Tribute to
Dr. William Friday
President, University of North Carolina

"THANK YOU FOR THE MPG"

A Man of Vision -

- The Minority Presence Grant was more than just money--
- It was in essence a commitment to the full participation of Afro-Americans in graduate education in the UNC system.
- It was an act by a leader with vision.

WILLIAM CLYDE FRIDAY

President, University of North Carolina - General Administration

Chapel Hill

BORN: Raphine, Virginia on July 13, 1922, son of David Latham Friday and Mary Elizabeth Rowan Friday.

Boyhood spent in Dallas, North Carolina, where his father was a manufacturer of textile machinery.

In Dallas schools he was a debater, played baseball, wrote sports for the Gastonia Gazette.

After one year at Wake Forest College, he entered North Carolina State College (now North Carolina State University at Raleigh) and was graduated in textile engineering in 1941. He was an outstanding student and served afterwards as Assistant to the Dean of Students at State College.

He was a Naval Officer in World War II.

After the war he entered the Law School, at the University in Chapel Hill, and was graduated in 1948.

He accepted a position as Assistant Dean of Students at UNC at Chapel Hill and served as acting dean in the absence of the dean.

In 1951 he was appointed administrative assistant to Gordon Gray, President of the University of North Carolina.

He was given the title, Secretary of the University.

When Mr. Gray resigned the Presidency in 1955 and when his temporary successor, J. Harris Purks, also resigned, Mr. Friday was named Acting President.

He was named President of the University in 1956.

Married to Ida Willa Howell of Lumberton; three daughters, Frances, Mary and Elizabeth.

ACKNOWLEDGEMENTS

The Association for Afro-American Graduate Students takes this opportunity to thank Chancellor Poulton, Provost Winstead, Mr. Bryce Younts and the Alumni Office, the Deans of the Academic Schools, the Graduate School and Dean Jasper Memory, the Associate Graduate Deans and Mrs. Gayle Hines for their contribution to the initiation of the first annual AAAGS Awards Banquet.

A special thanks to our Advisor, Dr. A. M. (Gus) Witherspoon, Associate Graduate Dean, for ideas, ways and means, and continued encouragement during the conception and implementation of the procedures for our first annual awards dinner.

We could not conclude without acknowledging the presentations of Mr. Earl White and Dr. Richard Bennett, Jr., our two speakers for the evening.

WELCOME

President Friday, administrators, faculty and staff, fellow graduate and undergraduate students and friends, it is with great pleasure and pride that I welcome you to the first Annual AAAGS Awards Banquet. I was fortunate to be President of this organization as we launched upon this new idea about 18 months ago. It is my hope that this will serve as a way to identify and recognize those students, faculty and staff who are the achievers, those that take the extra step and put forth the extra effort to be one of the best in their chosen fields, communities and in serving their fellow man. We graciously accept the overwhelming support we have received from the University System, the NCSU administration, faculty and staff in helping us make this event a success.

Again, I welcome you to this, and we hope the first of many, annual AAAGS Awards Banquets to witness the achievements of the black community of our University family.

Calvin L. Green
President
AAAGS

GREETINGS

Greetings from the membership of the Association of Afro-American Graduate Students! We are eternally grateful to the North Carolina State University administrators, faculty, staff, students and guests for their participation and their support in helping us successfully organize and implement our First Annual Awards Banquet. We hope that such an interaction will serve to establish better lines of communication among us and to show this alliance to be mutually benefiting.

As graduate students at North Carolina State University we are sharing one of the most important phases in our professional development. Many of our activities, our accomplishments, and interactions in the hallowed halls of academia will set the tone for our future endeavors when we begin to use our training to analyze real life problems and concerns. The recognition of individual students for their academic performance, leadership qualities, and overall professional development is a highly motivating factor. This type of recognition plays an important role in the educational process. We hope our efforts will make our program, as presented tonight, an integral part of our graduate education in the years to come.

STRATEGIES FOR RECRUITMENT, RETENTION AND GRADUATION

AFRO-AMERICAN GRADUATE STUDENTS

ADMINISTRATIVE PROCEDURE

"Image is what you see from afar not from within."

The following is a conceptual development from which administrative decisions and requests are derived. The thinking behind the concept is shared with the campus community, hopefully as a stimulus for further thinking.

RATIONALE:

Some components of Afro-American culture are unique to the multi-ethnic merge that evolved to constitute the Neo-American caucasian culture. In fact, the Afro-American culture is a multi-ethnic merge itself that evolved as the second part of the "twoness" of American culture. The socio-political customs that stimulated the "twoness" profile of American culture in particular geographically south is now itself attempting to merge socio-politically-economically (SPE), though painful it might be. Such an attempt is noble and has virtue far beyond the general perception of the present generation. That it has pain in no way lessens its nobility or its virtue. To the contrary, it may be the cause of it.

Conception is only the first step to a new birth. Endemic in the cultural genes that are directing the SPE new birth currently evolving in American are many "hidden factors". Such factors are stimulated by external catalytic behavior of the merging groups. That these "hidden factors" are sometimes misinterpreted, misunderstood and, thus, mistakenly given improper response is only natural. Yet, it is necessary, no, more, it is a moral responsibility that cross-cultural socialized individuals lend perception and direction to the emerging concept. This is particularly so among the population that was adult as the neo-merging of America initiated. It is nearly impossible for either culture to fully appreciate the uniqueness of the other without greater cross-cultural socialization. This is both a temporal factor and one of attitude.

