NCS Fraternities Enjoy Greek Week

By Pete Warner

What's all this stuff the Greeks are up to?

It's Greek Week. Three-legged races, collecting canned food, exchange suppers, a concert featuring Cannonball Adderly, a party on Kidd Brewer's hill, a dance, and a Sunday afternoon concert in the Rose Garden will constitute the focal points of most of the fraternity men's activities during this week and weekend.

"We just hope it doesn't rain," said Richard Barefoot, IFC social chairman, in his rundown of the week's activities for *The Technician*.

While most of the good partying doesn't get underway until the weekend, Greek Week activities range over the entire week. During the week fraternity men are going out by twos to sample other fraternities' meals, discuss the latest IFC developments, the horseshoe

tournaments, and plans for the weekend.

Besides just being friendly, however, the Greeks are helping needy families by providing canned foods through a food drive in the Raleigh area Wednesday and Thursday nights.

But beginning Friday afternoon activities will start in earnest. The IFC Field Day, beginning at 4 p.m. Friday, will pit teams in interfraternity contests including an elimination bout in the gladiator ring, a wheelbarrow race, sack race, three-legged race, egg toss, and volleyball toss.

Friday night at 8:00 Cannonball Adderly plays in the Coliseum.

The party on Kidd Brewer's hill, beginning at 2 p.m. Saturday, will be accompanied in its festivities by five musical groups, including the Falcons, Impressions, Chantels, Five

(See GREEK WEEK, page 6)

NCSU Gets House Approval Senate To Consider Action

By Dick Paschall

A 1950 State College graduate, Rep. George Wood, gathered a majority of support in yesterday's session of the State House of Representatives for the name North Carolina State University.

The freshman representative urged passage of his name-

change amendment to the Omnibus Higher Education Bill with oratory which demonstrated an apparently prepared presentation.

Although the amendment changing the suggested name to NCSU was approved by a vote of 67-48, the House adjourned before voting on the

entire education bill. If the House approves the amended bill, the Senate will have to give its approval to the name change before it becomes official.

Wood, who is from Camden, called on the legislators to remember their responsibility to the people who elected them. "It is not the responsibility of the Board of Trustees or that of the North Carolina Alumni to give State a name; it is the responsibility of this State Legislature to change the name of any state educational institution," Wood argued. "I think the amendment is what the people of North Carolina want."

Wake Rep. Thomas D. (Buck) Bunn rose in favor of the change. "I don't feel I could let this moment go by without expressing to you what literally hundreds of people have expressed to me, that they want to see the name of State College

changed to North Carolina State University."

Cumberland Rep. Sneed High, a major opponent of the amendment, argued the idea of the one university concept. "The resources of North Carolina cannot afford more than one university," he said. High expressed the desire to "tell the world that this is a one university on three campuses."

After adjournment of the House, Wood was busy receiving congratulations from his fellow legislators while attempting to make his comments to *The Technician*. When asked about the chance for Senate passage of his amendment, he said, "I think we have a good chance of keeping North Carolina State University. That's what you boys want, isn't it?"

Wood entered State College in 1943, but did not complete his

(See NCSU, page 6)

Science Council Asks Telescope Built Here

State College may soon be a far-seeing college with a new observatory.

The Science Council has proposed that a 16-24 inch telescope be constructed for State College. According to John Stevens, president of the Science Council, the observatory will either be built on top of the new physics building or "out in the country."

The entire proposal made by the Council on last April 3, stated that a site for the observatory be selected, the telescope be constructed, an observatory be built, two old telescopes which are in storage be made available, and spectroscopy and accessory equipment be purchased. An alternate proposal was made in case the first is found unfeasible.

Another proposal made by the Science Council is that a committee be formed to determine the feasibility of the first proposal. Arthur Menius, dean of the School of PSAM, and R. H. Snyder, professor of physics and a teacher of astronomy,

among other interested people, may be on the committee, according to Stevens.

Stevens said that UNC has always been saying that they were going to build an observatory, but they never did. "So we decided to be first," he said.

