Vol. XLVII, No. 83

State College Station, Raleigh, N. C., Thursday, May 16, 1963

Four Pages This Issue

## Golden Choir Boys

Shown above are thirteen of the Chancellor's right hand men. These lucky gentlemen were tapped into the Golden Chain Senior honorary yesterday. They are (left to right) John Cameron, Allen Lennon, John Carr, Brian Little, Jack Watson, Grant Blair, John Bynum, Fred Millhiser, Lynn Spruill, Art Mattox, Bill White, Garland McAdoo, and J. Perry Watson.

## State's 'B' Budget Passes Committee

State College's "B" budget was approved yesterday in public action by the House Appropriations sub-committee. Among other increases, textile research funds were increased by approximately \$250,000. According to David Britt of the sub-committee, Representatives from the Piedmont and Western districts had recommended the action as a move to aid textile industry in the Piedmont. The remainder of the "B" budget, which is State College's operating budget, was approved as recommended with "slight

increases" in some areas, according to Britt. The "A" budget, which includes all capital improvements is scheduled to be discussed today, according to Britt. One portion of the "A" budget considered crucial by officials of the Consolidated University is a proposal for the legislature to finance half of the cost of two dormitories. Chancellor Caldwell has previously stated that if the money is not appropriated, State College will have to increase dormitory rent.

## Merriam, Barrett Retire

Colonel L. W. Merriam

Colonel L. W. Merriam, Professor of Military Science at North Carolina State College, will retire on July 31, 1963.

Colonel Merriam, who has headed the Military Science Department since December, 1957, is responsible for the direct supervision of the department which includes the military science program.

Colonel Merriam was born in La Grange, Ohio, in 1910, and graduated from the Military Academy at West Point in 1933. After graduation, he served in the United States Army, both overseas and as an instructor of French at the Military Academy until the start of World War II.

During the war, Colonel Merriam served in the European Theater. Initially, he was on the staff of a joint U. S.-British planning staff under the direct supervision of Lord Louis Mountbatten, and later he was with the 28th Infantry Division.

(See MERRIAM, page 4)

## Someone Lifts Radio Parts From WKNC

WKNC transmitter parts were stolen from Syme Tuesday.

According to Wayne Haynes, chief engineer for WKNC, and Joe Garner, WKNC engineer, a crystal and three tubes were stolen from the transmitter room on first floor Syme some time after 8 p.m. The equipment was valued at approximately twenty-five dollars.

Haynes said, "We have notified the police, but no thorough investigation has been made."

## NCS Sigma Chi's Celebrate Birthday

State's Sigma Chi's are celebrating their Twentieth Anniversary on the campus this weekend.

The Delta Epsilon chapter, chartered here on May 15, 1943, has invited Sig alumni from the Carolinas and Virginia as well as several national fraternity officers including Sigma Chi national vice president Harry V. Wade to Raleigh to help them celebrate, according to Fred Pinkston, alumni chairman.

## '63 Agromeck Out

The 1963 *Agromeck* featuring ten color pages and distinctive section dividers hit the streets today.

The yearbook which was edited by Frank Smith has as its theme "State College molds the young man in mind, in personality, in character, in body."

According to Smith, the yearbook is a departure from previous editions of the *Agromeck*. It has been changed to conform more closely with Associated Collegiate Press yearbook standards, Smith stated.

The section dividers are one of the more interesting features of the yearbook. They are in black with white outlines of the bell tower superimposed on Harrelson Hall, and have contemporary panels which were drawn by Jerry Cebe (see picture).

The *Agromecks* are being given out in Bragaw, the College Union, and the basement of the YMCA.

Sonny Enloe was the *Agromeck* business manager; Jim Rhodes was managing editor; Bill White was organizations editor; and Blake Ballard, Sammy Thomason, Carlyle Franklin, and Dan Derby were photographers.

Class Divider

## Golden Chain Officers

Allen Lennon, a co-editor of *The Technician*, was elected president of Golden Chain last night as the twelve new links held their first meeting.

