The 'Weapon'

At Commissioning

General To Speak

Lt. Gen. Robert F. Sink, commanding general of the XVIII Corps at Fort Bragg and commander of the Strategic Army Corps, will be the principal speaker at the annual joint ROTC commissioning exercises in the William Neal Reynolds Coliseum at North Carolina State College Saturday (May 28) at 2 p.m.

During the ceremony, 92 cadets, including 66 Army ROTC cadets, 24 Air Force ROTC cadets, and two in the Marine Corps, will be commissioned as second lieutenants in their respective branches of the armed forces.

Dr. John T. Caldwell, chancellor of State College, will introduce General Sink. Col. L. W. Merriam, professor of military science and tactics at the college, will preside. The invocation and benediction will be spoken by Lt. Col. Johnnie L. Joyce of Garner, chaplain in the U. S. Army Reserve.

Oaths of office will be administered to the 92 new officers by General Sink, who will also present commissions to the graduating cadets.

General Sink, a native of Lexington, was graduated from the U. S. Military Academy in June, 1927, and commissioned a second lieutenant of infantry. During the period 1927-1941, he served with Infantry units in Puerto Rico, the Philippine Islands, and in the United States.

General Sink has completed courses at The Chemical Warfare School, The Infantry School, Ft. Benning, Georgia, and the National War College, Ft. McNair, Washington, D. C.

In 1941, he attended the Parachute School, Ft. Benning, and upon graduation was assigned to the 503rd Parachute Infantry Regiment, where he served as executive officer and later as commanding officer.

During World War II, he commanded the 506th Parachute Infantry Regiment in combat operations in the European Theatre of Operations. The 7th played an important role in the invasion of Europe and participated in the Airborne

phase of that operation.

General Sink became Chief of Staff, Ryukyus Command in 1949 and served in that capacity until 1951. At this time, he was assigned as assistant division commander of the 7th Infantry Division during combat operations in Korea in 1951 and 1952.

Upon his return to the United States in 1953, General Sink was made commanding general of the 7th Armored Division at Camp Roberts, Calif., and later was reassigned to command the 44th Infantry Division at Ft. Lewis, Washington.

In 1954 he was made Director of the Joint Airborne Troop Board, Ft. Bragg.

In August, General Sink will assume command of U. S. Army Force in the Caribbean.

General Sink has been awarded the Silver Star, Legion of Merit, Bronze Star Medal and Air Medal. Foreign decorations include French and Belgium Croix De Guerre, Dutch Bronze Lanyard, British D.S.C. and Korean Presidential Unit Citation. He is rated a Master Parachutist and has been awarded the Glider Badge.

Pershing Rifles Select Officers For Coming Year

Company L-4 of the Pershing Rifles elected officers for the 1960-61 school year in a recent meeting. James B. Jones will succeed P. R. Captain Robert W. Guffey as Commanding Officer for the group. The Executive Officer for the drill team will be Rod M. Richardson; Second Lieutenants will be Edward R. Lowry, Preston L. Hasson, Berry Mitchell, and Dale H. Strawn. The warrant officer will be Richard F. Hill.

A banquet was held on May 7, at which time the new officers were installed. Captain Purdy B. McLeod, advisor for the PR's for the past three years, was presented a gift from the company.

Blue Key Fraternity Elects Officers For 1960-61

At a meeting Wednesday, officers of Blue Key Fraternity for the 1960-61 school year were elected.

They are: President Robert B. Redmon, Jr., Asheville, Engineering Mathematics; Vice-President-Lad Daniels, Jr., Driver Virginia, Industrial Engineering; Secretary—Roger Mazingo, Snow Hill, Agricultural Education; Treasurer—Paul Leggett, Jr., Washington, N. C., Nuclear Engineering; and Corresponding Secretary—Ralph G. Edwards, Jr., Salisbury, Industrial Engineering.

Blue Key Fraternity has chapters in most of the major colleges in the United States. It is the only national leadership fraternity at State College.

College Union Installs First Coed President

Several awards were presented at the annual banquet meeting of the State College Union Tuesday night (May 17).

Clyda Weeks of Route 3, Raleigh was installed as the president of the College Union for the 1960-61 academic year, succeeding Stanley W. Timblin of Benson.