Some few individuals of the two cultural groups were cross-socialized quickly as the interaction of the cultures intensified. This was generally more true of the numerical minority than of the majority. In years past, the minority group's degree of understanding of the majority's cultural patterns sophisticated its potential for improved economic existence. It, therefore, served to stimulate understanding which gives rise to a degree of economic, if not social interaction.

The focus here is in identifying and utilizing those "hidden factors" within the Afro-American culture which, when given the proper external catalyst, will respond positively.

The result is psychological in that it gives one a sense of belonging, of being appreciated. This is possible only in the context that the socialized evolution of the group has been conditioned to expect the catalytic behavior. Thus, we build upon the known to motivate an "ease of transition" into the new socio-political-economic development on going in this "one" nation, under God and free.

AWARDS CRITERIA

*Afro-American Academic Achievement Award

GPA last semester; total GPA; papers and abstracts published; reports written; local, state and national seminars given; professional meetings attended, degrees completed, research proposal written and research completed to date.

Afro-American Undergraduate Scholarship Award

Highest upperclassmen GPA among Afro-American undergraduate students.

NCSU-AAA-GS University-Community Service Award

Productive in rendering service to graduate students, in particular, and other Afro-American students in general. Participation in black faculty and staff organization. Rendering service to university administrators, which improves, as a function of the help, the general racial/ethnic atmosphere on campus.

Professional Development Award

Faculty/Administration: Publication, research, grants, graduate students. Committees served which were designed to aid Afro-Americans in the community and university. Number of Afro-American advisees. Extra work toward aiding Afro-Americans in community and university. Advocacy for enhancement of Afro-American students and campus community through excellency and promotion of understanding. Administrative innovation or contribution. Effect on university community.

Graduate Dean's Achievement Award

Among the top grade point averages of full time Afro-American graduate students. Scholarly development: published papers, abstracts, etc. Papers presented on local, regional and/or national level. Completion of thesis or dissertation on time. Regional or national meetings attended and served as chairman of a session or discussion. Quality of research as indicated by department.

*Criteria applies to all academic schools

Chancellor's Leadership Award

Holding or having previously held a position in a campus organization. Shows leadership through participation in campus organization. Officer in local, state, regional, national professional, civic and/or social organization. Serve as officer or past officer of AAA-GS. Shows initiative, thus accepting responsibility. Actively gives leadership to department, school or general university.

AFRO-AMERICAN ADVOCACY AWARD

Rationale:

NCSU has a moral obligation and a legal mandate to enhance the number of Afro-American graduate students on campus. The moral obligation is encumbered in the recognition by the University that historical and past social policy prevented the full participation in past baccalaureate education by Afro-Americans even when their tax dollars paid for others to attend. Thus, as social and historical policy changed from the inhibition of attendance by Afro-Americans to a policy that promoted multi-racial, multi-ethnic, mixed campus community, NCSU made the moral decision to affirmatively recruit Afro-American graduate students.

The legal obligation came as a result of a challenge by the Legal Defense Fund and the Federal Department of Justice on the accomplishment of the UNC-system toward desegragating higher education in North Carolina.

The Graduate Administrators (GA) and/or the department head are the essential people in the Afro-American's ultimate acceptance into and graduation from NCSU. Therefore, their efforts, when meritorious, should be recognized both by the "receiving group", the Afro-Americans, and the benefactor, NCSU. It is, therefore, the intent of the AAA-GS to seek out the GA who is a proven advocate of Afro-American participation in graduate studies at NCSU. The same shall be recognized for his efforts.

Procedure:

1. Candidate must be nominated by a member of the AAA-GS organization.
2. Nomination must be accompanied by documentation of each activity expressed in support of the candidate.
3. Nominations must be turned over to the committee on selection.
4. The committee on selection will research the candidates to determine if anyone meets the criteria to the extent that an honor could be bestowed.
5. If Number 4 is yes, three candidates will be put before the AAA-GS with all supporting information. A 2/3 vote by the members present, after notification, shall constitute a winner.
6. If Number 4 is no, then no award shall be given that year.

ABSTRACTS

Academic Excellence: An Old Place for New Technology

Richard Bennett, Jr., Ph.D. North Carolina A & T State University

Academic excellence is the key to tomorrow's technology. The fundamental idea underlying the Dawanian theory is that those who are able to adapt to a changing environment will be successful. Those who are academically well prepared for tomorrow's job market will, without question, survive. However, new technologies must be applied to academia in order for our universities and colleges to provide the necessary training and educational experiences to our student population.

The rudiments of education will not change. Competence in mathematics, the sciences, and in oral and written communication will continue to be the foundations upon which future workers will hang the bulk of existing and developing information. Flexibility will be the keyword for the skills that students will need for tomorrow's job market.

University and college teaching personnel must adapt today's technological advancements to their teaching methods. The computer is the single most important catalyst ushering in a new tomorrow. Anyone who is not computer literate by 1990 will be at a serious disadvantage. Computer technology, audio-visual technology, system analysis techniques of information exchange and other new technologies must be integrated into our existing teaching methodologies. The use of such technologies will enhance the goal of achieving academic excellence and will promote accelerated learning.

