## Promises Improvement

### Tolson Issues Platform Asks Student Support

"I fully believe that any man seeking the office of President of Student Government on this campus should, first of all, be ready and willing to serve the student body to the utmost of his abilities. Secondly, I believe this man should recognize the responsibilities that he is asking to be given, be willing to live up to these responsibilities, and be mindful of the best interests of the entire student body at all times. Last, but certainly not least, I am firmly convinced that any candidate should be willing to state exactly what he believes in to the students in the form of a platform.

I would like now to restate the main ideas in my platform for you.

I believe that immediate steps should be taken to strengthen the Judicial Department on our campus. I propose to do this by:

1. Promoting programs that will insure complete understanding of both the Honor Code and the Campus Code by all students.
2. Promoting studies to determine the feasibility of not signing a pledge after all quizzes.
3. Insuring greater faculty response to the ideals of the Honor Code.

"I also feel that student-faculty relationships are worse than they have ever been. I feel that it is necessary to improve these relationships in order to insure wholesome campus spirit. I would like to promote programs on our campus that will improve these relationships.

"Students at N. C. State are blessed with one of the finest cultural events in the country in The Friends of the College. However, I am concerned that often times the cultural side of college life is neglected. Therefore, I pledge to work diligently to bring more cultural programs to our campus and to make them readily available to all students.

"North Carolina State College today has one of the finest campuses in the country. However, I feel that we should always strive to constantly improve and beautify it. I would like to pro-

mote programs to aid in this beautification process aimed at these particular areas.

1. Removal of campus fences
2. Improvement of certain sidewalk areas.

"I have for three years now been fortunate enough to work with the New Student Orientation program. I here and now pledge continued support of this very fine program, and pledge to see constant improvement in it. The areas I would like to promote improvement in are:

1. Student-faculty advisory system.
2. More emphasis on the Honor and Campus Codes to new students.

"Often students do not know exactly what is going on in Student Government due to inadequate coverage of legislative action. I feel that all students should have complete knowledge of what is happening in the Student Government. Therefore, I would like to promote the following programs:

1. Constant newspaper cover-

(See Tolson, page 3)

### Jim Jones Nominated For S G Veep Office

Jim Jones gave the following statement to The Technician: "As the time draws nigh for us to cast our vote for next year, I would like to clarify a few points.

"The responsibility of Vice President of the Student Government is to coordinate the activities and actions of the governing body. It means that in order to do his job well he must ever be conscious of the responsibility and the unceasing effort which he must put forth to do his job well.

"Our Student Government must obtain maximum efficiency if we are to continue to move forward and as I have said before "We cannot rest on our laurels but must continue to move forward."

"My strongest experiences have been in organization and coordination and I have helped

On Thursday April 13, students of State College will decide who will represent them as the officers of the Student Government of the various classes, College Union, YMCA, and other campus organizations during the coming year.

Candidates for President of the Student Government are Jim Floyd and Norris Tolson.

Opponents for the office of Vice-President are Allen Kimball and Jim Jones.

John Kanipe is unopposed for secretary.

Contenders for treasurer's spot are Woodrow Taylor, Charles Sparrow, and Dillard DeHart.

Senior class elections will involve Neil Blake, James Futrell, John Broughton, and Wesley McGee for president; Joe Howard, Ronald Boger, Jerry Setzu, Merrill Lettler, and James Groce for the vice-president. Seeking the office of secretary are Hugh Noah, Jim Hart, Joe Waters, James Caldwell, and Charles Flynn. Seeking the office of treasurer are Bill Eckstein, James Hollifield, Arthur Latimer, and John Smith.

Junior class candidates are for president: Floyd McCall, Mike Barnhill, and James Williams; for vice-president: David Worsley, Bob Griffith, Charles Tucker, Ed Lurey, Jerry Hutchins, John Earnhardt, and Clifford Perry; for secretary, Peggy McConnell and Bryant Weeks; for treasurer, Phil Miller, Jack Ragan, and George Jackson.

organize and coordinate numerous charity drives and campaigns.

"If elected I pledge my unceasing efforts to strengthen the position of the student at North Carolina State College and to cooperate to the best of my ability with the man you elect as President of the Student Government.

"I will strive in every way possible to coordinate Student Government activities in order that the Student Government for 1961-62, will operate always at maximum efficiency. I will also cooperate with everyone in every way possible in order that State College will not stand still but will continue its climb to the top.