Miss Weeks, daughter of Mr. and Mrs. L. T. Weeks of Route 3, Raleigh, is the first coed ever to be named head of the College Union.

Other new officers installed were Alan Eckard of Hickory, vice president; and Frances Goodwin of Apex, secretary.

Life membership in the State College Union were awarded to 19 persons. They were:

Myron Gilbert Adams, Jr. of Raleigh; Charles William Brinkley, of Salisbury; Charles H. Gay of Charlotte; Thomas Robert Hay, Jr., of Andrews; Nicholas Ardito of Raleigh; Haden Edward Knox of Davidson; James Lynn May of LaGrange; Charles Wallace Selden, III, of Richmond, Va.; Allen Ray Overman of Pikeville; Ford Clarence Rowell of Rocky

U. S. Senator Ervin Speaks At SG Banquet

By Jim Page

The State College Student Government held its annual banquet last Friday night in the College Union Ballroom; the guest speaker for the occasion was United States Senator Sam J. Ervin, Jr.

After a dinner of roast turkey, candied yams, lima beans and strawberry shortcake, President-elect of the student body Bob Cooke introduced the special guests who were attending the banquet. These guests included Chancellor and Mrs. John T. Caldwell, Dean and Mrs. J. J. Stewart, Dr. and Mrs. Walter Seegers, Dr. and Mrs. Kingston Johns, Mr. Banks C. Talley, Mr.

Henry Bowers, Miss Alice Shirley and several other prominent campus leaders.

Following the introduction of the special guests, President Eddie Knox spoke a few words in connection with the work of Student Government during the past year. Knox stated that he had personally had a very profitable year, and that he thought that the work of all of the student government members had been outstanding throughout the past year.

Chancellor Caldwell, at the conclusion of President Knox's report, commended all Student Government members and stated that he had enjoyed working with the past officers throughout the year. With these remarks, Chancellor Caldwell presented the Student Government members their awards for the work they have carried out in Student Government during the past year.

Senator Ervin was introduced by Joel Ray, Chairman of the Honor Code Board. Senator Ervin, who hails from Morganton, N. C., spoke on several of the pertinent constitutional questions of this day and time. He stated that no man or set of men

can be trusted with supreme power. He stated that the laws of the land are checks and balances put on each facet of the government to keep one man or group of men from having a great deal of power. In conclusion Senator Ervin challenged all of the student government members to be interested in governmental matters and to take a big hand in them in the years to come. He also urged all of the members to stand up for and support the Constitution, which he said is the greatest document ever drawn up by man for the purpose of insuring government by the people and for the people.

At the conclusion of Senator Ervin's speech, Bob Cooke concluded the banquet by expressing his appreciation to the Promotions Committee for the work that it had done in getting the banquet ready.

Thus, the official duties of the Student Government members came to an end for another academic year.

For Wood Products

Governor To Dedicate New Lab

State College's new Brandon P. Hodges Wood Products Laboratory will be dedicated in formal exercises next Wednesday (May 25) at 2 p.m.

Governor Luther H. Hodges will make the dedicatory address for the \$250,000 structure.

Responding for the family of the late Brandon P. Hodges of Asheville, in whose memory the building is named, will be State Treasurer Edwin Gill.

Presiding will be Dr. John T. Caldwell, chancellor of State College.

Remarks will be made by Dr. Richard J. Preston, dean of the college's School of Forestry; Richard P. Gravely of Martinsville, Va., president of Gravely Furniture Industries and chairman of the School of Forestry's Wood Products Advisory Committee; and Henry A. Foscoe of High Point, president of the Globe Furniture Company and chairman of the Board of Directors of the Furniture Foundation, Inc.

The invocation and benediction will be spoken by the Rev. Oscar B. Woodbridge, Jr., coordinator of religious activities at State College.

Long a friend of State College, the late Brandon P. Hodges was a key figure in the development of several college facilities and programs, particularly in the fields of forestry, wood products, and a pulp and paper technology.

Hodges, who died in 1958, was a former Buncombe County Attorney, State Senator, chairman

of the Advisory Budget Commission, State Treasurer, counselor for the Champion Paper and Fibre Company, and secretary-treasurer of the Governor's Research Triangle Committee.

Hodges was a key figure in the development of several State College facilities and programs, particularly in the fields of forestry, wood products, and pulp and paper technology.

