Blue Key Selects 16

Blue Key, national leadership fraternity at N. C. State College, will initiate sixteen outstanding students on Thursday, May 12, at 6:30 p.m. at the College Inn Restaurant.

Dean Addison Hickman will be the speaker at the initiation banquet.

Students to be initiated are:

John Charles Cobb, Asheville; William Lee O'Brien, Greensboro; Alan Hershel Altman, Jersey City, N. J.; Sydney Edward Law, Pelham; James Arthur Brame, Greensboro; Ronald Lee Olive, Lumberton; Ralph Goldson Edwards, Jr., Salisbury; James Richard Currie, Lake Parssipany; Ronald Wilson Shearon, Wake Forest; Arthur Bruce Hoadley, Raleigh; Kent Emanuel Watson, Rodante; Robert Bruce Redmond, Jr., Asheville; Ovid Pendleton Casels, Charlotte; Edwin Murry Rudisill, Jr., Raleigh; Larry K. Monteith, Raleigh; Donald D. Blizard, Richland, N. C.

Blue Key has been established since 1924. There has been a chapter on State College campus since 1928.

The ideals of Blue Key are that in American Colleges and Universities (1) belief in God will be perpetuated and intensified, (2) the United States Government will be supported and defended, (3) established institutions of society and the principles of good citizenship will be preserved, and that through the inspiration of Blue Key (1) intellectual attainment and a

desire to serve their college and fellows are fostered among students, (2) student problems are studied and student life is enriched, and (3) an institution's progress and best interests are stimulated and promoted.

The new members were tapped Thursday.

Graduate Students Install Officers For Coming Year

The graduate Students Association held its final meeting of the school year on May 3.

The main business of the meeting was the installation of officers. These are: President—Donald Duckworth, Vice-President—Shirley Carter, Recording Secretary—Gene Scarborough, Corresponding Secretary—Phil Dukes, and Treasurer—Henry Schaffer.

The council also discussed the new married student housing and approved the contents of a letter to be sent to the administration. The association officers were authorized to speak for the association as the executive committee during the summer months when the council will not be meeting.

State Student Presented World's Top Design Award

Lloyd G. Walton, Jr., of Raleigh, fifth year student in the School of Design at North Carolina State College, is the 1960 winner of the Paris Prize of Architecture—world's top academic award in the field of architecture.

Walton, son of Mr. and Mrs. Lloyd G. Walton of 519 Fenton Place, Charlotte, will receive an award of \$5,000 for travel and study in Europe during the next

year. Another North Carolina State College student, William E. Valentine of Whiteville, also a fifth year student in the School of Design, won third place in the competition and will receive \$250 in cash.

Walton, a member of Sigma Phi Fraternity, enrolled at State College in September, 1952, and studied here for two years before entering the U. S. Air

Force for two years of active duty. He returned to the college in 1956 and will graduate with a bachelor of architecture degree on Sunday, May 29.

He is married to the former Shirley Hollis of Charlotte, and they have two children—David Lloyd, 22 months old; and Sharon, six weeks old. The Waltons reside at 127 Woodburn Road, Raleigh.

Valentine, a son of Mr. and Mrs. H. L. Valentine, Jr., of

Blade, honorary military fraternity.

As their entry in the competition, Walton and Valentine completed a five-week problem in which they designed the theme center for the 1964 World's Fair in New York City.

The designs were judged by a panel of prominent New York architects.

The award which Walton won is the 45th Paris Prize of Architecture sponsored by the National Institute for Architecture. The award has been given annually since 1904 except during the years of World Wars I and II.

It marks the fourth time in the last eight years that a North Carolina State College School of Design student has won the Paris Prize of Architecture.

Previous winners from State College were Edward H. Shirley of Greenville, S. C., in 1952, Robert P. Burns of Roxboro in 1957, and Edwin F. Harris of Elkin in 1958.

Earlier this year, Wayne Taylor of Maple, Currituck County, won the \$7,000 Rome Prize of Architecture.

Dean Henry L. Kamphoefner of the college's School of Design today received formal announcement of the awards won by Walton and Valentine.

During the current school year, students and faculty members in the State College School of Design have won State, national and international awards totaling \$27,650.

Since the school was founded in 1948, students and faculty members in the School of Design have won a total of \$154,245 in awards.

