Dr. Brooks James Named Dean Of School Of Agriculture

Appointment of Dr. H. Brooks James, veteran member of the State College faculty, as dean of the college's School of Agriculture was announced Monday by Dr. John T. Caldwell, chancellor of the institution.

Dr. James will succeed Dr. D. W. Colvard, who has resigned to become president of Mississippi State University, effective July 1.

A native of Oakboro, Stanly County, Dr. James has been director of instruction in the State College School of Agriculture since August 1, 1957, and a member of the college faculty since 1939. He is well known throughout North Carolina and the nation.

The new dean is chairman of the college's Athletic Council and president of the Atlantic Coast Conference.

In addition to more than 20 years of teaching and administrative duties at State College, Dr. James has served as a visiting lecturer at Harvard University, the University of Connecticut, the University of Georgia, and the University of Arkansas.

Dr. James' appointment was approved by the executive committee of the Board of Trustees of the Consolidated University of North Carolina at a meeting at Woman's College in Greensboro today (Monday, May 23).

In announcing the appointment, Chancellor Caldwell declared:

"Dr. Brooks James meets fully the professional and personal standards required of our great School of Agriculture. Each of the succession of splendid Deans has brought with him important and particular qualities which have brought the School to a position of eminence. Dr. James' superb intellect, his thorough comprehension of North Carolina's agricultural economy, his proven competence

as an administrator in the School, his splendid record of experience in all three of the major divisions—research, instruction, and extension—and finally his love of his native State promise for us an eminently successful performance in the Deanship. We are fortunate indeed."

As dean of agriculture, Dr. James will direct a program of teaching, research and extension that reaches every county in the State.

Teaching responsibilities in the School of Agriculture are carried out by 15 academic departments on the campus. Research is conducted both on the campus and at 16 branch agricultural experiment stations. Agricultural and homemaking

information is carried to the people of North Carolina by agricultural and home economics agents located in each county.

Dr. James earned his B.S. degree in agricultural education from State College in 1932, his master's degree in agricultural economics from N. C. State in 1940, and his Doctor of Philosophy Degree in economics from Duke University in 1949. He did post-doctoral study in economics at the University of Chicago in the fall of 1949.

Following his graduation from State College in 1932, Dr. James spent a year as a farm manager in Oakboro and taught agriculture in the Knightdale High School, Wake County, during the 1933-34 school year.

During 1934-35, he was assistant farm agent in Cleveland County for the State College Agricultural Extension Service and served as county farm agent in Montgomery County for the Extension Service from 1935 to 1938.

In 1939, he was appointed assistant farm management specialist for the Extension Service at State College and was promoted in 1940 to farm management specialist, serving in the

latter capacity until 1942.

From 1943 to 1944, he was agricultural economist for the U. S. Department of Agriculture's Bureau of Agricultural Economics in the Southern Region and returned in 1945 to State College, where he was placed in charge of farm man-

(See NEW DEAN page 4)

Toastmasters Cite Officers

The State's Men Toastmasters Club held its annual dinner in honor of its new officers Thursday, May 19.

New officers are President John K. Whitfield; Administrative Vice-President Thurston J. Mann; Educational Vice-President Bradford Johnson; Treasurer Donald J. McGurk; Secretary Charles W. Williams; Sergeant-at-Arms Nash Winstead.

Awards were given to Thurston Mann, Henry C. Cooke, Lauren W. Merriam, Joseph E. Hardee.

Retiring President H. M. Nahikien was presented a Past-President Plaque by the club.

Dean Hickman Cited At General Studies Meet

Dean C. Addison Hickman, who has announced his resignation from the deanship of the School of General Studies at State College to accept a professorship in economics at the University of Southern Illinois, was honored this week at the final meeting of the School which he has administered for the past five years.

In a special ceremony presided over by Prof. Charles Kolb, a member of the Department of History and Political Science, and chairman of the School faculty, Dean and Mrs. Hickman were presented a silver punch bowl and 12 cups in appreciation of the dean's outstanding service to the school and to the

college.