"I would like to now request your support so that I might serve you and your school next year."

it is with much interest and deep sincerity that I offer myself."

"All that I am at State College I owe to that opinion of me which you students express and have expressed in the past. I cannot pass through this way but once, and I would like to do all I can now to serve you."

"I do not seek this office for the benefit of one person, but I seek the office in order to bestow good works and deeds to all Seniors and all students at State College."

"Please remember that your vote could win the election for me."

Sophomores seeking office are John Carr, Norman Nifong, Maurice Phillips, Ronnie Cloer, Bill Lewis, and Bob Shearin for president; Thomas Benton, Rod Cantey, King Boatman, and Ed Aysoth for vice president; Davis Lumpkin, Jill Robinson, Tolle Barber, and Joe Cavness for secretary; James Sills, Roger Evans, Pete McDonald, Robert Steinberg, David Dunstan, Fred Bradford, and Oliver Hayes, for treasurer.

Candidates for editor and business manager of the Agromek are running in the following pairs: Carlyle Franklin and Vann Sherrill, K. Smith and Thomas Robinson, Bill Lucas and Richard Culp. Vieing for editor of The

Technician are Bill Jackson and Mike Lea. David Cribbin is unopposed for business manager.

Sophomore candidates for Honor Code Board are James Billings, Jack Morris, John Woodson, Roger Evans, Shannon Lambeth, Robert Steinberg, Allen Lennon, Mike Thompson, and Bob Shearin.

Junior candidates for the Board are Bill Halberstadt, Alan Hale, David Steinberg, Bob Griffith, Richard Barefoot, John Cameron, and Bill Harris.

Senior candidates include Jerry Crabtree, Lamar Thomas, Peyton Neal, John Speight, Robert Wolfer, and Walter Gilbert.

The following sophomores are running for the Campus Code Board: Mike Thompson, Mike Pope, Bill Mickley, Clifton Baucom, James Parker, William Burgess, and Arthur Moffitt.

Candidates for junior representative are Pet Learer, Jim Pait, and Jerry Snider.

Senior candidates are Tom Robinson, Rufus Smith, Harvey Hogan, Richard Kistler, and James Monroe.

Kaye Perryman is unopposed for junior representative to the Women's Campus Code Board. Senior candidates are Joyce Mears, and Flora Lester.

Earl Mitchell is unopposed for Junior representative to the Athletic Council. Senior candidates for the Athletic Council are Bill Slack, Bob Gardner, Ritchie Williamson, and Charles Flynn.

In the race for the Sophomore College Union Representative are Dwight Pope and Grace Elrod. Junior candidates are Lettie Doty, Ralph Reynolds, and Bill Lucas. Wesley McGee is unopposed as Fraternity Board Representative.

John Smith is unopposed for Head Cheerleader.

Running for the President of the College Union are George Wallace and Bill Guion.

Candidates for president of the Inter-Fraternity Council are John Wilcox and Richard Williamson. Running for Vice-President are Albert Pearson, Durant Vick, Barry Shaw, Gary Rosenstrach, and Arthur Latimer. Seeking the spot of Secretary are Jack Watson, Grady Ferrell, and Hubert Collins. Candidates for Treasurer are Bill Watson, Richard Shachman, and Louie Vaughn.

Candidates for the Alumni Athletic Trophy are Bill Hill, Bruce Hoadley, James Spence, Philip Jacobs, Cecil Caison, John Davis, Stanley Givets, and William Michael.

The voting booths will be opened between 8:00 A.M. and 6:00 P.M.

Results of the elections will be posted in the College Union as the returns are reported and can be heard on WKNC.

### Kimball States Position For S G Vice President

In a statement to The Technician, Allen Kimball, candidate for Vice-President of the Student Government, had the following to say concerning his candidacy for the position of Vice-President:

"My fellow students, I Allen Kimball, have already placed myself in the running for the position of the Vice-President of the Student Government. However, this is the first opportunity that I have had to express my views of what this position should be and how it should be run.