IDC Elects Officers During Annual Banquet

Officers who will head the North Carolina State College Inter-Dormitory Council for the coming year were elected during the annual IDC banquet on Wednesday night.

Selected for the top dormitory position on the State College campus were Edward S. Elam of Charlotte, president; Robert W. Roach of Burlington, vice-president; and Houston Smith of Raleigh, secretary.

The Inter-Dormitory Council which is the governing body of State College's dormitories is composed of the two elected representatives from each dormitory.

Members of the council for the coming year are:

G. W. Robinson; R. D. Moretz; E. B. Freeland; F. M. Alligood; G. W. Baldwin; J. G. Futrell; G. L. Rhyne; W. F. Hix; A. L. Hill; F. G. Voss; J. H. Laughter;

A. De Hooper; W. B. Duke; L. R. Smith; J. C. Davis; R. G. Abernathy; J. E. Davis; M. B. Braddy; M. E. Keech; W. H. Bush; J. L. Ledbetter; W. R. Bland and G. A. Stein.

The newly-elected council and officers will assume their duties on May 9.

Golden Chain Slates Thursday Ceremony

Twelve rising Seniors will be tapped into Golden Chain at noon on Thursday, May 12 in Riddick Stadium, or if the weather is bad, in the Coliseum.

Golden Chain is State's Senior leadership society. It was founded on April 24, 1926 as the result of a student's proposal which appeared in the Technician. Twelve rising Seniors are tapped each spring in the traditional tapping ceremony. These men are recognized for the service they have given the campus. Also each spring, Golden Chain sponsors the annual Parents' Weekend.

All faculty members and students are invited to the tapping ceremony. Both the Army and the Air Force ROTC units will be attending. Rising Seniors are especially urged to be present to form the Junior Circle. Instructions for forming the Junior Circle will be given by the president of the rising Senior Class at the beginning of the tapping ceremony.

ing Cadet's representative, the legislature broke down and gave the Marching Cadets \$360.00.

Thirty and Three received \$122.00 and Blue Key \$192.50, while Golden Chain received \$673.85 with no discussion on the matter.

With the mentioned revisions, the new budget passed and the meeting was adjourned by Vice-president Cooke.

Profs' 'Last Lecture' Series Starts Thursday At College Union

The College Union Forum Committee will inaugurate a series of "Last Lecture" programs with a speech on "The Merits of Success" by Dr. Emol Falls of the State College Economics Department, Tuesday May 10, at 7:30 p.m. in the College Union Theatre.

The Forum Committee, acting upon the recommendation by the Student Government, is presenting these programs in order to give the students an opportunity to hear the philosophies of some of the outstanding

professors on campus. It is without question that our faculty possesses a wealth of knowledge and understanding that cannot always be shared within the framework of the classroom. It is our endeavor in presenting these programs to tap this pool of knowledge so that the students may profit by the experience of these professors.

The "Last Lecture Series" was so named because each speech is to be prepared and presented by the speaker as if it were his LAST.

Lloyd G. Walton

Whiteville, also will graduate May 29 with a bachelor of architecture degree. He is married to the former Jane Dorward of Whiteville, and they reside at 1904 Alexander Road, Raleigh.

Active in campus affairs, Valentine is a cadet second lieutenant in the Army ROTC and is a member of the Drum and Bugle Corps and Scabbard and

'The Browning Version' CU Plans Annual Play

Tense moments in the life of a British schoolmaster will be portrayed by North Carolina State College students in Terence Rattigan's "The Browning Version."

The one-act drama by the author of "Tiger at the Gate" and "Separate Tables" will be presented in the College Union Ballroom Thursday and Friday (May 12 and 13) at 8:30 p.m. It will run for approximately 90 minutes.

"The Browning Version" takes place in a public school in the south of England. The play concerns itself with a few hours in the life of Andrew Crocker-Harris, a British schoolmaster, who is to be retired, and the few people who affect his life.

Roger Harris of Bedford, England, who plays the schoolmaster, attended a school much like the one in the play. He has provided authentic costumes and props direct from the school.

The other members of the cast include David Bruck of Riverdale, N. Y., who plays Frank Hunter; Chuck Trexler of Highland Park, Ill., plays Mr. Gilbert; Nancy Lawson of Oxford plays Mrs. Gilbert; Dick Shachtman of Fairborn, Ohio,

plays John Taplow. Shirley Young of Pittsburg, Pa., plays Millie Crocker-Harris, the scornful wife of the schoolmaster.

