## NSA, YAF Man Opposing Booths

Controversy has been brewing during NSA Week.

The State Chapter of YAF, which has established an opposition NSA booth near the NSA booth in the Erdahl-Cloyd Union, has directed a series of questions at the delegation. Willard G. Preussel Jr., chairman of the YAF Committee on NSA, asked that students direct these questions and others to the delegates manning each of the booths.

In a statement directed to the students, Preussel said, "If you don't receive satisfactory answers at the NSA booth (which you won't) come by the YAF table located right across the lobby.

"Our members will be glad to answer any questions you may have either about YAF or NSA, and you can pick up some informative literature (which was not obtained at your expense).

"We will also have at our table several copies of directives to NSA delegates which will be introduced Thursday night at the SG meeting which we would like to have your comments on, and a petition calling for a referendum on continued affiliation with NSA, which we invite you to sign."

The Technician addressed some of these questions to Terry Lowder, NSA coordinator, with the following results:

- 1) What benefits is NSA bringing to this campus now? According to Lowder, "The primary benefit at present is the Student Government Information Service. However, we hope to initiate more extensive services in the near future."
- 2) Do you really think NSA is worth \$850 a year to us? "The total cost to teach student amounts to 15 or 20 cents. Of the entire \$850, a total of \$600 goes to the National Congress, \$75 goes to the Regional Congress, \$140 goes for membership dues, and the balance goes for regional dues. However, the benefits received are worth three times the amount put in."
- 3) Why is the NSA hierarchy opposed to requiring schools to elect delegates like we

## Genetics Professor Chosen For Award

An assistant professor of genetics and bacteriology at State has been selected for one of the National Institutes of Health's highest awards.

Dr. Frank B. Armstrong was chosen by the General Medicine Panel of the NIH from candidates made up of university scientists throughout the country.

His prize is a salary guarantee by the NIH for the next five years, with a probable renewal for five more years. He will thus be freed from part of his teaching responsibilities and can devote more time to laboratory research.

do? "The NSA 'hierarchy' actually no longer exists. That group, the National Executive Committee, was abolished at the last NSA Congress. The N. C. State delegation plans to introduce a resolution at the next convention calling for mandatory election of delegates on all NSA campuses."

In response to the allegations of the YAF Report on NSA, Lowder stated, "YAF tells only the partial truth and has yet to tell the complete truth. The sole purpose of YAF is to seek the removal of NSA from various campuses. In this manner, YAF is not being constructive. If they would compete rather than oppose, something constructive might be accomplished."

NSA Week will be climaxed by a regional convention in East Carolina this weekend.

## Peace Corps To Station Training Program Here

By Hardy Berry

Sixty-five Peace Corps volunteers will undergo an intensive 11-week training program at North Carolina State this summer under a contract now taking shape between the university and the federal agency.

Chancellor John T. Caldwell made the announcement today and said State officials and faculty members are very pleased with the opportunity to assist with the Peace Corps program.

The 65 volunteers are slated for work in Chile after completing their training at State in September. The Peace Corps contract for NCS is expected to total about \$150,000.

Chancellor Caldwell said a director for the program has been appointed and several members of the summer train-

ing faculty have been recruited.

Director of the program will be Dr. Ralph W. Greenlaw, head of the first Peace Corps training program in the nation—at Rutgers, the State University of New Jersey, in 1961. Greenlaw has been on the State faculty since mid-1963, as a professor of history.

Dr. Greenlaw said Thursday the trainees will receive training in language, forestry, agriculture, home economics, community development, Chilean studies, and U. S. affairs and Communism.

Dr. Greenlaw announced part of the program staff at a press conference on the campus Thursday morning and said the remainder would be announced within the next few weeks.

A veteran of Peace Corps

language training will head the language program, Dr. Jack C. Tomlins of Rutgers. Dr. Tomlins worked on the 1961 program with Dr. Greenlaw. About half of the 10-hour day, 6-days-a-week schedule will be devoted to Spanish.

Dr. John Rice, acting director of State's Mission in Peru, will head the agricultural training program.

