Re: Orientation Review Session

A meeting of the minds has been scheduled for 3 p.m. - 5 p.m. Wednesday, July 24, in the Brown Room for the purpose of reviewing the 1985 Orientation program.

I would like to invite you or a representative to attend this meeting so we may share impressions of Freshman Orientation, Parents' Orientation and the Afro-American Symposium.

To facilitate discussion, I would ask that any agenda ideas be communicated via telephone to Rod Dooley or Melody Lancaster by July 19. Issues may be as broad or as specific as desired, but please remember: Only agenda topics will be discussed at this meeting.

I look forward to seeing you on July 24!

MEMORANDUM

TO: Orientation Liaisons  
FROM: Mike Borden  
RE: Orientation Counselor Training

Enclosed please find the orientation counselor training schedule for the summer orientation program.

The purpose of this training session is to familiarize the counselors with the major functions of orientation so they may intelligently respond to questions raised by the incoming freshmen. It is important that your comments address those issues which you believe are vital to the counselors.

For the academic school deans, your emphasis should be academic do's and don'ts for freshmen, transfer policies, handling out-of-session freshmen, etc.

For those discussing segments of the program (pre-registration workshop, housing, testing, Symposium, etc.) it is again important to highlight the facts, not the philosophies.

All meetings will take place in the first floor Sullivan Residence Hall classroom, directly behind the mailroom. It will be air-conditioned.

Thank you for your assistance.

TO: Workshop Facilitators,  
Afro-American Symposium

FROM: Theresa E. Hayes *TH*

RE: Schedule Change

Based on our experiences during the first two sessions of the Afro-American Symposium, we have found it most effective to begin the rotational workshops before 8:45 a.m. We are asking that all rotational workshop facilitators be available by 8:00 a.m. on their assigned days. This will enable us to begin the workshops as soon as breakfast is over.

If you have any questions about the schedule or other matters, please call me (2423).

Thank you for your cooperation!

## Welcome to Freshman Orientation

Your first step toward a productive college career starts with Freshman Orientation. The University requires all freshmen to attend Orientation, during which you will select and register for courses, take necessary placement tests, and complete many vital administrative details. Faculty members, student advisors, and our own Orientation Counselors will be on hand to assist you with class registration and to answer your questions about NCSU's academic programs.

But, Orientation is more than just test-taking and lectures and thumbing through course catalogs. It's fun! It's a chance to learn about campus activities, to audition for State's musical groups, and to meet your future classmates. We offer you an opportunity to absorb all those ingredients, which have made North Carolina State one of the nation's premiere institutions. NCSU is athletics, it's dance, it's drama, it's cultural and social development. It truly is so much more than just school.

Come join us for three days of entertainment and enlightenment. My staff and I are anxious to meet you and welcome you to North Carolina State.

See you in June!

Sincerely,

Mike Borden

*Please refer to your acceptance letter to determine the School and curriculum to which you have been admitted in order to sign up for the correct Orientation session.*

## Cost of Freshman Orientation

The cost of Orientation, whether you attend in June or August, is \$35 and covers Orientation expenses only. Meals, housing, towels and linen will be provided during the June sessions. Only meals will be provided in August. Complete the enclosed Orientation Registration Card and return it within ten days with a check or money order made payable to North Carolina State University. Athletic, academic and military scholarships do not cover the Orientation fee.

## Questions and Answers

- Q. Will I receive further notice from the University about Orientation after I send in my registration card and fee?**
- A. You will not receive any additional information if you are coming to a June session and should consider yourself registered. However, if you are attending either of the August sessions, information on preregistering for classes and other concerns will be sent in July automatically.
- Q. What must I do before coming to Orientation?**
- A. Be sure to return all proper Admissions materials, including the Report of Medical History which should be completed prior to June 1 and returned to our Student Health Service. If the Medical History form can not be returned prior to that date, please bring it with you to Orientation.
- Q. What should I bring to Orientation?**
- A. Bring comfortable clothes and shoes, an umbrella, a pillow and an alarm clock. We also suggest a small fan or lightweight blanket, depending on the temperature. Know or bring your Social Security number!
- Q. May I bring my car to campus during Orientation?**
- A. Yes! A temporary permit will be issued to you when you check-in at the residence hall.
- Q. Where do I report for Orientation?**
- A. Students may check into their room at the residence hall (see map) between 3 p.m. - 5 p.m. the first day of their session.

**Q. What time does the program begin?**

- A. After check-in, the students will have dinner, followed by meetings with their assigned Orientation Counselor (5:30 p.m.) and then begin with departmental presentations (6:30 p.m.).

**Q. What time does the program conclude?**

- A. All students must check-out between 11:30 a.m. and 1:30 p.m. the fourth day of their Orientation session, immediately following registration for classes.

**Q. What if I cannot attend my designated session?**

- A. We strongly encourage everyone to make every effort to attend their assigned session, since this provides you with special, individualized assistance. If this is not possible, contact the "Hotline" (919) 737-2443 to be reassigned. Remember, Late Orientation is by permission only.

