J. W. SHUFORD AND U. G. HODGIN WILL HEAD '28 ANNUAL

Both of These Young Men Are From the School of Science and Business

THEY'RE WELL QUALIFIED

Each Has Had Experience During Year in Type of Work Lying Before Him

J. W. Shuford, of Hickory, was elected at a recent Junior Class meeting to edit the 1928 Agromeck, while U. G. Hodgin, of Greensboro, was chosen as business manager for the same publication.

Both these men are juniors in the School of Science and Business, and are easily among the most outstanding men of ability in their class.

Shuford has acted as managing editor of The 1927 Agromeck, and is well qualified to take full responsibility for putting out the annual for next year. He has been very active on the staff this year, and is thoroughly acquainted with the intricate details of the work before him. He is a member of the Alpha Gamma Rho fraternity, the Student Council, the Business Club, and other campus organizations.

Hodgin has served efficiently during the present year on the business staff, and the financial end of The 1928 Agromeck should be well taken care of by this young man. He is naturally stocked with a plentiful supply of the vim and drive that make successful business men, and understands the work that he has to do. He is a member of Chi Tau fraternity, of the Y. M. C. A. Cabinet, the Business Club, and has been president of his class.

METCALF CONCLUDES THE PHI KAPPA PHI LECTURES

Head of Zoology Department Gives Talk on the Building of the Human Body

"To understand the story of the human body from a study of the present-day specimen is like trying to understand a serial story by reading one of the final chapters and the synopsis," said Dr. Z. P. Metcalf, Professor of Zoology at State College, in the final lecture of the Phi Kappa Phi popular science lectures in the College Y. M. C. A. on Friday night, April 22. The address was illustrated throughout by lantern slides showing the various structures of the human body as they were described by the speaker.

Dr. Metcalf made it clear that the biologists in their study of man and his part in history do not claim infallibility. They have merely taken what evidence they could get, and proceeded on a scientific study of it. He pointed out the fact that a single cell, 1/100 of an inch in diameter, is by the simple process of cell division that this organism develops until its billions of cells.

The speaker touched upon the subject of comparative anatomy, to show the audience the many striking similarities between the human and various other animal bodies. The development of the embryo was traced through its various stages, and many of the external features, such as the arms and legs, were traced from their beginning through their development in the embryo.

The brain was set apart as the most highly specialized part of the body. It has been shown by careful calculations that the number of possible series of connections in the brain would exceed the distance in miles to the farthest known universe.

Dr. Metcalf's lecture provided a fitting close for a day which was set aside for the public recognition of scholarship. His subject was also very appropriate for the final number of the Phi Kappa Phi lecture series. This is the first time that a regular series of lectures has been put on, and the above society is to be congratulated. All these lectures have been well attended, and it is to be hoped that the good work will not stop here.

"Y" LEADERS INSTALLED AT FITTING CEREMONIES

Dr. J. A. Ellis, Pastor of Pullen Memorial Baptist Church, Delivers Speech

Amid very impressive ceremonies, held in Pullen Hall last Wednesday at the chapel hour, the installation of the Y. M. C. A. officers for the coming year was held.

H. K. Plott, retiring president of the Y. M. C. A., expressed his gratitude for the loyal support he had received from the student body, the faculty, and the members of his cabinet. Mr. Plott declared that after much work and observation in the field of Y. M. C. A. work that he was convinced that the student body of State College were among the most loyal supporters of college Y. M. C. A.'s.

Dr. Ellis, pastor of Pullen Memorial Baptist Church, delivered the installation speech. In a very impressive and appropriate manner Dr. Ellis pointed out the responsibility resting on the shoulders of the officers in assuming charge of the Y. M. C. A. work. Declaring that every normal human being possessed a certain spiritual hunger, Dr. Ellis challenged the "Y" to supply this important element to the everyday college life.

In his inaugural address J. B. Britt, president-elect, made one of the best speeches that has been heard at State College this year. Thanking the students for their electing him to this office, Mr. Britt proceeded to discuss the higher side of the student's life on the campus.

The officers for the coming year are as follows:

J. B. Britt, president.
Jeff Davis, vice-president.
E. C. Conrad, secretary.

C. L. Straughan, chairman of the Bible study division.

C. W. Jackson, chairman of the hospital division.

H. M. Stott, chairman of the Y. M. C. A. extension.

J. E. Moore, chairman of the inter-racial work.

W. P. Albright, chairman of conferences.

A. B. Holden, chairman of the new student committees.

Paul Chopin, chairman of religious meetings and assistant to the Freshman Friendship Council.

INCREASED INTEREST IN READING IS APPARENT

Statistics show that State College students are taking more interest in library work this year than in 1925-'26.

This year there were 45 two weeks books taken from the library per day; over 30 per day last year.

The reserve shelf has had an increase of 65 books per day. Each day last year there were 85 taken out per day; this year 150 per day.

There is a growing tendency of the students on State College campus to use the library more.

The students are reading twice as many magazines and newspapers as were read last year at the library. They seem to have formed a habit of reading more books, magazines, and newspapers.

CLOYD RETURNS FROM DEANS-OF-MEN MEETING

Dean E. L. Cloyd returned Thursday morning from Atlanta where he attended the Conference of Deans of Men held April 21, 22, and 23. There were 42 deans present, representing 41 institutions and 70,000 students. This conference was composed of representatives from states east of the Rockies, with one from California.

PLANS NOW COMPLETED FOR N. C. C. P. A. MEETING

Banquet, Group Meetings, Buffet Supper and Dance Drama Will Be Features

Further plans have been made for the North Carolina Collegiate Press Association meeting which will be held on the campus May 5, 6, 7. Mayor Jeffries, also connected with the Greensboro News, will be the afternoon speaker May 6. Other men of prominence who have been asked to speak have not yet given a definite answer.

The banquet is to take place at the O. Henry Thursday, May 5, at 8 o'clock. The guests will be arriving all Thursday afternoon, and the banquet will give all delegates a chance to become better acquainted.

Friday morning will be given over to general and group meetings and to a speech by some newspaper man in the state. Friday afternoon the Civitan club of Greensboro has kindly consented to take the Press Association members for a ride about the city. Friday night there will be a buffet supper, followed by the annual dance drama in Peabody Park, which is one of the loveliest events of the year.

Saturday morning the meeting will be turned over to business and election of officers for the next year.

Committees have been appointed for all forms of entertainment and are working hard to make this meeting interesting and enjoyable. Final arrangements will soon be completed and made known to the public.—The Carolinian.

Mr. H. C. Warwick, B.E. 1918, is with U. S. Coast and Geod. Survey, Washington, D. C.

Poultry Plant Grows Like The Proverbial Mushroom

Simultaneously with the disappearance of the old college poultry plant adjacent to the State Fair grounds, there is appearing about a mile southwest of the college campus a more modern and more fully-equipped plant.

Through the kindness and generosity of the State Department of Agriculture, which owned the ground on which the old plant stood since 1900, the college became owner with permission to sell, providing the proceeds from its sale should be applied to the building of a new and more modern plant.

The new plant is located on the old Steed farm, consisting of 22 1/2 acres. It lies south of the western boulevard, and its southern extremity borders on the old Avenet Ferry Road.

A portion of the plant is nearing completion, and within ten days all the college flocks will be on the new farm. Several flocks have been there for some weeks.

There are not as many buildings in the new plant as in the old, but they are more modern, larger, and better constructed. Cottages have been built for the workers, and these are placed so as to be most convenient to the work of each.

An effort has been made to construct a thief-proof fence, because there has been much loss sustained by the college and the state through valuable experimental birds being stolen.

An incubator and feed house has been provided in which the students will be given experience in mixing feeds. All feed will be distributed from this point. The basement will be used for egg storage and as a pack-

OBERHOLZER WINS ORATORICAL TEST AT HICKORY MEET

South African Brings Premier Honors to State First Time in History of Association

"AMERICAN PRINCIPLE OF PEACE" HIS SUBJECT

Vivid Portrayal and Strong Plea Win Decisive Vote of Judges and Audience

H. J. Oberholzer, Grange Free State, South Africa, won the annual Intra-State Peace Oratorical contest, held in Hickory April 25. He won a clear-cut victory, having received two firsts and one second from the judges, and their decision received the hearty endorsement of the audience which applauded the "Big Boer" vociferously, and surged forward to congratulate him at the close of the contest.

This is the first time since the organization of the Inter-State Peace Oratorical Association, which was founded twenty years ago, that N. C. State College has won a state peace contest, and is, accordingly, in line for the national contest.

Oberholzer's subject was "The American Principle of Peace." "One" caught the attention and aroused the interest of his audience by giving a vivid picture of his mother's personal experiences at the hands of the British in the Boer War. He then made a graphic portrayal of the present-day world conditions, indicating the need of some guarantee of international peace.

The World Court, founded on the American principle of peace—proportionate relinquishment of state sovereignty—was held up as that guarantee. The speaker closed with a strong plea to Americans to assume the leadership in applying their own principles to world conditions.

Second honors in the contest went to R. M. Hook, a senior at Elon College. He spoke on a new method of education as a means to world peace.