THE UTILITY OF TECHNOLOGY IN THE JOB MARKET. Earl L. White, Chemical Industry Institute of Toxicology, CIIT, P. O. Box 12137, Research Triangle Park, NC 27709

Technology, by definition, is "a technical method of achieving a practical purpose". Utility of technology in the job market is usually determined by the purpose. In our highly technological society today, these purposes range from daily household activities to intergalactic studies. Technologies are usually employed to increase the efficiency of performing certain tasks. Advantages for using such technologies include ease of operation, speed, accuracy, precision and economics.

Many types of technology are employed in research laboratories. For example, administration utilizes computer technology for bookkeeping, maintaining employee records, preparing payroll checks and many other activities. Information services use computerized libraries for literature searches and microfilm for archiving records of data. Laboratory technologies employed at CIIT include electronic balances and pH meters (computer interfaced and/or controlled) for measuring weights and pH's, respectively. Computer technology is utilized for monitoring and controlling temperature, humidity and concentration of test atmosphere of inhalation chambers used to expose laboratory animals. Highly sophisticated analytical instrumentation such as gas chromatographs, high performance liquid chromatographs (HPLC), mass spectrometers, UV-visible, infrared, atomic absorption spectrophotometers and many others are used for identifying and quantifying both organic and inorganic chemicals in biological matrices. These units are often computer controlled or interfaced with larger in-house system for reduction and mass storage of data. Also, the capacity for generation of publishable reports through the word processing center exists. Entrance access to the building and certain parts of the building, controlled by programmed identification cards and surveillance monitors for security purposes are examples of technology utilized by the building engineer. These and other technologies insure maximum performance with a minimum staff and require a least amount of time.

What is most important in today's society is not just the utility of technology in the job market but the importance of the preparation of our young men and women to enter that market. Every discipline in academia is literally swamped with the use of technology if it is to be efficient and successful. Thus, the mandate in today's education is that to be highly educated one must transcend the traditional expectations of education to include technological literacy where applicable to one's field of study.

Academic Excellence:
A Diversified Experience

SECOND ANNUAL AWARDS DINNER
McKimmon Center
NCSU
April 16, 1984

ACKNOWLEDGEMENTS

The Association for the Concerns of Afro-American Graduate Students takes this opportunity to thank Chancellor Poulton, Provost Winstead, Mr. Bryce Younts and the Alumni Office, the Deans of the Academic Schools, the Graduate School and Dean Jasper Memory, the Associate Graduate Deans and Mrs. Gayle Hines for their contribution to this our second annual ACAAGS Awards Banquet.

The Society of Afro-American Culture is very pleased that this effort is now a combined one featuring outstanding African-American undergraduate students as well as those that are studying at the graduate level. Thus, we offer an expression of thanks to Dr. Lawrence Clark, Associate Provost and Dr. A. M. (Gus) Witherspoon, Associate Graduate Dean for working collectively to make this possible.

To all of the university family: Chancellor, Vice Chancellors, Deans, Associate and Assistant Deans, Department Heads and Graduate Administrators, professors, professional staff and fellow students, the African-American students say THANKS.

GREETINGS FROM THE PRESIDENT OF ACAAGS

Welcome to the second Annual Awards Banquet of the Association for the Concerns of Afro-American Graduate Students. Today is a great day. It is a day of celebration of the superior academic achievements and meritorious service activities of African-American students, faculty and staff at this University. It is a day for public recognition of the achievements of individuals who were chosen from among their peers as outstanding examples of academic excellence and dedication to service.

We are especially pleased that this year's awards presentation incorporates the recognition of undergraduate students as well. It is our hope as graduate students that continued cooperative efforts between the two groups will inspire African-American undergraduates to select North Carolina State University as their choice for graduate studies.

Thank you for your participation in this grand occasion and again, welcome to our celebration of excellence.

--Gloria D. Gillins

GREETINGS FROM THE PRESIDENT OF SAAC

On behalf of the Society of Afro-American Culture and the Provost's Office we would like to welcome you to our fourth annual Afro-American Undergraduate Achievement Night program. Traditionally we have held two different programs but this year the format has been modified to combine both the undergraduate and graduate achievement nights.

The purpose of tonight's program is to recognize our outstanding scholars for exhibition of academic excellence as well as our leaders for community service and sacrifice throughout the academic year. Undoubtedly, we have all put forth a great effort in planning this occasion but our effort is small in comparison to the efforts of those who will be awarded tonight. Thank you for coming and we hope you enjoy tonight's presentation.

LIFT EV'RY VOICE AND SING

Lift ev'ry voice and sing,

Till earth and heaven ring,

Ring with the harmonies of Liberty;

Let our rejoicing rise

High as the list'ning skies,

Let it resound loud as the rolling sea.

Sing a song full of the faith that the dark past has taught us;

Sing a song full of the hope that the present has brought us;

Facing the rising sun

Of our new day begun

Let us march on till victory is won.