"The Browning Version" was first produced at the Phoenix Theatre, London, in 1948. It also appeared as a television script in 1959. A movie was made of the script but was shown only in England.

The production staff for the presentation include Larry Brady of Statesville, stage manager; Betty Block of High Point, make-up; Bob Cowan of Durham, lights; Ed Maliski of Flat Rock, props; Harvey Sigmon of Brevard, sound; Kim Morgan of Pittsburg, Pa., coffee hour; Ann Smith of Jacksonville, publicity.

The set for "The Browning Version" was designed by Harvey Horowitz of Oxford, who designed the set for the Raleigh Little Theatre's presentation of "The Lark."

"The Browning Version" is presented as an annual feature of the College Union Theatre Committee under the chairmanship of Leste Doty of Jersey City, N. J.

Student Govt. Releases Proposed Budget For 1960-61

By Jim Page

The State College Student Legislature met once again last Thursday night in the College Union at 6:30 o'clock. The legislators did not turn to their legislative duties at once but busied themselves with the job of counting the votes of the final campus elections. About 9:30 the ballots were finished, and Bob Cooke called the meeting to order. After the reading of the minutes of the previous meeting, President Eddie Knox gave his report for the evening. The highlight of his report came when he presented his views on the question of the married student housing project and stated that he had met with the administration in an effort to gain facts and figures on the new project. He stated also that he would publish his findings on this matter in the Technician as soon as possible.

At the conclusion of the President's report, Ben Kittrell presented the proposed budget for 1960-61. The \$9,075 budget drawn up by Treasurer Kittrell, who has done a splendid job as treasurer this year, and the Budgetary and Finance Committee has a total estimated expenditure of \$8,175.50 with a balance in reserve of \$899.50.

The approved budget appropriates \$2,265.00 for the Executive branch of S. G., \$1,430.00 for the Legislative Branch of S. G. and \$510.00 for the Judicial Branch.

Treasurer Kittrell commended \$535.00 for the Glee Club; however, the president of the Glee Club was able to convince the legislatures that he needed a total of \$792.50 for his organization in order to have a good tour and to purchase new Glee Club jackets.

The proposed budget called for \$835.00 to be given to the band, but the band representative convinced the legislatures once again to raise the sum \$120.

The Drum and Bugle Corps received \$400.00 from the new budget, while the Graduate Student Association received \$155.00.

A representative of the Pershing Rifles was present to try to get somewhat more than the proposed \$700.00 for his organization, but rather than getting more money, his budget was cut \$300.00 to \$400.00.

The proposed budget had no appropriations for the Marching Cadets, but after hearing a tear jerking speech from the March-

EDITORIAL COMMENT

In Right Direction

The Atlantic Coast Conference moved last Friday to tighten academic requirements for basketball and football athletes receiving grants-in-aid or scholarships of any kind. Beginning in June, 1961, athletes that are concerned will have to make a mark of at least 750 on the verbal and mathematics portion of the college entrance examination board scholastic aptitude test to be eligible for aid.

The standard of 750 may seem difficult to attain for some athletes, but is it not a stiff requirement. Thus, the athlete will have to have some intelligence to enter an ACC school.

Some of the coaches took a dim view of the move, but it will undoubtedly decrease the scholastic problems with athletes throughout the conference.

The coaches feel that their problems will be more difficult with these standards. Actually, with intelligent players, they will not have the worries that they do now. Intelligent players will not require tutors as many of the schools have in the ACC for athletes.

The freshman basketball team at State this year had four out of the first seven boys with a 3.00 average or better. All four of these boys are majoring in engineering! Coach Everett Case will not have any worry about these boys running into scholastic difficulties while they are at State.

Schools in the ACC will lose some outstanding athletes to other conferences because of this regulation. This should help end the arguments between conference schools on the acceptance of certain athletes. All the schools will have the same standard that will have to be met.

With this requirement, athletes will find it difficult to get an easy ride at any school in the conference.

Frank Howard of Clemson was quoted as saying "if we are not careful, we'll lead in the loss record, too."