Far reaching implications of this proposal by the Science Council could include the establishment of a Department of Astronomy, Stevens hinted.

Stevens added, it is impossible now to tell when and if the observatory will be built.

State PR's Second In Regimental Meet

Company L-4 of State College's Pershing Rifles placed second in the quest for the coveted Douglas cup recently at the fourth Regimental Drill Meet at Fort Gordon, Georgia.

The company also received two second places in 22-5 manual platoon drill and fancy squad drill and two third places in 22-5 squad drill and fancy platoon drill.

Second Lt. Dick Ward, who was the commanding officer for the 22-5 units, said, "This is the best year we've ever had at this meet, and with over half of the company returning next year, we should have an even better year next year."

Clemson College won the Douglas cup, a rotating trophy, with a total of 82.41 points.

Ex-Chancellor Carey H. Bostian has been appointed acting head of the Department of Genetics.

The decision was made by the department at a meeting yesterday, H. Brooks James, dean of the School of Agriculture announced. Dr. Bostian will take over the duties from the former head, Dr. H. F. Robinson, immediately.

Dean James stated that a committee was appointed to find a permanent department head as soon as possible. He said they hope to have a new head by next year, but this might not be possible.

Sweetheart of Sigma Chi

Miss Nancy Evans, a junior at Meredith, was crowned the new Sweetheart of Sigma Chi Saturday night by Sig President Pete McDonald at the chapter's annual Sweetheart Ball at the Grove Park Inn in Asheville. (Photo by Jackson)

Dr. Bostian Named As Genetics Head

Ex-Chancellor Carey H. Bostian has been appointed acting head of the Department of Genetics.

The decision was made by the department at a meeting yesterday, H. Brooks James, dean of the School of Agriculture announced. Dr. Bostian will take over the duties from the former head, Dr. H. F. Robinson, immediately.

Dean James stated that a committee was appointed to find a permanent department head as soon as possible. He said they hope to have a new head by next year, but this might not be possible.

New Arts Schedule Planned

The New Arts series has announced its proposed artists for next year.

The first choices are Julie London, Dukes of Dixieland, Stan Getz (Bossa Nova), Odette (folk singer), and The Phoenix Singers (folk singers).

Substitutes are Peter Nero, Jerry Mulligan, Bud and Travis,

Committee members are: C. J. Nusbaum, Plant Pathology, chairman; J. E. Legates, Animal Science; T. H. Harvey, Crop Science; D. F. Matzinger, Genetics; B. W. Smith, Genetics; D. S. Drosch, Genetics; and A. G. Stephens, Genetics.

Dr. Bostian said he will not be freed of any of his present duties as professor of genetics, but he is willing to take on the job to relieve Dr. Robinson and help the department. Robinson is still assistant director of research and director of the Institute of Biological Sciences. This work load prompted his wish to resign as head of Genetics.

The Four Freshmen, and The Chad Mitchell Trio.

According to Dave Phillips, social director of the College Union, the New Arts has gotten away from the single guitarists in the selection of next years artists.

Forty-one hundred tickets are to be sold, beginning at fall registration.

Nash Coming Soon

Nash is coming.

But it will cost to hear her.

Mrs. Ethel Nash will present her annual series of lectures on courtship and marriage May 6-May 9 in Riddick 242. There will be two lectures each night, at 7 p.m. and 9 p.m., for each of the four nights; each of the two nightly lectures is exactly alike.

The title of the series of lectures is "From Courtship to Marriage." The topics for nightly lectures are as follows: May 6—"Marriage—Ability"; May 7—"Sexual Preparation for Marriage"; May 8—"Engagement as Preparation for Marriage"; May 9—"Marriage: Success or Failure," according to Bob Hare, associate secretary of the YMCA.

Films are scheduled for the final three nights; "Human Reproduction" will be shown on May 7, "Techniques of Conception Control" on May 8, and "A Normal Birth" on May 9.