ACKNOWLEDGEMENTS

The Association for the Concerns of African-American Graduate Students takes this opportunity to thank Chancellor Poulton, Provost Winstead, Mr. Bryce Younts and the Alumni Office, the Deans of the Academic Schools, the Graduate School and Dean Jasper Memory, the Associate Graduate Deans, Mrs. Gayle Hines, and Mrs. Carolyn Ingram for their contribution to this our third annual ACAAGS Awards Banquet.

The Society of Afro-American Culture is very pleased that this effort is now a combined one featuring outstanding African-American undergraduate students as well as those that are studying at the graduate level. Thus, we offer an expression of thanks to Dr. Lawrence Clark, Associate Provost and Dr. A. M. (Gus) Witherspoon, Associate Graduate Dean for working collectively to make this possible.

To all of the university family: Chancellor, Vice Chancellors, Deans, Associate and Assistant Deans, Department Heads and Graduate Administrators, professors, professional staff and fellow students, the African-American students say THANKS.

GREETINGS FROM THE PRESIDENT OF ACAAGS

Welcome from the Association for the Concerns of African-American Graduate Students (ACAAGS). The mission of ACAAGS is to add to the positive experiences of African-American graduate students at NCSU. One way of accomplishing this goal is by highlighting exemplary performance and outstanding achievement.

Therefore, we welcome you to the Third Annual Awards Banquet of the Association for the Concerns of African-American Graduate Students. We are glad to have you share this evening with us as we pay tribute to those students, faculty and staff who have distinguished themselves by living up to our goal of "Striving for Unity and Excellence Through Awareness, Communication and Cooperation."

We believe the individuals recognized this evening have contributed elements that constitute a thriving environment for an outstanding education of NCSU by either academic aspirations or a commitment to assist in the development of individual self-confidence. Once again, welcome and thanks for joining us in this occasion.

--Andrew R. Barber
President ACAAGS

GREETINGS FROM THE PRESIDENT OF SAAC

The Society of Afro-American Culture welcomes you to this Black achievement night. It is with pride that we set aside tonight to honor the recipients of this year's awards.

"I am, indeed, a practical dreamer. My dreams are not airy nothings. I want to convert my dreams into realities, as far as possible."

Mohandas K. Gandhi

Academic excellence is a dream for some and a reality for others. You have dedicated yourself to a dream and turned it into a reality. We salute each of you and encourage you to strive for more.

--Curtis Hamilton
President SAAC

African-American National Hymn	All Assembled
--------------------------------	---------------

LIFT EV'RY VOICE AND SING

Lift ev'ry voice and sing,

Till earth and heaven ring,

Ring with the harmonies of Liberty;

Let our rejoicing rise

High as the list'ning skies,

Let it resound loud as the rolling sea.

Sing a song full of the faith that the dark past has taught us;

Sing a song full of the hope that the present has brought us;

Facing the rising sun

Of our new day begun

Let us march on till victory is won.

STRATEGIES FOR RECRUITMENT, RETENTION AND GRADUATION

AFRICAN-AMERICAN GRADUATE STUDENTS

ADMINISTRATIVE PROCEDURE

by

A. M. (Gus) Witherspoon

"Image is what you see from afar not from within."

The following is a conceptual development from which administrative decisions and requests are derived. The thinking behind the concept is shared with the campus community, hopefully as a stimulus for further thinking.

Some components of African-American culture are unique to the multi-ethnic merge that evolved to constitute the Neo-American caucasian culture. In fact, the African-American culture is a multi-ethnic merge itself that evolved as the second part of the "twoness" of American culture. The socio-political customs that stimulated the "twoness" profile of American culture, in particular geographically south is now itself attempting to merge socio-politically-economically (SPE), though painful it might be. Such an attempt is noble and has virtue far beyond the general perception of the present generation. That it has pain in no way lessens its nobility or its virtue. To the contrary, it may be the cause of it.

Conception is only the first step to a new birth. Endemic in the cultural genes that are directing the SPE new birth currently evolving in America are many "hidden factors." Such factors are stimulated by external catalytic behavior of the merging groups. That these hidden factors are sometimes misinterpreted, misunderstood and, thus, mistakenly given improper response, is only natural. Yet, it is necessary, no, more, it is a moral responsibility that cross-culturally socialized individuals lend perception and direction to the emerging concept. This is particularly so among the population that was adult as the neo-merging of America initiated. It is nearly impossible for either culture to fully appreciate the uniqueness of the other without greater cross-cultural socialization. This is both a temporal factor and one of attitude.

Some few individuals of the two cultural groups were cross-socialized quickly as the interaction of the cultures intensified. This was generally more true of the numerical minority than of the majority. In years past, the minority group's degree of understanding of the majority's cultural patterns sophisticated its potential for improved economic existence. It therefore served to stimulate understanding which gives rise to a degree of economic, if not social interaction.

The focus here is in identifying and utilizing those hidden factors within the African-American culture which, when given the proper external catalyst, will respond positively.

The result is psychological in that it gives one a sense of belonging, of being appreciated. This is possible only in the context that the socialized evolution of the group has been conditioned to expect the catalytic behavior. Thus, we build upon the known to motivate an ease of transition into the new socio-political-economic development on-going in this one nation, under God and free.

Acknowledgements

T

he Association for the African-American Graduate Students takes this opportunity to thank Chancellor Foulton, Provost Winstead, Mr. Bryce Younts and the Alumni Office, the Deans of the Academic Schools, the Graduate School and the Graduate Dean for their contribution to our fifth annual academic awards banquet.

