State Prof Authors Aycock Biography

Dr. Oliver H. Orr, Jr., of the State College faculty, is the author of a forthcoming biography of Charles Brantley Aycock, North Carolina's "educational governor."

"Charles Brantley Aycock" will be the first full-scale biography of Aycock. It will be published March 25 by The University of North Carolina Press.

Dr. Orr has long been a student of Aycock's life and work. His interest is that of a native Tar Heel, born and reared in Brevard.

The author amassed his biographical material on Aycock over a 12-year period, during which he researched newspapers and public documents of the turn of the century and interviewed surviving contemporaries of the late governor.

Dr. Orr states in his preface to the book that the prevalence of stereotyped notions about Aycock and the scarcity of personal materials make an intimate biography impossible, that unless additional sources are found,

Aycock's personality will always be imbedded in legend.

He continues, "The present volume endeavors to present the results of my research in a biographical framework with the emphasis on Aycock's public career. Wherever possible, I have let his actions and words express his personality."

The author was educated in North Carolina. He attended Brevard Junior College, and in 1942 he received his AB degree in political science at the University of North Carolina. He earned his Ph.D. in American history at UNC in 1958.

Dr. Orr joined the State College faculty in January 1959. He is instructor in the Department of History and Political Science.

Incidentally, William Benjamin Aycock, late son of Governor Aycock, attended North Carolina State College as a member of the Class of 1913.

Charles Brantley Aycock of Raleigh, grandson of the Governor, was graduated from North Carolina State College in 1937 with a B.S. degree in Industrial Education.

The futility of the Communist's efforts to oppress and eradicate the rich culture of the countries that they have enslaved will be demonstrated strikingly by a dedicated group of Latvians who are determined that the lore of their native land shall not perish. This group of sixteen Latvian students will perform during the Fine Arts Festival in the College Union Theatre.

Ballroom Tuesday (February 21) at 8 p.m.

The Duke Symphonic Band, under the direction of Dr. Paul Bryan, will give a concert on Sunday, February 19, at 2:30 p.m. in the College Union Ballroom. The program will include classical and popular music. There are approximately 65 members in the band.

chestra under the conduction of Paul Paray will present a concert Thursday (February 16) at 8 p.m. in William Neal Reynolds Coliseum. Impartial authorities rank the Detroit Symphony among the three or four great orchestras in the United States. The concert will be composed of

Paul Paray

works of Mozart, Sibelius, Rossini, Brahms, and Wagner. It has been asked that students use the right front entrance of the Coliseum. The permanent ID card plus the registration card will be required before a student and a date will be allowed to enter the Coliseum. It has also been asked that those who attend the concert please try to be on time. No one will be allowed to enter while the orchestra is performing.

The PANORAMA program for Friday (February 17) will be the movie "Of Mice and Men." The story deals with the strange friendship of two ranch hands who are about to realize their dreams of an easy life until one of them succumbs to his weakness for soft, helpless creatures and chokes the farmer's wife. One of the great dramatic classics of modern films, with excellent character acting, fine use of the camera and an outstanding musical score also add to the film. The movie will

be shown in the College Union Theatre.

Cilli Wang

Cilli Wang will appear at the College Union Friday (February 17) at 8 p.m. Miss Wang is a small Viennese pantomimist and a mechanic who rivals the designers of the Sputnik. Her stake properties and costumes are extraordinary and her impersonation of a pot of flowers going through a day's cycle is no less than a horticulturist's dream.

A modern dance group composed of men and women from the University of Maryland will appear in the College Union Ballroom at 8 p.m. on February 19 (Sunday). The group has performed in the Washington, D. C.; Maryland, and Pennsylvania areas with great success.

Maryland University Modern Dance Group

TOMORROW

Cilli Wang To Appear

Many Faces Of Cilli Wang

Cilli Wang will appear at North Carolina State College Union on February 17, at 8 p.m.

Miss Wang is a small Viennese pantomimist and a mechanic who rivals the designers of the Sputnik. You never know what she is going to look like in her next number, even when you read the program.

Miss Wang is a dog, a giraffe, a classical ballet duo, an owl, a ballroom team, a pair of acrobats, a flower pot, and two civilizations contending for mastery of the world. A master of costume and gimmick, she is a puppet without strings and with a delightfully wacky brain in her head.

Miss Wang's stage properties and costumes are extraordinary and her impersonation of a pot

of flowers going through a day's cycle is no less than a horticulturist's dream. Most extraordinary of all is the lady's sense of humor. She is not arty in her work. She is gay and earthy and imish.

Miss Wang's performance at the North Carolina State College Union will be held in the Ballroom and will be free to State students upon the showing of their ID cards.

"Cilli Wang is held by many continental critics to be even greater than Marceau." N. Y. World Telegram.

The Cilli Wang program is co-sponsored by the College Union Forum and Music Committees. The program is a feature of the annual Fine Arts Festival now in progress at the College Union.

WKNC Begins Use Of New Console

By Kent Watson
The student radio station WKNC is also following the "New Frontiers" policy of our new president. Pictured below is the brand new console which arrived on January 6th as a belated Christmas present. This new Gates Dualux console will allow the station to advance to "New Frontiers" in the broadcasting of the very best in collegiate radio entertainment. Although this console arrived on January 6, it was not put into operation until several days before final exams last semester. Our devoted listeners know of the trials and tribulations that WKNC went through during the period of changeover from our old equipment to this newer and,

of course, better control board. Although our broadcasting quality during this changeover was, at best, mediocre we only lost two hours of actual broadcast time.

The Gates Dualux is capable of broadcasting to two separate broadcast channels simultaneously. This means that WKNC is now ready to feed an FM educational transmitter when the funds become available for such equipment. This console, as wired, is capable of handling twenty separate inputs through nine mixers. To the layman this merely means that all of the station's inputs and lines, such as mikes, turntables, tape recorders and remote lines, can

old equipment to this newer and, (See WKNC Improvements, page 8)

Campus Crier

There will be a meeting of the College Union Checker Club Monday, February 20, at 7 p.m. in the College Union. All persons who are interested in tournament play or playing "just for fun" are urged to attend.