Other speakers were Hugh Beam, of Lenoir-Rhyne; Gilmer S. Sparger, of Duke University, and Paul Swanson, of Guilford College.

The judges were the Rev. G. A. Longaker, pastor of Corinth Reformed Church, Hickory; R. M. Billups, Newton, and Prof. J. S. Klutz, of Rutherford College. Dr. Elwood C. Perisho, of Guilford College, head of the State Peace Oratorical Association, acted as chairman.

PRESIDENT STUDENT BODY

C. S. TUCKER

SOCIAL FRATS MUST BE ORGANIZED SIX YEARS

Pan-Hellenic Council Sets Time Limit of Existence Before Recognition

At a regular meeting of the Pan-Hellenic Council Saturday a new ruling was passed which requires that a social fraternity be organized for six years before it receives recognition from that body.

In the past no time limit has been put on the formation of new fraternities. This rule was passed to check speedy action on the part of over-ambitious groups that might petition for membership. During the past few years a large number of locals have formed and each of them seems to be well founded; however, with the several groups that are anticipating becoming fraternities it was feared that an over-organization would result.

This action was taken after long and deliberate consideration by the Council. It is believed that a more stable type of organization will result which will be to the advantage of the new fraternities. With this time to build up they will be in position to take practically any step vital to the life of a social group. One of the main contentions in favor of the change was that it will enable a new fraternity to become nationalized with fewer preliminaries after recognition has been granted by the Pan-Hellenic Council.

STUDENTS COLLIDE WITH CAR AFTER DANCE SAT.

During the last set of dances held at the Gym Tom Stranner, of Raleigh, E. L. Bumpas and R. B. Crow, of Washington and Lee University, were returning home after one of the dances when they collided with a street car just in front of Seymour's place.

The Ford coupe in which they were riding was a total wreck. Stranner received internal injuries, and he remained unconscious in the hospital for two days.

Crow was rushed to a nearby fraternity house. He had severe cuts on the head and left arm, and lost much blood before the doctor could get there. The doctor found it necessary to take about fifteen stitches. Bumpas received only a small cut behind his head.

It seemed as though the boys did not see the approaching street car when they were coming out of the college drive, so they ran directly into the front of the street car.

COLUMBIA FROSH GETS \$100 N. Y. POST AWARD

New York, April 16—Randall E. Riley, Columbia 1930, today was awarded the prize of \$100 offered by the New York Evening Post for the best answer to the question, "Has the American Undergraduate a Post-War Neurosis?" Walter W. Marting, Princeton 1927, receives a second prize, \$50, and John H. McMill, Yale 1927, third prize, \$25.

ROTHGEB WILL HEAD MECHANICAL SOCIETY

The A. S. M. E. held an important meeting last Tuesday night at 7:30 in Page Hall for the purpose of electing and installing officers for next year.

As a result of the election R. M. Rothgeb is president, F. C. Davis vice-president, B. A. Presler secretary, and R. M. Person treasurer. B. A. Presler will be the society's representative on the engineering council. W. J. Dana will be honorary chairman.

TUCKER CHOSEN AS HEAD OF STUDENT BODY FOR '27-'28

F. C. Davis Made Vice-President, W. P. Albright Secretary, and J. B. Hipps Treasurer

GREAT INTEREST SHOWN

Believed Student Body Will Give Officers Full Support and Co-operation

At the final election for student government officials, held last Tuesday, C. S. Tucker, of Amherst, Va., was elected president for next year. Other officers elected at this time were: Fred C. Davis, of Seven Springs, vice-president; W. P. Albright, of Greensboro, secretary; and J. B. Hipps, of Mooresville, treasurer.

Tucker is a junior in Industrial Management, in which he has won high honors in scholarship. He is also a member of Pine Burr. Tucker takes an active part in the Y. M. C. A. work and the Business Club and always has a cheerful word for everybody. He is treasurer of the student government for this year.

Fred Davis is a junior in Mechanical Engineering. He represented his class in the House of Student Government in his freshman year and was a member of the Student Council and president of the Junior Class this year. He has been elected vice-president of the A. S. M. E. for next year. Davis comes into office with a high recommendation from all.

Albright is a sophomore in Agriculture, in which he has won high honors and membership in Alpha Zeta. Hipps is a sophomore in Civil Engineering and is a member of the A. S. C. E.

The great interest taken in both the primary and final election was very gratifying to those in authority, the votes cast exceeding the number cast in any previous election. This indicates a growing interest in the affairs of student government.

It is believed that the student body will give the new officers full support and cooperation in their work next year in order that the student government may be elevated to a higher plane than it has ever been before.

E. C. T. C. SHOWS APPRECIATION GLEE CLUB AND ORCHESTRA

"Daddy's" Musicians Give Excellent Concert and Receive Ample Reward

The Glee Club and Orchestra played to the largest house and to the most appreciative audience of the season at East Carolina Teachers College, Greenville, Saturday night, it is reported.

This was the first concert that has been given by the Glee Club and Orchestra at E. C. T. C. The program was the same that was used on the spring tour. In response to continuous applause repeated encores were played.

On their arrival the club was warmly welcomed by a large number of the E. C. T. C. girls.

During the entire week-end the girls were particular to see that the boys did not lack for ample entertainment.

After the concert the boys of the organization were entertained at the "Hut" by the Y. W. C. A. cabinet and the newly elected student government officers. Music for the dance was rendered by two of the girls. The "Hut" was beautifully decorated in State College colors.

PLAYMAKERS BE AT MEREDITH SAT.

The Carolina Playmakers will give a performance on Saturday evening, May 7, in the Meredith College auditorium, under the auspices of the senior class.

This dramatic organization is well known throughout the United States for the composition and production of North Carolina folk plays. Professor Frederick Koch, originator and director of the Playmakers, has recognized the need in North Carolina for development in drama as well as in literature of all forms.

They will present three plays at Meredith: "Quare Medecine," by Paul Green; "Lighted Candles," by Margaret Bland, and "The Marvelous Romance of Wen Chun-Chin," by Cheng-Chi Hsiung.

A CORRECTION

Due to an error the following information concerning the Scholarship Day exercises was omitted last week:

The fraternity scholarship cup was won by Chi Alpha Sigma fraternity, with a grade slightly above 82.

Honorable mention was given Sigma Phi Epsilon and Kappa Sigma.

ROOM ASSIGNMENT WORK IS NOW WELL UNDER WAY

Juniors Active May 2-7; Sophomores 9-14; Freshmen 16-21; New Men Later

The assigning of dormitory rooms for the college year 1927-28 is now well under way.

Students who desire to keep their present rooms have been signing up during this week, as they have the first chance at their old rooms.

During the week of May 2 to May 7 all rooms not applied for by their present occupants will be open for assign-

ment to students who will rank as seniors next fall.

From May 9 to May 14 applications will be received from students who will rank as juniors next fall.

From May 16 to May 21 applications will be received from students who will rank as sophomores next fall.

During the above periods applications will only be received from the class specified for that period.

On and after May 23 applications from new students and any of the above classes not having previously applied, will be received.

No applications will be considered for assignment to Fourth Dormitory, unless the name of the applicant is on the list approved by Coach Tebell. This building has been set aside by the College authorities for the football squad.

Without exception remittance for the first term rental must be made on or before August 15, 1927. Unless payment is made by that date the room will be thrown open for reassignment.

Students are requested carefully to observe and follow the above schedule. By doing so matters pertaining to room assignments for next fall will be simplified. Cooperation will greatly aid the administrative force in the office of the superintendent of buildings.

JARMAN HAS STRANGE PET IN 5TH NAMED "BAS"

A great number of pets and mascots have been introduced by State College boys on the campus at various times, but probably the strangest of all was introduced a few days ago by J. Frank Jarman.

This curious animal will, no doubt, create much interest on the campus, and it is hoped by "Frank" that many of the other students will be aroused by this mascot spirit and will introduce others, of various types, on the campus.

Jarman, who is a very widely traveled young man, seems to have caught this mascot spirit while traveling in the jungles of South Africa. There, he says, every native has some pet following him like a shadow. These pets, according to Jarman, range from the native dog to the young tigers and lions.

Frank's pet is being, at present, kept in his room in Fifth Dormitory, in a small wire cage with an electric light as a heater. Frank will be very glad to show his pet to any one who wishes to see it. Some will be pleased when they peep into the cage and see a baby chicken, named "Bas."

LAMBDA GAMMA DELTA JUDGING FRATERNITY

Left to right: Back row, D. C. Worth, W. W. McCulloch, M. O. Pleasants, W. A. Alexander; second row, Dean I. O. Schaub, Prof. F. M. Haig, R. S. Gaston, J. L. Fort, Prof. Cotner; third row, Prof. W. F. Armstrong, Prof. C. D. Matthews, Prof. R. H. Ruffner, F. S. Sloan, W. L. Adams, Dr. R. Y. Winters; fourth row, Dr. B. F. Kaupp, Prof. W. H. Darst, T. D. O'Quinn; front row, Prof. Clevenger, W. M. Ginn, B. A. Sides, R. W. Shoffner, J. J. Barnhardt, Dr. Z. P. Metcalf, R. W. Zimmerman.

