## County Agents and Faculty Hold Enjoyable Reception

Ye Olde Virginia Reel Contributes Greatly to the Entertainment

DEAN SCHAUB SINGS SOLO

Series of Stunts Keeps Explosive Merriment Going Till 11 P. M.

The crowning event of the Extension Agents short courses here was the faculty reception Wednesday night in the new Dining Hall. Dr. E. C. Brooks and Dean I. O. Schaub were present, and both contributed to the entertainment of the gathering.

Dean Schaub, who is Director of Agricultural Extension Work at State College, put on this reception for the Extension Agents and for faculty members and their wives.

For the first few minutes every one was left to chat sociably with his neighbors. All formality of introduction was done away with by having every one put his name and county on a slip of paper and pin on coat lapel or on the front of dress. In this way no one was left out, but all were immediately acquainted.

Then a sharp blast of a whistle by "Sam" Wallis, who graduated from State College last spring, caused a momentary hush. Miss Bertha Lee Ferguson announced that the ladies would form a circle and march around, and the gentlemen would form a circle around the ladies and march in the opposite direction. At a signal, which was the blast of the whistle, both circles would stop and face each other, and for two minutes a subject announced by the director would be discussed. Such subjects as "My Greatest Ambition" and "The Most Peculiar Experience I Have Had" were discussed.

The next part of the program was stunts, put on by the agents from the various districts. The comments on all the stunts proclaimed them to be excellent.

The first was the county agent trying to induce an old-timer farmer to buy some organic fertilizer. "Why it will sweeten your land and feed millions of bacteria." "But," objected the farmer, "I ain't got none of them; I only got two young'uns."

The second stunt was a number of club ladies calling upon the home agent for help and advice over the telephone. The agent is rushed so she doesn't have time to help them all, and there is even talk of the county commissioners turning her off.

The third stunt was a group of men talking about the county agent. He had shown a number of men on a camping trip how to clean a steel pan by greasing, turning bottom up over the coals and let it heat a while. One fellow carefully observed all the procedure and decided to practice it when he went home. Accordingly he obtained his wife's aluminum pan and

## ALPHA GAMMA RHO MOVES OFF CAMPUS

Three Fraternities Have Moved Into Homes During the College Year

Alpha Gamma Rho is the latest fraternity to move off the campus. They are now living at 2322 Hillsboro Street, on the corner opposite the Textile building.

The Kappa Iota Epsilon Fraternity started the movement last fall, and were closely followed by Kappa Sigma. The moving of the Alpha Gamma Rho now makes three social fraternities living in houses off the campus.

Those living in the house are: John Anderson, K. M. Badgett, Charlie Baughman, W. G. Booker, F. D. Callahan, J. E. Gibbs, G. L. Floyd, A. F. Kearns, E. C. Mitchner, Tyson Mitchner, George M. McCown, G. W. Sheffield, and George Wallace.

## HOME AGENTS' LEADER AT STATE CONFERENCE

MRS. JANE S. MCKIMMON

In the joint conference and short courses held for the County and Home Extension Agents here, January 6-15, the Home Agents were led by Mrs. Jane S. McKimmon, State Home Agent.

## PLEDGE DANCES ARE HELD IN GYMNASIUM

Given by Fraternity Pledges With Cotillion and German Clubs

The pledge dances given at the Frank Thompson Gymnasium Friday night, Saturday afternoon and night, featured on last week's social program. They were sponsored by the Pan-Hellenic Council and given by the pledges of the various Greek-letter fraternities in conjunction with the German Club and Cotillion Club. The Friday night dance was given solely by the pledges.

These were among the best dances given at State College this season. Many students from Carolina, Duke and Wake Forest were present, in addition to a number of visiting girls. Eddie Cramer, John Dotterer, and John Long composed the committee in charge of all three dances. They were well conducted, and there was hardly any evidence of drinking or ill-conduct.

Pledge dances will probably be made an annual event, and will come just before registration for the second quarter so that the out-of-town girls attending local colleges will be able to come.

The chaperones were: Dr. and Mrs. E. C. Brooks, Dean and Mrs. B. F. Brown, Dean and Mrs. E. L. Cloyd, Mr. and Mrs. J. E. MacDougall, Major

(Continued on page 2.)

## FROSH INTERCEPT MANY SNOWBALLS

Suggested That the Freshmen Should Have Held Prayers for Warm Weather

Will the snow never melt? This question is asked everywhere on the campus, especially among the freshmen.

For the past three or four days the freshmen have had to leave the Mess Hall on the run to keep from being "snowed under" by the flying snowballs.

The freshmen should be the champion speed eaters of the world by the time the snow melts. They hardly get seated at the table before they are through eating and leave the Mess Hall.

The amusing point of the whole thing, however, is the fact that the upper-classmen get hit just about as often as the freshmen. Many of the snowballs flying towards a frosh are blocked by the anatomy of an upper-classman.

It is reported that in years past it has been customary for the Freshman Class to hold mass meetings to pray for warm weather to melt any accumulation of snow that might make its appearance. The present snow has held on so tenaciously until it is believed that the customary prayers must have been forgotten.

## POULTRY MEN WIN SECOND AT NAT'L JUDGING CONTEST

Trailed Cornell by a Bare 21 Points, Easily Leading All Other Teams

W. W. KEEVER WINS MEDAL

Places as the Second Highest Individual Scorer in Contest

The State College Poultry Judging Team returned from New York on January 11, after taking part in the Annual Inter-State Interscholastic Poultry Judging Contest at the New Madison Square Garden Poultry Show, New York City, January 8. The team won second place with a total score of 1,640 points, Cornell taking first place with 1,621 points, barely 21 above State. The next highest scoring team was over 100 points below the State team.

W. W. Keever won a silver medal in utility judging, being the second highest scoring individual in the contest.

The team consisted of the following members: W. W. Keever, C. P. Fishburne, J. B. Slack and two alternates, G. W. Knox and W. D. Burton, and was accompanied by Coach W. F. Armstrong.

The birds judged consisted of four classes in standard and four in utility. The standard birds were Barred New-mouth Rock hens, Rhode Island Red cockerels, White Leghorn cockerels, and White Wyandotte hens; while the utility classes were White Wyandotte, White Leghorn, Barred Plymouth Rock, and Rhode Island Red hens.