All students who are interested in joining the WKNC staff are invited to meet Tuesday, February 21, in the station lounge, Room 316 of the 1911 Building.

Comments From The Editor Valuable Lesson

The periodic appearance of reports from the Judicial Department concerning violations of the Honor Code has not gone without notice. The publication of such reports in *The Technician* is part of the effort to keep the student body as a whole informed of the actions of the Student Government. Good communications between State students and their elected representatives is essential, of course, to maintain the effectiveness of the student organization.

Information regarding the Honor Code should be of particular interest to the individual student; this standard has a significant bearing on his college experience in both direct and indirect ways. Each State man is indirectly under the influence of the Honor Code at all times. More tangible consequences of the Honor System are noted in the Student Government reports mentioned above.

College, it has been said many times, is a training ground for the life which lies ahead. But it is more. *The college period is in itself, an experience in living.* The rules governing our campus civilization are of necessity the same as those of the society for which we are preparing ourselves. A student who fails to measure up to this standard has failed to gain an integral part of the education toward which he is striving.

In a group as large as the State College student body, it seems likely that there will always exist a small number of spineless souls who refuse to accept for themselves the principles outlined in the Honor Code. The story of how these students find out the hard way that they are off base is not a pleasant one. One minute of thoughtlessness, carelessness, or neglect can buy them many hours of regret.

Inevitably, a few of those who have nothing but disrespect for the Honor System pass through the mill unenlightened. They, too, are unfortunate; they have missed a valuable lesson which will have to be learned elsewhere at another time.

Some of the dishonest actions recorded in State students' files border on the ridiculous. But they are far from funny now to the student whose record has been so marked. And the diaster is in many cases the result of a moment of weakness.

Other Code violations appear deliberate and premeditated. Some of the acts of moral weakness reflect the attitude of a hardened criminal. Among the 6000 men of State College, there are many different types of character, to be sure.

The situation has a paradox, however. The successful students, who possess a mature sense of values, may suffer from the stigma placed on the group as a whole because of the conduct of one individual. They come out on top, however, because the man of integrity has found the true key to life.

The Moment

the bomb fell
as in the rain soaked wood
a fawn stood up
for its first attempt on spindly
anxious legs and a rapt doe
stood nearby wondering and hoping
and hoping
and a child stood in a faraway corner
scolded for picking his nose
without permission
and miles tooted his birdlike horn
turning to be seen and applauded
for the first time
and somewhere in a bordello
business was had
because of the PTA meeting
just down the way a bit
and a salvation army band
picked up the nickels on the drum
and somebody stumbled upon the lost chord
only to find that it was unplayable
and a filter cigarette was lit
at the wrong end

and some strange guy in some strange place
said time is of the essence
but how could he really know
and snows started a new fresh spring
on a high hill in India
and the leaning tower
straightened up and flew right
and two men of reasonably high esteem
took pot shots at one another
with hot air rifles
and simple people doted
while intelligent people quoted
their dotings
and a stirring elegy was written
'or a spoon
and in a hot little room
someone whispered three
hot little words
but a big ugly bear
simply smiled and said
loudly enough so that everyone could hear
we're first in everything

YMCA Sponsors Discussion On Time Use For Freshmen

By Allen Lennon
The first meeting of the newly formed Freshman Dinners' Club, sponsored by the N. C. State YMCA, was held Tuesday night in the North Parlor of the King Religious Center. Approximately 45 freshmen assembled for this first of a series of four such weekly dinner meetings.

The session was opened by Burnette Blakely, who led the group in prayer. After a delicious chicken dinner served by the women of St. Paul's Christian Church, Resal Craven, freshman chairman of the YMCA, welcomed the members of the club and explained that the purpose of the club is to present and discuss some of the problems and responsibilities faced in the first year at college. The speakers for the evening, Dr. Kingston Johns, Assistant Director of Counseling, and Dr. Robert A. Douglas, Associate Professor of Engineering Mechanics were then introduced. The Rev. Thomas Johnston served as coordinator for the discussion which followed the speakers' opening remarks.

The topic for consideration was announced as "The State Student and His Use of Time," and the principal question posed as "Is the problem one of self-discipline or knowledge of what activities are most important?" In his opening remarks Dr.

Johns asked if the average State College student was getting back the true value of the time he spends and whether he is willing and able to spend the time necessary for a college education. Dr. Johns also proposed the cultivation of the habit of scheduling one's work and budgeting time in accordance to the value to be received. He pointed out that organization, discipline, and good habits are real factors in building confidence and success.

Dr. Douglas held the opinion that scheduling might help borderline students; but stated that, by itself, it was not enough. He brought out that the human mind is lazy and must often be forced to work at its full capacity. He also presented the ideas that students will do their best work when under pressure, that strict scheduling may result in merely "putting in time" rather than true study, and that the better student will comprehend a principle rather than memorizing it. He considered these areas as being more important than scheduling.

Rev. Johnston then opened the meeting for any discussion or questions. During this period the factor of motivation and the importance of extra-curricular activities were discussed by the group. The variation of opinion continued throughout the dis-

New Exchange Program To Germany Planned

North Carolina State College has an arrangement for an exchange of students with the Technische University of Hannover, Germany, beginning in the school year of 1961-62. The Hannover institution (in German, the Technische Hochschule Hannover) offers advanced study in natural sciences, all branches of engineering, and architecture. It is recognized as an outstanding institution in these fields.

The Technische Hochschule has submitted the application of one of its students to receive a graduate assistantship to study here in the School of Engineering. In return, a similar arrangement covering tuition, room, board, and other necessary expenses, is available to a North Carolina State College

student who will have completed his bachelor of science degree by the end of this year. Candidates for the award should expect to be able to follow lectures in German, by the time studies in Germany are due to begin, in October 1961. Further information may be obtained from Dr. Lyle B. Rogers, 201 Holladay Hall, and applications will be filed with him.