"The job of the Vice-President is of utmost importance for many reasons. The Vice-President will many times have to try to express the viewpoints of the student body. The Vice-President is the presiding officer of the Student Government. He must be able to conduct an efficient meeting and know well the laws of Parliamentary Procedure. I feel that I am capable of doing this because of the experience that I have had in the Student Government and other organizations. This job is also one that calls for appointment and guidance of the Student Government committees. Granted that there will be new senators in the Legislature, the Vice-President must know the capabilities of the old senators and be quick to recognize the abilities of the new ones. He must know what areas of student activity the Student Government can most benefit the student. I have served the student body both as a senator and as the Secretary of the Student Government; and, through my experiences, I have gained a knowledge of where Student Government can best serve the student. I believe that I can work with the senators in gaining student benefits in these areas. I have been a delegate to the United States National Student Association and am now serving as the secretary of the State Student Legislature of North Carolina. In both of these areas, I have had an opportunity to talk with many students from other schools; and I have found many solutions to our own problems here on this campus. Also, there are many new areas and new programs that I would like to see worked on. I honestly think that I can provide the leadership that is so necessary

to see much of this work done.

"The Vice-President must at many times be able to voice student opinion. He is a member of the College Union Board of Directors, the Publications Board, and the important Student Government Liaison Committee. In all of these meetings, the Vice-President must be able to present a sincere opinion of what he feels is the feeling of the students and must be able to decide on many important issues in an unbiased manner. I have had the chance to attend all of these meetings, and I realize very well the opposition that is sometimes against the desire of the students. It is my belief that I can well represent the students in these important places.

"We are facing a critical time (See Kimball, page 3)

### Wes McGee Seeks Sr. Class Post

The following statement has been issued to The Technician by Wes McGee:

"Having been president of our class during the sophomore year, I feel that I am fully capable and competent for the job of president of the senior class. This, in conjunction with a slate of varied activities ranging from a fraternity office to president of my technical society in textile chemistry, has been excellent preparation for this job.

"As a candidate for president of the senior class there are some areas of dissatisfaction, satisfaction, or complacency in campus life that I would like to see improved, continued in their present trend, or brought into actual existence. The student should be acquainted with these areas in which work should be done. They are as follows:

1. Intensification of the recognition of professor's program.

I feel that this program draws from the student a true evaluation of a professor, and that any professor is proud to be recognized by the students as one of the better professors at N. C. State.

2. Design a program for a five (5) year class reunion. "This program shall be de-

signed to gain more alumni support. Also, the reunion will give everyone a chance to renew old friendships, make new business acquaintances, and to retain a connection with the school and its functions.

"The Alumni Association has done and is doing a tremendous job in gaining more and more alumni support. However, there is still room for improvement in the program and I would therefore work hand-in-hand with the Association for greater alumni support.

3. Develop more school spirit through freshman orientation.

"Each of us knows that the spirit and pride in a school is an integral part of all of its functions and affairs. These things must be instilled in a freshman as a "State-damn it-State" attitude during freshman orientation.

4. Establish a committee to act as pressure group for campus beautification.
5. Establish a senior privileges program.

"After a person has attained the position of a senior, I feel that some small reward can be made to us. One of the many ways this may be done is by (See McGee, page 3)

### Futrell Vies For Senior Pres.

Jimmy Futrell, candidate for Senior Class President, has released the following statement to The Technician:

"As a candidate for the presidency of the Senior Class of 1962, I realize fully the duties and Responsibilities of the office."

"I wish to serve, to work, and to lead the class of 1962."

"All of my activities at State College have given me experience which, I feel, qualifies me for the office I am seeking."

"In seeking the office of President of the Senior Class, I have high expectations and many goals. In my campaign I shall make no rash promises which I will not be able to fulfill, but

I do promise to perform the duties of the office in a manner which you as Seniors will appreciate. I have always tried to act as a gentleman in my activities and to act in such a way as to consider the rights and ideals of others."

"I look forward to the opportunity of representing you in responsibilities of this office which I will be called upon to perform and of representing you at our graduation as your speaker."

"Your votes mean much to me and only through your votes can my aims and goals for the Class of 1962 become realities."

"I desire so much to conduct the activities of the Senior, and

## Election Day Arrives

Tomorrow is a very important day for the members of the student body. The big day has finally arrived. It is the day of the annual campus elections. Whether you are a freshman with three years remaining in your college career, or whether you are a senior with approximately forty days remaining until graduation, you should exercise your privilege and vote for the candidates of your choice.