Lambda Gamma Delta Chapter State College Is Outstanding

Outstanding honors, grand championships, nation-wide publicity, many silver cups, and excellent training received are a few of the things that Lambda Gamma Delta has done for itself in striving to do good work in the field of judging agricultural products this and previous scholastic years.

Lambda Gamma Delta is a national honorary judging fraternity, with a chapter at State College, and has carried away a first, a third, and a seventh place in three international intercollegiate judging contests this year, besides a first in a southern intercollegiate judging contest. Members of this fraternity have copied two grand championships, one reserve grand championship, and many have been runners-up in making high scores in the different contests taken part in this year.

Some of the cups won by the fraternity are displayed in the accompanying picture; there are others, some of them large, that were not here when the picture was taken, so that the display is not complete.

To be eligible for the fraternity a student has to make one or more of the judging teams.

Students and coaches are represented in the fraternity from the livestock, dairy products, grain, poultry, and horticulture judging teams, and each team has done outstanding work.

The work of the State College chapter has not only been the outstanding one of the national fraternity this year, which would ordinarily be reason enough to take a rest, but they are continuing the good work.

The energy of the fraternity is now being directed to the organization of a junior fraternity among high school students who have made judging teams this spring. In this way they are fostering the idea of getting high school students more interested in judging, which will in turn cause these students to go to college, where they can be taught to be better judges. This will finally result in more meritorious products being produced in the state and southland, because an expert knowledge of what is good, bad, and indifferent will be had.

Not a tongue-bite in a ton of it!

Edgeworth

KNOWLES ELECTED TO LEAD BUSINESS CLUB

Last Tuesday evening the Business Club held its regular meeting in the Y. M. C. A., at which time Professor Henninger spoke to the club. After the speech, Bruce Knowles was elected president of the club for next year, succeeding F. S. McCoy. Other officers to be elected at the meeting were: Howard White, vice-president; C. J. Noblin, secretary-treasurer, and E. H. Roberts, reporter.

After the election of officers, Bruce Knowles made a report on the possibilities of the club obtaining a charter from a national commercial fraternity. For some time past the officers of the club have been working to secure a charter for the club. The securing of a membership in a commercial fraternity of national scope would prove a boon to the Science and Business School.

Mr. P. B. Ferebee, B.E. 1913, is president of Ferebee & Co., Andrews, N. C.

SATTERFIELD TO CHOOSE STATE OR LIFE INSURANCE

Invites Representative to His Office to Talk Things Over Winston Hall

Professor G. H. Satterfield has the choice of quitting State College or doing without life insurance. This may seem a simple alternative, but due to certain peculiar conditions Professor Satterfield is between the Devil and the deep blue sea.

In the beginning, Professor Satterfield is recently married—better still, happily married. Now, one of the first things a newly married man does, after the maintenance of our monogamic form of family organization, is to make an investment in some form of life insurance. Just why a man should do this I do not know; it is just a rule of the game. So it was during the past week or so that Professor Satterfield invited a representative of a reputable life insurance company up to his office in Winston Hall to talk things over.

"Good morning, sir. Is this Professor Satterfield?"

"Yes."
"I am J. J. Y., of the All-Mighty Life Insurance Company. I understand you are interested in taking out a policy," stated the agent, glancing around the walls of the office.

"Yes—rather. Sit down."
"Well, life insurance is a mighty good thing even for college professors," continued the agent, still looking about the office.

"Yes, you are right. I am a chemist. When I put something into a reaction I expect a definite result—something better and more valuable than the original substance."

"Yes."
"Now, as to the type of policy. I rather like straight life. Permanent protection; no worrying about a new policy."

"Yes."
"What is the rate on, oh—say, five thousand dollars? No special rate for college professors, I reckon? You see we chemists have an eye for the small things—the by-products."

"One twenty-five per hundred. No, no special rates."
"Well, let me see. I believe I'll t—"
"Wait a minute, Professor. This is your office, is it not?"

"Yes; not very pretentious, but the best that can be had under existing circumstances."
"How many hours a day do you spend in this office?"

"Why—er—about three. You see I have classes."
The agent took a small book from his brief case, scanning the pages with

an anxious look upon his face. Arriving at the proper passage, he intently read its contents.

"Just as I thought. Another good clem gone to the devil," murmured the agent.

"Professor, you may be a great chemist, but all that I can say is that you are just plain foolish."
"Why, sir? What do you mean? You insult me," fired back the astonished Professor.

"This office; this building."
"This office! This building! Sir, are you crazy, or just trying to be funny?" cried Professor Satterfield, jumping up.

"Wait, wait," said the agent, extending a hand soothingly. "My company insures most anything. We have insurance upon aviators, miners, and even Chicago gunmen, but help me, sir, if I insured you I would lose my job within a week for inefficiency. You see, we have to have a gambler's chance. With you the cards would be hopelessly stacked against us. Why, when a man enters this building he takes his life into his own hands. The floors, the plastering, and God knows what else all are ready to tumble down. Why, sir, should a rat run across this floor the person downstairs would think we were having an earthquake. I hope you can see our justification. The old All-Mighty has never been fooled on such a bite as this yet. Good day, sir."

"Good day, sir," faintly replied the astonished professor. — The April Fool Technician.

DAIRY SHOW HELD OCTOBER 15 TO 22

Professor Ruffner, head of the department of Animal Husbandry, has received a letter announcing the 1927 National Dairy Exposition, to be held in Memphis, October 15-22, in connection with the Tri-State Fair.

A part of the letter read:
"The National Dairy Exposition will promote its usual students' dairy cattle judging contest, and at the same time our inter-collegiate contest will be held. Students from the southern colleges can enter both contests if they so desire. The awarding of the trophies will be made according to the standing of students in the joint contest."

The letter also states that this will possibly be the final awarding of the dairy trophies.

In the future the association is to promote a general livestock students' judging contest rather than strictly a dairy-cattle contest.

The coaches are already training the boys and State is expected to send a winning team to the exposition next year.

Mr. James T. Larkins, Jr., is assistant professor of Engraving and Drawing at the Pennsylvania State College.

Wild Cats Nose Out Unlucky State Crew in Loose Contest

The Davidson Wild Cats defeated the local baseball bunch in a ten-inning tussle of errors here Thursday afternoon to the magnificent tune of 11 to 0.

The Davidson crew hit three Tech errors, coming just when they needed them most. State showed signs of brightness in the first, third and ninth innings. Aside from those were comical as well as sad.

Hovis, Reagan, Outen, and Kendall started at the bat for the locals, while Littlejohn and Wells were the visitors' bats. The visitors turned in only two errors, while the locals were mugging and booting the ball for seven.

Wells held the Techs in check until the ninth, when, with two out, Outen stepped to left field. Hovis followed it with a triple to the same place. Wells was relieved by Meadows, who Reagan hit for a single, to send Hovis in with the tying run.

Davidson took advantage of State's errors in the tenth, to shove across two runs. State scored one in the tenth, but the Techs hit Wells for fifteen hits in the eighth and two-thirds innings that stayed on the mound.

JEFF DAVIS PRESIDENT A.I.E.E. FOR NEXT YEAR

At a meeting of the new members of the A. I. E. E., officers were chosen for the year 1927-28. Jeff C. Davis was chosen to head the society as president. The holder of this office automatically becomes a representative to the Engineers' Council from the Department of Electrical Engineering. W. P. Stainback was elected vice-president. J. M. Kilgore was chosen to be the second representative to the Engineers' Council from the E. E. Department. For secretary-treasurer the society elected T. C. Farmer. It was decided that the society should have a reporter, so D. B. Branch, Jr., was named to fill that position.

STATE FROSH TRACKMEN DEFEAT DUKE CINDERMEN

Each Team Takes Seven First Places in Hotly Fought Cinder Contest

The N. C. State freshman track team defeated the Duke Yearling tracksters here yesterday afternoon by the score of 69 1-3 to 56 2-3. The meet was closely contested, both teams taking seven first places. State was at more of an advantage in the second places, taking nine to Duke's four.

Baum, Duke hurdler and dash man, led the scoring with thirteen points. Patterson, State, was close on his heels with eleven. Captain Jordan, State, and Ashworth, Duke, tied for third place honors with ten each.

Patterson, State, displayed great ability in hurling the discus 123 feet and putting the shot over 39 feet. Both are exceptional marks for freshmen competition.

State won over Campbell College in their last meet by a large score.

Summary

100-yard dash—Jordan (State).
Koonce (State), Simmons (Duke).
Time: 10 4-5 seconds.

100-yard high hurdles—Baum (Duke), Swain (State), Lyon (Duke).
Time: 10 1-5 seconds.

220-yard dash—Jordan (State), Walsh (State), Simmons (Duke).
Time: 23 3-5 seconds.

2-mile run—Ashworth (Duke), Ford (State), Simmerson (State).
Time: 4 min. 40 seconds.

120-yard high hurdles—Baum (Duke), Swain (State), Lyon (Duke).
Time: 10 1-5 seconds.

