Design School Slates Auction For Monday

Over 100 works of design school artists will be up for auction in the Erdahl-Cloyd Union ballroom Monday night.

The occasion is the Eleventh Annual Art Auction sponsored by the Student Publication of the School of Design.

Included in the items to be sold are oil paintings, drawings in pencil, pastels, renderings, sculptures, silk screens, photographs, and other art works. The works are representative of the best work done in the school during the last two semesters, and of the work of professional artists both on and off the faculty, according to Gary Giles and Gene Brown, co-chairmen of the auction.

Among the auctioneers for this year's event is Morris Parker, fourth-year architecture

student and tobacco auctioneer during the off-season. Last year's auction saw prices ranging from \$125 to \$1,500, and 86 works of art were sold.

Proceeds from the auction go to the Student Publication to help cover the cost of producing the hard-bound publication twice each year.

According to Giles and Brown, \$2,040.50 was brought in last year.

The auction begins at 8 p.m.

Busting Out All Over... Amen

(Photo by Edwards)

Over half the freshman class received "academic difficulty reports," popularly known as flunk slips, at mid-term.

Eight hundred and seventy-eight of the 2,562 students receiving the reports were freshmen. This figure represents nearly 60 percent of the freshman class.

Altogether, 3,727 reports were sent to 2,562 students.

The reports indicated that a student was either flunking a course or in danger of flunking. Copies of each report are sent to the student, his parents, his academic adviser, and the Counseling Department.

One thousand, seven hundred and six students received one report each; 616, two reports; 43, four reports; and 13, five reports.

A breakdown of those receiving reports is as follows:

Classification	No receiving reports	No. students enrolled
Freshman	878	1,466
Sophomore	784	1,677
Junior	483	1,419
Senior	323	1,294
Professional	12	63
Graduate	17	1,040
Unclassified	33	125
Special	32	142 (includes auditors)
Total	2,562	7,226

Tau Beta Pi Taps 64

64 men have been elected to membership in Tau Beta Pi, national Engineering Honor Society. They will be initiated

November 26, 1963 at 6:30 p.m. The initiation will be held in Riddick. All faculty and student members of Tau Beta Pi are invited to the initiation.

The Initiation Banquet will be after the initiation at 7:30 at Balentines Restaurant in Cameron Village.

Juniors: Robert W. Downing, Robert H. Crutchfield, Ralph A. McGill, Allen K. Tothill, John R. Monroe, Stephen A. Johnston, William W. Austin.

Seniors: William H. Sides, Lowell Hibbard, Thomas A. Foster, Emanuel Lewis, Hugh W. Woods, George B. King, James A. Daggerhart, Leon J. Gentry, Robert T. Cornell, James J. Boedicker, James F. Marchman, Edward A. Lennon, Donald L. Buddington, Albert F. McGirt, Daniel L. Young, Stephen W. Millsaps, Eugene A. Frekko, Earl D. Higdon, John W. Can-

non, Percy D. Leonard, Grady Harold Stevens, James D. Pittard, James R. Simon, Samuel D. Lovelace, Michael N. Hayes, Donald C. Kesler, Raymond R. Avent, David Stephen Seawright, Wilson A. Sherill, William R. Bromby, Gregory G. Hartenstein, Jeffrey M. Arey, Victor E. Clayton, Ralph L. Biggers, Keith B. Stevens, John C. Brantley, Joseph F. Wright, Harvey B. Powell, Glenn R. Smith, Homer R. Johnson, Wallace T. Gray, Roy D. Raper, William R. Crow, James A. Smith, Walter M. Kulash, Kenneth D. Kearns, Fred L. Honeycutt, Harry G. Davis, Michael T. Vanecek, Dale F. Hicks, Stephen P. Henderson, Jerry L. Mangum, Cecil A. Harrison, Kirby L. Ball, Arthur D. Mattox.

Graduates: Kent J. Adams, Charles N. Vickerman.

Ring Contract Let

The contract for class rings has been awarded to the Josten Company, according to Tom Covington, assistant director of Student Affairs.

The contract was formerly handled by the Balfour Company.