A resolution introduced by Professor Kolb outlined the significant contributions that Dean Hickman had made as a former head of the Department of Economics, as dean of the School of General Studies, and as chairman of the Long Range Planning Committee.

ROTC Modifications

For the 1960-61 school year the Army and Air Force ROTC programs at North Carolina State College will be modified as follows:

PRESENT REQUIREMENTS:
BASIC COURSE—(Required for all Freshmen and Sophomores)
Army
2 hours drill per week
1 hour class per week
2 hours class per week
credit = 2 hours per semester

REVISED REQUIREMENTS:
(Effective 9/1/60)
Army
1 hour drill per week
1 hour class per week (Fall semester)
2 hour class per week (Spring semester)
credit = 1 hour per semester

ADVANCED COURSE—(Effective for qualified Juniors and Seniors)

Army
2 hours drill per week
4 hours class per week
credit = 3 hours per semester

Air Force
1 hour drill per week
2 hours class per week (Fall semester)
2 hours class per week (Spring semester)
credit = 1 hr. each Fall sem., 2 hrs. each Spring

Advanced students must each year take one 3-hr. regular college course from a list approved by the Army ROTC Dept. from the areas of: Effective Communication, Science Comprehension, General Psychology, Political Development and Political Institutions.

Army
2 hours drill per week
4 hours class per week
credit = 3 hours per semester

Air Force
1 hour drill per week
2 hours class per week (Fall semester)
2 hours class per week (Spring semester)
credit = 1 hr. each Fall sem., 2 hrs. each Spring

Advanced students must each year take one 3-hr. regular college course from a list approved by the Air Force ROTC Dept.

Present credit will be allowed for those students now enrolled in either the Basic or the Advanced Course. New rate of credit will apply for students entering either the Basic or the Advanced Course after September 1, 1960. Uniform allowance and compensation for Advanced Course cadets will be the same as at present.

Summer camp between the Junior and Senior years for the Advanced Course will be required as at present.

Freshman Receives Air Force Academy Appointment

Thomas M. McNish, 18, a freshman student at N. C. State College, and son of Mr. and Mrs. E. M. McNish of Franklin, N. C. has received an appointment to the U. S. Air Force Academy, Colorado Springs, Colorado, effective 27 June 60, it was reported today by Colonel Robert C. Paul, Professor of Air Science.

McNish is a graduate of the Class of 1959 from Franklin High School. He was a member of the High School Band for two years.

Cadet McNish is also a member of the crack drill team at State, the Marching Airmen. He is a radio announcer for WKNC at the college during his spare time.

The Academy appointment was received through U. S. Representative David M. Hall (deceased), of the 12th Congressional District.

Freshman Prepares For Exams

Campus Crier

Lost: Valuable Sigma Chi (EX) Fraternity pin and guard in the vicinity of Owen Dorm. This pin is in the shape of a white cross. Finder please contact John Cameron, 152 Owen or TE 3-3447.

The Senior dance will be held in the College Union on Saturday May 28, at 8-12 p.m. Coats and ties are required and the admission is free. All seniors are invited to attend.

All students interested in trying out for the cheerleaders squad for next year, please report to room 124 in the Coliseum at 5:00 p.m. on Thursday, May 26, 1960.

Art Hoch receives award from Jay Brame, Editor of The Technician, for outstanding service to intramurals at State College for the past five years. Hoch also received a check for \$75 in addition to his cup. (Photo by Hoey)

For Intramurals

Art Hoch Honored

By Earl Mitchelle

Art Hoch, who has been the intramural athletic director at State College for the last 12 years, was given a special award for his outstanding work in the intramural program. Mr. Hoch received a silver cup and a check for \$75 from Jay Brame, editor of the Technician at intramural awards night on Tuesday.

Brame was the chief representative of a group that felt that Mr. Hoch should be rewarded for his fine work with the State intramural program and sponsored the award. The award came as a complete surprise to Mr. Hoch, who termed the award

as one of the finest gestures that the State students have made since he has been in the athletic department at State.