Also elected at the meeting were Fred Millhiser, vice president; Garland McAdoo, secretary; and Bill White, treasurer.

The senior leadership honorary will have its annual banquet next Tuesday night at Balentines.

## Design Students Take Prizes In Nat'l Contest

State design students took three of the top five places in a recent nationwide competition.

Third place winner Wayne Coulter informed *The Technician* that the official 149 entries from 17 colleges and universities represented probably about 300 who originally undertook the project.

The design competition, known as the Oklahoma Tivoli Gardens Competition, was established to utilize the lessons of the famous Tivoli Gardens in Copenhagen, Denmark, in the design of a garden for Oklahoma City.

Kenneth Sangster, a fifth year design student, won first prize in the competition, and will be awarded a study trip to Copenhagen, Denmark. Coulter, a third year student, received \$300 in cash, and fifth place winner David Teachout, a fifth year student, received \$100 in cash.

## Learn How To Fish Through Extension

The scenic wonders of Hatteras Island will form the backdrop for the 1963 Sport Fishing short course June 16 through 23.

The Sport Fishing course, conducted through the facilities of the College Extension Division, will be a week of exciting fishing as well as an educational experience in conservation, game management, water safety, and marine biology.

The course will entail a day-long trip to the Gulf Stream, just twenty miles off Hatteras; a half-day trip to test off-shore fishing areas; a half-day in sound fishing; classroom discussions on handling of equipment, proper methods of fishing in both salt and fresh water, conservation, game management, marine biology, and water safety; and if you like, a try at landing a shark, a real experience even for the most veteran fisherman.

There will be a limited enrollment for the course, so students will be accepted on a first-come, first-served basis.

There will be a limited enrollment for the course, so students will be accepted on a first-come, first-served basis.

## Campus Leaders Discuss Co-Op Seminar Series

College Union Director Henry Rowers discussed with an assembly of campus leaders last night the possibilities of initiating a program of campus wide leadership seminars for next year.

Bowers said that the CU budget had funds to back a worthwhile campus activity such as leadership programs, and following a discussion it was consensus of those present

that a program coordinating discussion groups and exchanging ideas with leaders from all campus activities could be very useful. It was suggested that either two or three sessions be set up offering a free dinner to those invited and that a prominent, controversial speaker be invited to speak and provide a stimulating basis for discussion.

A committee was organized to meet tomorrow to begin planning.

## Last Paper

The last issue of *The Technician* for the school year will be printed Monday. Any organization or person desiring a notice or story in the paper should bring it by our offices in the basement of the YMCA before Sunday night at 7 p.m.

## A Possibility

In an editorial a few weeks ago we made the remark that the Student Government along with other student activities on campus are largely ineffective.

This should be explored more fully.

Student Governments, unlike other governing bodies have two aims. The first goal as in other governments is to provide effective and fair representation for the members of a certain group of people. Student Governments also have the subsidiary role of training its members in leadership and democratic practices.

Ours fails in both.

Two major factors in the failure are the method of representation and the continual bagaboo of lack of initiative on the part of individual senators. For the first, we see no solution. The present system evidently does not work, and one based on housing areas would be impossible because of the extremely high off-campus population. The lack of initiative could possibly be improved, however.

At the present time, individual senators have no reason to exercise initiative. They have no power. The only effective moves SG has made in the last few years (except for the anti-name change movement which could have been and was to a great extent carried out by individual students) have been in purely internal regions. It has tightened the hell out of election rules. It has carried out an effective freshman orientation program. This is not much, and there is no reason to expect any more initiative from a group which has no more power. The officers do have considerably more power because they as individuals are members of the various boards and governing bodies of different campus organizations. The weak point of this situation is the fact that the officers often neglect their work on these groups.

