YMCA Head Wins Hamilton Award

Gordon Norman Owen of Raleigh, civil engineering senior at North Carolina State College, received the coveted Hamilton Award during the formal opening of the 28th annual Engineers' Fair Friday afternoon.

Presentation to Owen was made by Dr. J. Harold Lampe, dean of the State College School of Engineering, who said that young Owen was chosen for the honor "for his combined proficiency in his major field of study with notable achievements in the social sciences and humanities."

Owen received a Hamilton electric watch, representing the latest in watch engineering and a letter of commendation from officials of the Hamilton Watch Company, donors of the award.

The award was established at State College by the company to encourage development of broader background and perspective among technically-trained students.

Son of Gordon N. Owen of Seroc Colorado, Aruba, Netherlands West Indies, the award winner has an outstanding scholastic record with a 3.82 average out of a possible 4.0. Last summer young Owen was selected a member of the U.S.-U.S.S.R. Student Exchange Mission and toured the Soviet Union for six weeks.

Active in extra-curricular activities, the outstanding senior in a member of Tau Beta Pi, national engineering honor society; Phi Kappa Phi, national scholastic society; Phi Eta Sigma, freshman scholastic society; and Chi Epsilon, civil engineering honor society. He is also a member of the Golden Chain Honor Society and the Blue Key.

Owen is currently president of the college YMCA. Interested in music and athletics, he was a member of the college band for two years and of the cross country track team for a year.

At Coliseum

Ice Show To Stage Foreign Acts

The world-famous "Holiday on Ice," to be staged in the William Neal Reynolds Coliseum at North Carolina State College April 12-16, will assume an international touch.

Crossing geographical borders in its quest for talent and production ideas, this year's "Holiday" show will feature an adaptation of a forceful Russian ballet and a carefree salute to Ireland.

The big ice spectacle will open a five-day run in the State College Coliseum Tuesday, April 12, at 8:30 p.m.

During the spring of 1959, "Holiday on Ice" became the first U. S. spectacle to play Russia and the eight-week Mos-

cow stand was a sell-out from the start.

While there, the producers saw an exciting ballet that told the story of the "Night-Riders," and they felt American audiences might enjoy an authentic version of this Cossack Ballet staged on ice.

The precision ensemble—"The Glamour - Icers" and "Ice-Squires"—rehearsed endless hours to perfect the demanding movements for the "Lancer" production, but had the satisfaction of knowing they were bringing an interesting and seldom seen phase of Russian culture to the U. S. ice stage.

The 1960 show also has an Irish flavor, and the jigs and

reels of the Emerald Isle make up a "Gaelic, Holiday." The music—"Dear Old Donegal," "Irish Washerwoman," "If You're Irish," "Come Into the Parlor," "McNamara's Band"—provides an appropriate accompaniment to the skating artistry.

Now in its 15th year, "Holiday on Ice" will open its five-day stand at the Coliseum Tuesday, April 12, at 8:30 p.m. In addition, there will be evening shows Wednesday, April 13, through Saturday, April 16, at 8:30 p.m. and matinee performances Friday, April 15, at 3:30 p.m. and on Saturday, April 16, at 2:30 p.m.

In Inclement Weather

Several Thousand View Fair

By Bill Jackson
The role of engineering and technology in the modern world, including the impact made by space age development, was depicted in hundreds of exhibits and demonstrations at the 28th annual Engineers' Fair at State College last Friday and Saturday, April 1-2. The overall theme

for the two-day affair was "Entering a New Decade."

Several thousand visitors streamed through the college's major engineering buildings to view the wide range of displays and projects furnished by both students and industry.

The fair was opened with exercises in Riddick Stadium Fri-

day afternoon. The more than one thousand who attended the event were welcomed by Bill Foss, president of the Engineers' Council, sponsor of the Fair.

The address was delivered by Chancellor Caldwell, who praised engineers for their role in freeing mankind from the limitations of its environment.

"There's no question," said Dr. Caldwell, "but that the world today reflects the heart and mind of the engineer . . . The engineer is engaged in one of the great callings of mankind."