## Placement and Diagnostic Examinations

### Biology

The Biological Sciences program will administer a departmental examination on Wednesday, August 28 at 7 p.m. to provide students with an opportunity to earn 4 college credits in biology without taking NCSU's introductory biology course. Students with a strong high school background in biology are encouraged to take the exam. **(Transfer students are not eligible.)** Advance registration is required. Contact Dr. Charles Lytle, 2717 Bostian Hall, (919) 737-3341.

### Foreign Language

Any student may enroll in a first-semester foreign language course, but students with a previous knowledge of a foreign language are encouraged to begin their study at a higher level, for which they must take the NCSU placement test. Students completing with a grade of C or better any course in which they are placed beyond 101 (or 105) level will receive credit for prerequisite courses to a maximum of six hours. This test will be offered June 10 at 6 p.m. to freshmen in the School of Humanities and Social Sciences and to all other students on Thursday, August 22 at 5:30 p.m. This policy applies to all students, regardless of discipline. For additional information, contact the Foreign Languages Department, (919) 737-2475.

### Mathematics

All freshmen will be required to take a **mandatory** 90-minute Mathematics Placement Test on the second day of their Orientation program. The test will focus on algebra and trigonometry and will be used to place students in an appropriate level of course work. It is vital that all students be prepared to take this test. Please review your trigonometry and algebra thoroughly before coming to Orientation.

Freshmen who pass only the algebra portion of the examination must preregister for mathematics course numbers MA 100 and MA 102. Scores will be made available prior to preregistration on the fourth day of Orientation. MA 100 will be offered during the second summer session beginning Monday, July 1.

### SCAT

All Agricultural Institute students will take the School and College Ability Test (SCAT) in place of the Mathematics Placement Test during Orientation.

Students requiring special assistance due to visual, hearing and/or motor impairments should contact Ms. Pat Davis at NCSU's Counseling Center, 200 Harris Hall, (919) 737-2423. Assistance is available for course scheduling and for accessibility to classes.

## A Special Note to Parents

You are cordially invited to attend The Afro-American Symposium which initiates the 1985 Freshman Orientation program. Your program will run in conjunction with your student's freshman program and should give you a chance to become familiar with the various services and procedures of North Carolina State University. Your schedule MAY VARY DEPENDING ON WHICH school your son or daughter is entering. If you plan to attend with your son or daughter, please indicate so on the Orientation registration card. This program will enable your son or daughter to begin developing relationships, and help to provide a smoother transition from high school to campus life. There is no cost for Parents' Orientation, however, **meals and lodging are at your own expense.** Later, if you wish to join us for meals in the University Dining Hall, this will be on a cash basis as you enter the Dining Hall. Parents will be given a discount for meals in the Dining Hall.

We are pleased to announce that the Raleigh Hilton is offering parents a special \$43 per night rate for double occupancy. The Hilton is within walking distance of campus, is newly remodeled, and, of course, offers all the conveniences one expects from a fine motel. If you would like to take advantage of this parent rate, please fill out the enclosed beige card as per instructions.

If you have any questions about our parents' program feel free to contact us at (919) 737-2443. We are anxious for you to feel good about North Carolina State!

Sincerely,

Bob Bryan, Coordinator  
Parents' Orientation

Malcolm Spaulding  
Coordinator of Afro-American  
Symposium

MEMORANDUM

TO: Orientation Liaisons  
FROM: Mike Borden  
RE: Orientation Counselor Training

Enclosed please find the orientation counselor training schedule for the summer orientation program.

The purpose of this training session is to familiarize the counselors with the major functions of orientation so they may intelligently respond to questions raised by the incoming freshmen. It is important that your comments address those issues which you believe are vital to the counselors.

For the academic school deans, your emphasis should be academic do's and don'ts for freshmen, transfer policies, handling out-of-session freshmen, etc.

For those discussing segments of the program (pre-registration workshop, housing, testing, Symposium, etc.) it is again important to highlight the facts, not the philosophies.

All meetings will take place in the first floor Sullivan Residence Hall classroom, directly behind the mailroom. It will be air-conditioned.

Thank you for your assistance.

Student Check-out Begins

Dear Parents:

I would, first of all, like to welcome you and your son or daughter to the North Carolina State University family. We are indeed looking forward to working with you over the next few years.

As you may know, the first formal activity for new students at the University is Freshman Orientation. Your son or daughter should have recently received an information packet which describes the Orientation program.

For incoming Black students, the first part of Orientation is the Afro-American Symposium. This Symposium is conducted by members of the University faculty and staff, and its intended purpose is to help students to make the transition from high school to campus life. We have had tremendous success with the Symposium over the last two summers and the vast majority of the students who attend believe it to be one of the most important and valuable experiences in their college lives.

There is a Parents' Orientation Program associated with the Symposium and I would like to invite you and encourage you to attend. The parents' session is scheduled for the morning of the second day of Orientation. Whether or not you're planning to stay overnight in Raleigh, please feel welcome to attend the First General Session during the evening of the first day. A complete schedule of activities for parents appears in the Orientation brochure.