Dr. Robert G. Carson, Jr., Director of Instruction in the School of Engineering, Mr. N. W. Conner, Director of Research in the School of Engineering, and others of the Engineering staff have been instrumental in arranging the details of State College's share in this exchange.

Fraternity Flashes

The scholarship chairmen of the various fraternities on the State campus are anxious to find out how the fraternity averages for last semester stack up against the college all-men's average. Rumors have been heard which indicate that the 'abors of the student body were not rewarded as highly last semester as they have been in the past few terms. Although I haven't heard any official word, the all-men's average is predicted to be unusually low. It is hoped that the all-fraternity average will, as has been the tradition, remain above the campus median.

For those unlucky houses which slip below the magic five-decimal-pointed number, it could mean a bleak social outlook for

the next semester or two. Because of certain restrictions which are imposed in an effort to encourage high scholastic achievements, parties would be limited and approval would be cancelled at the girl's schools.

After reading Alan Altman's letter in Monday night's issue of this paper, I would like to encourage him and the members of the social committee, and ask that the other fraternity men look forward to the Spring IFC weekend with the attitude that it will be a big success. Joni James and Elgart have proved to be a smash before and will go over just as big this April.

Theta Chi started the semester by enjoying their first planned party along with rush this past weekend. The weekend was very successful. It began with a jukebox party on Friday night followed later in the night (nor should I say earlier in the morning) by a stag party. Saturday night's combo party rocked with the Calatina Combo until around mid-night. A impromptu juke-box session followed until early Sunday morning.

The next session in the series will deal with "The State Student and his personal ethics" and will feature Professor William N. Hicks and Dr. Burton F. Beers.

College Union Fan Throws A Bouquet

To the Editor of
The Technician:

Two years ago, in almost every issue of *The Technician*, there was to be found an article or letter complaining about the College Union. Last year this was more or less toned down by excellent columns informing the students about the College Union.

Early this year there was an open meeting discussing the budget of the College Union, to which the students replied by showing up and learning something about the organization of the College Union. Today there is a general reversal of attitude toward the College Union.

In the Jan. 11 issue of *The*

Technician, I read a very informative and complimentary article about the Library Committee, Inc. Two years ago, this letter could not have been printed because of the general attitude against the College Union. I believe the entire student body owes a debt of thanks to Stan Timberlin and Nick Ardito, passed President and Vice-President of the College Union respectively, for these two were very much responsible for the improvement of the attitude toward the College Union. I believe a small amount of investigation will show that the rest of the College Union Committees have excellent programs also.

Symphonic Band Announces Concert Tour Schedule

The North Carolina State College Symphonic Band, composed of 80 pieces, will open its 1961 concert tour with a program in the State College Union Ballroom Friday, February 24, at 8 p.m.

Conductor of the band is Donald B. Adcock, acting director of bands at the college.

In addition to the performance at State College, the concert schedule follows:

Monday, February 27—R. J. Reynolds High School, Winston-Salem, at 9:30 a.m.; and Concord High School at 8 p.m.

Tuesday, February 28—Concord High School at 8:30 a.m.; Wadesboro High School at 2:30 p.m.; and Monroe High School at 8 p.m.

Wednesday, March 1—Monroe High School at 8:30 a.m.; and Bladenboro High School at 2 p.m.

Selections to be included in the band's tour repertoire are:

Arioso—Williams; Universal Judgement—De Nardis; New World Symphony, Finale—Dvorak; The Impresario, Overture—Mozart; Psyche and Eros

—Franck; Pines of the Apian Way—Respighi; Suite of Old American Dances—Bennett; Valzer Compestre—Merrinuzzi; Sequoia—La Gassey; March, Op. 99—Prokofiev; Irish Washerwoman—Anderson; and La Virgen De La Marcarena—Mendez.

In addition, the tour repertoire will include several special compositions and military marches.

Leon Jordan of Raleigh and Kenneth Mills of Greensboro will be featured in trumpet and alto saxophone solos, respectively. Jordan will render Whitney's "Introduction and Samba," and Jordan will perform Williams' "Concertino."

Following are the band members and the instruments they play:

E flat flute—Bob Deaton, Morganton; and Thomas Stephens, Lenoir.

C flute piccolo—Tom Jones, Brevard; Sophronia Williams, Raleigh; Rick Williams, Fayetteville; Walton Gregory, Raleigh; Ralph Daniel, Greensboro; and Bill Brantley, Raleigh.

B flat clarinet—Charles Duke, Canton; Robert Frazer, Charlotte; Brooks Breeden, Fayetteville; Frank Zigler, Raleigh; Edward Langston, Raeford; Robert Davis, Winston-Salem;

John Gifford, Vero Beach, Fla.; Bob Wiggins, Cary; Neal Oerter, Winston-Salem; Kenneth Teal, Rockingham; David Swain, Raleigh; Ronald Yokely, High Point; Milton Mills, Morrisville; Larry Cotton, Roanoke, Va.; George Heeden, Wilson; and Maurice Partin, Kinston.

Alto clarinet—Tom Ward, Raleigh; and Boyce Staton, Wilmington.

Bass clarinet—Ken Suessman, Baldwin, N. Y.; George Stubbins, Greensboro; and Weaver Lineberry, Randleman.

Contra-bass clarinet—Ray McCrary, Lexington; and Willard Barbee, Raleigh.

Oboe—Nancy Becton, Asheville; and Charles Sanderson, Erwin, Tenn.

Bassoon—Jack Bouknight, Charleston, Ill.; John Buchanan, Boone; Plato Watts, Florence, S. C.; and James Strawbridge, Durham.

Alto saxophone—Kenneth Mills, Greensboro; and Troy Ammons, Burlington.

Tenor saxophone—Heyward Prince, Inman, S. C.

Baritone saxophone—Hugh Durham, Hendersonville.