Following Dr. Caldwell's opening address, special award pre-

sentations were made by Dr. J. Harold Lampe, dean of the School of Engineering. Citations were given to retiring members of the school's Advisory Council. The Hamilton Award, given annually, to the outstanding engineering senior who has made an excellent record in the social sciences and humanities, was then presented to Gordon Norman Owen.

The college band, conducted by Charles Cates, provided the music for the festive occasion.

Chem. E. Wins

The winners of the Fair competition were: Chemical Engineering, first; Agricultural Engineering, second; Electrical Engineering, third; and Civil Engineering, fourth. Plaques will be presented to the winning departments at the spring banquet of the Engineers' Council in May, according to Darrell Menscer, chairman of the Fair Committee. Menscer, a senior, is an outstanding student in Electrical Engineering.

The exhibits were judged on traffic flow, compactness of department, ability to blend commercial exhibits into overall show, overall appearance, ability to follow theme, and appeal. The student projects were graded according to appearance, originality, relation to theme, development of idea, ability to express idea in layman's language, and the ability of the students to explain the exhibit.

Other members of the Fair Committee were Frank Madren, Opening Exercises, EE; Jack Grey, Publicity, Ch.E; George Parrish, Programs, CE; and Bill Jackson, Traffic, EE.

The departmental chairman for the winning chemical engineers was Frank Culberson. The agricultural engineers were headed by Richard Fluck. Chairmen for the electrical engineers were Chris Charron and Jim Edwards. Jack Pivin and Harold Seagraves were in charge of the civil engineers' exhibits.

Sigma Pi Sigma Selects Sixteen Top Students

Sixteen new members, seniors, graduate students, and faculty in Engineering Physics, Nuclear Engineering, and Electrical Engineering were initiated into Sigma Pi Sigma, National Physics Honor Society, in a formal ceremony Wednesday, March 30, 1960.

Sigma Pi Sigma receives into membership physics students and others in closely related fields when such students attain high standards of scholarship, promise of professional merit, and academic distinction. Scholastic requirements for membership in the society are comparable to those of other national honorary societies.

Membership in Sigma Pi Sigma is the highest scholastic honor conferred exclusively on students of physics and closely

related subjects. Election to membership implies not only that the student has attained a high standard of scholarship, but also that he has won the respect of his fellow students and the faculty of the Physics Department.

The names of the newly initiated members are: Dr. Wesley Osborne Doggett; Gus Perry Couchell; Hyatt McDonald Gibbs; John Reid Hauser; Dan Hightower; John Henry Isenhour, Jr.; Philip Stephen Jackson; Gary Alan Massel; John Walter McRary; William Baxter Michael; Edward Samuel Oberhofer; Edwin Arthur Shearin; Richard Fredrick Smale, III; James Thornwell Spence, III; Susumu Terayama; Edwin Lawrence Lowery.

College Union Calls Students To Act In Annual Spring Play

Once a year the College Union Theatre Committee puts on a three act play. This year the play will be a long one act play instead.

"The Browning Version" by Terence Rattigan is this year's play.

The play is one of superb pity and heart-break. It is the story of a professor at a boy's school who is regarded by his wife as an academic nimcompoo. He has the reputation among his confreres of being dull and stodgy and among his pupils of being a ridiculous old stick-in-the-mud. In reality, he is none of these.

He is a very human man, so often abused that he has had to withdraw into a thick shell. The fact that his wife plays around with younger instructors, and that the headmaster is

Campus Crier

The EE Wives Club will meet Wednesday, April 6, at 8 p.m. in room 256 of the College Union. The election of new officers is scheduled for the meeting.

The Pre-Vets Club will meet on Wednesday, April 6, at 7:30 p.m. in the Animal Diseases Laboratory. Dr. William H. Justice will perform an autopsy on sheep.

The State College Pershing Rifles will participate in the Cherry Blossom Festival the weekend of April 8-10 in Washington, D. C. The drill team will compete in the fancy drill-team contest in addition to marching in the Festival parade. The commander of the team this year is Cadet Lt. Jim Jones.

Any organization having any type of social event during the year 1960-61 should list these dates on the Social Functions

See Crier, page 6

EDITORIAL COMMENT

Unawareness

"In the spring a young man's fancy lightly turns to thoughts of love."—Tennyson. This is true perhaps for many of the young State College men, but not for twenty of them, for that is the number that have signed the books for the forthcoming General Election on April 28.