Coach Earle Edwards of State showed enthusiasm in the move. Edwards called it "a wonderful move and a good thing for the conference." Edwards also felt that teams in a conference are stronger when the entrance requirements are even.

As far as records go, a school is responsible for the teams that it schedules. If it schedules a team that is above its level, then it is taking a chance on losing.

Four schools in the conference were below the entrance requirement that State had. These four schools were Wake Forest, Maryland, South Carolina, and Clemson.

This requirement will help equalize recruiting among the conference institutions. It will also help to eliminate some of the accusations that are now faced by some of the schools about accepting athletes that cannot be accepted at other schools in the conference.

The move will help put the ACC among the athletic conference leaders in the country. It is a big step towards the future in eliminating the scholastic problems that the conference has with many of its athletes. A boy will not get a scholarship just to play football or basketball, but his scholarship will be bestowed upon him for an education.

After all, an education is the primary purpose for a student attending college.

—JB

Chancellor Answers Housing Project Questions

(Editor's note: The following letter has been sent to all residents of Verville. The Technician is reprinting the letter here for the benefit of all married students and other students who are interested in the progress of the married student housing project.)

Dear Students of Verville:

Several letters have come to my desk in the past two or three days in regard to the new married student housing, and I should like to take this general means of replying.

It goes without saying that all of us in the administration deeply desire to provide an adequate standard of housing for both single and married stu-

dents at as low a cost as is possible to the student. In the planning of the married student housing, married students on campus at that time were brought into the discussions fully to help with determining the minimum standards and characteristics of the new housing. The architects had instructions regarding cost and the Federal Housing and Home Finance Agency administrators are always concerned on this same point.

Every college in the nation with any sizable number of married students has been compelled to move from the "temporary" housing which was brought onto the campuses in the immediately

post-war years and was expected to be occupied for three, four, or five years at most. I have seen the new housing projects on many campuses. The project here is adequate but not elaborate, and as far as I can tell involved a great deal of cost consciousness in its planning. Our rentals will compare quite favorably.

Some institutions have been able to build their student housing from grants of money from private individuals, in which case the occupants will not have to pay off a debt. These are not many. Some have been able to build their student housing from state appropriations but few, if any, have had help from the state for other than men's or women's dormitories—not for married students. North Carolina State College, along with hundreds of other institutions throughout the country, has had no choice but to borrow the money for the full cost of the project and set the rents at a level which will pay off the debt and pay for the maintenance of the project over a forty-year period. The only bright spot in this picture has been the low rate of interest provided in the government loans and the use of State-owned land.

Some colleges have set the rents at a level adequate to include heat, lights, and water; others have made this an extra charge. I can assure you that the rents established for the new married student apartments here include no padding and no profit. There is no other source from which the college can pay off the forty-year term debt and maintain the property except the rentals, and they are at a minimum level. We deplore that the rents had to be set as high as they are. If we had a choice, we would take it.

We are all sorry, too, about the appliances which many of our married couples had purchased for use in the present housing which you occupy. Our great failure here, undoubtedly, is our not having communicated with you much earlier since most of the present occupants apparently were not here when the new housing was being planned and did not know about the installations which would be included. Be that as it may, the transition from the old to the new had to take place sometime, affecting whomever the students happened to be. The jump in rents had to take place sometime. The new married students who apply to come to North Carolina State may be discouraged by the high rentals, but they will not suffer the ad-

justment which falls upon you, the present occupants, who must jump from \$18 to three times that much.

I realize the facts are cold, as financial matters usually are, but I must assure you that North Carolina State College and the University's effort to provide permanent good standard housing for its students arose from the determination of the Board of Trustees and the administration and the desire of the students themselves that they be better housed. When these new apartments are accepted by the College from the contractors, our payment to the Federal Government must begin immediately and there is no alternative source to meet this obligation than the rents paid by the occupants.

I know the deep concern of our Dean of Student Affairs and our Business Manager for your welfare. Our Student Affairs Office will make every effort to help you finance yourselves and finish State College in accordance with your plans. We all beg you to understand that there has been nothing capricious or arbitrary in the decisions of the administration. Quite to the contrary. On the other hand, you have my apology for not having kept you continuously and adequately informed on what was coming.

Please be assured of our continued devotion to your welfare and of our desire to enjoy mutual understanding and goodwill in accomplishing the missions of this institution.

