## 4-H DEMONSTRATION REGULATIONS\*

1. Age eligibility is established as of January 1, 1979.
2. Any 4-H'er, ages 9-19 years, is eligible to be named a district or state winner if he is eligible to compete under the age eligibility established for the demonstration program. He must have reached the youngest age stated under "Eligibility" by January 1, 1979, and may not have passed the oldest age stated under "Eligibility" by January 1, 1979, except as stated in 4 below.
3. Four-H members are not eligible, however, to participate in a district contest if by the date of the contest they will have completed a year of training beyond the high school level. "Year" is defined as "academic year" which usually is a period of only nine months.
4. Members in Automotive Skill Driving must be at least 16 years of age by the time of the contest and must not have passed their 19th birthday by January 1, 1979.
5. A minimum of 5 minutes is recommended and a maximum of 12 minutes is allowed for demonstrations except Public Speaking (7 minutes), and Poultry Barbecue, Pork Cookery and Beef Char-Grill (2 hours). One point will be deducted from the participant's score for each minute the demonstration is over the time limit.
6. Four-H members can compete for awards in no more than one demonstration program during any one year. Share-the-Fun in 4-H is not considered a demonstration program.
7. It is desirable that participants in Poultry Barbecue, Pork Cookery and Beef Char-Grill not participate in Share-the-Fun in 4-H. However, if they do they should first report to and complete the cooking demonstration before participating in Share-the-Fun. Someone should report early to Share-the-Fun that the 4-H'ers will participate later.
8. Each county is limited to a maximum of 10 minutes in Share-the-Fun in 4-H involving no more than 3 acts.
9. A blue, red or white ribbon is given to every demonstrator except as stated below. The type of ribbon awarded is based upon the quality of the demonstration. Regardless of the type of ribbon awarded, one demonstrator in each demonstration category will be designated as the district winner and will be eligible to compete on the state level. The only exception to this rule is Share-the-Fun in 4-H in which only blue ribbons are awarded and only selected blue ribbon winners are invited to participate in the State 4-H Talent Show.
10. A scholarship to North Carolina 4-H Congress is worth \$35.00 which covers the cost of registration, housing and one banquet meal. Other expenses are the responsibility of the recipient. To receive the scholarship, the 4-H'er must attend the full week of Congress.

4-H Demonstrations Regulations (continued)

11. Cash awards, either in full or in part, will not be given to district winners in lieu of the scholarship to attend North Carolina 4-H Congress.
12. When the winner cannot attend Congress or participate in the state demonstration contest, the award will be given to the alternate.
13. A 4-H'er may, in one calendar year, be awarded only one scholarship to North Carolina 4-H Congress.
14. Alternates who are awarded a trip or a state award to replace the state winner may not compete in the same demonstration program again.
15. Four-H members may continue to compete in a particular demonstration category until declared state winner. They are then no longer eligible to participate in the same program but may participate in others. The same demonstration can be repeated; however, the individual's personal development will be much greater if the demonstration is revised and improved.
16. For the purpose of competition in a demonstration category, a "team" may be composed of no more than two individuals except in Share-the-Fun in 4-H where there is no limit to the number of individuals that may compose a "team," and Dairy Bowl, where a team can be no more than three.
17. As of November 1, 1978, some donors had not renewed their support contracts or a donor had not been secured for 1979; therefore, should a donor not renew or be secured, the district award will be a certificate and the state award, a \$25 Savings Bond for each winner.

\*It is recognized that all programs listed in this section are not pure demonstrations; however, for simplicity of categorizing programs for this handbook, they have been listed here.