In the event that you have questions about the Freshman Orientation program, please contact Malcolm Spaulding at (919) 737-2443, Monday through Friday between 11:00 a.m. - noon and 3:30 p.m. - 4:30 p.m. Finally, let me again welcome you and your son or daughter to our University family.

Sincerely,

Bruce R. Poulton  
Chancellor

Dear

The information included with this letter describes the Orientation program which all incoming freshman students attend at North Carolina State. As a part of the Orientation process, you have been enrolled in the Afro-American Symposium, which is a program for Black students entering the University.

The Symposium is sponsored jointly by my office and by the Chancellor's Advisory Council on Afro-American Affairs, and its purpose is to assist you in making the transition from high school to campus life at NCSU. The vast majority of the people who've been involved with the Symposium - students, faculty and staff - agree that it's one of the most rewarding and important sources of information available to new students coming to NCSU.

There is no additional cost associated with your attendance at the Symposium, however, you will be expected to pay the \$35.00 Orientation fee which is the normal amount mentioned in the Orientation brochure. Depending upon the School in which you've enrolled, you should plan to arrive on campus during the afternoon of June 8, 11, 15, 18, 22 or 25 or during the afternoon of August 20 if you attend Late Orientation. See the brochure and registration card for details. Immediately following the Symposium, you should plan to attend the remaining two and a half days of Orientation.

In closing, let me welcome you to the North Carolina State family and say we are looking forward to your attending the University.

Sincerely,

Bruce R. Poulton  
Chancellor

## Welcome to Freshman Orientation

Your first step towards a productive college career starts with Freshman Orientation. The University requires all freshmen to attend Orientation, during which you will select and register for courses, take necessary placement tests, and complete many vital administrative details. Faculty members, student advisors, and our own Orientation Counselors will be on hand to assist you with class registration and to answer your questions about NCSU's academic programs.

But, Orientation is more than just test-taking and lectures and thumbing through course catalogs. It's fun! It's a chance to learn about campus activities, to audition for State's musical groups, and to meet your future classmates. We offer you an opportunity to absorb all the ingredients which have made North Carolina State University one of the nation's premiere institutions. NCSU is athletics, it's dance, it's drama, it's cultural and social development. It truly is so much more than just school.

Come join us for four days of entertainment and enlightenment. My staff and I are anxious to meet you and welcome you to North Carolina State.

See you in June!

Sincerely,

Michael Borden  
Orientation Director

Malcolm Spaulding  
Student Development Specialist

P.S. If you have any questions about the Symposium, please call our "Hotline" at (919) 737-2441 Monday thru Friday from 11 a.m. - noon or 3:30 p.m. - 4:30 p.m.

## Cost of Freshman Orientation

The cost of Orientation, whether you attend in June or August, is \$35 and covers Orientation expenses only. Meals, housing, towels and linen will be provided during the June sessions. Only meals will be provided in August. Complete the enclosed Orientation Registration Card and return it within ten days with a check or money order made payable to North Carolina State University. Athletic, academic and military scholarships do not cover the Orientation fee.

## Questions and Answers

**Q Will I receive further notice from the University about Orientation after I send in my registration card and fee?**

**A** You will not receive any additional information if are coming to a June session and should consider yourself registered. However, if you are attending either of the August sessions, information on preregistering for classes and other concerns will be sent in July automatically.

**Q What must I do before coming to Orientation?**

**A** Be sure to return all proper Admissions materials, including the Report of Medical History which should be completed prior to June 1 and returned to our Student Health Service. If the Medical History form can not be returned prior to that date, please bring it with you to Orientation.

**Q What should I bring to Orientation?**

**A** Bring comfortable clothes and shoes, an umbrella, a pillow and an alarm clock. We also suggest a small fan or lightweight blanket, depending on the temperature. Know or bring your Social Security number!

**Q May I bring my car to campus during Orientation?**

**A** Yes! A temporary permit will be issued to you when you check-in at the residence hall.

**Q Where do I report for Orientation?**

**A** Students may check into their room at the residence hall (see map) between 3 p.m. - 5 p.m. the first day of their session.

**Q What time does the program begin?**

**A** After check-in, the students will have dinner, (5:30 p.m. in the Walnut Room of the Student Center). This will be followed by the first general session of the Afro-American Symposium

**Q What time does the program conclude?**

**A** All students must check-out between 11:30 a.m. - 1:30 p.m. the fourth day of their Orientation session, immediately following registration for classes

**Q What if I cannot attend my designated session?**

**A** We strongly encourage everyone to make every effort to attend their assigned session, since this provides you with special, individualized assistance. If this is not possible, contact the "Hotline" (919) 737-2443 to be reassigned. Remember, Late Orientation is by permission only.

## Placement and Diagnostic Examinations

### Biology

The Biological Sciences program will administer a departmental examination on Wednesday, August 28 at 7 p.m. to provide students with an opportunity to earn 4 college credits in biology without taking NCSU's introductory biology course. Students with a strong high school background in biology are encouraged to take the exam. (Transfer students are not eligible). Advance registration is required. Contact Dr. Charles Lytle, 2717 Bostian Hall, (919) 737-3341.