This year, contrary to past procedures, the lectures will be open to women as well as to men, Hare emphasized. Tickets are being sold in the office of the Associate Secretary of the

YMCA, Room 102, in the E. S. King Religious Center (YMCA). Tickets are available for the whole series only, not for each lecture; the cost is one dollar, an average of 25¢ per lecture. Any person presenting a State

College YMCA membership card upon purchase of a ticket may receive the ticket for 50¢ instead of a dollar.

A ticket purchaser must choose either a 7 p.m. ticket or

(See NASH LECTURE, page 6)

Mrs. Ethel Nash is shown above during a visit to one of State's fraternity houses last spring when she appeared on campus to present her lectures on courtship and marriage to eager students.

Ain't No Way

Chancellor Caldwell recently made the statement that student fees might be used for construction of the new football stadium.

A bill which was introduced in the House of Representatives yesterday specifically mentioned student fees as a source of financing the stadium.

Riddick Stadium with a capacity of only 20,000 has almost never been filled. There were empty seats in the heydays of Cristy and Gabriel.

Carolina which has a much larger football following than State does little more than break even on its stadium. It certainly does not make enough money on Kenan stadium to finance a loan which will run at the minimum in the vicinity of \$1 million, and could easily run into even three times that amount.

Arguments have been advanced saying that the rise in costs could be covered by the scheduling of Wake Forest, Carolina, and Duke games in the new stadium; but on a home and home basis this averages out to one and one half filled stadiums a year.

It has also been said that higher calibre teams could be brought to State and attendance would increase, but it should still be remembered that State has a small devoted following outside of the student body, and even Ohio State would still have to draw against either Carolina, Duke or both on most of the Saturdays of the football season.

And where does this leave us? Exactly where the wording of the bill implies—"revenues include . . . student athletic fees collected from students enrolled at State College."

We are sure that the Chancellor is sincere when he says that the raising of student fees will be used only as a last resort, but considering the facts we have outlined, there seems to be no way that this last resort can be avoided.

If it cannot, and if a new stadium will add more to the cost of an education at State College, there is only one conclusion that can be drawn.

There should be no new stadium.

YRC Is Changing Name, Constitution

If the new YRC constitution passes tonight at a YRC meeting, the North Carolina State Republicans Club will become the North Carolina State Republican Club.

However, the major change that will probably be effected is the reduction of a quorum from one-third of the club membership to ten members, according to Willard Preussel, secretary of the YRC. Other changes included the procedure one must go through to become a member. In the past, according to the old constitution, a hopeful member had to fill out an application blank and the members had to vote him in. Now in essence, you're in if you're under forty, not a YDC member, and have a dollar's dues to spare. The old constitution specified that elections be held on a

certain day. The new constitution leaves the dates of elections to the discretion of the executive committee. Another change will promote the president and vice-president to chairman and vice-chairman respectively.

The votes of the members who don't vote on the new constitution will be counted as "yes" votes, said Preussel.

Integration Not Factor In Varsity Attendance

By Chip Andrews

The decline of attendance at the Varsity Theater was attributed to the low quality of movies which have been showing, rather than this year's integration in student interviews conducted this week by *The Technician*.

Raleigh mayor W. G. Enloe cited integration as one of the causes for the 33% drop in attendance this year over the same period of time last year in a statement last week in *The News and Observer*.

After stating that he had not attended the Varsity Theater this year, one student said

that although he did not have the time, he would not go anyway because the only movies that they showed there that he would consider going to see he had already seen at another theater.

A student in Design in commenting on why he did not attend said, "I get enough of the type of stuff that they show during my nights at the Design School without paying to see and hear it."

"The only movies that are shown at the Varsity that I would consider going to see, I have seen downtown usually a month or so before," stated a faculty member.

One student expressed the opinion of many when he said, "I don't care if it's integrated, this school is too damn hard to take time to go to any flick."

was especially partial to strings in his writing, and the Hague Strings did justice to the music. They played with the light touch, clarity, and unity so vital to good Mozart.