French horn—Steve Seawright, Charlotte; David Miller, Greensboro; Milton Holt, Burlington; Marvin Everett, Robertsonville; Dale Edwards, Wilmington; Donne Dekle, Matthews; Tyson Swain, Burlington; and David Metz, Huntington,

Cornet—Horace Sher, Durham; Ben Sloan, Waynesville; Leon Jordan, Raleigh; William Coutouzis, Fayetteville; Gerald Hill, Dublin, Ga.; Toney Lanier, Wilmington; Charles Coble, Burlington; and Mariott Brosius, Statesville.

Trumpet—Jesse Barbour, Raleigh; and Allen Lennon, Morganton.

Trombone—Harry Tune, Morganton; Richard Freeman, Charlotte; Perry Youngblood, Huntersville; Tommy Holladay, Thomasville; and Robert Fleming, Fuquay Springs.

Bass trombone—Howard Bryan, Winston-Salem; and Carlos Williams, Fayetteville.

Baritone—Gary Walker, Lenoir; John Davis, Greensboro; Kenneth Rix, Asheville; and Mike Wagoner, Greensboro.

Bass tuba—David Teague, Granite Falls; Lee Rowley, Croton, N. Y.; William Craft, Rutherfordton; Luther Lehw, Smithfield; and Marsh Knott, Wendell.

String bass—Ray Ellington, Burlington.

Percussion—Russell Cook, Cresskill, N. J.; James Norville, Rocky Mount; Sidney Herrington, Williamston; and Herbert Sanborn, Richmond, Va.

Tympani—Page Basheer, Richmond, Va.

Concert commentator—Richard Shannon, Laurinburg.

CU Committee Promotes International Relations

If you have ever had the experience of living in a foreign country for any length of time, you know the barriers which confronted you daily and you know the importance of friendship extended to you. One of the main purposes of the College Union International Committee is to get to know students from other countries, their way of life and culture. From this endeavor, the members of the Committee hope that a better understanding and tolerance of

cultural differences will come forth through an exchange of experiences and ideas.

Many students have the idea that the International Committee is for foreign students only. This is not true. The main purpose of the Committee would be lost if there were no American students to share in this exchange of ideas and to express an interest in the welfare and adjustment of foreign students on our campus.

Three years ago, the College Union International Committee was organized and it has been progressing ever since. More programs are being offered for the students including movies, folk festivals, picnics and dances. This year, the Committee has already presented two picnics off campus; a folk festival, a talk by Raleigh's Community Ambassador to Turkey; an International Fashion Show; the film, "Bicycle Thief;" and two documentary films. In addition to these programs, the Committee will sponsor a Folk Festival on February 21, with a group of sixteen Latvians from Washington, D. C., presenting their native dances and songs; a French movie, "Les Enfants Terribles," on February 22; a documentary film on March 22; a dance on April 22; and a movie on May 10.

Whether or not you except sometime during your life to (See CU PROMOTES, page 6)

Air Society Initiates Twenty

Twenty new members were recently formally initiated into the Arnold Air Society. These new members are: James C. Barbot, Elliott B. Barnes, Jr., Neil F. Blake, Nevette M. Carpenter, Charles O. Cox, James D. Cutter, Frank V. Turner, H. Thomas Banks, E. C. Franklin, James W. Carpenter, George A. Catherwood, William H. Crawford, Jerry M. Davis, James R. Harper, Henry L. Joyner, Jr., William A. Lucas, J. Allen Proctor, Omar R. Wiseman, Roy W. Yount, Carson Smith, Jr.

The initiation ceremony was conducted by Cadet Major Allan C. Hathecock squadron commander directly after an address by Colonel Robert C. Paul the PAS and squadron adviser. Colonel Paul then presented the new members their fourrageres. The initiation was attended by several AFROTC cadet officers.

The pledge project of these new members was two fold; they helped the Salvation Army one complete day and also built an AAS shield in a glass case with a light to give a three-dimensional effect. About 350 cans of food and 20 toys were turned in by the pledges and was given to two needy families in Raleigh.

STATE ALUMNUS HEADS ALLIS-CHALMERS DEPT.

M. M. York, former Raleigh resident and North Carolina State College graduate, has been appointed director of industry co-ordination for the Industries Group of the Allis-Chalmers Manufacturing Company, Milwaukee, Wis.

York was graduated from State College in 1939 with a B.S. degree in electrical engineering.

Fraternity Row Design Work On Houses And Sites Begins

Site planning and design work on North Carolina State College's new \$1,800,000 fraternity housing center are now underway.

College authorities said today that the work involves various design and site planning problems and will require some time for completion. Preliminary drawings then will be drafted and submitted to the college administration and trustees for final approval.

J. J. Stewart, Jr., dean of student affairs, estimated that the entire project will be completed and will be ready for occupancy by the fall of 1962.

Announcement was made last December that the Community Facilities Administration has approved a loan of \$1,800,000 to State College to build 12 units in a modern fraternity housing

project. The facilities will accommodate 500 students who now reside in fraternity houses located in Raleigh's residential areas.

The housing units will be built on State College land, south of Western Boulevard in the vicinity of the College Inn Motel. The wooded area of about 16 acres will be attractively landscaped.

J. G. Vann, business manager of State College, said at that time the college has been working toward obtaining the loan for about two years.

Twelve Units After the 12 initial units are constructed in the project, plans call for the erection of at least 10 more units in future years.

G. Milton Small and Associates, Raleigh architects, have been commissioned to design the

fraternity center.

It will mark the first time that the college's 18 social fraternities will be located in the same general area and will have adequate housing facilities.

Of the college's 18 fraternities, 15 had indicated interest in moving to the new development.

The 12 fraternities that are planning to build are:

Alpha Gamma Rho, Kappa Alpha, Kappa Sigma, Lambda Chi Alpha, Pi Kappa Alpha, Phi Kappa Tau, Sigma Alpha Epsilon, Sigma Alpha Mu, Sigma Chi, Sigma Nu, Sigma Phi Epsilon, and Tau Kappa Epsilon.