The new Wood Products Laboratory is the only research facility of its kind in the Southeast and is regarded as one of the most outstanding laboratories of its type in the nation.

The laboratory is equipped with scientific and analytical

equipment necessary for research in wood and wood products.

Basic objective of the laboratory, college officials said, will be a quest for knowledge about the properties and uses of wood.

A second objective will be to anticipate future needs of the wood-using industry and to conduct research designed to provide information required to meet industrial needs.

A third objective will be to develop the processes and techniques required to develop new uses for wood, improve old uses and to develop techniques for converting wood into other useful products.

Named for a key figure in the development of State College facilities, the Brandon P. Hodges Wood Products Laboratory.

EDITORIAL COMMENT

Gas Justified??

North Carolina State College's patriotic demonstration last Wednesday night in support of President Dwight D. Eisenhower's stand at the recent Paris Summit Conference brought nationwide publicity and reflected most favorably on the college. The demonstration had the support of the Raleigh Press, the Raleigh Radio, and the Raleigh Citizens.

The student march was corroborated by everybody except the Raleigh Police Department. The police tried to halt the demonstration through the use of tear gas and mass arrest.

Police Lt. Charles J. Atkins declared that the tear gas was used for public safety. Was the tear gas justified? The demonstration could have been halted without the use of tear gas, but the Raleigh Police Department seems to enjoy hurling tear gas at State College students.

The world crisis last week brought on this demonstration. This patriotic demonstration was heart warming to the people of the United States, as it reassured President Eisenhower's popular stand in Paris.

The incident which occurred between the police and the students is most regrettable. The students at State College conducted themselves in an orderly fashion and did not deserve the action that was bestowed upon them by the police.

The police, without a doubt, misused their lawful power. Relations between the Raleigh Police and the students have been improving in the past few years, but the action that was taken by the police in the demonstration left an unfavorable attitude among the students at State toward the police.

In a demonstration such as the one last Wednesday night, it is hard for law enforcement officers to know when and where to draw a line. The methods used in a demonstration are of utmost importance, as is the timing of these methods. Police officers never know what the next moment might bring. They must use their judgment to the best of their ability in controlling a demonstration.

The people at State College, the Alumni, the Raleigh citizens, and the people of the State of North Carolina did not feel that it was necessary for the police to use tear gas though. The police could have controlled the crowd without tear gas.

The students that planned and conducted the patriotic demonstration have been commended throughout the country. It has been a long time since the spirit at State College was as high as it was last Wednesday night. It caused one student to comment: "It's the greatest thing that has happened to State College since Everett Case brought big time basketball to the West Raleigh campus fifteen years ago."

The demonstration that happened last Wednesday night will be in the memories of all the students that participated forever, and in years to come, will go down in history as one of highlights in the history of North Carolina State College.

LITTLE MAN ON CAMPUS

"WELL, I'M GLAD TO SEE THEY'VE FINALLY DONE SOMETHING TO SOLVE THE STUDENT PARKING PROBLEM."

Student Govt. Protests Action

Title: A Protest By North Carolina State College Students of the Action Against Students by the Raleigh Police Department on the night of May 18, 1960.

Type of Legislation: Resolution.

To Whom Directed: The administration of N. C. State College and Chief of Police of the City of Raleigh.

The Student Government of North Carolina State College bitterly protests the unmerited action of the Raleigh Police Department in the attempt by the Police to halt through the use of tear gas and mass arrest a spontaneous patriotic demonstration by State College Students on the night of May 18, 1960.

We note with considerable shame that in a world tense with a real threat of thermonuclear war, as recent events at the "Summit" in Paris have led us to believe, the Police Force of our own college community of Raleigh must suppress a spontaneous expression of student opinion against the insults hurled by Mr. Khrushchev at President Eisenhower and our own nation and must suppress that student expression through the use of tactics not unlike those we might credit to Mr. Khrushchev. We have read of police suppression of student demonstrations in Korea, Turkey, East Germany, Poland, and Hungary but never believed it could happen here.

We challenge the statement by Police Lt. Charles J. Atkins that the student demonstration threatened public safety to such a degree that the use of tear gas was justified.