The same basic design will be used for rings, Covington

said, but they will be changed to compensate for the name change.

Covington noted that second semester juniors with a 2.0 average are eligible to order rings. Orders will probably be taken about the first week in February, he said.

French Duo To Play

French flute and keyboard duo, Jean-Pierre Rampal and Robert Veyron-Lacroix, will appear here Saturday.

Conceived in 1946, and on tour in the United States since 1958, the duo has appeared in Washington, D. C., New York, N. Y., New Orleans, La., Montreal, and Quebec.

The Duo has elicited comments such as, "The magic of Rampal seems unique. In his hands the flute is three or four music-makers. . . Mr. Veyron-Lacroix is in every respect, a worthy partner," from the *Washington Post*.

The Duo will appear Saturday at 8 p.m. in the Union Ballroom as part of the Triad Series.

Rampal and Veyron-Lacroix

Suprise Health Inspection

Cafeteria Passes

An on-the-spot inspection by the State Board of Health revealed that bacteria in the Slater-run cafeterias are within acceptable standards.

Inspectors made the check last week, according to B. N. Kerrick, assistant manager of the cafeterias. A check of 10 plates, 10 saucers, and 10 cups revealed bacteria counts ranging from 5 to 150.

The maximum acceptable number of bacteria colonies, according to Kerrick, is 200. Counts exceeding this number are considered detrimental to human health.

The inspectors appeared without warning in both the old and new cafeterias, Kerrick stated, adding that this is a standard practice in any inspection. Kerrick said he did not know if the

Erdahl-Cloyd Union snack bar was checked.

The health inspectors did not give any reason for their inspection, according to Kerrick. But according to student sources, it had been rumored a student had submitted a complaint to the State Board of Health.

New Program

WKNC is presenting a new show for students interested in sports cars.

Each Monday night at 9:10 p.m., the Capitol City Sports Car Club is presenting a series of features on sports cars, events, local competition results, and other items of interest to the car buff, according to station manager George Heeden.

Items featured on upcoming programs include reports from around the sports racing circuit, including on-the-scene impressions of the big local events. Rallies, gymkhanas, and other local events will be announced, along with instructions for those wishing to find out more about joining the Capitol City Sports Car Club and participating in its events.

Blue Key

Deadline for Blue Key nominations is 5 p.m. Friday, according to John Carr, president.

All juniors and seniors who wish to be considered for membership should stop by the Office of Student Activities in Peele Hall and fill out an activity sheet.

SG Aid Requested By Campus Chest

The Campus Chest sponsors tonight plan to ask the Student Government for funds to cover the expense of their campaign, according to Ron Bowers, chairman of the Campus Chest Drive.

Three State Aggies Place In Soil Judging

Three State students took top honors in the Southeastern Regional Soil Judging Contest at the University of Georgia.

David Spangler, Paul Lilly Troy, and Clyde Bogle won first, second, and third places, respectively, in the contest which took place November 9.

Finishing ahead of the Universities of Tennessee and Kentucky, the State team, which was coached by E. F. Goldston, of the Department of Soil Science, will compete in the national contest this spring.

They will also request that SG senators volunteer to be solicitors for the drive and that a trophy sponsored by the Student Government be awarded to the dormitory that collects the most money per capita.

IFC has already agreed to give a trophy to the fraternity contributing the most money per capita, according to Alan Tothill, IFC publicity director.

The Alpha Phi Omega service fraternity began this week putting up the first in a series of posters advertising the Campus Chest Drive. However, a number of the posters have been torn down, according to Harvey George, publicity director for the drive.

George said plans are being made to check with the administration about the posters.

The Campus Chest Drive officially will be launched December 2 and will run through December 7.

Kinston Student Receives Work Scholarship

Philip Morris, Inc. has awarded a work scholarship to Herman E. Harper Jr., according to Ray Jones, Philip Morris Vice President for Sales.

Harper, a State student from Kinston, will serve as liaison between State and the company's New York offices. Harper will also develop and inaugurate promotion projects for the company's various products.

Half Price

Tickets to the New Christy Minstrels concert are half price.