The State Board of Higher Education and the Advisory Budget Commission approved the financing plan and the construction of the units at a meeting in November, 1959.

No Cost to State

College authorities pointed out that the fraternity construction will not cost the institution or the State of North Carolina, a single cent. It will be a self-liquidating project that will be amortized over the years by the individual fraternities.

In 1939, a group representing the National Interfraternity Council, acting at the request of State College, surveyed the college fraternity situation and reported the fraternity members were "living under unsafe and unsanitary conditions."

The survey group stated that "nothing short of rebuilding most of the houses would prove completely satisfactory" and recommended that the college build special units for the fraternities.

STOP COOL WARM MORE SLOW FAST OFF

CONTROL SYSTEMS:
ORDERS FROM A COMPUTER
NOW CONTROL
GIANT OIL REFINERY UNIT

Every 24 hours, the world's largest distillation unit separates crude oil into ten different categories which end up as six million gallons of finished products.

This involves continual monitoring of 196 instruments, followed by precise balancing of controls. To operate at peak efficiency, control directions are changed seventy-two times daily to compensate for a multitude of variables.

The IBM computer that recently took over this job now reads the instruments, makes the calculations, and issues the orders for the control changes. It is guided in its work by 75,000 instructions stored in its electronic memory.

Just a few years ago electronic control of such a complex

industrial process would have been impossible. But such is the progress in computer systems that in the sixties it will become commonplace.

This dramatic progress means exciting and important jobs at IBM for the college graduate, whether in research, development, manufacturing, or programming.

If you want to find out about opportunities in any one of these areas, you are invited to talk with the IBM representative. He will be interviewing on your campus this year. Your placement office can make an appointment. Or write, outlining your background and interests, to: Mgr. of Technical Employment, Dept. 898, IBM Corp., 590 Madison Ave., New York 22, N. Y.

2. Deposit your completed entry in the Lorillard Campus Sweepstakes entry boxes.

All entries must be on deposit before: Midnight, March 31, 1961. There will be a random drawing in which the prize

winners will be selected in consecutive order. Drawing will be held under the supervision of the college newspaper staff. Enter as many times as you want. Only one prize per contestant. Entrants need not be present at drawing to win.

3. Lorillard Campus Sweepstakes is open to all students and faculty members of this school.

4. Lorillard Campus Sweepstakes is subject to all Federal, State and Local Laws.

5. Students and faculty whose immediate families are employed by the P. Lorillard Co. or its advertising agencies are not eligible.

Lorillard Sponsors Sweepstakes For Color TV Set

The P. Lorillard Tobacco Company, makers of Old Gold, Kent, Newport, and Spring cigarettes, has announced a new college Campus Sweepstakes in which any State College student or faculty member can win a brand new RCA Color Television set or any one of the following prizes: an RCA Portable Stereo, a Royal Portable Typewriter, a Polaroid Land Camera, and an RCA transistor Clock Radio. The contest begins immediately and will run for six weeks closing at midnight, March 31, 1961. Winners will be chosen by a random drawing to be supervised by the Technician staff, and will be announced later.

Students and faculty may enter as many times as they like by printing their name and address on the back of any of the P. Lorillard cigarette packs and depositing them in one of the Sweepstakes entry boxes located on and around campus.

All prizes will be on display at the Students Supply Store. See the advertisement in this issue for further details of the Lorillard Sweepstakes. This particular sweepstakes is open to the students and faculty of this campus only, so you have an excellent chance to win one of these fine prizes.

Spring Evening Classes Set; Enrollment High

A group of 585 residents of Raleigh and vicinity enrolled for a new series of evening classes which opened Monday night at State College, officials reported Tuesday.

The enrollment is expected to climb throughout the week as new classes in the spring semester series hold their first sessions.

Total registration for the 51 classes in the evening series is expected to top the record-breaking 910 students who enrolled for the night classes offered last fall.

Students may continue to register at the class meetings this week and also at the offices of the college's Extension Division in Room 115 of 1911 Building. The office is open daily from 8 a.m. until 5 p.m.

Most classes in the new series will meet once each week for a three-hour session during the 15-week spring semester.

Among those enrolling for the new classes are professional personnel in the unique Research Triangle Park and members of their families.

The schedule of classes for the remainder of the week and their meeting places follow (unless otherwise noted classes will meet at 7 p.m.)

Wednesdays—Business law I, 11 Peele Hall; Latin America, 102 Winston Hall; public administration, 222 Winston Hall; industrial psychology I, 112 Tompkins Hall; current social problems, 208 Peele Hall; industrial arts, 6 Tompkins Hall; and personal adjustments and human relations, 5 Peele Hall.

Thursdays—Economics, 114 Peele Hall; composition, English 111, 207 Winston Hall; the novel, 5 Winston Hall; public finance, 222 Winston Hall; human behavior, 203 Peele Hall; art (drawing), 205 Brooks Hall; photography for amateurs, 6 Ricks Hall; and production and prices, 12 Peele Hall.

Saturdays—Driver education. (See EVENING CLASSES, page 2)

ENTER TODAY! Contest closes midnight, March 31, 1961. Date of drawing to be announced.

STATELINE

By
EARL MITCHELLE

In just a few more weeks it will be time for the "cage experts" to put their heads together and come up with an All-ACC basketball team. The top four positions on the team are all but locked away in the bank right now.

Sure bets to land on the first team are York Larese, Doug Moe, Len Chappell, and Art Heyman. From here on down the list, the voters will have to think a couple of minutes before making a decision. The fifth spot on the first team will be a toss up between Billy Packer, Howard Hurt, and Carroll Youngkin.

After these boys you can probably look for the names of Alley Hart, Choppy Patterson, Art Whisnant, Tony Laquintano, Ken Rohloff, Stan Niewierowski, Bob Di-Stefano, and Bruce Kelleher.