Other top awards included the trophies for the outstanding athlete on the college campus in both the dormitory and fraternity divisions. Gary Bullis of Bragaw was selected as the outstanding athlete in the dormitory intramural athletic program. Bullis participated in nine sports and was selected all-campus in one of these sports.

Bruce Hoadley of Sigma Chi was designated as the outstanding athlete for the 1959-60 intramural season in the fraternity division. Hoadley was selected as an all-campus athlete in four sports during the past year.

Curt Eberly was selected as the most outstanding athletic director in the dormitory division for the 1959-60 season. Eberly directed the athletic program of Bragaw Dormitory, the dormitory that was selected as the grand champion according to the number of points that were accumulated during the entire intramural season.

Jim Wood was selected as the outstanding athletic director in the fraternity division on the basis of his outstanding work in promoting athletics at the Sigma Chi fraternity. The Sigma Chi teams won numerous championships during the intramural season of this past school year. The John F. Miller award went to Sam Brummitt of Tucker Dormitory for his service in the intramural circles for the past four years. The award is named for the founder of the highly successful intramural program here at State College. The dormitory sportsmanship award went to the teams of Bagwell Dormitory.

Paul H. Derr, N. C. State track coach, acted as master of ceremonies for the annual presentation of intramural awards.

EDITORIAL COMMENT

A Tribute...

Last night was the Annual Awards Night for the Intramural Department at State College. Many awards were given to students for their outstanding work in intramural athletics.

The biggest award of all though was given to Mr. Arthur M. Hoch, director of intramural athletics. Art received this award for his outstanding service to the intramural program for the past five years.

The intramural program at State College is the best in the southeast. The equipment that is used, the fields that are played on, and the keen competition that is found between the different organizations help make the intramural program superior to any. If there are any doubts in anybody's mind about the intramural program being the best, there will definitely be no doubt when the new two-and-half million dollar gymnasium is opened next fall.

Art has made the intramural program what it is today. He has spent countless hours in trying to give the students the best. And give them the best he has. Any student on campus that knows Art holds the highest respect for him.

The trophies that were given to the students last night were the best. Again, Art took care of securing the best for the students.

Approximately a month ago, this editor felt that it was time Art received credit for a job that he had done very well. With the help of all the organizations that competed in intramural athletics this year, money was raised to purchase Art a sterling silver cup. There was more than enough money raised. All the money that was raised over the price of the cup was presented to Art.

Sometimes people wait a long time before they receive recognition for the work that they have accomplished. This applies to Art. He had waited five years without receiving any recognition for a job well done before last night.

Last night was the Annual Awards Night. But it could just have easily been called Art Hoch Night. To show him how much they appreciated him, the students gave Art Hoch a five minute standing ovation for his service. A man well deserving... that's Art Hoch.

—JB

Rambling 'Round

By Harvey Horowitz
A friend of mine told this interesting tale about M and O: It seems that he left a suitcase in his car overnight, and it was stolen. He thereupon called up the campus security force to report the theft and to find out what his next step should be. A gruff voice answered, and after hearing the details gave my friend four short words of advice: 'Call a city cop!'

I was both highly surprised and highly pleased when I heard about our recent Protest March. You see, I can remember the days when a State student who claimed any knowledge of current events (other than athletic ones) was the exception rather than the rule. There have been many impromptu trips down town in anticipation of, or following, basketball games, but I believe this is the first time State students have ever made such a gesture with serious intent.

There is really no point in commenting on the 'gassing' incident; everything has already been hashed over quite well by the press. It should suffice to note that accidents can happen—and let us remember that Raleigh policemen are not to be expected to have as good a sense of judgment as we engineers!

