WHAT IT IS

THE GAMMA BETA PHI SOCIETY is an honor and service organization for students in colleges and universities in the United States. It is non-secret, non-profit, and co-educational; and membership therein does not exclude a student from membership in any other organization.

Gamma is the initial letter of the Greek word meaning *education*; *Beta* is the initial letter of the word meaning *life*; *Phi* is the initial letter of the word for *friendship*. Thus the three letters designating the name of the organization signify that education and friendship constitute the basis of a full and happy life.

The motto of GAMMA BETA PHI is "*Progressus per Eruditionem*," and its watchwords are "*Scholarship*," "*Service*," and "*Character*."

ITS INSTITUTION

GAMMA BETA PHI was instituted on March 22, 1964, by a group of college educators. It was chartered as an eleemosynary educational organization under the laws of South Carolina on April 27, 1964. It was granted complete tax-exempt status by the U.S. Treasury on May 5, 1966. Dr. John Harris, founder of the BETA CLUB, served as GAMMA BETA PHI's Executive Secretary from 1964 to 1974. The present Executive Secretary is Dr. Aaron Todd, professor of chemistry at Middle Tennessee State University.

ITS OBJECTIVES

The objectives of THE GAMMA BETA PHI SOCIETY as stated in its Constitution are to recognize and encourage excellence in education, to promote the development of leadership ability and character in its members, and to foster, disseminate, and improve education through appropriate service projects. Each

chapter implements these objectives by procedures consonant with the local situation and in cooperation with the faculty and administration.

MEMBERSHIP ELIGIBILITY

Students invited into membership in THE GAMMA BETA PHI SOCIETY must be committed to excellence in education, to good character, and to service. The student must be enrolled in a program leading to an associate, bachelor, or graduate degree, must have completed at least twelve credit hours of college work and have a scholastic ranking within the top 20% of his class. (Some chapters require a ranking within the top 15%.) Graduate students must have completed at least twelve credit hours of graduate work. Any additional qualifications for membership imposed by the local chapter must be approved by the National Senate.

The Constitution specifies that induction activities will be dignified.

BENEFITS OF MEMBERSHIP

Recognition and publicity are primary benefits of membership in any honor society. But GAMMA BETA PHI is not *just* an honor society, and hence members enjoy, as well, the satisfaction of active participation in meaningful service projects and camaraderie with other honor students.

Tangible benefits of membership include a first-class certificate of membership, a permanent membership card, two decals, and a copy of the constitution. Upon notification from the chapter, graduates in good standing in the chapter receive a small, beautiful seal to affix to their diploma. Copies of the GAMBET are sent to the chapters three times a year for distribution to the members at meetings.

Membership is completely transferable (without any further national fee) to any other college or university where a chapter

exists or can be formed. All members are invited to both State and National Conventions each year, and an Alumni Association has been formed. Jewelry, tee shirts, pennants, etc., are available to all members at the wholesale, bulk cost.

GAMMA BETA PHI is a growing, active, first-class organization. We are building a national reputation, and you can be justly proud of membership.

GOVERNMENT

GAMMA BETA PHI is a self-governing organization. Each chapter sends delegates to the annual State Convention and to the yearly National Convention. The National Senate, made up of an advisor and a student from each chapter, is the legal and controlling agency of the organization.

Within the circumference of national policy, each chapter of the Society institutes its own local Bylaws governing matters of operational procedures, regulations, and membership qualifications.

FEES, DUES, ASSESSMENTS

Each prospective member pays a one-time national membership fee of \$18. Chapters fix dues of between \$2 and \$8 per year to be payable to their local treasury. There are no assessments by National Headquarters upon individual chapters.

EXTENT OF ORGANIZATION

As of June 30, 1983, there are 78 chapters of THE GAMMA BETA PHI SOCIETY in eleven states, with an overall membership of over 18,000 students.

RE: Annual Report for the Gamma Beta Phi Society

DATE: July 11, 1985

I am very pleased with the progress of the Gamma Beta Phi Society in meeting their objectives in 1984-85 - to recognize and encourage excellence in education, to promote the development of leadership ability, and to improve education through appropriate service projects.

I am particularly interested in continuing to strengthen opportunities for leadership development for our students and am pleased that leadership development will be one of the issues focused on by the Division in 1985-86.

Moni Sawhney has suggested that I submit a copy of this report to the honors college in September after a coordinator has been elected. Attached is a copy for your information.

NCSU CHAPTER REPORT - 1984-85

The NCSU Chapter of the Gamma Beta Phi Society made great strides in its first full academic year. Gamma Beta Phi has grown from 257 charter members on January 31, 1984 to a current membership of 594 students who rank within the top 15% of their class.