220-yard dash—Jordan (State), Walsh (State), Simmons (Duke).
Time: 23 3-5 seconds.

2-mile run—Ashworth (Duke), Redfern and Alexander (State).
Time: 19 min. 14 secs.

880-yard run—Rowe (Duke), Ottinger (State), Matley (Duke).
Time: 2 min. 7 secs.

220-yard low hurdles—Weltner (State), Baum (Duke), Swain (State).
Time: 23 2-5 seconds.

440-yard dash—Baum (Duke), Morgan (State), Rowe (Duke).
Time: 55 1-5 seconds.

Pole vault—Johnson (State), Lyon, Buie (Duke), and Vaughn (State).
Height: 10 ft. 3 ins.

High jump—Roberts (Duke), White and Morgan (State).
Height: 5 ft. 6 1-2 inches.

Broad jump—Parkerson (State), Mumford (Duke), Buie (Duke).
Distance: 20 ft. 1-2 in.

Shot-put—Patterson (State), Royster (Duke), Kistler (Duke).
Distance: 39 ft. 4 ins.

Discus—Patterson (State), Wray (Duke), McDuffie (State).
Distance: 123 feet.

Javelin—Buie (Duke), Patterson (State).
Distance: 151 ft. 6 ins.

INTRA-MURAL BASEBALL SOON TO TAKE SHAPE

Presidents of Classes Asked to Send Representatives to Coach Drennan

The view is maintained that the particular service physical education must render is to provide all the opportunity for participation in natural wholesome forms of physical education.

One of the many excellent developments in modern physical education is intra-mural sport. It has been proven that properly conducted intra-mural sports tend to improve the health, scholarship, and general efficiency of those participating. The biggest and best features about intra-mural sports is the wonderful opportunity offered the men for development of their qualities of leadership.

Baseball will be the intra-mural sport this spring and the league will be composed of a team from each of the classes. The Poultry Science club and the faculty hopes to enter a team. If there are too many men out for the first league a second league will be formed.

The president of each class is asked to appoint a manager to confer with Coach Drennan and to make plans for the play-off.

The schedule was to have begun April 25, but on account of the shortness of the days it was found necessary to postpone the opening until May 3. A mass practice will be held on May 2. All teams should be on either Riddick Field or Freshman Field Monday afternoon. All games will be played on Riddick Field except when it is in use by either of the two college teams.

Intra-mural medals will be given the members of the winning team.

Mr. A. W. Taylor, B.E. 1912, is head of the mathematics department, Alleghany High School, Hilton Village, Virginia.

Sermon's Track Stars Defeat Clemson and South Carolina

Jumps and Dashes Are Productive of Points for Techs in Both Meets; Goodman and Captain Sides Lead in Scoring for State.

"Doc" Sermon's fast stepping cindermen returned Tuesday from a successful invasion of South Carolina. Saturday afternoon the Sermonites defeated the Clemson Tigers by the close score of 67-58, and the following Monday they were even more successful with the University of South Carolina Gamecocks, whom they defeated by the score of 90 1/2-35 1/2.

Jack McDowall gave a good exhibition of high jumping by clearing the bar at six feet in the Clemson meet. Wilson, of Clemson, ran a brilliant half-mile to beat Baker for second place on the last fifty yards. Newman ran his usual good half and was well ahead at the finish.

Odell was high scorer with 12 1/2 points, while Goodman for State closely followed with 11 points.

The Techmen had very little difficulty in defeating the Gamecocks Monday afternoon at Columbia by a large score.

In the century State showed complete superiority, winning first, second, and third places in this event. State had an easy time in the high jump also, taking first, second, and third place.

Sides, who was high scorer in this meet, with 15 points, showed a beautiful finish in the 440 when he passed Thomas, who had a two-yard lead, and then finished three yards ahead of the Gamecock sprinter. Melton nosed out Thomas for second place at the finish.

Clemson Summary

100-yard dash—Goodman (State), Sides (State), Turner (Clemson).
10 1-5 seconds.

220-yard dash—Goodman (State), Melton (State), Turner (Clemson).
23 seconds.

440-yard dash—Sides (State), Newman (Clemson), Goodman (State).
51 4-5 seconds.

Half-mile run—Newman (Clemson), Wilson (Clemson), Baker (State).
2 minutes, 1 4-5 seconds.

1-mile run—McLeod (Clemson), Greaves-Walker (State), Brimley (State).
4 minutes, 42 2-5 seconds.

Two-mile run—Cannon (Clemson), Nance (State), Maker (Clemson).
10 minutes, 20 1-5 seconds.

120-yard high hurdles—Clark (State), Lachitte (Clemson).
16 4-5 seconds.

220-yard low hurdles—Marchbanks (Clemson), Gorham (State), Anderson (Clemson).
26 1-5 seconds.

Pole vault—Odell (Clemson), Culum (Clemson), Adams (Clemson).
Tied; 10 feet, 3 inches.

High jump—McDowall (State), Odell (Clemson), Vinson (State).
6 feet.

Broad jump—Odell (Clemson), McDowall (State), Young (State).
21 feet, 3 inches.

Discus throw—Melton (State), Davis (Clemson), King (State).
119 feet, 3 inches.

Shot-put—Rush (State), Odell (Clemson), Brock (Clemson).
38 feet, 3 inches.

Javelin throw—Young (State), Kilgore (State), McMillan (Clemson).
157 feet, 8 inches.

University South Carolina Summary

100-yard dash—Sides (State), first; Goodman (State), second; Melton (State), third. Time: 10 1-5 seconds.

220-yard dash—Boyce (Carolina), first; Brimley (State), second; Greaves-Walker (State), third. Time: 23 4-5 seconds.

440-yard dash—Sides (State), first; Melton (State), second; Goodman (State), third. Time: 22 5-5 seconds.

120-yard high hurdles—Clark (State), first; Brewer (Carolina), second; Foster (Carolina), third. Time: 17 2-5 seconds.

Two-mile run—Nance (State), first; Keels (Carolina), second; Brimley (State), third. Time: 10:47.

220 low hurdles—Clark (State), first; Shackelford (Carolina), second; Foster (Carolina), third. Time: 28 seconds.

440-yard dash—Sides (State), first; Melton (State), second; Thomas (Carolina), third. Time: 52 6-5 seconds.

Pole vault—Rogers (Carolina), first; Bremer (State), second; Gaston (State), third. Height: 11 feet.

Shot-put—Magill (Carolina), first; Rush (State), second; Bremer (Carolina), third. Distance: 39 feet, 6 3-4 inches.

High jump—McDowall (State) and Young (State), tied for first; Shand (Carolina) and Vinson (State), tied

BLUE IMPES WIN FROM FRESHMEN

The Duke University Blue Imps got three hits for four runs in the ninth inning of the game with North Carolina State Fresh on Riddick Field to win 9 to 6. Buie and Jenkins hit doubles and Werber got a single; Deal went to first on a pass, all scoring.

Duke started the scoring in the first frame. State scored one run each for three innings, and Duke got two in the second, tying the score. State came back in the fourth and bunched hits for two more. Wicker, State pitcher, kept the visitors in check until the seventh, when a base on balls and a fielder's choice scored Buie, tying the score. State scored in her half to force ahead, and held the visitors until the final ninth. Wicker contributed a double for State in the ninth for the beginning of a rally, but it fell short when Adams and Hanks went out in order.

Freeze contributed the first unassisted double-play of the season when he scooped up Jenkins' liner and double Jenkins at first in the sixth. Wicker, State, led off the strike-outs, with eight to his credit. Peeler got one and Jenkins two. Jenkins starred at bat for the visitors, while Adams and Warren led the locals. Wicker went the whole route for State, allowing nine hits, while Jenkins relieved Peeler in the fifth, after he had given up five bingles.

The box score follows:

Duke Fresh	Ab. R. H. O. A. E.
Mason, 3b.	5 0 1 0 1 0
Dean, 2b.	4 2 1 1 2 1
Werber, ss.	4 1 1 0 4 2

for third place. Height: 5 feet, 10 inches.

Discus—Carson (Carolina), first; Melton (State), second; King (State), third. Distance: 125 feet, 3 inches.

Broad jump—McDowall (State), first; Young (State), second; Vinson (State), third. Distance: 22 feet, 1-2 inch.

Javelin throw—Kilgore (State), first; Young (State), second; Griffin (Carolina), third. Distance: 162 feet, 7 inches.

DR. HARDING LECTURES CONCERNING HEAVENS

Dr. A. M. Harding, Director of Extension at the University of Arkansas, who has been attending a conference at the University of North Carolina, delivered a very interesting lecture on the Heavens in the Y. M. C. A. auditorium Wednesday night, April 27.

Dr. Harding, unlike many other lecturers on astronomy, brought his subject within the comprehension of every one of his listeners. He did not go into the planes of higher mathematics, nor did he cite incomprehensible figures.

BLUE DEVILS DEFEAT DIAMOND ARTISTS 5-3

Error in Eighth Inning Paves Way for Devils' Victory; Pitchers' Duel

In the first book-up of the season with the Blue Devils of Duke University, the Doakmen went down in defeat by the score of 5-3 on Haynes' Field Saturday. An error in the eighth paved the way for two runs, after the score had been knotted (3-3) for eight stanzas.