The first four players on the first team, Larese, Moe, Chappell, and Heyman, are four of the best basketball players in the nation. There is no doubt that all four of them will be prime candidates for All-American selections for this season. Larese, Moe, and Chappell have been in the national spotlight before, but this is Heyman's first year in the collegiate circle. Both Larese and Moe will be number one choices for the pro ranks, while Chappell will be around for another year and Heyman will be in the ACC for two more years.

The fifth spot on the first team will, more than, likely, be determined by the way the teams finish up the season. If Duke finishes the season in a blaze of glory, then the fifth spot will go to either Hurt or Youngkin. On the other hand, if the Deacons finish up the seasons with wins, then Packer will probably be the choice. We would vote for Hurt to get the last spot on the first team. Hurt may not be the offensive giant that the other four are, but he is a good player in all phases of the game.

In spite of the fact that Carolina will not be in the ACC Tournament, it looks like the tournament is going to be more of a success than was expected when the Tar Heels dropped out. The recent rash of upsets in the conference have thrown new light on the subject.

With South Carolina's recent upset wins it looks like the second division teams in the ACC could offer a little more competition to the top teams when March 2 rolls around than expected.

Idle Chatter: When Terry Litchfield missed those free throws against Maryland Monday night, it marked the first time that the State giant has missed from the charity line this year. Going into the Terp contest Litchfield had 18 straight free throws. On the poop sheet handed out to the press prior to the game there was a note stating Litchfield's prior record at the foul line and it was the first time that such a note had appeared on the sheet this season. Frank Weedon, State publicity director, said after the game that he almost decided not to put the little item on the sheet because it might break the chain for Litchfield. . . In some recent national statistics on the major college basketball teams, Ken Rohloff was listed as being the 18th most accurate shooter from the floor in the nation. Carroll Youngkin was listed as the number four man in this department and Bill Hull of Wake Forest was 19th. . . With basketball season just about over, footballs fill the air this Saturday as the Wolfpack opens spring drills with 80 candidates expected to be on hand. Heading the list of 80 will be All-American Roman Gabriel. Respite the fact that Coach Earle Edwards lost more than an average number from his first and second units of the 1966 team, the prospects for next season look bright indeed. . . In addition to scoring 21 points against Maryland Monday night, Ken Rohloff had eight assists.

Muehlbauer Shoots

Dutch Muehlbauer (52) puts up a shot against Maryland in State's 83-66 win Monday night. Muehlbauer had 21 points for the night. He got the first five points of the game for State and the last eight out of ten points of the game for State. (Photo by Hoey)

Crystal Ball Corner

This new weekend of basketball sends the Crystal Ball Corner into the homestretch. Only two more weeks of regular season action remains for most of the teams across the country as they go into the final preparation for the post season tournaments. A lot of individual conference winners hang in the balance of the results of the heated play which looms ahead. Then there are a few teams that must wait until their conference tournaments before they can be sure of a playoff berth in the NCAA tournament. In either case the basketball fan can expect to see all stops pulled this week.

As for the Crystal Ball Corner, they can only hope to hold on to the magic ball as it continuously swirls with the winners. In last week's games, Richie Williamson took a commanding lead in picking winners as he hit on 23 right and 7 wrong for the week. This gives him an overall record of 87-38 for a 70.2% average. Earl Mitchell and Jay Brame remained in a tie for second place with each getting 17 right and 13 wrong for the week. Their overall record is 79 right, 46 wrong for 63.2% average.

This week brings you another 30 games with another possible 30 winners:

Bragaw And SAM Claim Titles

Bragaw South and SAM won the intramural handball championships Tuesday night at Frank Thompson Gymnasium. Bragaw downed Berry 3-0, while SAM trounced SAE 2-1 for the fraternity crown.

In the singles play in the dormitory action Dick Reynolds beat Bob Patterson 2-0, while Joe Bushofsky trimmed George Adams 2-0. In the doubles play, the Bragaw team of Jake Shaffer and Charles Kayle shutout Ken Canady and Bill Webb 2-0. The Bragaw team did not allow the Berry team to win a single game in either the doubles or singles.

In the fraternity play, SAM, on the strength of a win in the doubles play, claimed their tenth intramural championship in 12 years of handball action. SAM's doubles team of Arnie Cohen and Alan Altman won their second doubles championship in two years in providing the winning margin for the SAM team.

Notice

Coach Paul Derr announced that all persons interested in participating in indoor track should report to him in Frank Thompson Gymnasium.

There will be a meeting of all student interested in playing freshman baseball this season in Frank Thompson Gymnasium on Tuesday, February 7 at 7:00 p.m.

U. S. 1 North

Cohen and Altman downed Jim Rhodes and Scoffer Jordan 2-0.

In the singles play Richie Williamson dropped Walt Brown 2-0, but Ted Ormsby of SAE stopped SAM's Mike Berkelhammer 2-0. The win for Williamson kept the junior's record spotless for two years handball competition. The doubles team of Cohen and Altman is also undefeated in intramural play for two years.

The win posted by Bragaw was the second straight championship for the new dormitory. Bragaw has only been in the handball competition for two years.

Cagers, Tankers Fall To Carolina

Spencer Sets ACC Mark In Freestyle

By Earl Mitchell
Sports Editor

Chapel Hill, N. C.—The North Carolina State swimming team took on the chin here Wednesday afternoon from the University of North Carolina by a 60-35 margin. As a result of the Tar Heel win, three teams tied for first place in the ACC race for the year.

The setback here was the first loss that the State team has suffered in conference action. After losing to Carolina, State dropped into a first place tie with Maryland and Carolina. Each of the three teams has suffered one defeat during the 1960-61 campaign. If State had won the contest here today they would have claimed the undisputed championship of the ACC.

Ed Spencer and Pete Fogarasy paced the State tankers in their scoring. Spencer set a new Atlantic Coast Conference record in the 400-yard freestyle event when he negotiated the distance in 4:14.6, which bettered the old mark of 4:20.6 set by Carolina's Harry Bloom. In addition to winning the 400-yard race Spencer also grabbed the blue ribbon in the 200-yard freestyle event in a time of 1:56.6.