There is one solution to the weak SG organization we now have. One that should be evident from the instances which have already been cited. Give the SG more power. Let it be set above the IFC, the IDC, the CU, and the governing bodies of the school. We will admit that the Student Government has not shown that it can effectively govern anything, but under a more powerful situation it probably would. If it were the ruling force on campus it would attract stronger and more effective members; it would be forced into a position of responsibility; and we are sure that with the addition of many intelligent people on campus who would take an interest in a more powerful organization it could do an effective job of governing the students and the campus as a whole.

# Segregation Issues

To The Co-Editors:

The impressions left by your editorial and the lead story of May 9 concerning the positions of the Faculty Senate on athletic matters should be corrected.

In some important respects the truth is the very opposite of what you have suggested. In its resolution of May 23, 1961, the Senate expressed its support of the administration "in any steps to remove commercialized events from the University sports program," and it resolved that State College should take the lead in "eliminating all those policies and practices whose objective is to produce commercially successful, high-ranking varsity teams . . ."

In its resolution of May 7, 1963, the Senate did not reaffirm these views of 1961. It did not comment on the question whether the reinstatement of the Dixie Classic and the building of a new stadium would commit this institution to policies and practices tending to produce commercially successful teams.

The Senate now leaves it entirely to the administration to judge what policies and practices are in conflict with educational standards and objectives, and what constitutes "overem-

phasis" or "special privilege." This "hands-off" attitude is therefore something new, and represents a much more permissive policy than that which has prevailed since 1961.

Paul A. Bredenberg  
Philosophy and Religion  
Department

To The Co-Editors:

In reference to the article on page two of Monday night's paper, entitled "Sneer At Us' Say Negroes," I would like to say that I think this shows some of the most warped and hypocritical thinking I have seen recently displayed by the students of our college. The two instances mentioned where the Negroes gave the white students the chance to hide from other whites did not exactly represent an intense dedication to purpose.

I am not attempting to back either side, but I would have trouble linking myself with a group that sticks to their purpose for fifteen minutes or maybe twenty if the coast is clear. I think that people with these ideas would help integration more by putting their support behind the Klu Klux Klan.

Bill Watson

## Unusual Campus Pic

Our intrepid photographer risked his life, and more significantly, his camera, to climb to the top of the Physics Building, now being constructed, in order to give us this view of State College at night. (Photo by Edwards)

## CU Offers Rooms To College Guests

By Steve Johnston

Among the unusual facilities of the College Union are four hotel rooms available to parents of college students and guests of the college administration.

Each room is furnished with a bathroom with shower, two fold-out couches, a telephone, a small armchair, a bedside stand that may be moved about the room, and a combination chest of drawers and desk (complete with CU stationery and envelopes).

The guest rooms are located on the second floor of the CU, on the north side of the building facing Hillsboro Street. They are numbered 222, 224, 226, and 228. The north side of each room is completely glass, behind two sliding glass doors (hidden behind full-length draw curtains) which open onto a small balcony over the CU front terrace. With the curtains open, a panoramic view of Hillsboro street confronts the spectator.

Regular hotel conveniences are offered; linen, soap, and blankets and pillows are furnished. A small closet is located

by the door; inside the closet is a shelf for luggage. Total floor space measures approximately 250 square feet.

A list of rules for use of the rooms is posted above the telephone. Leading the list is the regulation that all guests, when leaving, must check out through the main desk before noon on (See UNION HOTEL, page 4)

To The Co-Editors:

In recent years State College students have been prosecuted for marching on the Capitol without a parade permit. Recently, Negro demonstrators (Shaw University) have paraded without permit. Surely, they were not issued a parade permit to interrupt the North Carolina Symphony Ball last Friday night. Why haven't they been jailed? They broke the law, too. If tomorrow night we, the students of North Carolina State, parade to the Capitol without obtaining a parade permit, will we be jailed? Does North Carolina State possess the same civil rights as does Shaw University? We should.

Albert Earl Prince, Jr.

## '64 Engineers' Ball Plans Underway

The Engineers' Ball for next year is already being planned by the Engineers' Council. October 12 is the date of the ball and will tentatively feature Richard Maltby's orchestra.