Chilean studies will be headed by a specialist on Chile from Wisconsin, Dr. Jack Ray Thomas, a Wisconsin State College historian.

A returned Peace Corps veteran, Jerry Garthe, whose volunteer work was in Chile, will

head the forestry training program under Dean Richard J. Preston. Garthe is working on his Ph.D. in forestry.

Leaders for the training work in community development and home economics have not yet been appointed, Dr. Greenlaw said. He pointed out, however, that much of the planning for an effective home economics program has already been completed by Dr. Eloise Cofer, state leader for extension home economics.

The Peace Corps trainees will arrive at State on June 20, coming from all parts of the United States, and depart in the first week of September.

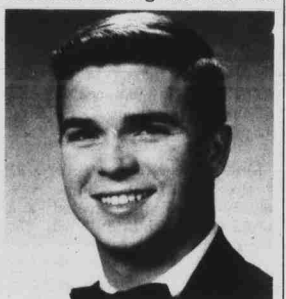

## Student Dies In Auto Mishap

A 20-year-old State student in textiles died at Wake Memorial Hospital early Wednesday morning following a wreck near Garner.

David Ford, a native of Gastonia, died at 5:05 a.m. of multiple injuries caused when the car he was riding in skidded out of control into the lane of an oncoming car. Other State students in the car were James Carper, Martin Atkins, and Charlie Ross.

All were members of Pi Kappa Alpha Fraternity and driving back from Lake Waccamaw with a trailer full of bricks which were to be used at their house. Carper, who was driving, and

Ross are still in the hospital and reported in "satisfactory" condition. Driving the other car

Dave Ford

was Walter S. Singleton, who is being treated for lacerations of the left leg and chest.

G. H. Dunlap, head of the textile school placement, said that Ford was "one of the most personable and pleasant students I have ever had the pleasure of knowing."

Funeral services will be held for Ford Friday at 11 a.m. in Gastonia. A number of his fraternity brothers have announced that a memorial service will be held at 4 p.m. in the Danforth Chapel for all interested friends of Ford.

## Senate Takes Stand On Academic Freedom

The Faculty Senate passed a resolution commending the university administration for "its forthright stand in protecting the academic freedom and constitutional rights of its faculty members."

The Senate also reaffirmed its support of the policy on academic freedom of the Consolidated University which reads as follows:

"Academic freedom is the right of a faculty member to be responsibly engaged in efforts to discover, speak, and teach the truth. It is the policy of the University to maintain and encourage full freedom, within the law, of inquiry, discourse, teaching, research, and publication and to protect any member of the academic staff against influences, from within or without the University, which would restrict him in the exercise of these freedoms in his area of scholarly interest.

"The University recognizes that in his role as citizen, as to matters outside the area of his scholarly interest, the faculty member has the right to enjoy the same freedoms as other citizens, without institutional censorship or discipline, though he should avoid abuse of these free-

doms. He should recognize that accuracy, forthrightness, and the dignity befit his association with the University and his position as a man of learning. He should not represent himself as a spokesman for the University."

## Preyer Appoints Campus Chairman

Bill Peabody, a senior in economics, has been appointed chairman of the Students for Preyer organization on the State campus.

Judge Richardson Preyer stated, "It is indeed a pleasure to have Bill Peabody and many other students at N. C. State working for me."

Peabody announced that all State students are invited to attend a rally for Preyer Saturday at the Carolina Hotel. The rally, which is scheduled to begin at 2 p.m., is being handled by the Students for Preyer organization. The student group is headed by Charlie Shaffer of UNCC, John Bynum of State, and Kitty Bernhardt of Wake Forest.

The highlight of the rally will be an address by Preyer.

## Soph Elected To District Post In Circle K Club

Bill Graham, a sophomore in chemical engineering, was re-elected to the post of district secretary of Circle K Club last week-end at a Circle K convention held in Greenville, South Carolina.

The 14-member delegation representing State at the convention was accompanied by the advisor to the group, Kiwanis member James Brooks.

During the convention, speakers included South Carolina Lt. Governor Robert E. McNair and former governor of North Carolina Kiwanis Club Sam Bundy.