Fogarasy was the other double winner for the Wolfpack. The big Hungarian came in first in the 200-yard individual medley relay and the 200-yard breaststroke, his specialty. Fogarasy covered the medley distance in a time of 2:13.9 and had a time of 2:25 in the breaststroke event.

Carolina set an ACC record of their own in the 400-yard medley relay. The Tar Heel team of Jim Huffman, Bob Briggs, Harry Bloom, and Bob Bilbro posted a time of 3:51.7 in the event to top the old mark of 3:54 held by Maryland.

UNC got off to a fast start and pushed out to a 31-12 lead by the end of the fifth event. They added three more blue ribbons before Spencer copped a first in the 400-yard freestyle. State took first place in the two remaining events to determine the final score of 60-35.

As far as first places were concerned, the two teams finished the meet on just about an even basis. Carolina grabbed six first spots to five for State. In addition to the double wins by Fogarasy and Spencer, the Wolfpack picked up a blue ribbon in the 400-yard freestyle relay. Swim-

Pack Leads At Half; Muehlbauer Bags 21

11 stray shots. Ken Rohloff had seven rebounds.

Woolen Gymnasium, Chapel Hill, N. C.—The University of North Carolina was forced to come from eight points behind at intermission to beat North Carolina State 62-56 here Wednesday night. The deciding factor was probably the technical foul called on State with about five minutes left in the game.

The Tar Heels blew a one-point lead up to a three point margin with a little less than five minutes to play. State took the lead at 50-49 on a basket by John Pungner with about six minutes remaining in the game. Jim Huddock of the Tar Heels promptly dropped in two free throws to extend the lead for the Carolina five to 51-49. Huddock was fouled again and the State protest was violent enough to warrant a technical being called. Huddock dropped in his two tosses and York Larese put in the technical toss to give the Carolina cause a shot in the arm. Now leading 54-50, the Carolina team had all-important ball possession.

After both a Carolina and a State scoring effort failed, Larese popped in two charity throws to push the UNC lead to six. Dutch Muehlbauer got a bucket and then Moose DiStefano pushed two free throws down to cut the Tar Heel lead to two. Larese got a field goal and Moe put in two foul shots before DiStefano dropped in a bucket, but by this time, the time ran out on the Wolfpack with Yogi Poteet getting a lay-up just as the game ended.

Huddock was the top scorer for Carolina with 17 points, 11 of which came from the charity line. Larese had 16 points and Poteet had 14. Moe and Huddock dominated the rebounding game for the Tar Heels with Moe grabbing 13 and Huddock snatching 11. In the overall rebounding picture State held the margin 38-36.

In the shooting ranks, State threw in 23 shots from the floor out of 53 attempts for a 43.4% mark. Carolina, on the other hand, hit on 21 of 58 shots from the floor for 36.2%. The UNC team beat the State team at the foul line by a considerable margin. Carolina hit on 20 of 28 tries, while the Pack had 10 of 18 to drop. The foul line was a big contributing factor to the Tar Heel win.

Suspension Holds

CHARLOTTE, N. C., Feb. 15 (UPI)—The Executive Committee of the Atlantic Coast Conference today upheld a ruling by ACC Commissioner James Weaver which suspended a Duke and two North Carolina basketball players.

The committee's action kept North Carolina's Don Walsh and Larry Brown out of tonight's game with N. C. State. Neither player was allowed to wear a basketball uniform to the game or sit with the team.

Notice

There will be a meeting of all persons interested in playing varsity of freshmen tennis at Frank Thompson Gymnasium, February 21 at 7:30 p.m. Coach John Kenfield stressed that it is important that all interested parties should be present for this meeting.

In the freshman game between the two schools, Carolina, on the strength of a second half scoring spree, downed the Wolflets 85-70. Leading at halftime 47-37, the Tar Babies kept the pace fast and moved five points more into the lead.

Art Katz and Bryan McSweeney led the Carolina scoring with 19 points apiece. Following these two boys were Jim Fisher and Mike Cooke with 17 points each. Watts Carr had 15 points.

For State the leading scorer was Ronnie Erb with 17 points. Erb's 17 tallies came on six field goals and five free throws. Second in the scoring was Mike Pellegrino with 14. John Planky had 11.

Attention Administration! It is still not too late to adopt the new curriculum I have outlined below. This would put State College on an equal par with other institutions which offer degrees in such useless things as the following.

Department of Philosophical Engineering
Dean—John H. Lightbulbie
Instructors—K. P. Honsun
R. E. Phaydom
G. B. Hogley
E. M. Shunburn

Courses—
PHENG 101 Introduction to Failing Grades
PHENG 201 Aristumble and

his principles
PHENG 202 The Hell-with-it Theorem and its applications
PHENG 301 Fundamental Concepts of Absurdity
PHENG 302 Advanced Plagiarism
PHENG 401 Research in Radicality
PHENG 402 Stupidity Seminar Plus the following electives—
PHENG 205 Dopey Doings
PHENG 206 Silly Sayings
PHENG 207 Elementary Shaftology
PHENG 306 Advanced Masturbation (with lab)
Prerequisite—PHENG 305 Intermediate Arrhythmic

North Carolina State Student Affairs Bulletin

IMPORTANT DEADLINES IN FEBRUARY:

February 17—Last day to add a course
February 24—Last day to drop a course without failure
February 10—Was last day to register for the spring semester and for withdrawal with refund of tuition and fees.

ID PHOTO CARDS—Any student who does not have an ID photo card should report to 3 Ricks Hall not later than February 17 in order to have an ID picture made. No pictures will be made after this date.

IMPROVEMENT IN READING: (Educ. 1). Four sections of training for beginners and two advanced sections will be offered this term, with all classes starting next week (week of Feb. 13). Classes meet once a week. This training, directed by Dr. Paul Rust, has assisted many students in doubling their reading rates while at the same time maintaining or improving reading comprehension. Improvement in this important skill can have a beneficial effect on grades obtained in regular courses and can reduce study time. The classes are non-credit. Students may register at the first meeting of a section.