While in New York, the team had the privilege of not only seeing and studying America's greatest poultry show, but had an opportunity to study

(Continued on page 2.)

## SENIORS AND JUNIORS WILL DEBATE TIMELY QUESTIONS

Proposition Concerning Light Wines and Beer Will Be Senior Subject

The Senior and Junior inter-collegiate debates will take place on January 29th and February 12th, respectively. The topics of these debates are ones that are of live subject-matter, as there is a great deal of agitation and interest about each in this country at the present time.

The Seniors' proposition is: "Resolved, That the necessary steps should be taken to abolish federal prohibition of the manufacture, sale, and consumption of light wines and beer." (Light wines—those containing 7 per cent or less of alcoholic content. Beer—the usual product with an alcoholic content of about 5 per cent.) There is plenty of material reserved in the library on this question. This proposition is one similar to it will be used in our intercollegiate debates with Arizona and Georgia, which takes place this spring.

The Juniors' proposition is: "Resolved, That compulsory military training should be abolished from American colleges and universities." Plenty of material can be found on this subject in the library, although we do not have an intercollegiate debate on this proposition. A great deal of interest and talk is being created for and against compulsory military training, which makes this proposition live and timely.

Leazar Society has the affirmative side in both of these debates while Pullen has the negative. Although the sides are chosen by the flip of a coin, the Junior debate will mark the sixth consecutive inter-collegiate debate in which Leazar has had the affirmative and Pullen the negative.

## DR. BROOKS URGES STUDENTS STUDY LIFE OF CHRIST

Assembly Period Devoted to Furthering Bible Study Program of "Y"

HAWAIIAN CLUB PLAYS

King and Peeler Explain Aims and System of Conducting Course

"Nineteen hundred years ago there came upon the earth the strangest and perhaps the least understood character that the world has ever known and the second great agency to influence government and personal life," said Dr. E. C. Brooks in his address entitled, "Why a State College Man Should Study the Life of Christ," at the general assembly period Wednesday.

The assembly program was opened by three very enjoyable selections played by the State College Hawaiian Club. Because of a severe cold it was impossible for Dean Cloyd to be present at the exercises. His place was taken by Mr. E. S. King of the college Y. M. C. A. Mr. King spoke in behalf of the Bible Study classes and asked Mr. R. J. Peeler, chairman of the Bible Study Committee, to explain his plans for the work to be done along that line this term.

"It has been the custom," said Mr. Peeler, "to start the Bible Study classes in the fall term, but it was necessary to defer the subject this year until the winter term because leaders had to be trained for the work. It is planned to start the classes in this year next Wednesday evening at six-thirty. They will be held in each dormitory. The aim of the Bible Study Committee is to put into the hands of each man on the campus one

(Continued on page 2.)

## BIBLE STUDY CLASSES ORGANIZED AT BANQUET

Students, Faculty Members, and C. E. Johnson of Raleigh Will Lead Classes

Bible study classes were organized Wednesday evening by efficient leaders, under the direction of the Y. M. C. A., in every dormitory on the campus. This marks the beginning of one of the best and most carefully planned Bible study programs ever presented by the Y. M. C. A. to the student-body of the institution.

At a special feed held in the "Y" for the Bible study leaders, assistant leaders and promoters, Mr. C. E. Johnson, a civil engineer of Raleigh, made a short talk in which he gave valuable advice to the leaders and assistant leaders. He also stressed the importance and great significance of this work. He emphasized the fact that the Y. M. C. A. is simply the means through which such a program may be presented to the student-body. It is, according to Mr. Johnson, the purpose of the "Y" to serve the students and not to create honor for itself.

R. J. Peeler, chairman of the Bible study committee, outlined very briefly

(Continued on Page Two)

## GERMAN CLUB BE HOST AT AFTERNOON DANCE

At the last meeting of the German Club it was decided to give an afternoon dance on Saturday, January 23.

The reason for this change in policy of the club to give occasional afternoon dances, is due to the growing popularity of the Tea-Dansant throughout the country.

The club has promised to obtain an out-of-town orchestra for this first dance.

## Red Terrors Take Thrilling Game From Fighting Deacons

NOTICE TO SENIORS

The committee which was appointed at a recent meeting of the Senior Class to investigate Canes and Derbies, wishes to report that it is waiting on several business houses, which have written for prices.

The stocks on hand have been almost depleted, but shipments will probably arrive in the course of the next few weeks. As soon as we can get definite information we will inform you.

(Signed) Cane and Derby Committee.

Pile Up Enough Score in First Half to Stem Tide of Demon Rally

GRESHAM HIGH SCORER

Ellington and James Led a Strong Come-back Staged in Last Half

State College's basketball team Friday night rose to the heights of the occasion and piled up enough score in the first half to enable them to defeat the Demon Deacons 37 to 34, in the closest and hardest-fought game this season.

Led by the flashy Gresham, who seemed to be all over the court at once and scored thirteen of the State points piled up in the first half, "Gas" Teshell's whole team played real basketball and won deservedly from the Baptists. Wake Forest drew first blood, and managed to keep even with or two points in advance of the Technician until the score was tied at 9 all. James and Ellington did some pretty shooting, but their goals were mostly of the "crip" variety, while Gresham shot two field goals and three free shots during this time, his field shots being difficult ones from the side of the court. Captain Dickens made the other two points to make the nine. After that, the Red Jerseymen "stepped out" and tossed the ball through the hoop with great regularity and from all angles until the score at the half stood: State, 21; Wake Forest, 13.

The last half was really Wake Forest's, as the State team slumped up considerably and allowed the opposing forwards to get several good shots at the basket. They made good on practically all of these, and some which were very difficult, and succeeded in bringing a 35-23 score up to 37-33 in the last five minutes of play. The game was fast and furious and well played throughout, though both teams were rough at times. Captain Ober, of the Baptists, was removed early in the game on fouls, and Watkins, of State, was later taken out for the same reason.

The low ceiling in the Wake Forest gym prevented long loop shots and interfered with the State tossers on more than one occasion.

Gresham was the individual star of the game, but Captain Dickens, Brown, and Spence also counted heavily in the scoring. Watkins and McDowell handled the ball well, and each succeeded in garnering at least two points.

