South Dominates

Gabriel On Second Team In UPI All-America Vote

Roman Gabriel, State's widely acclaimed quarterback, continued to push Mississippi's Jake Gibbs for All-America honors. Gabriel was only a few votes behind the Mississippi passing star in the balloting for the United Press International 1960 All-America team.

Joe Bellino, Navy's brilliant halfback, and Tom Brown, the crashing guard of Minnesota's national champions, led the players named to the mythical team in a record vote of 402 sports writers and broadcasters from all sections of the country.

Chosen as the finest players at their positions this season were: ends: Mike Ditka, Pittsburgh, and Dan Larose, Missouri; tackles: Bob Lilly, Texas Christian, and Ken Rich, Auburn; guards: Brown and Joe Romig, Colorado; center: E. J. Holub, Texas Tech; quarterback: Jake Gibbs, Mississippi; halfbacks: Bellino and Ernie Davis, Syracuse; fullback: Bob Ferguson, Ohio State.

On an overall-all geographical basis the South produced more outstanding players this season than any other. In all, that section landed eight places on the first three teams, against six each for the Midwest and Southwest.

It's a team that averages 214½ pounds per man and six feet, one and one-quarter inches in height. The line averages out at 223½ pounds per man, the backfield 198 pounds.

Named to the second team were: ends: Marlin McKeever, Southern California, and Tee Moorman, Duke; tackles: Jerry Beabout, Purdue, and Kurt Gagner, Washington; guards: Vanderbush and Pat Dye, Georgia; center: Wayne Harris, Arkansas; backs: Bill Kilmer, U.C.L.A.; Ed Dyas, Auburn; Ron Bull, Baylor, and Roman Gabriel, North Carolina State.

The third team is composed of: ends: Fred Mautino, Syracuse, and Johnny Brewer, Mississippi; tackles: Joe Rutgens, Illinois, and Merlin Olsen, Utah

State; guards: Mark Handers, Iowa, and Monte Lee, Texas; center: Roy McKasson, Washington; backs, Tom Matte, Ohio State; Pervis Atkins, New Mexico State; Wilburn Hollis, Iowa, and Tom Mason, Tulane.

Top Students Become Members Of CE Society

Ten civil engineering students at North Carolina State College were initiated into Chi Epsilon, civil engineering honorary fraternity, this week.

Dr. M. E. Uyanik, professor of civil engineering and faculty advisor for the group, said that the outstanding students were selected for membership on the basis of scholarship, character, practicability, and sociability.

Seniors initiated were Julius E. Ellen, Rocky Mount; Johnny L. Elliott, Raleigh; Robert L. Hudson, Roanoke Rapids; Elwood G. Lanier, Chinquapin; and Ronald E. Smith, Rocky Mount.

Juniors were Ronald M. Mayer, Asheville; Grady T. Ferrell, Jr., Raleigh; William C. Carpenter, Hickory; William T. Buchanan, Raleigh; and Paul W. Brant, Raleigh.

N. C. Engineering Foundation Starts Drive To Help State

WINSTON-SALEM, N. C., Nov. 28—R. Walker Martin of Lexington and Raleigh, president of Walker Martin, Inc., with offices in Raleigh, Charlotte, Greensboro, and Asheville, was re-elected for a third term as president of the North Carolina Engineering Foundation, Inc., at the Foundation's annual winter meeting here Monday, November 28, 1960.

Martin, a member of the State Board of Conservation and Development and a widely-known business leader, has headed the Engineering Foundation for the past two years—a period in which the organization has had a record-breaking series of achievements.

In accepting the post, President Martin declared:

"I would never accept the responsibility for a third term except that I didn't want to leave with such a great challenge facing us. The Engineering Foundation has both a challenge and a magnificent opportunity as a result of the decision of the Ford Foundation to award North Carolina State College a \$760,000 grant to upgrade its already distinguished doctoral program in engineering.

"The grant, without a doubt, will place North Carolina State College's School of Engineering among the national leaders."

President Martin and Chancellor John T. Caldwell explained that the college must raise a total of \$340,000 in matching funds for a portion of the Ford Foundation grant. This will provide the college a total of \$1,100,000 for the purpose of strengthening its graduate instruction program in engineering on the doctoral level.

Chancellor Caldwell said the Ford grant will make possible "a new level of excellence and quality" in the college's graduate program in engineering and will lift the institution to new heights of prestige among the nation's engineering universities.

The Ford grant, Dr. Caldwell stated, will enable State College to make three major achievements:

(1) Increase the size of its faculty to provide instruction for the additional candidates for Ph. D. degrees in engineering.

(2) Upgrade its present faculty through further training and development at the top academic levels.

(3) Create a number of new fellowships and assistantships for graduate students seeking the Ph. D. degree in engineering.

In addition to the funds provided by the Ford Foundation for the three key objectives, the organization also made available to the college a \$35,000 discretionary fund.

Under the terms of the Ford Grant, the college, Dr. Caldwell explained, must provide \$340,000 in matching funds for a portion of the grant. Of the matching funds, a total of at least \$115,000 must come from

legislative sources, and a total of \$225,000 must come from other sources.

Continuing his remarks, Chancellor Caldwell said the enlarged graduate training program will help to narrow the gap in the United States between the supply of Ph. D. recipients in engineering and the demand for these highly-trained engineers.

He envisioned the program as bringing many benefits to North Carolina, including greater opportunities for students to undertake graduate training at State College and a faculty with "a different dimension of excellence."

The program, he said, will provide the college an opportunity "to reach a new level of service" and to render a greater contribution to the economic development of the State.

The expanded doctoral program, Dr. Caldwell stated, will add to the resources and incentives of the Research Triangle.

The Winston-Salem meeting marked the first time that the Engineering Foundation had ever met outside of Raleigh. P. Huber Hanes, Jr., of Winston-Salem, a director of the Foundation and president of the P. H. Hanes Knitting Company, was host for the luncheon meeting.

Hanes, in a brief speech, said the Ford grant is "highly gratifying" and offers the Engineering Foundation "a great challenge." He praised "the spirit that prevails at North Carolina State College" and urged his fellow directors of the Foundation "to get behind the program

provided by the Ford Foundation and lead the way" in obtaining the matching funds.

Dr. J. H. Lampe, dean of engineering at State College, brought greetings from his faculty and said the Ford grant "is a terrific challenge and an inspiration to our staff."

He expressed appreciation to the Engineering Foundation for its "wonderful support."

