

4-H Guard

Dec. 1953 Special "AWARDS" Edition

In this special edition we honor our State, Regional, and National champion 4-H Club members in North Carolina. As we honor these we at the same time pay tribute to every boy and girl in North Carolina who to the best of his ability has lived up to the 4-H Club motto, "To Make The Best Better."

North Carolina may well be proud of the achievements of her 4-H members in county, state, national, and international affairs; in all of these our members have excelled. Their achievements, however great, are due in a large measure to the untiring efforts and the devoted and consecrated leadership of the Extension workers who have given more than they were expected to give in the way of service and influence in the direction of 4-H activities, bringing to this state the most outstanding program of 4-H Club work it has ever known.

To all of you, 4-H members, Extension workers, parents, sponsors, and local leaders, the members of the 4-H staff express grateful appreciation; and during this holiday season and for all the days to come wish for you happiness complete, prosperity sufficient to provide the necessary comforts of life, and health adequate for the full enjoyment of all the days to come.

--L. R. Harrill

NOTE: This issue of the 4-H Ward is dedicated to the State winners in the various 4-H projects and their activities.