We also label as inexcusable the charges of illegal parading

and disorderly conduct placed against the thirteen students arrested by the Raleigh Police Department and ask that the charges be dismissed. The people of Raleigh might well note the serious state of world affairs at this date. A spontaneous patriotic demonstration during this period of world tension is at once heart warming and reassuring of a strong popular stand with President Eisenhower in Paris.

We do not believe that the action by the Raleigh Police in attempting to disperse the student demonstration on the night of May 18, has the support of the Raleigh Press, the Raleigh Radio, nor of Raleigh citizens. We further strongly feel that the authority who hastily ordered mass arrest of the student demonstrators and the use of tear gas to disperse the students "bungled" in his administration of public duty.

NOTICE

The three issues of The Technician this week mark the end of publication for the State College newspaper this year. Deadlines will be arranged as follows: for the Wednesday issue, all material should be delivered to The Technician office by 7:00 p.m., Tuesday night; for the Thursday paper, the deadline will be 7:00 p.m., Wednesday night.

All students interested in filling positions on the newspaper staff for the next school year should come by the office either Tuesday or Wednesday evening at 7:00 p.m. It is important for those persons to contact The Technician before the end of the school year, so that the positions on next year's staff can be worked out over the summer holidays.

Letters to the Editor

Student, Raleigh Citizen Blast Police Action

To the Editor of The Technician:

I would like to register an indignant protest over the way the recent Patriots March was handled by the Raleigh City Police. That they overlooked the very worthwhile purpose of the March and treated it as mere student riot will, I'm afraid, long remain a blot on the Department's reputation.

My protest deals in particular with three incidents which occurred during the course of the March: (1) the use of tear gas, (2) the insulting and provocative attitude of some of the members of the force, and (3) the final break-up of the March.

1. Lt. Adkins has publicly stated that the tear gas was used "in the interests of public safety". In a newspaper article it was further officially observed that the streets were full of pedestrians, and that there were a number of cars also on the streets. Under the conditions of the March both pedestrians and drivers were excited. Now I ask how it could be possibly be "in the interests of public safety" to suddenly blind both pedestrians and drivers with tear gas.

A number of family cars which had joined the March through misadventure or on advice of the appeal broadcast through the facilities of on the spot coverage were unfortunately caught in the gas, and I feel assured there will be some protests from parents whose children were needlessly subjected to this treatment.

As a final point, let it be noted that the tear gas was used long before the rally had progressed from a meaningful patriotic rally to the note of discord upon which it finally ended.

2. The second point is a very delicate one to broach since I am not sure how much I may say without fear of reprisal.

As the rally ended, several students on their way back to college stopped by to speak to some of their friends who had been arrested and were being detained in the back seat of a police car. There was absolutely no rowdiness among the students. Some asked the three police at the car why the students had been arrested, and the three mumbled something about "more than 25 in a crowd." Then the three policemen became quite belligerent and began to ask if any of the students present had been in the March. An affirmative answer would have been very ill advised as the policemen made it evident by their actions that an admission of this sort would have entitled anyone who so answered to a seat in the back of the police car. When, wisely, none of the students would admit their complicity, the policemen became very derisive and asked if the students were afraid to admit their participation and advised

the students to return home to the protection of their mother's skirts.

I'm sure a certain amount of zeal for law enforcement can be laid to the state of excitement which the policemen were evidently in. I'm equally certain that their uncalled for attitude is a reflection on their training in handling a crowd of the type which marched to Capitol Square. Stooping to individual name calling when they should have been trying to control the overall situation is a mark of inadequacy in their preparation for a police job.

3. The final issue is the abandonment with which the police arrested citizens as the rally was finally broken up at the Square end of Fayetteville Street. It must be through sheer luck that they managed to pick-up only those involved in the March if, indeed, no innocent bystanders were arrested. As a citizen of Raleigh and the United States, I must protest at such indiscriminate misuse of lawful police power.

Last Wednesday night's Patriot's March was a sign of the times, and it is regrettable that the police did not recognize it as such and allow leniency if such had been necessary. The March was in answer to a direct appeal published Wednesday on the front page of both Raleigh papers for the citizens to show their backing of President Eisenhower in this time of grave international crisis. I'm sure that had the police considered the purpose rather than the origin of the March, the whole affair could have been much more meaningfully managed.

Jeter O. Barker, Jr.