### Foreign Language

Any student may enroll in a first-semester foreign language course, but students with a previous knowledge of a foreign language are encouraged to begin their study at a higher level, for which they must take the NCSU placement test. Students completing with a grade of C or better any course in which they are placed beyond 101 (or 105) level will receive credit for prerequisite courses to a maximum of six hours. This test will be offered June 10 at 6 p.m. to freshmen in the School of Humanities and Social Sciences and to all other students on Thursday, August 22 at 5:30 p.m. This policy applies to all students, regardless of discipline. For additional information, contact the Foreign Languages Department, (919) 737-2475.

### Mathematics

All freshmen will be required to take a mandatory 90-minute Mathematics Placement Test on the second day of their Orientation program. The test will focus on algebra and trigonometry and will be used to place students in an appropriate level of course work. It is vital that all students be prepared to take this test. Please review your trigonometry and algebra thoroughly before coming to Orientation. Freshmen who pass only the algebra portion of the examination must preregister for mathematics course numbers MA 100 and MA 102. Scores will be made available prior to preregistration on the third day of Orientation. MA 100 will be offered during the second summer session beginning Monday, July 1.

### SCAT

All Agricultural Institute students will take the School and College Ability Test (SCAT) in place of the Mathematics Placement Test during Orientation.

Students requiring special assistance due to visual, hearing and/or motor impairments should contact Ms. Pat. Davis at NCSU's Counseling Center, 200 Harris Hall, (919) 737-2423. Assistance is available for course scheduling and accessibility to buildings.

### A Special Note to Parents

You are cordially invited to attend The Afro-American Symposium which initiates the 1985 Freshman Orientation program. Your program will run in conjunction with your student's freshman program and should give you a chance to become familiar with the various services and procedures of North Carolina State University. Your schedule MAY VARY DEPENDING ON WHICH school your son or daughter is entering. If you plan to attend with your son or daughter, please indicate so on the Orientation registration card. This program will enable your son or daughter to begin developing relationships, and help to provide a smoother transition from high school to campus life. There is no cost for Parents' Orientation, however, meals and lodging are at your own expense. Later, if you wish to join us for meals in the University Dining Hall, this will be on a cash basis as you enter the Dining Hall. Parents will be given a discount for meals in the Dining Hall.

We are pleased to announce that the Raleigh Hilton is offering parents a special \$43 per night rate for double occupancy. The Hilton is within walking distance of campus, is newly remodeled, and of course, offers all the conveniences one expects from a fine motel. If you would like to take advantage of this parent rate, please fill out the enclosed beige card as per instructions.

If you have any questions about our parents' program feel free to contact us at (919) 737-2443. We are anxious for you to feel good about North Carolina State!

Sincerely,

Bob Bryan, Coordinator

## MEMORANDUM

TO: Mr. George Worsley  
Vice Chancellor for Finance and Business

FROM: Lawrence M. Clark  
Associate Provost

SUBJECT: Afro-American Symposium

For the last two years the Chancellor has sponsored an Afro-American Symposium which my office has implemented for our entering Black students in conjunction with Summer Orientation.

During these two years the expenses have been covered by your office. We are at the point of implementing the third Symposium this Summer and funds are needed again. These funds have not been provided in the budget in my office.

The Symposiums will run during June and August of each year. The expenses which we anticipate incurring through June 30, 1985 are given below:

Under separate cover, I am requesting that funds to cover the annual cost for this activity be placed in my budget on a continuous basis.

1450	Student Wages	\$2,256
2600	Office Supplies	200
3200	Communication (Postage)	480
3400	Printing and Binding	600
3900	Other Current Services (Housing and Meals)	6,318
		<u>\$9,854</u>

Thank you for your consideration.

Welcome to Freshman Orientation

Your first step towards a productive college career starts with Freshman Orientation. The University requires all freshmen to attend Orientation, during which you will select and register for courses, take necessary placement tests, and complete many vital administrative details. Faculty members, student advisors, and our own Orientation Counselors will be on hand to assist you with class registration and to answer your questions about NCSU's academic programs.

But, Orientation is more than just test-taking and lectures and thumbing through course catalogs. **It's fun!** It's a chance to learn about campus activities, to audition for State's musical groups, and to meet your future classmates. We offer you an opportunity to absorb all the ingredients which have made North Carolina State University one of the nation's premiere institutions. NCSU is athletics, it's dance, it's drama, it's cultural and social development. It truly is so much more than just school.

Come join us for four days of entertainment and enlightenment. My staff and I are anxious to meet you and welcome you to North Carolina State.

See you in June!

Sincerely,

Michael Borden  
Orientation Director

P.S. If you have any questions about the Symposium, please call our "Hotline" at (919) 737-2441 Monday thru Friday from 11 a.m. - noon or 3:30 p.m. - 4:30 p.m.