*Each year, a small percentage of the students vote in the election. This figure is normally a third of the enrollment. What is the reason behind this small figure? It could be a number of things, but we feel that the students don't care about their government enough. To some, it means very much. To others, it means nothing. These are the students that normally gripe during the year about student matters. If they cared enough, they would participate in these elections and vote for the best student leaders.*

If students feel this way about their college elections, then they will be likely to take the same attitude toward their nation's elections. This is a very bad attitude to accept.

We do not feel that thirty per cent of the student body should control these elections. We feel that it is every student's responsibility to vote.

*We feel that approximately thirty-five per cent of the student body will vote in this election. This figure has been established from past elections. We would like to see a hundred percent of the student body vote, but we know that this would be asking for the impossible. Sixty per cent would be an excellent figure. We would be proud to say we were wrong if this figure was reached. We hope that we are!*

We feel that certain races in the elections will be close. We feel that one of the closest races will be for the Vice-President of the Student Government. Jim Jones and Allen Kimball have been campaigning strong in the past three weeks. Both are capable of handling the position. Both have strong supporters. A very few votes will decide this race.

*This promises to be the closest race, and you, the students, will determine the winner. Each candidate needs your support. Give it to the one of your choice. You will be doing yourself a favor in the long run as well as the candidate.*

## Attention Seniors !!!

The primary elections which are to be held on this Thursday April 13, are very important to all Seniors. At this time you will select the officers who will lead the Class of '61 in the years to come.

The responsibilities which the officers (President, Vice-President and Secretary-Treasurer) assume are very important from an Alumni point of view and also to the adequate functioning of the class itself. The three officers will plan and direct the class reunions, the reunion dinners, and will participate in various liaison activities with the State College Alumni Association.

Sandy Matthews, President of the Golden Chain, is seeking the Vice-Presidency, Charlie Russell, Vice-President of the Student Government, is a candidate for the Permanent President, and Jay Brame, Editor of The Technician, is a candidate for the third office, Permanent Secretary-Treasurer.

All of these men want to make

the Class of '61 a class for all alumni of State College to respect. Matthews, Russell, and Brame have been active in various organizations which have dealt directly with alumni members and planning, and all have had excellent experience in working with the Class of '61. Matthews, Russell, and Brame will all be living in North Carolina, and thus they will be able to travel back to the college for planning sessions and meetings, which are all-important to successful reunions.

Brame, Russell, and Matthews have shown tremendous interest in State College, and now they are ready to serve the Class of '61 and State even further. The jobs they seek are important, and Charlie Russell, Jay Brame and Sandy Matthews are capable enough to plan events that will make every Senior proud of his class—the Class of 1961.

SENIORS, remember to vote on Thursday and to support Sandy Matthews, Jay Brame, and Charlie Russell for your permanent class officers.

## The Technician

Wednesday, April 12, 1961

Represented for National Advertising by NATIONAL ADVERTISING SERVICE, INC., College Publishers. Representative, 18 E. 50th Street, New York, N. Y.

Entered as second class matter, February 19, 1920, at the Post office at Raleigh, North Carolina, under the act of March 3, 1879. Published every Monday, Wednesday, and Thursday by the students of North Carolina State College except during holidays and exam periods. Subscription rate is \$4.00 per school year.

## Top Agromeck Positions

K Smith and Tom Robinson, candidates for editor and business manager of *The Agromeck* respectively, issued the following statements to *The Technician* Tuesday night.

Smith said: "There are several reasons for wanting the position of Editor of *The Agromeck*. First, I believe that there could be some improvement in the layout of the yearbook. By this I feel that the organization of the sections could be arranged better. I feel that there could be better pictures of certain parts of the campus than there has been in the past. I feel that some colored pictures of impressive locations on the campus would look excellent in our yearbook.

"One item which I feel should be included in a yearbook is the dedication to one of the outstanding men on campus. I feel that this dedication should go to one that has contributed to the betterment of the students and the school."

"If I am elected, I promise you, the members of the student body of State College, that I will edit one of the best yearbooks we have ever had at State College. It will be recognized over the state as one of the outstanding publications pub-

lished by the students of State College."

Robinson made the following statement: "Very few people realize the importance of the position I am seeking. We have been receiving a high school yearbook for three times the price in recent years."

"It is my hope, should I be elected to the position of business manager of the 1962 *Agromeck*, that you will receive not only your money's worth, but more. Through an intensive advertising campaign, I hope to greatly increase the operating budget of *The Agromeck* to provide extra pages for larger and be higher quality photographs, color photographs, and a more lasting annual."