To the Editor of The Technician:

It's too bad some of the boys at State College scared our Raleigh Police into throwing tear gas, or perhaps they didn't scare them at all. Could it be that the students tried to take away the red peppermint candy sticks that our wee little men in blue were eating, or did they try to take away their jaywalking tickets? This incident reminds me of a story about a nervous old maid who got so flustered whenever an eligible man looked at her that she finally cracked and had to be sent to a mental institution. I would like to repeat one of the students in a slightly different manner—"Carry a big stick boys."

"B. C." Goes To College!

FIRST INTERCOLLEGIATE SPORTING EVENT: CAME PACKING.

Entertainment Unlimited

Alton Lee

By Alton Lee

Well, there haven't been too many threatening letters in regard to the "Alton Awards" which were presented here two weeks ago. Maybe, that's because no one read the column.

We've reached the end of another semester and another year of this column. A column such as this requires the cooperation and help of a host of individuals.

Besides a more than competent editor which the *Technician* has found in Jim Moore, there has been an excellent staff this year. It has been my enjoyable experience to note that the paper improves with each passing year. Here's hoping it will continue to do so.

I'd like to thank a few of the many people who helped me do this column other than the best newspaper staff that any school could hope to have—namely that of this newspaper.

Some of these people helped

by criticizing, offering suggestions, loaning me paper and the use of a typewriter, requesting material on certain people or things in the world of entertainment, or just saying, "I enjoyed your column."

I am grateful to all of them: Mr. and Mrs. Sembower who had much to do with the selection of books for this column; Henry Hobbs, manager of the Varsity who furnished us with much of the movie material; our critics such as Janet Hicks, Jerry Ridling, Robert Springle, Claude Jones and Anne, his wife, Bob Dupree, and so many more that space limits mentioning.

As for the radio show, credit should be given to Jim and John Myhre, Kent Watson, Mickey Averette, Eddie Booker, Dave McCurdy, Carol Norwood, Dan Careva, Fred Cox, Ray McCrary, and any others who contributed to the success of the program in any way.

I hope that this shows the

reader or listener that even a column or program as humble as "E. U." requires the untiring effort and work of a lot of people. Imagine what it's like when one gets on a really elevated scale, the syndicated columnist or the coast to coast radio program.

The coming of summer will mean more entertainment than ever. Swimming, golf, some excellent movies, reruns, (Don't forget the *Perry Mason* ones which will include William Tallman!) beach parties, much more reading with all the leisure hours, etc., etc. Take advantage of the situation and make the most of it.

As a columnist—well, something of one anyway—I have derived a world of pleasure in doing this column for you, the reader. If it has achieved anything in helping you consider certain items of the entertainment world, or if some of the opinions expressed have made you ill with anger, or if you'd even managed to agree with some of the thoughts mentioned, then, my purpose has been reached.

I thank each and every reader for the time spent pondering the words and thoughts which have appeared here each week. I also would like to thank the Students' Publication Board for the key recently presented to me for "meritorious service". It would have been impossible were it not for the wonderful board of publications that exists on this campus. It will always hold a special place in my memory. Long may it reign.

Here's wishing all of you a pleasant summer.

Survey Reveals Bright Job Prospects

Job prospects facing State College's 1960 graduating class, totaling 1,225 students, are brighter than ever before, a survey of placement activities revealed today.

Salaries are higher than in previous years, and there is a wider range of jobs open to the graduating seniors.

State College operates six degree-granting schools—the Schools of Agriculture, Design, Education, Engineering, Forestry, and Textiles.

In the School of Textiles, G. H. Dunlap, director of the Placement Bureau and chairman of the Scholarship Committee, said starting salaries for both the textile graduates, including textile chemists and technologists, hit a new all-time high this year.

Director Dunlap said that starting salaries range from \$425 to \$700 per month and that average starting salary is \$480 per month.

The School of Engineering's placement office said average starting salaries for engineering graduates will be better than \$500 this year. A complete tabulation of the engineering job offers was not available this week, but the preliminary report showed the offers range from \$500 to 565 per month.

Dean Henry L. Kamphoefner of the college's School of Design said starting salaries for the design graduates, including those who are completing their studies in architecture and landscape architecture, are from \$10 to \$25 higher per month than last year. The range last year was from \$375 to \$450.