According to Charles Runkle, vice president of the Engineers' Council for next year, Richard Maltby's orchestra is the first choice for the ball with Warren Covington as second choice. Runkle commented that the Maltby orchestra will cost between \$1750 and \$2000 for the Saturday night performance in the Coliseum.

Appointments for committee chairmen are as follows: Tom Capps, Invitations; Tommy Lester, Publicity; Robert W. Smith, Decorations; David Cartledge, Floor chairman; Ed Denbo, Refreshments; and Paul Schick,

## Symphonic Band To Present Last Outdoor Concert

On Friday, May 17, the N. C. State College Symphonic Band will present the final performance in this year's series of Outdoor Concerts by the College Musical Organizations. Starting time is 7:00 p.m. on the College Union Terrace. These events are sponsored by the Performing Arts Committee of the College Union.

Friday evening's concert will include music by Rossini, Bizet, and Richard Strauss. Featured soloist will be trumpeter Ben Sloan, who has appeared as soloist with the Symphonic Band on two concert tours. Sloan, a graduate student in Electrical Engineering from Waynesville, will perform "LA VIRGEN DE LA MACARENA" as arranged by the great trumpeter Rafael Mendez.

Admission is free and the public is invited.

Banquet Chairman.

Chairmen for the Engineers' Fair have also been appointed by the Engineers' Council. They are as follows: Jim Sanford, Fair Chairman; Norman Payne, Programs; Ed Thomas, Traffic; and Tommy Lester, Publicity.

According to Paul Humphreys, president of the Engineers' Council this past year, next year's Engineers' Fair will be operated much the same as it was this year. This being the de-emphasis on commercial exhibits and the emphasis on student exhibits. Humphreys commented that this year's fair received favorable comment from many engineering department heads and others because of the new emphasis on student activities.

The dates for the Engineers' Fair will be April 17 and 18.

## Design Senior Cops 6 Week Stay In Paris

Architecture senior Howard R. Garriss Jr. will be leaving for Paris June 26th, the winner of an all-expense paid scholarship to the Fontainebleau School of Fine Arts.

One of five students nationally to win the award, Garriss told *The Technician* that during the six-weeks summer session at the Fontainebleau he will be conducted on several tours, and given an opportunity for some intense study in architecture. Garriss was selected by the Portland Cement Association from a field of competition representing six other schools in the Southeastern United States.

Garriss' presentation was a plan and model of a drive-in branch bank.

## APO Elections

Tuesday night was a busy night for the State APO chapter. Chancellor John T. Caldwell was inducted as an honorary brother, the new officers for next year were elected, and eleven pledges were inducted. In a special ceremony, Chancellor John Caldwell was inducted and presented with a pledge paddle and a certificate.

The officers elected were Harold Tate, President; Bill Bromby, First Vice-President; Jim Lathan, Second Vice-President; Johnny Garrison, Corresponding Secretary; Reuben Haase, Recording Secretary; Lewis Forrest, Treasurer; Ed Horgan, Alumni Secretary; Bob Waite, Iota Promota; Tom Stewart, Historian; Rick Babcock, Sergeant at Arms; and Len Lindsey, Song Leader.

## Phi Kappa Tau And Turlington Are New Softball Champions

Phi Kappa Tau scored four runs in the second inning of their championship contest with Pi Kappa Phi to take a 5-0 lead on the way to a 6-1 victory and the 1963 fraternity softball crown.

PKT scored first in the initial frame when Scott reached first on a single and scored on two errors; their sixth tally came in the fifth inning when Moore singled and then scored on a double by Codwell.

Codwell, Turlington, Holland, and Scott crossed the plate in the second inning for the winners. The winning pitcher for the PKT's was Terry Holland.

Pi Kappa Phi, undefeated prior to Wednesday's contest, scored their lone run of the game in the sixth inning when Huggins doubled and scored on a double by Scarborough.

