... As The Wolfpack Hits Pay Dirt Again!

SPORTS EDITORIAL

State Spills Tar Heels For 3rd Straight Year

By Bob Linder

The big game is over, but the memories of Saturday's victory will live on for a long long time. Neither the Wolfpack nor the Tarheels will soon forget the complete routing of the Carolina squad by Coach Earle Edwards' ACC defending champions. The 21-14 score reveals in no way whatsoever the extent of the trouncing handed the Tarheels by the Champion Wolfpack.

The determined and aggressive State squad turned the highly rated Tarheels into a fumbling and stunned body, as they racked up 21 points before the Carolina team awoke to what was taking place. The Wolfpack attack worked like clockwork as they rolled over the shocked Tarheels for 3 quarters before the Carolina squad could muster any amount of power. State scored a touchdown in each of the first three periods, while both the Carolina tallies came in the final period.

Record Set

The Wolfpack victory set a new record for the traditional rivalry between the two schools. For the first time in history, State's Wolfpack has defeated the Tarheels for three successive years. Last year's 7-0 win will be long remembered by State supporters; and the 1956 game, which ended with a score of 26-6 proved to be a poor "welcome home" gift for Jim Tatum. That year, Carolina welcomed Coach Tatum back as head football coach after a long absence, during which time he had served as head football coach at Maryland.

By now "Sunny Jim" must be wondering just what kind of jinx the Wolfpack has over him. He has led the Tarheels against State four times during his over-all coaching career at Carolina, and he has met with four defeats.

Going into the game, State was a two-touchdown underdog and supposedly hurt by the loss of starting quarterback Ernie Driscoll, but before many minutes had lapsed on the clock the Carolina supporters began to imagine and fear a reoccurrence of last year's beating. As the clock finally ticked off the few remaining seconds, it was a bewildered and dejected Carolina team that was living proof of the perfection of Coach Edwards' Championship Wolfpack.

No more will anyone ask what State will do without such figures as Dick Christy or Dick Hunter... it was decided in Saturday's game. This year's Wolfpack squad looked even better against Carolina than last year's championship team, and Coach Edwards was quoted as saying that the game produced no individual stand-outs... "I was pleased with all of them," he said. Comparing this year's Wolfpack with last year's ACC championship squad, it can be seen that the Wolfpack will again go a long way.

Wolfpack the Darkhorse?

Before the season got under

way, State was predicted to finish the season near the bottom of the conference... and Carolina was listed as the team to beat. Now that the Wolfpack has claimed a victory over the Tarheels, just what will be the opinion... could the Wolfpack once again be the conference darkhorse? Coach Edwards, happy over Saturday's results, says, "... we have a long way to go," but he will be the first to admit that this scrappy and determined Wolfpack team will go a long way.

After rebuilding his Wolfpack squad from many newcomers this season, Coach Edwards has produced a powerful team that rivals last year's championship team. Many reserves who have previously seen little or no action stepped into difficult roles and performed like veterans against a highly regarded and experienced team. Frank Cackovic stepped into the quarterback slot and piloted the Wolfpack through the entire game, never once losing command of the action-packed thriller.

(See TROWBRIDGE, page 3)

Warning Tickets Sought By SG; Administrative Action Requested

By Chuck Lombard

At its first meeting of the year on Thursday night, the Student Government Legislature passed the following resolution pertaining to traffic violations.

"Whereas, traffic rules are set up for the protection and welfare of the student body and not primarily to obtain revenue at the expense of the students,

Be it resolved that all student violators of the new traffic rules (those rules having not been enforced during the academic school year 1957-1958) be given only warning tickets for a period of not less than 6 weeks from the day of school registration, Sept. 12, 1958; and upon the approval and adoption of these rules by the Student Government as suggested by the Traffic Committee.