Earlier, Chancellor Caldwell, in expressing appreciation to the Foundation, said the college never would have qualified for the Ford Foundation grant without support of the Engineering Foundation through the years.

The Chancellor stated that the support provided by the Foundation has enabled the State College School of Engineering to reach an all-time high in excellence and to convince the Ford Foundation that its teaching and research work are worthy of the Ford investment of \$760,000.

Ford Foundation officials looked the South over in deciding where to set up its doctoral training program and selected North Carolina State College along with Georgia Tech, the University of Florida, and the University of Texas.

In addition to President Martin, five other officers were re-elected by the Engineering Foundation, which also elected 16 new directors.

Re-elected as officers were George P. Geoghegan, Jr., of Raleigh, P. Huber Hanes, Jr., of Winston-Salem, and Orton A. Boren, of Greensboro, vice president. (See FOUNDATION, page 8)

E E Honor Society Holds Initiation

Tuesday night the State College Chapter of Eta Kappa Nu, national professional Electrical Engineering fraternity, held its annual fall initiation and banquet, inducting to membership thirty-four of the top-ranked juniors and seniors in the electrical engineering curriculum. The formal initiation, culminating a week of pledge activities for the prospective members, was held in Daniels Hall.

A banquet was given in honor of the new members after the initiation in Balentine's Restaurant in Cameron Village. The affair was attended by many of the E.E. faculty and their wives and by wives and dates of the members. Mr. James Brooks of the Bell Telephone company spoke to the group and urged the prospective engineers not to forget the importance of human relations in the career of an engineer.

The new members are as follows: John M. Allred, Ronald L. Boger, John A. Bradshaw, Harold D. Broome, John T. Curlee, Carl L. Fales, David E. Fetherston, John M. Fjeld, Jr., Richard V. Fuller, Oscar N. Garcia, David A. Goodwin, John C. Harris, James Cliff Hart, Michael A. Littlejohn, Stuart W. Luce, Leland K. McDowell, Thomas D. McNeill, Edwin C. Myers, Herbert L. Pass, Jr., Joe Phipps, Wade E. Radford, John W. Roberts, Harris F. Rush, John P. Sandiford, Jr., Donald F. Schermerhorn, Benjamin J. Sloan, Mohammed S. Mires, Thomas M. Smith, Ronald L. Starliper, Bayne G. Steele, George E. Stubbins, George B. Taylor, Ralph B. Temple, and James F. Willoughby.

Physics Professor To Present Lecture On Radio Astronomy

Dr. Rufus Homer Snyder of the North Carolina State College Physics Department will give an informal talk in the State College Union Theatre Friday (December 2) at 8 p.m.

The theme of his talk will be the definition of and the latest developments in "Radio Astronomy." A brief introductory movie will precede the talk.

Dr. Snyder received his B.S. degree from Lebanon Valley College, his A.N. degree from Columbia University, and his Ph. D. from Ohio State University. He assumed his teaching duties at State College in September, 1948.

An informal coffee hour will follow the talk.

The program will be sponsored by the College Union film committee under the chairmanship of Ernest Greene of Raleigh. Programs of this type are held twice a month under the name of "Panorama."

Campus Crier

For Rent: Garage Apt. Extra Large rooms. Quiet. Four Blocks from campus. Stove, refrigerator, water. Available January 1. TE 2-8357.

Plan for reserved parking for Board of Trustees on December 5. In order to accommodate the members of the Board of Trustees for a meeting at the College Union, the College Union parking lot and Primrose Avenue between Brooks and Gardner Streets will be reserved for the Trustees beginning at 7 a.m. on December 5. These parking areas will be blocked to campus traffic, and traffic will be controlled by the campus traffic officers.

The Christmas Dance will be held in the College Union Ballroom on Saturday, December 3, from 8 until 12. This dance is for couples only, and dress will be semi-formal. Music will be provided by Leon Jordan and his band.

A Weiner Roast will be held in Pullen Park Friday, Decem-

ber 2, at 6:30 p.m. The roast is sponsored by the College Union Social Committee. Entertainment, dancing, and food will be the attractions of the evening. Stag or drag! IT'S FREE!

Dr. R. H. Snyder of the Physics Department will give an informal talk on the definition of and developments in Radio Astronomy. It will be held in the College Union Theatre on Friday, December 2, at 8 p.m. There will be a brief introductory movie. A coffee hour will follow the talk. The program is one of the PANORAMA series.

Dr. Edward E. Jones, Associate Professor of Psychology at Duke University, will be the guest speaker at the Psychology Colloquium to be held on Monday, December 5, at 4 p.m. in Room 112-A Tompkins Hall. He will discuss the topic: "Person Perception in the Context of Social Interaction." A social hour will be held in Room 101 Tompkins Hall prior to the Seminar session beginning at 3:30 p.m. All interested persons are cordially invited to attend.

High Fidelity Equipment To Be Exhibited At CU

"Hi-Fi Focus", an exhibition of high fidelity equipment, ranging from a tiny capacitor to a completed Hi-Fi set, will be held in Rooms 252, 254, and the Music Lounge of the North Carolina State College Union from Friday (December 2) at 2 p.m. until Saturday (December 3) at 11:30 p.m.

The presentation is sponsored by the College Union Music committee headed by George Heeden of Wilson with the cooperation of Stephenson Music Company, Southeastern Radio Supply

Company, and John Spain Electronic Service.

The theme of the show is "The Education of the Public in Good High Fidelity Sound Produced by Hi-Fi Components."

The dealers will feature advancements in the technical and good design fields of components. The show will be run by the members of the music committee and representatives of the dealers. They will answer questions and provide other assistance when needed.

The show will be open to the public, free of charge.

Comments From The Editor A Real Winner !!!

Coach Everett N. Case begins his fifteenth year of basketball coaching tonight as his Wolfpack takes on Southern Illinois in the season's home opener.

If we go back a few years ago . . . B.C. to be correct . . . that being "Before Case" came to State College . . . basketball was just another sport to State College fans

. . . there was no Dixie Classic . . . there were no national ratings for the Wolfpack . . . there was no William Neal Reynolds Coliseum, although it was in the process of being built . . . and Raleigh was not referred to as the basketball capital of the South, as it is today.

These are just a few of the things that have happened since Coach Case arrived on the scene at the West Raleigh campus in 1946.

Coach Case has compiled a basketball record second to none as far as we are concerned. His teams have won 333 games against 96 losses. With this fine record have been many championships.