Twenty. It's rather hard to believe that there are only twenty students on this campus who have an interest in holding an elective position. Why, by just looking over the letters this office has received this year which criticized some part of campus activities, we could compile a list of at least fifty.

The reason for this extremely low number of candidates so far is probably a combination of two widespread situations on this campus — apathy and ignorance. We feel that possibly the greater of these two contributing factors is ignorance.

Not that the State student is ignorant in the usual connotation, but, instead, he, for the most part, is unaware. There are many offices that are held by students here and it is conceivable that there is at least one office that would appeal to every type of person. But, the fact remains that the average student is unaware of the variety.

This situation could have been remedied earlier in the year by publicity of the various student offices which are seldom brought to the attention of the average student. However, for this year, such an idea is not feasible. Rather than that, therefore, the responsibility must be placed upon the shoulders of each student who is guilty of being uninformed. Let us suggest that he go to the Student Activities Office in Holladay Hall and look through the General Election books. There is no obligation.

—JM

Word To The Wise

Before we are swamped with varying requests from would-be presidents, representatives, etc., we think it would be advantageous to explain the system under which *The Technician* operates during the election season each year, and, in particular, the set-up under which we must operate this year.

All candidates for any offices are entitled to have one article in this newspaper announcing their candidacy. Only those students running for the office of president of some organization may have their pictures printed. Letters to the editor will be accepted for all candidates who are running for offices of the Student Government or any one of the classes.

The Thursday, April 7, issue of *The Technician* will be the last large issue of this newspaper before the primary on April 28, and, therefore, that issue will be the only one in which all articles submitted will be printed. In the Monday issues, with only four pages, only the most important articles will be printed.

Therefore, let us suggest that, in order for any candidate to be absolutely sure that his article will be printed, he submit it to this office by Tuesday, April 5, at 7 p.m. This is the absolute deadline.

—JM

"B. C." Goes To College!

Campus Humor by Gray

Greeks On Campus

By Bill Marley

As the Greeks filter back to Raleigh from a frantic weekend in Wilmington equipped with bad breath, bad suntans, and surely a renewed bad attitude towards study and good old N. C. State, we sit here in *The Technician* office trying, per usual, to write some news of the Greeks. Since I wasn't one of the fortunate number to make the Azalea scene, I'll give a brief account of the home-front activities.

A reminder about Spring Greeks. The concert is presently being planned at the Rose Garden—don't ask me why. I'd much prefer to have it out at Kidd Brewer's, but that's what the I.F.C. says. Art Blakey and his Jazz Messengers, along with vocalist Ernestine Anderson, will perform from 2 to 4 Saturday afternoon. The dance will last from 8 to 12, with Maynard Ferguson's band and Ernestine furnishing the music. Say something to your I.F.C. representative if you are in favor of Kidd Brewer's luxurious setting for a concert as much as I am.

The I.F.C. Executive Committee will meet Tuesday, April 5, in order to compose a slate of candidates for the coming year. Those men who have had and surely a renewed bad attitude towards study and good old N. C. State, we sit here in *The Technician* office trying, per usual, to write some news of the Greeks. Since I wasn't one of the fortunate number to make the Azalea scene, I'll give a brief account of the home-front activities.

Election dates will be April 28, the primary, and May 5, the final voting.

The I.F.C. has begun work in conjunction with the Orientation Commission here at State to arrange to have Fall Rush during the week prior to school opening when the freshmen are here for orientation. This could be either a "boom" or a "bust", depending directly on how much time the freshmen have for rushing.

If their schedules are going to be so crowded that the sum total for rushing is a couple of hours on a couple of nights, fraternities may come out with the extremely short end of the stick. I hope the I.F.C. can work out something, but only if it is a decided improvement over the present system.

THE FIRST PROFESSOR.

Letter to the Editor

To the Editor of *The Technician*. It is partly out of pride and partly out of concern that I feel compelled to write this letter concerning the Campus Chest Drive.

My pride arises from the tremendous support that the fraternity men on this campus have given the drive. Through the Interfraternity Council, they voted unanimously to con-

tribute one dollar per man (a total of about \$850.) I feel that additional money will be collected by solicitation in the individual houses. Also, a significant number of fraternity men have volunteered to be solicitors in their respective dormitories. For these charitable endeavors—congratulations!

