig Nu), Gardner (SAE), Auchmoody (PEP), Elliott (Sig Chi), Rhoads (PKT), Kennel (Del Sig), Weeks (Bec. I), Crowley (Vet), Capos (Bag II), R. Casteen (Tuck I), Zeller (Tuck I), Johnson (Vet), Stencil (Bec I), Lineburger (Syme), R. Smith (Bec I).

**TRACK**  
Crosby (Kap Sig), Lakins (Del Sig), Mauldin (Sig Pi), Auchmoody (PEP), Yow (AGR), Davis (SPE), O'Brien (Kap Sig), Rose (KA).

**VOLLEYBALL**  
Saffer (PEP), Oggerion (PEP), Ber man (PEP), Cochrane (SPE), Graeg (SPE), Bennett (Sig Chi), Strider (Vet), Powell (Vet), Johnson (Vet), Swicegood (Vet), Mazingo (Syme), Car ruthers (Owen II).

**SWIMMING**  
Elam (Del Sig), Giersch (Sig Chi), Duke (Kap Sig), Moore (Owen II), Don Christy (Tuck II), Henley (Syme), Dun ning (Bec II).

**HORSESHOES**  
Bussick (AGR), Donahoe (Sig Nu), Carroll (AGR), Pearman (AGR), Apple (Bec I), Skipper (Turl II), Porter (Bec I), Ervin (Bec I).

**BOWLING**  
Kennel (Del Sig), Settlemeyer (SPE), Hayworth (TKE), Rickell (SAE), Birch

(Sig Chi), Clark (Syme), Little (Bec I), Irvin (Bag II), Potest (Turl I), Brady (Syme).

**HANDBALL**  
Oggerino (PEP), Gardner (SAE), Mil ler (SAE), Saffer (PEP), Albanna (Turl II), Salisbury (Turl II), Neckerman (Owen I), Parker (Owen I).

**BADMINTON**  
Donahoe (Sig Nu), Yow (AGR), Mo zinger (Sig Chi), Norton (Sig Chi), Sullivan (Owen I), Coley (Bec I), Paddon (Owen I), Creed (Owen I).

**BASKETBALL**  
Clippard (Del Sig), Gilbert (Del Sig), Smith (SPE), Tripp (Kap Sig), Lytch (SAE), D. Casteen (Tuck I), R. Cas teen (Tuck I), Bradshaw (Tuck I), Hurst (Tuck I), Gill (Ber Wat).

**TABLE TENNIS**  
Rood (Del Sig), Gardner (Del Sig), Brooks (Del Sig), Kennel (Del Sig), Albanna (Turl II), Glenn (Bec I), Gardner (Bec II), Eliades (Bec II).

**SOFTBALL**  
Heinbockel (Sig Nu), Corken (Sig Nu), Wood (Sig Chi), Allen (AGR), Tripp (Kap Sig), Carroll (AGR), Saffer (PEP), Bussick (AGR), Webster (FE), Deans (Sig Chi) Spitzer (WGS4), Eady (Vet), Whitehurst (Bag I), Davis (WGS4), Peterson (Bec I), Waters (Bec II), Brummitt (Tuck I), Jaemin (WGS4), Latham (WGS4), Britt (Bag I).

**TENNIS**  
To be announced later.

## Christy Up For Athlete of Year

The athlete of the year will be announced this Friday in the Atlantic Coast Conference. The winner will be determined by a vote of the ACC Sportswriters Association.

Of the 28 nominees N. C. State has been honored with three: Dick Christy, and Dick Hunter for football and baseball and Lou Pucillo for basket ball.

"The News and Observer" has narrowed the probability down to two, Dick Christy of State and Pete Brennan of North Carolina, in this, the Anthony J. McKeelin Award.

The luggage-laden husband stared miserably down the platform at the departing train. "If you hadn't taken so long getting ready," he admonished his wife, "we would have caught it." "Yes," the little woman rejoined, "and if you hadn't hurried me so, we wouldn't have so long to wait for the next one!"

## Kennel, Casteens Sign Pro Contracts

Bob Kennel, Russ and Danny Casteen signed Saturday with major league organizations. Each of the future pros placed on the All-Atlantic Coast Conference.

Bob Kennel now 22 made an agreement with the Baltimore Orioles, and he will start with the American Association club, Class AAA, June 4th under a Louisville contract. Kennel, a left-handed hitter, swatted a .304 this season after a slow start. He was an all-ACC pick for the past three years, being noted for his consistent good receiving behind the plate.

Bob is a straight "A" student from New Bern. Besides his exceptional mental and physical abilities, he is a campus leader in such fields as head of the AFOTC and the president of the Delta Sigma Phi fraternity.

The Casteen brothers, Russ and Danny signed contracts with the Philadelphia Phillies organization. They will begin at Johnston City, Tenn. of the Class D Appalachian League. Russ, 21 year old senior, and Danny, 19 year old sophomore are both outfield contenders.

## Students to Attend NSA Meet

State College leaders will attend the 11th National Congress of the United States National Students Association in Delaware, Ohio from August 20-29.