Sincerely yours,
John T. Caldwell

AGREEMENTS FOR THOSE IN ATTENDANCE SPRING SEMESTER ONLY—Any student who has been in attendance at State College during this semester and who was not in attendance during the fall semester, may obtain a 1960 AGREEMENT by paying \$3.33 at the Business Office, 4 Holladay Hall, and by giving the receipt for this payment to the person distributing the yearbooks. If you were not enrolled last semester and do not desire a yearbook, you may request a refund at 406 Holladay Hall.

AGREEMENTS will be distributed between 9:00 a.m. and 5:00 p.m. Mon., May 9, through Wed., May 11, in the parking lot between Hill Library and the College Union.

SUMMER SCHOOL ATTENDANCE—From Mon., May 9, through Fri., May 13, students who are planning to attend the first session of summer school are asked to fill out blanks for the registration permit and course preference cards at the Summer Sessions Office, 101 Pullen Hall.

DORMITORY ROOMS FOR FIRST SUMMER SESSION 1960—Bragaw Dormitory (South Wing) will be used for the first summer session. During the week of May 9, present occupants of rooms in Bragaw Dormitory (South Wing) will have priority to reserve their same rooms. Rooms not reserved during this priority period will be available for reassignment to other students on a first-come, first-served basis beginning May 16. Students must apply IN PERSON to the Dormitory Rental Office, 4 Holladay Hall.

E. E. SUMMER SCHOOL STUDENTS—E. E. students should consult with their advisers regarding programs for summer school before the official termination of the spring semester, which is June 4. Advisers will sign rosters for summer school now. Changes necessary because of unsatisfactory completion of spring semester work can be made in the departmental office on the day of summer school registration.

ALL MARRIED STUDENTS WHO WILL GRADUATE ON MAY 29th—A card was mailed to you by Student Government on Tues., May 3, requesting information for a Goodwife Diploma to be prepared for your wife. Please return this card at once. If you do not receive a card by Mon., May 9, please call TE 4-5211, Ext. 216 or 870.

ATTENTION ALL STUDENTS—The parking bays on the west side of the Coliseum will be reserved for delegates to the N. C. Medical Conference May 8-11 in the Coliseum. May 10 is expected to bring the largest number

of delegates. The south half of Desk Field will be open that day and closed that night. Parking on the east side of the Coliseum and along the street north of Dunn Avenue adjacent to the railroad will be available.

P. L. 550 VETERANS—Korean Veterans who plan to attend summer school and who wish to receive benefits under P. L. 550 should go to 2 Holladay Hall to fill out their Monthly Certification of Training forms, prior to May 20.

NOTICE TO STUDENTS CONCERNING SELECTIVE SERVICE—All students who are registered with local boards and who do not have ROTC deferments based on their enrollment or contemplated enrollment in ROTC should come to the Selective Service Office, 9 Holladay Hall to fill out their Selective Service cards before May 20 in order to furnish data necessary for us to report their ranking to their local boards. If a student neglects to do this by May 20, he should write the Office furnishing the following data: 1. Full name, 2. Selective Service number, 3. Mailing address, 4. Number and address of Local Board.

PHYSICS SEMINAR—Mr. Claude G. Focquet, "Experimental Determination of the Transfer Function of the Raleigh Homogeneous Reactor and Control System," May 9, at 3:00 p.m. in 242 Riddick.

- Campus Crier -

The Pre-Veterinary Club will have a meeting on Wednesday, May 11. All members are requested to be present for the election of officers and other important business to be taken up. The meeting will begin at 7:30 p.m. in Room 131 Scott Hall.

The Math and Science Education Club's spring outing will be held on the island of Pullen Park at 5:00 p.m. on Saturday, May 14. All Math and Science Education majors and their dates or families are invited.

The admission will be 25¢ for adults and children are admitted free. Those who plan to attend are requested to sign up in Dr. Spence's office before Thursday, May 12.

A free Barbecue Supper for members of the American Institute of Physics, freshmen in N.E. and E.P.Y., and dates will be held at 6:00 p.m., Tuesday, May 17, at Pullen Park Island Shelter. Anyone wishing to go

should pick up tickets from the secretaries in the Physics Dept. before 5:00 p.m. Thursday, May 12.