I wish not to be mistaken at this point. I am not saying, "Well fellow fraternity men, for another year we've done our share to right the injustices of this world and eliminate human suffering." I am not saying this, because we haven't.

Does anyone ever really do his share? I doubt it. The important thing is that, by these gestures, fraternity men have shown that they realize an obligation to share with those in the world who are less fortunate; and more important, they have shown a willingness to do something towards fulfilling this obligation.

I refuse to let myself believe that any college student in America in the year 1960 fails to realize that this obligation exists. To the contrary, I feel that the apparent apathy of many students toward the Campus Chest Drive (or any other cause of this nature, for that matter) stems from a feeling of futility. It stems from the feeling that their small contributions are insignificant and therefore not worth giving.

"My fifty cents will never change the world," they say: "Were I John D. Rockefeller, I would do much for the underprivileged." While in reality, as themselves, as State College students, they sit back and do nothing. Here lies my concern. They fail to realize that it is the ordinary people, like themselves and me, giving what we can and will, and not the John D. Rockefellers, who are most vital in making the wheels of charity turn in this country.

I urge you to look at the great significance that the collective giving of 6000 students can have. I urge you to support the Campus Chest Drive.

Bob Davis, president Interfraternity Council

Dorm Drivel

SLIME FROM SYME

By Larry Wright

Why shouldn't 18-year olds be allowed to vote? They are allowed by law to do many things that, if a mistake was to be made, would be more costly than a mistake in voting.

At the age of 18, we are allowed to join our country's armed forces to defend her if necessary, but still we are not allowed to vote. Our country trusts us on the battlefield where one mistake may cost hundreds of thousands of lives, but we are not trusted at the polls.

We may get our driver's licence at 16 years of age. This, too, places a responsibility on us. Here again one mistake may cost several people their lives, or perhaps cripple someone for life.

Let's look at some more examples. When a boy and girl are 18, they may get married and rear children. Certainly this is a very important decision. It involves the happiness of the couple, their children, and their families. We may take on this responsibility, but we are not trusted with the responsibility of voting.

We as college students, have the responsibility of choosing our life's work and diligently preparing for it, but we can not help choose the leaders of our country. Doesn't the choosing of one's life work require mature and intelligent thinking? Does voting require more than this?

One of the causes of the American Revolution was "taxation without representation". Our government today is guilty of this same injustice. We have to pay income tax on the money that we earn, but we can not vote to help determine who spends our money, or what it is spent for. What would the older citizens of our country say if they had to pay taxes when they were not given the right to vote?

We have the responsibility to determine whether or not we will drink certain alcoholic beverages. Perhaps some of you do not think of this as being an important decision, but when one stops to think what effect alcoholic beverages can have on a person, his family, and his friends, how can he say that this is not an important decision? We are entrusted with this responsibility, but our government still does not recognize us as being mature enough to vote.

English Department Head To Discuss Duke Writers' Literary Efforts

Dr. Lodwick Hartley, head of the English Department at North Carolina State College, will be a guest critic in Duke University's annual Literary Forum Thursday, April 7. Other members of a panel which will discuss short stories from the Duke University literary magazine, "The Archive," will include Mac Hyman, former Duke student and author of "No Time for Sergeants"; Helen Bevington, well-known poet and member of the English faculty at Duke; and Ovid Pierce, North Carolina novelist whose new book, "The Lonesome Porch," will appear in April. Dr. Hartley has taught creative writing at North Carolina State College and has published literary criticism in many newspapers and magazines. He is the author of several books and short stories. His most recent work, "William Cowper: The Continuing Evaluation" has been announced for fall publication by U.N.C. Press.

State Book Fair Slated Tuesday

All Faculty and staff are invited to attend the first State Book Fair to be held in the state of North Carolina.

This fair will be held in the Greensboro Coliseum and Auditorium April 5, and 6. There will be more than 5000 books on display in a statewide non-commercial Book and Author Fair. Adult books in all subjects will be exhibited along with those of special interest to North Carolinians.