This was a hard-fought game from beginning to end, featured by good pitching. Johnson of Duke did equally as good work. Both of these men allowed only seven widely scattered hits.

Saunders, third baseman for the Devils, led the hitting with three hits and a sacrifice out of four trips to the bat.

By virtue of this win, Duke is now leading the championship race among the colleges of North Carolina.

Paragraphics

With this issue we make our parting bow.

Prepare to shake hands with the new staff next week.

Captain Doodle and his gang are stepping to the front right royally.

Smith and McAdoo have been running long enough to be in excellent training.

City politics has taken the germ from campus politics and its temperature is rising.

We are glad to notice that there is a tendency toward quality instead of quantity in our student body.

Have you noticed the serious expression on the faces of the seniors recently? After college—then what?

The Chinese situation has faded into insignificance since the advent of the Mississippi valley situation.

With the many recent Junior-Senior banquets it would seem that all State College might have been "it."

The Pan-Hellenic Council has thrown a damper over the enthusiasm of all prospective local fraternities.

The season of dances is well under way. The professors should remember this at roll-call on eight o'clock classes.

THE WATAUGAN should be spectacular next year. The new editor is from the land of the *Elizabeth City Independent*.

Cheer up, Chick Doak. It is inconceivable that any team should continue to lose one game after another by the hard-luck route.

We would respectfully suggest that some member of the Duke family donate for permanent improvement of the streets of Durham.

Duke University is destined to come to the front in athletics. Even the co-eds stay in excellent training by jumping ditches and mud-puddles.

A SWAN SONG

Any college editor who takes his work seriously approaches the end of his editorial duties with a strange mingling of conflicting emotions.

With this issue we have completed our act in the play of college journalism. We back off the stage and make room for the next act, which we hope and have reason to believe will be a better one than ours has been.

Our first reaction is, frankly, one of relief from the rather strenuous editorial duties that have been ours. But there is also a feeling of regret, of envy, of sympathy, and almost of jealousy.

We have a feeling of security for the work that we have tried to carry

on. Outwardly the new staff looks the best of any new staff since we have been here. Every man is thoroughly acquainted with the type of work that will be required of him in his new position. Every man occupying an important position has been on the staff for some time, and almost all the change in the personnel of the staff will be in the editor.

W. L. Roberts, the new editor, is well qualified to assume his duties. He is an able writer, he has a level head, and he is popular with the student body. Each of these is a necessary qualification, especially the last named. The moral support of the student body is more important in the case of the college newspapers than in the case of its athletic teams.

As these men go forward with the work of giving a new issue of THE TECHNICIAN to the student body each week we should remember that their work is accomplished while we are attending shows, loafing, or filling dates. If we are not satisfied with the work they do, we should offer only constructive criticism and material assistance.

WHAT CHANGES WE SEE!

We cannot close our remarks without a comment on the great improvements, both material and psychological, that are evident at State College now as compared with conditions when we arrived in the fall of '23.

It seems that almost every change of importance has been tried out on the class of '27. When we came here we were faced with a new administration, and a complete upheaval in the curriculum and in the concepts of the purposes of State College.

Reorganization came to be the most familiar word in our vocabulary. We excused everything, blamed everything, and discussed everything on the basis of reorganization. We heard reorganization at "Chapel," we heard it in class, we heard it in our learned "bull sessions," and we saw it in the papers.

We have lived as college students to see much of these reorganization plans come to be a reality.

First, let us consider the campus. Where the D. H. Hill Library now stands were a couple of ramshackle old dormitories. Where the Frank Thompson Gymnasium and Seventh Dormitory now stand was a gullied old field. Where Polk Hall now stands was a rather sloppy hillside. Where the Physics and Electrical building now stands was the exclusive athletic field of 1911 Dormitory. Where part of the Textile building now stands was an entrance to the campus. Where we now see the proud and efficient power plant we then saw a trash heap. What is now the most modern Ceramic Department in the South was then an out-of-date power plant. Those favorite dormitories known as First, Fourth, and Watauga, were the despised places of abode on the campus. The classroom space of Pullen Hall was then used as a make-shift library.

Where we now see shrubby green and flowering everywhere, where we see an almost complete system of all-weather walk-ways we then saw convincing evidence of neglect and ruin and heedlessness, with only an occasional half-hearted attempt at beauty.

In the academic field we found three newly-created schools, Agriculture, Engineering, and Science and Business. These schools were the synthetic products of the once conglomerate college. We have seen these schools grow and solidify, and have seen a new school, the Textile School, added to the original three. We now hear rumors of a School of Education.

There was then little attempt to give the student a cultural education along with the technical, while he may now become educated in every sense of the word.

The psychology of the student body had a tendency toward the "inferiority complex," was lax in dress and standards of campus life, and in many cases were not proud of their institution. The reverse of these conditions is now prevailing among us.

We then had no Department of Physical Education, while we now have a greater percentage of students in our athletic program than is found in any other institution in the state.

We are proud of our growth, and believe in the future of this progressive institution.

Mr. A. E. Harshaw, B.E. 1918, is instructor in mechanical drawing at the Apprentice School, N. N. S. and D. D. Co., Newport News, Va.

Uncle Dudley's Opinion--

The boy that goes to college today becomes very broad in his views and attitude toward life. Does his conscience weaken, though, during the broadening of his ideas? A student's conscience can be either his enemy or his friend. It is a power that is man's best protection, although it is abused to such an extent that some almost lose it entirely.

Does college weaken the conscience of the boy who left home with clear ideas of right and wrong? Does he lose all the self-control and high ideals instilled in him through his parents? These do not appear always on the surface of the average college student, but if you go deeper you will find that the foundation of the student's character is well laid and fixed when he reaches college.

The student of the American college has the idea that college gives him prestige and freedom. He really believes this, and his actions show it. Does this idea change him altogether? As I set above, on the surface he is changed, but his character, rounded during his boyhood days, is always controlled by that steady guide, his conscience.

Why do college boys face danger and tamper with evil with such a bold and unfeared front? Do they look ahead and see what the outcome will be? That is where the college student makes his mistake. He acts many times before thinking, all in a sense of chance and fair play. If his foot slips, does he fall to the bottom? Does he lose control and cast aside his old friend, conscience? That he does not. Conscience catches him in his folly and places him upon his feet again with a tally of experience added to his record of life.

Where does the wrong of the college student's careless life come in? From his viewpoint he does not see any wrong, but the public has a keener sight and a more critical attitude towards it. There is no wrong to the student's actions in his mind, but does this idea acquired in college become fixed in the character of the boy? You can see that it does not by the changes that take place after the student leaves college and establishes himself in some community.

The student's conscience receives rough treatment at times during his years at college, but if it is well established as a friend, the killing process is very hard.

STATE TO HAVE PHI PSI CONVENTION IN 1929

The annual convention of the Phi Psi, national textile fraternity, was held at New Bedford, Mass., April 20, 21, and 22.

Eta Chapter of N. C. State was represented by J. C. Cobb and F. E. Plummer.

Problems of interest to all chapters were discussed.

There are six chapters, with only two in the South, N. C. State and Georgia Tech. Clemson College is to have a chapter in the near future.

Next year the convention will be held in Philadelphia and the following year at N. C. State.

PASSALAIGUE HOST TO TWENTY AT BULL RING

Lieutenant Passalaigue was "host" last Saturday afternoon to a large number of the R. O. T. C. students on Red Field, when a two-hour walk was served.

The "Bull Ring" became very popular with the R. O. T. C. students over the Easter holidays, twenty reporting Saturday afternoon. This extra drill is held every Saturday afternoon between the hours of two and four, but never before has the "Bull Ring" been quite so popular.

The cause of the increased number was due to the boys leaving early for the Easter holidays.

PUBLIC INSTALLATION OF ORDER OF DEMOLAY

A social event of interest to all students and the faculty will be the public installation of the Order of DeMolay. This takes place Wednesday, May 4, at 8 o'clock, at Masonic Temple.

All members of the faculty and students of State College and their lady friends are cordially invited to be present to see the new officers installed.

As seventeen of the twenty-one officers are State College students, as well as the entire body of installing officers, the event should be of particular interest to State College men.

The Order of DeMolay is composed of sons of Masons or their friends, and has a membership at present of around 200,000. The installation is considered one of the most beautiful of ceremonies.

Light refreshments will be served after the installation.

Mr. C. R. Bailey, B.S. 1914, is farming at Chadbourne, N. C.

Mr. S. C. Alexander, B.E. 1921, is technician in the Sales Department of Aberfoyle Manufacturing Company, of Philadelphia.

Sigma Psi Theater Party

The first part of the Sigma Psi fraternity at North Carolina State College delightfully entertained new members and guests at a formal theater and dinner party at the State Theater and Yarborough Hotel Tuesday evening, April 22.

The banquet room of the Yarborough Hotel was beautifully decorated for the occasion. The fraternity colors, maroon and national blue, were used to carry out the color scheme, while cut flowers and potted plants were used to carry out the floral decoration.