The group was also entertained by South Carolina's first lady, Mrs. Donald Russell.

## Polio Shots

The second dose of oral polio vaccine will be distributed this Sunday.

The medicine-coated sugar cubes will be given out at the Infirmary to students only from noon to 5 p.m. Dependents of students are not eligible.

Students who missed the first dose may take the second, and any vaccine which is left over will be available Monday and Tuesday, April 20 and 21.

## Nine Departments To Participate In Fair

The North Carolina State's 32nd Annual Engineer's Fair will begin with opening ceremonies in front of the civil engineering building at 2 p.m. Friday.

Among the fair's 400 exhibits and demonstrations will be subsonic and supersonic wind tunnels, an electrostatic duster for the home gardener, high temperature furnaces, distillation laboratory, analog computers, a data collection system, a seismograph, furniture construction, metal fabrication operations, and radioscope techniques.

"The nine degree-granting departments will all take part in the general theme, 'Engineering: the Creative Profession,'" said Stokes White, chairman of

the Engineer's Council.

The Civil Engineering Department added in a note of interest that they would present an analysis of the traffic flow on Hillsboro Street, one of Raleigh's main traffic arteries. The civil engineering exhibits will be on display in Mann Hall, the newest engineering building on campus. Visitors will be allowed to tour the multi-million dollar building.

The two-day event is being sponsored by the more than 3,000 engineering students currently enrolled at State. There is no admission to the fair and everyone who is interested is urged to come. Each year the fair attracts some 5,000 visitors to the campus.

## I Dreamed I Was A . . .

Carole Cranon, of Martin Junior High, examines a piece of art work in the student art competition on display at the Union. The title of the piece is "I Dreamed I Was a One-armed Bandit in My Maidenform Bra." (Photo by McCallister)

## Peace Corps Center Is A Good Move

The announcement that a group of Peace Corps volunteers will be trained on campus this summer is nothing less than good news.

This development goes to prove that this institution is on the move. Not only will the addition of a Peace Corps center broaden the opportunities of students here at State, but more important, it will spread the good word about the capabilities of this campus.

The Peace Corps contract may run as high as \$150,000. For State and even the state of North Carolina, this is no small amount of money.

In addition to bringing greater finances to the institution, the program will also bring in skilled leaders. The extensive area of training must have experts to carry out the project due to the comprehensive and concentrated nature of the fields of study.

In addition, the announcement of the program is a good indication of the fact that the institution is taking advantage of its present facilities.

The training center has the potential of developing into an excellent program. The areas of study cover everything from home economics to U. S. affairs and Communism, with little lacking in between.

If this institution can support such a program as constructive as the Peace Corps, it is also left wide open to broaden its realms in other worthwhile projects.

—CK

## Joint Activities Banquet Will Be Up For Test

The advantages and disadvantages of a joint Student Activities banquet will be brought to task in May when the first such banquet is held.

There is some doubt about the feasibility of such a banquet and it may prove to be just an additional burden on the people who are planning it.

One of the main objectives of the joint banquet which will take in members of IFC, IDC, the Erdahl-Cloyd Union, Student Government, and the Board of Publications, is to eliminate all the small banquets each of these groups usually hold in the spring. But as the situation now stands, most of these groups will have some sort of banquet or picnic type affair anyway.

The organizations participating in this year's banquet should take advantage of the opportunity to find out what possibilities such a plan holds for the future. As things now stand, the banquet is by no means a permanent affair, but the results of this year's banquet will probably determine whether the idea will continue.

—CK

## English Magazine To Be Published In May

The contents of *The Windhover*, the new literary magazine scheduled to be off the press the first of May, have been released by Editor Roy Colquitt.

The magazine will include poetry from English professors Max Halperen, Reed Sanderlin, Eugene Hollahan, and a short story from Lodwick Hartley.

Nancy Warmbrod, a member of the D. H. Hill Library staff, and Chris Nielsen, a sophomore in the School of Forestry, also have poems in the publication.

The art work is the product of Phillip Brogden, Gilbert Whellis and Monk Askew. Robert Chartier did the illustrations for the stories.