Dr. J. Bryant Kirkland, dean of the college's School of Ed-

ucation, said that his school has more graduating students than ever before in the history of the college and that a rosy employment situation is confronting the graduates.

Starting salaries range from \$3,200 to \$6,200 a year, depending on the type of work which the seniors are accepting. Despite a salary differential, most

of the graduates, he said, have elected to remain in North Carolina although interviewers and job offers have come from many sections of the United States.

Officials of the School of Forestry said starting salaries range from \$4,800 to \$7,000, depending upon the curriculum. The number of job offers hit an all-time high this year.

TILL WE MEET AGAIN

Today I conclude my sixth year of writing columns for the makers of Marlboro and Philip Morris cigarettes. It has been my custom during these six years to make no attempt to be funny in this final column. (I have achieved this objective many times during the year also, but never on purpose.) The reasons for the lack of levity in this final column are two: first, you are preparing for final exams and, short of holding you down and tickling you, there is no way in the world to make you laugh at this time; and, second, for many of us this is a leave-taking, and leave-takings, I think, ought not be flippant.

If I have brought you a moment or two of cheer during the past year, I am rewarded. If I have persuaded you to try Marlboro or Philip Morris cigarettes, you are rewarded.

Let me pause here to express my heartfelt gratitude to the makers of Marlboro and Philip Morris. They have given me complete freedom in the writing of these columns. There has not been the slightest hint of censorship. They have never changed so much as one comma in my copy. I wish to take this occasion to state publicly that I am forever grateful to these enlightened tobaccoists and I hereby serve notice that if they find it in their corporate heart to engage me for another year of columning, I shall require a substantial increase in salary.

The money is not what matters—not as money, that is, but only as a token. I want to be assured that they love me as much as I love Marlboro and Philip Morris. And what, indeed, is not to love? Marlboro is a cigarette which proves beyond cavil that flavor did not go out when filters came in. Philip Morris is a cigarette that is pure mildness from lip-end to tip-end. Both of these estimable smokes come in soft-pack or flip-top box. Neither is ever sold in bulk.

The summer lies ahead. For underclassmen summer will be a hiatus, a breather in which to restore yourselves for next year's resumption of busy college life. For seniors there will be no more college. You must not, however, despair and abandon yourself to idleness. There are other things to do in the world besides going to school—basket weaving, for example, or building boats in bottles, or picking up tinfoil, or reading "War and Peace." Many graduates fall into the erroneous belief that their lives are over when they leave college. This is not so. It is possible to make some sort of life for yourself with a bit of ingenuity . . . or, if that fails, dye your hair, change your name, and enroll at some other college.

Whatever the future holds for you, be assured that the makers of Marlboro and Philip Morris join me in wishing you the best of everything. We have taken great pleasure—the makers and I—in bringing you this column each week throughout the school year. We hope a little pleasure has accrued to you too.

May good fortune attend your ventures. Stay happy. Stay healthy. Stay loose.

© 1960 Max Shulman

We, the makers of Marlboro and Philip Morris, can only echo kindly old Max's parting words. Stay happy. Stay healthy. Stay loose.

Alumni Seek Posts In June Election

In a mail election now underway, State College alumni are voting for candidates seeking nine key offices in the college's General Alumni Association.

Ballsot have been mailed to all active alumni, and the polls will close at 5 p.m. Wednesday, June 15.

Running for the presidency of the association are John L. Morgan, Jr., '41, vice president of the Pacific Mills Division of Burlington Industries, Inc., Halifax, Va., and Roy H. Park, '31, president of Agricultural Advertising & Research, Inc., and vice president and general manager of Hines-Park Foods and Hines-Park (Canada) Limited, Ithaca, N. Y.

The candidate receiving the highest number of votes will become president of the association, with the runner-up as vice president. Richard L. Rice of Raleigh is the current president of the association.

Seeking the post as an alumni representative to the Athletic Council are G. E. Jackson, '35, Washington, N. C.; and Elbert F. Lewis, '18, Greensboro.

Running for a one-year unexpired term on the board of directors are Kermit E. Austin, '32, Clinton; and Robert A. Grimes, '31, Hickory.