Vanities, bearing the initials of each individual guest and the fraternity coat-of-arms, and small bouquets of butterfly roses, the fraternity flowers, were presented as favors.

The dinner began after C. T. Bailey, president of the fraternity, introduced the faculty adviser, Deana B. F. Brown, to the guests as toastmaster for the evening. Deana Brown made the welcome address preceding the delicious six-course dinner. Dancing started immediately after the dinner, and lasted until eleven-thirty.

Music for the evening was furnished by the Sir Walter Hotel Orchestra.

The Alpha Chapter of the Sigma Psi fraternity is a local organization, and was founded at State College, October 20, 1926.

Those present were: Miss Sarah Brooks with Mr. L. W. Pittman, Miss Louise White with Mr. Harvey Dawson, Miss Sarah Whitaker with Mr. Archie Davis, Miss Frances Busbee with Mr. John Darden, Miss Alma Wilkins with Mr. C. Z. Bailey, Miss Louise Brockwell with Mr. Robert Pate, Miss Virginia Keayne with Mr. Archie Lanier, Miss Celeste Lockard with Mr. Gerald Dickinson, Miss Sarah Sutton of Winston-Salem with Mr. G. E. Michael, Miss Madge Hedrick with Mr. John Webb, Miss Catherine Carter with Mr. L. N. Ippock, Miss Alma Meekins with Mr. Perry Smith, Miss Mary Brown with Mr. Jack Bryan, Mr. Fleetwood Bonney, and Deana and Mrs. B. F. Brown.

Woman's Club Entertains

The State College Woman's Club entertained the State College faculty with a formal reception in the Y. M. C. A. reception hall Saturday night, April 23.

The hall was beautifully decorated with iris and roses; the lighting effect caused by the candles mounted on silver candlesticks presented a real homelike atmosphere. After a short period of greeting, Mrs. C. H. Brannon sang two solos entitled "Sort-a-Miss You" and "Little Bit o' Honey," accompanied by Mrs. G. O. Randall, Mrs. E. S. Dearwating, and "A Spirit Flower." She and Mrs. F. B. Wheeler sang two duets, "Barcarolle's" Tales of Hoffman and "Come, My Loved One." All selections were accompanied by Mrs. F. W. Staudt.

Appetizing refreshments that were served in buffet style consisted of ice cream, served by Mrs. E. C. Brooks and Mrs. A. S. Brower; home-made cake, peanuts, and punch. The faculty and their wives, 125 strong, thoroughly enjoyed the affair from beginning to end.

Mrs. Z. P. Metcalf as chairman of the social committee, with Mesdames C. C. Early, A. F. Greaves-Walker, R. H. Ruffner, C. M. Heck, B. W. Wells and W. J. Danna, are to be commended for the fine style in which this social affair was put across. Dr. and Mrs. E. C. Brooks acted as host and hostess.

HORSESHOE PITCHING SAYS SPRING IS HERE

A large number of State students who lack skill in the more common athletic activities have chosen pitching horseshoes as their favorite outdoor sport. The new game is rapidly gaining popularity on the campus, and it also proves to be excellent means for pastime.

As spring draws near, the boys are gradually deserting their former indoor amusements, such as card games and magazines, and taking part in the open-air sports.

Beginning about four o'clock on each afternoon, a small group of boys from various dormitories organize themselves into teams and begin their daily workout. The games usually last for two or three hours, and on some occasions where the pitching stakes are near a lamp-post, they continue until late hours at night.

Since interest seems to be so keen in this event, it has been suggested that actual match games be held between different dormitories.

Moister Lather Smoother Shaves

WILLIAMS Shaving Cream works up fast into a rich bulky lather simply saturated with moisture. This super-moist, saturated lather soaks into the beard bristles until they are completely softened. That's why there is no razor "pull" with Williams, why all blades seem sharper. Williams leaves the face glove-smooth. Two sizes, 35c and 50c.

Professor Zip says--

FOR several days we made our ways on paths bedimmed by fuming; the air was jammed and packed and crammed, wherever boys were rooming. No fan could wrench that sticky stench from all the trysting places, while cinders, soot, and coals to boot, were pasted on our faces. On every hand was much demand for cheap cigars for smoking; when every stiff let out a whiff the atmosphere was choking. I looked around; at last I found the cause for this dejection: this Davis guy, and Tucker, sly, were legging for election. They quickly spent the final cent their parents paid for boarding; they rustled out and spread about results of years of hoarding. In light or shade they never laid them down for peaceful napping, but strutted 'round the campus ground, and did their shoulder-slapping. They yelled in hoots and gave cheroots to prove their manner fitting; they whooped and squaled to men appalled to feel their ear-drums splitting. But Jeff, poor scout, was counted out, despite his politicking, while Tucker's host went wild almost and called it easy picking.

NOTICE!

LOST—One complete set of drawing instruments in green box. Left on drill field in front of Page Hall last Thursday. Please return to any drawing instructor.
W. H. CAMPBELL.

TEXTILE GRADUATES MAKE PROGRESS IN COTTONDOM

Mr. T. R. Johnson, class of 1924, read a paper at the recent meeting of the American Chemical Society, Division of Dye Chemistry, at Richmond, Va., on the subject of "Application of Vat Dyes in Package Type Machines." Mr. Johnson is a graduate in Textile Chemistry and Dyeing and is textile chemist at the South Franklin Process Company, Greenville, S. C.

Mr. W. C. Dodson, who has been sales engineer for H. G. Mayer Textile Machinery Company, Charlotte, has been appointed southern representative of Smith, Drum & Co., Philadelphia, with headquarters in Charlotte. Mr. Dodson is a graduate of the Textile School and is a recognized authority on dyeing and dyeing equipment. He is the author of "Remedies for Dye House Troubles," a practical treatise on dyeing operation and dye stuffs.

Mr. C. W. Gunter, class of 1923 in Textile Manufacturing, has been appointed superintendent of bleaching at Mooreville Cotton Mills, Mooreville. He was formerly with the North Carolina Finishing Company, Salisbury.

Mr. Walter C. Taylor, class of 1913 in Textile Manufacturing, has become sales agent for G. Robinson and A. J. Pfeiffer, with headquarters at Charlotte. The former concern imports French viscose yarns, and A. J. Pfeiffer handles thrown silk and combination yarns. Mr. Taylor formerly was with the Charlotte office of the Duplan Silk Corporation.

SULLIVAN ELECTED HEAD OF AGRICULTURAL CLUB

H. L. Sullivan was elected president of the Architectural Club last Wednesday to fill the office of the retiring president, Billy Denton. The office of vice-president will be held by G. L. Hall, and E. W. Kearney was elected secretary and treasurer. D. N. Bonner, from the present sophomore class was appointed reporter.

The elected president automatically becomes a member of the Engineers Council, and G. P. Hall, the new vice president, was elected to serve with him.

The men elected have all taken an active part in the club affairs the past year and the members look forward to a progressive season next year. The club has just concluded a very successful year under the leadership of Billy Denton.

STATE SONGS IN BOOK COLLEGIATE ANTHEMS

For nearly two years the representatives of over one hundred of the foremost American universities and colleges have been cooperating in an effort to put together in one volume the official alma mater and principal football or "fight" songs of the American institutions.

Thornton W. Allen, Washington and Lee, well known composer and publisher of college songs, has just announced that the new book finally has gone to press and will be ready for distribution this month.

Over half of the edition is subscribed for, and as this edition is limited the subscription committee is urging all those who desire copies to order them as early as possible.

The volume contains the songs of a large number of the leading colleges and universities in the country, including Davidson, Carolina, and State from North Carolina.

New Faculty Club Membership Formed Solely of Committees

Charter Member Faculty Club, State College Station, Raleigh, N. C.

My Dear Sir:

1. There is transmitted to you herewith copy of the Constitution and By-Laws of the Faculty Club as approved by the members at the organization meeting of the club on March 7, 1927.

2. Club members are requested to pay, as soon as practicable, the initial dues of \$5 to cover the period from organization until August 31, 1927. The receipts from these dues will be needed for furnishing and establishing the club this spring. Checks should be made to J. D. Clark, Treasurer, Faculty Club.

3. The Board of Governors have appointed the following committees from the club membership:

Decorations: Mr. A. S. Brower, chairman; Dean Thomas Nelson, Prof. H. B. Shaw, Mr. J. D. Paulson, Prof. R. Shumaker, Mr. Frank Capps, Prof. L. L. Vaughan, Mr. F. B. Wheeler, Mr. R. J. Saville.

Entertainment: Dr. C. C. Taylor, chairman; Mr. J. F. Miller, Mr. H. P. Williams, Dr. R. B. Sernon, Capt. G. J. Newgarden, Mr. J. L. Cummings, Mr. A. D. Jones.

Membership: Dean E. L. Clody, chairman; Mr. J. M. Gray, Mr. L. E. Wooten, Mr. W. E. Shinn, Capt. W. E. Vernon, Mr. A. M. Fountain.