Placement and Diagnostic Examinations

### **Biology**

The Biological Sciences program will administer a departmental examination on Wednesday, August 28 at 7 p.m. to provide students with an opportunity to earn 4 college credits in biology without taking NCSU's introductory biology course. Students with a strong high school background in biology are encouraged to take the exam. **(Transfer students are not eligible)**. Advance registration is required. Contact Dr. Charles Lytle, 2717 Bostian Hall, (919) 737-3341.

### **Foreign Language**

Any student may enroll in a first-semester foreign language course, but students with a previous knowledge of a foreign language are encouraged to begin their study at a higher level, for which they must take the NCSU placement test. Students completing with a grade of C or better any course in which they are placed beyond 101 (or 105) level will receive credit for prerequisite courses to a maximum of six hours. This test will be offered June 10 at 6 p.m. to freshmen in the School of Humanities and Social Sciences and to all other students on Thursday, August 22 at 5:30 p.m. This policy applies to all students, regardless of discipline. For additional information, contact the Foreign Languages Department, (919) 737-2475.

### **Mathematics**

**All freshmen** will be required to take a **mandatory** 90-minute Mathematics Placement Test on the second day of their Orientation program. The test will focus on algebra and trigonometry and will be used to place students in an appropriate level of course work. It is vital that all students be prepared to take this test. Please review your trigonometry and algebra thoroughly before coming to Orientation. Freshmen who pass only the algebra portion of the examination must preregister for mathematics course numbers MA 100 and MA 102. Scores will be made available prior to preregistration on the third day of Orientation. MA 100 will be offered during the second summer session beginning Monday, July 1.

### **SCAT**

All Agricultural Institute students will take the School and College Ability Test (SCAT) in place of the Mathematics Placement Test during Orientation.

Students requiring special assistance due to visual, hearing and/or motor impairments should contact Ms. Pat. Davis at NCSU's Counseling Center, 200 Harris Hall, (919) 737-2423. Assistance is available for course scheduling and accessibility to buildings.

FROM: Larry

Dear Parents:

I would, first of all, like to welcome you and your son or daughter to the North Carolina State University family. We are indeed looking forward to working with you over the next few years.

As you may know, the first formal activity for new students at the university is Freshman Orientation. Your son or daughter should have recently received an information packet which describes the orientation program.

For incoming Black students, the first part of orientation is the Afro-American Symposium. This Symposium is conducted by members of the university faculty and staff, and its intended purpose is to help students to make the transition from high school to campus life. We have had tremendous success with the Symposium over the last two summers and the vast majority of the students who attend believe it to be one of the most important and valuable experiences in their college lives.

There is a Parent's Program associated with the Symposium and I would like to invite you and encourage you to attend. The Parent's Session is scheduled for the morning of the second day of Orientation. Whether or not you're planning to stay overnight in Raleigh, please feel welcome to attend the First General Session during the evening of the first day. A complete schedule of activities for Parents appears in the Orientation brochure.

In the event that you have questions about the Freshman Orientation program, please contact Malcolm Spaulding at (919) 737-2443, Monday thru Friday between 11:00 a.m. - Noon and 3:30 p.m. - 4:30 p.m. Finally, let me again welcome you and your son or daughter to our university family.

Sincerely,

Bruce R. Poulton  
Chancellor

DRAFT

Dear

The information included with this letter describes the orientation program which all incoming freshman students attend at North Carolina State. As a part of the orientation process, you have been enrolled in the Afro-American Symposium, which is a program for Black students entering the University.

The Symposium is sponsored jointly by my office and by the Chancellor's Advisory Council on Afro-American Affairs, and its purpose is to assist you in making the transition from high school to campus life at NCSU. The vast majority of the people who've been involved with the Symposium - students, faculty and staff agree that it's one of the most rewarding and important sources of information available to new students coming to NCSU.

There is no additional cost associated with your attendance at the Symposium, however, you will be expected to pay the \$35.00 orientation fee which is the normal amount mentioned in the orientation brochure. Depending upon the school in which you've enrolled, you should plan to arrive on campus during the afternoon of June 8, 11, 15, 18, 22 or 25 or during the afternoon of August 20 if you attend Late Orientation. See the brochure and registration card for details.

Immediately following the Symposium, you should plan to attend the remaining two and a half days of orientation.

In closing, let me welcome you to the North Carolina State family and we are looking forward to your attending the University.

Sincerely,

Bruce R. Poulton  
Chancellor

## A Special Note to Parents

You are cordially invited to a special session just for parents at our 1985 Orientation Program. Your program will run in conjunction with your student's Freshman Program and should give you a chance to become familiar with the various services and procedures of North Carolina State University. Below is a sample schedule for Parents' Orientation. Your schedule may vary depending on which school your son or daughter is entering.

If you wish to attend, please indicate this on your son's or daughter's Orientation Registration Card. Once you arrive on campus, you will be able to pick up your materials and get directions at the Residence Hall while your daughter or son is checking in. There is no cost for Parents' Orientation itself, but there will be a charge if you wish to join us for meals in the University Dining Hall. This, however, will be on a cash basis as you enter the Dining Hall for a particular meal. Parents will be afforded a discount, and you may join us for any and all of the meals listed on the schedule below.