The Society of Afro-American Culture is very pleased that this effort is now combined featuring outstanding African-American undergraduate students as well as those that are studying at the graduate level. Thus, we offer an expression of thanks to Dr. Lawrence Clark, Associate Provost and Dr. A. M. (Gus) Witherspoon, Associate Graduate Dean for working collectively to make this possible.

To all of the university family: Chancellor, Vice Chancellors, Deans, Associate and Assistant Deans, Department Heads and Graduate Administrators, professors, professional staff and fellow students, the African-American students say THANKS.

Honoree

*Dr. Bruce R. Poulton, Chancellor
North Carolina State University
ACAAGS 1987 Honoree*

In July 1982, Dr. Bruce R. Poulton became the tenth chancellor of North Carolina State University, a nearly century-old land-grant institution and a constituent institution of The University of North Carolina.

As chancellor of the state's largest land-grant university, Dr. Poulton provides leadership and coordination for educational, research and extension programs encompassing the fields of agriculture, engineering, textiles, environmental and physical sciences, mathematics, the humanities and social sciences, forest resources, veterinary medicine and natural sciences. He administers an annual university budget of some \$365 million.

Under his guidance are some 24,600 students and 6,000 faculty and staff. Additionally, the university has extension offices in each of the 100 counties in the state and numerous outlying research units, extending the university's campus to the state's boundaries and reaching some 100,00 people annually through continuing education.

Before coming to North Carolina State University, Dr. Poulton served seven years as the first chancellor of a consolidated New Hampshire University System with four campuses and a statewide School of Lifelong Learning (which he initiated and developed.)

Prior to assuming the top New Hampshire post, Dr. Poulton had moved up through the faculty administrative ranks of Rutgers University and the University of Maine serving as chairman of the animal and veterinary science department, director of a branch campus, dean of the College of Life Sciences and Agriculture, director of the Maine Agriculture and Forestry Experiment Station, and vice president of research and public service. While on leave, he served as an American Council on Education Fellow in academic administration at Michigan State University and as administrative assistant to the Governor of Maine, James Longley.

A native of New York, Dr. Poulton earned his bachelor of science, his master of science and doctor of philosophy degrees all at Rutgers University, specializing in animal and veterinary sciences. On leaving the New Hampshire University System he was awarded an honorary doctor of laws degree.

Dr. Poulton and his wife, Betty, are the parents of four children. The Poultons and the youngest of their children make their home in the North Carolina State University chancellor's residence on Hillsborough Street in Raleigh.

Greetings

FROM THE PRESIDENT OF ACAAGS

T

he Association for the Concerns of African-American Graduate Students would like to welcome you to the fifth annual academic awards banquet. The principle goals of this illustrious association are to promote academic achievements, professional development and add to the positive experiences of African-American graduate students at North Carolina State University. One way of accomplishing these goals is by recognizing those students, administrators, faculty and staff who have excelled academically and/or dedicated themselves to serving others.

This is truly a joyous occasion for it is not often that we come together to celebrate our achievements. We are very thankful to have the opportunity to learn and the knowledge to excel in the learning process. We are glad to have you share this evening with us as we pay tribute to those students, faculty and staff who have distinguished themselves by living up to our goal of academic excellence and dedication to serving others.

Thank you for your coming and participating in this grand occasion and, again, welcome to our celebration of excellence. We hope you do enjoy tonight's program.

Ademola Ejire, *President*
ACAAGS

Dr. A. M. Witherspoon, *Advisor*
ACAAGS

FROM THE PRESIDENT OF SAAC

G

ood Evening and Welcome! Tonight we are here to celebrate a harvest. A harvest of individuals who have put forth time and effort to achieve the goal of academic excellence, each one in his or her own way, but also together as a group.

The Society of Afro-American Culture was originated nearly two decades ago to promote some of these ideals and goals. Tonight we see the fruits of our efforts and work through the years.

It pleases me to be a part of the Society of Afro-American Culture—a group that has helped numerous individuals to attain their goals of excellence by pushing them forward and opening doors of opportunities and awareness.

Join me tonight in recognizing this harvest of young adults that will help make our future a brighter one for everyone. May they plant seeds for future growth and understanding in generations to come.

Steven B. Caldwell, *President*

Lift Ev'ry Voice And Sing

*Lift ev'ry voice and sing,
Till earth and heaven ring,
Ring with the harmonies of Liberty;
Let our rejoicing rise
High as the list'ning skies,
Let it resound loud as the rolling sea.
Sing a song full of the faith that the dark past has taught us;
Sing a song full of the hope that the present has brought us;
Facing the rising sun
Of our new day begun
Let us march on till victory is won.*

SEVENTH ANNUAL
AWARDS BANQUET
MCKIMMON CENTER
APRIL 6, 1989

BRYCE R. YOUNTS

Bryce Younts became Director of Alumni Relations at North Carolina State University on February 1, 1966.

During these 23 years, the number of alumni of the University has grown from less than 24,000 to more than 70,000. The number of contributing alumni has grown from 3,922 to about 16,000. This alumni support now provides an annual budget of over \$2 million compared to \$72,500 in 1966.