As graduation time rolls whether you will recognize the

around again, it is fun to look back over the past years and see just what stands out:

Remember that unbeaten football season... and the three times in a row we beat Carolina in football—on their field? And of course there was the Dixie Classic where State and UNC beat the top-ranked team in the nation on successive nights! And back in the Ron Shavlik era, there was the time when Vic Molodet scored two field goals in the final four seconds of the Wake Forest game to tie the score as State eventually won in overtime.

Remember when Bragaw was just a hole in the ground where Verville used to be, and how its first occupants came to school only to find that they could not move in! For years there was agitation for married student housing and for a 'fraternity row', and now we are getting both of them.

Do you remember when streets and sidewalks were almost completely unpaved? I lost a roommate into the mud once—never saw him again!

Once they played baseball where the new gym will be, and soccer where the new 'mop-up' stands, and there used to be grass on Oak Field instead of asphalt.

And do you wonder, as I do,

LITTLE MAN ON CAMPUS

WHEN MY STUDENTS EXTEND THESE EXTRA LITTLE COURTESIES YOU CAN BET WE'RE GETTING PRETTY CLOSE TO FINALS.

Greeks On Campus

By Bill Marley

This will be the last of two years' effort toward bringing to State's fraternity men some news of "Greeks" (Activities) on Campus. The column could have been much better as all things of human endeavor.

I understand Ed Puckhaber will be writing a column of this nature next year. Ed's a very capable fraternity man, but no matter how capable he is, he will need that co-operation I have asked for the last two years. I am very much in favor of having the I.F.C. ask each fraternity to appoint one man per house to make a weekly report to the fraternity editor.

This would ease his situation and make for more thorough and interesting reading while giving those potential fraternity men on campus to see just what both our social and business life consists of.

I thank those men who have helped me by furnishing information as source material, for without them, there would have been even less to write about. I can't apologize for anything I lack in creative writing ability and with that I will wish Ed Puckhaber and next year's Technician Editor, Jay Brame, the best of luck and may their long hours into the night not go unnoticed or unappreciated.

old place if you return in a few years?

As you can see, this column has turned out to be rather much of a farewell epistle. If I got a few people to notice what should be noticed, once in a while, and if you had as much fun reading this thing as I had throwing it together, then I am satisfied.

How I pity whoever writes this thing next year—suppose M and O doesn't make any mistakes!

Students Review Professors' Books

By Scooter Jordan
The Ignorant Armies by E. M. Halliday, professor of Social Studies at North Carolina State College, is a very enlightening piece of literature concerning the mysterious war between the Allies and the Bolsheviks that began in the waning days of the first World War.

The author presents the details of the major battles in a vivid and realistic manner, and the leaders of both forces are described, criticized, and praised for their decisions and military know-how.

As stated by Mr. Halliday, "American soldiers knew neither what they were fighting for or when to expect the war to cease. Their morale was desperately low due to ill relations with the British, very bad climatic conditions, and little or no known purpose in fighting."

Mr. Halliday explains this war within a war from both the Allies' and the Bolsheviks' point of view. When the Bolsheviks began to invade surrounding territories and countries, the Allies, consisting of the United States, Britain, and France, intervened to supposedly aid Czechoslovakia and the White Russians in their fight for freedom.

Throughout the book there is a major conflict between Allied forces, the common soldier, the commanding generals, and the administrations of each component of the Allies. The pathetic and ignorant battle movements along with the miraculously successful campaigns are all presented in detail. The book ends rather dramatically in a maze. The author properly titles the next to the last chapter "the end of something", as none of the involved parties knew exactly what had begun or ended.

Although this book should make very interesting reading for the old and the young alike, it should prove to be exceptionally interesting to the young men of today. Mr. Halliday has done an excellent job in collecting and presenting this information about a subject that faces each of us. North Carolina State College can truly be proud of Mr. Halliday in its endorsement of *The Ignorant Armies*.

The South Builds, New Architecture in the Old South is the title of Edward and Elizabeth Waugh's new book written in collaboration with Dean Henry L. Kamphoefner of the School of Design. The Authors have assembled the best works of Southern Architecture that illustrate the use of new ideas and technology.