We are pleased to announce that the Raleigh Hilton is offering parents a special \$43 per night rate for double occupancy. The Hilton is within walking distance of campus, is newly remodeled, and, of course, offers all the conveniences one expects from a fine motel. If you would like to take advantage of this parent rate, please fill out the enclosed beige card as per instructions.

If you have any questions about our parent's program feel free to contact us at (919) 737-2443. We are anxious for you to feel good about North Carolina State!

Sincerely,

Bob Bryan, Coordinator  
Parents' Orientation

Dear Dr. Clark:

This letter is to confirm our telephone conversation on Friday, April 19, 1985. You have changed the date for your group to arrive on campus from Wednesday, August 21, 1985 to Tuesday, August 20, 1985. Your students will need to pick up their residence hall room keys from the lobby of Harris Hall between 1:00 p.m. and 3:30 p.m.

If there are any changes, please contact me as soon as possible.

Sincerely,

*Cheryl DiBucci*

*Greetings from the Advisory Council for  
Afro-American Affairs...*

*Members of the Advisory Council for Afro-American  
Affairs welcome you to North Carolina State  
University. Let us assure you of this University's  
commitment to seeing that each student who enrolls  
has the opportunity to maximize his or her  
potential.*

*The Advisory Council for Afro-American Affairs is  
dedicated, among other things, to providing support  
for students as they make the transition to  
University life. To this end, we hope you will  
perceive our activities as positive reinforcement  
toward your goal of academic success.*

RE: Early Check-in

I hope that all of you are having a successful year. It seems like it was just yesterday that we were discussing early check-ins for the fall of 1984 and now it is time to plan ahead for the early check-ins during fall of 1985.

Since the academic calendar has been changed all early check-ins will be held on August 21, 1985, from 10:00 a.m. to 4:00 p.m. Only students with a confirmed fall room assignment will be housed. Please plan on submitting a list of students to me with their student identification numbers and fall room assignments prior to July 26, 1985.

The students should not check in at their residence halls. To obtain room keys, they should go to the lobby of Harris Hall on August 21, 1985. Students must officially check into their rooms during August 22-23-24 (10 a.m. - 9 p.m.) or August 25 (10 a.m. - 5 p.m.). If a student does not check in, he will be considered a "no-show" and will lose his room assignment.

If you have any questions, feel free to give me a call at 737-2419. Thank you.

Re: Proposed Freshman Summer Orientation Dates

Below are listed the proposed 1985 Freshman Summer Orientation dates:

June 9-11	June 19-21
June 12-14	June 23-25
June 16-18	June 26-28
Aug. 22-23 (Late Orientation)	

Additional dates for specialized orientation programs, (i. e., Afro-American Symposium, Forestry/Conservation) will be announced as soon as these plans are finalized.

All academic advisers please review these dates and select a first and second choice as well as an alternate date for students who can not attend their session. Late orientation may be used as the alternate date.

The School of Agriculture and Life Sciences, the School of Engineering and the School of Physical and Mathematical Sciences have traditionally spread their incoming students over two orientation sessions. These schools should consider two consecutive dates when making their first and second choices.

I will be contacting each adviser separately to set up a meeting in which we will discuss the details of the orientation program.

MEMORANDUM

TO: Members, Chancellor's Advisory Council on Afro-American Affairs  
FROM: Evelyn Reiman, Director of Student Development ER  
RE: The 1985 Afro-American Symposium

I appreciated Tuesday's opportunity to hear your thinking about the timing and structure of the Afro-American Symposium. After reviewing the attached freshman orientation schedules, I would like to propose that Symposium activities for new black students occur on the first day of each June session from 9:00 a.m. - 4:00 p.m.

I further propose that Symposium activities during Late Orientation occur between 4:00 p.m. - 11:00 p.m. August 23 or over a two-day span incorporating the evening of the 23rd and the morning of the 24th (9:00 a.m. - noon).

The dates would be June 9, 12, 16, 19, 23, 26 and August 23-24. Malcolm Spaulding in our office would be available to arrange meals, reserve space, contact facilities, prepare printed materials and recruit student staff members.

If you approve this arrangement, please notify my office as soon as possible, and by no later than April 17. We would also like your assistance in developing the material sent to these students. You may wish to identify one contact person who would assume this responsibility.

In closing, I would like to assure you that Student Development's primary function is to act in the best interest of the student population at NCSU. Mr. Spaulding and myself welcome any questions or concerns you may have, particularly as they relate to the needs of black students.

DRAFT

Dear

The information included with this letter describes the orientation program which all incoming freshman students attend at North Carolina State. As a part of the orientation process, you have been enrolled in the Afro-American Symposium, which is a program for Black students entering the University.

The Symposium is sponsored jointly by my office and by the Chancellor's Advisory Council on Afro-American Affairs, and its purpose is to assist you in making the transition from high school to campus life at NCSU. The vast majority of the people who've been involved with the Symposium - students, faculty and staff agree that it's one of the most rewarding and important sources of information available to new students coming to NCSU.