OBJECTIVES OF THE SOCIETY:

I. To recognize and encourage excellence in education

To be eligible for membership, a student must have completed at least 28 semester hours and rank in the top 15% (3.190 G.P.A. for 1984-85) of the Sophomore class. Juniors who rank in the top 15% (3.224 for 1984-85) who were not invited as Sophomores are also eligible for membership. In the Fall 1984, 1367 students were mailed personal invitations inviting them to join Gamma Beta Phi. Four orientation meetings were held one week in September to inform prospective members about the Society. At the induction ceremony on December 9, 1984, 340 students joined. All department heads and administrators were invited to the ceremony held in Stewart Theatre. Dean Garrett Briggs of the School of Physical and Mathematical Sciences served as the speaker. A catered reception followed immediately in the Student Center ballroom. Press releases about the new inductees were sent to their local newspapers.

The NCSU chapter is investigating the possibility of raising funds to establish a student scholarship.

II. To promote the development of leadership ability

The NCSU chapter became active on both state and national levels of the Gamma Beta Phi Society this year. John Jones (NCSU Public Relations Director) was elected State Secretary-Treasurer and Jill Thompson (NCSU President) was appointed Parliamentarian for 1984-85 at the North Carolina State Convention. Gloria Anderson (NCSU Advisor) presented concurrent workshops on time management at the convention. The NCSU chapter won second place in the state scrapbook competition. Twelve students attended the State Convention in Greenville, NC, while eleven students and the advisor attended the National Convention in Columbia, SC, April 12-14, 1985. Gloria Anderson was elected to serve as one of two advisors on the National Executive Board of Gamma Beta Phi.

NCSU hosted the N.C. Spring Leadership Conference on Saturday, 16 March 1985 in the NCSU Student Center. A total of 48 students representing six schools in North Carolina attended the conference. The conference committee secured Ray Camp, a faculty member in Speech-Communication at NCSU, to present a program entitled "Meeting Procedures" and Gloria Anderson to speak on "Stress Management." Patty Henderson (NCSU Vice-President) was responsible for organizing the conference.

Fourteen students who were elected to the Executive Committee provided local chapter leadership. Officers and the advisor met twice monthly while general meetings of the membership were held monthly. New officers for 1985-86 met June 7-8, 1985 at the home of the advisor for leadership training and team building. Gloria Anderson facilitated the training which included administration and interpretation of the Myers-Briggs Type Indicator, a personality inventory which can be used to appreciate different leadership styles. The Executive Committee met three times during the summer of 1984 and will meet again during the summer of 1985 to learn creative problem-solving techniques.

III. To foster, disseminate, and improve education through appropriate service projects

During 1984-1985, the NCSU chapter conducted service projects to serve both the university and community. Members assisted the Chancellor's Commission on Humanities and Social Sciences by filling out surveys to give student input regarding the role of humanities and social sciences at NCSU. The chapter assisted the Associate Provost in publicizing the NCSU Academy of Outstanding Teachers and monitored the ballot boxes during voting week. Chapter members volunteered to assist the Admissions Office by conducting campus tours for prospective students.

Faculty Recognition Day was observed for the first time at NCSU on 14 February 1985. During the week of February 11-13, chapter members staffed tables and encouraged students to write messages of appreciation to faculty members. 300 students participated by writing one or more messages. On 14 February, GBP members delivered the messages to 250 faculty members and to all department heads and deans. Refreshments were served to honor faculty 14 February in the Faculty Senate Lounge. (Attached is a letter of appreciation from the chair of the Faculty Senate.)

The NCSU chapter adopted Urban Ministries of Raleigh, a non-denominational and non-profit organization serving the poor and sheltering the homeless, as its primary charity. Sister Helen Wright gave a slide presentation at the September 1984 meeting to explain the needs of the downtown homeless and the purpose of Urban Ministries. On three evenings in the spring, members made and donated 750 sandwiches to freeze for the shelter. Additional projects to serve Urban Ministries included selling "Ghost-O-Gram" messages to students at Halloween (\$104 donation), a canned food drive, and a raffle of a donated television set which raised \$1,500.00 in two weeks. WRAL-TV broadcasted a story publicizing the chapter's donations to Urban Ministries.

Chapter members also served the community by tutoring at Broughton High School each Monday through Thursday afternoons in the spring, giving a Halloween party for the Pediatrics Ward at Rex Hospital, participating in Teamwalk '85 to benefit the March of Dimes, and by visiting the Hill Haven Convalescence Center.