This resolution was passed following the defeat of an amendment which read:

"Whereas, it is the opinion of the N. C. State College Student Government Legislature that the display of a non-current parking permit is not a serious enough offense to warrant a \$5.00 parking citation with regard to the amount of time the notice was given; and whereas, it is also the opinion of this body that far too much money has already been extracted from our student body for this minor offense,

Be it resolved that this body request the administration to alter the new traffic rules to add Article XI, Section 2, Paragraph K, to read 'a violation of Article IX, Section 4 shall incur only a warning ticket until October 1, 1958'. Further, be it requested that all traffic citations given previous to October 1,

1958, for a violation of Article IX, Section 4; shall be void except as warning notices."

In other action the legislature approved appointments by President Hunt of members to the Honor Code Boards of the Judicial Department of Student Government.

Appointed to the Honor Code Board were John Fulton (chairman), Bill Byrd, Bob Beasley, Gene Butler, Sterling Mason, Tom Hewitt, Harris Caldwell, William N. Sharp, Ladd Daniels, and Joel Ray.

Those appointed to the Men's Campus Code Board were Nick Ardito, Bill Rearick, Bob Freeze, Bruce Hainley, Tom Drimminger, Speed Williams, Reid Hinson, Bill Marley, Paul Romeo, and John Cobb.

President Hunt is expected to present his appointments to the Board of Review and the Woman's Campus Code Board before the legislature at its next meeting.

Vice-president Knox announced committee appointments for the legislature along with the following chairmen: Tom Eck, Academic Affairs Larry Baxter, Budgetary and Finance; Phil Carlton, Campus Welfare; Clay Price, Elections; Charles Russell, Investigations; Waring Boys, Promotions; and Robert Cooke, Rules.

Hunt and Knox both addressed the assembly in the course of the meeting and asked for better committee work and close communication between the senators and the students they represent.

Campus Crier

There will be an organizational meeting of the Apollo Club Thursday, September 25, at 7 p.m. in the YMCA.

A.S.A.E. meeting—Thursday, Sept. 25, 6:30 p.m., in room 200, Mangum Hall. Dr. Roy Lovvorn, Director of Research at N. C. State, will be the guest speaker. All students enrolled in Mechanical Agriculture and Agricultural Engineering are urged to attend.

The N. C. State College Chapter of the Order of DeMolay will hold its first meeting on Tuesday night, September 23 at 8:15 in the College Union Theatre. All DeMolays, Master Masons, and prospective members are invited to attend. The DeMolay

Chapter here will have a dance on Friday, September 26 in the College Union. Tickets may be obtained Tuesday night.

Lost—Hebrew Golden Chain and Medal. Finder please contact Stella Joseph at TE 3-0874.

The last day to add a course is Friday, September 26.

The American Institute of Physics will hold its first meeting of the year this Wednesday at 8 p.m. in Riddick Hall.

The last day to sign up for free bridge lessons is tomorrow. Sign-ups can be made at either the College Union Main desk or games desk. Luther Lassiter will conduct the lessons beginning Sept. 25.

Notice

The Visiting Committee of the Board of Trustees will be at State College on September 26th and 27th. Any student wishing to make a statement to this committee may do so in private. Please contact the president of the student body, Jim Hunt, or the Student Activities office, 206 Holladay Hall, for time and place of meeting.

Shown above is Head Coach Earle Edwards of the Wolfpack as he looks over the situation in the fourth quarter of the Carolina-State game Saturday. Center Ron Savage is shown in the background. (Photo courtesy of News and Observer)

Congratulations!

Yes, congratulations come fast and easy after Saturday's fine football feat. Not only is State bursting with pride over the performance of Earle Edward's electric eleven, but State is also proud of its great display of sportsmanship. As far as we know, there was a complete absence of misconduct on either side of the field.

Carolina, too, helped their reputation by taking their beating gracefully . . . getting beat three consecutive years by an underdog team must be a bitter pill to swallow.

That Sportsmanship Trophy would look mighty good gleaming in the Coliseum display cases . . . Saturday afternoon, that trophy moved within our reach.

Tangled Traffic

There has been a lot of adverse comment on the policies employed by our officials in enforcing the new traffic rules . . . and the criticism is justified.

No one of us will deny that the traffic and parking problem on State's campus is a large headache. And, in all honesty, we can not rave that the new, tougher rules are designed primarily to obtain revenue for the college.