There is no additional cost associated with your attendance at the Symposium, however, you will be expected to pay the \$35.00 orientation fee which is the normal amount mentioned in the orientation brochure. Depending upon the school in which you've enrolled, you should plan to arrive on campus during the afternoon of June 8, 11, 15, 18, 22 or 25 or during the afternoon of August 20 if you attend Late Orientation. See the brochure and registration card for details. Immediately following the Symposium, you should plan to attend the remaining two and a half days of orientation.

In closing, let me welcome you to the North Carolina State family and we are looking forward to your attending the University.

Sincerely,

Bruce R. Poulton  
Chancellor

Dear Parents:

I would, first of all, like to welcome you and your son or daughter to the North Carolina State University family. We are indeed looking forward to working with you over the next few years.

As you may know, the first formal activity for new students at the university is Freshman Orientation. Your son or daughter should have recently received an information packet which describes the orientation program.

For incoming Black students, the first part of orientation is the Afro-American Symposium. This Symposium is conducted by members of the university faculty and staff, and its intended purpose is to help students to make the transition from high school to campus life. We have had tremendous success with the Symposium over the last two summers and the vast majority of the students who attend believe it to be one of the most important and valuable experiences in their college lives.

There is a Parent's Program associated with the Symposium and I would like to invite you and encourage you to attend. The Parent's Session is scheduled for the morning of the second day of Orientation. Whether or not you're planning to stay overnight in Raleigh, please feel welcome to attend the First General Session during the evening of the first day. A complete schedule of activities for Parents appears in the Orientation brochure.

In the event that you have questions about the Freshman Orientation program, please contact Malcolm Spaulding at (919) 737-2443, Monday thru Friday between 11:00 a.m. - Noon and 3:30 p.m. - 4:30 p.m. Finally, let me again welcome you and your son or daughter to our university family.

Sincerely,

Bruce R. Poulton  
Chancellor

## MEMORANDUM

TO: Evelyn Reiman, Director of Student Development

FROM: Chancellor's Advisory Council on Afro-American Affairs *JMC*

SUBJECT: The 1985 Afro-American Symposium

We have carefully considered your memorandum of April 9, and are concerned that the timing you proposed for the Afro-American Symposium is unacceptable. Due to the objectives of the Symposium and its psychological nature, the Symposium was conducted over one-and-a-half days in 1983 and 1984 and we feel that this is the only practicable configuration.

The Symposium was not intended to function as an orientation program and it is vital that the subject matter presented in the initial sessions be partitioned in time by at least one night from the second day of sessions. This allows the students to internalize the information and begin to process its implications in their own lives.

Rather than your proposed schedule, students should arrive at the University during the afternoon on June 8, 11, 15, 18, 22 and/or 25; check-in between 3:00 and 5:00; and then attend the Symposium beginning at 5:00 p.m. Students who attend late registration will check-in between 3:00 and 5:00 on August 21 and attend the Symposium on both August 21 and 22. The remaining sessions of the Symposium will be held during the morning and early afternoon following check-in so that students would be free to participate in University orientation with no conflicts. As a guide for your planning, we have attached a copy of the Symposium schedule from 1984. Based upon student comments, and on past experiences, we feel that this was an effective program and that it should be the model upon which the 1985 Symposium is designed.

In order to expedite your planning, please contact Dr. Clark (#3148) to resolve any questions.

## Welcome to Freshman Orientation

Your first step toward a productive college career starts with Freshman Orientation. The University requires all freshmen to attend Orientation, during which you will select and register for courses, take necessary placement tests, and complete many vital administrative details. Faculty members, student advisors, and our own Orientation Counselors will be on hand to assist you with class registration and to answer your questions about NCSU's academic programs.

But, Orientation is more than just test-taking and lectures and thumbing through course catalogs. It's fun! It's a chance to learn about campus activities, to audition for State's musical groups, and to meet your future classmates. We offer you an opportunity to absorb all those ingredients which have made North Carolina State one of the nation's premiere institutions. NCSU is athletics, it's dance, it's drama, it's cultural and social development. It truly is so much more than just school.

Come join us for three days of entertainment and enlightenment. My staff and I are anxious to meet you and welcome you to North Carolina State.

See you in June!

Sincerely,

Mike Borden  
Orientation Director

Malcolm Spaulding  
Coordinator of Afro-American  
Symposium

P.S. If you have any questions about the Symposium, please call our "Hotline" at (919) 737-2441 Monday thru Friday from 11:00 a.m. - noon or 3:30 p.m. - 4:30 p.m.

## Cost of Freshman Orientation

The cost of Orientation, whether you attend in June or August, is \$35 and covers Orientation expenses only. Meals, housing, towels and linen will be provided during the June sessions. Only meals will be provided in August. Complete the enclosed Orientation Registration Card and return it within ten days with a check or money order made payable to North Carolina State University. Athletic, academic and military scholarships do not cover the Orientation fee.