These funds are dedicated to support the academic program at NCSU. The 106 John T. Caldwell Alumni Scholars represent the most prestigious activity. Distinguished Teacher Awards, Research and Extension Awards, Graduate Fellowship Supplements, need-based scholarships, library gifts, N.C. Fellows Program support and many other special activities are included in this comprehensive, campus-wide effort. Special programs of service have been initiated, i.e. the Black Alumni Group, which holds social gatherings and has contributed funds to endow special scholarships for black students.

Before joining the Alumni Association staff, Bryce was administrative officer for the N.C. Soil & Water Conservation Committee, for eight years, taught vocational agriculture for eight years and worked with the Winston-Salem Chamber of Commerce two years.

He is an active member of Phi Kappa Phi, Golden Chain, Gamma Sigma Delta and Alpha Zeta. He earned his bachelor of science degree in Agricultural Education at N.C. State in 1948 after serving in the navy in World War II.

A native of Lexington, NC, Bryce and his wife, Hazel, a high-school classmate, have one daughter and one granddaughter. They have lived in Raleigh since January 1, 1958 and are active members of Highland United Methodist Church. They enjoy traveling, golf, bridge, gardening and Wolfpack athletics.

Acknowledgements

The Association for the Concerns of African-American Graduate Students takes this opportunity to thank Chancellor Poulton, Provost Winstead, Mr. Bryce Younts and the Alumni Office, the Deans of the Academic Schools, the Graduate School and the Graduate Dean for their participation in our seventh annual academic awards banquet.

The Society of African-American Culture is very pleased that this effort is now combined featuring outstanding African-American undergraduate students as well as those that are studying at the graduate level. Thus, we offer an expression of thanks to Dr. Lawrence Clark, Associate Provost and Dr. A. M. (Gus) Witherspoon, Associate Graduate Dean for working collectively to make this possible.

To all of the university family: Chancellor, Vice Chancellors, Deans, Associate and Assistant Deans, Department Heads and Graduate Administrators, Professors, Professional Staff and Fellow Students, the African-American Students say THANKS.

Greetings

FROM THE PRESIDENT OF ACAAGS

Welcome from the Association of African-American Graduate Students to our Seventh Annual Awards Banquet. I am very pleased that you are able to share and participate in this grand occasion with us.

Tonight we will honor students, faculty members and staff for their achievements both in the classroom and the community. These achievements serve to highlight the tremendous potential of our African-American brothers and sisters, and to light the way for future generations.

I sincerely hope that each of you takes away from this evening a strong sense of pride and accomplishment. Your presence here tonight symbolizes the positive role that we all must play in today's society.

As you venture forth from North Carolina State University, we encourage you to continue to strive for excellence, and reach for your goals. In this way we can serve to uplift all of the African-American people of the world.

Thank you for participating in this celebration of African-American achievement.

Dean Marsh
President, ACAAGS

Dr. A. M. Witherspoon
Advisor, ACAAGS

FROM THE PRESIDENT OF SAAC

Students, Faculty and Guests, we the Society of African-American Culture, (SAAC) welcome you to the Seventh Annual African-American Awards Banquet. We are here tonight to recognize members of our community for outstanding academic achievement and service to the uplifting of African-American people. As an organization which represents all African-Americans at N.C. State, we encourage you to look within for the cultural strength that uniquely defines us as a people. SAAC encourages you to study the experiences of African and African-American brothers and sisters and apply this knowledge to the uplifting of our people. With love and strength . . .

Dennis Rogers
President, SAAC

AFRICAN-AMERICAN HERITAGE SOCIETY

During the summer of 1988, the Provost's Office in conjunction with the Graduate School began developing a special program—the NCSU African-American Heritage Society. The purpose of the African-American Heritage Society is to develop awareness among African-American students at NCSU of the historical development of African peoples throughout the world's history, and to provide an arena in which African-American students may recognize and utilize the legacy of prior contributions of Africans and African-Americans in their personal and professional development, through research-oriented activities developed from an Afrocentric perspective.

Participation in the African-American Heritage Society involves on-going research, study activity and campus presentations in the areas of science, history, literature, oratory/debate and visual aesthetics.

One of the goals of the African-American Heritage Society is to increase the student's sense of belonging to a specific cultural group, and to develop a deeper understanding and appreciation of African identity. One method for achieving this goal is to experience Africa in concrete terms. Dr. Larry Clark, Associate Provost, along with 50 students, faculty and staff from the University conducted an educational excursion to Togo, Benin and Ghana in Western Africa March 2-14, 1989.

The trip provided an opportunity for African-American students to observe and interact with African people and to learn something of their heritage and culture. Students are writing papers and preparing presentations on their experiences in Africa. The students who participated are:

LIFT EV'RY VOICE AND SING

Lift ev'ry voice and sing,
Till earth and heaven ring,
Ring with the harmonies of Liberty;
Let our rejoicing rise
High as the list'ning skies,
Let is resound loud as the rolling sea.
Sing a song full of the faith that the dark past has taught us;
Sing a song full of hope that the present has brought us;
Facing the rising sun
Of our new day begun
Let us march on till victory is won.