Brahms' Fourth, long a favorite among concert-goers, gained quite a few more friends Monday night. Conductor von Otterloo's control of dynamics and movement were excellent. Transition passages were a little rough in places and some listeners were not sure whether what came next was really coming.

It must be a joy to play under a conductor like von Otterloo, for he beamed at his performers throughout the evening.

The Hague Philharmonic is currently on its first American tour and it received a warm welcome in Raleigh.

Orientators Plan Meet Next Week

Fifty-eight freshman orientation leaders are arming for next year's freshman poop week campaign.

According to Lynn Spruill, chairman of the Student Government freshman orientation committee, the fifty-eight were selected from a field of approximately one hundred and twenty-five applicants.

Spruill added a word for the new orientation leaders: "There will be a meeting on Thursday, May 2, 1963, at 6 p.m. in the Grill Room of the college cafeteria, at which final assignments will be made; the attendance of the group leaders and assistants is necessary. The meal will be followed by a brief training session."

By Bands, Glee Club Music Series Planned

The third in the spring series of concerts by the various musical groups of the State College Music Department will be given Friday evening at 7 o'clock on the CU terrace.

The Fanfare Band, under the direction of Earl Justice, and the Women's Chorus, directed by Don Adcock, will present an interesting variety of popular music plus a few serious concert pieces.

The CU terrace will stage three more musical evenings. At 7 p.m. on Friday, May 3, the Men's Glee Club, directed by J. Perry Watson, and the Symphonic Band, under the direction of Adcock, will present a concert of popular music.

The Symphonic Band will perform at two more concerts,

on Friday, May 10, and Friday, May 17. Both concerts will be held on the CU terrace at 7 p.m.

Coeds Don New PE Uniforms

By Billie Darden

The PE Department has finally found clothes which they deem fit for coeds to wear.

Uniforms were considered necessary now since this is the first year that girls have had to take physical education. The uniforms have been awaited all year.

The uniforms were designed by Mrs. Betty Smaltz, State's only female PE instructor, and Frank Murray, assistant PE professor. One hundred and fifty of the uniforms were ordered. The two are now designing coed's jackets which will be worn instead of sweat shirts, according to Mrs. Smaltz.

The money for the girls' uniforms is coming from the PE Department. There will be no extra expense to the students for them, Mrs. Smaltz said. She added that the uniforms will be laundered by the school.

Mrs. Smaltz said, "The girls seem extremely pleased with the uniforms. The boys, too, have expressed favorable reactions."

Martha Shuffler, Charlotte Sinnock, and Nancy Becton are pooped out by just thinking about having to swing those heavy old rackets around.

M & O Demolishes Old Head House

Cucumbers Spoil In Lab

Gardner Sees The End

Basement Is Mess Too

They Are Busily Taking It Away

By Dwight Minkler
Photos By Jackson

The old Head House, over fifty years old, is being demolished by M&O.

The Head House, located between the library and Polk Hall, "was old in 1922," as David S. Weaver, special assistant to the dean of agriculture put it. But despite the assistant of Weaver, who was a freshman at State in '22, and other old timers, the exact age of the building could not be determined.

Before April 9 the interior of the building offered a most interesting array of rubbish, but then the M&O moved in to clean up, and they are now tearing down the building. For example, some interesting rubbishy "Danger" signs peppered the top floor which was more recently used for cucumber research. Not that cucumbers are dangerous, but the radiation used in studying cucumber spoilage is sometimes been found to produce unhealthy results.

Students used to sleep on the top floor of the building in two bedrooms which measure little more than ten feet by ten feet. Another old timer, Dr. Monroe Gardner, professor of horticulture, has been at State since '27. He was head of the department of Horticulture for twenty-six years but retired this position in 1956. In commenting upon the suitability of the old Head House for cucumber spoilage research, he said, "It wasn't the best place you ever saw." He then said nostalgically, "This building has a lot of sentimental value, but I suppose tearing it down will be progress. It certainly is an eyesore."