Ellington and James led the opposing attack and did practically all of the Wake Forest scoring. The Baptists' gym was packed to the roof, and the close score and exciting playing kept this large crowd in a state of intense fervor at all times.

## STATE AND DUKE DEBATE AT CARY

Cary High School Hosts a First Debate of Year; Give Reception

Before an audience of nearly four hundred, the first intercollegiate debate to be held in North Carolina on neutral territory was staged on Thursday night at Cary, in the auditorium of the high school. The participating institutions were Duke University and the North Carolina State College. The debate was conducted under the Oxford plan, each college furnishing one speaker for each side of the question. For the affirmative appeared J. E. Tidley, of State, and G. B. Johnson, of Duke. The negative speakers were W. E. Wilson, of State, and H. L. Heater, of Duke. The proposition debated was: "Resolved, That the rules of the United States Senate should be revised as suggested by Vice-President Dawes."

The chairman of the evening was R. R. Fountain, a Junior in State College. His work in the capacity of presiding officer was noteworthy and was deserving of high commendation. He very ably expressed the appreciation on the part of the visiting institutions of the courtesy and hospitality of the high school officials and townspeople of Cary. He had an apt turn of phrase for difficult situations which arose frequently during the open forum discussion, and he was at all times complete master of the situation.

Tidley, the first speaker of the affirmative, thoroughly analyzed the question, presenting its purport in simple, easily understandable terms. His work at the beginning of his speech did much to stimulate a hearty interest in the subject on the part of even the youngest members of the audience. He then contended that the Dawes proposal of a majority clause rule is in line with the principles of democracy upon which our government is founded. Wilson, in reply,

(Continued on page 2.)

## BAND WILL GO TO SANATORIUM

Trip is First of Series Planned For State Institutions' Entertainment

Major Price and his concert band of thirty-two pieces will leave Saturday at noon for Sanatorium, where they will play a concert for the patients there. The college quartette will accompany the band and assist in the program.

This is the first of a series of trips to the various state institutions which the band will take this spring. Under arrangements made last fall, the Highway Commission will furnish transportation, and the entertainment will be furnished by the institution visited. In playing at hospitals and orphanages throughout the State, "Daddy" Price feels that he is using his musicians in the best possible way.

The trip will be made in reconnaissance cars which were made for use in the Army during the war but which have been turned over to the Highway Commission, and it is through the kindness of Commissioner Price that the cars are made available for this purpose. The party will leave Raleigh promptly at 12:30 Saturday, and will return Sunday in time to allow the boys to be present for the group pictures for the Agroneck.

## CERAMIC AND CLAY COURSES OFFERED

Lecture and Laboratory Work to Meet Requirements of Clayworkers

The North Carolina State College of Agriculture and Engineering offers a Short Course in Clayworking and Ceramics, to be given January 18th to 27th. The instruction consists of lectures and laboratory demonstrations designed to meet the requirements of practical clayworkers engaged in the production of heavy clay products. It will deal with the principles underlying the work of superintendents, foremen, burners and others engaged in the brick, hollow tile and sewer pipe industries. A common school education will suffice as preparation for the course.

Last year this Short Course was first instituted in the College Curriculum, enrolling about thirty students. A. F. Greaves-Walker, Professor of Ceramics Engineering and head of the Department of Ceramic Engineering, expects at least thirty students to enroll this year.

The office in the Ceramics Building will be open for registration and information from 9 to 12 a. m. and from 2 to 5 p. m. Those wishing to attend the Short Course in Clayworking and Ceramics should make application to the Registrar at once. The registration fee of \$5 should not be sent with the application.

**SENIORS!**

The Senior write-ups for the Agroneck are due Saturday, January 16. Notices have been mailed to those who are responsible for these write-ups. It is imperative that you co-operate with us and get this material in on time.

E. L. MOUNTCASTLE, Senior Editor.

**FROM THE LIBRARY**

The Librarian wishes to ask that all students who come into the Library will hang their overcoats and hats in the coat room. This room is the first room on the right at the main entrance.

The open hours at the Library are from 8:00 a. m. to 6:00 p. m. and 7:00 p. m. to 10:00 p. m. The hand-book will be distributed at assembly, Monday, January 18. The book tells about the use of the Library in general.

# SPORTS

PUT ON YOUR "SPECS" AND WATCH

THE RED TERRORS TERRORIZE

## Raging Wild Cats Fail To Stop The Red Terror Team

Speed and Accuracy of Captain Dickens and Gresham Notable

### THE FIRST TEST OF POWER

Anderson and Hewlette Are High-Point Men for Davidson Tossers

With a spurt at the start that gave them an 8-point lead over the Wildcats, the Tech basketball team took the top and held it throughout the contest, giving State the victory by the score of 33 to 24.

The steady and accurate shooting of Captain Dickens and the speedy floor work of Gresham made them high scorers of the evening, and gave them the record of being the best pair of forwards seen on the Davidson court this season. Spence, at center, also received his share of the honor.

After the start by Tebell's warriors, the Presbyterians tightened down and once came within two points of the State score. The Techs retained their advantage, though, and at the half were five counters ahead.

The last half showed up a better class of guarding, and State was held to 12 points while the Davidsonians were only able to amass 8. Anderson and Hewlette, both guards, were the high scorers for the Wildcats, while Captain Laird, a forward, was held to only four points.

This successful culmination of the trip and victory over the team which last week defeated Duke gives the first real indication of the strength of the Tech Quint, and seems to prophesy for them a clear record in the State, with the only real opposition in the 1925 Southern Champions of Carolina.

Line-up and summary:

State (33)	Position	Davidson (24)
Dickens, Capt. (8)	Wake Forest	Laird (4)
Ellington (14)	Right Forward	Dickens (14)
Gresham (15)	James (12)	Hule (5)
James (12)	Left Forward	Wilson (1)
Woodward (5)	Center	Anderson (6)
Ober, Capt. (2)	Left Guard	Harrison
Watkins (2)	Right Guard	McDowell (2)
Vickers	Right Guard	

Substitutes for Wake Forest; Chackales for Ober. For State: Spence for Brown, Williams (1), for Gresham, Waters for Watkins. Referee: Steiner (Duke).