However, we believe that the officials of M & O and the administration should perhaps come to realize two important factors: first, that these new rules are long, detailed, and often vaguely phrased . . . and that the students and faculty must have more time to become aware of their meaning; second, that our campus cops often display predatory, animal characteristics in their gleeful doling out of tickets.

We suggest to the student body and faculty that they appeal each and every ticket which they feel unfair . . . and not pay a cent until some definite policy has been established to 'right the wrongs' created by unfortunate action of our enforcement officers.

The administration is cognizant of the problem and quite willing to help solve it . . . even though they will probably be forced to tone down the unrealistic approach taken by our Student Government (see SG story, Page 1).

Barriers Beware

Within the very near future, a vigorous campaign will begin to remove the unsightly fences on State's campus.

Chancellor Bostian has expressed his personal concern about the appearance of these grass-protecting, bush-sheltering barriers . . . and has suggested that all campus organizations cooperate in impressing the population of State College with the desire to keep this campus presentable.

There are several possibilities of improvement after the fences are removed. One is to replace them with iron posts and chains, serving equally well with greater neatness and greater savings to the school . . . another suggestion is to build more paths to correspond with traffic flow.

Do not hesitate to write us your opinions . . . and when your organization is approached, actively join the movement to remove an outstanding eyesore.

—RL

Letters to the Editor

Our Readers Comment

On College Opinions

To the Editor:

Allow me to congratulate you upon your fine editorial, "To the Victor Goes the Goal Posts!"

I have been teaching at State since 1919 and I believe the student body is better represented by Jimmy Hunt and his student government assistants and by you and your Technician writers than at any time.

With such splendid leadership I am confident that the student body and faculty too will do all we can to help win that Good Sportsmanship Trophy.

Sincerely,
Fred M. Haig
Professor Animal Industry

To the Editor:

After all the discussion and concern exhibited over the campus parking problem, and after all the work done in the area, I find that there are less parking spaces within easy walking distance of the Syme-Gold-Welch dorm area than there were last year. Staff parking has taken over many of the students' former parking areas.

I have never heard of any law enforcement agency advocating openly the use of fines as a primary means of making money. Yet I can see no other reason for the exorbitant fine of \$5.00 for not only parking in restricted areas but also for such things as leaving old stickers on the car or parking across a parking space division line.

Former student parking spaces on Pullen Road have now been made into staff parking areas and tickets are being handed out, yet there is no sign anywhere proclaiming this fact. The only way a student can know is to read the small print in a traffic bulletin. Surely M&O can send out nine or ten men and a half-dozen supervisors for a couple of days and erect a couple of signs to warn the students. Or is this a deliberate trap?

Now to add insult to injury, Pierre Leveque wants to issue not only parking tickets but also walking tickets. Good Grief! I prefer the fences!

Or on second thought, let's take this idea to its logical extreme. Confine all students to their dorm rooms and authorize the campus police to give a tick-

et to any student found outside of his room after class hours. Then the campus could be kept neat and unmarked.

John D. Alston

To the Editor:

While reading Pierre Leveque's proposed resolution, I came across the words: "The campus police be charged with . . . the authorization to issue tickets to violators . . ."

I would like to ask the ex-senator how he proposes the campus police would do this . . . with force? I don't think the students of State would quite yield to the orders of a campus policeman.

Bob Redmon

Editor's Note:

We agree with Alston and Redmon that Leveque's suggestion on how to handle the fence situation is a bit unrealistic. It is good to see many students are taking an active interest in the problem, and we can all be encouraged that the administration is actively concerned also.

Soon, we will run several articles about the traffic tickets and the fences . . . both issues are being acted upon now.

Greeks On Campus

By Bill Marley

In this first edition of "Greeks On Campus" for the year 1958-59, I would like first to introduce myself.

I am Bill Marley from Southern Pines, N. C., and am in the Nuclear Engineering curriculum, my third year.

One of my primary reasons for this formal introduction is to familiarize you fraternity men with me so that we can work hand in hand on the context of this column.