The book is prefaced by an excellent historical review of the significant examples of the Southern architectural past. The University of Virginia at Charlottesville and the town plan of Savannah, Georgia are two of the items reviewed in this section.

The contemporary house is next considered by the authors. Some of the factors that seem to be present in these new houses can be traced to the strict modular design suggested by steel column and beam framing and new industrial component parts such as sheet

(See REVIEWS, page 4)

The Word

The march was on. The ants were staging a demonstration in support of their heroic leader who had ordered a spy mission on the deadly anteatr. One of the flying ants, who had been cruising over anteatr territory, had been brought down by the long snout of one anteatr who was part of the defense system. This act had caused great trouble for the diplomatic forces of the ants and the whole animal kingdom was in an uproar.

The ants were staging this demonstration in support of their leader who had ordered the spy mission. The demonstration called for a march across the yard of the residents of 1687 Hillsdale street. The bugle corp of the Mickey Mouse Club (Ant chapter) was to provide the inspiring music to keep the rally alive, and all the big wheels of the ant colony were to make impressive speeches in support of the colony leader and his policy. Unknown to the ants, one of the younger residents of 1687 Hillsdale street was experimenting with his chemistry set in the front yard. When the ants marched through the yard, this thoughtless child, discharged a flask of some unknown gas right in the path of the ants, causing all of them to break out in tears. On top of this, he picked up some of the helpless ants to imprison them in a homemade ant colony.

We can excuse the thoughtless child, but can we excuse a highly organized force of human beings for such an act?

EARL MITCHELLE

Hoch Honored For Work In Intramural Program

(Continued from page 1)

After a few opening remarks, Mr. Derr introduced John F. Miller, the founder of the fine State College intramural program. Mr. Miller, "The Father of Intramurals at State", came to State in 1924 and set up the physical education department and the intramural program. Mr. Miller gave a brief talk on the importance of the intramural athletics and related some of his experiences in the world of sports to the audience of some 150 people.

After the talk by the former intramural director, the awards for the all-campus selections were made. The fraternity awards were made by Jay Brame and dormitory awards were made by Ed Elam, president of the IDC for the 1960-61 school year. The Big Four awards were made by Dr. William Smith and the Open League and Intramural Dixie Classics awards were given by Dr. Kingston Johns. Rod and Gun trophies were awarded by Paul Hoffman.

Dr. J. J. Stewart awarded the outstanding athletes in the individual sports and Art Hoch, intramural athletic director, presented Hoadley and Bullis the awards for being selected as the best intramural athletes for the past school year. Mr. Miller awarded the trophy bearing his name and Harry Dupree presented the trophies to the winners in the Pitch and Putt Tournament.

Three special awards other than the one presented to Mr. Hoch were made. Bob McCracken was awarded a trophy for

his outstanding performance on the softball team that represented State in the Big Four competition. A special award also went to Billy Apple for going undefeated for four years in horse-shoes. Jay Brame was the recipient of the third special award for his outstanding service in the intramural program. The

other awards were published in Monday's edition of the Technician.

The awards program brought another fine year of intramural athletics to a close here at State College. Mr. Hoch said that he and his staff were looking for another fine year in intramurals next year.

Cox Picked As All-ACC

N. C. State's Jim Cox was selected as one of the top nine baseball players in the Atlantic Coast Conference by being picked on the All-ACC diamond team. Cox received 56 votes from ACC sports scribes.

Cox, who had a bad year last year, came on strong during the 1960 season and sparked the Wolfpack team to a third place in the final ACC standings. Up until the last week of the season the Wolfpack was still in the running for the team crown, but a defeat at the hands of Carolina knocked them out of the race at the last minute.

During the 1960 season, Cox was one of the best hitters in the conference and ended up with a .369 average for the season. Cox, who played second base for the Wolfpack, was the number five man as far as voting was concerned.