Ten candidates are in a contest for five places on the as-

sociation's board of directors. They are Thomas S. Cornwell, Jr., '42, Clinton; Robert G. Critz, '44, Kannapolis; Isaac P. Duncan, '36, North Wilkesboro; George T. Gardner, '34, New York City; Howard H. Gordon, '19, Richmond, Va.; Fred Jones, '33, Winton; Walter T. Smith, '29, Newport News, Va.; Columbus E. Vick, '25, Wilmington; John D. Wallace, '21, Charlotte; and J. Roscoe West, '36, Statesville.

Awards Night Set For Tuesday

By Earl Mitchell

The annual intramural sports award assembly will be held this Tuesday night in Frank Thompson Gymnasium at 7:00. In addition to the awards listed below there are several others that will be announced Tuesday night.

The Intramural Service Award and the John F. Miller award will be given out at this time as well as the Best Athlete Award in the dormitory and fraternity divisions. The Best Athletic Director award will also be awarded Tuesday night to the outstanding directors in the fraternity and dormitory divisions.

All boys who are to receive awards at the presentation program are asked to be present. The following is a complete list of all persons who are to be given awards Tuesday night except the awards mentioned above.

Rams Club Grabs Third AAU Track Title

The Winston-Salem Rams Club won their third consecutive AAU track title here Saturday night. The Rams piled up 47 points which was four better than the next two teams.

North Carolina AA and Piedmont Athletic Club tied for the second place honors with 43 points apiece. North Carolina College was in fourth place with 21½ points. Duke AA was next with 13 points and they were followed by the Wolfpack Club with 7 points. Wake Forest AA scored 3 points while Fayetteville State had 2 points.

Six Carolinas AAU marks fell during the meet which saw many outstanding performances. New marks were set in the hop, step and jump, broad jump, shot put, the 440, the mile run, and the three mile run.

The feature races of the meet were the 220 and 100 yard dashes. Dave Segal placed first in both of these events with times of 20.8 and 9.8 respectively.

The Wolfpack Club had a tie for third in the broad jump, a fourth place in the discus, a third in the pole vault, a fourth in the 440, and a fourth in the 220 low hurdles.

Going into final event, the mile relay, the outcome of the meet was still in doubt. North Carolina College won the event while the Rams placed third behind the Piedmont Athletic Club.

TEAM SCORES

Winston-Salem Teachers	47
North Carolina A.A.	43
Piedmont A.C.	43
North Carolina College	21½
Duke A.A.	13
Wolfpack Club	7
Wake Forest A.A.	3
Fayetteville State	2

Fogleman Wins Golf Tournament

Max Fogleman is the N. C. State Pitch and Putt champion for 1960. Fogleman won the title by passing John Booker in the final round of play.

Fogleman posted a 157 total for 54 holes while Booker was four strokes behind at 161. In the first flight, Sam Estridge edged past Alett Hunnicutt for the title with a 163 total which was one stroke better than Hunnicutt's 164.

The second flight featured another close battle. George Kaleel posted a score of 177 to take top honors in the second flight. Right behind him at 178 was James Aym. Charles Shakelford won top honors in the third flight with a 183 total. Tom Hand was second in the third flight at 187.

Pictorial Record of Demonstration

Thursday night, students who were incited by television coverage of a mild demonstration against the methods which police used in their attempt to break up the Wednesday night "To Hell with Khrushchev" demonstration, poured out of their dormitories and rooms to add to the numbers of onlookers.

As a whole, this demonstration was quiet and all that was accomplished was the chance of booing a few policemen and turning in a false fire alarm.

Rip 'em up,
Tear 'em up . . .

Concerning 'Riot' College Leaders State Views

Editors Note: Below are statements released to The Technician concerning the student demonstration last Wednesday. The opinions are expressed by officials from the administration and student government.

John T. Caldwell, Chancellor
North Carolina State College

The first and most obvious thing to say is that "it's spring!" The second thing is that I am always proud of students when they manifest an awareness and a real concern about the political and moral issues of their world.

North Carolina State College has enjoyed and appreciated the splendid cooperation of the Raleigh Police Department.

Judgments from one side are not helpful and are inevitably tinged with bias. Reports made to me this morning together with a conversation with Chief Tom Davis lead me to make this observation: the conduct of an exuberant group of college students, fired up with the spirit of a demonstration, is apt to spill over tolerable boundaries from the viewpoint of officers charged with responsibilities for safety and order. And police officers, never sure what the next moment will bring, must use their best judgment as to when and where to draw the line and not always is their timing infallible.