Program: Dr. J. B. Derieux, chairman; Dr. Z. P. Metcalf, Prof. C. M. Heck, Dr. G. W. Forster, Dean E. L. Clody, Dr. R. Y. Winters, Prof. R. H.

Ruffner, Prof. W. A. Anderson, Prof. E. W. Boshart, Mr. E. W. Ruggles, Mr. C. H. Brannon.

Literature: Mr. Frank Capps, chairman; Mr. E. S. King, Mr. A. F. Bowen, Capt. W. R. Watson, Mr. S. R. Winston, Mr. H. T. Lefler, Mr. E. E. Stretcher.

Music: Major P. W. Price, chairman; Mr. H. P. Williams.

Canteen: Lt. E. P. Passailaigue, Mr. Tal H. Stafford.

Publicity: Prof. Stewart Robertson, chairman; Mr. F. H. Jeter, Mr. C. B. Park.

4. The Budget Committee, Mr. A. S. Brower, chairman, is composed of the chairman of each other committee.

5. A start is now being made under supervision of Mr. Brower in cleaning up, renovating, and placing in suitable condition the club quarters. It is hoped to have a formal opening of the club with a club smoker on Monday, May 9th, the date set under the constitution for an annual meeting and election of officers.

6. The following officers were elected at the organization meeting on March 7th:

President—Major C. C. Early.
Vice-President—Mr. J. M. Gray.
Honorary Vice-President—Dr. E. C. Brooks.

Secretary-Treasurer—Prof. J. D. Clark.

For five members of the Board of Governors, the following were elected: Dean B. F. Brown, Dean I. O. Schaub, Prof. J. W. Harrelson, Prof. F. E. Rice, Prof. A. F. Greaves-Walker.

Very sincerely yours,
C. C. EARLY,
Club President.

Dick: "My grandfather lived to be ninety and never used glasses."
Jones: "Well, let's of people prefer to drink out of bottles."

She: "Do you still go to see that little crab you used to run around with?"
He: "She's married."
She: "Answer my question."

Men, could you fall in love with the same girl three times in one year—and do it differently and charmingly each time?

That is exactly what Ronald Colman has done with Vilma Banky, his co-star in "The Night of Love," which starts a three-day run at the STATE on Monday.

Lon Chaney, whose portrayals of cripples and weird characters has been the talk of the world, veers to the other extreme, and, physically at least, gives the public a glimpse of the real Lon Chaney, trained athlete and sportsman, in "Tell It To The Marines," an epic of the Marine Corps, coming to the STATE next Thursday for the rest of the week.

William Haines, Eleanor Boardman, and a notable cast appear in the new picture, filmed with Government co-operation.

Henry King, director of "The Winning of Barbara Worth," at the CAPITOL Theatre Monday and Tuesday, needed a desert-bred rattlesnake for a scene in that picture, which was made in the Nevada desert. So the actors, including Ronald Colman and Vilma Banky, poked gingerly into cactus plants and sage brush after snakes. One by one the hunters came back to camp. "No snakes," was the unanimous report. "Never mind," said King, "one of the local cowboys caught one in three minutes."

Mary Pickford learned all about the business end of a pick and shovel during the making of "Little Annie Rooney," her new picture, which comes to the CAPITOL next Wednesday and Thursday. At that time Miss Pickford planted the famous "Mary Pickford Cypress" on Hollywood Boulevard. She practiced for a week prior to the planting, and when the time came she knew just how to swing a pick without damaging a manicure.

Fred Thomson in "The Two-Gun Man" shows at the Capitol Friday and Saturday.

What is to be done with this jazz-mad younger generation? On all sides the question assumes terrifying proportions for careful parents and restless children.

In recognition of this momentous problem comes the reel answer, "Wandering Girls," which plays at the SUPERBA next Monday and Tuesday.

Water, water everywhere! A million brooks bountifully stocked with trout and salmon. Such a fisherman's paradise!—and it is all shown in "Alaskan Adventures," the feature at the SUPERBA next Wednesday and Thursday.

How high is up?

Priscilla Dean knows. In "Jewels of Desire," her latest starring vehicle, which comes to the SUPERBA next Friday and Saturday, she is called upon to dive ninety feet from a cliff to the ocean below. Priscilla says that ninety feet is plenty up and not conducive to a peaceful frame of mind.

FRIENDSHIP COUNCIL HOLDS REGULAR MEETING

Miss Martha Heatherly, State Blind Institute, and Deparx Stimpson featured the April 10th meeting of the Freshman Friendship Council with a song service and piano music. Several visitors were present at the last meeting before the holidays.

"Essentials of the Christian Faith" was the topic for discussion. W. N. Hicks summarized the work previously done. A wicker roast at Lassiter's Mill, April 30, was decided upon unanimously by the Council.

Kampus Komiks

—By DINKIE—

Blessings on thee, little sheik,
Hotter than a lightning streak;
With balloon trousers, empty head,
Socks and tie of flaming red;
With marcelled hair, grease galore,
The latest perfume from the store;
With thy talcum on thy face
And thy cane to add the grace—
From my heart bursts forth joy:
Glad that I am not a boy!

—Ex.

Frosh: "Did you get a letter last year?"

Soph: "Sure — one from every dean."

Teacher: "What author is known by his vocabulary?"

Boy: "Webster."

The dumbest senior on the campus thinks that a basketball jersey is a new breed of cattle.

Sam, on board a transport, had just been issued his first pair of hob-

Me and the joy-friend... Prince Albert

WHEN my father was in college, "Put that in your pipe and smoke it!" was considered snappy conversation. I'm ready to take this old line literally when the talk centers around Prince Albert. Because P. A. makes two of what I like in a pipe.

All wise-cracking aside, P. A. is the money when it comes to deep-down satisfaction in a smoke. It's got everything! Cool as the trail of the ice-man across the kitchen. Sweet as vacation. Fragrant as a pine forest.

Think up your own similes. You'll write them all in the column headed "Superlative Degree" when you learn the joys of a jimmy-pipe and Prince Albert. If you don't know this grand old smoke, come around to my room and I'll give you a load.

PRINCE ALBERT

—no other tobacco is like it!

PI KAPPA PHIS DANCE AT DUKE

The N. C. State, University of North Carolina, and Duke University Chapters of the Pi Kappa Phi Fraternity entertained last evening in the grand ballroom of the Washington Duke Hotel, Durham, at their annual tri-chapter ball. The ballroom was beautifully decorated in the fraternity colors, white and gold, and at the far-end of the hall was the fraternity pin, lighted with white and gold lamps, extending welcome to those who entered.

The grand march was led by Mr. and Mrs. William H. Murdock, of Durham, after which followed the members of the State, Duke, and Carolina chapters with their escorts. Several no-break Phi Kappa Phi dances were given. Favours, bearing the crest of the fraternity, were presented to the ladies.

Those who attended from the N. C. State Chapter were as follows: Lieutenant and Mrs. E. P. Passaliguera of Raleigh, Professor and Mrs. J. S. Mears of Raleigh, Miss Evelyn Swartz of Reading, Pa., and Mr. Jack Brantley; Miss Esther Talson of Spartanburg, S. C., and Mr. L. R. LeBruce; Miss Mary Cheek of Greensboro and Mr. H. B. Barwick; Miss Lois Dobson of Greensboro and Mr. Kenneth Byers; Miss Marie Stevens of Smithfield and

Terpsichorean Dance

Announcement has been made of a Terpsichorean Club dance, to be held Saturday at nine, at the Woman's Club. Music will be furnished by "Ig" Hunter's Barbecue Babies.

Mr. J. Y. Hunneycutt; Miss Mamie Ruth Fleming of Greenville and Mr. W. H. Tatt; Miss Phyllis Albright of Raleigh and Mr. S. S. Howie; Miss Lucy Heath of Charlotte and Mr. D. S. Cox; Miss Marietta Register of Fayetteville and Mr. W. B. Kilgore; Miss Letitia Mason of Raleigh and Mr. H. S. Wimbush; Miss Vilmy Banky of Miami, Fla., and Mr. T. N. Spence; Miss Helen Mitchell of Kinston and Mr. H. B. Askew; Miss Alberta Anderson, of Norfolk, Va., and Mr. A. N. Greene; Miss Margaret Graham of LaGrange and Mr. B. C. Adams; Miss Katharine Browne of Raleigh and Mr. W. H. Garibaldi; Miss Corinne Dickson of Kinston and Mr. J. R. Moffitt; Miss Alice Acton of Raleigh and Mr. L. M. Shirley and Mr. J. S. Harris.

Mr. James L. Hauser, B.S. 1926, is Draftsman for the Bahnsen Co., Winston-Salem, N. C.

Alumni Notes

Observations and Communications of ZIPPY MACK

Tal Stafford has just blossomed out with a full-fledged Alumni Directory containing the names and addresses, alphabetically and by classes, of all the men who have graduated from State College since the first class in '93. If the information it contains is authentic, the whole world is infested with State College men. Good work, Tal.

Mr. and Mrs. John Douglass Sykes, of Harrellsville, announce the arrival of John Douglass, Jr., April 14. Mr. Sykes is a member of the Poultry Class of '24, and was for a time connected with poultry extension work in Alabama.