Turlington had a big second inning also, scoring six times, on their way to a 8-2 championship victory over Watauga. Turlington scored these six runs on six hits and one walk; Owenby, Matuza, Dunshee, Davis, Morgan, and Furr scored in the inning.

Turlington's seventh tally came in the fourth inning on a single by Morgan and a Watauga error. Matuza singled

home Owenby in the fifth inning for the eighth score.

Watauga scored twice in the second frame on two hits and an error. Carver and Griffen scored the two runs.

Jason Dunshee was the winning pitcher for Turlington.

## Sig Eps Play Kappa Sigma, Bragaw South vs Alexander For Tennis Championships

Sigma Phi Epsilon took a 2-1 victory over Kappa Alpha yesterday to win the championship in the loser's bracket of fraternity tennis. The Sig Eps will meet the winner's bracket champions, Kappa Sigma, today for the overall championship.

Kappa Sigma took a 2-1 victory over the Sig Eps in the final round of winner's bracket action.

In the dormitory division, Alexander defeated Turlington 2-1 to win the loser's bracket championship. In the final round this afternoon, Alexander will meet Bragaw South, the winner's bracket champion in a match to decide the overall

## Sig Ep Meets Delta Sig, Owen 2 vs Bragaw North For Horseshoe Crowns

Only one match remains to be played to decide the championship in each of the horseshoe divisions. After yesterday's matches, Sigma Phi Epsilon and Delta Sigma Phi are tied for the overall championship in the fraternity division while Owen #2 and Bragaw North are tied for the dormitory crown.

In action yesterday, last year's champion, Sigma Phi Epsilon, defeated FarmHouse 2-1 to win the loser's bracket championship. FarmHouse had just defeated Pi Kappa Phi in the semi-final round.

In the championship match between SPE and Delta Sig, the Sig Eps won the first match,

2-1, this gave the Delta Sig second game—to be played this their first loss of the year and forced the championship into a afternoon. The second game is necessary since the loser's bracket champion must defeat the winner's bracket champion twice to win the title.

Dormitory action saw Alexander defeat Watauga 3-0 and then lose to Bragaw North 3-0 in the finals of the loser's bracket.

In the championship match between Bragaw North and winner's bracket champion Owen #2, Bragaw North won 2-1 to force a second contest between the two teams. This match will also be this afternoon.

## Pack Takes Tenth Loss In Last Game

Wake Forest took a 7-1 victory over the Pack Baseballers Tuesday night to avenge an earlier 6-0 shutout at the hands of the Wolfpack earlier this season.

The loss leaves the Pack with a 9-10 overall record this season and a 4-10 record against conference foes.

State scored its only run of the game in the third inning. After Baker and Clary had reached base on singles, two successive walks pushed Baker across the plate. Larry Clary collected four of the Pack's seven hits in the game. Allan Baker hit safely twice and Les Young had one hit.

### Merriam, Barrett Retire

(Continued from page 1)  
...which he joined just before the Battle of the Bulge.  
Upon returning to the States, he was a student and an instructor at the Command and General Staff School and served as the Commander of a training regiment at Camp Roberts, California.

He was later sent to the French Staff College where he served as instructor. While he was still in Europe, he served with the 5th Corps in Germany. Colonel Merriam returned to the U. S. in 1954 and served in the Headquarters of the Continental Command until 1957 when he took over as Professor of Military Science at State.

Lieutenant Colonel James F. Barrett, Senior Military Science II instructor, will retire June 30, 1963.

Colonel Barrett is originally from Grosse Pointe, Mich., and has served twenty years with the United States Army. He is a graduate of Wesleyan University of Connecticut and received his commission upon completion of the Cavalry Officer Candidate School at Fort Riley, Kansas, and was first assigned as 2nd Lt. to the 9th Cavalry Regiment.

Colonel Barrett served in Europe during World War II as a mechanized cavalry platoon leader of the 36th Infantry Division in Italy. During the fighting in Korea, he commanded a tank company with the 3rd Infantry Division.