## Questions and Answers

- Q. Will I receive further notice from the University about Orientation after I send in my registration card and fee?**
- A. You will not receive any additional information if you are coming to a June session and should consider yourself registered. However, if you are attending either of the August sessions, information on preregistering for classes and other concerns will be sent in July automatically.
- Q. What must I do before coming to Orientation?**
- A. Be sure to return all proper Admissions materials, including the Report of Medical History which should be completed prior to June 1 and returned to our Student Health Service. If the Medical History form can not be returned prior to that date, please bring it with you to Orientation.
- Q. What should I bring to Orientation?**
- A. Bring comfortable clothes and shoes, an umbrella, a pillow and an alarm clock. We also suggest a small fan or lightweight blanket, depending on the temperature. Know or bring your Social Security number!
- Q. May I bring my car to campus during Orientation?**
- A. Yes! A temporary permit will be issued to you when you check-in at the residence hall.
- Q. Where do I report for Orientation?**
- A. Students may check into their room at the residence hall (see map) between 3 p.m. - 5 p.m. the first day of their session.

**Q. What time does the program begin?**

- A. After check-in, the students will have dinner, followed by meetings with their assigned Orientation Counselor (5:30 p.m.) and then begin with departmental presentations (6:30 p.m.).

**Q. What time does the program conclude?**

- A. All students must check-out between 11:30 a.m. and 1:30 p.m. the fourth day of their Orientation session, immediately following registration for classes.

**Q. What if I cannot attend my designated session?**

- A. We strongly encourage everyone to make every effort to attend their assigned session, since this provides you with special, individualized assistance. If this is not possible, contact the "Hotline" (919) 737-2443 to be reassigned. Remember, Late Orientation is by permission only.

## Placement and Diagnostic Examinations

### Biology

The Biological Sciences program will administer a departmental examination on Wednesday, August 28 at 7 p.m. to provide students with an opportunity to earn 4 college credits in biology without taking NCSU's introductory biology course. Students with a strong high school background in biology are encouraged to take the exam. **(Transfer students are not eligible.)** Advance registration is required. Contact Dr. Charles Lytle, 2717 Bostian Hall, (919) 737-3341.

### Foreign Language

Any student may enroll in a first-semester foreign language course, but students with a previous knowledge of a foreign language are encouraged to begin their study at a higher level, for which they must take the NCSU placement test. Students completing with a grade of C or better any course in which they are placed beyond 101 (or 105) level will receive credit for prerequisite courses to a maximum of six hours. This test will be offered June 10 at 6 p.m. to freshmen in the School of Humanities and Social Sciences and to all other students on Thursday, August 22 at 5:30 p.m. This policy applies to all students, regardless of discipline. For additional information, contact the Foreign Languages Department, (919) 737-2475.

### Mathematics

**All freshmen** will be required to take a **mandatory** 90-minute Mathematics Placement Test on the second day of their Orientation program. The test will focus on algebra and trigonometry and will be used to place students in an appropriate level of course work. It is vital that all students be prepared to take this test. Please review your trigonometry and algebra thoroughly before coming to Orientation.

Freshmen who pass only the algebra portion of the examination must preregister for mathematics course numbers MA 100 and MA 102. Scores will be made available prior to preregistration on the fourth day of Orientation. MA 100 will be offered during the second summer session beginning Monday, July 1.

### SCAT

All Agricultural Institute students will take the School and College Ability Test (SCAT) in place of the Mathematics Placement Test during Orientation.

Students requiring special assistance due to visual, hearing and/or motor impairments should contact Ms. Pat Davis at NCSU's Counseling Center, 200 Harris Hall, (919) 737-2423. Assistance is available for course scheduling and for accessibility to classes.

## A Special Note to Parents

You are cordially invited to attend The Afro-American Symposium which initiates the 1985 Freshman Orientation program. Your program will run in conjunction with your student's freshman program and should give you a chance to become familiar with the various services and procedures of North Carolina State University. Your schedule MAY VARY DEPENDING ON WHICH school your son or daughter is entering. If you plan to attend with your son or daughter, please indicate so on the Orientation registration card. This program will enable your son or daughter to begin developing relationships, and help to provide a smoother transition from high school to campus life. There is no cost for Parents' Orientation, however, **meals and lodging are at your own expense.** Later, if you wish to join us for meals in the University Dining Hall, this will be on a cash basis as you enter the Dining Hall. Parents will be given a discount for meals in the Dining Hall.

We are pleased to announce that the Raleigh Hilton is offering parents a special \$43 per night rate for double occupancy. The Hilton is within walking distance of campus, is newly remodeled, and, of course, offers all the conveniences one expects from a fine motel. If you would like to take advantage of this parent rate, please fill out the enclosed beige card as per instructions.

If you have any questions about our parents' program feel free to contact us at (919) 737-2443. We are anxious for you to feel good about North Carolina State!

Sincerely,

Bob Bryan, Coordinator  
Parents' Orientation

Malcolm Spaulding  
Coordinator of Afro-American  
Symposium