### FRATERNITY HARDWOOD LEAGUE OPENS SEASON

The first Inter-Fraternity basketball games were played Tuesday night, January 12.

All of the games were good, and the teams showed that they were out to win. They were closely contested from start to finish, and were anybody's games until the final whistle sounded.

Much enthusiasm was shown, and it looks as if there is going to be keen competition for the cup, which is to be given to the winning team at the end of the season.

### NOTICE TO TRACK MEN

Dr. Sermon, varsity track coach, has announced that all men going out for track report at the gym next Monday afternoon at 4 p. m.

## TEBELL'S SPEED DEMONS CONQUOR LENOIR-RHYNE

Lutherans Able to Secure Only One Field Goal; Excell in Shooting Fouls

Fresh from their win over High Point the State Basketball Saturday night took a little trip over to Hickory and returned with the scalp of Lenoir-Rhyne hanging at their belt. Twenty-six to eleven was the final count, and it was the result of steady passing and stiff defensive work on the part of Tebell's aggregation.

That the Tech's defensive was well-nigh perfect that night is proven by the fact that the Lutherans were only able to toss in one field goal during the entire contest, and that one was obtained in the first minute of play.

Lenoir led in accuracy of shooting fouls, getting nine out of 14, while the Red players were better from the floor than from the foul line and were able to get but four out of a possible 13, from free tries.

The Tech team as a whole was far too fast for the Hickory lads, and Gresham and McDowell were the leaders of their team in this respect. As seems to be the usual thing this year, Captain Dickens and Spence were the high scorers of the evening.

### Lineup and Summary

State	Wake Forest
Dickens, Capt. (8)	Ellington (14)
Right Forward	
Gresham (15)	James (12)
Left Forward	
Woodward (5)

Ober, Capt. (2)	Left Guard
Watkins (2)	Right Guard

Substitutes for Wake Forest; Chackales for Ober. For State: Spence for Brown, Williams (1), for Gresham, Waters for Watkins. Referee: Steiner (Duke).

## FRESHMEN WALK ROUGH-SHOD OVER FARMVILLE

Elongated Green Jerseyed Team Takes Heavy End of 54-10 Score

The Freshmen found little difficulty in walking away with the long end of a 54-10 score in the game played with the Farmville High School quintet last Saturday night in the Frank Thompson Gymnasium.

From the beginning the game was a one-sided affair, the yearlings outclassing the visitors in every department. The first team was on the floor for only a part of the game, Coach Homewood using sixteen players in all.

Goodwin was the shining light of the game, scoring a total of 21 points. "Hunky" Waring was second highest scorer with 16 counters to his credit. The game was featured by the work of these two youngsters, who towered high above the heads of their opponents' passing and shooting at will. Young also showed some flashy work on the floor, but was responsible for only one field goal.

"Sammy" has a good team this year, and unless some pretty stiff opposition hops up somewhere, is going to cage the state championship.

### Line-up and summary:

State (54)	Position	Farmville (10)
Young (2)	L. F.	Hinson (1)
Holden (6)	R. F.	Skinner (3)
Goodwin (21)	Center	Moore
Trogin	R. G.	Lewis
Laughlin (2)	Holmes (2)	
L. G.		

Substitutes for Freshmen: Waring (16), Vinson (4), Mason (2), Owen, Lawrence, Rhyne (2), Ford, Taylor, Scott, Zimmerman.

Substitutes for Farmville: Smith (1), Edwards (2). Referee: Doak. Time of periods: 10 minutes.

## COLLEGE BASKETBALL SCHEDULES PRINTED

The Capital Printing Company, printer of THE TECHNICIAN, N. C. State Agriculturalist, and other college work, has shown its appreciation of this trade by compiling and publishing the complete basketball schedules for 1926 for the main North Carolina colleges, namely: Carolina, N. C. State, Davidson, Duke, Wake Forest, Guilford, and Elon, and will distribute them free to the students and friends of State College.

Between a thousand and fifteen hundred of these schedules, which are attractively and conveniently bound in a small-sized booklet form, were sent to Director of Athletics Miller early this week, and will be given out to those attending the Clemson game at the Frank Thompson Gym Saturday night, January 16.

## ALPHA ZETA BANQUETS IN HONOR OLD MEMBERS

Alpha Zeta, national honorary agricultural fraternity, held a banquet Monday evening, January 11, in honor of the Alpha Zeta members of the State Extension Department, which is holding a ten-day conference here.

Professor C. L. Newman and I. O. Schaub, Dean of Agriculture, were the principal speakers of the occasion.

## COMPANY BASKETBALL

An inter-company basketball league will be run as a part of the winter term Intramural program. Saturday afternoon, January 16th, has been reserved for company teams to practice. The entire floor will be given to this, and every company team can get a work-out. The schedule will start the following week. The Y gym is available every day for Intramural teams, and many teams can get good practice by using it. Basketballs are at the Y desk, and can be obtained by calling there for them. The key to the gym is also at the desk, and must be returned immediately after unlocking the door for practice.

## KANNAPOLIS "Y" TEAM FALLS FOR GRAPPLERS

Match Between Spry and Goodman Most Spectacular of Meet

Last Saturday night the Kannapolis "Y" wrestling team came, felt, and were conquered by the State matmen. The Techs won the meet by taking all five matches, winning three by falls and the other two on time decisions.

Kellum, Hicks, and Captain Harrell each succeeded in throwing their man, with Kellum putting up the most spectacular work of the meet, throwing his man in 1 min. 52 sec.

In all cases the superiority of the men coached by Homewood and Hicks was evident, and of the visitors, only Goodman, who wrestled in the two lightest weights, put up any especially good work. Goodman, 119 pounds, first took on Ginn, in the 125-pound class, and lost the bout in only 68 seconds, in what was by far the closest match of the whole. Later in the evening Goodman battled Spry at his own weight and again resisted all efforts to down him. Spry was on the offensive practically all the time, but could never succeed in placing Goodman's shoulders on the mat. At the end of this time Goodman had to be carried from the floor, and it was some time before he could sit up.

It is interesting to note that not a single Kannapolis man got a bit of offensive time to his credit, as the State men were doing the rushing when any was done.