I am sure that you are all aware of the fine job Oscar Grant did last year in initiating this fraternity column (then known as "Fraternity Line").

So during the year I hope to bring you all the news on campus pertaining to fraternities, and especially any news concerning our beloved Fraternity Row. One word to the freshmen for

the all-important rush week coming up. Remember, a rushee must visit and sign up at at least four houses before he can be eligible to receive a bid from any fraternity.

There are eighteen fraternities at N. C. State and all of them have something important to offer you. If you are undecided about fraternities now is the time to find out for yourself exactly what a fraternity is, how it operates, and what it means to those who are members. Visit, ask questions, observe, and then draw your own conclusions.

Once again, I invite all fraternity men to cooperate with me in the writing of this weekly item because it is only with your help that this article can be a success and of service to the fraternity system at State College.

An Explanation

Of Columns and Letters

By Roy Lathrop

It is essential that we express ourselves on a few points that have come to light after our first few issues of *The Technician*, primarily concerning the writings of our columnists and our traditional policy concerning "Letters to the Editor."

Persons writing columns for a newspaper do not get their instructions or writing assignments from the editor. Therefore, the ideas and opinions expressed in the various columns are not necessarily those of the editor or any other member of the editorial staff.

If, however, a person writes a column which goes too far in a dangerous and/or radical direction, the editor reserves the right to censor that columnist and his writings.

The readers of a newspaper are not interested in reading only the views of the editor; this is the reason for allowing a person fairly free reign in expressing his own opinions and interpretations. Harry S. Truman, during his term as President of the United States, called a particular columnist an "S.O.B." for some of the things he had written . . . but you didn't no-

tice any newspapers dropping the column.

Therefore, we have defended and will defend not the columnist or his opinions, but rather defend his right to express his own views without fear of the red pencil.

About "Letters to the Editor." First, they must be signed; by that we mean they must be endorsed with your own signature in your own handwriting . . . this is to protect both our readers and ourselves. However, names will be withheld from print upon request of the writer.

You can't graduate without writing

Make your writing work easier with the proper writing supplies. Be sure to see our complete stock of roomy composition books, sturdy zipper binders, smooth-writing filler paper, and everything else you need for neat and accurate study habits.

Trowbridge Stars For Wolfpack

State Does It Again ... And Goalpost Goes

(Continued from page 1)

Until the waning minutes of the final period, the Wolfpack controlled the game all the way. Not until forty-one seconds before the first quarter ended was Carolina able to move the ball out of their own territory. Three times in the first quarter, Carolina fumbled and only once recovered the ball.

State's first tally came as a result of a fumble on the Carolina 26 yard line. After getting a first down on the Carolina 15, Ken Trowbridge took the ball and stepped off the fifteen yards into the end-zone. Larry Dixon converted for the extra point and State led by 7-0.

Trowbridge Rumps

In the second period, Carolina's quarterback Jack Cummings dropped back to pass, but the hard-rushing State line caused him to fumble the ball and State recovered on the Carolina 42. In three carries the Wolfpack moved the ball to the Carolina 23, where it was first down. From here Trowbridge again took over, and on one of the most spectacular runs of the game pranced down the Carolina sideline for the 23 yards and the score. With 3 minutes and 39 seconds left in the half Dixon again converted and the score was 14-0.

On the first play after the half-time intermission, Carolina fumbled on its own 28 yard line and State recovered. On second down Cackovic's pass to Podwika was good on the 9. Another pass to Latusick put the ball on the 1 yard line, and from here Podwika sneaked over for the score. After Dixon's conversion the score stood at 21-0.

In the final minutes of the third period Carolina moved inside the State 10 yard line, but after four unsuccessful attempts to score, State took over on their own 7. From here the Wolfpack kicked out of the hole on 2nd down. With a minute and 46 seconds left in the third period, Coach Edwards began sending his reserves into the game. A Carolina pass put the ball on the State 7, and on fourth down the Tarheels pushed the ball over from the 2 yard line for a score just as the third period drew to a close. Carolina attempted a

2-point try after the touchdown, and on a pitch-out they moved the ball into the end zone. The score stood at this time, 21-8.