Also appearing in the magazine are an article on Joe Cox's views on art, a discussion by Edward Albee on the new theater, part of a novel and other short stories.

An editorial by *The Windhover* staff states that "Although *The Windhover* is a student publication, the works presented are not necessarily presented by the students of N. C. State. We wish this publication to become a magazine in which new writers of merit are given an opportunity to make themselves known."

## Campus Crier

Organizations that plan to ask Student Government for financial aid for next year may pick up application blanks at the Union main desk. Applications must be returned by April 20.

The Forestry Club will have a Rolleo and Loggers' Brawl Saturday, April 18. All Forestry students are invited. See J. A. Leatherland in 225 Syme for tickets.

The Christian Science Organization will meet in E. S. King Chapel Thursday night at 7:15.

Blue Key will meet April 21 in the YMCA at 9 p.m. New members will be elected and banquet information will be given out.

A brown wallet with military identification and other important papers was lost between Riddick Hall and the Coliseum. If found, contact Chuck Steenburgh, 832-5738.

Students for Dan K. Moore for governor will meet in room 254 of the Union at 8:30 tonight.

## Cadets & Angels Attend Conclave

Seven State students, two of them coeds, attended the 18th Annual Conclave of the Arnold Air Society last weekend in Denver, Colorado.

The girls, Dianne Barriere and Joyce Warner, are members of the Society's auxiliary organization, the Angel Flight. This was the ninth national meeting for the Angels.

Col. J. D. Howder and Lt. Col. F. D. Blanton accompanied the group, which included O. R. Wiseman, John Rabb, Edwin Page, Richard Paschall, and Jerry Gray.

The commander of the Air Systems Command, General Bernard A. Schriever, delivered the opening speech of the conclave on April 9.

A formal military ball and awards banquet highlighted the social activity of the conclave. Astronaut L. Gordon Cooper was guest speaker at the banquet and movie and television star Bob Cummings was master of ceremonies.

## Cadets Complete Flight Instruction

Fifteen cadets of the Air Force ROTC Wing completed the Flight Instruction Program given to cadets in the advanced program. Each of these men now has his private pilots' license. Front row left to right, John F. Rabb, Bruce K. Basden, Charles B. Griffin, Wilson H. Heopler, James K. Rudisill and Robert M. Carnes. Back row left to right, Stephen F. Johnson, Philip G. Clegg, Stephen L. Williams, Clifton F. Sapp, Robert B. Bourne, and Thomas C. Church. Not shown were Michael B. Bost, Martin W. Weeks and John W. Woody.

## Coed of the Month

Mimi Hardy has been selected by the Photo Club as April Coed of the Month for April. Mimi is 19 years old and a freshman in English. (Photo by Frank Hough)

The annual IEEE picnic will be held April 25 from 2 to 5 p.m. at Dean's cabin. Freshmen in EE are invited along with IEEE members. Sign up in the EE office. Transportation will be furnished.

An MIM notebook has been misplaced. The finder is asked to contact Bill Haddon in 120-D Bragaw or at TE 2-3921.

## Oratorio Society

The Raleigh Oratorio Society will present Mozart's "Requiem" in a concert here at 3 p.m. Sunday in the Leroy Martin Junior High Auditorium on Ridge Road.

The 60-voice Society and an orchestra of 21 pieces will be directed by Margaret Spiro Norwood. The concert is free and is open to the public.

The Chinese International evening scheduled for April 19 has been cancelled.

Found—an umbrella in Harelson Hall. Contact Larry Hall 205 Bagwell.

Richard Douthwaite lost a light brown rain coat in Ha 201 April 13. Finder please contact him at 832-8472.

A brief case was lost in the Tucker Snack Shop area. Finder please contact David H. Hauser in 206 Tucker, or TE 2-9387. A reward is offered.

## Combo Party

The Erdahl-Cloyd Union will sponsor a combo party Friday night.

The party will get underway at 8 p.m. in the Union ballroom and will continue until midnight.

The music will be by The Tassells. All students are invited to attend free of charge.