Section 1 Mondays—2 p.m.—111-B Tompkins (advanced group)
Section 2 Tuesdays—10 a.m.—111-B Tompkins
Section 3 Tuesdays—11 a.m.—111-B Tompkins
Section 4 Wednesdays—2 p.m.—111-B Tompkins (advanced group)
Section 5 Thursdays—9 a.m.—111-B Tompkins
Section 6 Thursdays—10 a.m.—111-B Tompkins
Students with one semester of reading training, faculty, and staff members may enroll in these sections.

INSURANCE FOR NEW STUDENTS—Accident and Sickness Insurance is available to students entering State College at this registration. Coverage until September, 1961, at a premium of \$6.25 for single students, \$12.50 for the student and spouse, and \$21.00 for the student, spouse and children. Enrollment forms available at College Infirmary or 201 Holladay Hall. Dead line February 15. Foreign students are required to enroll in this or comparable insurance plan and should report their enrollment to 201 Holladay Hall.

WKNC Improvement

(Continued from page 1)
be handled with much greater versatility than ever before imagined. The main benefit to you, the listener, is that WKNC is now able to broadcast a quality high fidelity signal to the area it now serves, namely State College and Peace College.

This new control board replaces a board which was designed and built by members of station engineering staff in the summer of 1952. At the time of

its construction, the old console was a masterpiece of engineering. Changing times and the rigors of old age finally relegated this board to the point of obsolescence which it endured for a period of several months until its replacement by the new Gates. Students interested in working with this new equipment should refer to meeting notice posted in the Campus Crier section of this paper.

On Campus with Max Shulman
(Author of "I Was a Teen-age Dwarf", "The Many Loves of Dobie Gillis", etc.)

"THE SLOW RUSH"

Illustrated below is the membership pin of a brand-new national fraternity called Signa Phi Nothing. To join Signa Phi Nothing and get this hideous membership pin absolutely free, simply take a pair of scissors and cut out the illustration and paste it to your dickey.

Let me hasten to state that I do not recommend your joining Signa Phi Nothing. The only thing I recommend in this column is Marlboro cigarettes, as any honest man would who likes a filtered cigarette with an unfiltered taste, who yearns to settle back and enjoy a full-flavored smoke, whose heart is quickened by a choice of soft pack or flip-top box and who gets paid every week for writing this column.

It is difficult to think of any reason why you should join Signa Phi Nothing. Some people, of course, are joiners by nature; if you are one such I must tell you there are any number of better organizations than Signa Phi Nothing for you to join—the Mafia, for example.

But if you should join Signa Phi Nothing, let me give you several warnings. First off, it is the only fraternity that admits girls. Second, there is no pledge period; each new member immediately goes active. Perhaps "inactive" is a more accurate term; there are no meetings, no drives, no campaigns, no sports, no games, no dues, no grip, and no house.

The only thing Signa Phi Nothing has that other fraternities have is a fraternity hymn. In fact, two hymns were submitted

"I DON'T THINK THERE'S ANY END TO THE OPPORTUNITY IN THIS BUSINESS"

When Gene Segin got his B.S. in Business Administration at the University of Illinois, he was in touch with 8 prospective employers.

Gene joined Illinois Bell Telephone Company because: "The people I talked to here made it very clear that I would not be shuffled into some narrow specialized job. I thought this job offered the greatest opportunity for broad experience."

On his first assignment Gene was sent to Springfield where he conducted courses in human relations for management people.

His next move was to a traffic operations job in Rock Island. On this assignment he was in charge of all personnel who are directly responsible for handling telephone calls in this heavily populated area. Here Gene earned a reputation for sound judgment and skill in working with people. He was promoted to Traffic Supervisor.

Today, Gene's chief responsibilities are in management training and development, and company-union relations. The latter includes contract bargaining and helping settle labor disputes.

How does Gene feel about his job? "It's a real challenge. I'm in some of the most vital and interesting work in the country." And about the future—"Well there aren't any pushover jobs around here. It's tough. But if a man has what it takes, I don't think there's any end to the opportunity in this business."

* * *

If you're looking for a job with no ceiling on it—a job where you're limited only by how much responsibility you can take and how well you can handle it—then you'll want to visit your Placement Office for literature and additional information on the Bell Companies.

"Our number one aim is to have in all management jobs the most vital, intelligent, positive and imaginative men we can possibly find."

Frederick R. Kappel, President
American Telephone & Telegraph Co.

BELL TELEPHONE COMPANIES

to a recent meeting of the national board of directors (none of whom attended). The first hymn goes:

Hotcha, boop-boop-a-doop,
Mother's making blubber soup.

The second hymn is considerably longer:

A Guernsey's a cow,
A road is a lane,
When you're eating chow,
Remember the mein!

Pending the next meeting of the national board of directors, which will never be held, members are authorized to sing either hymn. Or, for that matter, *Stardust*.

Perhaps you are asking why there should be such a fraternity as Signa Phi Nothing. I will give you an answer—an answer with which you cannot possibly disagree: *Signa Phi Nothing fills a well-needed gap.*

Are you suffering from mental health? Is logic distorting your thinking? Is ambition encroaching on your native sloth? Are your long-cherished misapprehensions retreating before a sea of facts? In short, has education caught up with you?

If so, congratulations. But tell the truth—wouldn't you like to make an occasional visit back to the good old days when you were not so wise and composed and industrious—when you were, in fact, nuttier than a fruitcake?

If you pine for those old familiar miasms, those dear, dead vapors, join Signa Phi Nothing and renew, for a fleeting moment, your acquaintance with futility. We promise nothing, and, by George, we deliver it!

© 1961 Max Shulman

We, the makers of Marlboro, promise smoking pleasure and we think you'll think we deliver it—both from Marlboro and from our new unfiltered king-size Philip Morris Commander. Welcome aboard!