Before the M&O moved in, everything was everywhere. In one large room the floor was covered with baskets, radiators, bottles, metal drums, electronic equipment, glass germinating cases, crate boxes, coke bottles full of something besides coke, wooden barrels, card board boxes, a coffee percolator, lead pipes, blackboards, water hose, gas tanks, a jar of rabbit feces, and an infinitely finite number of other collector's items.

How Ford economy won for Tiny Lund at Daytona

The Daytona 500 is one of America's toughest stock car events. It measures the toughness, stability, over-all performance and economy characteristics of the cars that take up its challenge—in a way that compresses years of driving punishment into 500 blazing miles. This year mechanical failures claimed over 50 per cent of the cars that entered. That's why Tiny Lund's victory in a Ford (with four other Fords right behind him) is a remarkable testimony to sheer engineering excellence.

Lund attributed his victory in part to the "missing pit stop." He made one less pit stop for fuel than his competition—proving that Ford economy can pay off in some fairly unlikely situations!

Economy and the winner of the Daytona 500 might sound like odd bedfellows at first. Yet economy is basic in every car we make . . . yes, even the Thunderbird is an economy car in its own way. Here's what we mean . . .

Economy is the measure of service and satisfaction the customer receives in relation to the price he pays for it. It does not mean, however, austerity . . . you have taught us this. Americans want—and we try hard to give them—cars that are comfortable to ride in, fun to drive, and powerful enough to get out of their own way. Not many Americans want to settle for basic transportation. You see this in our sales figures—more than half of our 1963 sales are coming from the top of each model line. We're selling convertibles, hardtops, the jazzy cars . . . the bucket-seat, high-performance, luxury editions are going like hot cakes.

Yet for all the fun that people are demanding in their cars, they still are

very conscious of the element of thrift—of avoiding unnecessary expense. This is the kind of economy we build into every car from the compact Falcon to the luxurious Thunderbird.

There's a special economy, for instance, in Ford's freedom from service. Every car and virtually every wagon can travel 36,000 miles before it needs a major chassis lubrication. Other routine service has been reduced, too—because these Fords are simply built better—and of better materials—than ever before.

In its own elegant way, even the Thunderbird gives you economy. It will travel 100,000 miles or 3 years before you have to lubricate the chassis. Thunderbirds have a way of becoming classics—as a look at their remarkably high resale value will quickly tell you. This, too, is economy.

Once, long ago—before the arrival of the Income Tax—a wealthy lady was asked to comment on the solid gold plumbing of her latest villa at Newport. "So thrifty, my dear," said the dowager . . . "it will never, ever rust."

Economy then, is many things to many people. Whatever economy means to you, you're pretty sure to find it in a Ford.

America's liveliest,
most care-free cars!

Pitch and Putt Tourney Putt Putt Tourney

The intramural department announced this week that there will be a Pitch and Putt Tournament and a Putt Putt Tournament on May 6. The Pitch and Putt Tournament will be held at the Par Golf Range on highway 401 south of Raleigh. The Putt Putt Tournament will be held at the Putt Putt Golf Course on Western Boulevard.

In preparation for the two tournaments, those wishing to participate will be able to play practice rounds at special intramural prices of 40¢ per round at the Pitch and Putt range and 25¢ per round at the Putt Putt course. Practice rounds may be played from now until May 3. Hours for playing are between 11 a.m. and 7 p.m. Monday through Friday.

In order to receive the special prices quoted above, participants must show their N. C. State identification cards and a special intramural card. These intramural cards may be picked up at the Intramural Office or at either of the two golf courses listed above.

Scarpati Elected State Grid Captain

Joe Scarpati
1963 State Football Captain

Joe Scarpati, one of the most versatile halfbacks in the Atlantic Coast Conference, has been elected North Carolina State College football captain for 1963.

The 5'10", 170-pounder from Fanwood, N. J., was elected by a vote of the Wolfpack players at the conclusion of State's spring practice, head coach Earle Edwards announced.

Scarpati, named to the academic all-ACC team the past two years for maintaining a "B" average in mathematics education at State College, was a second-team playing all-conference choice as well in 1962.