"I am making no promises that will not be kept. I promise you only this—if I am elected business manager of *The Agromeck*, you will receive the best annual that State College has ever seen and that the money which you pay for *The Agromeck* will be used to the maximum advantage."

"K and I would appreciate each vote that is cast for us, and a vote for us will be a vote for you in obtaining a better *Agromeck*."

## Platform Statement

By Carlyle Franklin

"As candidates for the top positions on the *Agromeck* staff, Van Sherrill and I present to the student body the following goals for which we will strive in order to publish in 1962, an *Agromeck* of superior quality, rich in the tradition of State College. We pledge ourselves to:

1. Convey the ideals, achievements, and traditions of State College through concise, descriptive commentary, and expert photography.
2. Give each society and organization the upmost opportunity to record its activities and achievements in the 1962 edition.
3. Maintain high standards of printing, engraving, and photography to guarantee an *Agromeck* of superior quality at a minimum cost.
4. Urge each society and organization to examine and criticize the page or pages it pays for in order to eliminate errors in composition and commentary.
5. Urge all interested and qualified students to consider devoting time to the *Agromeck* in order that its high standards can be maintained.
6. Publish an *Agromeck* unbiased in its presentation of

the State College community. It is the responsibility of the *Agromeck* staff to publish an annual which reflects the spirit and tradition of State College.

### Freshmen!!

Benny Phillips and Tommy Benton have announced their candidacy for the positions of President and Vice-President of the rising sophomore class.

Each of the candidates stated that they would like to have the opportunity to serve their school as well as their classmates.

Both men expressed the desire to work zealously with all other campus organizations to promote the interests of the State College student.

Phillips and Benton hope that the members of the sophomore class will give them the opportunity to serve as their next president and vice-president.

### To The Editor

Of The Technician:

Rising Seniors, I take great pleasure in presenting to you Jimmy Futrell, nominee for the office of President of the Class of '62. I am sure that many of you already know Jimmy and are acquainted with his leadership qualities and his mature character. To you and especially to those who do not know Jimmy I extend an invitation to learn why I pledge my support to him in this campaign. First, Jimmy has experience. Last year he was Secretary and a floor manager for Bragaw Dormitory; this year he serves as President, Assistant Dorm Manager, and Social Director. Jimmy was a group leader in the orientation program; now he serves as a member of Orientation Commission helping to evaluate the previous programs and making plans for the presentation of State to the new students in the fall of 1962. Last year Jimmy served as a member of the YMCA student cabinet working particularly as a Freshman Retreat leader and then continuing to work diligently in other committees throughout the year; this year he is Treasurer of the "Y" and a conscientious worker, having started a Clerical Club among the men of our campus who seek to become ministers. Of particular significance to the classes of '61 and '62 is his position as Chairman of the Jr.-Sr. Dance Committee. As you will recognize, in all of the above activities the members of our class have been, in most cases, the major participants. You may also recognize the fact that our class has either elected or appointed Jimmy to even higher offices as he continued to work in each organization, hence his work has not gone unnoticed. For his freshman scholastic work Jimmy received recognition from Gamma Sigma Delta. During his sophomore year he was initiated into Thirty and Three, sophomore leadership society, and this year the members of Blue Key have elected him to membership in that society. The professional agriculture fraternity, Alpha Zeta, and the professional education fraternity, Kappa Phi Kappa, have elected Jimmy into their membership. A member of the School of Education, Jimmy has been elected Secretary of Kappa Phi Kappa. Winner of the Sears Foundation Scholarship, Jimmy has

continued to win, securing the College Union Award three times.

Both by recognizing the above achievements and by having a close working relationship with him during the past several years where I have found Jimmy to be competent in every respect, I feel that I can without reservation recommend to you JIMMY FUTRELL for the next President of the Class of 1962.

Lamar Thomas,  
YMCA President

### To The Editor

Of The Technician:

Charlie Sparrow is the candidate I publicly endorse for treasurer of our Student Government. It is with a strong desire for the continued high quality of our student leadership that this endorsement is made.

Sparrow, a rising senior enrolled in nuclear engineering, has shown those traits which in my opinion qualify him for a top position of leadership on our campus. These traits are evidenced through his various extra-curricular activities.