Other members of the All-ACC team are Don Brown, Maryland, Ferg Norton, Carolina, Frank Cooper, Maryland, Ty Cline, Clemson, Gerald Griffin, Carolina, John Burgwyn, Carolina, Bailey Hendley, Clemson, Dave Lynn, Clemson, Don Altman, Duke, and Wayne Young, Carolina.

Sigma Chi Scores Record Win

By Richie Williamson
As the spring intramural sports season came to a close last week, the fraternity division saw Sigma Chi recapture the overall championship. Thus they resumed their dominance in athletics which they had held for nine consecutive years until Sigma Phi Epsilon interrupted last year for a brief one year reign. In winning the championship the Sig Chi's amassed the greatest number of points in N. C. State's intramural history with a total of 1474 points and a comfortable margin over runner-up SPE who had 1138 points.

Kappa Alpha fraternity finished in third place with 931½ points.

Sigma Chi added two more event victories in the spring sports to run their total to seven individual sport championships out of a possible twelve. The Sig Eps took two of the remaining five while Pi Kappa Alpha, Alpha Gamma Rho, and Sigma Alpha Mu each won a championship.

SPE went through an undefeated softball season, beating PKA in the finals 9-3. They racked up nine straight victories in their march to the championship. The SPE's picked up three runs in the second and again in the fourth inning on the wildness of PKA pitcher Langdon plus a couple of clutch base hits by Bill Biggerstaff, J. D. Smith,

and Jimmy Hooks. They added three more insurance runs in the last two innings. The PKA's, who had previously shown tremendous hitting power, were held to two hits by Jerry Smith. He was in trouble only once in the game as he issued five walks and a single in the third inning as PKA scored their three runs. SPE moved into the finals by stopping KA 14-3 and edging FarmHouse in the last inning 5-4. PKA advanced with easy victories over TKE 11-1 and Sig Chi 21-10.

In the horseshoe division AGR went undefeated as they stopped SPE in the finals. The SPE's had come out of the loser's bracket by beating FarmHouse to gain another chance against AGR who had handed them their first loss in the winner's bracket finals. However, there was no stopping the determined horseshoe pitchers from the AGR house.

Faced by Bruce Hoadley, Sigma Chi took easy victories in tennis and badminton, going through both sports unbeaten. In tennis they triumphed over Sigma Phi Epsilon in the final round. Kappa Alpha took third in tennis as they lost to SPE in the loser's bracket final. In badminton it was Pi Kappa Phi that gained the finals only to be turned back by Sigma Chi. Delta Sigma Phi was third in badminton.

The overall final point standings:

Sigma Chi	1474
Sigma Phi Epsilon	1138
Kappa Alpha	931½
Pi Kappa Phi	825
Pi Kappa Alpha	817
Sigma Alpha Mu	794
Sigma Nu	791
FarmHouse	789½
Tau Chi	736
Sigma Alpha Epsilon	722
Pi Kappa Phi	681
Delta Sigma Phi	667
Sigma Phi	650
Alpha Gamma Rho	626
Kappa Sigma	583
Lambda Chi Alpha	586
Tau Kappa Epsilon	532
Phi Epsilon Phi	475

Hillsboro at State College

New Dean Named

(Continued from page 1)
agement work for the Agricultural Extension Service.

He was assigned the responsibility of farm management research and teaching at State College in 1947 and served in this position until 1950 when he was appointed head of the Department of Agricultural Economics.

In addition to serving as chairman of the Athletic Council, he is also chairman of the college's Coliseum Advisory Committee.

He was the 1956 director of the Summer Research Training Institute in Quantitative Research Methods in Agricultural Economics, sponsored by the Social Science Research Council; was vice chairman of the Farm Foundation's National Committee on Agricultural Policy in 1956; was chairman of the Social Science Council's Committee on Agricultural Economics from 1953 to 1956; and was economic adviser for the Committee for Economic Development's subcommittee on agricultural policy from 1954 to 1955.

Dr. James is a former member of the Southern Regional Education Board's Committee on Agricultural Sciences and the Cotton Research Committee.