Joe succeeds Skip Matthews as captain and is the first non-North Carolinian to be a Wolfpack captain in five years.

"Joe is one of the most dedicated football players and students we've ever had at State College, one that I know will make us a fine captain," said Coach Edwards.

Scarpati led the Wolfpack in pass receiving, scoring, punt returns, and averaged 3.4 yards per carry in 1962. He also rates as one of the top defensive men in the ACC, intercepting four passes a year ago.

Fraternity Softball

As the regular season schedule in fraternity softball nears the last week of action, the leading teams are fighting it out for the play-off spots in each section.

Following the final games next week, the top two teams in each section will begin play-offs to decide the overall fraternity softball champion.

Defending champions Sigma Phi Epsilon led the scoring in Monday afternoon games with 23 runs in their 23-6 victory over Kappa Sigma. Perrou led the Sig Ep attack with two home runs, Clark also had a round-tripper for the winners. Cook and Jenkins homered for Kappa Sig.

In the highest scoring contest of the afternoon, Sigma Nu defeated Pi Kappa Alpha 20-16. The victors scored 12 runs in the first three innings to take a comfortable lead over the Pikas. Hendrix hit two home runs for Sigma Nu while Roberts and Prescott each had one for the losers.

Delta Sigma Phi rallied for 15 tallies in the third inning of their game with Tau Kappa Epsilon to take a 18-4 victory. Bare, Paton, and Harris each hit home runs for the Delta Sigs.

Theta Chi scored all their runs in the first and third innings of their game with Lambda Chi Alpha to win by a 14-6 margin. Hitting home runs for the victorious T. Chi's were Church, Turco, and Riggins.

In other one sided contests, Sigma Pi downed Sigma Alpha Epsilon 19-7 and Phi Kappa Tau defeated Sigma Alpha Mu by a 17-5 score. Home run hitters in these contests were Warner for Sigma Pi, Coble for SAE, and Harrison for PKT.

Kappa Alpha defeated Farm House 7-5 and Pi Kappa Phi downed Sigma Chi 5-3 in the only close contests of the afternoon. Cato and Speaks hit four-baggers for KA while Scarborough homered for PKP.

Badminton Play-Offs

Only two teams remain undefeated in the badminton play-offs. Bagwell defeated Owen

#1 and Sigma Pi downed Sigma Chi to gain the top spots in the winner's bracket of the dormitory and fraternity sections.

In the fraternity loser's bracket, Sigma Phi Epsilon downed Lambda Chi Alpha and Phi Kappa Tau defeated Delta Sigma Pi to gain the semi-finals. SPE will meet PKT tonight to decide who will play Sigma Chi for the loser's bracket championship.

Turlington downed Alexander and Welch-Gold-Fourth defeated Bragaw North in the dormitory loser's bracket to gain the semi-finals. Turlington will meet W-G-F tonight to decide who will battle Owen #1 for the loser's title.

The loser's bracket champion in both sections will be decided Thursday night.

Wolfpack Nine Defeats Wake

"Buck" Johnson

By Martin White
Sophomore hurler Bob "Buck" Johnson pitched a five hit ball game here Monday afternoon as the Wolfpack defeated the league leading Wake Forest Deacons 6-0.

Johnson, who now has a 2-1 record, struck out eight Deacons while chaulking up his second shut-out of the season. Southern Illinois got only two hits in the first game of the season as the Pack won 9-0.

The victory was the first in conference play for the State nine and broke a losing streak that had cost the Pack four of their last five games. The Wolfpack dropped their first game of the season to Duke before the Easter holidays. During the break, the Camp Lejeune nine split a two game series with the Pack. This past week end, a two day stand in South Carolina saw the Wolfpack lose their second and third game of the season to Clemson 14-7 and U.S.C. 3-2. So far this season, all State victories have been at home while all of their losses have been on the road.