The NSA Congress will attract some 1000 students from 360 American colleges to discuss "student responsibility in an age of challenge." Workshops at the Congress will be divided into four areas—student government, educational affairs, student affairs, and international affairs.

Students representing State will be: Eddie Knox, Vice-President Student Government; Larry Baxter, Treasurer Student Government; John Fulton, Chairman Judicial Board; Dick Ribakove, Chairman Orienta-

tion Commission; Roy Lathrop, Editor Technician, and a representative from the College Union and the IFC.

Want ad: Secretary wants position; no bad habits. Willing to learn.

## Math Dept. Receives \$4,900 Grant

The National Science Foundation has awarded a \$4,900 grant to the Department of Mathematics at North Carolina State College to support an in-service program of instruction for high school mathematics teachers.

This was announced Thursday by Dr. John W. Cell, head of the college's Department of Mathematics, who said the grant to N. C. State is "a part of the over-all national effort to stimulate interest in scientific education."

A wide range of courses in algebra and geometry, all significant in the engineering

sciences, will be taught under the terms of the NSF grant, Dr. Cell stated.

Among the principal objectives, he said, are, to provide high school teachers the latest information concerning modern trends in mathematics and to provide "depth and background for better teaching in the high school mathematics classes."

The program will extend over two full semesters beginning in September, 1958. Enrollment will be limited to 25 mathematics teachers in junior or senior high schools who live within driving range of North Carolina State College.

## Prof Reted At Dinner

Prof. R. S. Fouraker, who will retire June 1 after serving 30 years on the faculty of the Department of Electrical Engineering at North Carolina State College, was honored Saturday evening at a surprise dinner held in the College Union ballroom.

Approximately 100 former students, from the Classes of 1929 through 1957, engineering faculty members, friends, and their wives, plus representatives from the current junior and senior classes attended the event.

Dr. George B. Hoadley, head of the Electrical Engineering Department, was master of ceremonies. During the evening, Professor and Mrs. Fouraker were presented several gifts.

Among these was a bound volume of more than 75 testimonial

letters sent by former students, colleagues, and friends. Presentation of this collection was made by Curtis Todd of Wendell, a member of the Class of 1939.

A gift of luggage was made by the staff of the Electrical Engineering Department. A clock was given by the Senior Class.

Gene Scarborough of Statesville, president of the Joint Student Branch of the American Institute of Electrical Engineers and the Institute of Radio Engineers, presented Professor Fouraker with a companion piece of luggage from the Junior Class. On behalf of Eta Kappa Nu, electrical engineering honor society, William Easter of Winston-Salem, president, gave the engineering teacher a box of cigars.

### Student Affairs Bulletin

GRADUATING STUDENTS—Will all Graduating Students who have not received a letter of Instructions for Commencement for May 31 and June 1, come to Room 206 Holladay Hall for same. Some letters have been returned and no new address is known.

ANNUAL YMCA OLD CLOTHES DRIVE—Collection boxes have been placed in all the dormitories and fraternity houses and also in the College Union and YMCA building. The drive will last through June 1. Clothes taken during this drive will be distributed to needy persons throughout the world by such organizations as American Friends Service Committee and the Church World Service.

STUDENT EMPLOYMENT OFFICE has applications for cafeteria jobs next year. Return to work Freshman Week and receive cash that week, early registration privilege, and work schedule preference for rest of year. Full year's work at two hours per day means equivalent of \$275.00.

INTRAMURAL AWARD NIGHT—Tues., May 27, 7 p.m., Frank Thompson Gym. All students invited to attend.

NBC PRESIDENT'S AWARD—Open to applicants between ages 25-35 who show unusual skill and promise in the field of broadcasting. \$4000 to \$6000 per annum. Applications and brochures describing award may be obtained by writing to: NBC Scholarship Committee, Room 737, RCA Bldg., 30 Rockefeller Plaza, New York 20, N. Y. Deadline for application is June 30.

ALL PHYSICAL EDUCATION WEARING APPAREL AND EQUIPMENT should be checked in as soon as possible. Those having physical education equipment not in use now, should check them in immediately, and avoid standing in line at the end of the semester.

USED TEXTBOOKS—Please bring your used textbooks to 123 Tompkins Hall, office of Psychology Dept. They will ship them to universities, colleges, libraries and civic groups in Asia under auspices of Asia Foundation's Books for Asian Students project. In the past 2 1/2 years this project has sent to Asian institutions more than 600,000 selected books donated by 700 university and college groups, publishers, libraries and individuals in the U. S. The requests

from these Asian institutions continue to increase. Your contribution of books would be greatly appreciated. Books in every category at college level, in decent condition, published in 1948 or after, and works by standard authors regardless of date would be appreciated.

## Cramming for Exams?

### Fight "Book Fatigue" Safely

Your doctor will tell you—a NoDoz Awakener is safe as an average cup of hot, black coffee. Take a NoDoz Awakener when you cram for that exam . . . or when mid-afternoon brings on those "3 o'clock cobwebs." You'll find NoDoz gives you a lift without a letdown . . . helps you snap back to normal and fight fatigue safely!

18 tablets—35¢ large economy size (for Check Room and Dorms) 60 tablets—98¢