NORTH CAROLINA STATE UNIVERSITY

AFRICAN-AMERICAN HERITAGE SOCIETY HONOREE

PROVOST NASH N. WINSTEAD
1989

RESOLUTION OF COMMENDATION IN RECOGNITION OF LEADERSHIP
AND PROFESSIONAL SERVICE

WHEREAS Dr. Nash N. Winstead has served with excellence as Provost of North Carolina State University since July, 1974; and

WHEREAS In his position as Provost, Dr. Winstead has provided dynamic academic leadership; and

WHEREAS Dr. Winstead has strived diligently throughout his tenure to provide a climate within the University that is conducive to work, study and research among people of multiracial and multicultural backgrounds; and

WHEREAS Dr. Winstead has shown unbounded dedication in his resolve to improve the retention of African-American students at NCSU, and the employment of African-American faculty and staff; and

WHEREAS Dr. Winstead has ably endorsed and provided opportunities for African-American students to establish and maintain connections to their traditional heritage and culture, particularly through his support of the African-American Heritage Society; and

WHEREAS 1990 will be his retirement year; therefore

BE IT RESOLVED

That the students, faculty, and staff who participated in the educational excursion to West Africa as representatives for North Carolina State University in developing study abroad programs in Africa, do hereby commend Provost Nash N. Winstead for his excellence in leadership and for his commitment to service.

Resolved this 6th day of April, 1989

EDUCATIONAL EXCURSION PARTICIPANTS

When the students left for ^{4/7/89} Togo

I gave them all an NCSU wolf
to wear on their lapels.

When they returned they brought
back the gold lapel wolf which
is pictured. The citation and
gold lapel pin were given
as a special award at the
Seventh Annual Awards Banquet
of the A C N A G S on
April 6, 1989.

While the citation comes to me
it really speaks to the entire NCSU
community which has made great
strides in providing opportunity for blacks
as students, faculty, and staff.

Association for the Concerns of African-American Graduate Students

8th Annual Awards Banquet

McKimmon Center

NCSU

April 5, 1990

Greetings

From the President of ACAAGS

On behalf of the Association for the Concerns of African-American Graduate Students, I wish you a warm welcome to our Eighth Annual Awards Banquet. It gives me great pleasure to have you join us for this occasion.

In these unsettling times, it is indeed heartwarming to be able to bask in the glow of the achievements of the scholars, educators, and staff which we will be honoring tonight. It is through the efforts of these leaders, present and future, that the world will become a kinder and gentler place.

Thank you for joining us; and may God speed you safely on your journey through life.

Dean J. Marsh
President, ACAAGS

Acknowledgements

The Association for the Concerns of African-American Graduate Students (ACAAGS) takes this opportunity to thank Chancellor Monteith, Provost Winstead, Mr. Bryce Younts and the Alumni Office, the Deans of the Academic Colleges, Dr. Debra Stewart, Graduate Dean, Ms. Cynthia DeLuca of the Graduate School and Ms. Marcia Williams, Graduate Student, for their participation in and contribution to our eighth annual academic awards banquet.

The ACAAGS is very pleased that this effort is now combined featuring outstanding African-American undergraduate students as well as those that are studying at the graduate level. Thus, we offer an expression of thanks to Dr. Lawrence Clark and Dr. A. M. (Gus) Witherspoon, Associate Provosts and Dr. Thoyd Melton, Associate Graduate Dean for working collectively to make this possible.

To all of the university family: Chancellor, Vice Chancellors, Deans, Associate and Assistant Deans, Department Heads and Graduate Administrators, Professors, Professional Staff and Fellow Students, the African-American Students say THANKS.

Association for the Concerns of African-American Graduate Students

ASA T. SPAULDING, JR. BIOGRAPHICAL INFORMATION

Asa T. Spaulding, Jr. is the Chairman and Chief Executive Officer of THE GALAXY ENTERPRISE GROUP, INC., a business development and management consulting firm that provides services in the areas of organizational development, strategic planning, and public affairs to business, government, industry, and education. He also has interests in travel, entertainment, and communications.

A native of Durham, North Carolina, Mr. Spaulding was educated in the city's public schools, graduating from Hillside High School in 1952. He holds undergraduate and graduate degrees in Business Administration from Morehouse College (1956) and North Carolina Central University (1965), respectively. In addition to advanced study at Atlanta University and New York University, he completed the Executive Program at the University of North Carolina at Chapel Hill in 1973.

Mr. Spaulding's professional experience is diverse. In New York, he held positions with Metropolitan Life Insurance Company, New York Life Insurance Company, RCA, and US Trust Company, where he rose to Assistant Vice President before leaving to form a computer and management services firm in 1968. He also organized and managed the only full-service, minority-owned travel-agency in North Carolina. He sold the company to a larger, regional firm in 1975 and continued working as an independent consultant. In 1977, Mr. Spaulding joined Durham Life Broadcasting, Inc. as Public Affairs Director, rising to Vice-President for Administration before returning to consulting in 1987.

Mr. Spaulding also devotes his time to a wide variety of activities. He is a member and former Secretary of the University of North Carolina Board of Governors; Chairman, National Association for Minority Trusteeship in Higher Education (NAMTHE); President, Foundation for Economic and Educational Development (F-E-E-D), and a member of the boards of the North Carolina Community Colleges Foundation, NC Child Advocacy Institute, NC Advisory Committee to the US Commission on Civil Rights and the NC Citizens for Business and Industry.