Entered as second class matter, February 19, 1959, at the Post office at Raleigh, North Carolina, under the act of March 3, 1879. Published every Monday, Wednesday, and Thursday by the students of North Carolina State except during holidays and exam periods. Subscription rate is \$5.00 per school year.

# Technician Sports

## Cooperation Is Needed In Spring Intramurals

During the past two weeks since the passing of spring holidays, over 100 intramural contests have had to be postponed because of rain. As the end of school draws near, the intramural program will be hard pressed to finish its program.

The "Big Four Sports Day" and the possibility of more bad weather will also delay the program somewhat. For these reasons, it is imperative that all teams play their scheduled contest on the day and at the time they are scheduled. The postponement of one contest could be, and often is, responsible for holding up the entire schedule.

In the remaining four weeks of school before exam week, the intramural program calls for the completion of softball, tennis, and horseshoes; the beginning and end of badminton, and the intramural track meets.

## Dormitories Continue Softball

For the first time since before the Easter holidays, the dormitory intramural softball league has been able to play ball. The contests played yesterday were in the second round of play.

Syme and Bragaw North #1 scored in every inning of their game for a total of 48 runs. The Syme team wound up on top by a close 25-23 score. Four runs in the top of the seventh frame put the Syme team on top for the first time in the ball game. McGee and Hall of Syme had the only home runs in the game.

In another close contest, Bragaw North #2 edged out Owen #2, 13-12. Bragaw trailed 12-8 going into the last of the seventh inning and rallied for five runs and the victory. For

the winning Bragaw team, Brame, Hamerick, and Whistnant hit home runs while Atkins had one for the losers.

Welch-Gold Fourth tallied 12 times in the first inning and coasted to an 18-4 win over Bragaw South #1. The game was called after four and one-half innings due to the size of the W-G-4 lead. Payne and Abernathy hit home runs for the Welch-Gold-Fourth team.

In another one-sided contest, Alexander exploded for 15 runs in the top of the fifth inning to down Watauga by a 24-6 score. The game was called after the fifth frame. Scott, Haywood, and Askew each hit one home run for the winners.

## Playboys Win Title In Open League Bowling

Open League bowling ended Tuesday night with the Playboys taking first place on a 35-1 season record.

The All-Stars were in second place with a 32-4 record, followed by the Strikers and the Pick-ups with identical 18-18 records.

High average for the season was taken by Wiegand with a 197 average. Green was second

with 186, with Wilhelm and Lipsius tied for third with 184 averages.

Wiegand, Green, and Brame had the highest three game sets of the season with 664, 645, and 637 respectively. Season high games were 267, 255, and 248 rolled by Hare, Wilhelm, and Brame.

The All-Stars had the high team set and high team game with a 2788 set and a 997 game.

## Tennis Begins In Both Intramural Leagues

As the sky finally cleared over the intramural tennis courts this week, dormitory and fraternity teams began the task of eliminating each other until one is left for the crown in each league.

Fourteen of the fraternity teams have completed the first round of play, while two teams have finished two rounds. In two games last week, Phi Kappa Tau downed Sigma Chi and Lambda Chi Alpha stopped Sigma Pi. This week's action saw the PKT team reach the semi-final round of the winner's bracket by winning over LCA, 2-1.

Five first round matches were completed yesterday as action continued in the league. Sigma Phi Epsilon downed Farm House, Delta Sigma Phi defeated Tau Kappa Epsilon, Kappa Alpha won over Alpha Gam-

ma Rho, Sigma Alpha Epsilon defeated Theta Chi and Pi Kappa Phi won by forfeit over Pi Kappa Alpha.

Six matches have been played in the first round of dormitory action. Becton, Berry, Turlington, and Bragaw North #1 all won by 3-0 scores over Welch-Gold-Fourth, Syme, Tucker #2, and Owen #2. Winning 2-1 contests were Alexander over Bragaw South #2 and Owen #1 over Tucker #1.

## Fraternities Begin Pitching Horseshoes

The fraternity intramural horseshoes pitching league began action yesterday by completing six first round games and two second round contests.