The heavyweight and light-heavyweight wrestlers for Kannapolis failed to arrive on time for the performance, and these two tussles were called off.

Budget Director Lord says, "I don't care what people think of me or the budget," and for that Senator Edwards calls him a "two-star artist."

## TECH HARDWOOD TEAM HAS BUSY SCHEDULE FOR WEEK

Meet Clemson and Duke Before Invading South Carolina and Georgia

Coach Tebell's Red Terrors have a busy time before them. The Clemson Tigers will be the next team seen in action on the home court, when they meet the hardwood Pack down at the gym Saturday night, January 16. This game is a welcome one to State men, as it opens athletic relations between the sister agricultural and engineering schools of the two Carolinas.

Monday, January 18, Duke University will make their first 1926 appearance on the Tech's home ground. Duke has already been defeated by two victims of State's basketball ability and should not give too stiff opposition, though they have the material to spring a surprise.

With a couple of days to recover from these contests, Tebell and his men will take a little jaunt down South where they meet on consecutive nights Clemson College, Georgia Tech, and the University of Georgia. This trip, and especially the last two games, will be the first stiff test of the year for the State team, and will give a good indication as to what may be expected of them in the Southern Conference meet beginning February 26.

Getting a flying start on the first trip of the season Gus Tebell's Red Terrors Friday night took the measure of the High Point Collegians to the tune of 33-21.

The Pointers were the quickest to get their gig guns in action and quickly piled up 8 counters. This lead was short-lived, for the superior work and steadiness of the Red Team soon overtook this score and led at the end of the half, 18-14. Manning, for High Point, was high scorer of the game with exactly two-thirds of his team's score to his credit. Spence, Dickens, Gresham, and Brown all scored well for State, with Spence on top with nine markers.

Despite occasional roughness the game was unusually fast and well played and kept the spectators on edge all the time. The close score, until the last few minutes of play, kept up the interest and seemed to make it anybody's game, though the State quint was in front practically all the time.

They were expected of them in the Southern Conference meet beginning February 26.

## TERRIBLE TERRORS DEFEAT FIGHTING HIGH POINTERS

Battle Hard Fought From Start to Finish; Manning High Scorer of Game

Getting a flying start on the first trip of the season Gus Tebell's Red Terrors Friday night took the measure of the High Point Collegians to the tune of 33-21.

The Pointers were the quickest to get their gig guns in action and quickly piled up 8 counters. This lead was short-lived, for the superior work and steadiness of the Red Team soon overtook this score and led at the end of the half, 18-14. Manning, for High Point, was high scorer of the game with exactly two-thirds of his team's score to his credit. Spence, Dickens, Gresham, and Brown all scored well for State, with Spence on top with nine markers.

Despite occasional roughness the game was unusually fast and well played and kept the spectators on edge all the time. The close score, until the last few minutes of play, kept up the interest and seemed to make it anybody's game, though the State quint was in front practically all the time.

## When it's the night of the season's most festive dance—and Mimi, herself, has consented to go—when in a last moment before starting you thank your good fortune—have a Camel!

WHEN the night of the famous prom has come—and you contemplate your luck and your greatness—have a Camel! For Camel adds of its own romance to every memorable event. Camels never tire the taste, never leave a cigarette after-taste. When you light a Camel, you may know you are smoking the world's mellowest cigarette.

So this night, as you fare boldly forth to society's smartest and gayest affair—learn then how sympathetic, how really fine and friendly a cigarette can be. Have a Camel!

## TERRIBLE TERRORS DEFEAT FIGHTING HIGH POINTERS

Battle Hard Fought From Start to Finish; Manning High Scorer of Game

Getting a flying start on the first trip of the season Gus Tebell's Red Terrors Friday night took the measure of the High Point Collegians to the tune of 33-21.

The Pointers were the quickest to get their gig guns in action and quickly piled up 8 counters. This lead was short-lived, for the superior work and steadiness of the Red Team soon overtook this score and led at the end of the half, 18-14. Manning, for High Point, was high scorer of the game with exactly two-thirds of his team's score to his credit. Spence, Dickens, Gresham, and Brown all scored well for State, with Spence on top with nine markers.

Despite occasional roughness the game was unusually fast and well played and kept the spectators on edge all the time. The close score, until the last few minutes of play, kept up the interest and seemed to make it anybody's game, though the State quint was in front practically all the time.

They were expected of them in the Southern Conference meet beginning February 26.

Faculty Members Like New Style Technician

Local Newspapers Give Praise, While Few Students Long for Old Times

Judging from comments made thus far, THE TECHNICIAN will continue its existence with little or no condemnation for the rather radical change made in its appearance last week.

The professors of the English department seem to think that the departure of THE TECHNICIAN from its accepted standard is in the right direction. Professor Robertson thinks that the new form is more appropriate for the importance achieved by our paper.

"I heartily approve of the new TECHNICIAN," said Professor Cunningham of the Public Speaking department. "For I welcome every change which indicates that State College is lining up in all respects with first-class universities and technical schools, many of which have had this type of paper for a considerable time."

Tal. H. Stafford, publicity agent of the college, also expressed the opinion that the paper was a great improvement over the smaller issue.

Cognizance of the new development of THE TECHNICIAN has been taken by the regular Raleigh dailies. The News and Observer made the following observation:

"In its new form, THE TECHNICIAN more nearly resembles a true newspaper, being printed on news print. It contains six pages of six columns

Last Week's Best Article
The honor for having the best article in the issue of January 8th goes to R. R. Fountain for his article, "County Agents Here."

each. The old form contained five-column pages printed on book paper. "In appearance, the paper is very attractive and contains much live news. It is a great improvement over the former publication and marks another step in the advancement of journalism at the college."

SHAW UNIVERSITY HAS ADOPTED FRESHMAN CAP

The Shaw University freshmen are wearing caps. They are green and have white buttons. The letter F is white and located just above the brim. This custom of wearing caps has been inaugurated at Shaw since Christmas, and the freshmen wear them with pride.

ORATORICAL CONTEST BE HELD FEBRUARY 15

The date of the North Carolina Pi Kappa Delta Oratorical Contest has been set for February 15, and the winner of this contest will be eligible to appear in the national contest of Pi Kappa Delta next April. Each speaker must deliver an original oration of not more than fifteen hundred words in length on any subject of his own choosing.