The Case-brand of ball hit State College like a bolt of lightning in 1946. State College teams have captured 10 out of 14 conference championships and 7 out of 10 Dixie Classic titles while Coach Case has been here. Very few, if any, coaches can match that record.

Coach Case is an outstanding representative of State College. Our nationally-famed basketball coach is tops in everybody's book . . . as a coach, as a friend, as a speaker, and as a gentleman.

Coach Case has been very successful during his career as a basketball coach. This has come through hard work. It is doubtful if any coach in the country works as hard as Coach Case does in constantly improving the game. He does not work just during the season, but throughout the twelve months of the year.

Coach Case has coached many All-Americans during his stay at State College. There are few who will forget John Richter, Lou Pucillo, Vic Molodet, Ronnie Shavlik, Bobby Speight, Sammy Ranzino, and Dick Dickey.

All of these players were All-Americans while they performed on the State varsity. He also has many former players in the coaching ranks. Some of these include Lee Terrill and George Pickett . . . Case's assistants here at State . . . Vic Bubas and Bucky Waters at Duke . . . Norman Sloan at the University of Florida . . . and Paul Brandenburg and Mel Thompson at the Citadel.

Coach Case has had an illustrious coaching career while he has been here at State. Many people claim that each team has five players when it starts the game . . . but with a man with the knowledge that Coach Case has about basketball, the Wolfpack usually starts the game with six players . . . Coach Case being the sixth. It has been said by many sportswriters throughout the state that having Coach Case on the bench was worth ten points to the team before the game started.

Yes . . . State College fans, alumni, faculty, and students are proud of Coach Case and the many honors that he has brought State College. We are definitely glad that he is on our side. We wish Coach Case . . . and his assistants, Coaches Terrill and Pickett the best of luck during the 1960-61 season . . . and with the NCAA probation period completed . . . maybe we will end up in the winner's circle come next March.

"IT SAYS HERE MY UNCLE WILLIE HAS A NEW CEDAR CHEST. LAST TIME I SAN HIM, HE HAD ONLY A WOODEN LEG."

Fraternity Flashes

During the weekend of November 19th, Theta Chi Fraternity held its second successful retreat at Camp New Hope, near Chapel Hill. Camp New Hope gave the brothers and pledges the privacy and atmosphere needed to discuss the problems and plans of fraternity life. William G. Long, assistant Dean of Students at the University of North Carolina, was secured as moderator for the group. The success of the retreat has encouraged the brothers to make it an annual event for Theta Chi.

The annual IFC sponsored Orphan's Christmas Parties are still scheduled for the evening of December 12th. Attempts will be made to secure permission from the Deans of the various girls' schools so that it might be possible to have girls around that night to help entertain the children.

Looks like we will have the pick of the field for entertainment for Spring IFC weekend. Alan Altman has done a tremendous job over the Thanksgiving weekend in obtaining names of available groups for the weekend of April 21st and 22nd.

The prices of the individuals or groups range from 1500 dollars to 2500 dollars.

Lavender Santa Clauses, a mobile Christmas tree, snow flakes and sleigh bells will transform the North Carolina State College Union from a modern looking building into a Christmas Wonderland Sunday (December 4) as the students decorate for Christmas.

The aroma of freshly cut cedar and holly mingled with the salty tang of popping corn will fill the building as the transformation begins. Greenery, complemented by brightly colored cutouts will decorate most of the building.

Refreshments and a break for entertainment will add a party-like flavor to the hard work. The decoration party, held every Christmas, is an open participation event for all State College students. A special lunch will be served for those who help decorate.

The decorating of the building will be under the direction of the nineteen Union committees and officers. The House Committee is in charge of decoration assignments and of the overall planning of the party. The refreshments and entertainment is under the direction of the Hospitality Committee.

The House Committee is under the chairmanship of Ronald Boger of Winston-Salem; the Hospitality Committee is under the chairmanship of Peggy Hamilton of Fayetteville. The College Union officers are Clyda Weeks of Garner, president; Alan Eckard of Hickory, vice president; and Flora Lester of Pine Hall, secretary.

The theme of this year's decorations is "A Modern Christmas." A modern Christmas, as interpreted by State students, is one that follows the contemporary theme of life as practiced by those who can afford it.

Gallery Committee Plans Exhibits

Reubens, Manet, and Da Vinci are the names of but a few of the great masters whose works are familiar to most of us. What do you know of Picasso, Jachner, and Farina—some of our contemporary artists? In presenting the works of the masters and our modern artists, the Gallery Committee of the College Union hopes to further your interest, to satisfy your curiosity, and to add to your knowledge of the concepts of art.

John Stone, Chairman of the Gallery Committee, says the three-fold responsibilities of his committee are to select the shows which are presented in the gallery areas of the College Union, to acquire and care for the art which is placed throughout the building, and to plan and build the displays for the shows presented by the committee.

The shows for this year were chosen to depict the works and artists of our own North Caro-

lina. Also included in the program are shows integrated into the programs of the college community; for example, "Glimpses of Switzerland," an international show, was displayed during October (International Month). The shows are either rented from one of the large national galleries, borrowed from the artists, designed by a department of our college, or designed and built by the Gallery Committee.

This year's program includes three shows which are examples of products design. The "Gyrocopter" show held in September was an example of a functional product of today's world, and of special interest as the gyrocopter was built in North Carolina. This wonderful machine must not be excluded from our concept of art. The "Sportscar" show now on display in the gallery brings together in one product many years devoted to designing and engineering experimentation, resulting in a

magnificent machine. It is functional, pleasing to the eye, and it stimulates our minds. It is here we introduce you to Farina, the Italian designer and artist, who has given so much to the sportscar age. Still another type of art—architectural landscaping—will introduce the exhibit, "Plants to Live With," to be shown in the spring and to be designed by the State-College Horticultural and Botanical Departments.

Coming up are six shows by individual artists, or groups of artists, of North Carolina. These

artists use a great variety of techniques to portray their works. The next show in our gallery will be, "Trading Stamps Go Home," a collection of original cartoons created by Bill Baron, Professor of Products Design, and by students from his classes. The lithograph students of Joe Cox, Professor of the School of Design, will present an exhibit showing the steps taken to produce a lithograph. Early in 1961, the Gallery Committee will present a

One-Man Show by Ruth Clark, Head of the Meredith College

Art Department. We will also have a show by a group of art majors who will graduate from Meredith College next June. Another future show, which is being borrowed from the Ford Foundation, will display the works of a number of artists from the South, including those of Joe Cox of our own campus. We are looking forward with great interest to a show which will bring to us the work of Pachner, who is recognized as

one of our great modern American artists. Annually, during the Fine (See "EXHIBITS", page 8)

"FIND THE ANSWER, JIM—AND BRING IT BACK"

When Jim Boardman took his B.S. in Electrical Engineering at Colorado State, there was one idea uppermost in his mind. He wanted a job in which he could work his way into management via the engineering route. As he puts it, "I didn't want to stick with straight engineering all my life."