At present, Charlie is serving as president of the Westminster Fellowship. This past year he was treasurer of Theta Chi Fraternity; a job that has given experience which would prove valuable in the office of treasurer of our Student Government. In addition, Charlie has held offices in the Toastmasters' Club, Circle K, and has been an active member of the Y.M.C.A. Cabinet and the American Nuclear Society.

Charlie, a student with a real interest in learning, was selected for membership in Phi Eta Sigma scholastic fraternity his freshman year. At present, Sparrow is the holder of a Lockheed Scholarship.

Last year Sparrow was one of the eleven sophomores tapped for membership in Thirty and Three sophomore honorary fraternity. Earlier this year he was initiated into Blue Key, leadership fraternity for juniors and seniors.

The above qualifications combined with his outstanding personality give me confidence that Charlie Sparrow would serve us well as treasurer of our Student Government.

# McCall Nominated Again For President Of Class

"Only you can elect good government" was the slogan released today by Floyd McCall's campaign manager in announcing the plans of his candidate to seek re-election as president of the class of '63. Manager Roger Moore did not elaborate fully upon McCall's qualifications, saying the Sophomore president's record at State College spoke louder than a book of words.

Manager Moore did, however, remind students of the large amount of work McCall has done for the class. "He seemed to almost live in Holladay Hall first

semester trying to save us students as much as possible of the school blazers which will be fitted next month "Moore stated. "He saved our class \$500.00 on the orchestra for Freshman-Sophomore." Entertainment was the subject of his concluding remarks. "Every student who listens to radio is familiar with Floyd's D. J. work at WRAL, and every alert sophomore knows the outstanding work he has done as president of our class. Sophomores who vote for McCall, will elect good government."

# Carr Runs For Soph. Pres.

John Carr, a rising sophomore in the School of Physical Sciences and Applied Mathematics has announced his candidacy for the office of president of the sophomore class. His campaign manager Allen Lennon gave the following statement to the Technician.

"I wish to publicly endorse John Carr as my choice for sophomore class president. Since

the current officers have chosen not to run again this year, we are in need of experienced men to fill the offices. I am confident that John can and will bring to the position the experience and leadership initiative which it demands. In his first year at State, John has established an outstanding scholastic record, having been recently initiated

(See CARR, page 4)

# Tolson

(Continued from page 1)

- age of all legislative action.
- Prior announcement of all legislation so as to allow time for student opinion to be varied.
- Complete cooperation from Student Government with other campus leaders.

"I believe that the above listed points are sound ones and are areas that do need some diligent work done on them. I cannot make any rash promises

to this Student Body because I don't feel that it is fair to you or me. I can, however, promise to devote as much time and effort as is necessary to see that the students on this campus are well served and represented in all student matters. I feel that I recognize the responsibilities of this office, that I have the qualifications necessary for this office, and that I am definitely willing to serve. Therefore, I now ask for your votes and your support."

# John Earnhardt Seeks Election As Junior. Veep

John Earnhardt, candidate for Junior Class Vice President, released the following statement to the "Technician."

"Fellow sophomores, as rising juniors you can be proud of your class and it's excellent functioning during the past two years. As your vice-president this past year I have worked with the other officers to give you the best class organization possible. In addition to our regular duties we have investigated the possibility of making school blazers available to all State College students. We are the only one of the big four without them, and they are available in smaller schools. You will hear more about the blazers when final plans are made. The Freshman-Sophomore Dance, scheduled for May 6, is also shaping very well.

"These are examples of progress and valuable experience. I have appreciated being a class officer this year, and I know that I can and will live up to the confidence with which I hope you will cast your vote for me on election day."

rollment is increasing each year by leaps and bounds. Our physical plant needs expanding in order to take care of our increased number. Funds are needed to improve our already competent faculty and staff. Each year we must be able, as students, to do our part in providing a home away from home for our new freshmen. We must be constantly trying to improve our student-faculty-administration relations as well as our relations with the city of Raleigh. This is a world of transition; students in action. If we are to be in action, then we must have a responsible responsive Student Government.

"Fellow students, it is my belief that I can furnish the Vice-President's part of the leadership for the Student Government of State College. I believe that I can do the work required of this position; and, therefore, I ask for your support as Vice-President of the Student Government when you vote in the election Thursday."