Candidates Scheduled

A series of talks by three candidates for Governor of North Carolina will be held at the North Carolina State College Union, starting next week.

The first speaker in the series will be Terry Sanford, whose been declared in the interest of creating greater dimensions in the lives of our future leaders.

speech will be given Monday, April 4, at 8 p.m. in the College Union ballroom.

Dr. I. Beverly Lake will speak on April 8 in the College Union ballroom at 8 p.m.

Malcolm B. Seawell will speak in the College Union theatre April 12 at 8 p.m.

John Larkins and Robert Gavin were invited to participate in the series, but both candidates were unable to accept.

The speeches, sponsored by the State College Union's forum committee headed by Fred Toms of Forest City, will be open to the public.

Opera 'Carmen' Planned For Raleigh

One of the most colorful works in musical literature, Bizet's CARMEN, will be presented by the touring National Grass Roots Opera Company at Daniels Junior High School Auditorium in Raleigh on April 19. Curtain time is 8:00 PM.

This will be the final Guild series presentation for the sea-

son. Other productions have included DON PASQUALE and CINDERELLA, both comedies.

The Raleigh-based opera company, which for the second year has been named the number one touring opera troupe by "Opera News" is in the midst of one of its most extensive tours.

Carruthers And Gibson Are Wolfpack Top Pitchers

North Carolina State's baseball coach, Vic Sorrell, received plenty of encouragement last week as his two pitchers, Wilson Carruthers and Joel Gibson, came up with top notch pitching performances against intersectional foes.

Gibson won one and lost one for the week as he pitched a three-hitter Friday against Princeton, losing earlier in the week to Michigan State, 2-1, in a game that was halted after five innings of play due to rain.

Gibson lost a shutout in the last inning against Princeton Friday as the Tigers came up

with a rally in the last inning to spoil Gibson's whitewash, as the Pack won, 5-1.

Carruthers defeated Princeton Thursday, 2-1, on a neat five-hitter. Carruthers walked five and struck out four.

State scored in the first inning against the Yale nine, when Gibson, playing rightfield in this contest, singled home Bernie Latusick.

Yale tied the game up in the third, when second baseman Paul Porvaznik doubled, and scored when Alan Pond hit a fluke double. The run was unearned.

In two games four runs have been scored off the tall right-hander, with three of the four.

Gibson's mark is now 2-1. Gibson has pitched a no-hitter and a three-hitter for his two victories.

The Wolfpack plays Maryland in their first Atlantic Coast Conference clash at the new field behind the infirmary Thursday afternoon, with game time set for 3:00 p.m. The Wolfpack moves to Durham Saturday to take on the Duke Blue Devils.

Notes From The Wolfpack

Dan Englehardt, the Wolfpack's cage captain, has at least one consolation now that he has finished his collegiate eligibility ... he won't lose the free throw shooting title again next year.

Englehardt actually won the charity toss crown for the past two years but failed to meet the minimum requirements set forth for the honor. He made 50 of 61 for 82% last year and 50 of 57 for 88% this year. It took at least 60 free throws to qualify.

State on football scholarships, are key members of the baseball team and are the only two players on the squad who are not from North Carolina.

Coach Vic Sorrell's diamond roster lists 20 players, 18 from the Tar Heel State.

Shaffer, incidentally, is not to be confused with another grinder (and a guard at that) with a similar name. The other player is Jack Schaffer of Pittsburgh.

will have a distinct Tar Heel flavor. Seven tentative starters are from North Carolina.

They are end Jim Tapp, tackle Collice Moore, center Bill Hill, and the backfield, composed of Roman Gabriel at quarterback, Al Taylor and Claude Gibson at halfback, and Roger Moore at fullback.

The other starters are end John Gill, tackle Tiny Reynolds, and guards Alex Gilleskie and Joe Bushofsky.

Bernie Latusick and Jake Shaffer have three things in common. They are attending next year, as things stand now, Speaking of Tar Heels, Coach Earle Edwards' starting lineup

Basketball coach Everett Case will have two popular instructors at his annual Basketball School this year. Already signed up are former guards Whitey Bell and Lou Pucillo.

Bell recently completed his first year in pro ball with the New York Knicks, and Pucillo, State's mighty-mite All-American of 1959, wound up his first season with Wichita of the AAU league.