Available at the Erdahl-Cloyd Union main desk, the \$2 tickets are being sold to students for \$1 for the Fall Folk Festival at Dorton Arena on the State Fairgrounds.

Beginning at 3 p.m. Sunday, November 24, the show will feature the New Christy Minstrels and the Blue Ridge Dancers.

A Necessary Change

Last year, the president of the Erdahl-Cloyd Union was not elected by the student body.

This wasn't surprising. The Union adopted a new constitution last spring, through much trial and effort of the Board of Directors and Board of Chairmen.

Among other changes, the new constitution gave the outgoing Board of Directors the power to elect the president of the Union for the following year. Previously, the Board of Directors selected two candidates to be entered in the spring elections. This provided the opportunity for the entire campus to vote on the president.

In all fairness, the constitution was changed for a good reason. The student body did not care who ran for the Union presidency, and as often as not, there was only one candidate capable of running for office.

There is no reason to believe the situation has changed. Students on the campus, with few exceptions, are as uninterested in whom is running the Union as ever.

Despite this fact, we feel that the constitution of the Erdahl-Cloyd Union should be changed. The power of electing the president of the Union should be returned to the students. As a member of the Board of Directors of the Union, we intend to propose an amendment to the constitution which will do this. This will be done at the next meeting.

In view of the fact that the student body is not concerned with who is president of the Union, this may seem to be a useless move.

But, it isn't. There are a number of reasons why the responsibility of electing a student leader of the Union should be placed in the hands of the students.

First, this is a basic responsibility of democratic self-government. The right to vote in a free election happens to be one of the most precious rights that any citizen has. If a democratic system cannot function on campus, then it obviously cannot function when students leave campus.

Secondly, there is a real danger that the board may become dominated by a group of persons interested in perpetrating the "clique." This is not a separate problem, but one that arises from the lack of democracy. This same lack of democracy means that there is no way of combating the "clique."

Finally, the addition of liberal arts to our campus means that there should be a growing student interest in programs offered by the Union. There should also be greater student activity in presenting these programs. In other words, students are likely, for the first time, to take a real interest in the Union.

In order to encourage this activity, the student needs to feel a part of the Union.

If he has no voice in the selection of his president, where does he stand as a part of the organization?
—GB

"Bloody Fourth" Was (?) Once A Prank Center

Fourth Dormitory once had a reputation as a breeding ground for student pranks and was known as "Bloody Fourth."

Possibly the best remembered of these pranks was the occasion, in the spring of 1914, when a sophomore stuffed a large section of steel pipe full of gunpowder, placed it underneath the first floor, and set the fuse to go off while the students were all at breakfast.

The missile, aimed perfectly, passed through the first, second, third, and fourth floors, and the ceiling and roof, leaving a jagged hole of several square feet at each level.

—N. B. Watts

More Engineers Seeking Graduate Degrees Now

Thirty-seven candidates for doctorate degrees are currently completing study in the School of Engineering, compared to 14 who received education's highest degree last year, said Dr. Ralph E. Fadum, engineering dean.

According to Fadum, the number receiving degrees is anticipated to be noticeably higher than in previous years. Last year 61 M. S. degrees were awarded. Currently 80 graduate students are expected to earn the degree this year in the School of Engineering, Fadum said.

Bachelor degrees numbered 454 last year and an increase to over 500 is anticipated this year.

Engineering officials expect an increase in the number of

students working toward graduate degrees in the coming years. Due to the growth of community colleges, the various schools in the University can expect more incoming upperclassmen, Fadum said.

The dean stated that at the present time, all courses which are equivalent to courses at State will transfer as credit, provided they carry a grade of C or better.

Students Demonstrate This Sunday

Students will demonstrate in Williamston Sunday, according to John Theys, a member of the CORE chapter here.

Theys reported that the announcement of the demonstration was made at the CORE meeting last night. He said any students interesting in joining the demonstration may contact him.

The Lull Before The Storm . . .

This peaceful scene will be interrupted Friday night when the Deamon Deacons of Wake Forest pay the Wolfpack a visit. The season-ending game starts at 8 p.m. (Photo by McCrary)

A Review YAF Attacks NSA

By Dwight Minkler

Did you know that the National Student Association has passed resolutions defending the Japanese student riots against ex-President Eisenhower, praising Fidel Castro for educational reforms, protesting discharge of Communist teachers, and attacking the House Committee on Un-American Activities?