After arriving at State, Colonel Barrett was awarded the Certificate of Achievement for superior performance of duty during a term of service with the army in Germany as Operations Officer of the 4th Armored Division.

### EE Honorary Selects 23

Twenty-three outstanding electrical engineering students have been initiated into Eta Kappa Nu, the honorary electrical engineering fraternity.

The spring, 1963 initiation ceremonies were held in Riddick 11 auditorium. Members and initiates also attended a banquet at Ballentine's Restaurant in Cameron Village.

The new initiates are: Harold T. Braswell, Clon C. Brown, Larry T. Bumgardner, Victor E. Clayton, Jr., James F. Collins, Walter E. Davis, Joseph O. DesRochers, Eugene A. Frekko, William M. Gosney, Leon J. Gentry, Charles R. Holder, Arthur L. Holshouser, Phillip M. Hutchins, Robert J. Ivey, John C. Kirk, Jr., Bobby R. Ludlum, Jerry L. Mangum, James H. Olsen, Leon J. Poteet, Roy D. Raper, Grady H. Stevens, Joseph F. Wright, Jr., William J. Zehner.

Officers of the fraternity for next year are: Lee Edwards, president; Barry Grove, vice-president; Walter Kester, corresponding secretary; Michael Hayes, Bridge correspondent; Francis Williams, recording secretary; Greg Hartenstein, treasurer.

The faculty advisor is Dr. Arthur R. Eckels, professor of electrical engineering.

### Goldwater For US President

The N. C. State Young Republican Club backs Goldwater for '64.

In a unanimous resolution Wednesday night, the State Y.R.C. acclaimed Barry Goldwater as their choice for the next President of the United States. The resolution stated, in part, that it is time for the American People to vote for the person they want for President, not just the man they think can win.

In an earlier resolution, that was defeated, a motion was made to the effect that State students be condemned for their participation in some of the actions growing out of the recent racial demonstrations here in Raleigh. The resolution also called for a reprimand to *The Technician* for its part in promoting this participation by State students.

Several Meredith College girls attended the meeting.

### Union Hotel

(Continued from page 2)  
the day of departure. Phone calls from the guest room may only be made by placing the call through main desk between the hours of 7 a.m. and 11 p.m.; after hour calls may only be made from the pay phones on the CU first floor.

No reservation for the guest rooms may be confirmed more than one month before occupancy. No one may stay in the rooms more than five consecutive days without special permission by the CU Director.

Guest room rates are \$5 per day for one guest; two people may occupy the same room for \$8 per day. Unclaimed reservations will be charged at the full rate unless they are cancelled twenty-four hours before occupancy.

The guest is given a reasonably free rein during his period of residence in the CU. Upon arriving, he picks up his keys from

the CU main desk; there are two keys, one for the guest room door and one for the CU front door. He may roam the territory after regular CU hours (7 a.m.-11 p.m.), provided he locks the front door upon leaving the building and returning to the building. An added restriction requiring that the guest may not permit any one to enter the building after hours other than the guest room occupants themselves.

A notice of guest room do's and don'ts posted on the inside face of the guest room door concludes in the typical fashion: "Thank you. Make a reservation at the Union when you visit Raleigh again."

#### "SHE WAS ONLY THE DEAN OF MEN'S DAUGHTER"

(But oh what a record she made)

The only trouble is, it's been banned. From the radio at least. In fact, the whole darn Capitol album, "Campus Confidential" by the Four Preps, has been banned. "She Was Only the Dean of Men's Daughter" and the other numbers, like "Princess Poo-poo-ly Has Plenty Papaya," are just a little too... well, colorful for air play.

This album was recorded during a Four Preps Concert at UCLA. Their performance was wildly appreciated by the students, and we strongly suspect it will be wildly appreciated by everyone who hears it on this new Capitol release. (With the sole exception of radio station owners who want to keep their stations on the air.)

So slip into your nearest record store for "Campus Confidential" on Capitol. (In plain brown wrapper, of course.)

(P.S. Look for the Four Preps in concert on your campus.)