MEMORANDUM

TO: The Members of Gamma Beta Phi

FROM: Dr. Robert M. Fearn, Chair of the Faculty *RMF*

DATE: 14 February 1985

SUBJECT: Faculty Recognition Day

Every so often, a new tradition is established on a university campus--a tradition which grows over the years until it becomes an essential, integral and beloved part of the fabric of campus life. I am sure that your wonderful idea of having a "Faculty Recognition Day" on Valentine's Day is already on its way to becoming an NCSU campus tradition.

Thank you so much for your expression of respect and affection for the faculty. Please be assured that, despite all the busy schedules, the exams, the papers and the like, the faculty has great respect and affection for our students and every confidence in your continued academic and personal success.

WHAT IT IS

THE GAMMA BETA PHI SOCIETY is an honor and service organization for students in colleges and universities in the United States. It is non-secret, non-profit, and co-educational; and membership therein does not exclude a student from membership in any other organization.

Gamma is the initial letter of the Greek word meaning *education*; *Beta* is the initial letter of the word meaning *life*; *Phi* is the initial letter of the word for *friendship*. Thus the three letters designating the name of the organization signify that education and friendship constitute the basis of a full and happy life.

The motto of GAMMA BETA PHI is "*Progressus per Eruditionem*," and its watchwords are "*Scholarship*," "*Service*," and "*Character*."

ITS INSTITUTION

GAMMA BETA PHI was instituted on March 22, 1964, by a group of college educators. It was chartered as an eleemosynary educational organization under the laws of South Carolina on April 27, 1964. It was granted complete tax-exempt status by the U.S. Treasury on May 5, 1966. Dr. John Harris, founder of the BETA CLUB, served as GAMMA BETA PHI's Executive Secretary from 1964 to 1974. The present Executive Secretary is Dr. Aaron Todd, professor of chemistry at Middle Tennessee State University.

ITS OBJECTIVES

The objectives of THE GAMMA BETA PHI SOCIETY as stated in its Constitution are to recognize and encourage excellence in education, to promote the development of leadership ability and character in its members, and to foster, disseminate, and improve education through appropriate service projects. Each

chapter implements these objectives by procedures consonant with the local situation and in cooperation with the faculty and administration.

MEMBERSHIP ELIGIBILITY

Students invited into membership in THE GAMMA BETA PHI SOCIETY must be committed to excellence in education, to good character, and to service. The student must be enrolled in a program leading to an associate, bachelor, or graduate degree, must have completed at least twelve credit hours of college work and have a scholastic ranking within the top 20% of his class. (Some chapters require a ranking within the top 15%.) Graduate students must have completed at least twelve credit hours of graduate work. Any additional qualifications for membership imposed by the local chapter must be approved by the National Senate.

The Constitution specifies that induction activities will be dignified.

BENEFITS OF MEMBERSHIP

Recognition and publicity are primary benefits of membership in any honor society. But GAMMA BETA PHI is not *just* an honor society, and hence members enjoy, as well, the satisfaction of active participation in meaningful service projects and camaraderie with other honor students.

Tangible benefits of membership include a first-class certificate of membership, a permanent membership card, two decals, and a copy of the constitution. Upon notification from the chapter, graduates in good standing in the chapter receive a small, beautiful seal to affix to their diploma. Copies of the GAMBET are sent to the chapters three times a year for distribution to the members at meetings.

Membership is completely transferable (without any further national fee) to any other college or university where a chapter

exists or can be formed. All members are invited to both State and National Conventions each year, and an Alumni Association has been formed. Jewelry, tee shirts, pennants, etc., are available to all members at the wholesale, bulk cost.

GAMMA BETA PHI is a growing, active, first-class organization. We are building a national reputation, and you can be justly proud of membership.

GOVERNMENT

GAMMA BETA PHI is a self-governing organization. Each chapter sends delegates to the annual State Convention and to the yearly National Convention. The National Senate, made up of an advisor and a student from each chapter, is the legal and controlling agency of the organization.

Within the circumference of national policy, each chapter of the Society institutes its own local Bylaws governing matters of operational procedures, regulations, and membership qualifications.

FEES, DUES, ASSESSMENTS

Each prospective member pays a one-time national membership fee of \$18. Chapters fix dues of between \$2 and \$8 per year to be payable to their local treasury. There are no assessments by National Headquarters upon individual chapters.

EXTENT OF ORGANIZATION

As of June 30, 1982, there are 76 chapters of **THE GAMMA BETA PHI SOCIETY** in eleven states, with an overall membership of over 18,000 students.