A full account of these actions and the manner in which they were passed through the NSA assembly is contained in *The YAF Report on NSA*. The Young Americans for Freedom, a conservative national youth group, which recently formed a chapter on this campus, feels that positions such as these do not truly represent the opinions of the majority of American students, as NSA claims to do.

However, those delegates who have tried to change NSA policies have usually found that all the cards were stacked against them, according to the *Report*. The YAF Report quotes one conservative delegate: "... it became quite evident that all discussion and legislation was deliberately directed to one point of view."

The national YAF concluded that the efforts at reform were fruitless. It therefore passed a resolution urging as many schools as possible to withdraw from NSA.

The *Report* makes no attempt to be impartial, quoting only from those individuals and publications which are critical of NSA. An exception, however, is several reprints of articles from the Communist *Daily Worker* and *Pravda*, which comment favorably on NSA.

The *Report* specifically attacks NSA for a lack of internal democracy, abuse of its tax exempt status, opposition to fraternities, and its lack of services to member schools.

The *Report* is about three months out of date, since it does not cover the extensive reforms effected at the National Congress of NSA last summer. However, it is still a good summary of YAF arguments against NSA.

Editor's note: At the regional NSA conference last weekend The Technician obtained an interview with Harry DeLong, Regional Chairman; Joel Sharkey, National Affairs Vice President; and Terry Lowder, NCS co-ordinator, all of NSA. The interview will appear in Monday's issue.

Wake Forest Is No Sure Thing

By Coach Earle Edwards

We were disappointed but not very much surprised with the outcome of our game with Florida State. They have been disappointed too in some of their games, but on the other hand, they have a fine football team. They scalped Miami 24-0 in an early season game and just a week before our game they had Georgia Tech down 7-3 at the end of the half. Our team didn't play as well in this game as we did the week before but Florida State had a lot to do with our performance. The passing attack on both sides was pretty well grounded. We allowed their good quarterback, Tensi, just one completion, and, of course, they rushed Jim Rossi so hard that we got very little out of our own passing attack. At the

end of the game they were knocking us around pretty hard.

We are very anxious to close our season with a good performance against Wake Forest. The Wake Forest victory last weekend will be encouraging to them. Their team has begun to live up to the predictions Coach Hildebrand made before the season opened. We are preparing for them as carefully as we can. Again we meet a fine quarterback, Karl Sweetan, and one of the best fullbacks in the conference in Brian Piccolo. Our rivalry with Wake Forest goes back a long way and close contests are the rule in all sports. Our 16 seniors will be especially anxious to close their careers with a victory if possible. I am sure their effort will be a real good one.

DRIVING,
SPIRITED,
EXCITING,
AND SOMETIMES QUIET
NEW WAY.

THE JOURNEYMEN

NEW
DIRECTIONS
IN
FOLK MUSIC

Just listen to their Capitol album, "New Directions in Folk Music!"

You'll hear the rocking, driving way the Journeymen sing "Someday Baby," a low down blues out of Chicago. The fun they have with "Stackolee," the wild song about a legendary terror of New Orleans. Their quiet and moving version of "All the Pretty Little Horses," one of the most beautiful lullabies ever written. Their spirited ragtime rendition of "San Francisco Bay."

Then you'll know what's new in folk songs. And what's best.

Look for—ask for—the Journeymen in concert on your campus.

Fadum Speech

Dr. Ralph E. Fadum, dean of the School of Engineering, posed a \$307,000 question to the North Carolina branch of the American Society of Engineering Education: Where are we going in engineering education?

Meeting at the NCS Faculty Club last night, the ASEE members heard Dean Fadum say, "Early this year, the National Science Foundation made a grant in this amount to support a proposal from ASEE to conduct a comprehensive study of engineering education."

Fadum continued, "It's a comprehensive two-year study designed to . . . insure that our programs will produce the kind of people that we need to meet the challenge of the future."