The timely victory over Wake Forest was sparked by the hitting of short stop Larry Clary. Clary, a junior college All-American last year at Louisville, accounted for four of the Pack's six runs with a two run home run in the first inning and a two run single in the seventh frame.

Larry Clary

In the thirteen hit Pack attack, second baseman Steve Parham collected three hits while Clary, Montgomery, and Les Young each had two safeties. Lineberger, Erb, Cutts and Johnson each added one hit to the winning cause.

Clary's home run in the first inning scored Warren Lineberger, who had doubled to open the inning. This two run lead lasted until the seventh frame when the Pack added four insurance runs.

Warren Cutts started things off in the seventh with a single. Johnson reached first base on a Deacon throwing error that put Cutts into scoring position. Cutts then scored on Parham's single. Two more runs then crossed the plate on Clary's second hit of the game. Clary scored the last run on a single by Les Young.

Following today's non-conference game with Florida State, the Wolfpack will have ten games remaining on the schedule, all against ACC foes. This week end, the team will travel north for games with Virginia and Maryland.

Beginning with a Friday night contest with Virginia here on May 3, the Pack will begin a five game home stand, all to be played under the lights. There is a possibility of a sixth night contest with Carolina in a rescheduled match.

Thirty Teams will Play In Intramural Horseshoe Pitching

Twenty teams, twelve dormitory teams and eight fraternity teams, showed up Tuesday afternoon to participate in the opening round of intramural horseshoe pitching.

Eight more fraternity teams began action this afternoon with last years champions Sigma Phi Epsilon and Bragaw North receiving first round byes.

In the dormitory section, Bagwell, Watauga, and Alexander all defeated their opponents by 3-0 scores. Losers in these matches were Bragaw South, Tucker #1, and Syme. Other dorm matches saw Welch-Gold-

Fourth, Berry, and Becton edging their foes by 2-1 margins. Falling into the loser's bracket from these three matches were Owen #1, Turlington, and Tucker #2.

Alpha Gamma Rho and Farm House defeated their opponents, Sigma Alpha Mu and Sigma Nu, by 3-0 scores. Pi Kappa Alpha and Sigma Pi downed Sigma Alpha Epsilon and Theta Chi by closer 2-1 margins.

The horseshoe pitching play-offs will be handled like tennis and badminton on the double elimination method.

Open League Softball

Seven games have been played in Open League Softball action since the Easter holidays.

In action last week, the Tigers rallied for thirteen runs in the bottom of the fourth inning on their way to a 23-15 victory over Lambda Chi Alpha. Styles was the big gun for the game with three home runs for the losers. Hayman and Ware also had homers for Lambda Chi. Ashby had the only home run for the Tigers.

In other games last week, Sigma Nu defeated the Ram Chargers 14-5 and the Majors downed the Maulers 10-4. James and Hendrix each hit four-baggers for Sigma Nu. There were no homers hit in the Majors-Maulers contest which was called at the end of the fifth inning because of darkness.

This week's action Tuesday afternoon saw Sigma Nu and the Tigers continuing their winning ways. Sigma Nu defeated Lambda Chi Alpha by a close 15-14 verdict. Going into the last inning of the close contest, the two teams were tied

12-12. Sigma Nu outscored LCA 3-2 in the final frame. James hit two homers, Riley and Huntsman had one each for the winners.

In another close game, the Tigers edged the Ram Chargers 13-12. The Tigers, trailing 12-8 at the end of the sixth inning, rallied for five runs in the seventh to cop the victory. Taylor homered for the winners while Smith, Gouch, and Penningner each hit one for the Rams.

The Owen Pirates rallied for nine tallies in the sixth inning of their game with the Maulers to come from behind and win, 14-9. Honeycutt and Rowe homered for the winners.

The Major got credit for a victory over the Yankees by virtue of a forfeit.

Dormitory Softball

Five games were played last week in the dormitory intramural softball division. After action this week, there will be only one more week of regular season competition before the play-offs begin.