In five games, Jimmy Cox, State's hard-hitting second baseman, has slammed two home runs, one double and one triple.

Holmes, Spence Named Captains

Jim Spence and Irvin Holmes are this year's tennis co-captains. Holmes is a senior and Spence, a junior.

Holmes thus becomes the first colored athlete to hold the position of captain on a varsity sport in the Atlantic Coast Conference.

Holmes has been a member of the tennis team for three years.

Spence was the top tennis player in the state several years ago. He is also rated as one of the top tennis players in the ACC.

The winning tally came in the fourth inning when the pitcher, Carruthers, hit a sacrifice with the bases loaded to score Adjer Perry.

Carruthers record is now 1-1.

COMPUTERS, CAREERS and YOU... after you join Western Electric

Interested in computers, computer technology and applications? Then you should investigate Western Electric as a place to build your career. Telephony today is built around computers. The telephone cross-bar switch is basically a computer. Electronic switching gear uses computer principles.

At its new engineering research center and at most of its 25 manufacturing locations, Western is relying more and more on computers in doing its main job as manufacturing and supply unit for the Bell Telephone System. In its other major field - Defense Communications and Missile systems - the use of computers and computer technology is widespread.

You'll discover quickly that opportunities with Western Electric are promising indeed. Here company growth stands on a solid base, and your own growth, too. We estimate that engineers will find 8,000 supervisory jobs open

to them in the next ten years. There will be corresponding opportunities for career building within research and engineering. Progress is as rapid as your own individual skills permit. And Western Electric maintains both full-time all-expenses-paid graduate engineering training and tuition refund plans to help you move ahead in your chosen field.

Opportunities exist for electrical, mechanical, industrial, civil and chemical engineers, as well as in the physical sciences. For more information get your copy of Consider a Career at Western Electric from your Placement Officer. Or write College Relations, Room 200E, Western Electric Company, 195 Broadway, New York 7, N. Y. Be sure to arrange for a Western Electric interview when the Bell System team visits your campus.

Fair Features Educational Exhibits

Mechanical Engr., Aero Option

The pictures on this page (excluding the two highly distinctive ones in the bottom right-hand corner which are self-explanatory) are of exhibits and certain events in the Engineers' Fair and the carnival night which was held in conjunction with the fair. (See story page 1).

The photographers, Clyde Hoey and Triloke Khosla, tried to snap shots that were interesting as well as informative and a look at the page will show that

they succeeded very well.

Hoey snapped the pictures of the Engineers' Fair while Khosla did the photography work on Carnival night.

The fair this year was termed the best ever by sources who have been intimately connected with the fair for a greater part of its twenty-eight year history.

The Chemical Engineering department won the award for having the best series of exhibits.

Entry Dates For 'Best Legs In Town' Set; SUF Drive Realizes 38% of Goal

By Larry Stevens
Who has the Best Legs In Town? Only time will tell. The contestants pictured on this page are some of those entered in Alpha Phi Omega's first annual beautiful legs contest, being held today through Friday, April 8.

All entrants are sponsored by an organization, dormitory, fraternity, or sorority, and all proceeds will go to the Campus Chest Drive.

The winner will receive prizes totaling one hundred dollars. Gifts have been donated by Norman's, Varsity Men's Wear, Uzle's, Hillsboro Soda Shop, Nowell's Clothing, Weatherman Jewelers, Crossroads Tavern, Village Pharmacy, Varsity Theater, Village Theater, Mrs. Steven's candy, Jean's, Ellisberg's, Sears, Penney's, Village Gift Shop, Students Supply Store, Stephenson Music Company, and Johnson's Jewelers. These prizes are now on display at the College Union through Friday.

To vote for your favorite, go to one of the six BLIT booths located about campus. Booths are at Bragaw, Winston, the Students Supply Store, the Cafeteria, Riddick, and the College Union. At each booth there will be ballot boxes with the pictures of all the contestants' legs attached. Voting is done by depositing money in the proper slots. One cent counts one vote. Bills count ten per cent extra. In other words, one dollar equals 110 votes. Vote now.