He was a member of the U. S. Department of Agriculture's Production Economics Advisory Committee, 1953-56; the Southeast Land Tenure Committee, 1950-56; and the National Planning Association's Committee for Southern Development, 1956.

His professional affiliations include membership in the American Farm Economic Association

(of which he is a past president), the American Economic Association, the Southern Economic Association, the North Carolina Society of Farm Managers and Rural Appraisers, and the American Society of Farm Managers and Rural Appraisers.

He is listed in "Who's Who in America," "Who's Who in the South and Southwest," "Who's Who in American Education," "Dictionary of American Scholars," and "American Men of Science."

Dr. James is the author of more than 40 professional articles, seminar papers, bulletins, and book reviews. A Baptist, he is a member of the Raleigh Rotary Club.

He is married to the former Verna Lee Greene of Mt. Gilead, and they have two children—David, age 12; and Sarah, 8. The family resides at 1323 Lutz Avenue, Raleigh.

Dr. James' appointment was recommended to Chancellor Caldwell by a faculty committee, headed by Dr. Edward W. Glazener, head of the Department of Poultry Science.

Faculty Writers

and window and door units. Some examples of interest to us in Raleigh include the Kamphoefner house, the Matsumoto residence, the house designed by Eduardo Catalano employing a hyperbolic paraboloid roof system.

Both public school and college architecture are discussed in detail noting the influence the Southern architectural schools have exerted on them, The College Union and the Married Student Housing here at State both were cited in this chapter.

Community and Institutional buildings such as libraries, hospitals, city halls, and civic centers are covered in this chapter with special note to the Charlotte Coliseum and the Livestock Judging Pavilion (the Cow Palace).

The television facilities of WRAL-TV and the Forest Hills Shopping Center are mentioned in the Commercial and Industrial chapter of the book.

In reading this book and reviewing the many photographs and drawings, one begins to realize that a new architecture is evolving, an architecture that has its roots not in the past, but

in the teaching of contemporary architecture as exemplified in the work of Frank Lloyd Wright, Louis Sullivan, Mies van der Rohe, and others. New forms such as the circular classroom building under construction on our campus; the geodesic dome, and the hyperbolic paraboloid roof mentioned earlier are all at hand. These new forms are excellent examples of the vital and varied architecture that is swiftly taking hold in the South.

College Found. Names Noted Alumnus President

The North Carolina State College Foundation, Inc., recently reelected C. W. Tilson of Durham as its president. Named to serve with Tilson at the annual meeting held on the North Carolina State College campus were C. W. Mayo of Tarboro, vice-president; L. L. Ray of State College, secretary; and J. G. Vann, also of State College, treasurer.

Directors elected for a four year term include Percy B. Ferebee of Andrews, representing the Board of Trustees of the

Consolidated University of North Carolina; David Harris of Charlotte, representing the alumni; and Mayo, also an alumni representative.

Named to the Foundation's Executive Committee were J. M. Peden, of Raleigh, chairman; R. D. Beam, Raleigh and Wade Barber of Pittsboro.

Directors heard reports from C. W. Hart, assistant directors of Foundations at the college, spelling out progress made during the past year in the Talent for Service Scholarship and Bequest Programs which the Foundation sponsors.

Hart declared that the Talent for Service program has aided 148 students since it was begun in 1954 and that awards totaling \$222,391 have been made in this time.

ATTENTION STUDENTS:

If you are neat appearing, with pleasing personality, have a car, and would like to earn \$1,200.00 this summer plus Scholarship — Write, P. O. Box 1709, Raleigh, N. C. giving school address and phone, plus home location.

Corvair 700 4-Door Sedan

Besides wringing extra miles from every gallon, and besides stacking up as 1960's outstanding car—look what else Corvair has in store for you. The smooth-as-butter ride you get from independent suspension at all four wheels. The increased traction that comes with the engine's weight over the rear wheels—where it should be in a compact car. A practically flat floor, a folding rear seat, five jaunty models, including the new Monza Club Coupe.