After talking to eight other organizations Jim joined The Mountain States Telephone & Telegraph Company. He soon got the kind of action he was looking for.

His first assignment: How best to improve widely scattered rural telephone service all over Colorado—a sticky engineering challenge. He was given a free hand to work out his own procedures. His boss simply said, "Find the answer, Jim—and bring it back."

Six months later, Jim turned in his recommendations. His plan was accepted.

Next stop: Colorado Springs. Here Jim worked out a plan to expand telephone facilities for this burgeoning community. This plan, too, is now in operation.

Today, at 24, Jim has an important role in planning where, how much, and what kind of telephone service is needed in the Denver area.

Here's how Jim puts it: "We get tough assignments—but we also have the freedom to take hold and do a job. I think the future here is unlimited. If a man wants to do it—it's there to be done."

If you're a guy who can "Find the answer—and bring it back"—you'll want to get with a company where you have the chance. Visit your Placement Office for literature and additional information.

"Our number one aim is to have in all management jobs the most vital, intelligent, positive and imaginative men we can possibly find."

FREDERICK R. KAPPEL, President
American Telephone & Telegraph Co.

BELL TELEPHONE COMPANIES

STATELINE

By
EARL MITCHELLE

Coach Everett Case will unveil his Wolfpack team tonight in Reynolds Coliseum. As far as potential is concerned, this year's team is a real good one.

"We will definitely be improved, but that doesn't mean that we will improve on last year's record. All the rest of the teams in the conference are going to be better than they were last year and so you can see what we are up against," Cave commented. We here on the State campus hope that this is just modesty in the cage wizard that prompts this statement.

When asked what he thought about State's not getting any push in pre-season polls, the State mentor replied that he was very pleased with this situation. He indicated from this reply that he likes the underdog role. Case points to Duke, Carolina, and Wake Forest as the teams to watch in the ACC this season. He figures that Duke should grab the loop title for the second straight year.

"With all of last year's team back plus Art Heyman, Duke should have a real great team," Case continued. "Dog Moe and York Larese will make the Tar Heels a real tough outfit this year and if Dick Kepley comes through that will make them an extra fine team. Wake Forest will also be in the thick of the race with Billy Packer, Len Chappel, and Jerry Steel carrying the load."

"This year's schedule will be one of the hardest slates that a State team has played," Case pointed out. This season the Pack will play 26 games with 14 of them being ACC battles. State will take on such teams as Georgia Tech, West Virginia, Villanova, and George Washington in addition to the tough members of the Big Four.

With the probation gone, this year's Wolfpack will be in the running for the ACC's place in the NCAA tourney. Coach Case will be the first one to say that he felt that the Wolfpack did not have a let down period during the probation period. He felt that being on probation gave the boys a little more push to make them try to do a little better than they would have done ordinarily.

—oOo—

State also has another top team to compete in the ACC this winter. Coach Willis Casey and his swimmers will open their season with Maryland, the defending ACC champs, on Saturday. Casey will have one of the best collection of swimmers ever at State to open the new campaign. He hopes that this year's team will bring swimming here at State back up to the position that it had in the mid-50's. During that period, the Wolfpack mentor was putting out champions by the bushels.

Last year the Wolfpack lost only one meet, and Casey promises that this year's team will be much improved over last year's. Most of the burden will be placed on four lettermen and three top-notch sophomores. John Wilcox and Jim D'ana, co-captains, head the list of returning monogram winners. Doug Coble, a diver, and Jim Cutter close out the list for the first semester. Next semester the Pack will have the services of Robin Best, a triple winner in the ACC championships last spring. Best is scholastically ineligible for competition this semester.

Ed Spencer, Peter Fogarasy, and Smokey Ellis are the three sophomores that big things are expected from in the future. All three of these boys were spectacular, to say the least, as freshmen last year.

—oOo—

A State College alumnus, David Walter Siefert, passed away at his home on November 27 and the notice of his funeral rated only a small back page place in most papers.

Most of the students at State now have probably never heard of Siefert, but had it not been for his work the State College athletic program would not be what it is today. Seifort was the founder of the Wolfpack Club which has grown into a very large organization of loyal alumni. This group supports the majority of the expense of athletic scholarships for athletes here at State.

In addition to being the founder of the group, Seifort was also the first president. The sports fans who follow State College teams owe a great deal of appreciation to this great man in State College athletic history.

Pack Meets Southern Illinois In Initial Battle Of Season

By Earl Mitchellle
Sports Editor

Tonight in William Neal Reynolds Coliseum State meets their first basketball foe of the 1960-61 basketball season. Coach Everett Case's charges will be facing Southern Illinois in their initial battle of the new campaign.

Last year the Pack won 11 games while dropping 15. It was the first losing season that the Pack mentor has had in over 40 years of coaching. Case has had a very successful record here at State as most fans know. In 14 seasons as State basketball coach, he has coached 333 wins while suffering only 96 setbacks. Included in these 14 seasons are numerous ACC and Southern Conference championships.

With nine lettermen back from last year's team and four boys up from the first year ranks the Wolfpack look like they are in fine shape for the coming season in the personnel department. Captain Stan Niewierowski heads the list of veterans consisting of Russ Marvel, Bruce Hoadley, Dan Wherry, Bob DiStefano, Denny Lutz, Bob McCann, and Anton Muehlbauer.

Perhaps the brightest star on the list is Jon Speaks, who was one of the better shots in the ACC freshmen ranks last season. Speaks is almost a sure bet to grab one of the starting guard slots. Ken Rohloff is another back court ace off of last year's first year team, who will see a great deal of action before the year is over. Pete Auksel and John Pungner, who were big men in the front line for the Pack freshmen, will also be counted on heavily this year, with Auksel being a possible starter. Smedes York and Pom Sinnock, members of last year's frosh club, will sit out this season.

Coach Case also is going to get some help from a couple of boys, who did not play at all last season. Terry Litchfield, a

big 6-9 center, transferred to State last year and had to sit out a year. Jim Whitfield, a 6-5 forward, sat out last year and he still has three years of eligibility left.