ANDERSON ADDRESSES THE PULLEN SOCIETY

The first meeting of the new year of Pullen Literary Society, under the new staff of officers was made very interesting. The society was honored by a spirited talk from Mr. Anderson, an alumnus of the Society of the Class of '23.

The two points he stressed were: first, join the Literary Society in your Freshman and Sophomore years, and thereby get the full benefit of what the society can do for you; second, self-expression in its truest sense is the greatest asset that a student can possess.

The chairman of the committee on the contest between the two societies reported that Pullen Literary Society was about 60 points behind, and stressed the fact that the co-operation of every member is needed in order to fully enjoy the banquet which is to be given at the end of the year.

CAFETERIA HAS GOOD PATRONAGE FIRST WEEK

After one week of business the College Cafeteria reports that the outlook is very favorable. The patronage has been good and the manager, Miss Nina Gatling, expects to continue her policy of giving the students what they want, as long as it is possible to do so.

The schedule of hours given by this paper last week was erroneous in one or two respects. Following is the correct hours when the eating establishment will be open: Breakfast, 7:30-9; lunch, 12:1-3; dinner, 5:30-7. On Sunday no breakfast will be served; lunch will be as usual, and dinner will be from 5:30-6:30.

CHEMISTRY DEPT. SHOWS ENTERTAINING FILMS

Last week the Chemistry Department presented a Bureau of Mines picture on the Production and Uses of Sulphur, which was a very instructive picture. About three hundred students attended. This picture differed a little from the usual technical film in that there was considerable humor running throughout the film.

The films will be presented every two weeks and notices will be posted on the various bulletin boards. The public is invited to attend.

CHRISTMAS DESTROYS SUBSCRIPTION LIST

True to form, State College students crowded the office Monday night when announcement was made that addresses could be changed, and now THE TECHNICIAN will go to many places hitherto unknown to this paper. The home-folks came in for a large share of remembrance, and the next largest group were college girls.

The most noticeable feature of the long list of changes to be made probably had its inception during the Christmas holidays. It is thought by some that the organization of the "Post Cards for Christmas" Club might have had something to do with it. Be that as it may, it is a significant fact that an unprecedented number of fellows changed the destination of their paper from the girl who received it before Christmas to the girl who is to receive it from now until some other girl treats him as she treated her predecessor.

COMPANY FOOTBALL

The championship inter-company football game between Co. C and Co. A has been postponed until Saturday, 23d. The snow and mud has made practice impossible this past week, and in order to enable both teams to get in shape the game has been set ahead one week.

WANTED: Information regarding the reason why G. W. Knox was seen roaming around on the Mezzanine Floor of the Times Square Hotel between 1 and 1:30 a. m. (while on his recent judging trip to New York City). Perhaps he was looking for stamps.

ALUMNI NOTES

The sea of mud which covers that space usually known as State College campus leaves little to be desired—by mud turtles. Even as we sit here safely in the office, we can almost feel the ooze of mud over our shoes. But hot air has great possibilities. Turn loose, fellows.

Van Slak, '22, now with Frick & Co., Charlotte, N. C., spent last week on the campus with frat brothers.

G. C. "Red" Lassiter, of the '25 Business Administration class, was one of the Sunday visitors.

Mr. and Mrs. Joseph A. Rickards, of Hazletown, Pennsylvania, announce the birth of a daughter, Emily West, January 12, Raleigh, North Carolina.

Mr. Rickards is a member of the Mechanical Class of '23, now employed by the Pennsylvania Power and Light Company, while Mrs. Rickards will be remembered by all of the older State men as Emily (Smiling Bobby) Jones, formerly employed in the State College post office.

Mrs. Estelle E. Briggs announces the marriage of her daughter, Katherine, to Mr. Aaron Borders Quinn, January 3, Shelby, North Carolina.

Mr. Quinn is a member of the Textile Class of '24, and is now in charge of a cotton mill in Shelby.

Mr. George W. Wray, last year's Agromeck Business Manager, is now in Raleigh, getting data on the proposed telephone exchange for new Meredith College. He is employed by the Southern Bell Telephone Company, with headquarters in Atlanta.

Mr. John E. Ivey, of the Poultry Class of '18, formerly of the Poultry faculty here, and now of the faculty at Auburn, was on the campus for a few days during the week.

Mr. A. B. (Boochie) Council, of the '25 Electricals, was on the campus last week-end. He is now employed by the water and electrical departments of the city of Mt. Airy, North Carolina.

We are indebted to Mr. John Klenke, of the News Bureau of the General Electric Company, Schenectady, for

the following news of recent Electrical and Mechanical graduates who have allied themselves with the General Electric folks: Mr. E. F. Graham, 1923, who finished his training course at the Lynn works of the General Electric Company, writes very interestingly of his new job on construction and maintenance with the Texas Public Service Corp., Marshall, Texas.

Mr. D. E. Allen, 1924, has been granted leave of absence from the student engineering training course at the Lynn plant of the General Electric Company to study patent law for a year at Yale University.

Mr. H. T. McBride, 1924, is receiving some special training at Lynn with the General Electric Company, in preparation for turbine work with the district office.

Mr. H. W. Spicer, 1924, has recently been transferred from the student training course with the General Electric Company, Lynn, Mass., to a course at Schenectady, N. Y.

Mr. P. L. Scott, 1925, has recently entered the student engineering training course at the Lynn plant of the General Electric Company.

L. H. Cooke and C. R. (Cally) Hall, '25, were on the campus last week attending the dances.

Resists Corrosion
THIS picture, taken in the salt marshes near Kearny, N. J., shows two lines of 30-inch Cast Iron Pipe replacing pipe made of other material. The alternate exposure to the action of salt water and air is a severe test. While the pipe shown in the picture is subjected to unusual corrosive influences, all underground pipe must be able to withstand corrosion to a greater or less degree. Cast Iron Pipe has this quality. It does not depend on its coating to resist rust; the material itself is rust-resisting. The first Cast Iron Pipe ever laid is in service today at Versailles, France, after two hundred and sixty years' service.