SUF report

Complete results are not available at the present concerning the percentages of goals reached by the individual dormitories and fraternities in competition

for the campus chest trophies. The following breakdown is available, however. Fraternities: 120%, Dormitories: 18%, and Off-Campus: 2%. Total: 38% of goal. The following organizations have pledged to the drive: Alpha Phi Omega and the Veteran's Association. Further and more complete breakdowns and results will appear in the Thursday issue of The Technician.

Entries From Sigma Kappa and Veterans' Association

States Mates - Carnival Night

North Carolina State Student Affairs Bulletin

ANNUAL INSPECTION ARMY ROTC—Inspectors from Headquarters XII United States Army Corps (Reserve) will conduct the annual inspection of the Army ROTC Department at North Carolina State College on April 28 and 29. Formal inspection of the cadet corps will be held from 11:00 a.m. to 1:00 p.m. on Thursday, April 28. Army ROTC cadets and members of the State College Band will be excused from conflicting classes during this period. No other part of the inspection will interfere with regularly scheduled academic work.

CAPS & GOWNS FOR GRADUATION EXERCISES, SUNDAY, MAY 29, 1960—All candidates for degrees are advised to place their rental orders and measurements for caps and gowns at the Students Supply Stores at once if they have not done so.

ATTENTION VETVILLE RESIDENTS—No decisions have been announced to date concerning the opening of the new married student housing project or the closing of Vetville. Any reports concerning these housing areas are rumors. As soon as information is available, it will be released through official College bulletins and The Technician.

ORIENTATION GROUP LEADERS—Letters have been sent to those who qualified stating that:

- All new group leaders including alternates meet Wednesday, April 6 at 6:15 p.m. in Leazar Cafeteria Grill Room.
- All old group leaders including rising seniors who will serve for the first time next fall meet Thursday, April 7 at 6:15 in Leazar Cafeteria Grill Room.

This is your last obligation this spring and comprises your full appointment. You should appear promptly at the session scheduled for you. The meal is provided for you. If you have a question, call Ext. 460; or stop by 207 Holladay Hall.

CHILDREN OF DECEASED VETERANS—A new pension law, effective July 1, 1960, makes pensions available to certain widows and children of World War II or Korean Conflict veterans who were previously not eligible to receive such benefits.

Under the old law, the veteran must have had a service-connected disability at the time of his death for his family to be eligible for a pension. It will not matter under the new law whether the veteran did or did not have a service-connected disability. Unremarried widows or unmarried children under age 21 who are attending school may be eligible if their income falls under the income limitation. See the Veterans Administration now, before July 1, for the full story. The VA office in Raleigh is located at 1212 Capital Club Building, telephone TE 9-4670.

UPPERCLASSMEN COMPETING FOR SCHOLARSHIPS FOR 1960-61 are reminded that completed application forms should be filed at the Financial Aid Office, 207 Holladay Hall, by Tuesday, April 5th. These applications will receive consideration also for grants-in-aid and long-term loans.

SELECTIVE SERVICE COLLEGE QUALIFICATION TEST applications must be submitted by Thursday, April 7th, for the test administration of April 28th. Obtain application forms and information from any Selective Service Local Board.

History Professor Downs Gains Honor

Dr. Murray S. Downs, professor of history at State College, is among three alumni and six students elected to membership in Pi Gamma Mu, honorary social science fraternity at Randolph-Macon College. Downs joins Dr. Emory G.

Evans, professor of history at the University of Pittsburgh and John D. Meade, superintendent of public schools in Petersburg, Va., as those elected to alumni membership in the national honorary social science fraternity.

Crier

Committee calendar. The deadline for this filing has been set for April 28. All events are to be cleared through the Committee, and the dates should be given to Dave Phillips at the College Union.

The AIEE and FMM Auxiliary will meet Tuesday, April 5, at 8 p.m. in room 335, Riddick. George Yionoulis, an interior decorator, will furnish the program.

The spring pocket billiards tournament is scheduled for 7:00 on Tuesday. This is another of the fine participation activities that are so prevalent at the CU. There will be no cost for entering the tournament (which

Ice Show

passing him by at the commencement exercises, is deeply humiliating. The cruellest blow of all was to be tricked into sympathy by one of his students, and then mocked and laughed to tears.