Bragaw South scored ten runs in the second and third innings of their game with Owen #2, to take a comfortable lead on their way to a 16-12 victory. Blummitt, Stutts, and Pate each homered for the winners while Ensley, Gilleland, and Honeycutt each hit round-tripper for Owen #2.

Becton scored in all but two innings as they defeated Welch-Gold-Fourth by an 18-10 score. Noggle hit a homer for Becton

while Owens and Vinson hit one each for the losers.

It took only five innings for Turlington to rout Syme 17-4. The team from Turlington tallied six runs in the first inning to take an early 6-3 lead. A single home run in the game was hit by Potat for Turlington.

In the only close contests, Owen #1 eased by Tucker #2 12-11 and Watauga edged Tucker #1, 7-6. Going into the last inning of the game, Watauga trailed by 3 runs, but put on a last-ditch rally that gave them 4 runs and the ball game. Depriest and Griffin homered for the winners while Blythe hit one for Tucker #1. Parker homered for Owen #1.

Mennen Spray delivers 3 times the anti-perspirant power of any other leading men's deodorant. The fine spray mist gets through to the skin where perspiration starts. Deodorizes. Effectively. And works all day. Is it any wonder more men use Mennen Spray in the handy squeeze bottle than any other deodorant?

"What does RFD stand for, anyway—Rural Free Delivery?" This might have been the thought of Ed Eddleman (far left), YMCA Oasis Society member, if he could have seen the initials on the orphan's fireman helmet. The five orphans, members of a scout troop at the Catholic Orphanage, represent one of four Oasis projects; other projects include teaching and directing recreation at Dix Hospital, Central Prison, and Joe Louis Park.

Nash Lectures Here

(Continued from page 1)
a 9 p.m. ticket. The ticket must be presented upon entrance to the lecture hall and will be marked by an attendant and returned for the holder's use at the next day's lecture, Hare said. A 7 p.m. ticket may not be used for a 9 p.m. lecture, and vice versa.

Mrs. Nash will not be available for counseling as in the past. She will be delivering a single lecture at 8 p.m. on May 10 in Riddick 242 for married students only. The event, sponsored by the McKimmon Village Wives Auxiliary, will be presented as an entirely separate event from the "Courtship to

Marriage" series, according to Hare.

The 53-year old author, lecturer, and counselor, is employed in the Department of Preventive Medicine of the Bowman Gray School of Medicine. Originally from England, where she received a B.A. degree with honors from the University of Liverpool, Mrs. Nash has a private marriage counseling service in Chapel Hill. In 1933, she married Arthur S. Nash, a professor of the Sociology of Religion at UNC; they have two children.

The Nash lecture series is being sponsored by the State College YMCA.

-Campus Crier-

On Sunday, a cricket team from India will play against a combined Commonwealth-U. S. team drawn from Duke, Carolina, and State. The game will start at 1 p.m. on the intramural field behind Carmichael Gym. Spectators are welcome.

There will be a Young Republican Club meeting at 7 p.m. tonight in room 320 Harrelson Hall. There will be an important business meeting and a surprise speaker.

Designing Wives Club is having a barbecue sale Saturday at Carmichael Gym. Tickets will be on sale Thursday in front of the Student Supply Store.

More than two thousand Campus Paces are left for distribution on the ground floor of the CU. The Paces will be distributed daily from 3 p.m. to 7 p.m. until the supply is exhausted.

A pair of contact lenses which were found in Carmichael Gym

Greek Week

(Continued from page 1)
Royals, and the Barnett-Taylor Orchestra. The traditional informal party on the hill will be followed by the semi-formal IFC dance from 8 p.m. to 12 p.m. Saturday evening in the CU. The Sal Salvador orchestra will play on the main floor and the Five Royals and the Barnett Taylor Orchestra will play downstairs.

A somewhat recuperative event, bringing the Greek Week activities to a close, will be the Sunday afternoon concert in the Rose Garden from 2 to 4 p.m. featuring a new folk group, the Brown-Dana Duet.

With everything planned but the weather, Barefoot added that, if necessary, outdoor activities will be diverted to the CU.