CAMERON VILLAGE

# do they fall for you head first?

They do if you use 'Vaseline' Hair Tonic on your head first! Most men use water with their hair tonic and 'Vaseline' Hair Tonic is specially made to use with water. Water evaporates, dries out your hair. Alcohol and cream tonics evaporate, too. But 'Vaseline' Hair Tonic won't evaporate. It's 100% pure light grooming oil - replaces oil that water removes. And just a little does a lot!

it's clear... it's clean... it's

## Campaign Letters

(Continued from page 2)  
To The Editor  
Of The Technician:

It is very seldom that a candidate for campus office calls attention to himself by faithful and creative discharge of his past duties and not simply by being a "politician." Such a person is Charlie Sparrow, candidate for Treasurer of the Student Government.

I have known Charlie since he entered State as a freshman in Engineering. He has served on the Y.M.C.A. Cabinet, has been an officer in several campus organizations, and has served for two years as assistant treasurer and treasurer of his fraternity. His experience in handling a large yearly budget and his personal qualities as shown by his election into The Order of Thirty and Three and Blue Key affirm his abilities.

I urge all of you to take advantage of your opportunity to put such a man in office.

Bob Redmon  
President, Blue Key

To The Editor  
Of The Technician:

Dick Shachtman has been nominated by the Executive Committee of the Interfraternity Council for the office of I.F.C. Treasurer.

I, Alan Altman, Vice President of the I.F.C., take this opportunity to endorse Dick Shachtman as my candidate for Treasurer of the Interfraternity Council. Dick is a rising junior in the accelerated program in the School of Engineering. He is a member of Phi Eta Sigma,

freshman honorary fraternity, Pi Tau Sigma, mechanical engineering honorary fraternity, and has been honored by Phi Kappa Phi, senior honorary fraternity.

Dick has served as his fraternity's representative to the Interfraternity Council; he has served on that organization's Officer's Committee and is currently a member of the Activities Committee.

As all fraternity men realize, the year 1961-62 is going to be extremely important for all fraternities. The fraternity row project will be in the process of being built and completed, and many decisions will have to be made by each fraternity, the Interfraternity Council, and the Executive Committee of the I.F.C. This means that hazardous decisions must be avoided and that a thorough understanding of the project will be essential. Dick is the housing chairman of his fraternity, and he is aware of the financial aspects of the program and the difficulties that lie ahead. Furthermore, I believe that Mr. Shachtman will be able to make the correct decisions when final judgments are called for.

Dick Shachtman is an excellent student and a thorough and conscientious worker who will diligently perform his duties as Treasurer of the I.F.C. and provide the leadership required of the position.

I sincerely believe that Dick Shachtman, a man of fine character and capable leadership, will do the best job as

lina State College.  
Alan Altman  
Vice President of the I.F.C.

To The Editor  
Of The Technician:

I firmly believe that Van Sherrill is the most qualified person for the job of Business Manager of the AGROMECK.

I first worked with Van a year ago while he served as Managing Editor of the "Southern Engineer" and at once his drive and strong sense of responsibility became apparent. There is no question about Van's experience and ability in the publishing field since he is serving this year as Editor of the "Southern Engineer". By working closely with Van in this position, I have noted that he has worked hard to present a quality magazine—one that contains articles of interest and value to the student body. He has also proven himself by receiving praise from the National Critics of Engineering College Magazines. In talking with Van about various articles during the year, I find too that he has acquired the use of the language of the publishing world. He knows the processes involved in printing and engraving and has shown repeatedly

With his strong desire to get the job done right, I believe that Van should be our logical choice for the position of Business Manager of the AGROMECK.

Frank S. Madren  
Chairman Engineers' Council

To The Editor  
Of The Technician:

At this point in the campaign I can no longer stand quietly aside as issues become cloudy, merits of candidates obscure. Having worked closely with both presidential nominees, I can realize a distinct advantage when discussing competency, initiative, experience, and especially diplomacy of the two individuals.

Norris Tolson, in my opinion, is certainly the better qualified.

You may recall the dignified manner in which Norris has

mission. This is typical of Norris's approach. While serving for ten weeks as temporary Vice-President of the Student Government (presiding officer of the legislature) he gained the respect of those with whom he was working. Elect Norris Tolson president of the 1961-1962 Student Government.

Bob Cooke

into Phi Eta Sigma, honorary freshman fraternity. He has gained valuable experience in high school student government and in the State College Student Legislature this year.  
"I personally know John to be an intelligent, diligent, and sincere worker who will be a credit to the office which he now seeks, and for this reason, I urge your support on his behalf."