Meeting for the first time this academic year, the engineering education society members heard the dean state that engineering technology is developing at such a tremendous rate that today's graduate will have to be able to complete his assignments successfully and squarely meet the problems which will certainly arise in the future.

Sleep!

How much sleep did you get last night?

In a survey made in the School of Design, the average student out of the 40 interviewed got six hours on Friday and eight hours on Saturday nights. Four did not go to bed on Friday night and everybody interviewed went to bed Saturday, although some could not remember anything but getting up. Seven students went to church or Sunday School.

One hadn't been to bed all year, as well as he could remember.

The regular meeting of the ASCE will be held Tuesday at 7 p.m. in Mann 436. An Armo Steel representative will present a film entitled "Iron Ore From Labrador." Refreshments will be served following the meeting.

On Sunday, The East Carolina Players will present two plays, *Zoo Story* and *Midnight Caller* and two ballets, *The Gavotte* and *Street Scene*. The plays will be given in the Union Ballroom at 8 p.m. Tickets may be picked up at the main desk.

The Institute of Electrical and Electronics Engineers will meet

Monday at 7 p.m. in 242 Riddick. Paul Dragounnis of American Electric Power Service Corporation will talk on "Magneto-hydrodynamic Power Generation" EE students and faculty are invited.

The N. C. State Theater will present a performance of the play, "The Marriage Proposal" Thursday at 9:30 p.m. in the Union theater. Admission is free.

The Needham Broughton Little Theater is presenting *Kiss*

Me, Kate December 6 and 7 in the Broughton auditorium. Tickets may be purchased at the door for \$1.00.

Free tickets for the Raleigh Little Theater Production of *Blood, Sweat, and Stanley Pool* may be at the Union main desk between 10 a.m. and 5 p.m.

Part time student help needed. Different hours to be covered. May work in well with your class or study schedule. Contact the manager of the new cafe-

teria of Leazer Hall.

The Horticulture Club is selling apple cider week days between 4:30 and 5:30 p.m. in room 2 Kilgore Hall. Cost is 1.25 per gallon.

David Oates has lost a set of keys, probably between the south wing of Bragaw and the Bragaw parking lot. A reward is offered. The finder may contact him at 405-C Bragaw or phone 832-1932.

MORE KINDS OF CHEVROLETS THAN
EVER BEFORE!

JET-SMOOTH LUXURY CHEVROLET
15 models. Four series. One brand-new series—the Impala Super Sports. More luxury, too. Even the Biscaynes are now fully carpeted. There's seven different engines' worth of power—140 hp to 425 hp (optional at extra cost). It's a matter of knowing if you'd like your luxury on the gentle side or on the other side.
Model shown: Impala Sport Coupe

TOTALLY NEW CHEVELLE! 11 models. Three series. An entirely new line of cars sized a foot shorter than the big cars, so you get the handling ease of smaller cars. But don't sell it short! Chevelle gives you generous passenger and luggage room. Engine choice: 120 to extra-cost 220 hp.
Model shown: Malibu Sport Coupe

NEW CHEVY II Six models. Two series—Nova and Chevy II 100. Both now offer an extra-cost 195-hp V8 or a 155-hp six, to give you more Chevy II power than ever before. Match this added power with Chevy II thrift, and you can see why Chevy II will be harder than ever to keep up with this year.
Model shown: Nova 2-Door Sedan

NEW CORVAIR Seven models in four series. Two Greenbriers. A new standard 95-hp engine (nearly 19% livelier). An extra-cost 110-hp engine on all Corvairs and a 150-hp Turbo-charged engine in the Monza Spyder. Styling? Never been cleaner. Interior? Never been brighter. Fun to drive? Never been more so.
Model shown: Monza Club Coupe

NEW CORVETTE Two models—the Sport Coupe with a new one-piece rear window plus improved interior ventilation, and the dashing Sting Ray Convertible. Both boast smoother rides, improved sound insulation. Both go with four big V8's, including a new extra-cost 375-hp engine with Fuel Injection.
Model shown: Sport Coupe

Ask about a SMILE-MILE Ride and the Chevrolet Song Book at your Chevrolet dealer's