It is hardly possible in the America of cities and colleges to avoid an occasional spring-time incident, some of which will be regrettable.

The College officials and City officials here will, of course, continue our traditional efforts to maintain a relationship characterized by understanding and mutual helpfulness.

J. J. Stewart, Jr.
Dean of Student Affairs

The Division of Student Affairs at North Carolina State College believes that students should be commended for an interest in international affairs. We regret the unpleasant incident last night involving the Raleigh Police Department. Relations between the students at State College and Raleigh Police have been improving steadily for a number of years and we trust this improvement will continue.

Eddie Knox
President of Student Body

It is my understanding that the objective of the demonstration was to indicate student support and concern of the United States' position in international affairs. In my opinion, such a

demonstration had a very significant purpose in view of the present world crisis. I feel confident that the idea of a demonstration originated with the sole purpose of revealing such support, but through a constructive and responsible manner.

I regret that such a purposeful effort resulted in an anti-climatic affair.

The responsibility of law enforcement officers, when and where to draw the line, in such a demonstration is great. Nevertheless the methods used and timing is of utmost importance. I regret very much that the police department felt it necessary to use tear-gas in breaking up what apparently was a responsible and purposeful demonstration.

North Carolina State Student Affairs Bulletin

ANY STUDENT WHO IS ABSENT FROM A FINAL EXAMINATION must get an excuse from the Student Activities Office, 206 Holladay Hall. This excuse must be presented to the teacher concerned before a make-up examination can be given. Excuses will be given only for justifiable reasons which must be supported by written evidence. A student who fails to get an excuse will have his grade recorded as an F. This announcement does not apply to students who will graduate on May 29.

ALL GRADUATING STUDENTS WHO HAVE NOT RECEIVED A LETTER OF INSTRUCTIONS concerning the graduation exercises on May 29th, please pick one up at 206 Holladay Hall before Thursday, May 26th.

1960-61 FINANCIAL AID APPLICATIONS—Applications for loans and/or grants-in-aid should be submitted now for the greatest convenience to the applicant and to the Financial Aid Office. Forms available at 207 Holladay Hall. Freshmen who received Talent For Service one-year awards should make reapplication for continued assistance.

DORMITORY ROOMS FOR FIRST SUMMER SESSION 1960 — Students who have submitted room applications are reminded that the rent must be paid to the Business Office by May 27th in order to reserve the room applied for. Unpaid room applications will be cancelled after this date.

AGROMECKS are being distributed in Room 313, 1911 Building, between the hours of 9 and 12 a.m. and 2 to 4 p.m. Monday through Friday.

SHORT-TERM LOANS — Letters have been mailed to students to remind them that all short-term loans must be repaid during this period. "Holds"

must be placed on all records and on diplomas of delinquent borrowers.

1959 GROUP LEADERS (students who served last September)—Your Student Government Certificate of Commendation may be picked up at 104-A or 106-D Bragaw Dormitory.

OUTSTANDING TRAFFIC TICKETS—Students having outstanding traffic tickets on file at the Traffic Office, 107 Pullen Hall, must clear accounts before being permitted to re-register. Students in doubt as to whether they have traffic tickets should check with the Traffic Office. Students desiring to make an appeal to the Student Government Traffic Committee should plan to do so Mon., May 23, at 12:00 in 109 Pullen Hall. This will probably be the last opportunity to appear before the Appeals Committee this semester.

MEDICAL AND DENTAL APTITUDE TESTS—Information about both these programs is available at 201 Holladay Hall. Next administration of the Medical Aptitude Test: October 29, 1960 (application deadline October 15, 1960); Dental Aptitude Test: October 14-15 (application deadline, September 30, 1960).

WOMAN GRADUATE STUDENT between the ages of 25 and 45, fluent in either German or Italian, may serve abroad as leader of small group of American travelers this summer. 207 Holladay Hall.

FOLLOWING ITEM MISSED INCLUSION IN ACTIVITIES NEWS-LETTER—Any students interested in the formation of a student "Nixon For President Club" should write Mr. Roger Coleman, National Office of Students for Nixon, P. O. Box 7398, Washington 4, D. C.

THE STUDENTS SUPPLY STORES will be closed the week of June 6th through June 12th.