After unsuccessful attempts to move the ball after the kick-off, Trowbridge kicked into the end zone from the 50. At this point neither team was able to gain considerable ground, and on fourth down for State, Dixon attempted a field-goal. The kick was true but slightly short and Carolina took over on their own 20.

Carolina Scores

From the 20 Carolina launched a passing attack behind the arm of quarterback Jack Cummings. In five tries Cummings completed all five for the ensuing touchdown. Cummings' five passes moved the ball from the Carolina 20 to the State goal for the score, a distance of 80 yards, and the score moved to 21-14. An attempt to run the ball for a 2 point try-after-touchdown failed and the score remained, 21-14.

As the game drew to a close a jubilant State rooting section began to pour onto the field. As a body, the group gathered around the goal-post and awaited the final gun. With 36 seconds left in the game the goal post began to sway, and as the final gun sounded down it came... the Wolfpack wasn't to be deprived of the goal post this year.

The 1958 State-Carolina game is now history, and now we start preparation for next year's big game... and what of Carolina's "Sunny Jim" Tatum... all he has to say, "Let's get one thing straight. State College is no longer a door mat for anybody."

Notice

Tickets for the Maryland-State game will go on sale Sept. 22 thru Sept. 26 (8:30 a.m.-4:30 p.m.) at the Coliseum. Student tickets will be free; all DATE tickets \$4.00.

KEN TROWBRIDGE breaks loose on a 23 yard run that took him into the end zone and added another touchdown to State's credit. Ken played like a true veteran against a more experienced

Carolina squad, as he scored two of the three Wolfpack touchdowns. His first tally came after a 15 yard dash to pay dirt... and here he makes it from 23 yards out.

INTRAMURALS

Once again Intramural Sports here at State are about to begin another season of spirited action. Dormitories and fraternities have begun practice with renewed eagerness for the coming events. Intramural football will lead off this year September 24 for dorms and September 25 for fraternities. Games will be played on the Intramural Fields located behind the dorms and all games will start at 4:30. Below is a schedule of the opening games for dorms and fraternities.

Special Seminars Offered In Industrial Engineering

Special series of weekend seminars on industrial engineering will be held at State College beginning October 10.

Held on alternate weekends through January 24, 1959, the program will be conducted by the college's Department of Industrial Engineering in cooperation with the Industrial Experimental Program and the College Extension Division.

Nine faculty members and several outside speakers will instruct the sessions.

The schedule of dates and topics follows:

October 10-11—principles and practices of industrial organization; October 24-25—statistics for engineers; November 7-8—statistical quality control; November 21-22—engineering economy; December 5-6—process planning and methods engineering; December 19-20—plant layout and materials handling; January 9-10—work measurement; and January 23-24—standard costs and manufacturing budgets.

Information on the complete program may be obtained from the Extension Division, State College.

In Thursday's Issue . . .

In the Thursday, September 25, issue of *The Technician*, you will read of: The new cadre and cadet officers of the Army and Air Force ROTC here at State, the parking ticket policy, the situation here in North Carolina concerning the pay of teachers, the campaign to do away with campus fences, and a breakdown on the final appropriations of tuition and fees.

N. C. State Student Affairs Bulletin

VISITING COMMITTEE OF BOARD OF TRUSTEES will be at NCSC Sept. 25-27. Any student wishing to make a statement to this committee may do so in private. Contact Pres. of Student Body, Jim Hunt, or Student Activities Office, 206 Holladay, for the time and place.

STUDENT HEALTH INSURANCE ENROLLMENT continues through Oct. 16. Forms at 201 Holladay.

FOREIGN STUDENTS are required to have health insurance coverage. Inquire at 201 Holladay Hall about student insurance plan.