Mr. and Mrs. Charles H. Warren, of Goldsboro, announce the arrival of Mae Rebecca, April 19. Mr. Warren is a member of the '23 Agriculturalists, and has been since his graduation superintendent of the Odd Fellows Orphanage at Goldsboro.

Mr. W. G. (Red) Weaver, of the '24 Textiles, was a visitor the other day. He is at present in the employ of Marshall Field & Co. of New York, and is spending his vacation in North Carolina.

Mr. H. H. ("Hog") Bremer, of the '25 Civils, was on the campus several days the latter part of the week. He complains that he has lost more good jobs than any other State man of his age. It seems that he does so well that he gets all the work done, and then he has to hustle around to find another task. Good luck, "Hog."

Mr. J. L. ("Duroc") Wall, of the '23 Agriculturalists, was another visitor during the week. He is doing farm superintending at Rocky Point. He wasn't looking any too prosperous, but explained that he was married.

Messrs. L. N. Boney, '03, who is now an architect in Wilmington; St. Julian Springs, '10, wholesale dealer in building materials in Durham, and H. F. Rush, '16, who is with the Columbia Cotton Mills in Columbia, South Carolina, were among the recent visitors to the campus.

Mr. L. D. Thrash, B.S. 1917, is Agr. Ext. Agt., Asheville, N. C.

Mr. A. B. McCormick is Supt. County Moore Mills, Hemp, N. C.

Mr. J. W. Carpenter, B.S. 1924, is Cashier, Central Industrial Bank, Salisbury, N. C.

Mr. Mc. McKinnon, Jr., is Teaching and Coaching at Jamestown, N. C.

Mr. P. B. Fleming, B.E. 1918, is Associate Engr., Cleveland, Ohio.

Mr. J. H. Hall, B.S. 1915, is a Lawyer at Elizabeth City, N. C.

Mr. C. T. Hutchins, B.E. 1920, is Arch. Draftsman with C. Gilbert Humphreys, Inc., Winston-Salem, N. C.

Mr. L. B. Johnson, B.S. 1916, is farming at Hendersonville, N. C.

Mr. E. C. Westin, B.S. 1926, is with the Refrigeration Course Frick Co., Waynesboro, Penn.

Mr. T. R. McCrea, B.S. 1925, is Chem. Bacteriologist, St. Board of Health, Morehead City, N. C.

Mr. J. N. Stewart, B.S. 1924, is with the Citrus Fruit Co., Orlando, Florida.

Mr. W. F. Freeman, B.E. 1922, is Engr. care of Spoon, Lewis & Co., Engrs., Greensboro, N. C.

Mr. R. P. Harris, B.S. 1915, is teaching Voc. Agri. at Dunn, N. C.

Mr. M. F. Palmer, B.S. 1926, is Textile Worker for Appleton Mfg. Co., Anderson, S. C.

Mr. W. T. Burgin, B.E. 1923, is Salesman for Wellington, Sears & Co., New York City.

Mr. F. B. Mewborn, B.E. 1924, is Traveling Representative for Wholesale Dept., Marshall Field Co., New York City.

Mr. P. L. Scott, B.S. 1925, is with Gen. Elec. Co., River Works, Lynn, Mass.

Mr. H. C. Rea, B.S. 1915, owns and operates hospital for dogs and cats at Charlotte, N. C.

Mr. S. E. Menzies, B.E. 1916, is with Hickory Mfg. Co., Hickory, N. C.

Mr. Fred C. Gardner, B.E. 1917, is Constr. Supt. for Phoenix Utility Co., Pine Grove, Penn.

Mr. Archie J. Doolittle is Purchasing Agt., care of Portable Machinery Co., Passaic, N. J.

Mr. Joe W. Ross is farming at Fort Mills, S. C.

Mr. Noah Burfoot, B.E. 1917, is Pres. Pasquotank Hosiery Co., Elizabeth City, N. C.

Mr. E. S. Dewar, B.S. 1911, is Associate Chemist, N. C. Dept. Agriculture, Raleigh, N. C.

Mr. F. S. Pritchard, B.S. 1926, is Chemist and Dyer, Soddy Textile Mills, Soddy, Tenn.

Mr. Wm. A. Hays, B.S. 1926, is partner of A. D. Rogers in Rogers & Hays Elec. Co., Highlands, N. C.

Mr. A. C. Bangs, B.E. 1924, is Industrial Control Specialist for Gen. Elec. Co., Atlanta, Ga.

Mr. G. W. Underhill is Asst. Entomologist in Va. Agri. Exp. Station, Blacksburg, Va.

Mr. Mark Sumner, B.S. 1926, is Structural Engr. for Asheville Supply and Foundry Co., Asheville, N. C.

Mr. T. S. Williams, B.E. 1922, is Asst. Div. Engr., S. A. L. Rwy. Co., West Palm Beach, Fla.

Mr. James H. Rogers, B.S. 1917, is farming at Leasburg, N. C.

Mr. F. E. Cox, B.S. 1917, is with the Carolina Power and Light Co., Darlington, S. C.

Mr. J. L. Benbow, B.S. 1918, is Beekeeping and Teaching at Oak Ridge, N. C.

T. K. Roberts, B.E. 1922, is engineer of zoning and planning at Greensboro.

Mr. S. W. Mendenhall, B.S. 1923, is Salesman, Faison Motor Co., High Point, N. C.

Dr. C. P. Eldridge, B.E. 1915, C.E. 1922, is Resident Physician, Roanoke Hospital, Roanoke, Va.

Mr. B. W. Williams, B.E. 1922, is owner of Service Blue-Print Co., Memphis, Tenn.

Mr. W. A. Kennedy, B.E. 1916, is Mfg. Agt. for Textile Machinery, W. A. Kennedy Co., Charlotte, N. C.

Mr. Graeme Ross, B.E. 1911, is Salesman for Westinghouse Electric and Mfg. Co., Pine Bluff, Ark.

Mr. Wm. C. Dodson, B.E. 1917, is Sales Engr., Textile Machinery, Charlotte, N. C.

Mr. Fred T. Peden, B.S. 1911, is in the lumber business at Canton, N. C.

Mr. W. T. Brown, B.S. 1926, is Adjuster, the B. F. Goodrich Rubber Co., Charlotte, N. C.

Mr. W. M. Vernon, B.S. 1919, is Stockman and Farmer at Muscatine, Iowa.

Mr. E. T. Kearns, Jr., B.S. 1923, is Agricultural Teacher, Apex High School, Apex, N. C.

Mr. Lyman Kiser, B.S. 1918, is Mgr. Pine State Creamery Co., Raleigh, N. C.

Mr. G. B. Millsaps, B.E. 1920, is with Sou. Bell Tel. and Tel. Co., Charlotte, N. C.

Mr. H. H. Tate, B.E. 1923, is Salesman for Wellington Sears Co., Atlanta, Ga.

Mr. E. B. Manning, B.E. 1921, is Designer, Rosemary Mfg. Co., Roanoke Rapids, N. C.

Mr. Bonnie F. Norris, Jr., B.E. 1923, is Gen. Mgr., Norris Supply Co. and Gaston Iron Works, Gastonia, N. C.

Mr. Louis N. Riggan, B.E. 1912, is assistant engineer S. A. L. Railway Company, at Savannah, Ga.

Mr. J. B. Edwards, B.S. 1926, is assistant food and dairy inspector at Wilmington.

Mr. E. A. Adams, Jr., is in the purchasing department of the State Highway Commission, Raleigh.

Mr. J. M. Carter, B.E. 1915, is Pres. National Paint and Manganese Co., Lynchburg, Va.

Mr. E. E. Hood, B.E. 1926, is farming at Zebulon, N. C.

Mr. E. A. Sutton, B.S. 1926, is Junior draftsman of the State Highway Commission's Road Department, Raleigh.

Mr. C. W. Wade, B.S. 1926, is Instrumentman for the State Highway Commission, Charlotte.

Mr. R. D. Turner, B.S. 1922, is senior draftsman for the State Highway Commission Road Department, Raleigh.

Mr. W. C. Fitzgerald, B.S. 1926, is draftsman for the Raleigh Iron Works, Raleigh.

Mr. H. W. Dixon, B.S. 1919, is teaching Vocational Agriculture P. G. High School, Pleasant Garden, N. C.

Mr. L. U. Bailey is flowmeter specialist, General Electric Co., Schenectady, N. Y.

Mr. William L. Horne is living at Pomona Mills, N. C.

Mr. C. R. Dillard, B.S. 1924, is Supt. of a Stock Farm at Rocky Point, N. C.

Where dependability is vital
In connection with a new pumping station at Milwaukee, Wisconsin, additional feeder mains were required. It was necessary that one of these should carry an unusually large proportion of the water supply, and 54-inch pipe was decided upon. Although pipe of material other than cast iron had a lower first cost, Cast Iron Pipe was chosen because the possibility of interruption to service had to be reduced to a minimum.
The photograph above shows a section of pipe being lowered into the ditch in the process of laying it.