**DEANS SCHAUB AND CLOYD TALK TO LEAZAR SOCIETY**

**Cloyd Tells What Participation in Society Work Has Meant to Him**

I. O. Schaub, Dean of Agriculture, and E. L. Cloyd, Dean of Students, were the principal speakers at the Leazar Literary Society meeting Friday evening, January 8.

Two college deans at one helping is a rather strong diet, but the reminiscence talks given by Dean Schaub and Dean Cloyd at the Leazar Literary Society meeting Friday evening were enjoyed by all those privileged to hear them, and no harmful effects have as yet been reported.

Dean Schaub told of State College literary society work twenty-five years ago, stating that at that time the only campus organizations were the two literary societies, known then by the same name they have held to this day, the Puller and the Leazar societies.

Dean Cloyd told of the good that he believed his association with Leazar Society during his active membership had been to him, both as a student and in his life since leaving college. He gave ten items that a look of participation in literary society work would have done for him:

1. "It would have kept me out of some of the most pleasant relationships I had as a student."
  2. "I would not have been able to represent the college in any inter-collegiate contest, as I was not an athlete."
  3. "I would not have been given a visit to Alabama Polytechnic Institute."
  4. "I would not be able to wear an inter-society orator's medal."
  5. "I would not be able to wear a Pi Kappa Delta key."
  6. "My name would not be engraved on a Leazar Literary Society trophy."
  7. "I could not have been one of the commencement orators."
  8. "I would have been deprived of some of the most pleasant recollections of my life."
  9. "I would have been handicapped in the work that I am now doing."
  10. "It would have deprived me of a certain amount of self-confidence."
- J. P. Shaw, the new president of the society, gave a very comprehensive and detailed outline of work for the coming term.

**Don't Ask a Man To Shop**

I'll do "no" anything, my love,  
 To prove my love for you  
 Is constant as the stars above,  
 As beautiful and true.  
 I'll slay and toil, I'll grub the soil,  
 I'll work until I drop; oh, please,  
 But on my knees I beg, oh, please,  
 Don't ask a man to shop!

I'll go to dimmers now and then  
 Of people I dislike,  
 I'll even have them here again  
 And never start a strike;  
 The dances near I'll learn with you  
 And waddle, walk or hop;  
 But one thing, oh, don't ask me,  
 thought—  
 Don't ask a man to shop!

I'll work all day, and after hours,  
 To make the income come,  
 And use my well-known mental powers  
 To gather quite a sum,  
 But there, you see, it seems to me  
 My labors ought to stop;  
 It's hard enough to make the stuff—  
 Don't ask a man to shop!

If I get out and get the dough  
 I think that ought to do;  
 Don't ask a man besides to go  
 And help to spend it, too.  
 Go tramp the stores, see all the floors,  
 The basement to the top,  
 But on my knees I beg—oh, please—  
 Don't ask a man to shop!  
 (Copyright, 1923, by the McClure  
 Newspaper Syndicate.)

"Billy" Cooper and Moore (Block)  
 Bryson, pledge of Carolina, were in  
 Raleigh for the Pledge Dances.

Messrs. Baron Holmes and Robert  
 McGee, of Carolina, attended the  
 Pledge Dances given last week.

Mr. Will Hampton, pledge of Carolina,  
 attended the Pledge Dances.

"Pete" Hinton, law student at Wake  
 Forest, who will take his bar exam  
 soon, was in Raleigh during the dances  
 and during Sunday.

**St. Mary's Dance**  
 The students of St. Mary's and State  
 were welcomed back by a dance Tuesday  
 evening, January the fifth, sponsored  
 by the German Club. Many St.  
 Mary's students attended the dance  
 as well as the girls of Raleigh. The  
 State students after registering  
 seemed to enjoy the dance as a post-  
 holiday entertainment.  
 The music was furnished by the  
 Dixie Serenaders. The main floor of  
 the Frank Thompson Gymnasium was  
 used, and was well covered with the  
 dancing couples.

**POTEAT AT FORUM**  
 Dr. Hubert M. Poteat, of Wake Forest,  
 will be the speaker at the Raleigh  
 Religious Forum Sunday night. His  
 subject will be "Primitive Instincts in  
 the Religious Impulse." In addition  
 to the address, Dr. Poteat will present  
 a musical program on the organ.

**POULTRY SHORT COURSE WILL BEGIN NEXT WEEK**

**Practical Work For Poultrymen Will Last Entire Week; Hundred Expected**

(By L. M. Greene.)  
 On Monday, January 18, the Poultry Department of State College will begin a short course in Poultry. This practical course for farmers and farm women begins Monday and lasts through Saturday. A. G. Oliver, C. F. Parrish, V. W. Lewis, and Mr. Heltz, of the State Department, will give lectures and demonstrations in the best and most practical methods of handling poultry profitably. The regular college Poultry faculty and graduate students will assist in this practical short course.

Last year about fifteen or twenty were expected for the short course, and about forty-five came. This year about a hundred are expected, but more than this may attend the course.

The subjects given in this course are of such a nature that they may be put into actual practice on the farm. They will be given by these specialists in the poultry industry in a practical manner, so that all the farmers may be really benefited by these meetings.

On Thursday night all the Poultry Short Course men will be invited to attend a meeting of the Poultry Science Club. The program will be of a practical nature and on such subjects that will interest these men who are really raising poultry. C. O. Dossin, a graduate student from Connecticut, is planning to give a lantern slide lecture about some things the Connecticut poultrymen are doing.

On Saturday, the closing day of the short course, a judging contest will be held. The winner of this contest will be presented with a silver cup, engraved "N. C. State College, 1926," having on it. This cup will be given as a prize for the highest scoring individual of the contest.