IMPROVEMENT IN READING—Classes meet once a week, on non-credit basis. This training has assisted many students to double their reading rates while at same time maintaining or improving comprehension. Three sections will meet Thurs. Evenings, 8-9 p.m., in connection with TV program on Channel 4. One group will meet in TV studio, Western Blvd., while other two meet on campus. TV room on 2nd floor, YMCA, will be used for one of these sections; the other room will be announced. Hours for remaining three sections meeting in 111-B Tompkins are as follows: Sec. 1—Tuesdays, 10 a.m.; Sec. 2—Tuesdays, 11 a.m.; Sec. 3—Fridays, 10 a.m. All sections start week of Sept. 22. For evening classes only, sign up at 123 or 111-A Tompkins. To enroll for other sections, report to any class.

BAND INSTRUMENT LESSONS for beginners start first week in Oct. Students interested in learning to play a band instrument can get details in music office, Pullen Hall. Participation in this group could eventually qualify a student for membership in SC Bands.

ANNOUNCEMENTS—Any campus organization or individuals who wish to have announcements broadcast on WKNC should contact Russ Ford, TE 27861 or news office, 310-311 Bldg.

LEAZAR CAFETERIA will employ students from 8-9 a.m., 11-12 noon, 12-2 p.m., or week-ends. Contact Student Employment Office, 207 Holladay Hall.

TRAFFIC NOTICE—Students are reminded that parking stickers must be mounted in lower right hand corner of windshield, that old stickers must be removed and that the traffic records office is located in 107 Pullen Hall. Several changes have been made in traffic rules and each student is urged to read copy of rules placed in his envelope containing his Permit to Register.

DORMITORY OCCUPANTS—Student are reminded of dormitory rules posted in each room. Violations result in disciplinary action and additional

charges which occupants can easily avoid by their compliance with rules.

DANFORTH CHAPEL SERVICE—Wed., Sept. 24, 12:40 to 1 p.m. All students are welcome.

DISMISSAL OF CLASSES—FALL SEMESTER, 1958—In accordance with Faculty Senate action of Jan. 21, 1958, the College Administration again announces that all Classes will be dismissed this fall as follows: 11 a.m., Sat., Sept. 20, Carolina Game; 10 a.m., Sat., Nov. 1, Homecoming Game (V.F.I.).

1959-60 FOREIGN STUDY SCHOLARSHIPS—Any interested in Fulbright, Marshall or Rhodes get material at once at 201 Holladay Hall. Deadline generally Nov. 1 or earlier.

STUDENT IDENTIFICATION CARDS will be distributed to the students in lower lobby of State College Union between 3:30-4:30 p.m. on Wed., Thurs., and Fri., Sept. 24-26.

SEPT. 24—Last day to add a course.

OCT. 3—Last day to drop a course without failure.

CLUB MEETINGS
TUESDAY, Sept. 23:
ALPHA PHI OMEGA—252-254 C. U. 8:45—Member Business Meeting, 10:00—Open Meeting.

THURSDAY, SEPT. 25:
ASAE—6:30 p.m., 200 Mangum. Guest speaker: Dr. Roy Lovvorn. All students enrolled in mechanized agriculture and agricultural engineering are urged to attend.

LEOPOLD WILDLIFE CLUB—7 p.m., 149 Gardner. All students majoring in zoology who are interested in joining the club are urged to attend this meeting.

ENGINEERS' COUNCIL—7 p.m., 242 Riddick. First meeting of year and it is extremely important that all members be present.

For engineering freshmen...

drawing instruments and slide rules

... are important, in college and after. That's why the wise choice is K&E, America's oldest and largest maker of engineering supplies and equipment.

When it comes to Slide Rules... take the K&E Decitrig®:

Its versatile scales team up to give faster solutions of complex problems. A dual purpose D scale and three LL scales cover a log log range of 1.00... to 22,000. And the A-B scales make quick, non-stop work of square root derivations. Sharp, engine-divided graduations permit accurate readings in a hurry.

And... look at K&E Drawing Instruments.

But remember, there's more to drawing instruments than the way they look. It's the important "extras," such as accuracy, materials, workmanship, manufacturer's reputation, that determine genuine value. Every K&E set—and they come in a wide price range—offers you the "extra" features that mean extra value.

"Your K&E College Buying Guide"—will give you useful information on the materials you'll need for your engineering courses... 36 pages, with plenty of pictures, and handy check-list. Get it at your college store.