In first round action, Sigma Phi Epsilon and Kappa Alpha defeated Sigma Alpha Mu and Alpha Gamma Rho by 3-0 shut-outs while Phi Kappa Tau, Theta Chi, Tau Kappa Epsilon, and Sigma Pi won 2-1 decisions over Sigma Nu, Pi Kappa Phi, Farm House, and Sigma Chi.

The second round action saw the Sig Eps and Tau Kappa Epsilon reach the winner's bracket semi-final round by winning over Kappa Alpha and Sigma Pi.

In one loser's bracket contest, Sigma Alpha Mu put AGR out of further competition by a 2-1 score.

## IDC and IFC Will Hold Field Days Soon

### FRATERNITY

Spring Greek week end will start off with a bang Friday afternoon, the 24th of April. The event will be the I.F.C. Field Day in which the fraternity teams will compete in putting, egg tossing, sack racing, three-legged racing, volleyball throwing, gladiator fighting, and possibly a tug-of-war.

These typical spring fraternity activities, with the exception of putting, will be held on the new intramural field on Fraternity Row.

The athletic directors will get the rules and other necessary information this week and all fraternities are urged to attend and participate in this big event. The I.F.C. will give awards to the winning teams.

### DORMITORY

The Interdormitory Council has set this Saturday, April 18, as I.D.C. Field Day. Dormitories with teams entered will begin competition in the seven sports at 1:00 p.m.

The sports to be included in

# Theta Chi's To Host Two-State Convention

The State chapter of Theta Chi fraternity is sponsoring a two-state convention of Theta Chi chapters here in Raleigh this coming weekend.

Around 100 brothers from ten schools in North Carolina and Virginia are expected for the annual "Mason-Dixon Jubilee" which will begin Friday night and culminate early Sunday morning, according to Tom Church, chairman of the Mason-Dixon Committee. Events will be balanced between workshops centered on scholarship goals and rush and pledging activities, and social events including competition for the regional "Dream Girl" title.

A dance Friday night will feature the Bluenotes, and the Jubilee Ball on Saturday night

will feature Maurice and the Zodiacs. The main speaker at Saturday night's banquet will be local TV-station executive Jesse Helms.

Workshops and activities Saturday morning preceding a jazz concert will be observed by several members of the National Executive Council of Theta Chi, including President Howard Alter, past President Joseph Ross, Chaplain Dr. Fleming, and Regional Counselor Ralph Helsabeck, according to a fraternity spokesman.

Among the schools represented will be Wake Forest, University of Virginia, High Point College, East Carolina College, University of Richmond, Hampden-Sidney and Lenoir-Rhyne College.

Miss Bennie Hunter, current "Dream Girl" of Theta Chi fraternity, will compete Saturday with girls representing the nine other chapters in Region Four for the regional title at the fraternity's annual "Mason-Dixon Jubilee" to be held here.

## CORE To Circulate Letter

Beginning Friday, the State Chapter of CORE will circulate a letter endorsing desegregation

of all establishments open to the public, according to Fred Lutz, chairman of the chapter.

### Proficiency Exam For Textile Students

The English proficiency exam for textile students with 63 or more hours has been postponed.

The exam will be held at 7 p.m. on April 16 in Nelson Auditorium.

The test is in two parts, the writing of a business letter and an essay, including an outline for it.

In order for textile students to graduate, the exam must be passed.

The letters will be circulated to students, faculty and staff.

The Raleigh Student Movement is compiling a complete list of segregated and desegregated establishments which is to be made public probably next week, Lutz said.

Kirby Distributing Company has openings for part-time sales work. All leads furnished. For evening appointment call — Dave Stewart, Kirby Company, TE 4-3705 for information.

## THE SAFE WAY to stay alert without harmful stimulants

NoDoz keeps you mentally alert with the same safe re-fresher found in coffee and tea. Yet NoDoz is faster, handier, more reliable. Absolutely not habit-forming.

Next time monotony makes you feel drowsy while driving, working or studying, do as millions do . . . perk up with safe, effective NoDoz tablets.

Another fine product of Grove Laboratories.