The Wolfpack is real strong at the forward positions this year. Auksel, Marvel, Niewierowski, and Hoadley make the forward spot look very bright. Auksel was a big scorer for the frosh last year and Case is looking for him to be one of the big guns on this year's team. Marvel played mostly in a reserve role last year until the end of the season when he came through with some great performances. Niewierowski and Hoadley are two seniors who have been turning in steady play for the last two years. Both of these boys are good rebounders and will give the Pack a lot of strength under the boards.

Whitfield, Pungner, and Wherry will also see some action at the forward positions this year. At center "Moose" DiStefano is the number one man. Last year DiStefano led the team in scoring with a 12.7 average for 26 games. DiStefano was one of the two State players, who played in every game. Don Gallagher, the other, graduated. DiStefano is a good rebounder in addition to being a top notch scorer. Last year he averaged 9.1 rebounds per game.

Backing up DiStefano at center will be Litchfield. Both of these boys have looked very impressive in practice according to Coach Case. In the backcourt, Speaks, Rohloff, and Muehlbauer will carry the load of the playing duty. It's a real battle between these three boys for the two starting positions. Denny

Tank Team Opens Slate With Maryland On Sat.

By Earl Mitchell
Sports Editor

This Saturday afternoon, the State swimming team will open a season that is potentially one of the best a State tank team has ever had. On December 3, the Wolfpack meets the University of Maryland, last year's ACC champs, in an afternoon meet.

The Maryland swimmers were the only group to beat the State varsity last year. Maryland is also rated as one of the three top teams in the ACC by State coach Willis Casey. Casey stated that Maryland, Carolina, and State should be the top contenders for the loop title with Duke having a remote chance to grab honors.

This edition of the Wolfpack has only four lettermen and no seniors, but don't let this fool you. Returning monogram winners include Jim Cutter, Jim D'ana, John Wilcox, and Frank Coble. Two other lettermen, Robin Best and John Singer, will not be able to join the team until second semester because of scholastic difficulties. Best was a triple winner in the ACC championships last year and he should add a lot to the team when he returns second semester.

The Wolfpack maybe short on lettermen, but they are far from short on experienced hands. Up from last year's frosh team are the "Big Three." Great things

are expected from sophomores Peter Fogarasy, Ed Spencer, and Smokey Ellis; Fogarasy is currently the national champ in the breaststroke event. He is almost assured of setting a new loop mark in the 200 yd. distance this year. The ACC time is 2:28.9, but Fogarasy has turned in a time of 2:20.2 in competition.

Spencer came in seventh in the 100 butterfly this summer in national competition, but Casey says that he will probably be the number one freestyler this season. Ellis swam the backstroke and freestyle events last year, but he will probably stick to the freestyle event this year. These three sophs teamed with Bill Sonner and smashed the national record in the 200 yd. medley relay last March.

In the backstroke events this season, Casey lists Cutter and Tom Klipfel as the best bets for the Pack. Cutter is a junior and Klipfel is a sophomore. Letterman Coble heads a list of three divers. Backing up Coble are sophs Jerry Morrow and Bill Brady.

The number one breaststroke man will be Fogarasy, while Guy Griswold, a sophomore, is listed by Casey as a promising newcomer. The butterfly event has two very strong boys carrying the load of the work. D'ana and Wilcox, co-captains of this year's team, offer real strength in this event. D'ana won the 100

yd. event in the ACC last year, while Wilcox holds the ACC record in the 200 yd. distance. Behind Spencer and Ellis in the freestyle event, Casey points to Jeff Prager, George Davis, Dave Carter, George Allen, and Tom Jones as possible contenders for starting nods.

Casey lists Carolina, Maryland, and Southern Illinois as the toughest opponents on the slate. Maryland had a very good freshmen team last year, while UNC will pickup several stars this year. Southern Illinois was the NAIA champs last year. Pittsburgh could also give the Pack a lot of trouble. Pitt was the eastern intercollegiate champ last year.

The biggest improvement on the State swimming scene is the new pool that will be completed in the very near future. Casey points out that this new pool could do for swimming what Reynolds Coliseum did for basketball in this area. The State mentor sees a definite increase in interest in the sport by the students. The new pool will have a capacity for about 2,000 people. The 25 meter by 25 yard pool will have eight lanes, one three-meter board, and two one-meter boards.

Casey told this reporter that the team will probably start holding their meets in the new plant beginning the second term. The ACC championships have been secured for this spring and there is a possibility that the NCAA championships will be held here in 1962. He also added that State will build up its schedule in the near future to include many national tank powers.

Intramural Dixie Classics Feature Large Field Of Teams

By Richie Williamson
Associate Sports Editor

The annual N. C. State Intramural Dixie Classic basketball tournament got underway Monday night at the Frank Thompson gym with ten games being played. Action will continue almost every night from now until the Christmas holidays as a record number 72 entries are participating in the event.

With the exception of weekends and nights when State plays basketball, the schedule calls for games beginning at five o'clock and continuing until past eleven for every night. Art Hoch said that the response to this year's tournament has been tremendous and that the number of entries had to be limited due to the lack of space and time to play all of the games.

Established as tournament favorite is the Tri-State five who have won the event for the past two years although they were hard-pressed by Watauga

in last year's final game which was a thriller to climax the tournament. Watauga is the dormitory defending champion and rank as co-favorites with Sigma Chi, the fraternity defending champion, as the teams to give Tri-State the most trouble. Last year's third and fourth place finishers, SPE and KA also are possibilities.

The reward for getting to the finals will be trophies that the intramural department will donate. The winning team will receive a team trophy plus eight individual first place trophies, the runner-ups will get individual second place trophies, and the outstanding player of the tournament will receive a trophy.

All team captains are requested to check the bulletin board in the gymnasium to be certain of the playing time for their games, and also the TECHNICIAN will try to keep a schedule of the games and playing times. All the rules which will

be in effect during the tournament concerning player eligibility and court rules are posted on the bulletin board.

- The coming games:
Wednesday, Dec. 1
5:00 Sigma Chi vs. Wealey Foundation
Sigma Phi Epsilon vs. Baptist Student Union
6:00 Kappa Alpha vs. Delta Sigma Phi
Phi Kappa Tau vs. Scatter Shots
Monday, Dec. 5
7:00 Theta Chi vs. SPE #2
Sigma Chi #2 vs. Watauga
8:00 Tucker #1 vs. PKP #2
Tau Kappa Epsilon vs. Tucker #3
9:00 Sigma Nu vs. Alexander #2
Sigma Pi vs. Alexander #3
10:00 Sigma Alpha Mu vs. Fourd. Society
Bragaw South vs. PKT #2

(See STATISTICS, page 8)

Pack Opens Season

(Continued from page 4)

Lutz and Bob McCann round out the list of guards.