"The Browning Version" won the Ellen Terry Award as the Eckerds Drug Store on Main Street, Durham; Bender's Drug Store in Fayetteville; and Furrelle's Drug Store in Wilmington.

best play of the year when it was produced in London and then again in New York.

Tryouts for "The Browning Version" will be held in the College Union Ballroom Tuesday, April 5, at 7 p.m. The cast is composed of five males and two females. The lines are equally divided creating the absence of a dominating role. The play will be presented in May.

Any student desiring to help either on or off stage is welcome to come to tryouts. Help is needed in both places.

WHO WENT TO THE PROM—AND WHY

"Hello," said the voice on the telephone. "This is Werther Sigafos. I sit next to you in psych. I'm kind of dumpy and I always wear a sweat shirt."

"I'm afraid I don't remember you," said Anna Livia Plurabelle.

"I'm the one whose lecture notes you've been borrowing for two years," said Werther.

"Oh, yes!" said Anna Livia. "What do you wish, Walter?"

"Werther," said Werther. "What I wish is to take you to the Junior Prom next April."

"But this is November 27, Westnor," said Anna Livia.

"Werther," said Werther. "Yes, I know, but you are so round and beautiful that I was afraid you might have a date already."

"As a matter of fact I do, Wingate," said Anna Livia.

"Werther," said Werther. "Oh, drat!"

Anna Livia did not really have a date, but she was expecting to be asked by Stewart Stalwart, athletic and BMOC, handsome as Apollo, smooth as ivory, wearer of faultless tweeds, smoker of Marlboro cigarettes which even without his other achievements would stamp him as a man with know-how, with a pleasure-oriented palate. If you think flavor went out when filters came in, try a Marlboro. This one brims with zest and zip and the good, mild taste so dear to those who smoke for the pure joy of it. Get yourself a pack of Marlboros and listen to your friends say, "There, by George, goes a smoker who knows a hawk from a handsaw."

But I digress. Anna Livia waited and waited for Stewart Stalwart to ask her, but two days before the Prom, to everybody's amazement, he asked Rose-of-Sharon Schwartz, a nondescript girl with pavement-colored hair and a briefcase.

"I have decided to accept your invitation..."

Anna Livia immediately phoned Werther Sigafos. "My Prom date has come down with a dread virus," she said, "and I have decided to accept your invitation, Waldrop."

"Werther," said Werther. "Oh, goody ganders!"

The next day Anna Livia received a phone call from Stewart Stalwart. "My Prom date has come down with a dread virus," he said. "Will you go with me?"

"Certainly," she said and promptly phoned Werther and said, "I have come down with a dread virus and cannot go to the Prom with you, Whipstitch."

"Werther," said Werther. "Oh, mice and rats!"

So Anna Livia went to the Prom with Stewart and who do you think they ran into? Rose-of-Sharon with Werther, that's who! Stewart had felt obliged to ask Rose-of-Sharon because she always did his homework, but she had weaseled out because she really wanted to go with Werther with whom she felt a great oneness because they were both so dumpy. He fell wildly in love with her at the Prom, and today they are married and run a very successful five-minute auto wash in New Bern, N. C.

Anna Livia and Stewart are happy, too. They are still juniors and have not missed a prom in sixteen years. © 1960 Max Shulman

We hope you'll be smoking Marlboros at your prom—or if you like mildness but you don't like filters—Philip Morris—from the same maker.

The most beautiful new look in diamonds

Evening Star

ENGAGEMENT RINGS

You have to see it to believe it! Looks like a diamond star floating on her finger. And it makes any diamond look bigger, brighter, more beautiful. Don't even think of any other engagement ring until you see the dazzling "Evening Star" collection at your Artcarved jeweler's.

And, for real proof of value, ask your jeweler about Artcarved's famous nationwide Permanent Value Plan. It gives you the right to apply your ring's full current retail price, should you ever desire to, toward a larger Artcarved diamond—any time—at any of the thousands of Artcarved jewelers throughout the country.

IMPORTANT. Every genuine "Evening Star" diamond is guaranteed in writing, for color... cut... clarity... and carat weight and only Artcarved stamps the exact diamond weight in the ring. It's a genuine "Evening Star" only when the name is stamped in the ring.

Beloved by brides for more than one hundred years (1850-1960)