He has been a director for a number of organizations, including the NC Railroad Company, Z. Smith Reynolds Foundation State Advisory Panel; Chairman, Board of Visitors at St. Augustine's College; Chairman, City of Durham Planning and Zoning Commission; Raleigh Chamber of Commerce; NC Center for Public Policy Research; Learning Institute of North Carolina; and NC Amateur Sports, sponsors of the 1987 Olympic Festival. He has received a number of awards for outstanding professional and civic achievements and has been listed in *Who's Who in the South and Southwest*.

Politically active, Mr. Spaulding won the Republican nomination for North Carolina Secretary of State in 1976, receiving 63% of the votes cast in the primary and defeating his opponent in 92 of the state's 100 counties. His victory was the first ever by a black.

Greetings

From the President of ACAAGS

Once again it is time for us to gather and recognize our own. The Ninth Annual African-American Awards Banquet allows us the opportunity to highlight some of the best and the brightest students, faculty and staff on the North Carolina State University campus. In addition, the banquet gives us the chance to reaffirm the excellence and achievement symbolic of African-American accomplishments.

We are doubly blessed this year to be graced with the presence of our distinguished guest, Mr. Asa T. Spaulding, Jr. We are honored that he has chosen to participate in this evening's program.

I hope that each one of you leaves the banquet with a sense of pride—for those recognized this evening represent the best of all of us!

Finally, on behalf of the Association for the Concerns of African-American Graduate Students, I would like to bid all of you a warm and heartfelt: WELCOME!

K. Denise Bane

Acknowledgements

The Association for the Concerns of African-American Graduate Students (ACAAGS) takes this opportunity to thank Chancellor Monteith, Provost Hart, Mr. Bryce Younts and the Alumni Office, the Deans of the Academic Colleges, Dr. Debra Stewart, Graduate Dean, for their participation in and contribution to our ninth annual academic awards banquet. Also, Ms. Cynthia DeLuca, Ms. Yvette Modica, Ms. Lisa Smith and Ms. Yolanda Washington for their preparation of this event.

The ACAAGS is very pleased that this effort is now combined featuring outstanding African-American undergraduate students as well as those that are studying at the graduate level. Thus, we offer an expression of thanks to Dr. Lawrence Clark and Dr. A. M. (Gus) Witherspoon, Associate Provosts, Dr. Thoyd Melton, Associate Graduate Dean for working collectively to make this possible.

To all of the university family: Chancellor, Vice Chancellors, Deans, Associate and Assistant Deans, Department Heads and Graduate Administrators, Professors, Professional Staff and Fellow Students, the African-American Students say THANKS.

Lift Ev'ry Voice and Sing	All Assembled

Lift Ev'ry Voice and Sing

Lift ev'ry voice and sing,
Till earth and heaven ring,
Ring with the harmonies of Liberty;
Let our rejoicing rise
High as the list'ning skies,
Let it resound loud as the rolling sea.
Sing a song full of the faith that the dark past has taught us;
Sing a song full of the hope that the present has brought us;
Facing the rising sun
Of our new day begun
Let us march on till victory is won.

A Symposium on African Perspectives

STATE OF THE BLACK MIND PROBLEMS AND PROSPECTS

History of ACAAGS

The Association for the Concerns of African-American Graduate Students is an independent student organization for all students who share concerns for the black graduate student at North Carolina State University. The organization exists to address at an individual, communal and campus-wide level the specific needs and interests of the black graduate school population.

The organization was born in 1968 as a caucus of the sole three black graduate students on campus. The legacy of the organization and its efforts on campus have borne fruit in many ways. For example, one of its founding members later joined State's Ag and Life Sciences Department as the university's first full-time black faculty member. The organization has also been instrumental in maintaining the black graduate presence here at State.

In 1983 we began an annual tradition which compels the University to acknowledge those among us who have demonstrated academic excellence and leadership ability. That event is our annual Awards Banquet. No formal acknowledgement of black graduate student achievement had occurred prior to that time in any form. By 1984, this program was extended to formally include under-graduate students as well.

Throughout the years we have continued to address issues relevant to black graduate students and emerging black professionals by encouraging and participating in voter registration drives, promoting cultural awareness, sponsoring community speakers on a variety of issues, and by providing meaningful leadership to undergraduates as well.

We are proud of our history and our accomplishments at NCSU from 1968 until this time. Our stated purpose is to address the needs and concerns of black graduate students. We see these, primarily, as being academic, financial and spiritual. Yet, we see our purpose as being continual purveyors of our history and culture as an African people. Further, we see our purpose as leaders in today's society. Therefore, we must maintain academic and professional excellence in all aspects, developing ourselves as role models for the generations to come.

PURPOSE

This symposium on African perspectives represents an initial effort on the part of the Association for the Concerns of African-American Graduate Students at North Carolina State University to provide an effective forum for discussion of current problems affecting African-American people. It seeks to acquaint undergraduates, graduates, faculty and the community with current analytical research on issues affecting African-Americans as well as proposed solutions to their problems in an open exchange and critique of information and ideas. We also hope to encourage interdisciplinary interaction at the academic level as a means of attaining workable solutions to problems facing African people worldwide. We welcome your participation, criticism and support.