Missing from last year's team are three boys who graduated last spring. Dan Englehardt, Don Gallagher, and Ken Clark were the only seniors on last year's team.

The Wolfpack has a 26 game schedule facing them this season. After the Southern Illinois game, the Pack will face George Washington at home. George Washington is rated by Case as one of the toughest games on the 60-61 slate. Five games will follow the GW game with one

being an ACC clash with Wake Forest. This one should prove to be very interesting to Pack followers. After Christmas the Pack will play host to the Dixie Classics.

This will be the first season in four years that the Pack has not been on probation. They will be able to flash their power and enjoy the results. Should they win the ACC title as they did several years ago, there will be no probation holding them out of the NCAA tournament. The outlook for the coming season is a bright one for Coach Case and his Wolfpack.

Coach Case has stated that he thinks that this edition of the Pack will be a very interesting one because of the sophomores that he will have to depend on this year. It is a known fact that sophomores can come through with some of the most fantastic plays possible as well as produce some of the biggest blunders possible.

Tonight's game is slated to get underway around 8:00 P.M. On Saturday night the Pack will face George Washington in Reynolds Coliseum.

Numerous State Students Seeking Yule Employment

Scores of State College students are seeking employment in the Raleigh area during the Christmas holidays beginning

December 17 and ending January 3, the college's Financial Aid Office announced yesterday.

Several students will also be available for work in the afternoons and at night during the remainder of the school year.

A number of the students have had previous job experience, having worked in the past as sales clerks in various types of retail stores, delivery boys, stock boys, checkers, baggers, cashiers, waiters, maintenance men and filling station attendants.

Employers who may wish to hire students for seasonal jobs may contact Miss Wooten in the Financial Aid Office, Holladay Hall, State College. The telephone number is TEmple 4-5211, extension 460.

Air Force Chaplain Plans State Visit

Lt. Col. Robert W. Tindall, an Air Force Chaplain, will visit the Air Force ROTC detachment at North Carolina State College Wednesday and Thursday, December 7 and 8.

Tindall is staff chaplain for the Air Force ROTC at Maxwell Air Force Base, Ala. Plans for his State College visit were announced today by Col. Robert C. Paul, professor of air science at State College.

Tindall attended the University of Oregon and Northwest Christian College, graduating in 1939. He received his M.A. in 1941 and his B.D. in 1943 from Phillips University in Enid, Okla. He is an ordained minister of the Disciples of Christ Church and has been in the service since March, 1943.

Oscar-Winning Flick, "Here To Eternity" Free Weekend Movie

"FROM HERE TO ETERNITY" starring Montgomery Clift, Burt Lancaster, Deborah Kerr, Frank Sinatra, Donna Reed, Ernest Borgnine, won Academy Awards for Best Picture, Best Direction, Best Supporting Actor (Sinatra), Best Supporting Actress (Reed), Best Screenplay, Cinematography, Editing and Sound Recording.

The film is based on James Jones' prize-winning novel of army life at Pearl Harbor prior to the Japanese attack. The movie is directed by Fred Zinnemann.

The movie will be shown Friday (December 2) at 9:30 p.m. and Saturday and Sunday (December 3 and 4) at 1, 3:30, 6, and 8:30 p.m. in the College Union Theatre.

Honorary Math Fraternity Inducts Charter Members

The 77th chapter of Pi Mu Epsilon, national honorary mathematics fraternity, was established at State College last week.

Dr. J. S. Frame, director-general of the national fraternity, installed 14 charter members in the newly-organized branch to be known as the North Carolina Gamma Chapter.

Students who were inducted as "pledges" are Joel V. Brawley, Jr., Raleigh; Walter B. Cummings, New Delhi, India; Robert D. Davis, Winston-Salem; Peter M. Gibson, Laurel Hill; Reid E. Gryder, Rockingham; Betty G. Harris, High Point; Bruce Hoadley, Raleigh; Jon R. Howell, Lenoir; William P. Kolodny, N. Wilkesboro; Douglas E. Lingle, Faith; Mar-

vin S. Margolis, St. Pauls; Lawrence C. Moore, Jr., Atlanta, Ga.; and John T. Welch, Oxford.

Installed as faculty sponsor was Dr. James B. Wilson, professor of mathematics.

Objectives of the national fraternity is to promote scholarship and interest in mathematics among students in institutions of university grade and also to promote interest in mathematics among mathematically trained scientists in industry.

Students are selected on the basis of scholarship and active participation in activities intended to arouse and maintain a real interest in the field of mathematics.

The national fraternity now has a total membership of 30,000.

Design School Art Auction Held Yesterday

The annual Art Auction, sponsored by the Student Publications of the State College School of Design, was held Tuesday, November 29, from 8 until 12 p.m. in the College Union.

Works of art donated by faculty and students of the School of Design and by North Carolina artists will be included in the pieces for sale.

Proceeds of the auction will go to the School of Design's Student Publications to help defray costs of printing the magazine.

Co-editors of the Student Publications are Joseph Morog and Werner Hausler, both of Raleigh.

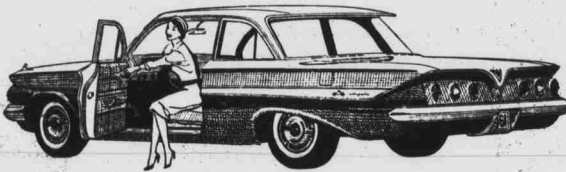

ONE-STOP SHOPPING FOR A NEW CAR at your Chevrolet dealer's!

Now you can make your car-shopping rounds the easy way—all under one roof! For '61 your Chevrolet dealer offers nearly any type of car you could want—at the kind of price that'll make you want it all the more. There's a whole new crop of Chevy Corvairs with lower priced sedans and coupes and four wonderful new wagons unlike any ever built before in the land. There are new Chevy Biscaynes—the lowest priced full-size Chevrolets, beautiful Bel Airs, elegant Impalas, six easier loading Chevy wagons, including three 9-passenger models. Come in and pick and choose to your heart's content!