**Program for Short Course**

- Monday, January 18:  
 10-11 Organization — Dr. B. F. Kaupp.  
 11-12 Certification of Farm Flocks — V. W. Lewis.  
 12-1 Selection of Standard Bred Birds — A. G. Oliver and C. F. Parrish.  
 2-4 Judging Standard Bred Birds — A. G. Oliver and C. F. Parrish.
- Tuesday, January 19:  
 9-10 Poultry House Construction — A. G. Oliver.  
 10-11 Food, Care, Management of Brood — B. F. Kaupp.  
 11-12 Sanitation, Hygiene, and Diseases of Baby Chicks — R. S. Dearstyle.  
 12-1 Culling Hens and Selection of Cockerels and Pullets for Breeding Pen — W. F. Armstrong.  
 2-4 Utility Judging Light Breeds — Armstrong, Dossin, Kennett, Brown, and Parrish.
- Wednesday, January 20:  
 9-10 Management of Incubator A. G. Oliver.  
 10-11 Range Birds and Management — B. F. Kaupp.  
 11-12 Internal Parasites and Their Control — Kennett.  
 12-1 Marketing of Eggs — Heltz.  
 2-4 Culling and Grading of Eggs — Heltz, North Carolina Division of Markets.
- Thursday, January 21:  
 9-10 Broiler Production as a Business — C. O. Dossin.  
 10-11 Principles of Feeding: Newest Thoughts in Nutrition — Dr. Kaupp.  
 11-12 Feeding Hens for Egg Production; Care and Management — Armstrong.  
 12-1 External Parasites and Control — T. T. Brown.  
 2-4 Utility Judging of Heavy Breeds — Armstrong, Dossin, Kennett, Brown, and Parrish.
- Poultry Science Club at 7:00 P.M.  
 Friday, January 22:  
 9-10 Culling Youngsters and Fattening Broilers — Dr. Kaupp.  
 10-11 Contagious Diseases (Septicemic) — Dearstyle.  
 11-12 Contagious Disease (Respiratory) — Dr. Kaupp.  
 12-1 Non-contagious Diseases — Kaupp.  
 2-4 Sticking, Picking, and Trussing of Poultry — W. F. Armstrong.
- Saturday, January 23:  
 Judging contest.

**SOCIETY ORATORICAL CONTEST POSTPONED**

The date of the Inter-society Oratorical Contest has not yet been determined by the Co-ordination Committee, but they are working on it and will probably announce the time set within a few weeks. Due to the fact that many Seniors in Vocational Agriculture will be teaching during February, the contest will be delayed until some time in March, so that they will be able to enter the competition.

**POTTER HEAD KNOCKER OF BACHELORS' FRATERNITY**

**M. W. Long Kicked Out Because of Feministic Smile and a Moody Appearance**

At a meeting of several prominent members of the student-body last Saturday night in the Agromeck office it was decided to organize a Bachelor Fraternity to take care of the more backward students in the way of protection from the opposite sex. Jimmy Potter acted as Head Knocker at the important meeting.

Many names were submitted to the charter members for entrance, but it seemed that very few of them could meet the strict requirements. Colonel J. W. Harrelson's name was the first one to be submitted to the charter members. He was accepted unanimously, and several speeches were made setting him up as an example to be followed by all progressive bachelors. The second name submitted was "Bull" Johnston's. There was some objection to his entrance on account of his being out of town, but after long arguments and consultations he was allowed to become a member with the distinguished title of "Frate out Faculate."

Marvin W. Long, editor of "Hetero Colors," was the next name on deck. Jimmy Potter immediately opened up his oratorical cannon and hurled forth denouncing words that knocked the other charter members off their feet. Potter objected to Long's membership on the grounds that he had not been true to the Bachelor's Ideals. Mr. Potter pointed out and proved that Mr. Long is wearing a feministic smile that goes along with all sack-holding. He also proved that Mr. Long had been making frequent calls out at Dr. Charlie's Country Club, and that some mystifying and dazzling Moody had dominated Mr. Long's personality until his phrenological characteristics are rapidly evolving to a "moody" appearance. Of course, E. G. Moore came to his colleague's assistance and prevailed upon the members to accept Mr. Long, in that he had been pledged. Mr. Moore said that it would be a reflection on the Bachelor Fraternity to turn down one of their pledges. The other members seemed to disagree with Mr. Moore and

through Mr. Long out to live and forever visit Dr. Charlie's Country Club. The entrance requirements to the Bachelor Fraternity are:  
 1. All members must have been kicked six different times by six different girls. Jimmy Potter has not been kicked but once, but it amounted to more than six; so he was accepted.  
 2. Agree to sew on your own buttons (except the few that Mr. Cullins puts on) and use either end of the sock for entrance.  
 3. Do not get married until necessary; that is, until your reason begins to fail you.  
 4. Apologize to no girl or woman, not even the sophisticated ones up at N. C. C. W. who do not like our Yelper Editor.

**MEMBERS**  
 Colonel J. W. Harrelson—Fatre in Faculate.  
 Ex-Professor "Bull" Johnston—Fatre "Out" Faculate.  
 Frates in Collegio.  
**OFFICERS**  
 Jimmy Potter, Chief Sack-holder

and Head Knocker; E. G. Moore, Vice Sack-holder; Joe W. Johnson, Scribe and Chief Letter Holder.  
 Just Ordinary Members: Pop Taylor, Knute Tarleton, Railroad Fountain, and anybody who can meet the entrance requirements.

**And Tastes Like Water**  
 First Boarder (looking out doors):  
 "It looks like rain."  
 Second Ditto (looking at the coffee):  
 "It smells like coffee, though."  
 "Do you allow a man to kiss you while you are riding with him?"  
 "No. If he can drive safely while kissing, he is not giving the kiss the attention he should."

**A BOND BETWEEN NATIONS**

**THE** visiting French General stopped his hostess with a gesture as she was explaining rather volubly how to use the Otis Automatic Elevator in her Park Avenue residence.

"Spare yourself the trouble, dear Madam. I shall need your help in finding my way about this vast city; you will have to explain to me a hundred intricacies of your American life, from the best manner of facing a large audience of your compatriots to the best manner of eating your Indian corn, but at least I am as familiar with your elevators as you yourself. Between floors I am at home, for your Otis Elevators are as indispensable to Paris as to New York, no matter how wide the difference between the two cities."

Every city, every separate building presents its own problem, which has been solved, in all parts of the civilized world by the Otis Elevator Company.

European cities do not have the high buildings that are constructed in this country, and therefore their elevator service is not as intensive, but Otis elevators serve the needs of their business life the same as they do in this country. The Grands Magasins du Printemps illustrated, is one of the large department stores of Paris, and contains fifteen Otis Elevators and seven Otis Escalators. Many French apartments have installations of Otis Automatic Elevators.

**OTIS ELEVATOR COMPANY**  
 Offices in all Principal Cities of the World