There will be a meeting of the American Society of Civil Engineers on Tuesday May 10, at 7:30 p.m. in room 436 Mann Hall. The program will be on the subject of driven and cast-in-place piles. All members and interested students are invited to attend.

The following is a breakdown of the Commencement Fee paid by graduating seniors: Bach. gown and cap—\$2.83, Diploma—\$2.32, Diploma Holder—\$2.00, Seniors Reception, Senior Dance, Commencement speaker, programs listing graduates, and other costs for graduation exercises—\$1.32; Total—\$9.00.

The Forestry Club will meet this Tuesday night, May 10, at 7:00 p.m. A movie will be shown featuring a new technique in fire fighting.

Theta Tau Presents 'Regents' Award

Saturday night, April 30, Rho Chapter of Theta Tau, Professional Engineering Fraternity, held its annual spring picnic. At this picnic the Regents' Award of Theta Tau was presented to Douglas McBrayer, a senior in Ceramic Engineering, from Forest City, N. C. The award, a plaque, with the winner's name engraved on it, is presented to the senior who has contributed the most to the fraternity.

Student-Part-Time

Working evenings and Saturdays \$42.15 per week. Bondable character and car necessary. Write P. O. Box 1708, Raleigh, giving school schedule and telephone.

EUROPE MADE SIMPLE: No. 1

Summer vacation is just around the corner, and naturally all of you are going to Europe. Perhaps I can offer a handy tip or two. (I must confess I have never been to Europe myself, but I eat a lot of Scotch broth and French dressing, so I am not entirely without qualification.)

First let me say that no trip to Europe is complete without a visit to England, Scotland, Wales, Ireland, France, Germany, Spain, Portugal, Italy, Lichtenstein, Holland, Belgium, Switzerland, Luxembourg, Denmark, Sweden, Norway, Finland, Poland, Czechoslovakia, Latvia, Lithuania, Estonia, Russia, Greece, Yugoslavia, Albania, Crete, Sardinia, Sicily, Hungary, Romania, Bulgaria, Lapland, and Andorra.

Let us take up these countries in order. First, England. The capital of England is London—or Liverpool, as it is sometimes called. There are many interesting things to see in London—chiefly, the changing of the guards. The guards are changed daily. The old ones are thrown away.

Another "must" while in London is a visit to Buckingham Palace. Frequently in the afternoons Her Majesty the Queen comes out on the balcony of the palace and waves to her loyal subjects below. The loyal subjects wave back at the Queen. However, they only continue to wave as long as Her Majesty is waving. This of course is the origin of wave lengths from which we have derived numerous benefits including radio, television and the A&P Gypsies.

Be sure also when you are in London to visit the palace of the Duke of Marlborough. Marlborough is spelled Marlborough, but pronounced Marlboro. English spelling is very quaint but terribly disorganized. The late George Bernard Shaw, author of *Jo's Boys*, fought all his life to simplify English spelling. He once asked a friend, "What does g-h-o-t-i spell?" The friend pondered a bit and replied, "Goatee." Shaw sniggered. "Pshaw," said Shaw. "G-h-o-t-i does not spell goatee. It spells fish. Gh as in enough, o as in women, ti as in motion."

It must be remembered, however, that Shaw was a vegetarian—which, all in all, was probably a good thing. As Disraeli once remarked to Guy Fawkes, "If Shaw were not a vegetarian, no lamb chop in London would be safe."

But I digress. We were speaking of the palace of the Duke of Marlborough—or Marlboro, as it is called in the United States. It is called Marlboro by every smoker who knows flavor did not go out when filters came in. Be sure you are well supplied with Marlboros when you make your trip abroad. After a long, tiring day of sightseeing, there is nothing so welcome as a fine, flavorful Marlboro and a foot bath with hot Epsom salts.

Epsom salts can be obtained in England at Epsom Downs. Kensington salts can be obtained at Kensington Gardens, Albert salts can be obtained at Albert Hall, Hyde salts can be obtained at Hyde Park, and the crown jewels can be obtained at the Tower of London.

Well sir, now you know all you need to know about England. Next week we will visit the Land of the Midnight Sun—France.

And you also know all you need to know about smoking: Marlboro, if you want the best of the filter cigarettes—Philip Morris if you want the best of the unfiltered cigarettes.

We Congratulate