New '61 Chevrolet
NOMAD 9-PASSENGER STATION WAGON

There are six easier loading Chevrolet wagons for '61—ranging from budget-pleasing Brookwoods to luxurious Nomads. Each has a cave-sized cargo opening measuring almost five feet across and a concealed compartment for stowing valuables (with an optional extra-cost lock).

New '61 Chevrolet IMPALA 2-DOOR SEDAN

Here's a new measure of elegance from the most elegant Chevrolets of all. There's a full line of five Impalas—each with sensible new dimensions right back to an easier-to-pack trunk that loads down at bumper level and lets you pile baggage 15% higher.

New lower priced '61 CORVAIR 700 CLUB COUPE

There's a whole crew of new Chevy Corvairs for '61—polished and perfected to bring you spunk, space and savings. Lower priced sedans and coupes offer nearly 12% more room under the hood for your luggage—and you can also choose from four new family-lovin' wagons.

New '61 Chevrolet BEL AIR SPORT SEDAN

Beautiful Bel Airs, priced just above the thriftiest full-size Chevies, bring you newness you can use: larger door openings, higher easy-chair seats, more leg room in front, more foot room in the rear, all wrapped up in parkable new outside dimensions.

New '61 Chevrolet 4-DOOR BISCAYNE 6

NOW—BIG-CAR COMFORT AT SMALL-CAR PRICES—Chevy's new Biscaynes, 6 or V8, are built to save in a big way. They offer a full measure of Chevrolet quality, roominess and proved performance, yet they are priced right down with many cars that give you a lot less.

...the perfect way is to
Say it with
Flowers-By-Wire

Your "Happy Birthday!" is loaded with gaiety and good cheer... when you say it with FLOWERS-BY-WIRE.

And in perfect taste, too. A Birthday Bouquet or Corsage says just exactly what you want to say... and with such a graceful accent!

Rambling Round

By Ann Smith
I dislike very much the singing of Christmas carols on Thanksgiving day. As you will note, the decorations were put up in most of the towns several weeks before Thanksgiving. Seems to take something from Hanukka.

I hope everyone who can will go see the Raleigh Little Theatre's presentation of the Imaginary Invalid. Two members of the State College staff are in the cast. I won't mention any names, so if you want to know who they are, you will have to go see it.

I was visiting a friend in Bragaw dorm Monday night when we were interrupted by the pitter-patter of rain falling. We hadn't heard that it was going to rain so I stumped to the window to see what was the matter. And what to my blood-shot eyes should appear but water cascading from the walkway from the fourth floor. Like

it was really coming down. Naturally we ran up to see where it was all coming from. It was coming forth from underneath the outside door into one of the suites. The water was two inches deep in the hall and had run under all the doors into the rooms to the same depth.

About twenty people had gathered by this time and were making a lot of noise. Laughing type. About this time some character came staggering out of the bathroom, from which was coming forth the sound of many showers running. He wanted to know "waxt all da fuzz about."

Someone opened the door and out came several cardboard six-pac holders (empty unfortunately). It looks like there was quite a party.

I overheard in the College Union Activities Office say that the new Student Directories would be distributed sometime before second semester registration.

Design School Holds Annual Art Auction

Students in State College's School of Design sold 75 pieces of art during their annual Art Auction at the college Tuesday night.

Among the items sold were wood cuts, oil paintings, pen and ink sketches, caseins, silk screens, lithographs, and pictures made from sand and glue.

Prices paid for the paintings ranged from \$5 to \$120. The total amount of the sales was \$1,519, all of which went to the Student Publications of the State College School of Design to help defray costs of printing the magazine.

Works of art donated by faculty and students of the college's School of Design and by North Carolina artists were sold.

Agriculture Organization Inducts Twenty-Eight Here

Twenty-eight sophomores at North Carolina State College were recognized Tuesday night for "their outstanding scholarship" during their freshman year.

Recognition came from the local chapter of Gamma Sigma Delta, an international organization of agricultural scientists and educators. Each of the students had a scholastic average of 2.75 or better.

John Amos Toms, a junior in pulp and paper technology from Forest City, won Gamma Sigma Delta's "Sophomore Certificate," given annually to the top student in the Schools of Agriculture, Education and Forestry. Toms had a grade average of 3.35 during his sophomore year. Student awards were present-

ed at Gamma Sigma Delta's annual honors banquet in the College Union Tuesday night. A highlight of the banquet was the presentation of the society's top international honor of 1966 to Dr. Gertrude M. Cox of Raleigh.

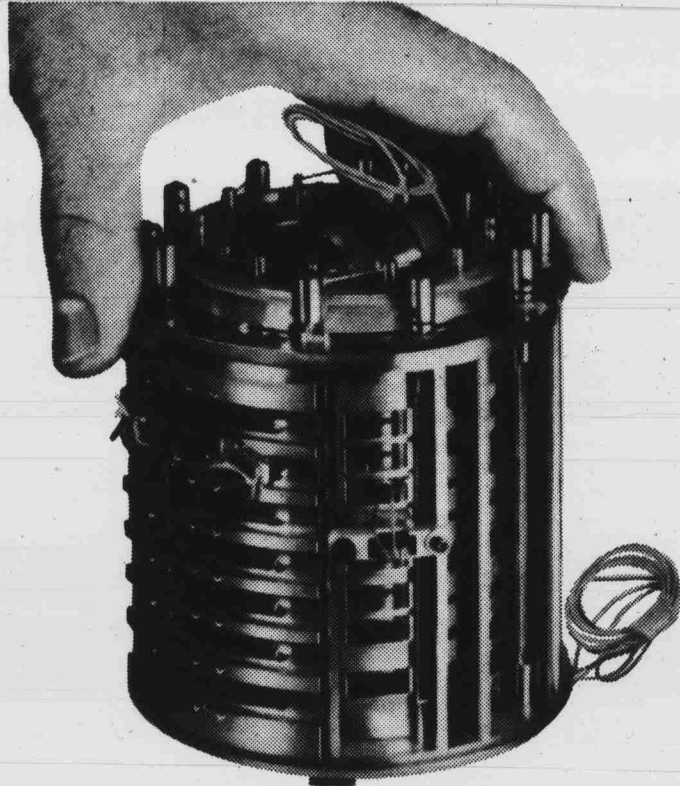

Miss Cox was declared the person in the 15,000 member organization "who had made the greatest contribution to agriculture during the past five years." Miss Cox is head of the Statistics Research Division of the Research Triangle Institute and former director of the Institute of Statistics for the Consolidated University of North Carolina.

She is the first woman and the second North Carolinian to receive Gamma Sigma Delta's "Distinguished Service to Agricultural Award." Dr. Paul H. Harvey, head of the Field Crops Department at State College, received the award in 1956.

Another highlight of the banquet was the recognition of Dr. Roy L. Lovvorn, director of the N. C. Agricultural Experiment Station, who stepped down in June as international president of Gamma Sigma Delta. He was presented a certificate for his services.

School of Agriculture sophomores recognized by Gamma Sigma Delta were George Kittrell, Corapeake; Willis Reid Jr., Raleigh; Clemon Bass Jr., Edenton; Miss Barbara Ann McAbee, Wilmington; Joel Jensen, Asheville; Miss Barbara Walker, Atkinson; Robert Drye Jr., Charlotte; Clarence Cornelius Troutman; and Shirley Currin, Oxford.

Sophomores in the School of Forestry honored were Charles Dunning, Woodland; Edward Franklin, Richmond, Va.; Gerald Robertson, Williamston; Garnett Quesinberry Jr., Floyd, Va.; Elwood Best, Turkey; Ralph Keel Jr., Groton, Conn.; Raymond Uptegrove, Georgetown, S. C.; Warren Boyette, Clayton; William Amick, Pine Bluff, Ark.; Ronald Blevins, Bristol, Tenn.; (See Agriculture, page 8)

TINY MEMORY UNIT GUIDES GIANT ROCKETS INTO SPACE

On this tiny drum, only four and one-half inches in diameter, is recorded all the significant data needed to direct a rocket into space.

As the rocket blasts skyward, the electronic computer, which includes this small memory unit, begins to monitor the flight. The computer continually correlates data on flight progress with data in the memory unit and makes course corrections instantly.

The very small size and weight of this memory unit is an achievement in itself. Yet other difficult problems had to be overcome—shock, prolonged vibration and extremely high G forces. Only by using new materials and design techniques were these problems solved.

People with backgrounds in the sciences, engineering, and liberal arts all contributed to the success of this project. Ideas which create new products can come from anywhere at IBM. From research, development, programming, manufacturing, marketing.

If you would like a job where your ideas can be put to work in interesting and important areas, then you should consider the many opportunities at IBM. The IBM representative will be interviewing on your campus. He will be glad to discuss career openings at IBM. Your placement officer can make an appointment. Or you may write, outlining background and interests, to: Director of Technical Recruitment, Dept. 897, IBM Corporation, 590 Madison Avenue, New York 22, N. Y.

You naturally have a better chance to grow with a growth company.

The Cat's Meow

By R. W. Daniel

Good Evening! Allow me to introduce myself. I am known as the Cat. This literary masterpiece of mine is being furnished free of charge (unfortunately) to complete the continuity of subject matter in this hallowed corner of our chronicle. Assisting me will be my fraternal partners, Bobcat, in charge of Agricultural matters; Tomcat, in charge of Forestry and Miscellaneous; and Polecat, handling Engineering nonsense (most of it is nonsense).

Recently there has been a great outcry for a signal light at the intersection of Dan Allen Drive and Dunn Avenue. Why bother? As efficient as M & O

is, the entire area can quickly be dug up. Actually, a plain stop sign on Dunn Avenue with Dan Allen traffic non-stop would solve the problem.

*Chief Beef: WKIX commercials. Why not program solid commercials instead of interrupting them with a little music scattered here and there?

*Project of the Week: A campus-wide power failure. Could our engineers achieve it?

*Maybe Someday: M & O will forget how to build fences.

*Wonder Why: The number of Campus Cops is doubled during Summer School.

*Will be regular features each week.

Agriculture

Harold Blanchard, Whiteville; Augustus Groce, Nashville, Tenn.; James McElroy, Morehead City; Thomas Miller, Fletcher; William Tickel Jr., Roanoke Rapids; James Williams Jr., Mobile, Ala.; Gerald Ballard, Asheville.

Thurman Burnette of Oxford and Benny Hampton of Elkin were recognized from the School of Education.

Exhibits

(continued from page 3)

Arts Festival in February, the Gallery Committee presents a show known as "Good Design" and this year it will be "61." The show is designed and built by the students of the Gallery Committee with the help of their advisor, Bill Baron, of the Products Design Department of the School of Design, is their inspiring faculty advisor this year. The theme for the Good Design show remains a secret until the show opens, and it has always been a delightful surprise well worth waiting for.

At present, the Gallery Committee, with the help of one of the New York Art Societies, is selecting a group of reproductions similar to the collection purchased by the Office of Student Affairs for the Dormitory Art Lending Library. We hope to include in this collection one of the works of Picasso. These prints will be placed throughout the College Union. It is hoped that in the future many of these reproductions can be replaced by other original art.

The Gallery Committee is now making selections for the shows which will be displayed in the galleries of the College Union during 1961-62. If you have any ideas for an interesting show, please contact the Gallery Committee.

dents; L. L. Ray of State College, secretary; and J. G. Vann, also of State College, treasurer. The directors who were elected include: Raymond A. Bryan, Goldsboro; A. L. Muirhead, Durham; J. Ray Wilson, Salisbury; L. Young White, Mooresville; Charles S. Mitchell, New York

City; John L. Fraley, Cherryville; Charles Faucette, Durham; J. C. Cowan, Greensboro; J. W. C. Boykin, Knoxville, Tenn.; W. B. Dillard, Sylva; S. C. Donnelly, Burlington; L. H. Harvin, Henderson; A. E. Finley, Raleigh; C. P. Street, Charlotte; Roscoe West, Statesville; and A. J. Fox, Raleigh.

E. N. Richards of Raleigh was elected to the Foundation's executive committee, replacing Robert E. Pomeranz of Sanford, whose term of office expired.

The nomination of officers and

directors were submitted by W. H. Rogers, Jr., of Raleigh on behalf of a committee composed of himself, E. N. Richards of Raleigh, Robert Underwood of Durham, and C. L. Benson of Raleigh.

Treasurer Vann reported that the Foundation's total income since it was established in 1944 amounted to \$1,224,519 as of its August 31 audit. The total income includes \$120,000 received by the organization during the past year.

Scene

(Continued from page 2)

10 from 8 until 12 p.m. in the College Union Ballroom. All dancing will be done in socks. A place to check your shoes will be provided at the entrance to the Ballroom. Music will be provided by the Juke Box. Those attending the basketball game that night are invited to attend the dance at the conclusion of the game.
